This Agreement covers services in the state of Florida.

WHEREAS, Section 251 of the Telecommunications Act of 1996 (the "Act") imposes specific obligations on LECs with respect to the interconnection of their networks, resale of their telecommunications services, access to their poles, ducts, conduits and rights-of-way and, in certain cases, the offering of certain unbundled network elements and physical collocation of equipment in LEC premises;

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, GTE and FSC hereby covenant and agree as follows:

#### ARTICLE I SCOPE AND INTENT OF AGREEMENT

For the term of this Agreement, the Parties shall not advocate before any legislative, regulatory, judicial or other public forum that any terms of this Agreement between the Parties be modified, supplemented, suspended or eliminated. Notwithstanding this mutual commitment, the Parties agree that their entrance into this Agreement is without prejudice to any positions they may have taken previously, or may take in the future, in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related to the same types of arrangements covered in this Agreement. GTE's execution of this Agreement is not a concession or waiver in any manner concerning its position that certain of the rates, terms and conditions contained herein are unlawful, illegal and improper.

## ARTICLE II DEFINITIONS

### 1. General Definitions.

Except as otherwise specified herein, the following definitions shall apply to all Articles contained in this Agreement. Additional definitions that are specific to the matters covered in a particular Article may appear in that Article.

- 1.1 "Business Day" shall mean Monday through Friday, except for holidays on which the U.S. mail is not delivered.
- 1.2 "CLLI codes" means Common Language Location Identifier Codes.
- 1.3 "Common Channel Signaling" or "CCS" means a high-speed specialized packet-switched communications network that is separate (out-of-band) from the public packet-switched and message networks. CCS carries addressed signaling messages for individual trunk circuits and/or database-related services between Signaling Points in the CCS network using SS7 signaling protocol.
- 1.4 "Commission" or "FPSC" is the Florida Public Service Commission.
- 1.5 "Exchange Message Record" or "EMR" means the standard used for exchange of telecommunications message information among LECs for billable, unbillable, sample, settlement and study data. EMR format is contained in BR-010-200-010 CRIS Exchange Message Record, a Bellcore document that defines industry standards for exchange message records.
- 1.6 "Exchange Service" refers to all basic access line services, or any other services offered to end users which provide end users with a telephonic connection to, and a unique telephone number address on, the public switched telecommunications network ("PSTN"), and which enable such end users to place or receive calls to all other stations on the PSTN.
- 1.7 "FCC" means the Federal Communications Commission.
- 1.8 "Guide" means the GTE Customer Guide for CLEC Establishment of Services - Resale and Unbundling, which contains GTE's operating procedures for ordering, provisioning, trouble reporting and repair for resold services and unbundled elements. A copy of the Guide has been provided to FSC.
- 1.9 "IXC" or "Interexchange Carrier" means a telecommunications service provider authorized by the FCC to provide interstate long distance communications services

There are two general categories of NPA, "Geographic NPAs" and "Non-Geographic NPAs". (b) To limit access to such Confidential Information to authorized employees who have a need to know the Confidential Information for performance of this Agreement;

(c) To keep such Confidential Information confidential and to use the same level of care to prevent disclosure or unauthorized use of the received Confidential Information as it exercises in protecting its own Confidential Information of a similar nature.

If required, it shall be the responsibility of the Party seeking the information to secure the end user's permission (in the format required by law) to obtain the information. Although in most circumstances the end user's current telephone number may be retained by the end user when switching local service providers, if an end user has past due charges associated with the account, for which payment arrangements have not been made with one Party, the end user's previous telephone number will not be made available to the other Party until the end user's outstanding balance has been paid.

12. Dispute Resolution.

12.1 Alternative to Litigation. Except as provided under Section 252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of this Agreement without litigation. arising under this Agreement. The Parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A Party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each Party may submit in writing to a Party, and that Party shall so respond to, a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each Party is also entitled to take the oral deposition of one individual of another Party. Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within sixty (60) days of the demand for arbitration. The arbitration shall be held in Tampa, Florida. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

12.4 Costs. Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.

13. Entire Agreement. This Agreement constitutes the entire agreement of the Parties pertaining to the subject matter of this Agreement and supersedes all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied, have been made or relied upon in the making of this Agreement other than those specifically set forth herein.

14. Expenses. Except as specifically set out in this Agreement, each Party shall be solely responsible for its own expenses involved in all activities related to the subject of this Agreement.
15. Force Majeure. In the event performance of this Agreement, or any obligation hereunder, is either directly or indirectly prevented, restricted, or interfered with by reason of fire, flood, earthquake or like acts of God, wars, revolution, civil commotion, explosion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, unavailability of equipment from vendor, changes requested by Customer, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); *provided however*, that the Party so affected shall use diligent efforts to avoid or remove such causes of nonperformance and both Parties shall proceed whenever such causes are removed or cease.
16. Governing Law. This Agreement shall be governed by and construed in accordance with the domestic laws of the state where the Services are provided or the facilities reside and shall be subject to the exclusive jurisdiction of the courts therein.
17. Headings. The headings in this Agreement are inserted for convenience and identification only and shall not be considered in the interpretation of this Agreement.
18. Independent Contractor Relationship. The persons provided by each Party shall be solely that Party's employees and shall be under the sole and exclusive direction and control of that Party. They shall not be considered employees of the other Party for any purpose. Each Party shall remain an independent contractor with respect to the other and shall be responsible for compliance with all laws, rules and regulations involving, but not limited to, employment of labor, hours of labor, health and safety, working conditions and payment of wages. Each Party shall also be responsible for payment of taxes, including federal, state and municipal taxes, chargeable or assessed with respect to its employees, such as Social Security, unemployment, workers' compensation, disability insurance, and federal and state withholding. Each Party shall indemnify the other for any loss, damage, liability, claim, demand, or penalty that may be sustained by reason of its failure to comply with this provision.
19. Liability and Indemnity.
- 19.1 Indemnification. Each Party agrees to release, indemnify, defend, and hold harmless the other Party from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, whether suffered, made, instituted, or asserted by any other party or person, for invasion of privacy, personal injury to or death of any person or persons, or for losses, damages, or

destruction of property, whether or not owned by others, proximately caused by the indemnifying Party's negligence or willful misconduct, regardless of form of action.

- 19.2 End User and Content-Related Claims. Customer agrees to release, indemnify, defend, and hold harmless Provider, its affiliates, and any third-party provider or operator of facilities involved in the provision of Services, unbundled network elements or facilities under this Agreement (collectively, the "Indemnified Parties") from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by Customer's end users against an Indemnified Party arising from Services. Customer further agrees to release, indemnify, defend, and hold harmless the Indemnified Parties from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by any third party against an Indemnified Party arising from or in any way related to actual or alleged defamation, libel, slander, interference with or misappropriation of proprietary or creative right, or any other injury to any person or property arising out of content transmitted by Customer or Customer's end users, or any other act or omission of Customer or Customer's end users.
- 19.3 DISCLAIMER. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, PROVIDER MAKES NO REPRESENTATIONS OR WARRANTIES TO CUSTOMER CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, UNBUNDLED NETWORK ELEMENTS OR FACILITIES PROVIDED UNDER THIS AGREEMENT. PROVIDER DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.
- 19.4 Limitation of Liability. Provider's liability, whether in contract, tort or otherwise, shall be limited to direct damages. Liability for inoperative services shall not exceed the pro rata portion of the monthly charges for the Services, for the time period during which the Services, provided pursuant to this Agreement are inoperative, not to exceed in total Provider's monthly charge to Customer. UNDER NO CIRCUMSTANCE SHALL PROVIDER BE RESPONSIBLE OR LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, ECONOMIC LOSS, LOST BUSINESS, REVENUES, SAVINGS OR PROFITS, DAMAGES ARISING FROM THE USE, LOSS OF USE OR PERFORMANCE OF EQUIPMENT OR SOFTWARE OR ACCESSORIES ATTACHED THERETO, DELAY, ERROR, OR LOSS OF DATA, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, WARRANTY, STRICT LIABILITY OR TORT OR NEGLIGENCE OF ANY KIND, WHETHER ACTIVE OR PASSIVE, AND REGARDLESS OF WHETHER THE PROVIDER KNEW OF THE POSSIBILITY THAT SUCH DAMAGES COULD RESULT. THE CUSTOMER HEREBY RELEASES THE PROVIDER (AND THE PROVIDER'S SUBSIDIARIES,

AFFILIATES, AND THE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS) FROM ANY SUCH CLAIM. In connection with this limitation of liability, the Parties recognize that Provider may, from time to time, provide advice, make recommendations, or supply other analysis related to the Services described in this Agreement, and, while Provider shall use diligent efforts in this regard, Customer acknowledges and agrees that this limitation of liability shall apply to provision of such advice, recommendations, and analysis.

- 19.5 Intellectual Property. Neither Party shall have any obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, the other based on or arising from any claim, demand, or proceeding by any third party alleging or asserting that the use of any circuit, apparatus, or system, or the use of any software, or the performance of any service or method, or the provision or use of any facilities by either Party under this Agreement constitutes direct or contributory infringement, or misuse or misappropriation of any patent, copyright, trademark, trade secret, or any other proprietary or intellectual property right of any third party.
20. Multiple Counterparts. This Agreement may be executed multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.
21. Nonexclusive Remedies. Except as otherwise expressly provided in this Agreement, each of the remedies provided under this Agreement is cumulative and is in addition to any remedies that may be available at law or in equity.
22. No Offer. Submission of this Agreement for examination or signature does not constitute an offer by Provider for the provision of the products or services described herein. This Agreement will be effective only upon execution and delivery by both Parties and approval by the Commission in accordance with Section 252 of the Act.
23. Notices. Any notice to a Party required or permitted under this Agreement shall be in writing and shall be deemed to have been received on the date of service if served personally, on the date receipt is acknowledged in writing by the recipient if delivered by regular U.S. mail, or on the date stated on the receipt if delivered by certified or registered mail or by a courier service that obtains a written receipt. Notice may also be provided by facsimile, which shall be effective on the next Business Day following the date of transmission. "Business Day" shall mean Monday through Friday, except for holidays on which the U. S. mail is not delivered. Any notice shall be delivered using one of the alternatives mentioned in this section and shall be directed to the applicable address indicated below or such address as the Party to be notified has designated by giving notice:

24. Protection.

24.1 Impairment of Service. The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement shall not interfere with or impair service over any facilities of the other Party, its affiliated companies, or its connecting and concurring carriers involved in its services, cause damage to their plant, violate any applicable law or regulation regarding the invasion of privacy of any communications carried over the Party's facilities or create hazards to the employees of either Party or to the public (each hereinafter referred to as an "Impairment of Service").

24.2 Resolution. If either Party causes an Impairment in Service, the Party whose network or service is being impaired (the "Impaired Party") shall promptly notify the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of Service, then the Impaired Party may at its option temporarily discontinue the use of the affected circuit, facility or equipment.

25. Publicity. Any news release, public announcement, advertising, or any form of publicity pertaining to this Agreement, provision of services pursuant to it, or association of the Parties with respect to provision of the services described in this Agreement shall be subject to prior written approval of both GTE and FSC. Neither Party shall publish or use any advertising, sales

promotions or other publicity materials that use the other Party's logo, trademarks or service marks without the prior written approval of the other Party.

26. Regulatory Agency Control. This Agreement shall at all times be subject to changes, modifications, orders, and rulings by the Federal Communications Commission and/or the applicable state utility regulatory commission to the extent the substance of this Agreement is or becomes subject to the jurisdiction of such agency. Notwithstanding the date set forth in the first paragraph of this Agreement, if this Agreement is subject to advance approval of a regulatory agency, this Agreement shall not become effective until five (5) Business Days after receipt by the Parties of written notice of such approval. Such date (i.e., five Business Days after the Parties receive the written notice of approval) shall become the "effective date" of this Agreement for all purposes.
27. Rule of Construction. No rule of construction requiring interpretation against the drafting party hereof shall apply in the interpretation of this Agreement.
28. Section References. Except as otherwise specified, references within an Article of this Agreement to a Section refer to Sections within that same Article.
29. Severability. If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results, in the opinion of either Party, in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon within a reasonable period, either Party may terminate this Agreement without penalty or liability for such termination upon written notice to the other Party.
30. Subcontractors. Provider may enter into subcontracts with third parties or affiliates for the performance of any of Provider's duties or obligations under this Agreement.
31. Subsequent Law. The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, regulations or guidelines that subsequently may be prescribed by any federal, state or local governmental authority. To the extent required by any such subsequently prescribed law, rule, regulation or guideline, the parties agree to modify, in writing, the affected term(s) and condition(s) of this Agreement to bring them into compliance with such law, rule, regulation or guideline.
32. Trademarks and Trade Names. Except as specifically set out in this Agreement, nothing in this Agreement shall grant, suggest, or imply any authority for one Party to use the name, trademarks, service marks, or trade names of the other for any purpose whatsoever.
33. Waiver. The failure of either Party to insist upon the performance of any provision of this Agreement, or to exercise any right or privilege granted to it under this Agreement, shall not

be construed as a waiver of such provision or any provisions of this Agreement, and the same shall continue in full force and effect.

34. Amendment of Certain Rates, Terms and Conditions. The Parties agree as follows with respect to modification of the rates, terms and conditions initially provided for herein:

The rates, terms and conditions in this Agreement that are specified in Appendix D (the "MCI Terms") were taken from the GTE/MCI Interconnection, Resale and Unbundling Agreement (the MCI Agreement) approved by the Commission in Docket No. 960980-TP. The rates, terms and conditions not included in this Agreement but referenced in Appendix E (the "GTE Terms") were excluded from the MCI Agreement by the Commission in Docket No. 960980-TP. GTE and FCS agree that if the "MCI Terms" are deemed to be unlawful, or are stayed, enjoined or otherwise modified, in whole or in part, by a court or commission of competent jurisdiction, then this Agreement shall be deemed to have been amended accordingly, by modification of the "MCI Terms" or, as appropriate, the substitution of "GTE Terms" for all stayed or enjoined "MCI Terms", and such amendment shall be effective retroactive to the Effective Date of this Agreement.

GTE and FCS further agree that the terms and conditions of this Agreement reflect certain requirements of the FCC's First Report and Order in CC Docket No. 96-98. The terms and conditions of this Agreement shall be subject to any and all actions by any court or other governmental authority that invalidate, stay, vacate or otherwise modify the FCC's First Report and Order, in whole or in part. To the extent required by any such subsequent action, the parties agree to modify, in writing, the affected terms and conditions of this Agreement to bring them into compliance with the subsequent action. FCS acknowledges that GTE may seek to enforce such subsequent action before a commission or court of competent jurisdiction. GTE does not waive any position regarding the illegality or inappropriateness of the FCC's First Report and Order.

The rates, terms and conditions (including rates which may be applicable under true-up) specified in both the "GTE Terms" and the "MCI Terms" are further subject to amendment, retroactive to the Effective Date of the Agreement, to provide for charges or rate adjustments resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation.

If the Commission (or any other commission or federal or state court) in reviewing this Agreement pursuant to applicable state and federal laws, including Section 252(e) of the Telecommunications Act of 1996, deletes or modifies in any way this Section 34, FCS agrees that this entire Agreement is void and will not become effective, and FCS agrees

to withdraw this Agreement from consideration by the Commission (or any other  
commission or federal or state court).

ARTICLE IV  
RESALE OF SERVICES

1. General.

The purpose of this Article is to define the Exchange Services and related Vertical Features and other Services (collectively referred to for purposes of this Article IV as the "Services") that may be purchased from GTE and resold by FSC and the terms and conditions applicable to such resold Services. Except as specifically provided otherwise in this Agreement, provisioning of Exchange Services for resale will be governed by the GTE Customer Guide for CLEC Establishment of Services - Resale and Unbundling (the "Guide"), which may be amended from time to time by GTE as needed. GTE shall provide reasonable advance notification to FSC of any changes to the Guide.

2. Terms and Conditions.

2.1 Class of Service. FSC will resell to its end user customers the same class of service as was or would be provided by GTE to that end user customer, in accordance with State requirements. For example, FSC shall not resell GTE residential service to an end user customer for use as a business class of service.

2.2 Resale to Other Carriers. Services available for resale may not be used by FSC to provide access to the local network as an alternative to tariffed switched and special access by other carriers, including, but not limited to; interexchange carriers, wireless carriers, competitive access providers, or other retail telecommunications providers.

3. Ordering and Billing.

3.1 Local Service Request. Orders for resale of Services will be placed utilizing a standard Local Service Request ("LSR") form. A complete and accurate LSR (containing the requisite end user information as described in the Guide) must be provided by FSC before a request can be processed.

3.2 Certificate of Operating Authority. When ordering, FSC must represent and warrant to GTE that it is a certified provider of local dial-tone service. FSC will provide a copy of its Certificate of Operating Authority or other evidence of its status to GTE upon request.

3.3 Letter of Authorization. A Letter of Authorization ("LOA") will be required before resold Services will be provided if the subscriber currently receives Exchange Service from GTE or from a local service provider other than FSC. Such LOA may be a blanket LOA or such other form as agreed upon between GTE and FSC, provided, however, that FSC complies with the requirements for a signed LOA from the end user as specified in Section 3.4 when requesting information from GTE end user customer accounts.

- 3.4 Services Ordered. FSC shall identify each specific GTE Service ordered for each FSC end user customer: i.e., GTE will not transfer Services "as is."
- 3.4.1 Customer Service Records. GTE will not release information to FSC on GTE end user customer accounts unless FSC first provides a written Letter of Authorization, signed by the end user customer, authorizing the release of such information to FSC.
- 3.5 Nonrecurring Charges. FSC shall be responsible for the payment of all nonrecurring charges ("NRCs") applicable to resold Services. Non-recurring charges for FSC which are not included in Appendix A are as follows:
- |   |        |
|---|--------|
| Customer Service Record Research, per request | \$5.25 |
| Transfer of Service Charge, per order         | 16.00  |
| Initial Service Order, per order              | 41.50  |
| Subsequent Service Order, per order           | 24.00  |
| Installation, per line                        | 26.25  |
- Outside Facility Connection Charge, per order (This charge will apply when field work is required for establishment of a new resale service. The terms, conditions and rates that apply for this work are described in the Company's retail local service tariffs.)
- 3.6 Transfers Between FSC and Another Reseller of GTE Services. When FSC has obtained an end user customer from another reseller of GTE services, FSC will inform GTE of the transfer by submitting a standard LSR to GTE. Such LSR must contain the code of the displaced reseller, indicating that FSC has advised the displaced reseller that the end user has chosen FSC as their new local service provider.
- 3.7 Responsibility for Payment. All charges for Services provided for resale under this agreement will be billed to FSC, including all applicable taxes and surcharges, as well as the End User Common Line ("EUCL") Charge from GTE's Tariff FCC No. 1. FSC is responsible for payment of charges billed, regardless of any billing arrangement or situation between FSC and its end user customer.
- 3.8 Fraud. FSC assumes responsibility for all fraud associated with its end user customers and accounts. GTE takes no responsibility, will not investigate and will make no adjustments to FSC's account in cases of fraud.
- 3.9 Local Calling Detail. Except for those Services and in those areas where measured rate local service is available to end users, monthly billing to FSC does not include local calling detail.
- 3.10 Customer Contact and Referral. The Parties will provide each other with a number for referral of inquiries from customers. GTE will refer to FSC all inquiries or other calls

from FSC's end users. FSC will refer all inquiries or other calls from GTE's customers to GTE.

- 3.11 Procedures. An overview of the procedures for preordering, ordering, provisioning and billing for resold services are outlined in Appendix B, attached hereto and made a part hereof.
4. Maintenance.
- 4.1 Maintenance, Testing and Repair. GTE will provide repair and maintenance services to FSC and its end user customers for resold Services in accordance with the same standards used for such services provided to GTE end user customers. GTE will not initiate a maintenance call or take action in response to a trouble report until such time as trouble is reported to GTE by FSC. FSC must provide to GTE all end user information necessary for the installation, repair and servicing of any facilities used for resold Services according to the procedures described in the Guide.
- 4.2 Specifics and Procedures for Maintenance. An overview of the procedures for maintenance of resold services and additional matters agreed to by the Parties concerning maintenance are set forth in Appendix B.

Notwithstanding the foregoing, to the extent that there is a direct conflict between the terms, conditions and other matters in such tariffs and any specific provision of this Agreement, the terms and conditions in this Agreement shall control.

- 5.3 Rates. The wholesale rate for all Services available for resale is listed in Appendix A.
- 5.4 Non-Recurring Charges. Charges associated with the installation of new services or features or changes to existing services or features are identified in Appendix A. No discount applies to nonrecurring charges.

ARTICLE V  
ADDITIONAL SERVICES AND COORDINATED SERVICE ARRANGEMENTS

1. Transfer of Service Announcements. When an end user customer transfers service from GTE to FSC, or from FSC to GTE, and does not retain its original telephone number, the Party formerly providing service to the end user will provide, upon request and if such service is provided to its own customers, a referral announcement on the original telephone number. This announcement will provide the new number of the customer.
2. Coordinated Repair Calls. The Parties will employ the following procedures for handling misdirected repair calls:
  - 2.1 The Parties will educate their respective customers as to the correct telephone numbers to call to access their respective repair or customer care centers.
  - 2.2 To the extent that the correct provider of service to the customer is identifiable, the Parties will refer customers that make misdirected repair calls to the other Party to the telephone number provided by the provider of service to that customer. Such referrals will be made in a courteous manner and at no charge to the other Party. Communications with end users of the other Party during such misdirected calls other than referral to the correct number are prohibited.
  - 2.3 The Parties will provide their respective repair/customer care contact numbers to one another on a reciprocal basis.
3. Directory Listings and Directory Distribution. As described in Appendix C, (the "Directories Agreement"), FSC's end users' primary listings shall be included in the appropriate GTE white pages directory, as well as GTE's directory assistance database. FSC's business end users' listings also will be included in all appropriate GTE "yellow pages" or classified directories and directories will be provided to FSC's end users in accordance with the Directories Agreement. GTE will also list in the information pages of the appropriate white pages directories FSC's critical customer contact numbers (e.g. business office, repair service, billing) in accordance with the terms and conditions in the Directories Agreement.

ARTICLE VI  
GENERAL RULES GOVERNING RESOLD SERVICES

1. General. General regulations, terms and conditions governing rate applications, technical parameters, service availability, definitions and feature interactions, as described in the appropriate GTE intrastate local, toll and access tariffs apply to retail services made available by GTE to FSC for resale items, when appropriate, unless otherwise specified in this Agreement. As applied to services or network elements offered under this Agreement, the term "Customer" contained in the GTE Retail Tariff shall be deemed to mean "FSC" as defined in this Agreement.
2. Liability of GTE.
  - 2.1 Inapplicability of Tariff Liability. GTE's general liability, as described in the GTE Retail Tariff, does not extend to FSC's customers or any other third party. Liability of GTE to FSC resulting from any and all causes arising out of services or any other items relating to this Agreement shall be governed by the liability provisions contained in this Agreement and no other liability whatsoever shall attach to GTE. GTE shall be liable for the individual services, facilities or elements that it separately provides to FSC and shall not be liable for the integration of components combined by FSC.
  - 2.2 FSC Tariffs or Contracts. FSC shall, in its tariffs or other contracts for services provided to its end users using services obtained from GTE, provide that in no case shall GTE be liable to FSC's end users or any third parties for any indirect, special or consequential damages, including, but not limited to, economic loss or lost business or profits, whether foreseeable or not, and regardless of notification by FSC of the possibility of such damages and FSC shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities based on any reason whatsoever from its customers as provided in this Agreement. Nothing in this Agreement shall be deemed to create a third party beneficiary relationship with FSC's end users.
  - 2.3 No Liability for Errors. GTE is not liable for mistakes that appear in GTE's listings, 911 and other information databases, or for incorrect referrals of end users to FSC for any ongoing FSC service, sales or repair inquiries, and with respect to such mistakes or incorrect referrals, FSC shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities whatsoever, including costs, expenses and reasonable attorney's fees incurred on account thereof, by third parties, including FSC's end users or employees. For purposes of this Section 2.3, mistakes and incorrect referrals shall not include matters arising out of the willful misconduct of GTE or its employees or agents.
3. Unauthorized Changes.

- 3.1 Procedures. If FSC submits an order for resold services under this Agreement in order to provide service to an end user that at the time the order is submitted is obtaining its local services from GTE or another LEC using GTE resold services or unbundled elements, and the end user notifies GTE that the end user did not authorize FSC to provide local exchange services to the end user, FSC must provide GTE with written documentation of authorization from that end user within three (3) business days of notification by GTE. If FSC cannot provide written documentation of authorization within such time frame, FSC must within three (3) business days thereafter:
- (a) notify GTE to change the end user back to the LEC providing service to the end user before the change to FSC was made; and
  - (b) provide any end user information and billing records FSC has obtained relating to the end user to the LEC previously serving the end user; and
  - (c) notify the end user and GTE that the change back to the previous LEC has been made; and
  - (d) pay GTE fifty dollars (\$50.00) per affected line to compensate GTE for switching the end user back to the original LEC.
- 3.2 Option to Restrict Changes Without Evidence of Authorization. FSC's or GTE's end users may request GTE to permit changes of their provider of local exchange services only upon end user password-based notification to GTE that the end user wishes to change the end user's provider of local exchange services. In such a situation, GTE will not change an end user's provider of local exchange services without such password-based notification.
4. Impact of Payment of Charges on Service. FSC is solely responsible for the payment of all charges for all services furnished under this Agreement, including, but not limited to, calls originated or accepted at its or its end users' service locations. If FSC fails to pay when due any and all charges billed to FSC under this Agreement, including any late payment charges (collectively, "Unpaid Charges"), and any or all such charges remain unpaid more than forty-five (45) days after the due date of such Unpaid Charges, GTE shall notify FSC in writing that it must pay all Unpaid Charges to GTE within seven (7) business days. If FSC disputes the billed charges, it shall, within said seven (7) day period, inform GTE in writing of which portion of the Unpaid Charges it disputes, including the specific details and reasons for the dispute, immediately pay to GTE all undisputed charges, and shall pay disputed charges into an interest bearing escrow account. If FSC and GTE are unable, within thirty (30) days thereafter, to resolve issues related to the disputed charges, then either FSC or GTE may file a complaint with the Commission to resolve those issues. The Commission may direct the release of any or all funds (including any accrued interest) in the escrow account, plus applicable late fees, to be paid to GTE and/or FSC. If FSC fails to pay any undisputed Unpaid Charges, FSC shall, at its sole expense, within five (5) business days notify its end users that their service may be disconnected

for FSC's failure to pay Unpaid Charges, and that its end users must select a new provider of local exchange services. If FSC fails to provide such notification or any of FSC's end users fail to select a new provider of services within the applicable time period, GTE will provide local exchange services to FSC's end users under GTE's applicable end user tariff at the then current charges for the services being provided. In this circumstance, otherwise applicable service establishment charges will not apply to FSC's end user, but will be assessed to FSC. GTE may discontinue service to FSC upon failure to pay undisputed charges as provided in this Section 4, and shall have no liability to FSC or FSC's end users in the event of such disconnection.

5. Unlawful Use of Service. Services provided by GTE pursuant to this Agreement shall not be used by FSC or its end users for any purpose in violation of law. FSC, and not GTE, shall be responsible to ensure that FSC and its end users use of services provided hereunder comply at all times with all applicable laws. GTE may refuse to furnish service to FSC or disconnect particular services provided under this Agreement to FSC or, as appropriate, FSC's end user when (i) an order is issued by a court of competent jurisdiction finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law or (ii) GTE is notified in writing by a law enforcement agency acting within its jurisdiction that any facility furnished by GTE is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of law. Termination of service shall take place after reasonable notice is provided to FSC, or as ordered by the court. If facilities have been physically disconnected by law enforcement officials at the premises where located, and if there is not presented to GTE the written finding of a court, then upon request of FSC and agreement to pay restoral of service charges and other applicable service charges, GTE shall promptly restore such service.

6. Timing of Messages. With respect to measured rate local service or other usage sensitive services provided under this Agreement, chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when the calling station "hangs up", thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the network.

					Footnote (3) This matrix is subject to Legal and/or Regulatory constraints.						
					Footnote (4) The Initial Service Order charge is \$41.50, the Subsequent Service Order charge is \$24.00 and the Installation per line charge is \$26.25.						
					The Outside Facility Connection Charge will apply when field work is required for establishment of a new resale service. The terms, conditions and rates that apply for this work are described in the Company's retail local service tariffs.						
					Footnote: (5) Prices contained in this price list have been calculated according to the formula: (1) retail price, less (2) avoided retail costs. However, for all basic exchange access services, e.g., residential line (R1), business line (B1), PBX trunk, CentraNet Line, or ISDN line, a further adjustment to service costs will be required to recognize the foregone contribution associated with complementary intraLATA toll service. Therefore, prices for these services must be recalculated according to the formula: (1) retail price, less (2) avoided retail costs, plus (3) toll opportunity loss (toll contribution), less (4) access opportunity gain from lost toll (access contribution).						

APPENDIX B  
OPERATIONS SUPPORT SYSTEM FUNCTIONS

1. Service Ordering, Service Provisioning, and Billing Systems Generally. The following describes the operations support systems that GTE will use and the related functions that are available in the short term to FSC for ordering, provisioning and billing for resold services.

1.1 Operations Support Systems for Resold Services.

- 1.1.1 FSC will also be able to order services for resale directly from GTE through an electronic interface. To initiate an order for these services, FSC will submit a Local Service Request ("LSR") from its data center to GTE's Data Center using the same electronic NDM interface used for trunk-side interconnection. If FSC chooses not to use the electronic NDM, GTE will accommodate submission of LSR orders by facsimile, E-mail, internet or a dial NDM arrangement. An LSR is very similar to an ASR, except that it will be used exclusively for line-side interconnection requests. GTE will transfer LSRs to GTE's NOMC centralized service order processing center electronically. If FSC decides not to use an electronic interface to reach GTE's data center, or does not have data centers similar to FSC's, GTE will accept requests for service through other forms or media directly to the NOMC.
- 1.1.2 Most LSRs will be used either to transfer an existing GTE customer to FSC or to request service for a new customer who is not an existing GTE customer. Depending on the situation, different information will be required on the LSR. LSRs for a conversion of a GTE local customer to FSC must include information relating to all existing, new and disconnected services for that customer, including the customer's name, type of service desired, location of service and features or options the customer desires. For service to a new customer who is not an existing GTE customer, the LSR must contain the customer's name, service address, service type, services, options, features and ALEC data. If known, the LSR should include the telephone number and due date/desired due date.
- 1.1.3 While FSC would have its own customer information and the SAG/GTE products on tape from GTE, FSC would not have the due date or new telephone number for new customers since that information is contained in GTE's systems. Therefore, a process is required to provide this information to FSC. GTE itself does not have uniform access to this information electronically. Until there is agreement on electronic interfaces, FSC has agreed that an 800 number is the method that will be used. The 800 telephone number will connect FSC directly to GTE's NOMC service representatives. When FSC receives a request for service from a new local service customer, FSC will call GTE's NOMC through the 800 number, and, while the new customer is on hold, GTE will provide the due date for service and

the new telephone number for that customer. At the same time, FSC will give GTE the new customer's name, service address and type of requested service (e.g., R1, B1, etc.). GTE will enter that information into its SORCES or SOLAR service ordering systems to be held in suspense until FSC sends the confirming LSR. FSC will then return to its customer holding on the line and provide the due date and new telephone number.

- 1.1.4 After concluding the telephone call with the new customer, FSC will complete a confirming LSR for the new service and send it electronically to GTE's data center for processing. Upon receipt, GTE will match the LSR with the service order suspended in GTE's system, and if there is a match, GTE will process the LSR. After the LSR is processed, GTE will transmit confirmation electronically to FSC through the NDM that the LSR has been processed, providing a record of the telephone number and due date. Of course, GTE cannot hold the LSR in suspension forever. Thus, FSC will be required to submit the confirming LSR by 12:00 p.m. each day local time, as defined by the location of the service address. If FSC fails to submit the LSR in a timely manner, the suspended LSR will be considered in jeopardy, at which time GTE will assign a new due date upon receipt of the delayed LSR for such customer requests and notify FSC of the change.
- 1.1.5 Number assignments and due date schedules for services other than single line service will be assigned using the standard Firm Order Confirmation ("FOC") report sent electronically to FSC over the NDM, thereby providing a record of the newly established due date. An exception would be a multi-line hunt group, for which the pilot number will be provided by the 800 number. The other numbers then will be provided through the normal electronic confirmation process.
- 1.1.6 The processing of specifically requested telephone numbers (called "vanity numbers") is as follows. GTE will work with FSC on a real time interface to process vanity numbers while FSC's customer is still on the line. If a number solution can be established expeditiously, it will be done while the customer is still on the line. If extensive time will be required to find a solution, GTE service representatives will work with FSC representatives off line as GTE would for its own customers. For all of this, the basic tariff guidelines for providing telephone numbers will be followed.
- 1.1.7 Once the order for line-side interconnection service is established, it is moved for provisioning to the next system level. Here, GTE will validate and process the LSR to establish an account for FSC and, if GTE continues to provide some residual services to the customer, GTE will maintain a GTE account. In GTE's system, GTE's account is called the Residual Account and FSC's account is referred to as the ALEC Account. If any engineering for the service is necessary, the account would be distributed to the SSCC. Otherwise, it will be distributed for facility assignment.

- 1.1.8 With the account established and any engineering and facility assignment complete, GTE then will transmit electronically a record to GTE's CZT field personnel if physical interconnection or similar activity is required. The CZTs will provision the service and then electronically confirm such provision in the SOLAR/SORCES system when completed. The accounts then will be transmitted to GTE's Customer Billing Services System ("CBSS"). Call records for actual service provided to FSC's customers on GTE facilities will be transmitted from GTE's switches through some usage rating systems (BIP, UMS), screened and eventually delivered to CBSS for the generation of bills.
- 1.1.9 CBSS is a different system than CABS, and it is the one that GTE will utilize to produce the required bills for resold services. CBSS will create a bill to FSC for resold services along with a summary bill master. Daily unrated records on FSC's accounts also will be generated and transmitted electronically to FSC. CBSS is the same system that generates GTE's own end user bill for GTE local and residual services.
- 1.1.10 In addition to the LSR delivery process, FSC will distribute directory assistance and directory listing information (together sometimes referred to hereafter as "DA/DL information") to GTE's Data Center over the NDM. GTE will sort the data containing this information and process it to GTE's directory publication company and its directory assistance bureaus.

2. Maintenance Systems.

2.1 General Overview.

- 2.1.1 The maintenance operations support systems which GTE will use for FSC are essentially the same as those GTE uses to provide its own local repair service. If FSC requires maintenance for its local service customers, FSC will initiate a request for repair (sometimes referred to as a "trouble report") by calling GTE's Customer Care Repair Center. During this call, GTE service representatives will verify that the end-user is an FSC customer and will then obtain the necessary information from FSC to process the trouble report. While the FSC representatives are still on the line, GTE personnel will perform an initial analysis of the problem and remote line testing for resale services. If engineered services are involved, the call will be made to the GTE SSCC for handling. If no engineering is required and the line testing reveals that the trouble can be repaired remotely, GTE personnel will correct the problem and close the trouble report while FSC representatives are still on the line. If on-line resolution is not possible, GTE personnel will provide FSC representatives a commitment time for repair and a trouble ticket number, and the GTE personnel then will enter the trouble ticket into the GTE service dispatch queue. FSC's repair service

commitment times will be within the same intervals as GTE provides to its own end users.

- 2.1.2 Repair calls to the SSCC for engineered services will be processed in essentially the same manner as those by the GTE Customer Care Center. GTE personnel will analyze the problem, provide the FSC representative with a commitment time while they are still on the line, and then place the trouble ticket in the dispatch queue.
- 2.1.3 GTE then will process all FSC trouble reports in the dispatch queue along with GTE trouble reports in the order they were filed (first in, first out), with priority given to out-of-service conditions. If, at any time, GTE would determine that a commitment time given to FSC becomes in jeopardy, GTE service representatives will contact FSC by telephone to advise of the jeopardy condition and provide a new commitment time.
- 2.1.4 Trouble reports in the dispatch queue will be transmitted electronically to GTE CZT service technicians who will repair the service problems and clear the trouble reports. For cleared FSC trouble reports, GTE service technicians will make a telephone call to FSC directly to clear the trouble ticket. GTE service technicians will make the confirmation call to the telephone number provided by FSC. If FSC is unable to process the call or places the GTE technician on hold, the call will be terminated. To avoid disconnect, FSC may develop an answering system, such as voice mail, to handle the confirmation calls expeditiously.
- 2.1.5 GTE will not provide "on-line" access to GTE's maintenance support systems to "status" trouble tickets and close them except by special request on a per event basis.
- 2.1.6 GTE will resolve repair requests by or for FSC local service customers using GTE's existing repair system in parity with repair requests by GTE end users. GTE will respond to service requests for FSC using the same time parameters and procedures that GTE uses. FSC then would call GTE's Customer Care Center or SSCC while the customers were on hold.
