BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In Re: Petition of GTE Florida Incorporated for approval of resale agreement with Onyx Distributing Company, Inc. d/b/a Florida Comm South, pursuant to the Telecommunications Act of 1996.	DOCKET NO. 970074-TP ORDER NO. PSC-97-0480-FOF-TP ISSUED: April 25, 1997

The following Commissioners participated in the disposition of this matter:

JULIA L. JOHNSON, Chairman
SUSAN F. CLARK
J. TERRY DEASON
JOE GARCIA
DIANE K. KIESLING

ORDER APPROVING RESALE AGREEMENT

BY THE COMMISSION:

On January 14, 1997, Florida Communications South (FCS) and GTE Florida Incorporated (GTEFL) filed a request for approval of a resale agreement. The agreement was executed on January 7, 1997, and the parties seek approval of the agreement under the Telecommunications Act of 1996 (Act). The agreement is appended to this Order as Appendix A.

Both the Act and revised Chapter 364, Florida Statutes, encourage parties to enter into negotiated agreements to bring about local exchange competition as quickly as possible. If the parties reach a negotiated agreement, under 47 U.S.C. § 252(e), the agreement is to be filed with the state commission for approval. 47 U.S.C. § 252(a)(1) requires that "the agreement shall include a detailed schedule of itemized charges for interconnection and each service or network element included in the agreement." Under 47 U.S.C. § 252(e)(4), the state commission must approve or reject the agreement within 90 days after submission, or the agreement shall be deemed approved.

The agreement is for two years. It governs the relationship between the companies regarding resale of various services. The wholesale discounts for the resale rates are not a fixed percentage, but vary by tariff element based on the avoided cost for each element. We find that the FCS and GTEFL proposed agreement is in compliance with the Act. Accordingly, we grant our approval.

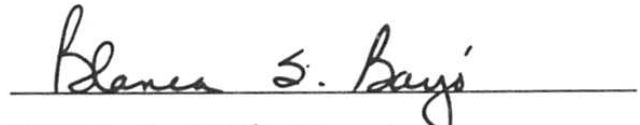
Based on the foregoing, it is, therefore

DOCUMENT NUMBER-DATE
04225 APR 25 97
FPSC-RECORDS/REPORTING

ORDERED by the Florida Public Service Commission that the resale agreement negotiated by Florida Communications South and GTE Florida Incorporated is hereby approved. It is further

ORDERED that this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 25th day of April, 1997.



BLANCA S. BAYÓ, Director
Division of Records and Reporting

(S E A L)

CJP

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Director, Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review in Federal district court pursuant to the Federal Telecommunications Act of 1996, 47 U.S.C. § 252(e)(6).

APPENDIX A

RESALE AGREEMENT

BETWEEN

GTE FLORIDA INCORPORATED

AND

FLORIDA COMMUNICATIONS SOUTH

The terms and conditions set forth in this Agreement are predicated on adoption by the Florida Public Service Commission. To the extent the governmental authorities enter final and effective orders that depart from the principles as contained in this Agreement, the Parties agree to provide such services subject to such governmental directives and requirements upon recovery of the appropriate costs of providing the requested services.

APPENDIX C
DIRECTORIES AGREEMENT C-1

This Resale Agreement is made effective as of January 6, 1997, by and between GTE Florida Incorporated, with its address for purposes of this Agreement at 201 N. Franklin Street, Tampa, Florida 33602 ("GTE"), and Florida Communications South, in its capacity as a certified provider of local dial-tone service ("FSC"), with its address for this Agreement at 101 East Randol Mill, Suite 108, Arlington, Texas 76011 (GTE and FSC being referred to collectively as the "Parties" and individually as a "Party"). This Agreement covers services in the state of Florida.

WHEREAS, Section 251 of the Telecommunications Act of 1996 (the "Act") imposes specific obligations on LECs with respect to the interconnection of their networks, resale of their telecommunications services, access to their poles, ducts, conduits and rights-of-way and, in certain cases, the offering of certain unbundled network elements and physical collocation of equipment in LEC premises;

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, GTE and FSC hereby covenant and agree as follows:

ARTICLE I
SCOPE AND INTENT OF AGREEMENT

This Agreement governs the purchase by FSC of certain telecommunications services provided by GTE in its franchise areas for resale by FSC.

This Agreement will be submitted to the Florida Public Service Commission (the "Commission"), and the Parties will specifically request that the Commission refrain from taking any action to modify, supplement, suspend or otherwise delay implementation of this Agreement.

For the term of this Agreement, the Parties shall not advocate before any legislative, regulatory, judicial or other public forum that any terms of this Agreement between the Parties be modified, supplemented, suspended or eliminated. Notwithstanding this mutual commitment, the Parties agree that their entrance into this Agreement is without prejudice to any positions they may have taken previously, or may take in the future, in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related to the same types of arrangements covered in this Agreement.

ARTICLE II
DEFINITIONS

1. General Definitions.

Except as otherwise specified herein, the following definitions shall apply to all Articles contained in this Agreement. Additional definitions that are specific to the matters covered in a particular Article may appear in that Article.

1.1 "Business Day" shall mean Monday through Friday, except for holidays on which the U S mail is not delivered.

1.2 "CLLI codes" means Common Language Location Indentifier Codes

1.3 "Common Channel Signaling" or "CCS" means a high-speed specialized packet-switched communications network that is separate (out-of-band) from the public packet-switched and message networks. CCS carries addressed signaling messages for individual trunk circuits and/or database-related services between Signaling Points in the CCS network using SS7 signaling protocol.

1.4 "Commission" or "FPSC" is the Florida Public Service Commission.

1.5 "Exchange Message Record" or "EMR" means the standard used for exchange of telecommunications message information among LECs for billable, unbillable, sample, settlement and study data. EMR format is contained in BR-010-200-010 CRIS Exchange Message Record, a Bellcore document that defines industry standards for exchange message records.

1.6 "Exchange Service" refers to all basic access line services, or any other services offered to end users which provide end users with a telephonic connection to, and a unique telephone number address on, the public switched telecommunications network ("PSTN"), and which enable such end users to place or receive calls to all other stations on the PSTN

1.7 "FCC" means the Federal Communications Commission.

1.8 "Guide" means the GTE Customer Guide for CLEC Establishment of Services - Resale and Unbundling, which contains GTE's operating procedures for ordering, provisioning, trouble reporting and repair for resold services and unbundled elements. A copy of the Guide has been provided to FSC.

1.9 "IXC" or "Interexchange Carrier" means a telecommunications service provider authorized by the FCC to provide interstate long distance communications services between LATAs and are authorized by the State to provide long distance communications services.

1.10 "Local Exchange Carrier" or "LEC" means any company certified by the Commission to provide local exchange telecommunications service. This includes the Parties to this Agreement.

1.11 "Local Exchange Routing Guide" or "LERG" means the Bellcore reference customarily used to identify NPA-NXX routing and homing information (as well as network element and equipment designation).

1.12 "Local Traffic" means traffic that is originated by an end user of one Party and terminates to the end user of the other Party within GTE's then current local serving area, including mandatory local calling scope arrangements. A mandatory local calling scope arrangement is an arrangement that requires end users to subscribe to a local calling scope beyond their basic exchange serving area. Local Traffic does not include optional local calling scopes (i.e., optional rate packages that permit the end user to choose a local calling scope beyond their basic exchange serving area for an additional fee), referred to hereafter as "optional EAS."

1.13 "Meet-Point Billing" or "MPB" refers to an arrangement whereby two LECs jointly provide the transport element of a switched access service to one of the LEC's end office switches, with each LEC receiving an appropriate share of the transport element revenues as defined by their effective access tariffs.

1.14 "MECAB" refers to the *Multiple Exchange Carrier Access Billing* ("MECAB") document prepared by the Billing Committee of the Ordering and Billing Forum ("OBF"), which functions under the auspices of the Carrier Liaison Committee ("CLC") of the Alliance for Telecommunications Industry Solutions ("ATIS"). The MECAB document, published by Bellcore as Special Report SR-BDS-000983, contains the recommended guidelines for the billing of an access service provided by two or more LECs, or by one LEC in two or more states within a single LATA.

1.15 "MECOD" refers to the *Multiple Exchange Carriers Ordering and Design ("MECOD") Guidelines for Access Services - Industry Support Interface*, a document developed by the Ordering/Provisioning Committee under the auspices of the Ordering and Billing Forum ("OBF"), which functions under the auspices of the Carrier Liaison Committee ("CLC") of the Alliance for Telecommunications Industry Solutions ("ATIS"). The MECOD document, published by Bellcore as Special Report SR-STS-002643, establish methods for processing orders for access service which is to be provided by two or more LECs.

1.16 "NANP" means the "North American Numbering Plan", the system of telephone numbering employed in the United States, Canada, and the Caribbean countries that employ NPA 809.

1.17 "Numbering Plan Area" or "NPA" is also sometimes referred to as an area code. This is the three digit indicator which is defined by the "A", "B", and "C" digits of each 10-digit telephone number within the NANP. Each NPA contains 800 possible NXX Codes.

There are two general categories of NPA, "Geographic NPAs" and "Non-Geographic NPAs". A Geographic NPA is associated with a defined geographic area, and all telephone numbers bearing such NPA are associated with services provided within that geographic area. A Non-Geographic NPA, also known as a "Service Access Code" or "SAC Code" is typically associated with a specialized telecommunications service which may be provided across multiple geographic NPA areas. 800, 900, 700, and 888 are examples of Non-Geographic NPAs.

1.18 "NXX", "NXX Code", "Central Office Code" or "CO Code" is the three digit switch entity indicator which is defined by the "D", "E", and "F" digits of a 10-digit telephone number within the NANP. Each NXX Code contains 10,000 station numbers. Historically, entire NXX code blocks have been assigned to specific individual local exchange end office switches.

1.19 "Provider" means GTE and "Customer" means FSC with respect to those services for resale.

1.20 "Signaling System 7" or "SS7" means the signaling protocol, Version 7, of the CCS network, based upon American National Standards Institute ("ANSI") standards.

1.21 "Switched Access Service" means the offering of facilities for the purpose of the origination or termination of traffic to or from Exchange Service customers in a given area pursuant to a switched access tariff. Switched Access Services include: Feature Group A, Feature Group B, Feature Group D, 800 access and 900 access services.

1.22 "Vertical Features" (including "CLASS Features") means vertical services and switch functionalities provided by GTE, including: Automatic Call Back; Automatic Recall; Call Forwarding Busy Line/Don't Answer; Call Forwarding Don't Answer; Call Forwarding Variable; Call Forwarding - Busy Line; Call Trace; Call Waiting; Call Number Delivery Blocking Per Call; Calling Number Blocking Per Line; Cancel Call Waiting; Distinctive Ringing/Call Waiting; Incoming Call Line Identification Delivery; Selective Call Forward; Selective Call Rejection; Speed Calling; and Three Way Calling/Call Transfer.

1.23 "Wire Center" means a building or space within a building that serves as an aggregation point on a LEC's network, where transmission facilities and circuits are connected or switched.

ARTICLE III
GENERAL PROVISIONS

1 Scope of General Provisions Except as may otherwise be set forth in a particular Article or Appendix of this Agreement, in which case the provisions of such Article or Appendix shall shall take precedence, these General Provisions apply to all Articles and Appendices of this Agreement.

2 Term and Termination.

2.1 Term Subject to the termination provisions contained in this Agreement, the term of this Agreement shall be two (2) years from the effective date referenced in the first paragraph of this Agreement and shall continue in effect for consecutive one (1) year terms until either Party gives the other Party at least ninety (90) calendar days' written notice of termination, which termination shall be effective at the end of the then-current term.

FSC and GTE agree that during the initial term of this Agreement, that either FSC or GTE, at their option, may replace all of the pricing contained in this Agreement for interconnection, network elements and resold services, when there is a "final generally available rate(s)" in place as a result of the arbitration process in which GTE was the incumbent local exchange carrier that received the request for interconnection, services or network elements pursuant to Section 251 of the Telecommunications Act of 1996 (the Act) and in which the Agreement was solely produced through compulsory arbitration under Section 252 of the Act. In the event either FSC or GTE exercises the foregoing option, there will be no retroactive adjustment for the rates charged from the effective date of this Agreement until the replacement rates are implemented.

For purposes of this provision, "final generally available rate(s)" means all pricing of elements and services contained in a single GTE Interconnection, Resale and Unbundling Agreement produced by the compulsory arbitration process under Sections 251 and 252 of the Act and any associated Arbitrator or Commission Report(s) or Decision(s) relevant to that Agreement that are no longer subject to any commission or judicial review of any kind in any forum.

FSC and GTE further agree that the nonprice terms and conditions of this Agreement were based on the legal status and requirements in effect at the time the Agreement was executed. Any modifications to those requirements as a result of federal court review or other judicial action will supersede any terms and conditions that are no longer required by law.

2.2 Post-Termination Arrangements. Except in the case of termination as a result of either Party's default or a termination upon sale, for service arrangements made available under this Agreement and existing at the time of termination, those arrangements may continue without interruption under (a) a new arrangement voluntarily executed by the Parties; (b) standard terms and conditions approved and made generally effective by the Commission,

if any; or (c) tariff terms and conditions made generally available to all competitive local exchange carriers.

2.3 Termination Upon Default. Either Party may terminate this Agreement in whole or in part in the event of a default by the other Party; *provided however*, that the non-defaulting Party notifies the defaulting party in writing of the alleged default and that the defaulting Party does not cure the alleged default within thirty (30) calendar days of receipt of written notice thereof. Default is defined to include:

(a) A Party's insolvency or the initiation of bankruptcy or receivership proceedings by or against the Party, or

(b) A Party's refusal or failure in any material respect properly to perform its obligations under this Agreement, or the violation any of the material terms or conditions of this Agreement.

2.4 Termination Upon Sale. Notwithstanding anything to the contrary contained herein, a Party may terminate this Agreement as to a specific operating area or portion thereof of such Party if such Party sells or otherwise transfers the area or portion thereof. The Party shall provide the other Party with at least ninety (90) calendar days' prior written notice of such termination, which shall be effective on the date specified in the notice. Notwithstanding termination of this Agreement as to a specific operating area, this Agreement shall remain in full force and effect in the remaining operating areas.

2.5 Liability upon Termination. Termination of this Agreement, or any part hereof, for any cause shall not release either Party from any liability which at the time of termination had already accrued to the other Party or which thereafter accrues in any respect to any act or omission occurring prior to the termination or from an obligation which is expressly stated in this Agreement to survive termination.

3. Amendments. Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party. The term "this Agreement" shall include future amendments, modifications, and supplements.

4. Assignment. Any assignment by either Party of any right, obligation, or duty, in whole or in part, or of any interest, without the written consent of the other Party shall be void, except that either Party may assign all of its rights, and delegate its obligations, liabilities and duties under this Agreement, either in whole or in part, to any entity that is, or that was immediately preceding such assignment, a Subsidiary or Affiliate of that Party without consent, but with written notification. The effectiveness of an assignment shall be conditioned upon the assignee's written assumption of the rights, obligations, and duties of the assigning Party.

5. Authority. Each person whose signature appears on this Agreement represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement.

6. Billing and Payment.

6.1 Dispute. If Customer disputes a billing statement, Customer shall notify Provider in writing regarding the nature and the basis of the dispute within thirty (30) calendar days of the statement date or the dispute shall be waived. Provider and Customer shall diligently work toward resolution of all billing issues.

6.2 Late Payment Charge. If any undisputed amount due on the billing statement is not received by Provider on the payment due date, Provider may charge, and Customer agrees to pay, interest on the past due balance at a rate equal to the lesser of one and one-half percent (1½%) per month or the maximum nonusurious rate of interest under applicable law. Late payment charges shall be included on the next statement.

6.3 Taxes. Provider shall charge and collect from Customer, and Customer agrees to pay to Provider, appropriate federal, state, and local taxes, except to the extent Customer notifies Provider and provides to Provider appropriate documentation that Customer qualifies for a full or partial exemption.

7. Binding Effect. This Agreement shall be binding on and inure to the benefit of the respective successors and permitted assigns of the Parties.

8. Compliance with Laws and Regulations. Each Party shall comply with all federal, state, and local statutes, regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance under this Agreement.

9. Confidential Information.

9.1 Identification. Either Party may disclose to the other proprietary or confidential customer, technical, or business information in written, graphic, oral or other tangible or intangible forms ("Confidential Information"). In order for information to be considered Confidential Information under this Agreement, it must be marked "Confidential" or "Proprietary," or bear a marking of similar import. Orally disclosed information shall be deemed Confidential Information only if contemporaneously identified as such and reduced to writing and delivered to the other Party with a statement or marking of confidentiality within twenty (20) calendar days after oral disclosure.

9.2 Handling. In order to protect such Confidential Information from improper disclosure, each Party agrees:

(a) That all Confidential Information shall be and shall remain the exclusive property of the source;

(b) To limit access to such Confidential Information to authorized employees who have a need to know the Confidential Information for performance of this Agreement;

(c) To keep such Confidential Information confidential and to use the same level of care to prevent disclosure or unauthorized use of the received Confidential Information as it exercises in protecting its own Confidential Information of a similar nature

(d) Not to copy, publish, or disclose such Confidential Information to others or authorize anyone else to copy, publish, or disclose such Confidential Information to others without the prior written approval of the source,

(e) To return promptly any copies of such Confidential Information to the source at its request; and

(f) To use such Confidential Information only for purposes of fulfilling work or services performed hereunder and for other purposes only upon such terms as may be agreed upon between the Parties in writing

9 3 Exceptions These obligations shall not apply to any Confidential Information that was legally in the recipient's possession prior to receipt from the source, was received in good faith from a third party not subject to a confidential obligation to the source, now is or later becomes publicly known through no breach of confidential obligation by the recipient, was developed by the recipient without the developing persons having access to any of the Confidential Information received in confidence from the source, or that is required to be disclosed pursuant to subpoena or other process issued by a court or administrative agency having appropriate jurisdiction, provided, however, that the recipient shall give prior notice to the source and shall reasonably cooperate if the source deems it necessary to seek protective arrangements.

9 4 Survival. The obligation of confidentiality and use with respect to Confidential Information disclosed by one Party to the other shall survive any termination of this Agreement for a period of three (3) years from the date of the initial disclosure of the Confidential Information, provided that the duties with respect to Confidential Information that is software, protocols and interfaces shall not expire and shall continue in perpetuity except as expressly provided otherwise in this Agreement.

10. Consent. Where consent, approval, or mutual agreement is required of a Party, it shall not be unreasonably withheld or delayed.

11. Cooperation on Fraud Minimization. The Parties shall cooperate with one another to investigate, minimize and take corrective action in cases of fraud. The Parties' fraud minimization procedures are to be cost effective and implemented so as not to unreasonably burden or harm one Party as compared to the other. At a minimum, such cooperation shall include, when permitted by law or regulation, providing the other Party, upon reasonable request, information concerning end users who terminate services to that Party without paying all outstanding charges, when that Party is notified that such end user seeks service from the other Party. If required, it shall be the responsibility of the Party seeking the information to secure the end user's permission (in the format required by law) to obtain the information. Although in most circumstances the end

user's current telephone number may be retained by the end user when switching local service providers, if an end user has past due charges associated with the account, for which payment arrangements have not been made with one Party, the end user's previous telephone number will not be made available to the other Party until the end user's outstanding balance has been paid

12. Dispute Resolution.

12.1 Alternative to Litigation. Except as provided under Section 252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following alternative dispute resolution procedure as their sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach

12.2 Negotiations. At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The Parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

12.3 Arbitration. If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A Party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each Party may submit in writing to a Party, and that Party shall so respond to, a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each Party is also entitled to take the oral deposition of one individual of another Party. Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within sixty (60) days of the demand for arbitration. The arbitration shall be held in Tampa, Florida. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The

times specified in this section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

12.4 Costs. Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.

13. Entire Agreement. This Agreement constitutes the entire agreement of the Parties pertaining to the subject matter of this Agreement and supersedes all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied, have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

14. Expenses. Except as specifically set out in this Agreement, each Party shall be solely responsible for its own expenses involved in all activities related to the subject of this Agreement.

15. Force Majeure. In the event performance of this Agreement, or any obligation hereunder, is either directly or indirectly prevented, restricted, or interfered with by reason of fire, flood, earthquake or likes acts of God, wars, revolution, civil commotion, explosion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, unavailability of equipment from vendor, changes requested by Customer, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); *provided however*, that the Party so affected shall use diligent efforts to avoid or remove such causes of nonperformance and both Parties shall proceed whenever such causes are removed or cease.

16. Governing Law. This Agreement shall be governed by and construed in accordance with the domestic laws of the state where the Services are provided or the facilities reside and shall be subject to the exclusive jurisdiction of the courts therein.

17. Headings. The headings in this Agreement are inserted for convenience and identification only and shall not be considered in the interpretation of this Agreement.

18. Independent Contractor Relationship. The persons provided by each Party shall be solely that Party's employees and shall be under the sole and exclusive direction and control of that Party. They shall not be considered employees of the other Party for any purpose. Each Party shall remain an independent contractor with respect to the other and shall be responsible for compliance with all laws, rules and regulations involving, but not limited to, employment of labor,

hours of labor, health and safety, working conditions and payment of wages. Each Party shall also be responsible for payment of taxes, including federal, state and municipal taxes, chargeable or assessed with respect to its employees, such as Social Security, unemployment, workers' compensation, disability insurance, and federal and state withholding. Each Party shall indemnify the other for any loss, damage, liability, claim, demand, or penalty that may be sustained by reason of its failure to comply with this provision.

19. Liability and Indemnity.

19.1 Indemnification. Each Party agrees to release, indemnify, defend, and hold harmless the other Party from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, whether suffered, made, instituted, or asserted by any other party or person, for invasion of privacy, personal injury to or death of any person or persons, or for losses, damages, or destruction of property, whether or not owned by others, proximately caused by the indemnifying Party's negligence or willful misconduct, regardless of form of action.

19.2 End User and Content-Related Claims. Customer agrees to release, indemnify, defend, and hold harmless Provider, its affiliates, and any third-party provider or operator of facilities involved in the provision of Services, unbundled network elements or facilities under this Agreement (collectively, the "Indemnified Parties") from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by Customer's end users against an Indemnified Party arising from Services. Customer further agrees to release, indemnify, defend, and hold harmless the Indemnified Parties from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by any third party against an Indemnified Party arising from or in any way related to actual or alleged defamation, libel, slander, interference with or misappropriation of proprietary or creative right, or any other injury to any person or property arising out of content transmitted by Customer or Customer's end users, or any other act or omission of Customer or Customer's end users.

19.3 DISCLAIMER. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, PROVIDER MAKES NO REPRESENTATIONS OR WARRANTIES TO CUSTOMER CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, UNBUNDLED NETWORK ELEMENTS OR FACILITIES PROVIDED UNDER THIS AGREEMENT. PROVIDER DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

19.4 Limitation of Liability. Provider's liability, whether in contract, tort or otherwise, shall be limited to direct damages. Liability for inoperative services shall not exceed the pro rata portion of the monthly charges for the Services, for the time period during which the

Services, provided pursuant to this Agreement are inoperative, not to exceed in total Provider's monthly charge to Customer. UNDER NO CIRCUMSTANCE SHALL PROVIDER BE RESPONSIBLE OR LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, ECONOMIC LOSS, LOST BUSINESS, REVENUES, SAVINGS OR PROFITS, DAMAGES ARISING FROM THE USE, LOSS OF USE OR PERFORMANCE OF EQUIPMENT OR SOFTWARE OR ACCESSORIES ATTACHED THERETO, DELAY, ERROR, OR LOSS OF DATA, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, WARRANTY, STRICT LIABILITY OR TORT OR NEGLIGENCE OF ANY KIND, WHETHER ACTIVE OR PASSIVE, AND REGARDLESS OF WHETHER THE PROVIDER KNEW OF THE POSSIBILITY THAT SUCH DAMAGES COULD RESULT. THE CUSTOMER HEREBY RELEASES THE PROVIDER (AND THE PROVIDER'S SUBSIDIARIES, AFFILIATES, AND THE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS) FROM ANY SUCH CLAIM. In connection with this limitation of liability, the Parties recognize that Provider may, from time to time, provide advice, make recommendations, or supply other analysis related to the Services described in this Agreement, and, while Provider shall use diligent efforts in this regard, Customer acknowledges and agrees that this limitation of liability shall apply to provision of such advice, recommendations, and analysis.

19.5 Intellectual Property. Neither Party shall have any obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, the other based on or arising from any claim, demand, or proceeding by any third party alleging or asserting that the use of any circuit, apparatus, or system, or the use of any software, or the performance of any service or method, or the provision or use of any facilities by either Party under this Agreement constitutes direct or contributory infringement, or misuse or misappropriation of any patent, copyright, trademark, trade secret, or any other proprietary or intellectual property right of any third party.

20. Multiple Counterparts. This Agreement may be executed multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.

21 Nonexclusive Remedies. Except as otherwise expressly provided in this Agreement, each of the remedies provided under this Agreement is cumulative and is in addition to any remedies that may be available at law or in equity.

22. No Offer. Submission of this Agreement for examination or signature does not constitute an offer by Provider for the provision of the products or services described herein. This Agreement will be effective only upon execution and delivery by both Parties and approval by the Commission in accordance with Section 252 of the Act.

23. Notices. Any notice to a Party required or permitted under this Agreement shall be in writing and shall be deemed to have been received on the date of service if served personally, on

the date receipt is acknowledged in writing by the recipient if delivered by regular U S mail, or on the date stated on the receipt if delivered by certified or registered mail or by a courier service that obtains a written receipt. Notice may also be provided by facsimile, which shall be effective on the next Business Day following the date of transmission. "Business Day" shall mean Monday through Friday, except for holidays on which the U. S. mail is not delivered. Any notice shall be delivered using one of the alternatives mentioned in this section and shall be directed to the applicable address indicated below or such address as the Party to be notified has designated by giving notice:

If to GTE: GTE FLORIDA INCORPORATED

Facsimile number: (817) 277-4608

24 Protection.

24.1 Impairment of Service. The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement shall not interfere with or impair service over any facilities of the other Party, its affiliated companies, or its connecting and concurring carriers involved in its services, cause damage to their plant, violate any applicable law or regulation regarding the invasion of privacy of any communications carried over the Party's facilities or create hazards to the employees of either Party or to the public (each hereinafter referred to as an "Impairment of Service").

24.2 Resolution. If either Party causes an Impairment in Service, the Party whose network or service is being impaired (the "Impaired Party") shall promptly notify the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree

to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of Service, then the Impaired Party may at its option temporarily discontinue the use of the affected circuit, facility or equipment.

25. Publicity. Any news release, public announcement, advertising, or any form of publicity pertaining to this Agreement, provision of services pursuant to it, or association of the Parties with respect to provision of the services described in this Agreement shall be subject to prior written approval of both GTE and FSC. Neither Party shall publish or use any advertising, sales promotions or other publicity materials that use the other Party's logo, trademarks or service marks without the prior written approval of the other Party.

26. Regulatory Agency Control. This Agreement shall at all times be subject to changes, modifications, orders, and rulings by the Federal Communications Commission and/or the applicable state utility regulatory commission to the extent the substance of this Agreement is or becomes subject to the jurisdiction of such agency. Notwithstanding the date set forth in the first paragraph of this Agreement, if this Agreement is subject to advance approval of a regulatory agency, this Agreement shall not become effective until five (5) Business Days after receipt by the Parties of written notice of such approval. Such date (i.e., five Business Days after the Parties receive the written notice of approval) shall become the "effective date" of this Agreement for all purposes.

27. Rule of Construction. No rule of construction requiring interpretation against the drafting party hereof shall apply in the interpretation of this Agreement.

28. Section References. Except as otherwise specified, references within an Article of this Agreement to a Section refer to Sections within that same Article.

29. Severability. If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results, in the opinion of either Party, in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon within a reasonable period, either Party may terminate this Agreement without penalty or liability for such termination upon written notice to the other Party.

30. Subcontractors. Provider may enter into subcontracts with third parties or affiliates for the performance of any of Provider's duties or obligations under this Agreement.

31. Subsequent Law. The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, regulations or guidelines that subsequently may be prescribed by any federal, state or local governmental authority. To the extent required by any such subsequently prescribed law, rule, regulation or guideline, the parties agree to modify, in writing, the affected

term(s) and condition(s) of this Agreement to bring them into compliance with such law, rule regulation or guideline.

32. Trademarks and Trade Names. Except as specifically set out in this Agreement, nothing in this Agreement shall grant, suggest, or imply any authority for one Party to use the name, trademarks, service marks, or trade names of the other for any purpose whatsoever.

33. Waiver. The failure of either Party to insist upon the performance of any provision of this Agreement, or to exercise any right or privilege granted to it under this Agreement, shall not be construed as a waiver of such provision or any provisions of this Agreement, and the same shall continue in full force and effect.

ARTICLE IV
RESALE OF SERVICES

1. General.

The purpose of this Article is to define the Exchange Services and related Vertical Features and other Services (collectively referred to for purposes of this Article IV as the "Services") that may be purchased from GTE and resold by FSC and the terms and conditions applicable to such resold Services. Except as specifically provided otherwise in this Agreement, provisioning of Exchange Services for resale will be governed by the GTE Customer Guide for CLEC Establishment of Services - Resale and Unbundling (the "Guide"), which may be amended from time to time by GTE as needed. GTE shall provide reasonable advance notification to FSC of any changes to the Guide.

2. Terms and Conditions.

2.1 Class of Service. FSC will resell to its end user customers the same class of service as was or would be provided by GTE to that end user customer, in accordance with State requirements. For example, FSC shall not resell GTE residential service to an end user customer for use as a business class of service.

2.2 Resale to Other Carriers. Services available for resale may not be used by FSC to provide access to the local network as an alternative to tariffed switched and special access by other carriers, including, but not limited to, interexchange carriers, wireless carriers, competitive access providers, or other retail telecommunications providers.

3. Ordering and Billing.

3.1 Local Service Request. Orders for resale of Services will be placed utilizing a standard Local Service Request ("LSR") form. A complete and accurate LSR (containing the requisite end user information as described in the Guide) must be provided by FSC before a request can be processed.

3.2 Certificate of Operating Authority. When ordering, FSC must represent and warrant to GTE that it is a certified provider of local dial-tone service. FSC will provide a copy of its Certificate of Operating Authority or other evidence of its status to GTE upon request.

3.3 Letter of Authorization. A Letter of Authorization ("LOA") will be required before resold Services will be provided if the subscriber currently receives Exchange Service from GTE or from a local service provider other than FSC. Such LOA may be a blanket LOA or such other form as agreed upon between GTE and FSC, provided, however, that FSC complies with the requirements for a signed LOA from the end user as specified in Section 3.4 when requesting information from GTE end user customer accounts.

3.4 Services Ordered. FSC shall identify each specific GTE Service ordered for each FSC end user customer; i.e., GTE will not transfer Services "as is."

3.4.1 Customer Service Records. GTE will not release information to FSC on GTE end user customer accounts unless FSC first provides a written Letter of Authorization, signed by the end user customer, authorizing the release of such information to FSC.

3.5 Nonrecurring Charges. FSC shall be responsible for the payment of all nonrecurring charges ("NRCs") applicable to resold Services. Non-recurring charges for FSC which are not included in Appendix A are as follows:

Customer Service Record Research, per request	$5.25
Transfer of Service Charge, per order	16.00
Initial Service Order, per order	41.50
Subsequent Service Order, per order	24.00
Installation, per line	26.25

Outside Facility Connection Charge, per order (This charge will apply when field work is required for establishment of a new resale service. The terms, conditions and rates that apply for this work are described in the Company's retail local service tariffs.)

3.6 Transfers Between FSC and Another Reseller of GTE Services. When FSC has obtained an end user customer from another reseller of GTE services, FSC will inform GTE of the transfer by submitting a standard LSR to GTE. Such LSR must contain the code of the displaced reseller, indicating that FSC has advised the displaced reseller that the end user has chosen FSC as their new local service provider.

3.7 Responsibility for Payment. All charges for Services provided for resale under this agreement will be billed to FSC, including all applicable taxes and surcharges, as well as the End User Common Line ("EUCL") Charge from GTE's Tariff FCC No. 1. FSC is responsible for payment of charges billed, regardless of any billing arrangement or situation between FSC and its end user customer.

3.8 Fraud. FSC assumes responsibility for all fraud associated with its end user customers and accounts. GTE takes no responsibility, will not investigate and will make no adjustments to FSC's account in cases of fraud.

3.9 Local Calling Detail. Except for those Services and in those areas where measured rate local service is available to end users, monthly billing to FSC does not include local calling detail.

3.10 Customer Contact and Referral. The Parties will provide each other with a number for referral of inquiries from customers. GTE will refer to FSC all inquiries or other calls from FSC's end users. FSC will refer all inquiries or other calls from GTE's customers to GTE.

3.11 Procedures. An overview of the procedures for preordering, ordering, provisioning and billing for resold services are outlined in Appendix B, attached hereto and made a part hereof.

4. Maintenance.

4.1 Maintenance, Testing and Repair. GTE will provide repair and maintenance services to FSC and its end user customers for resold Services in accordance with the same standards used for such services provided to GTE end user customers. GTE will not initiate a maintenance call or take action in response to a trouble report until such time as trouble is reported to GTE by FSC. FSC must provide to GTE all end user information necessary for the installation, repair and servicing of any facilities used for resold Services according to the procedures described in the Guide.

4.2 Specifics and Procedures for Maintenance. An overview of the procedures for maintenance of resold services and additional matters agreed to by the Parties concerning maintenance are set forth in Appendix B.

5 Services Available for Resale.

5.1 Description of Local Exchange Services Available for Resale. Resold basic Exchange Service includes, but is not limited to, the following elements;

(a) Voice Grade Local Exchange Access Line - includes a telephone number and dial tone.

(b) Local Calling - at local usage measured rates if applicable to the end user customer.

(c) Access to long distance carriers

(d) Access to GTE Operator Services

(e) Access to GTE Directory Assistance

(f) E-911 Emergency Dialing

(g) Access to Special Access Codes - e.g., 800, 888, 900

(h) Listing of telephone number in appropriate "white pages" directory; and

(i) Copy of "White Pages" and "Yellow Pages" directories for the appropriate GTE service area

5.2 List of Services Available for Resale. The Services available for resale by FSC are indicated on Appendix A attached hereto and made a part of this Agreement. Additional regulations, terms and conditions relating to the Services listed can be found in the appropriate intrastate local, toll and access tariffs.

Terms, conditions and other matters concerning rate applications, technical parameters, provisioning capability, definitions and feature interactions contained in such tariffs are applicable to the Services offered under this Agreement and are incorporated herein by reference. Notwithstanding the foregoing, to the extent that there is a direct conflict between the terms, conditions and other matters in such tariffs and any specific provision of this Agreement, the terms and conditions in this Agreement shall control.

5.3 Rates. The wholesale rate for all Services available for resale is listed in Appendix A.

5.4 Non-Recurring Charges. Charges associated with the installation of new services or features or changes to existing services or features are identified in Appendix A. No discount applies to nonrecurring charges.

5.5 Grandfathered Services. Services identified in GTE Tariffs as grandfathered in any manner are available for resale only to end user customers that already have such grandfathered service. An existing end user customer may not move a grandfathered service to a new service location.

5.6 ICB Services. Services provided by GTE to its end users established as an ICB (Individual Case Basis) service are available for resale. However, no discount applies to ICB Services.

5.7 Access. GTE retains all revenue due from other carriers for access to GTE facilities, including both switched and special access charges.

5.8 Operator Services. Access to GTE Operator Services for local and toll assistance (for example, call completion, busy line verification and emergency interruption) is included as an element of Exchange Services offered for resale. FSC will be billed in accordance with rates included in GTE's Operator Services tariffs. No discount applies to operator services.

5.9 Directory Assistance. Access to GTE Directory Assistance is included as an element of Exchange Services offered for resale. FSC will be billed in accordance with rates included in GTE's Directory Assistance tariffs. No discount applies to directory assistance.

ARTICLE V
ADDITIONAL SERVICES AND COORDINATED SERVICE ARRANGEMENTS

1. Transfer of Service Announcements. When an end user customer transfers service from GTE to FSC, or from FSC to GTE, and does not retain its original telephone number, the Party formerly providing service to the end user will provide, upon request and if such service is provided to its own customers, a referral announcement on the original telephone number. This announcement will provide the new number of the customer.

2. Coordinated Repair Calls. The Parties will employ the following procedures for handling misdirected repair calls:

2.1 The Parties will educate their respective customers as to the correct telephone numbers to call to access their respective repair or customer care centers.

2.2 To the extent that the correct provider of service to the customer is identifiable, the Parties will refer customers that make misdirected repair calls to the other Party to the telephone number provided by the provider of service to that customer. Such referrals will be made in a courteous manner and at no charge to the other Party. Communications with end users of the other Party during such misdirected calls other than referral to the correct number are prohibited.

2.3 The Parties will provide their respective repair/customer care contact numbers to one another on a reciprocal basis.

3. Directory Listings and Directory Distribution. As described in Appendix C, (the "Directories Agreement"), FSC's end users' primary listings shall be included in the appropriate GTE white pages directory, as well as GTE's directory assistance database. FSC's business end users' listings also will be included in all appropriate GTE "yellow pages" or classified directories and directories will be provided to FSC's end users in accordance with the Directories Agreement. GTE will also list in the information pages of the appropriate white pages directories FSC's critical customer contact numbers (e.g. business office, repair service, billing) in accordance with the terms and conditions in the Directories Agreement.

ARTICLE VI
GENERAL RULES GOVERNING RESOLD SERVICES

1. General. General regulations, terms and conditions governing rate applications, technical parameters, service availability, definitions and feature interactions, as described in the appropriate GTE intrastate local, toll and access tariffs apply to retail services made available by GTE to FSC for resale items, when appropriate, unless otherwise specified in this Agreement. As applied to services or network elements offered under this Agreement, the term "Customer" contained in the GTE Retail Tariff shall be deemed to mean "FSC" as defined in this Agreement.

2. Liability of GTE.

2.1 Inapplicability of Tariff Liability. GTE's general liability, as described in the GTE Retail Tariff, does not extend to FSC's customers or any other third party. Liability of GTE to FSC resulting from any and all causes arising out of services or any other items relating to this Agreement shall be governed by the liability provisions contained in this Agreement and no other liability whatsoever shall attach to GTE. GTE shall be liable for the individual services, facilities or elements that it separately provides to FSC and shall not be liable for the integration of components combined by FSC.

2.2 FSC Tariffs or Contracts. FSC shall, in its tariffs or other contracts for services provided to its end users using services obtained from GTE, provide that in no case shall GTE be liable to FSC's end users or any third parties for any indirect, special or consequential damages, including, but not limited to, economic loss or lost business or profits, whether foreseeable or not, and regardless of notification by FSC of the possibility of such damages and FSC shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities based on any reason whatsoever from its customers as provided in this Agreement. Nothing in this Agreement shall be deemed to create a third party beneficiary relationship with FSC's end users.

2.3 No Liability for Errors. GTE is not liable for mistakes that appear in GTE's listings, 911 and other information databases, or for incorrect referrals of end users to FSC for any ongoing FSC service, sales or repair inquiries, and with respect to such mistakes or incorrect referrals, FSC shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities whatsoever, including costs, expenses and reasonable attorney's fees incurred on account thereof, by third parties, including FSC's end users or employees. For purposes of this Section 2.3, mistakes and incorrect referrals shall not include matters arising out of the willful misconduct of GTE or its employees or agents.

3. Unauthorized Changes.

3.1 Procedures. If FSC submits an order for resold services under this Agreement in order to provide service to an end user that at the time the order is submitted is obtaining its local

services from GTE or another LEC using GTE resold services or unbundled elements, and the end user notifies GTE that the end user did not authorize FSC to provide local exchange services to the end user, FSC must provide GTE with written documentation of authorization from that end user within three (3) business days of notification by GTE. If FSC cannot provide written documentation of authorization within such time frame, FSC must within three (3) business days thereafter:

(a) notify GTE to change the end user back to the LEC providing service to the end user before the change to FSC was made, and

(b) provide any end user information and billing records FSC has obtained relating to the end user to the LEC previously serving the end user; and

(c) notify the end user and GTE that the change back to the previous LEC has been made, and

(d) pay GTE fifty dollars ($50.00) per affected line to compensate GTE for switching the end user back to the original LEC.

3.2 Option to Restrict Changes Without Evidence of Authorization. FSC's or GTE's end users may request GTE to permit changes of their provider of local exchange services only upon end user password-based notification to GTE that the end user wishes to change the end user's provider of local exchange services. In such a situation, GTE will not change an end user's provider of local exchange services without such password-based notification.

4. Impact of Payment of Charges on Service. FSC is solely responsible for the payment of all charges for all services furnished under this Agreement, including, but not limited to, calls originated or accepted at its or its end users' service locations. If FSC fails to pay when due any and all charges billed to FSC under this Agreement, including any late payment charges (collectively, "Unpaid Charges"), and any or all such charges remain unpaid more than forty-five (45) days after the due date of such Unpaid Charges, GTE shall notify FSC in writing that it must pay all Unpaid Charges to GTE within seven (7) business days. If FSC disputes the billed charges, it shall, within said seven (7) day period, inform GTE in writing of which portion of the Unpaid Charges it disputes, including the specific details and reasons for the dispute, immediately pay to GTE all undisputed charges, and shall pay disputed charges into an interest bearing escrow account. If FSC and GTE are unable, within thirty (30) days thereafter, to resolve issues related to the disputed charges, then either FSC or GTE may file a complaint with the Commission to resolve those issues. The Commission may direct the release of any or all funds (including any accrued interest) in the escrow account, plus applicable late fees, to be paid to GTE and/or FSC. If FSC fails to pay any undisputed Unpaid Charges, FSC shall, at its sole expense, within five (5) business days notify its end users that their service may be disconnected for FSC's failure to pay Unpaid Charges, and that its end users must select a new provider of local exchange services. If FSC fails to provide such notification or any of FSC's end users fail to select a new provider of services within the applicable time period, GTE will provide local exchange services to FSC's end

users under GTE's applicable end user tariff at the then current charges for the services being provided. In this circumstance, otherwise applicable service establishment charges will not apply to FSC's end user, but will be assessed to FSC. GTE may discontinue service to FSC upon failure to pay undisputed charges as provided in this Section 4, and shall have no liability to FSC or FSC's end users in the event of such disconnection.

5. Unlawful Use of Service. Services provided by GTE pursuant to this Agreement shall not be used by FSC or its end users for any purpose in violation of law. FSC, and not GTE, shall be responsible to ensure that FSC and its end users use of services provided hereunder comply at all times with all applicable laws. GTE may refuse to furnish service to FSC or disconnect particular services provided under this Agreement to FSC or, as appropriate, FSC's end user when (i) an order is issued by a court of competent jurisdiction finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law or (ii) GTE is notified in writing by a law enforcement agency acting within its jurisdiction that any facility furnished by GTE is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of law. Termination of service shall take place after reasonable notice is provided to FSC, or as ordered by the court. If facilities have been physically disconnected by law enforcement officials at the premises where located, and if there is not presented to GTE the written finding of a court, then upon request of FSC and agreement to pay restoral of service charges and other applicable service charges, GTE shall promptly restore such service.

6. Timing of Messages. With respect to measured rate local service or other usage sensitive services provided under this Agreement, chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when the calling station "hangs up", thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the network.

RESALE AGREEMENT

Effective January 7, 1997

IN WITNESS WHEREOF, each Party has executed this Agreement to be effective as of the date first above written.

GTE TELEPHONE OPERATIONS HEADQUARTERS
RESALE PRODUCTS & SERVICES BY STATE

GTE South - Florida

ST	CO	TAR SEC	Rule	Service Description	Billing Type	Resale Position	Discount Position	Retail Rate	Avoided Cost	Resale Rate
				Footnote: (1) The retail rates above do not include the Carrier Access Line Charge (CALC). The ALEC will be responsible for the business charge, $6.00						
				Footnote: (2) Confidential and proprietary. This document is subject to the terms and conditions of the nondisclosure agreement between customer and GTE.						
				Footnote : (3) This matrix is subject to Legal and/or Regulatory contstraints						
				Footnote: (4) The Initial Service Order charge is $41.50, the Subsequent Service Order charge is $24.00 and the Installation per line charge is $26.25. The Outside Facility Connection Charge will apply when field work is required for establishment of a new resale service. The terms, conditions and rates that apply for this work are described in the Company's retail local service tariffs.						
				Footnote: (5) Prices contained in this price list have been calculated according to the formula: (1) retail price, less (2) avoided retail costs. However, for all basic exchange access services, e.g., business line (B1), PBX trunk, CentraNet Line, or ISDN line, a further adjustment to service costs will be required to recognize the foregone contribution associated with complementary intraLATA toll service. Therefore, prices for these services must be recalculated according to the formula: (1) retail price, less (2) avoided retail costs, plus (3) toll opportunity loss (toll contribution), less (4) access opportunity gain from lost toll (access contribution).						

APPENDIX B
OPERATIONS SUPPORT SYSTEM FUNCTIONS

1. Service Ordering, Service Provisioning, and Billing Systems Generally. The following describes the operations support systems that GTE will use and the related functions that are available in the short term to FSC for ordering, provisioning and billing for resold services.

1.1 Operations Support Systems for Resold Services.

1.1.1 FSC will also be able to order services for resale directly from GTE through an electronic interface. To initiate an order for these services, FSC will submit a Local Service Request ("LSR") from its data center to GTE's Data Center using the same electronic NDM interface used for trunk-side interconnection. If FSC chooses not to use the electronic NDM, GTE will accommodate submission of LSR orders by facsimile, E-mail, internet or a dial NDM arrangement. An LSR is very similar to an ASR, except that it will be used exclusively for line-side interconnection requests. GTE will transfer LSRs to GTE's NOMC centralized service order processing center electronically. If FSC decides not to use an electronic interface to reach GTE's data center, or does not have data centers similar to FSC's, GTE will accept requests for service through other forms or media directly to the NOMC.

1.1.2 Most LSRs will be used either to transfer an existing GTE customer to FSC or to request service for a new customer who is not an existing GTE customer. Depending on the situation, different information will be required on the LSR. LSRs for a conversion of a GTE local customer to FSC must include information relating to all existing, new and disconnected services for that customer, including the customer's name, type of service desired, location of service and features or options the customer desires. For service to a new customer who is not an existing GTE customer, the LSR must contain the customer's name, service address, service type, services, options, features and ALEC data. If known, the LSR should include the telephone number and due date/desired due date.

1.1.3 While FSC would have its own customer information and the SAG/GTE products on tape from GTE, FSC would not have the due date or new telephone number for new customers since that information is contained in GTE's systems. Therefore, a process is required to provide this information to FSC. GTE itself does not have uniform access to this information electronically. Until there is agreement on electronic interfaces, FSC has agreed that an 800 number is the method that will be used. The 800 telephone number will connect FSC directly to GTE's NOMC service representatives. When FSC receives a request for service from a new local service customer, FSC will call GTE's NOMC through the 800 number, and, while the new customer is on hold, GTE will provide the due date for service and the new telephone number for that customer. At the same time, FSC will give GTE

the new customer's name, service address and type of requested service (e.g., R1, B1, etc.). GTE will enter that information into its SORCES or SOLAR service ordering systems to be held in suspense until FSC sends the confirming LSR. FSC will then return to its customer holding on the line and provide the due date and new telephone number.

1.1.4 After concluding the telephone call with the new customer, FSC will complete a confirming LSR for the new service and send it electronically to GTE's data center for processing. Upon receipt, GTE will match the LSR with the service order suspended in GTE's system, and if there is a match, GTE will process the LSR. After the LSR is processed, GTE will transmit confirmation electronically to FSC through the NDM that the LSR has been processed, providing a record of the telephone number and due date. Of course, GTE cannot hold the LSR in suspension forever. Thus, FSC will be required to submit the confirming LSR by 12:00 p.m. each day local time, as defined by the location of the service address. If FSC fails to submit the LSR in a timely manner, the suspended LSR will be considered in jeopardy, at which time GTE will assign a new due date upon receipt of the delayed LSR for such customer requests and notify FSC of the change.

1.1.5 Number assignments and due date schedules for services other than single line service will be assigned using the standard Firm Order Confirmation ("FOC") report sent electronically to FSC over the NDM, thereby providing a record of the newly established due date. An exception would be a multi-line hunt group, for which the pilot number will be provided by the 800 number. The other numbers then will be provided through the normal electronic confirmation process.

1.1.6 The processing of specifically requested telephone numbers (called "vanity numbers") is as follows. GTE will work with FSC on a real time interface to process vanity numbers while FSC's customer is still on the line. If a number solution can be established expeditiously, it will be done while the customer is still on the line. If extensive time will be required to find a solution, GTE service representatives will work with FSC representatives off line as GTE would for its own customers. For all of this, the basic tariff guidelines for providing telephone numbers will be followed.

1.1.7 Once the order for line-side interconnection service is established, it is moved for provisioning to the next system level. Here, GTE will validate and process the LSR to establish an account for FSC and, if GTE continues to provide some residual services to the customer, GTE will maintain a GTE account. In GTE's system, GTE's account is called the Residual Account and FSC's account is referred to as the ALEC Account. If any engineering for the service is necessary, the account would be distributed to the SSCC. Otherwise, it will be distributed for facility assignment.

1.1.8 With the account established and any engineering and facility assignment complete, GTE then will transmit electronically a record to GTE's CZT field personnel if

physical interconnection or similar activity is required. The CZTs will provision the service and then electronically confirm such provision in the SOLAR/SORCES system when completed. The accounts then will be transmitted to GTE's Customer Billing Services System ("CBSS"). Call records for actual service provided to FSC's customers on GTE facilities will be transmitted from GTE's switches through some usage rating systems (BIP, UMS), screened and eventually delivered to CBSS for the generation of bills.

1.1.9 CBSS is a different system than CABS, and it is the one that GTE will utilize to produce the required bills for resold services. CBSS will create a bill to FSC for resold services along with a summary bill master. Daily unrated records on FSC's accounts also will be generated and transmitted electronically to FSC. CBSS is the same system that generates GTE's own end user bill for GTE local and residual services.

1.1.10 In addition to the LSR delivery process, FSC will distribute directory assistance and directory listing information (together sometimes referred to hereafter as "DA/DL information") to GTE's Data Center over the NDM. GTE will sort the data containing this information and process it to GTE's directory publication company and its directory assistance bureaus.

2. Maintenance Systems

2.1 General Overview.

2.1.1 The maintenance operations support systems which GTE will use for FSC are essentially the same as those GTE uses to provide its own local repair service. If FSC requires maintenance for its local service customers, FSC will initiate a request for repair (sometimes referred to as a "trouble report") by calling GTE's Customer Care Repair Center. During this call, GTE service representatives will verify that the end-user is an FSC customer and will then obtain the necessary information from FSC to process the trouble report. While the FSC representatives are still on the line, GTE personnel will perform an initial analysis of the problem and remote line testing for resale services. If engineered services are involved, the call will be made to the GTE SSCC for handling. If no engineering is required and the line testing reveals that the trouble can be repaired remotely, GTE personnel will correct the problem and close the trouble report while FSC representatives are still on the line. If on-line resolution is not possible, GTE personnel will provide FSC representatives a commitment time for repair and a trouble ticket number, and the GTE personnel then will enter the trouble ticket into the GTE service dispatch queue. FSC's repair service commitment times will be within the same intervals as GTE provides to its own end users.

2.1.2 Repair calls to the SSCC for engineered services will be processed in essentially the same manner as those by the GTE Customer Care Center. GTE personnel will

analyze the problem, provide the FSC representative with a commitment time while they are still on the line, and then place the trouble ticket in the dispatch queue.

2.1.3 GTE then will process all FSC trouble reports in the dispatch queue along with GTE trouble reports in the order they were filed (first in, first out), with priority given to out-of-service conditions. If, at any time, GTE would determine that a commitment time given to FSC becomes in jeopardy, GTE service representatives will contact FSC by telephone to advise of the jeopardy condition and provide a new commitment time.

2.1.4 Trouble reports in the dispatch queue will be transmitted electronically to GTE CZT service technicians who will repair the service problems and clear the trouble reports. For cleared FSC trouble reports, GTE service technicians will make a telephone call to FSC directly to clear the trouble ticket. GTE service technicians will make the confirmation call to the telephone number provided by FSC If FSC is unable to process the call or places the GTE technician on hold, the call will be terminated. To avoid disconnect, FSC may develop an answering system, such as voice mail, to handle the confirmation calls expeditiously.

2.1.5 GTE will not provide "on-line" access to GTE's maintenance support systems to "status" trouble tickets and close them except by special request on a per event basis.

2.1.6 GTE will resolve repair requests by or for FSC local service customers using GTE's existing repair system in parity with repair requests by GTE end users. GTE will respond to service requests for FSC using the same time parameters and procedures that GTE uses. FSC then would call GTE's Customer Care Center or SSCC while the customers were on hold.

APPENDIX C
DIRECTORIES AGREEMENT

This Telephone Directories Agreement (the "Agreement") is made effective as of January 7, 1997, by and between GTE Florida Incorporated ("GTE"), with its address for purposes of this Agreement at 201 N. Franklin Street, Tampa, Florida 33602, and Florida Communications South, a certified provider of local dialtone service ("Provider"), with its address for this Agreement at 101 East Randol Mill, Suite 108, Arlington, Texas 76011 (GTE and Provider being referred to collectively as the "Parties" and individually as a "Party").

ARTICLE 1
SCOPE

1.0 This Agreement applies to GTE-published white and Yellow Page directories associated with GTE exchanges in Florida.

ARTICLE 2
LISTINGS

2.01 Provider agrees to supply GTE, on a regularly scheduled basis, all listing information for Provider's subscribers who wish to be listed in the white pages of the GTE published directory for that subscriber area. Listing information will consist of names, addresses (including city and ZIP code) and telephone numbers. Attachment 1 provides details concerning the required format, schedule and method of supplying the listing information to GTE.

2.02 GTE shall employ Provider's listing information for the production of GTE-published white and yellow page directories and for other reasonable purposes.

2.03 Listing inclusion in a given directory will be in accordance with directory configuration, scope, and schedules and such determinations will be made at the sole discretion of GTE.

2.04 Provider's business subscribers will receive a single standard listing in the corresponding Yellow Pages under the classified heading that most accurately reflects the primary nature of their respective businesses, and GTE will supply Provider with a list of authorized classified headings. Provider agrees to supply GTE with a classified heading assignment in accordance with Attachment 1 for every subscriber who wishes to receive said listing.

ARTICLE 3
INFORMATION PAGES

3.01 GTE will list in the Information Pages the Provider's critical customer contact numbers (e.g. business office, repair service, and billing). Provider will supply this information to

GTE in a timely manner. The manner of presentation and scope of such information will be determined at the sole discretion of GTE.

3.02 GTE will list in the Information Pages Provider's subscribers who provide services of an emergency nature in an official capacity (e.g. police and fire). Provider will supply this information to GTE in a timely manner. The manner of presentation and scope of such information will be determined at the sole discretion of GTE.

ARTICLE 4
DISTRIBUTION

4.01 Upon directory publication GTE will arrange for the distribution of the directory to Provider's service subscribers in the directory coverage area at no charge.

4.02 After directory publication and over the life of the directory GTE will arrange for the distribution of the directory to all Provider's new subscribers who previously did not have dialtone and those existing subscribers of Provider needing replacement or additional directories. Provider will pay GTE the fees stated in Attachment 1 for all distributions made under this Section 4.02.

4.03 Provider will supply GTE in a timely manner with all required subscriber mailing information including non-listed and non-published subscriber mailing information, to enable GTE to perform its distribution responsibilities.

ARTICLE 5
TERM

5.01 Term. Subject to the termination provisions contained in this Agreement, the term of this Agreement shall be one (1) year from the effective date referenced above. Thereafter, this Agreement shall remain in effect until either Party gives the other Party at least thirty (30) days' prior written notice of termination, which termination shall be effective on the date specified in the notice, subject to the survival provisions set forth in Section 5.04.

5.02 Termination upon Sale. Notwithstanding anything to the contrary contained herein, GTE may terminate this Agreement as to a specific GTE exchange in the event that GTE sells or otherwise transfers the exchange. GTE shall provide Provider with at least ninety (90) days' prior written notice of such termination, which shall be effective on the date specified in the notice. Notwithstanding termination of this Agreement as to a specific exchange, this Agreement shall remain in full force and effect in the remaining exchanges.

5.03 Survival. Notwithstanding the termination of this Agreement in an exchange, the Parties' obligations with respect to any directories whose annual publication cycle has begun prior to the effective date of termination shall survive such termination. For example, if a Party terminates this Agreement in exchange A effective as of June 30, 1997, the Parties' survival obligations shall apply as follows:

Exchange	Beginning of Publication Cycle*	Expiration of Obligations
1	January 1, 1997	December 31, 1997
2	June 1, 1997	May 31, 1998
3	August 1, 1997	June 30, 1997

* A publication cycle begins the day following the listing activity close date for the current year's publication.

ARTICLE 6
CONFIDENTIAL INFORMATION

6.01 Identification. Either Party may disclose to the other proprietary or confidential customer, technical, or business information in written, graphic, oral or other tangible or intangible forms ("Confidential Information"). In order for information to be considered Confidential Information under this Agreement, it must be marked "Confidential" or "Proprietary," or bear a marking of similar import. Orally disclosed information shall be deemed Confidential Information only if contemporaneously identified as such and reduced to writing and delivered to the other Party with a statement or marking of confidentiality within twenty (20) calendar days after oral disclosure.

6.02 Handling. In order to protect such Confidential Information from improper disclosure, each Party agrees:

(a) That all Confidential Information shall be and shall remain the exclusive property of the source.

(b) To limit access to such Confidential Information to authorized employees who have a need to know the Confidential Information for performance of this Agreement.

© To keep such Confidential Information confidential and to use the same level of care to prevent disclosure or unauthorized use of the received Confidential Information as it exercises in protecting its own Confidential Information of a similar nature.

(d) Not to copy, publish, or disclose such Confidential Information to others or authorize anyone else to copy, publish, or disclose such Confidential Information to others without the prior written approval of the source.

(e) To return promptly any copies of such Confidential Information to the source at its request.

(f) To use such Confidential Information only for purposes of fulfilling work or services performed hereunder and for other purposes only upon such terms as may be agreed upon between the Parties in writing.

6.03 Exceptions. These obligations shall not apply to any Confidential Information that was legally in the recipient's possession prior to receipt from the source, was received in good faith from a third party not subject to a confidential obligation to the source, now is or later becomes publicly known through no breach of confidential obligation by the recipient, was developed by the recipient without the developing persons having access to any of the Confidential Information received in confidence from the source, or that is required to be disclosed pursuant to subpoena or other process issued by a court or administrative agency having appropriate jurisdiction, provided, however, that the recipient shall give prior notice to the source and shall reasonably cooperate if the source deems it necessary to seek protective arrangements.

6.04 Survival. The obligation of confidentiality and use with respect to Confidential Information disclosed by one Party to the other shall survive any termination of this Agreement for a period of three years from the date of the initial disclosure of the Confidential Information.

ARTICLE 7
INDEMNIFICATION

7.01 Indemnification. Each Party agrees to release, indemnify, defend, and hold harmless the other Party from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, whether suffered, made, instituted, or asserted by any other party or person, for invasion of privacy, personal injury to or death of any person or persons, or for losses, damages, or destruction of property, whether or not owned by others, proximately caused by the indemnifying Party's negligence or willful misconduct, regardless of form of action.

7.02 DISCLAIMER. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, GTE MAKES NO REPRESENTATIONS OR WARRANTIES TO PROVIDER CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES PROVIDED UNDER THIS AGREEMENT. GTE DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

7.03 LIMITATION OF LIABILITY. GTE'S LIABILITY, WHETHER IN CONTRACT, TORT OR OTHERWISE, SHALL BE LIMITED TO DIRECT DAMAGES. NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS AGREEMENT, UNDER NO CIRCUMSTANCE SHALL GTE BE RESPONSIBLE OR LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES.

ARTICLE 8
DISPUTE RESOLUTION

8.01 Alternative to Litigation. The Parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following alternative dispute resolution procedure as their sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

8.02 Negotiations. At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The Parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

8.03 Arbitration. If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A Party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each Party may submit in writing to a Party, and that Party shall so respond to, a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each Party is also entitled to take the oral deposition of one individual of another Party. Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within sixty (60) days of the demand for arbitration. The arbitration shall be held in the city where this Agreement was executed by GTE. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction

8.04 Costs. Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.

ARTICLE 9
MISCELLANEOUS

9.01 Amendments. Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party. The term "this Agreement" shall include future amendments, modifications, and supplements.

9.02 Assignment. Any assignment by either Party of any right, obligation, or duty, in whole or in part, or of any interest, without the written consent of the other Party shall be void, except that either Party may assign all of its rights, obligations, and duties to any legal entity that is a subsidiary or affiliate of that Party without consent, but with written notification. The effectiveness of an assignment shall be conditioned upon the assignee's assumption of the rights, obligations, and duties of the assigning Party.

9.03 Authority. Each person whose signature appears below represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement.

9.04 Binding Effect. This Agreement shall be binding on and inure to the benefit of the respective successors and permitted assigns of the Parties.

9.05 Compliance with Law. Each Party shall comply with all federal, state, and local statutes, regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance as described in this Agreement.

9.06 Consent. Where consent, approval, or mutual agreement is required of a Party, it shall not be unreasonably withheld or delayed.

9.07 Default. If either Party refuses or fails in any material respect properly to perform its obligations under this Agreement, or violates any of the material terms or conditions of this Agreement, such refusal, failure, or violation shall constitute a default. In such event, the non-defaulting Party may so notify the other Party in writing of the default and allow that Party a period of thirty (30) calendar days to cure such default. If the defaulting Party does not cure such default within said thirty (30) calendar days, the non-defaulting Party shall have the right to terminate this Agreement upon written notice to the other Party.

9.08 Entire Agreement. This Agreement constitutes the entire agreement of the Parties pertaining to the subject matter of this Agreement and supersedes all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations

concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied, have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

9.09 Expenses. Except as specifically set out in this Agreement, each Party shall be solely responsible for its own expenses involved in all activities related to the subject of this Agreement.

9.10 Force Majeure. In the event performance of this Agreement, or any obligation hereunder, is prevented, restricted, or interfered with by reason of acts of God, wars, revolution, civil commotion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, unavailability of equipment from vendor, changes requested by Provider, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); provided, however, that the Party so affected shall use diligent efforts to avoid or remove such causes of nonperformance and both Parties shall proceed whenever such causes are removed or cease.

9.11 Governing Law. This Agreement shall be governed by and construed in accordance with the domestic laws of the state of Texas and shall be subject to the exclusive jurisdiction of the courts therein.

9.12 Headings. The headings in this Agreement are inserted for convenience and identification only and shall not be considered in the interpretation of this Agreement.

9.13 Independent Contractor Relationship. The persons provided by each Party shall be solely that Party's employees and shall be under the sole and exclusive direction and control of that Party. They shall not be considered employees of the other Party for any purpose. Each Party shall remain an independent contractor with respect to the other and shall be responsible for compliance with all laws, rules and regulations involving, but not limited to, employment of labor, hours of labor, health and safety, working conditions and payment of wages. Each Party shall also be responsible for payment of taxes, including federal, state and municipal taxes, chargeable or assessed with respect to its employees, such as Social Security, unemployment, workers' compensation, disability insurance, and federal and state withholding. Each Party shall indemnify the other for any loss, damage, liability, claim, demand, or penalty that may be sustained by reason of its failure to comply with this provision.

9.14 Multiple Counterparts. This Agreement may be executed multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.

9.15 No Offer. Submission of this Agreement for examination or signature does not constitute an offer by GTE for the provision of the products or services described herein. This Agreement will be effective only upon execution and delivery by both GTE and Provider.

9.16 Notices. Any notice to a Party required or permitted under this Agreement shall be in writing and shall be deemed to have been received on the date of service if served personally on the date receipt is acknowledged in writing by the recipient if delivered by regular mail, or on the date stated on the receipt if delivered by certified or registered mail or by a courier service that obtains a written receipt. Notice may also be provided by facsimile, which shall be effective on the next Business Day following the date of transmission. "Business Day" shall mean Monday through Friday, GTE/Provider holidays excepted. Any notice shall be delivered using one of the alternatives mentioned in this section and shall be directed to the applicable address indicated below or such address as the Party to be notified has designated by giving notice in compliance with this section.

If to GTE: GTE Telephone Operations
Attention: Allan M. Peters
600 Hidden Ridge, HQE02B62
Irving, Texas 75038
Facsimile number: (214) 718-7899

If to Provider: Florida Communications South
c/o: Mr. Toby Wilson
101 East Randol Mill, Suite 108
Arlington, Texas 76011
Facsimile number: (817) 277-4608

9.17 Publicity. Any news release, public announcement, advertising, or any form of publicity pertaining to this Agreement, provision of services pursuant to it, or association of the Parties with respect to provision of the services described in this Agreement shall be subject to prior written approval of both GTE and Provider.

9.18 Regulatory Agency Control. This Agreement shall at all times be subject to changes, modifications, orders, and rulings by the Federal Communications Commission and/or the applicable state utility regulatory commission to the extent the substance of this Agreement is or becomes subject to the jurisdiction of such agency. If this Agreement is subject to advance approval of a regulatory agency, this Agreement shall not become effective until fifteen (15) Business Days after receipt by the Parties of written notice of such approval. "Business Day" shall mean Monday through Friday, GTE/Provider holidays excepted. If the regulatory agency accepts this Agreement in part and rejects it in part, or makes a material modification to the Agreement as a condition of its approval, either Party may cancel this Agreement without penalty or liability upon written notice to the other Party.

9.19 Severability. If any provision, of this Agreement is held by a court or regulatory body of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results in a material change to this Agreement. In such a case, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon, either Party may terminate this Agreement.

9.20 Subcontractors. GTE may enter into subcontracts with third parties or GTE affiliates for the performance of any of GTE's duties or obligations under this Agreement.

9.21 Tariffs. To the extent this Agreement is inconsistent with the terms of any applicable GTE tariff, the terms and conditions of any such tariff shall supersede the terms of this Agreement and shall apply to the provision of the service by GTE to Provider. Each Party agrees to cooperate with each other and with any regulatory agency to obtain regulatory approval. During the term of this Agreement, each Party agrees to continue to cooperate with each other and with any regulatory agency so that the benefits of this Agreement may be achieved.

9.22 Trademarks and Trade Names. Except as specifically set out in this Agreement, nothing in this Agreement shall grant, suggest, or imply any authority for one Party to use the name, trademarks, service marks, or trade names of the other for any purpose whatsoever. Provider does not acquire any right to use, and shall not use, the name "GTE," the GTE logo, or any other GTE trademark or service mark.

9.23 Waiver. The failure of either Party to insist upon the performance of any provision of this Agreement, or to exercise any right or privilege granted to it under this Agreement, shall not be construed as a waiver of such provision or any provisions of this Agreement, and the same shall continue in full force and effect.

IN WITNESS WHEREOF, each Party has executed this Agreement to be effective as of the date first above written.

TELEPHONE DIRECTORIES AGREEMENT

Attachment 1

1. WHITE PAGES

LMS SERVICE ORDER FILE

Record Types

The file will consist of three record types:

1. Header - contains file owner, sequence information, and date and time of file creation
2. Transaction - service order transactions
3. Trailer - number of transactions transmitted

File Sort Sequence

The file will be in the following sequence:

1. Transaction date
2. Transaction time
3. Service Order Type
4. Service Order Number
5. Category Identifier
6. Listing Line Sequence Number
7. Listing Line Transaction Code

Record and Field Definitions

Note: Required fields are marked with an asterisk (*). Fields required for particular types of service order activity state the conditions requiring the data. All Header and Trailer fields are required.

Header Record - will be used to track the input files for proper sequence.

* 1. Operating group code - Code which defines the owning telephone company. 2 position alphanumeric. Value assigned by GTE Directories Corporation. Value is unique per service order file received.

* 2. File sequence number - Sequential number used to track daily transmission file for proper sequence. 9 position numeric. Number must be assigned by system generating the service order file, and should begin with number 1.

* 3. Transmission date - Date the transmission file was created. Should equal date the service orders were issued. This date is used to mark the Effective Date of the order in LMS. 6 position numeric (MMDDYY).

* 4. Transmission time - Time the transmission file was created. 6 position numeric (HHMMSS).

Transaction Record - service order transactions. These records consist of a fixed portion and a variable portion.

Fixed portion:

* 1. Transaction date - Date the order was issued. 6 position numeric (MMDDYY) Transaction Date and Time are used to process multi activity against the same customer/listing, in the proper sequence.

* 2. Transaction time - Time the order was issued. 6 position numeric (HHMMSS)

* 3. Telephone company code. 3 position numeric. Defines telephone company providing the service. Value assigned by GTE/DC.

* 4. Directory number - 6 digit Universal Directory Number. There are 5 occurrences of this field. 30 position alphanumeric. This number is unique per directory title. It is assigned by YPPA.

* 5. Main telephone number - 7 digits. Contains the customer's Main Billing Telephone Number (for Telco billing).

* 6. Location code - 4 digit Central Office code where the customers service originates. This field, in conjunction with the NPA, is used to determine the customer's Local directory (to appear in).

7. Caption control number - 7 digit number assigned to each caption structure. This field is required for caption listings only. This number is assigned by system (or procedurally), and is used to group listings into a caption structure. All lines of a caption must have the same control number. Default is zeroes for Straight Line listings.

Note: A caption must have a minimum of two listings.

* 8. Service order listing type - 2 characters. Values are:

CP - caption listing - caption structures are used when a customer has more than one telephone number, and they are to print together in the directory.
e.g. Doe John MD
Ofc 1234 N Main 555-1234
Res 5678 S 1st St 555-5678

CR - business cross reference listing - a listing that references another listing.
e.g. IBM See International Business Machines

SL - straight (single) line listing - appears as a single listing in the directory.
e.g. Doe John 5678 S 1st St 555-5678

9. Service order request - 1 character. Values are:
Blank - normal order (default)
A - advanced order - an order is Advanced to directory company when telephone service is not active until after Final Service Order date, and the customer wishes to appear in the upcoming directory.

* 10. Service order type - 1 character. Values are:
C - indicates physical changes in service or equipment (i.e. Telephone number change)
F - 'from' portion of an address change; used in conjunction with a 'to' order
I - new install
O - disconnect/out of business order
R - used for record changes other than service or equipment
i.e. add ALST's, JU's, change SRL, change of address if physical location is not affected, add multi-listings, and to change caption set-ups.
T - 'to' portion of an address change; used in conjunction with a 'from' order

NOTE: 'F' and 'T' orders can also change the telephone number, along with the address, but should not be used for a telephone number only change. A 'C' order is used for a telephone number change.

* 11. Service order number - 6 to 8 digit number assigned to each service order. 8 position alphanumeric. Numbers with less than 8 digits should be left-justified and padded with spaces. This number is assigned by the service order system. It is unique per service order issued.

* 12. NPA - 3 digit Number Planning Area (Area Code). This is the NPA associated with the Location Code.

* 13. Category identifier - 1 character. Values are:
B - Basic category. Contains Service Name and Address, and Related Service Order information.

L - Listing category. Contains listing text for directory appearance.
R - Remarks category. Contains directory related remarks about the order.
G - Billing category. Contains billing address info. Used by GTE Directories Distribution Company (GTE/DDC) for distribution of directories. When Billing category is not provided, Service Address (from Basic category) is used for distribution.

Note: Every service order will consist of a minimum of 1 Basic and 1 Listing category record.

* 14. Listing line sequence number - 5 digits. Sequence number keyed on each listing. Used primarily for sequencing listings in a Caption structure. This number must be assigned by the service order system (or procedurally), and is required for captions. It is a sequential number, normally assigned starting with 00100 (on the caption header line), and incrementing by 100. This method provides a range of unused numbers to be used when inserting a new listing between existing listings.
i.e. To insert a listing between lines 00100 and 00200, assign number 00150 to the new listing.

* 15. Listing line transaction code - 1 character. Values are:
B - no change on line. Only applies to captions. Indicates this listing, in the caption, has no activity against it. Note: When a caption listing is added, changed, and/or deleted, GTE/DC requires the entire caption structure to be passed to LMS.
D - delete line/listing
I - insert line/listing

Variable portion. All fields in the variable part of the record are identified with a mnemonic followed by an equal sign and the field value or text as applicable. The field mnemonic is indicated in parentheses. Maximum length of the variable portion is 256. Any number of fields may appear in an order, as long as the field lengths (mnemonics and text for all fields combined) do not exceed the 256 character limit. All fields must be followed by a semi-colon.

<u>Basic Category fields</u> - used for distribution of directories and to build a valid customer mailing address.

* 1. Service name (SN=). The name of the subscribing customer. Required for directory distribution only.

* 2. Service address. Designates the specific location of terminating telephone equipment. Consists of the following fields:
a. Service address (SA=) - house number, directional, and street name
b. Sub-location (SLOC=) - suite number, apartment number, etc.
c. Community (COM=) - community name
d. State (ST=) - state code
e. Zip code (ZIP=) - 5 digit zip code

* 3. Reference service order number (RO=) - Is used only to relate an 'F' (from) order to its associated 'T' (to) order. Required on F and T orders.

* 4. Reference telephone number (RO-TN=) - Is used only to relate an 'F' (from) order, by telephone number, to its associated 'T' (to) order.

5. Effective date (EFF=) - Telco billing effective date. This is the date that a service order's billable non-toll activity is to commence or cease.

6. Due date (DD=) - service order due date. Required on Advanced orders. This is the day on which a customer's service request is scheduled for completion.

* 7. Completion date (CD=) - Service order completion date. Required on all orders except Advanced and Record orders. This is the day a request for service is fulfilled.

* 8. Class of service (CS=) - Defines class of service. Values are R (Residential), B (Business), T (Telco), and G (Government). Required by GTE/DDC only. Classifies a service arrangement according to its use. And Grade of Service: (1, PBX, CBX, etc).

* 9. Number of directories (NOD=) - Number of directories customer has requested.

<u>Listing Category Fields</u> - used for directory processing and appearance.

NOTE: Listing descriptors not passed in the order will be assigned the default value. For example, if a Non-published listing is not identified as such, it will default to Published status.

* 1. Service order listing indicator - indicates type of listing. Values are:
'PL=' - Primary listing (default)
'AL=' - Additional listing. This is an alphabetical listing in addition to, and having the same telephone number as, its associated primary listing.
'AC=' - Alternate Call listing. This listing type refers callers to another service of the same customer or to the service of another customer.
'JU=' - Joint User listing. This listing type is provided to a business customer who shares a primary service with another business customer.
'CR=' - Cross Reference
'CP=' - Caption listing indicator

NOTE: In a caption sentence, the PL, AL, CR, and JU may appear without the equal sign.

* 2. Publish indicator - Indicates appearance in the directory and/or in directory assistance. Values are:
PB - Published listing (default). Listing will appear in the directory and in directory assistance.

NP - Non-published listing. Listing will not appear in the directory and will appear in directory assistance as a Non-pub number.
NL - Non-listed listing. Listing will not appear in the directory, but will appear in directory assistance.

3. Caption control number (CN) - Number assigned to this entire caption arrangement. 7 digits maximum. Same value as caption control number in fixed portion of record.

4. Indent level (IN) - 1 digit field which indicates the number of positions to indent caption sublines.
   Values are:
   0 - only valid on caption headers
   1 - 6 - only valid on caption sublines

5. Selection control (SC) - 1 digit code which defines what type of product the listing can appear in.
   Values are:
   0 - listing will appear in all products it is Scoped to (default)
   1 - listing will appear in the Local directory only
   2 - listing will appear in Local Traffic records only; will not print in a directory
   5 - listing will appear in Neighborhood directories only; will not print in a Local directory
   7 - listing will appear in the Local directory, and in Local and NPA Traffic records

* 6. Account type (AT) - 1 digit code which defines the type of listing. Values are:
   1 - Residential listing (default)
   2 - Business listing
   3 - Professional listing
   4 - Government listing

7. Foreign listing indicator (FL) - Indicates the listing is foreign to the Exchange in which it is to appear. When a listing is appearing in a directory other than his Local directory, the FL code, followed by a 4 digit Location Code of the directory in which it is appearing, must be keyed. [i.e. FL1234]

* 8. Name fields are defined as follows:
   a. Last Name or Finding Word of Business Name (LN=)
   b. First Name or rest of Business Name (FN=)
   c. Title/degree (TD=)
   d. Business designation (DE=)
   e. Nickname (NN=)

   f. File-as (FA=) - required with numeric Finding Word [i.e. LN= 3; FN= M; FA= Three, M;]. Is used to sequence listings when normal sequencing rules will not file the listing as required.

g. Letter sequence indicator (LS) - indicates that the listing is to be sorted as letters instead of a word.

9. Address fields are defined as follows:
   a. House number (HN=)
   b. Street direction (DR=)
   c. Street name (ST=)
   d. Sub location (SL=)
   e. Community (CM=)
   f. Zip Code (ZP=)

   Note: If customer requests his address to be omitted from the directory, the address fields are not passed on the service order.

* 10. Telephone number (TN=) - This usually contains the 7 digit telephone number, unless the area code is required to print in the directory. In this case, it will appear as TN=xxx/xxx-xxxx.

11. Line of information (LI=) - Extra line of information (text) which is to appear between the name and address fields in the directory.

12. Caption information (CI=) - Is used to describe Caption information such as subcaption header or terms like "Ofc" and "Res". This field is used to describe all descriptive or informational words and terms in caption arrangements that are not classified as part of the name or address fields, telephone number, dialing instructions, alternate calls, line of information, right-justified text, or centered information text.

13. Alternate Call (AC=) - Alternate call text used in caption sublines. i.e. After Hours Call .555-1212

14. Dialing instructions (DL=) - Left-justified dialing instructions (text) which precedes the telephone number. Use of this field causes text to break and indent under the listing name.

15. Right justified text (RJ=) - Right-justified dialing instructions (text) which precedes the telephone number.
    i.e. Doe John ..Metro Number 555-1212

16. Centered information (CE=) - Text which prints on the line following the telephone number, centered in the column.
    i.e. Doe John ..Metro Number 555-1212
    No Charge To Calling Party

17. Class Heading (CLH=) - Required for New Install Business listings, unless class heading is NONE. Is used in a classified directory or in the Yellow Pages to group business listings by products sold or services performed.

18. Retained Remark (RMKR=) - This formatted remark will identify the customer is switching service to an Alternate Local Exchange Carrier (ALEC). Format is 'RMKR= ALECxxxxx'. Note: xxxxx is the ALEC Identifier, if known

Remarks Category

* 1. Remarks (RMK=) - Contains free-form text/special instructions regarding the directory listing.

Billing Category (for items 1-4 if different than service address)

* 1. Directory delivery address designator (DDA=) - Indicates whether to use the Billing or Service address for directory delivery. Values are:
  BA - use billing address
  SA - use service address

* 2. Customer billing address (BA=)

* 3. Bill name identification (BN1=)

* 4. Bill name identification phrase (BN2=, if applicable)

Trailer record - will contain the transaction count of the transmission file.

* 1. Transaction count - 9 position numeric. This count includes the Header and Trailer records.

Record Layouts

File Characteristics

The LMS Service Order file is in a variable, blocked format. The record length is 352, and the block size is 23,476. File can be in EBCDIC or ASCII format.

File should be received daily via electronic transmission. Preferred communication methods include TCP/FTP and DirectConnect.

2. DISTRIBUTION

Distributions made in accord with Section 4.02 will include processing Provider's service orders for directories (transmitted nightly to GTE); providing Provider's service subscribers with 24 hour access to GTE's toll free 1-800 interactive voice response directory ordering system; and shipment of Provider's service subscribers' directory orders within 24 hours.

The fees for directory distributions made in accord with Section 4.02 and described in the above paragraph shall be reasonable and based on the costs of furnishing distribution in the geographic area involved.

Fees may be changed with one hundred twenty (120) days' prior written notice. Fees will be invoiced monthly. Such invoice will be accompanied by a list of Provider's service subscriber names, addresses, and telephone numbers to whom directory orders were shipped. Provider will pay GTE's invoice within thirty (30) days after receipt.
