Subject: Don't let monopoly utilities make it harder for customers to control our energy use; Docket Nos. 20190015 to 20190021

Dear Florida Public Service Commission,

I am a Florida utility customer and solar energy supporter. I am concerned about the effort by monopoly utilities to limit my ability to be self-sufficient and use natural resources as an alternative to their product.

Please support goals that are in line with the energy savings captured by leading states, and that will spur investments in energy efficiency to as many customers as possible.

We are The Sunshine State. Please support policies and goals that act like we are.

Thank you for your consideration,

Sincerely,
Darrell Prather
