

## **Staff's Supplemental Questions for Inclusion in Post-Workshop Comments**

March 3, 2011 Staff Workshop on Solar Pilot Programs  
Undocketed

### **Allocation of Funds**

Please describe the procedures the utility intends to use to reallocate funds between pilot solar programs.

Should the utility notify the Florida Public Service Commission (FPSC) of its intentions to reallocate funds between programs? If so, how should the utility notify the FPSC?

### **Program Design**

What role should the utility and/or solar installer play in providing information on expected system performance and payback period to pilot solar program participants?

How should the utility notify the FPSC of its intentions to change rebate levels in the pilot solar programs?
