Re: Net Metering Rule 25-6.065 FAC  
2011 Net Metering Reporting

Dear Mr. Futrell and Ms. Marr;

The City of Winter Park Electric Utility currently has four (4) net metered customers. The Winter Park City Commission recently adopted a Net Metering policy which became effective on January 1 2012. Winter Park Electric Utility is currently accumulating pertinent net metering data that will be reported to the FPSC at the next reporting date. Prior to the enactment of the current policy Winter Park Electric Utility operated under a net metering procedure.

Sincerely;

  
Terry Hotard  
Winter Park Electric Utility  
Assistant Director
