Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too. I live on a fixed income and a widow. I'm hardly ever home and don't cook that often. I keep my heat on 70 and freeze and still my bills are outrageous for one person. I've done everything I have been advised to do to keep my bills down and it just doesn't work. I would think with the population, growing, as in all areas, that you people at the top could be a little more considerate and less greedy towards a community with a large percentage of retired people. I'm sure your pocket books will survive a small cut.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. paula sheedy
