INTERVENTION

On April 4, 2011, Duke Energy Corporation and Progress Energy, Inc., made a filing pursuant to Section 203 of the Federal Power Act for authorization of an application in which the companies will merge. The FERC issued the Notice of Filing on April 5, 2011.

The Florida Public Service Commission (FPSC) is a state public utility commission whose interests are not adequately represented by any other party in the proceeding. The FPSC, pursuant to Chapters 350 and 366, Florida Statutes, is given the authority to regulate electric utilities within the State of Florida and to exercise the police power of the state for the protection of the public welfare. Section 366.015, Florida Statutes, encourages participation by the FPSC in Federal agencies' proceedings that affect those utilities over which the FPSC has primary regulatory jurisdiction. Such is the case with Progress Energy.

Accordingly, the FPSC respectfully has timely filed this Notice of Intervention.

Respectfully submitted,

/s/
