Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I and my husband are retired, age 73, and he still works for spending money over our fixed income from SS. An easing on the payment to the electric bill would be a great help to us.

We who are retired and living on a fixed income need help with expenses. For us, a little means a lot.

Thank you,

La Verne Blanton

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. La Verne Blanton
