Florida Public Service Commission
Lydia Roberts (lroberts@PSC.STATE.FL.US)

RE: Rule 25-6.065 FAC

Ms.Roberts:

The City of Blountstown currently does not have any net metered customers. We are working with Florida Municipal Electric Association to develop a net metering policy and standardized interconnection agreement for small customer-owned renewable generation. We expect to adopt this policy in the near future.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Traci S. Hall".
