

Florida Public Service Commission **SPECIAL REPORT**

NOVEMBER 2006

Application for a Rate Increase in Seminole County by **Alafaya Utilities, Inc.**

DOCKET NO. 060256-SU

Alafaya Utilities, Inc. (Alafaya or utility) is a wastewater utility serving approximately 8,482 customers in Seminole County. The utility recently filed an application for approval of interim and permanent rate increases. Since Alafaya's last rate proceeding in 2002, the utility has significantly upgraded its utility plant and equipment.

In order to recover operating costs and provide the opportunity to earn a fair rate of return, Alafaya requested a 21.62% interim wastewater revenue increase. On July 18, 2006, the Public Service Commission (Commission) approved a lower interim wastewater revenue increase of 18.86%.

Alafaya also requested a permanent revenue increase of 44.94% (\$1,284,377) for its wastewater system. The Commission suspended the final rates in order to further investigate the utility's request. When the final rates are established, customers may see a refund if the final revenue requirement is less than the approved interim amount.

As part of the process of evaluating Alafaya's rate request, the Commission staff is conducting a customer service meeting to allow customers the opportunity to express their concerns about the utility and the requested rate increase. Customer comments, written and oral, are taken into consideration to assist the Commission in reaching its decision.

Additionally, the Commission staff will audit the utility's records for compliance with applicable rules and orders. A Commission staff engineer will also conduct a field investigation of the Alafaya plant and service area. In accordance with Florida Statutes, the Commission will consider the utility's quality of service and other matters in this case.

This rate case is being processed under the Commission's "Proposed Agency Action" (PAA) procedure. The Commission staff is scheduled to make a recommendation on the final rates to the Commission on January 10, 2007, and the Commissioners are expected to vote on the matter at the January 23, 2007, Agenda Conference. Under the PAA process, the case will only be set for a formal hearing if a timely protest to the Commission's proposed agency action is filed.
