* Numbers may not appear to add correctly because the total is rounded to 4 decimal places. Assumes common transport.

** ITS does not have an entrance facility rate element because of its arrangement with AT&T. ITS is no longer billing for AT&T; therefore mileage is 27 miles * 27% = 7.29. ITS uses 10 miles in this calculation in order to be consistent with this model. ITS, effective 2/16/01, bills separately from AT&T and no longer bills access tandem charges for AT&T.

* Numbers may not appear to add correctly because the total is rounded to 4 decimal places. Northeast Florida concurs in AT&T's intrastate access tariffs, but some rates differ.

** Northeast Florida does not have an entrance facility rate element because it subtends AT&T's tandem. In addition, the access tandem switching rate element is not shown because AT&T is the access tandem provider for Northeast Florida, and this function is performed and billed 100% by AT&T.

**ITS Telecommunications Systems, Inc. concurs in the National Exchange Carrier Association's (NECA) rates. ITS is in NECA's Local Switch Band 6. There is no longer an Interconnection Charge. ITS, effective 2/16/01, bills separately from AT&T and the mileage on Switched Common Transport has changed to 7.29 miles (27% of 27 miles). ITS uses 10 miles in this calculation in order to be consistent with this model. Switched Transport rate is Rate Band 2.

**Northeast does not have an entrance facility rate element because it subtends AT&T's tandem. In addition, the access tandem switching rate element is not shown because AT&T is the access tandem provider for Northeast and this function is performed and billed 100% by AT&T. Northeast concurs in the National Exchange Carrier Association's (NECA) rates, and is in NECA's Rate Band 3.
