DOCKET NO. 20190001-EI
ORDER NO. PSC-2019-0200-CFO-EI
ISSUED: May 30, 2019

ORDER GRANTING TAMPA ELECTRIC COMPANY'S REQUEST
FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 03506-2019)

On April 3, 2019, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (TECO) filed a request for Confidential Classification of portions of Exhibit JBC-1, attached to the testimony of witness J. Brent Caldwell (Document No. 03506-2019).

Request for Confidential Classification

TECO contends that portions of the information contained in Exhibit JBC-1, attached to J. Brent Caldwell's testimony, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. TECO asserts that this information is intended to be and is treated by TECO as private and has not been publicly disclosed.

The information contained in Exhibit JBC-1 for which confidentiality is requested is pages 12 and 14 of TECO's 2018 Hedging Activity True-Up Report (Report). These pages contain information regarding TECO's current purchasing strategy both with respect to fuel and purchased power and risk exposure. TECO argues that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The details of TECO's risk exposure levels on a monthly basis would provide an indicator of TECO's vulnerability to the marketplace allowing suppliers of both fuel and purchased power to withhold supply and price their fuel and purchased power offerings at a higher level than they would otherwise. Knowledge of this information would also allow the opportunity for market manipulation through transactions made in anticipation of TECO's entry into the market. Thus, the information identified in Document No. 03506-2019 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., confidential classification may only extend for up to 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period." We find that the information identified in Document No. 03506-2019 shall be granted confidential classification for a period of 18 months from the issuance of this Order.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Tampa Electric Company's Request for Confidential Classification of Document No. 03506-2019, is granted, as set forth herein. It is further

ORDERED that the information in Document No. 03506-2019 for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 30th day
of May, 2019.

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code.
