Subject: Support Solar Development in Florida
Date: Thursday, June 18, 2015 2:14:14 PM

I ask you to support the development of solar power as a clean, sustainable alternative in Florida. Moving away from coal and other fossil fuels will protect Florida's delicate ecosystems, create more jobs and is a cost-effective solution for the future.

Please pave the pathway to allow that to happen through your legislative and political agendas.

Thank you for your consideration.
