SPECIAL REPORT

FEBRUARY 2007

Application for a Rate Increase in Polk County by **Gold Coast Utility Corporation**

DOCKET NO. 060246-WS

On August 18, 2006, Gold Coast Utility Corporation (Gold Coast or utility) filed an application for approval of interim and permanent rate increases with the Florida Public Service Commission (Commission). Gold Coast is a water and wastewater utility serving approximately 131 residential and 32 general service customers in Polk County. The utility's last rate case was conducted in 1998.

As part of the process of evaluating Gold Coast's rate request, the Commission staff has scheduled a customer meeting to allow customers the opportunity to provide input into the rate setting process. Customer comments, written and oral, are an integral part of the process and assist the Commissioners in reaching their decision. This Special Report provides information about Gold Coast's proposed rates and also provides information on how customers can provide input concerning this matter.

In order to cover its operating and maintenance costs, the utility requested interim rates in its application. The Commission approved an interim rate increase of 8.75% for the utility's water system and a 45.16% increase for its wastewater system.

According to the Commission staff's preliminary analysis, the current average monthly residential consumption is 5,188 gallons of water and 4,054 gallons of wastewater. The average residential monthly bill is \$12.53 for water and \$12.62 for wastewater; the bill with interim rates is \$13.63 for water and \$18.32 for wastewater.

The average monthly bill using the utility's proposed rates would be \$37.01 for water and \$52.24 for wastewater (base facility charge plus gallonage charge). If the final revenue requirement is less than the approved interim amount, customers may see a refund. The Commis-

sion suspended the proposed final rates in order to investigate the utility's request more completely.

The utility's records have been audited by Commission staff for compliance with applicable rules and orders. In addition, a Commission staff engineer has conducted a field investigation of the utility's plant and service area. In accordance with Florida Statutes, the Commission will consider the utility's quality of service and other matters in this case.

The current rate case is being processed under the Commission's "Proposed Agency Action" (PAA) procedure. Under the PAA process, the case will not be set for a formal hearing unless a timely protest to the Commission's proposed agency action is filed.

The Commission staff is scheduled to file a recommendation with the Commission on March 29, 2007. The Commissioners are expected to vote on this matter at the April 10, 2007, Agenda Conference.

Lisa Polak Edgar was appointed to the Florida Public Service Commission by Governor Jeb Bush for a four-year term beginning January 2005; she assumed the chairmanship at the PSC in January 2006. Chairman Edgar is a member of the National Association of Regulatory Utility Commissioners telecommunications committee and was appointed by the Federal Communications Commission to the Universal Service Joint Board for a three-year term beginning November 2005. Prior to her appointment, Chairman Edgar served as Deputy Secretary for Planning and Management for the Florida Department of Environmental Protection (DEP) from August 1999 through January 2005. Her responsibilities at DEP included oversight of the agency's \$2.1 billion budget, fiscal and strategic planning, accountability measures, information technology, administrative services, and coordination between the state and federal government on environmental issues, including oil and gas drilling on the Outer Continental Shelf. Prior to serving at DEP, Chairman Edgar was chief analyst on Environmental Policy for the Office of Policy and Budget, Executive Office of the Governor. Chairman Edgar was appointed by the Secretary of the U.S. Department of Interior to represent the State of Florida on the Minerals Management Service Outer Continental Shelf (OCS) Policy Committee from 1993-2004. She served on the Subcommittees on Environmental Studies in OCS Areas under Moratoria and OCS Hard Minerals. During her career in public service, Chairman Edgar has also served as senior cabinet aide in the Department of Agriculture and Consumer Services, as staff counsel and legislative analyst for the Florida Senate Committees on Reapportionment and Regulated Industries, completed the Harvard Kennedy School of Government program for Senior Executives in State and Local Government, and co-taught a special topics graduate course on the Everglades at Florida A&M University. She is a member of Leadership Florida, Class XXIV. Chairman Edgar graduated cum laude from Florida State University in 1985 with a Bachelor's degree in political science and minor in English. She studied in London during her undergraduate education and in Yugoslavia during law school. She received a juris doctorate from the Florida State University College of Law in 1988 and is a member of the Florida Bar.

Commissioner Matthew Mark Carter II was appointed to the Florida Public Service Commission by Governor Jeb Bush for a four-year term beginning January 2006. Currently, he serves on the National Association of Regulatory Utility Commissioners Committee on Water, the Committee on International Relations, and the Ad Hoc Committee on Critical Infrastructure. Commissioner Carter is the son of the late Rev. Matthew and Pearl Carter. He was born in Douglas, Georgia and educated in the public schools there. He graduated from Atkinson County High School (in Pearson). After graduation from high school, he volunteered for the United States Army. In the Army, he served in the Presidential Honor Guard in Washington, D.C. and the First Armored Division in Germany. After being honorably discharged from the Army, Commissioner Carter attended Tallahassee Community College where he graduated with honors. He then attended Florida State University and graduated with a Bachelor's of Science in Mass Communications and was commissioned a Second Lieutenant in the United States Army Reserve and later the Florida National Guard. After a tour of duty with the 124th Infantry in the Panama Canal Zone, Commissioner Carter returned to Tallahassee where he set up a public relations firm concentrating on political campaigns for over ten years. Afterward, he entered into the financial investment industry and worked as a financial consultant for Waddell & Reed, Florida Professional Services Group, and Merrill Lynch. Commissioner Carter left Merrill Lynch to complete law school at the Florida State University College of Law. After graduation, he became a member of the Florida Bar and a Minister of the Gospel of Jesus Christ. As an attorney, he specialized in business law. He also served as a communications consultant and senior manager for private industry and governmental agencies. Commissioner Carter obtained a Master's degree in Theological Science from Smith Chapel Bible College and was awarded an honorary Doctor of Divinity degree from the St. Thomas Christian College. Commissioner Carter is currently pastor of the Beulah Hill Missionary Baptist Church in Gretna, Florida, where he also serves as President of the Congress of Christian Education (Union Baptist Association) and Vice Moderator for the Gadsden County Baptist Association. He has also written the book *The 90% Rule – How to Get Out of Debt and Prosper and Why It's Important*. Commissioner Carter is married to the former Rita Taylor (of Enigma, Georgia) and they have two beautiful daughters: Pearl and Markesha.

Katrina J. McMurrin was appointed to the Florida Public Service Commission by Governor Jeb Bush for a four-year term beginning January 2006. Commissioner McMurrin serves on the National Association of Regulatory Utility Commissioners (NARUC) Committee on Consumer Affairs, the Subcommittee on Nuclear Issues – Waste Disposal, the Subcommittee on Education and Research, and the Task Force on Net Neutrality, as well as the Executive Committee of the Nuclear Waste Strategy Coalition. Participation in these committees affords Commissioner McMurrin the opportunity to engage in national policy issues that impact each of the industries regulated by the Commission, the state economy, and millions of Florida consumers. In the eleven years prior to appointment, Commissioner McMurrin developed extensive experience in regulatory policy issues involving energy, water, and telecommunications. From 2001 to 2005, Commissioner McMurrin served consecutive terms as Chief Advisor to Commissioners Palecki and Davidson, advising them on all Commission proceedings and policy matters. Prior to becoming a Chief Advisor, Commissioner McMurrin managed the State Liaison Section of the Commission's Division of Policy Analysis & Intergovernmental Liaison. Here, she consulted with state and local government agencies on issues such as "black water," reuse, universal service, and electric reliability. Before leading the State Liaison Section, Commissioner McMurrin served as the Commission's primary liaison on all nuclear energy matters for over three years. Additionally, she was instrumental in drafting the Commission's positions on electric industry restructuring. In recognition of her work on federal energy policy, Commissioner McMurrin was a recipient of the PSC Extraordinary Accomplishment Award in 1999 and the PSC Outstanding Achievement Award in 1997. A Northwest Florida native, Commissioner McMurrin received a Bachelor's degree in finance from Florida State University in 1994 and an MBA from FSU in 1998.
