SPECIAL REPORT

NOVEMBER 2005 NO. 13

Application for a Rate Increase in Volusia County by
Plantation Bay Utility Company

DOCKET NO. 050281-WS

Plantation Bay Utility Company (Plantation or utility) is a water and wastewater utility currently serving approximately 1,245 residential customers and 5 general service customers in Volusia County. On August 8, 2005, Plantation filed an application for approval of interim and permanent water and wastewater rate increases.

Plantation requested interim rates designed to generate annual water revenues of \$409,138 and wastewater revenues of \$557,994. This represents a revenue increase on an annual basis of \$62,900 (18.17%) for water and \$333,074 (148.09%) for wastewater. The utility requested final rates designed to generate annual water revenues of \$453,391 and wastewater revenues of \$628,669. This represents a revenue increase of \$107,153 (30.95%) for water and \$403,749 (179.50%) for wastewater. On October 4, 2005, the Commission suspended final rates, denied a water interim rate increase, and approved an interim rate increase of 95.19% for wastewater. The difference between the interim rates and final rates will be refunded, with interest, if the final revenue requirement is less than the approved interim revenue requirement.

As part of the process of evaluating Plantation's final rate request, the PSC staff conducts a customer meeting to allow customers the opportunity to provide input into the rate setting process. Customer comments are an integral part of the process and will assist the Commission in reaching its decision. The utility's records will be audited by PSC staff for compliance with the

applicable rules and orders. In addition, a PSC staff engineer will conduct a field investigation of the utility's plant and service area. In accordance with Florida Statutes, the Commission will consider the utility's quality of service and other matters in this case.

The current rate case is being processed under the PSC's "Proposed Agency Action" (PAA) procedure. Under the PAA process, the case will not be set for a formal hearing unless a timely protest to the Commission's proposed agency action is filed.

PSC staff is scheduled to make a recommendation on the final rates to the Commission on January 19, 2006. The Commissioners are expected to vote on this matter at the January 31, 2006, Agenda Conference.

Customer Meeting

The meeting may be adjourned early if no customers are present at the indicated starting time. For this reason, customers are urged to arrive at the scheduled starting time of the meeting.
