4326

ATTACHMENT A

JUSTIFICATION FOR CONFIDENTIALITY REQUEST

Attachment A consists entirely of the location in Schedule E-1A of the information designated by Southern Bell as confidential. All of said information consists of the cost associated with certain of the universal service order codes for ESSX and switched access services. This information is considered confidential and proprietary. If competitors for Southern Bell's services obtained such cost information, they could succeed in pricing their services below those of Southern Bell. Southern Bell's revenues could well be diminished to the detriment of Southern Bell's ratepayers.
