The conditions of such application or agreement is binding upon the Customer as well as upon the Company. A copy of the application or agreement for wastewater service accepted by the Company will be furnished to the applicant on request. The Applicant shall furnish to the Company the correct name and street address or lot and block number at which wastewater service is to be rendered.
- 5.0 **APPLICATIONS BY AGENTS** - Applications for wastewater service requested by firms, partnerships, associations, corporations, and others shall be rendered only by duly authorized parties. When wastewater service is rendered under agreement or agreements entered into between the Company and an agent of the principal, the use of such wastewater service by the principal shall constitute full and complete ratification by the principal of the agreement or agreements entered into between the agent and the Company and under which such wastewater service is rendered.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 5.0)

- 6.0 **WITHHOLDING SERVICE** - The Company may withhold or discontinue wastewater service rendered under application made by any member or agent of a household, organization, or business unless all prior indebtedness to the Company of such household, organization, or business for wastewater service has been settled in full in accordance with Rule 25-30.320, Florida Administrative Code.
- Service may also be discontinued for any violation made by the Customer or Consumer, of any rule or regulation set forth in this tariff.
- 7.0 **PROPERTY GRADE** - On the initial application for wastewater service, the Customer shall furnish the Company with the final grade of the property, and the Company shall set the meter box and meter accordingly. If, when the final grade is made of the Customer's property, the meter and the meter box are incorrectly set, due to the Customer not having given the Company any finished grade, or due to the Customer not having given the Company any finished grade at the time of the application, the Company will reset the meter and/or meter box, and the Customer shall pay the actual cost for said work.
- 8.0 **EXTENSIONS** - Extensions will be made to the Company's facilities in compliance with Commission Rules and Orders and the Company's tariff. The Company will make such extensions to its existing facilities as may be required by one or more Customers provided the revenues to be derived therefrom shall be sufficient to afford a fair and reasonable return on the cost of providing and rendering the water service. Otherwise, the Company will require from the Customer pre-payments, cash advances, minimum guarantees, service guarantees, contribution in aid of construction, or other arrangements with the Customer, whereby the Company will be enabled to earn a fair and reasonable return on the cost of providing and rendering the required water service. Required pre-payments, cash advances, other guarantees or contribution in aid of construction will be approved by the Florida Public Service Commission.
- 9.0 **FILING OF CONTRACTS** - Whenever a Developer Agreement or Contract, Guaranteed Revenue Contract, or Special Contract or Agreement is entered into by the Company for the sale of its product or services in a manner not specifically covered by its Rules and Regulations or approved Rate Schedules, a copy of such contracts or agreements shall be filed with the Commission prior to its execution in accordance with Rule 25-9.034 and Rule 25-30.550, Florida Administrative Code. If such contracts or agreements are approved by the Commission, a conformed copy shall be placed on file with the Commission prior to its effective date.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 6.0)

- 10.0 **TAX CLAUSE** - A municipal or county franchise tax levied upon a water or wastewater public utility shall not be incorporated in the rate for water or wastewater service but shall be shown as a separate item on the Company's bills to its Customers.
- 11.0 **LIMITATION OF USE** - Wastewater service purchased from the Company shall be used by the Customer only for the purposes specified in the Application for Wastewater service. Wastewater service shall be rendered to the Customer for the Customer's own use and shall be collected directly into the Company's main wastewater lines.

In no case shall a Customer, except with the written consent of the company, extend his lines across a street, alley, lane, court, property line, avenue, or other way in order to furnish wastewater service to the adjacent property through one meter even though such adjacent property may be owned by him. In case of such unauthorized extension, remetering, sale, or disposition of service, the Customer's wastewater service will be subject to discontinuance until such unauthorized extension, remetering, sale or disposition of service is discontinued and full payment is made to the Company for wastewater service rendered by the Company (calculated on proper classification and rate schedules) and until reimbursement in full is made in full to the Company for all extra expenses incurred for clerical work, testing, and inspections.

- 12.0 **CONTINUITY OF SERVICE** - The Company will at all times use reasonable diligence to provide continuous wastewater service and, having used reasonable diligence, shall not be liable to the Customer for failure or interruption of continuous wastewater service. The Company shall not be liable for any act or omission caused directly or indirectly by strikes, labor troubles, accidents, litigations, breakdowns, shutdowns for emergency repairs, or adjustments, acts of sabotage, enemies of the United States, Wars, United States, State, Municipal or other governmental interference, acts of God or other causes beyond its control.

If at any time the Company shall interrupt or discontinue its service, all customers affected by said interruption or discontinuance shall be given not less than 24 hours written notice, unless interruption is caused by sudden, accidental and/or unforeseen occurrence.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 7.0)

- 13.0 **TYPE AND MAINTENANCE** - The customer's pipes, apparatus and equipment shall be selected, installed, used and maintained in accordance with standard practice and shall conform with the Rules and Regulations of the Company and shall comply with all Laws and Governmental Regulations applicable to same. The Company shall not be responsible for the maintenance and operation of the Customer's pipes and facilities. The customer expressly agrees not to utilize any appliance or device which is not properly constructed, controlled and protected or which may adversely affect the wastewater service, and the Company reserves the right to discontinue or withhold wastewater service to such apparatus or device.
- 14.0 **CHANGE OF CUSTOMER'S INSTALLATION** - No changes or increases in the Customer's installation, which will materially affect the proper operation of the pipes, mains, or stations of the Company, shall be made without written consent of the Company. The Customer shall be liable for any change resulting from a violation of this Rule.
- 15.0 **INSPECTION OF CUSTOMER'S INSTALLATION** - All Customer's wastewater service installations or changes shall be inspected upon completion by a competent authority to ensure that the Customer's piping, equipment, and devices have been installed in accordance with accepted standard practice and such local Governmental or other rules as may be in effect. Where Municipal or other Governmental inspection is required by local Rules and Ordinances, the Company cannot render wastewater service until such inspection has been made and a formal notice of approval from the inspecting authority has been received by the Company.
- Notwithstanding the above, the Company reserves the right to inspect the Customer's installation prior to rendering wastewater service, and from time to time thereafter, but assumes no responsibility whatsoever for any portion thereof.
- 16.0 **INDEMNITY TO COMPANY** - The Customer shall indemnify, hold harmless and defend the Company from and against any and all liability, proceedings, suits, cost or expense for loss, damage, or injury to persons or property, in any manner directly or indirectly connected with, growing out of the transmission and use of water by the Customer at or on the Customer's side of the Point of Delivery.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 8.0)

- 17.0 **PROTECTION OF COMPANY'S PROPERTY** - The Customer shall exercise reasonable diligence to protect the Company's property on the Customer's premises and shall knowingly permit no one, but the Company's agents or persons authorized by law, to have access to the Company's pipes and apparatus.

In the event of any loss or damage to property of the Company caused by or arising out of carelessness, neglect, or misuse by the Customer, the cost of making good such loss or repairing such damage shall be paid by the Customer.

- 18.0 **ACCESS TO PREMISES** - The duly authorized agents of the Company shall have access at all reasonable hours to the premises of the customer for the purpose of installing, maintaining, inspecting, or removing the Company's property; reading the meter; or for performance under or termination of the Company's agreement with the Customer and under such performances shall not be liable for trespass.

- 19.0 **RIGHT OF WAY OR EASEMENTS** - The Customer shall grant or cause to be granted to the Company, and without cost to the Company, all rights, easements, permits, and privileges which are necessary for the rendering of wastewater service.

- 20.0 **EVIDENCE OF CONSUMPTION** - The initiation or continuation or resumption of water service to the Customer's premises shall constitute the initiation or continuation or resumption of wastewater service to the Customer's premises regardless of occupancy.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 9.0)

- 21.0 **BILLING PERIODS** - Bills for wastewater service will be rendered - Monthly, Bimonthly, or Quarterly - as stated in the rate schedules and shall become due when rendered and be considered as received by the Customer when delivered or mailed to the service address or some other place mutually agreed upon. Non-receipt of bills by the Customer shall not release or diminish the obligation of the Customer with respect to payment thereof.
- 22.0 **ADJUSTMENT OF BILLS** - When a Customer has been overcharged or undercharged as a result of incorrect application of the rate schedules, incorrect reading of a water meter, or other similar reasons, the amount may be credited or billed to the Customer as the case may be in pursuant to Rule 25-30.350, Florida Administrative Code.
- 23.0 **BACKBILLING** - The Company may backbill Customers for a period of no greater than twelve (12) months for any undercharge in wastewater billing which is the result of the Company's mistake. The Company shall allow the Customer to pay for the unbilled wastewater service over the same time period as the time period during which the underbilling occurred or some other mutually agreeable time period.
- 24.0 **MULTIPLE SERVICE ON SINGLE SERVICE** - When one wastewater service is to supply more than one house and/or store, as subdivided by partitioning walls, billing will be in accord with existing Commission's orders, Rules or Regulations, or rate schedules filed by the Company.
- 25.0 **REIMBURSEMENT FOR EXTRA EXPENSES** - The Customer shall reimburse the Company for all extra expenses (such as special trips, inspections, additional clerical expenses, etc.) incurred by the Company on account of the Customer's violation of the contract for service or of the Company's rules and regulations.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 10.0)

- 26.0 **DELINQUENT BILLS** - Bills are due when rendered. However, the Company shall not consider the Customer delinquent in paying any bill until the twenty-first (21) day after the Company has mailed or presented the bill to the Customer for payment. Wastewater service may then be discontinued only after the Company has mailed or presented within five (5) working days a written notice to the Customer in accordance with Rule 25-30.320, Florida Administrative Code. Wastewater service shall be restored only after the Company has received payment for all past-due bills and penalties, and reconnect charges from the Customer.

There shall be no liability of any kind against the Company for the discontinuance of wastewater service to a Customer for that Customer's failure to pay the bills on time.

- 27.0 **NO PARTIAL PAYMENT** - Partial payment of a bill for wastewater service rendered will not be accepted by the Company, except by the Company's agreement thereof or by direct order from the Commission.

- 28.0 **PAYMENT OF WATER AND WASTEWATER SERVICE BILLS CONCURRENTLY** - When both water and wastewater service are provided by the Company, payment of any water service bill rendered by the Company to a customer shall not be accepted by the Company without the simultaneous or concurrent payment of any wastewater service bill rendered by the Company. The Company may discontinue both water service and wastewater service to the Customer's premises for non-payment of the water service bill or wastewater service bill or if payment is not made concurrently.

The Company shall not reestablish or reconnect water service and/or wastewater service until such time as all water and wastewater service charges and all the other expenses or charges established or provided for by these rules and regulations are paid.

- 29.0 **TEMPORARY DISCONTINUANCE OF SERVICE** - If service is terminated and resumed at the same address to the same Customer within twelve (12) months or less from the date of termination, a monthly standby charge equivalent to the Base Facility Charge, will be collected by the Company as a condition precedent to restoration of service to that Customer. If the Base Facility rate structure is not in effect, one half of the approved minimum bill will be charged for each billing period. The standby charge will be collected for each month, not to exceed twelve (12) months.

During a period that service is not being furnished to the premises upon application to the Company by the Customer, as confirmed by the Company, a standby charge will be made. *(Continued to Section III Sheet No. 12.0)*

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 11.0)

- 30.0 **CHANGE OF OCCUPANCY** - When a change of occupancy takes place on any premises supplied by the Company with wastewater service, written notice thereof shall be given at the office of the Company not less than three (3) days prior to the date of change by the outgoing Customer. The outgoing Customer shall be held responsible for all wastewater service used on such premises until such written notice is so received by the Company and the Company has had reasonable time to discontinue the wastewater service. However, if such written notice has not been received, the application of a succeeding occupant for wastewater service will automatically terminate the prior account. The Customer's deposit may be transferred from one service location to another, if both locations are supplied wastewater service by the Company; the Customer's deposit may not be transferred from one name to another.

Notwithstanding the above, the Company will accept telephone orders, for the convenience of its Customer's, to discontinue or transfer wastewater service from one service address to another and will use all reasonable diligence in the execution thereof. However, oral orders or advice shall not be deemed binding or be considered formal notification to the Company.

- 31.0 **UNAUTHORIZED CONNECTIONS - WASTEWATER** - Connections to the Company's wastewater system for any purpose whatsoever are to be made only by employees of the Company. Any unauthorized connections to the Customer's wastewater service shall be subject to immediate discontinuance without notice. Wastewater service shall not be restored until such unauthorized connections have been removed and until settlement is made in full to the Company for all wastewater service estimated by the Company to have been used by reason of such unauthorized connection.
- 32.0 **STOPPAGE IN WASTEWATER SERVICE LINE** - The Customer is responsible for cleaning and maintaining the wastewater service line to the wastewater main. The Company is not responsible for roots from trees, shrubbery or any foreign matter entering the wastewater lateral at any point prior to entering the main line.
- 33.0 **STORM AND WELL WATER** - The Customer shall not drain or dispose of any storm water or any water from water wells into the wastewater system installed by the Company or service lines installed by the Customer.

RULES AND REGULATIONS (Con't)

(Continued from Section III Sheet No. 12.0)

34.0 CUSTOMER DEPOSITS - ESTABLISHMENT OF CREDIT - Before rendering wastewater service, the Company will require an Applicant for service to satisfactorily establish credit, but such establishment of credit shall not relieve the Customer from complying with the Company's rules for prompt payment. Credit will be deemed so established, in accordance with Rule 25-30.311, Florida Administrative Code, if:

- (a) the Applicant for service furnishes a satisfactory guarantor to secure payment of bills for the service requested,
- (b) the Applicant pays a cash deposit,
- (c) the Applicant for service furnishes an irrevocable letter of credit from a bank or a surety bond.

The amounts of initial deposit are shown in the schedule of Customer Deposits according to meter size.

35.0 ADDITIONAL DEPOSIT - Under Rule 25-30.311(7), Florida Administrative Code, the company may require a new deposit, where previously waived or returned, or an additional deposit in order to secure payment of current bills provided. The Company shall provide the Customer with reasonable written notice of not less than 30 days where such request or notice is separate and apart from any bill for service. The total amount of the required deposit shall not exceed an amount equal to the average actual charge for wastewater service for two monthly billing periods for the 12-month period immediately prior to the date of notice. In the event the Customer has had service less than 12 months, the Company shall base its new or additional deposit upon the average actual monthly billing available.

36.0 INTEREST ON DEPOSIT - The Company shall pay interest on customer deposits pursuant to Rule 25-30.311(4) and (4a). The rate of interest is 8% per annum. The payment of interest shall be made once each year as a credit on regular bills or when service is discontinued as a credit on final bills. No Customer depositor will receive interest on his or her deposit until a Customer relationship and the deposit have been in existence for at least six (6) months. At such time, the customer depositor shall be entitled to receive interest from the day of the commencement of the customer relationship and placement of the deposit.

37.0 REFUND OF DEPOSIT - After a residential Customer has established a satisfactory payment record and has had continuous service for a period of 23 months, the Company shall refund the Customer's deposit provided the customer has not, in the preceding 12 months:

- (a) made more than one late payment of the bill (after the expiration of 20 days from the date of mailing or delivery by the Company),
- (b) paid with a check refused by a bank,
- (c) been disconnected for non-payment, or
- (d) at any time tampered with the meter or used service in a fraudulent or unauthorized manner.

Notwithstanding the above, the Company may hold the deposit of a non-residential customer after a continuous service period of 23 months and shall pay interest on the non-residential customer's deposit at the rate of 9% per annum upon the retainment of such deposit.

Nothing in this rule shall prohibit the Company from refunding a customer's deposit in less than 23 months.

38.0 **RATES** - The Company reserves the right to revise the rates and charges for wastewater service as approved by the Commission.

39.0 **MISCELLANEOUS SERVICE CHARGES** - The Company may charge the following miscellaneous service charges in accordance with the terms stated herein. If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company requires multiple actions.

A. INITIAL CONNECTION - This charge would be levied for service initiation at a location where service did not exist previously.

B. NORMAL RECONNECTION - This charge would be levied for transfer of service to a new customer account at a previously served location or reconnection of service subsequent to a customer requested disconnection.

C. VIOLATION RECONNECTION - This charge would be levied each time service has to be disconnected or reconnected for existing customers who have been disconnected for cause according to Rule 25-30.320(2), Florida Administrative Code, including a delinquency in bill payment.

D. PREMISES VISIT CHARGE (IN LIEU OF DISCONNECTION) - This charge would be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.

These charges are shown in the Miscellaneous section.

TERMS & ABBREVIATIONS

- 1.0 **"ACTIVE CONNECTION"** - Means a connection to the Company's system at the point of delivery of service, whether or not service is currently being provided.
- 2.0 **"BACK FLOW PREVENTOR"** - Means a valve or device installed in order to prevent contamination of the potable water in the lines of the Company by virtue of a cross connection or flow from the Customers' property into the Company's system.
- 3.0 **"CONTRIBUTION(S)-IN-AID-OF-CONSTRUCTION" (CIAC)** - Means any amount or item of money, services, or property received by the Company from an Applicant, any portion of which is provided at no cost to the Company, which represents an addition or transfer to the capital of the Company, and which is utilized to offset the acquisition, improvement, or construction costs of the Company's property, facilities, or equipment used to provide utility services to the public. The term includes plant capacity charges, main extension charges, meter and service installation charges.
- 4.0 **"CONTRIBUTOR"** - Means a person, builder, developer or other entity who makes a contribution-in-aid-of-construction.
- 5.0 **"CUSTOMER CONNECTION CHARGE"** - Means any payment made to the Company for the cost of installing a connection from the company's water or wastewater lines, including but not limited to the cost of piping and the meter installation fee.
- 6.0 **"CUSTOMER INSTALLATION"** - Means all pipes, shut-offs, valves, fixtures, and appliances or apparatus of every kind and nature which are located on the Customer's side of the "Point of Delivery" and used in connection with or forming part of the installation necessary for rendering water service to the Customer's premises regardless of whether such installation is owned by the Customer or used by the Customer under lease or other agreement.
- 7.0 **"DEVELOPER'S AGREEMENT"** - Means a written agreement setting forth in detail the terms and conditions under which the Company will render services to a developer's property.

TERMS & ABBREVIATIONS (Con't)

(Continued from Section IV Sheet No. 2.0)

- 8.0 **"ECONOMIC FEASIBILITY"** - Means a test by which the operating income of the Company to be earned from prospective customers within the area to be served by a proposed expansion of facilities is divided by the investment in such facilities to determine if the Company will earn a fair return on its investment in the proposed extension.
- 9.0 **"EQUIVALENT RESIDENTIAL CONNECTION" (ERC)** - Means (a) 350 gallons per day, (b) the number of gallons the Company demonstrates is the average daily flow for a single residential unit, or (c) the number of gallons which has been approved by the Department of Environmental Regulation for a single residential unit.
- 10.0 **"GUARANTEED REVENUE AGREEMENT"** - Means a written agreement by which an applicant agrees to pay a charge designed to cover the Company's costs including, but not limited to, the cost of operation, maintenance, depreciation, and any taxes, and to provide a reasonable return to the Company, for facilities that are subject to the agreement, a portion of which may not be used and useful to the Company or its existing customers.
- 11.0 **"HYDRAULIC SHARE"** - Means the pro rata share of the capabilities of the Company's facilities to be made available for service to the contributor. The pro rata share is multiplied by the unit cost (per gallon) of providing the facilities to determine the proportional share of the cost to be borne by the contributor.
- 12.0 **"INSPECTION FEE"** - Means either the actual or the average cost to the Company of inspecting, or having inspected, the facilities constructed by a contributor or by an independent contractor for connection to the facilities of the Company.
- 13.0 **"MAIN EXTENSION CHARGE"** - Means a charge made by the Company for the purpose of covering all or part of the Company's capital costs in extending its off-site water or wastewater facilities to provide service to specified properties. The charge is determined on the "Hydraulic Share" basis or other acceptable method reasonably related to the cost of providing the service.
- 14.0 **"OFF-SITE FACILITIES"** - Means either the water transmission mains and facilities or the wastewater collection trunk mains and facilities, including, but not limited to, manholes, wastewater force mains and wastewater pumping stations, the purpose of which is either to provide water service to properties within the service territory of the service Company or to collect wastewater received from properties within the territory.

SERVICE AVAILABILITY POLICY

- I. **PURPOSE** The Company is implementing this Service Availability Policy (hereinafter "Policy") to set forth the terms and conditions under which the Company will be the sole provider of service from Company facilities to individual or developer Applicants within its certificated area; and describes the charges which are intended to defray portions of the costs associated with existing and new facilities of the Company in a fair and nondiscriminatory manner.
- II. **APPLICABILITY** The provisions of this policy are applicable to all customers and potential customers within the Certificated Service Area of the Company.
- III. **GENERAL PROVISIONS** The following provisions apply, except where Order No. 22307 mandates the Company to honor commitments to lots sold by Deltona Corporation, as outlined in Sub-section IV - SPECIAL PROVISIONS, to all extensions to the Company's facilities. No service will be provided until the Company receives the Commission's approval, as provided below, and where applicable, all terms of Section 367.045, Florida Statutes are met. The Applicant must agree to pay all costs associated with a request for service that requires an expansion of the Company's exclusive service area which is set forth in its Certificate of Authorization.
- (1) **Commission Approval** The terms and conditions of the Company's Service Contracts, Developer's Agreements and Refundable Advance Agreements are subject to the approval of the Commission as outlined below:
- (a) Extensions that are in accordance with the standard Service Contract included in this tariff (see Standard Forms), Standard Developer's and/or Standard Refundable Advance Agreements, approved by the Commission for use with this Service Availability Policy, will not need additional Commission approval.
 - (b) Where situations exist that are not provided for in the Company's standard agreements, the Company may enter into a Special Service Availability Contract with a developer provided, however, that the Commission approve said Special Service Availability Contract before any extension is made.

SERVICE AVAILABILITY POLICY (Con't)

(Continued from Section IV Sheet No. 5.0)

- (c) Approval of a developer's agreement does not preclude the Commission from affecting its provisions in the future if, pursuant to Commission approval, the terms and conditions of the Company's service availability policy are changed.
- (2) Extension Only Within Certificated Service Areas The Company will make extensions to its facilities, to all customers within its certificated service area as may be required by one or more customers, provided the revenues to be derived therefrom shall be sufficient to afford a fair and reasonable return on the Company's investment in providing the service. To this end the Company will require, depending upon the specific circumstances, conveyance of title as described in Section V(3)(b) of this Service Availability Policy, service availability charges, refundable advances, contributions-in-aid-of-construction (CIAC), and/or allowance for funds prudently invested (AFPI) charges be paid by the Applicant.
- (3) Extensions Where Economically and Operationally Feasible If service is requested for property not in the Company's existing Certificated Service Area, the Company may agree to provide service where economically and operationally feasible subject to appropriate approval(s) from regulatory authorities.
- (4) Obligations of the Company As provided in this policy, the Company's obligations are to extend its existing facilities within its Certificated Service Area, and to provide service to all customers within its certificated area under the terms and conditions herein. The Company will respond to each Applicant within 30 days. Where a proposed main extension is involved, only those services specifically provided for in the Company's Commission-approved Service Contracts, Developer's Agreements or Refundable Advance Agreements, which are properly executed by the Applicant and the Company, shall obligate the Company to perform any task, or furnish any service to an Applicant or any other party.

- (5) **General Application for Service** The Commission requires that all Applicants for utility services within its certificated area shall make a written request (Application) for the service desired from the Company. (The Company's Application Form is in SECTION VII - MISCELLANEOUS of this tariff). This application is notice to the Company that service is desired and an expression of the Applicant's willingness to conform to the Company's policies, tariffs, rules and regulations which are in effect and on file with the Commission.
- (6) **On-Site Facilities** The Company shall be entitled to inspect all connections (including on-site facilities) to Company facilities. The Applicant shall reimburse the Company for all costs associated with the performance of these inspections.
- (7) **Refusal of Service** The Company may refuse commencement of service to an Applicant for any of the following reasons:
- (a) **Proposed Service is not lawful.** The proposed service is not lawful under the current Statutes and Rules of the Commission, or
 - (b) **Conditions not yet met.** A condition of the Service Availability Policy, Service Contract, Developer's Agreement or Refundable Advance Agreement has not yet been met, or
 - (c) **Adverse effects on existing customers.** The proposed service would adversely affect the quality or reliability of service to existing customers (e.g. capacity of existing Company facilities is insufficient), or
 - (d) **Economic feasibility.** The proposed service is not economically feasible as defined in Chapter 25-30.515, Florida Administrative Code (Commission Rules), or

IV. SPECIAL PROVISIONS

This section is the result of FPSC Docket No. 22307 and is applicable in the situations described herein. An outcome of Docket No. 22307 approving the transfer of ownership of Deltona Corporation's utility operations to Topeka Group Inc., (TGI) was the delineation of several service availability extension situations depending on the timing and terms of property sales contracts related to lots in the certificated area. The reason for such delineation by the Commission was to ensure that people who bought lots in long-term installment sales contracts, and to whom the Deltona Corporation implied that utilities would be provided as part of the real estate transaction would not be adversely affected by the transfer.

Policy provisions are separated into three categories: (1) Contracted lots sold by Deltona Corporation or its successors under contracts prior to September 1, 1989 which generally excluded from the sales price, the cost of extending mains and related utility facilities; (2) Unsold lots sold by Deltona Corporation under contracts after September 1, 1989 which generally include as part of the cost of extending mains and provisions for the buyer to pay a Utility Service Fee and; (3) Any properties not covered in IV(1) or IV(2) including properties which are added to the certificated area as a result of territory expansions. These categories are described in more details as follows:

- (1) Contracted lots sold by Deltona Corporation or its successors under contracts prior to September 1, 1989.
 - (a) Extensions will be made as soon as reasonably practical following:
 - 1. receipt from the Applicant of a completed Application for Service form, and

2. receipt from the Applicant of satisfactory evidence that construction of a building is scheduled to commence and,
 3. the lot is served by an asphalt paved street or road which abuts such lot and,
 4. receipt of payment for all applicable fees.
- (b) TGI will fund, in accordance with a refundable advance for construction agreement, all extensions of less than one-half ($\frac{1}{2}$) mile.
- (c) If the extension is over one-half ($\frac{1}{2}$) mile but less than one (1) mile, TGI may try to exchange lots. Otherwise, TGI will fund, in accordance with a refundable advance for construction agreement.
- (d) If the extension is over one (1) mile, Deltona Corporation, TGI and/or the Company may try to exchange lots; or TGI and/or Deltona Corporation will fund, in accordance with a refundable advance for construction agreement; or Deltona Corporation may provide alternative utility services until the Company has its services within one mile.
- (2) **Unsold lots sold by Deltona Corporation or its successors under contracts after September 1, 1989.**
- (a) through (d) as in IV(1) above and,
- (e) Properties sold by Deltona Corporation or its successors include as part of the sales agreement, provisions for the buyer to pay a Utility Service Fee. The Utility Service Fee, which are subject to periodic adjustments, are currently set at \$500.00 for water service and \$1,000.00 for wastewater service, and

- (f) Lot owners may not demand service until the contract period (usually 1½ to 10 years) provided in the land purchase agreement has expired.
- (3) Any properties not covered in IV(1) or IV(2) including properties which are added to the certificated area as a result of territory expansions. The remaining rules are applicable for all situations other than those described in items II(1) and II(2) above. Charges to these customers may include one or more of the following:
 - (a) **Predetermined Service Availability Charges.** The tariffed charges, described in this portion of the tariff as Service Availability Charges, and whose amounts are listed in the rates portion of this tariff, apply if the main is already installed.
 - (b) **Main Extension Charges.** If the main is not in place, the costs associated with the necessary extension of, for example, off-site facilities apply as described more fully under Service Availability Charges below; and as ratified in a Service Contract, a Developer's Agreement and/or a Refundable Advance Agreement which are discussed more fully under **SPECIAL CONDITIONS**.
- V. **MAIN EXTENSION RULES** Where there is not an existing main available, the Company will extend its main to provide service, except for lots described in Parts IV(1) and IV(2) of the **SPECIAL PROVISIONS** section, provided the Applicant has first entered into a Commission-approved Service Contract, Developer's Agreement or Refundable Advance Agreement with the Company.
 - (1) **Applications for Main Extensions** Whenever an extension to one of the Company's mains is involved, it shall be in accordance with the following rules:

- (a) Any Applicant shall, in addition to the general application for service, make a written request regarding the specific main extension desired from the Company. Said application, as required by Commission Rules (Chapter 25-30.525, Florida Administrative Code) shall include, but not be limited to the following information, if applicable:
1. A legal description of the property including reference to section, township and range.
 2. A drawing of the property showing its boundaries.
 3. The present zoning classification of the property.
 4. A plat map.
 5. Three sets of a site and utility plan (and floor plan for commercial developments).
 6. The intended land use of the development, including densities and types of use.
 7. The name and address of the person or entity making the application for extension of service.
 8. The nature of the Applicant's title to or interest in the described property.
 9. The date, or estimated date, service will be needed.
- (2) Rules for Extending Mains to a Single Residence or a Single Commercial Facility Where an extension of the Company's facilities is required to provide service to a single residence or a single commercial facility, the Company will furnish a cost estimate of the proposed extension, a preliminary sketch of the extension, and the terms and conditions to be contained in the Service Contract necessary for service to be extended.

- (3) **Rules for Extending Mains to Developer Facilities** Service to a developer requiring an extension of the Company's facilities will be conducted under the terms and conditions of a Developer's Agreement or a Refundable Advance Agreement wherein the Company will negotiate with the developer whether it will design, construct and install extensions from existing facilities to the property to be served or have the developer undertake these activities. If the company installs the necessary facilities, it will prepare a Developer's Agreement detailing the cost estimate and other items necessary for such extensions to be made. If the developer is to perform the design, construction and installation, the developer must obtain approval of the Company as outlined in the Commission's Rules. Developer's Agreements are subject to the approval of the Commission and shall be in accordance with the following:
- (a) **Existing facilities to a development.** If the request is for service to a development, and the provision of service will be by the extension of existing facilities through Company investment, the Company shall be responsible for all engineering, planning, design, and construction.
 - (b) **Developer providing facilities.** If the request is for service to a development and the developer will be providing the necessary facilities for the extension, or will be paying for the construction of the facilities, the developer shall be responsible for the planning, design, and development of construction drawings needed to extend the existing facilities to serve the proposed development. The plans, designs and development drawings shall be in accordance with applicable laws or ordinances. The Company will furnish general construction specifications, an estimate of all costs to be borne by the developer (including all applicable Service Availability Charges) that are in addition to the costs of the facilities the developer is to construct, and a quotation of advances to be made upon execution of a Developer's Agreement. By way of further explanation, the Developer will be responsible for the following:

- (1) **Design of new facilities.** The developer will retain the services of a registered professional engineer to prepare all plans and specifications for water facilities (hereinafter "facilities") to connect to the Company's facilities at points designated by the Company. Said plans and specifications must be approved by the Company prior to submission to any regulatory agency for review.
- (2) **Approvals and permits.** The developer shall be required to obtain all necessary approvals and permits for construction of the new facilities from the appropriate regulatory agencies.
- (3) **Construction of facilities.** The developer will, at its own expense, construct and install all facilities in accordance with the plans and specifications as approved by the Company. Additionally, the developer shall be responsible for certifying to the appropriate regulatory agency that the facilities have been installed and tested in accordance with the plans and specifications prepared by the developer's engineer.
- (4) **Warranty on workmanship.** The developer shall warrant all facilities against defect in materials and workmanship for a period of one year from the date of acceptance of said facilities by the Company.

- (4) Company extends for its own future benefit If the company installs (or has installed) facilities for its future benefit capacity in excess of what would normally be required for the requested extension, the incremental cost for this excess capacity shall not be included in cost estimates to Applicants; and shall be the Company investment or recovered by a Refundable Advance Agreement.

VI. SERVICE AVAILABILITY CHARGES The following charges will be applied, if applicable. The charges are subject to change from time to time as deemed necessary by the Company and the Commission. These charges are defined as a CIAC, and do not entitle the Applicant to any rights of ownership. The Company will own and maintain the facilities for which these charges are levied. The specific charges, as approved by the Commission and provided in the rates portion of this tariff, are described as follows:

- (1) Plant Capacity Charges The Company will collect a fee, designed to defray a portion of the cost of the facilities not covered in other Service Availability Charges.
- (2) Meter Installation Charges The Company will collect, for water service installations, a fee to cover the costs required to install a meter, including meter boxes, fittings, etc. at the point of delivery.
- (3) Service Installation Charges The Company will collect a fee to cover the costs required to install a service line from the Company's main to the point of delivery.
 - (a) Short Service - Tapping into the main line, which would be located on the same side of the street as property to be served and putting in the service line.

- (b) Long Service - Tapping into the main line, which would be located on the opposite side of an "unpaved" road of the property to be served and putting in the service line.
- (c) Long Service - Tapping into the main line, which would be located on the opposite side of "paved" road of property to be served. Putting in the service line by method of jacking or boring the service line under the street.
- (4) **Main Extension Charges** The Company will collect a fee to offset a portion of the cost of the mains. Where there is an existing main available, the charges to the Applicant will be the charges as provided in this tariff. Where there is not an existing main available, the charges to the Applicant for the Company to extend its main to service the Applicant will be the actual cost, which will be recovered either through a Service Contract, Developers Agreement or Refundable Advance Agreement, all of which are subject to prior Commission approval. See Section IV - SPECIAL PROVISIONS of this policy for an explanation on those extensions of mains for which Topeka has agreed to fund extensions to certain lots sold or to be sold by the Deltona Corporation or the circumstances where any Utility Service Fee paid by the lot owner will be applied against the required tariffed Service Availability Charges.

- (5) Allowance for Funds Prudently Invested (AFPI) The Company will collect commission-approved fee designed to cover the carrying costs of actual company investment in plant prudently constructed for future customer use. Such investment will include plant and may include distribution lines, and will be applicable to all NEW connections utilizing such plant. When application is made for service, AFPI charges will be collected at the same time that payment(s) are made for other Service Availability Charges. The AFPI charge will increase for the maximum period allowed by the Commission, after which time it will remain constant. It will continue to be charged to all NEW connections until such time as the total Equivalent Residential Connections (ERC's) equal or exceed the capacity of the plant for which the charge is being collected.
- (6) Inspection Fee - See Sub-section V(3)(b).

VII. **SPECIAL CONDITIONS** Under certain circumstances, as outlined below, special funding arrangements will be necessary or have been arranged for payment of the charges described in this Service Availability Policy.

(1) **Refundable Advances** Where extensions are required for contiguous properties for which service has not yet been provided (hereinafter "Qualified Property") and, where the Company determines that an extension is economically justified or is appropriate to improve system reliability or enhance the quality of service to existing customers; a separate Refundable Advance Agreement may be undertaken by the Applicant and the Company, at the time of the request for service, temporarily defray the cost of any off-site extension of mains and other facilities necessary to provide service to the Applicant's property.

- (a) **Basis of Refundable Advance.** The amount of the refundable advance will be based on the actual cost of the off-site mains and other facilities. Such facilities shall be designed and constructed in accordance with the Company's plans for service to the immediate surrounding area.
- (b) **Charges paid by the Applicant.** Charges paid by the Applicant over and above the Applicant's hydraulic share of the facilities shall be refunded, interest free, in accordance with the terms and conditions of a Commission-approved Refundable Advance Agreement which the Company will execute with the Applicant.
- (c) **Prorated Share of the Capacity.** The Company will collect fees from other Applicants of the Qualified Property based upon their prorated hydraulic share of the facilities. Within sixty (60) days of collection of said fees by the Company, a refund of said fees shall be made to the Applicant in accordance with the Refundable Advance Agreement.

- (d) **Limits on Refund.** Notwithstanding any other provisions of this section, the life of the Refundable Advance Agreement shall be as provided in the Agreement, after which time the balance of any possible refund not already made to the Applicant pursuant to the terms and conditions of the Refundable Advance Agreement will be retained by the Company and such Refundable Advance Agreement will be canceled. In no event shall an Applicant recover an amount (without interest) greater than the difference between the capitalized cost of such improvements and the Applicant's own hydraulic share of the cost of such improvements.
- (2) **Topeka-Deltona Agreement** Agreements between the Company, Deltona Corporation and the Topeka Group set forth certain responsibilities of these parties for funding construction costs related to extending water mains to serve certain lots sold by Deltona Corporation. A copy of the development agreement between Deltona Corporation and the Company is on file at the local utility office and may be examined by any interested Applicant during regular business hours. Provisions of this agreement are outlined above in Sub-section IV - SPECIAL PROVISIONS.

DEPOSIT:

Deposits are necessary to protect paying customers from losses caused by those who do not pay. Deposits earn interest annually. Customers with deposits on account will receive interest credits on the bill received after their 12 month annual anniversary date and each year thereafter during that same period. The timely manner in which payments are made will directly affect the deposit. *Failure to pay before the delinquent date shown on the monthly statement may necessitate an increase in the amount of the deposit to cover two months' average billing and delay the refunding of the deposit.*

Deposits guarantee the payment of any indebtedness for water, sewer, and/or gas service which may be or become due to the Company by the Customer. Customer agrees that the deposit may be applied in discharge of any indebtedness of the Customer to the Company whatsoever and that the Company may use the deposit as if the Company were the absolute owner thereof. Upon discontinuance of service covered by this deposit the Company agrees to refund to the Customer the deposit less any amounts then due the Company.

Receipt of the deposit by the Company shall not preclude the Company from discontinuing for non-payment the service covered by this deposit regardless of the sufficiency

of the deposit to cover any indebtedness for service.

By the signing of this agreement, the Customer recognizes and agrees to abide by all existing policies, Tariffs, Rules and Regulations of the Company, and any amendments thereto. Copies of said Rules and Regulations, and amendments thereto, are available for inspection at the utility office.

The Customer agrees that the duly authorized agents of the Company shall have access at all reasonable hours to the premises of the Customer for the purpose of installing, maintaining, testing, inspecting or removing Company property, reading meters and other purposes incident to performance under or termination of the Company's agreement with the Customer, and in such performance, the Company shall not be liable for trespass.

The Customer further agrees that all bills for water, sewer, and/or gas charges will be paid on or before the due date, and if not so paid, the Company will have the right to disconnect service and charge a fee for reconnecting the service.

It is further understood and agreed that the sale of water and/or gas to the Customer occurs at the meter and the Company has no responsibility relative to service after the water and/or gas reaches the Customer's side of the meter.
