Subject: RE: 2013 Net Metering Report City of Wauchula

Ms. Marr,

Ms. Laura Herse called yesterday from the Public Service Commission office regarding the update to the reporting request.

We have no customers currently requiring a net-metering policy and we have scheduled a meeting with FMEA to complete the work started several months ago to put a net-metering policy in place.

Thank you for your patience in our efforts to complete this project.

Thank you,

James A. Braddock

Subject: 2013 Net Metering Report City of Wauchula

Dear Mr. Braddock,

Our records do not reflect receiving a net metering report for the calendar year ending December

31, 2013. Pursuant to Rule 25-6.065, F.A.C. Interconnection and Net Metering of Customer-Owned Renewable Generation (copy attached), each electric utility shall annually file a net metering report. Please let me know if the report has been filed and I am sending this in error. If you have any questions, please give me a call. I am happy to help.

Best Regards,

Diana Marr
