Re: Docket No.
Petition for Approval of Interconnection, Resale and Unbundling Agreement
between GTE Florida Incorporated and Teligent, Inc.

Dear Ms. Bayo:

Please find enclosed for filing an original and five copies of GTE Florida Incorporated's Petition for Approval of Interconnection, Resale and Unbundling Agreement with Teligent, Inc. Service has been made as indicated on the Certificate of Service. If there are any questions regarding this matter, please contact me at (813) 483-2615.

Very truly yours,

Anthony P. Gillman

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for Approval of Interconnection,)
Resale and Unbundling Agreement between)
GTE Florida Incorporated and Teligent, Inc.)
_____)

Docket No.
Filed: November 26, 1997

**PETITION OF GTE FLORIDA INCORPORATED FOR APPROVAL OF
INTERCONNECTION, RESALE AND UNBUNDLING AGREEMENT WITH
TELIGENT, INC.**

GTE Florida Incorporated (GTEFL) files this petition before the Florida Public Service Commission seeking approval of an interconnection, resale and unbundling agreement which GTEFL has entered with Teligent, Inc. (Teligent), attached hereto as Attachment A.

The United States Congress recently passed legislation amending the Communications Act of 1934. This act, referred to as the Telecommunications Act of 1996, requires that any "interconnection agreement adopted by negotiation or arbitration shall be submitted for approval to the State commission." *Telecommunications Act of 1996, §252(e)*. Under the federal act, interconnection/resale agreements can be rejected by the state commission only if the commission finds that the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement or if the implementation of that agreement is not consistent with the public interest, convenience and necessity.

WHEREFORE, GTEFL respectfully requests that the Commission approve the attached agreement entered with Teligent and that GTEFL be granted all other relief proper under the circumstances.

This Interconnection, Resale and Unbundling Agreement (the "Agreement"), is made effective as of _____, 199__, by and between GTE FLORIDA Incorporated, with its address for purposes of this Agreement at 600 Hidden Ridge Drive, Irving, Texas 75038 ("GTE"), and TELIGENT, Inc., in its capacity as a certified provider of local dial-tone service ("Teligent"), with its address for this Agreement at 8065 Leesburg Pike, Vienna, Virginia, Suite 400, 22182 (GTE and Teligent being referred to collectively as the "Parties" and individually as a "Party"). This Agreement covers services in the state of Florida only (the "State").

WHEREAS, interconnection between competing Local Exchange Carriers ("LECs") is necessary and desirable for the mutual exchange and termination of traffic originating on each LEC's network; and

WHEREAS, the Parties desire to exchange such traffic and related signaling in a technically and economically efficient manner at defined and mutually agreed upon points of interconnection; and

WHEREAS, the Parties wish to enter into an agreement to interconnect their respective telecommunications networks on terms that are fair and equitable to both Parties; and

WHEREAS, Section 251 of the Telecommunications Act of 1996 (the "Act") imposes specific obligations on LECs with respect to the interconnection of their networks, resale of their telecommunications services, access to their poles, ducts, conduits and rights-of-way and, in certain cases, the offering of certain unbundled network elements and physical collocation of equipment in LEC premises;

NOW, THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, GTE and Teligent hereby covenant and agree as follows:

ARTICLE I SCOPE AND INTENT OF AGREEMENT

Pursuant to this Agreement, the Parties will extend certain arrangements to one another within each area in which they both operate within the State for purposes of interconnection and the exchange of traffic between their respective end user customers, and reciprocal access to poles, ducts, conduits and rights-of-way. This Agreement also governs the purchase by Teligent of certain telecommunications services provided by GTE in its franchise areas for resale by Teligent, the purchase by Teligent of certain unbundled network elements from GTE, and the terms and conditions of the collocation of certain equipment of Teligent in the premises of GTE. This Agreement is an integrated package that reflects a balancing of interests critical to the Parties. This Agreement will be submitted to the Florida Public Service Commission (the "Commission") for approval. The Parties agree that their entrance into this Agreement is without prejudice to and does not waive any positions they may have taken previously, or may take in the future, in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related to the same types of arrangements covered in this Agreement. Teligent agrees to negotiate reciprocal terms and conditions with GTE based on this Agreement.

The services and facilities to be provided to Teligent by GTE in satisfaction of this Agreement may be provided pursuant to GTE tariffs and then current practices. Should such services and facilities be modified by tariff or by Order, including any modifications resulting from other Commission proceedings, federal court review or other judicial action, such modifications will be deemed to automatically supersede any rates and terms and conditions of this Agreement. GTE will provide notification to Teligent before such a tariff becomes effective, and Teligent may provide input on such proposed tariff. The Parties shall cooperate with one another for the purpose of incorporating required modifications into this agreement.

ARTICLE II DEFINITIONS

1. **General Definitions.** Except as otherwise specified herein, the following definitions shall apply to all Articles and Appendices contained in this Agreement. Additional definitions that are specific to the matters covered in a particular Article may appear in that Article. To the extent that there may be any conflict between a definition set forth in this Article II and any definition in a specific Article or Appendix, the definition set forth in the specific Article or Appendix shall control with respect to that Article or Appendix.
- 1.1 **"Access Service Request" (ASR)** means an industry standard form used by the Parties to add, establish, change or disconnect services or trunks for the purposes of Interconnection.
- 1.2 **"Act"** means the Telecommunications Act of 1996, Public Law 104-104 of the 104th United States Congress effective February 8, 1996.
- 1.3 **"Affiliate" of a Party** means a person, corporation or other legal entity that, directly or indirectly, owns or controls a Party, or is owned or controlled by, or is under common ownership or control with a Party.
- 1.4 **"AMA"** means the Automated Message Accounting structure inherent in switch technology that initially records telecommunication message information. AMA format is contained in the Automated Message Accounting document, published by Bellcore as GR-1100-CORE which defines the industry standard for message recording.
- 1.5 **"Applicable Law"** shall mean all laws, statutes, common law, regulations, ordinances, codes, rules, guidelines, orders, permits, and approvals of any Governmental Authority, which apply or relate to the subject matter of this Agreement.
- 1.6 **"Automatic Location Identification/Data Management System (ALI/DMS)"** means the emergency services (E911/911) database containing customer location information (including name, address, telephone number, and sometimes special information from the local service provider) used to process subscriber access records into Automatic Location Identification (ALI) records. From this database, records are forwarded to GTE's ALI Gateway for downloading by local ALI database systems to be available for retrieval in response to ANI from a 9-1-1 call. Also, from this database, GTE will upload to its selective routers the selective router ALI (SR/ALI) which is used to determine to which Public Safety Answering Point ("PSAP") to route the call

- 1.7 **"Automatic Number Identification" or "ANI"** refers to the number transmitted through the network identifying the calling party.
- 1.8 **"Bellcore"** is an organization that conducts research and development projects, including development of new telecommunications services. Bellcore also provides certain centralized technical and management services for the regional Bell holding companies and also provides generic requirements for the telecommunications industry for products, services and technologies.
- 1.9 **"Bill-and-Keep Arrangement"** means a compensation arrangement whereby the Parties do not render bills to each other for the termination of local traffic specified in this Agreement and whereby the Parties terminate local exchange traffic originating from end-users served by the networks of the other Party without explicit charging among or between said carriers for such traffic exchange.
- 1.10 **"Bona Fide Request (BFR)"** process is intended to be used when requesting customized Service Orders for certain services, features, capabilities or functionality defined and agreed upon by the Parties as services to be ordered as Bona Fide Requests.
- 1.11 **"Business Day"** shall mean Monday through Friday, except for holidays on which the U.S. mail is not delivered.
- 1.12 **"Central Office Switch"** means a switch used to provide telecommunications services including (i) **"End Office Switches"** which are Class 5 switches from which end user Exchange Services are directly connected and offered, and (ii) **"Tandem Office Switches"** which are Class 4 switches which are used to connect and switch trunk circuits between and among central office switches. Central office switches may be employed as combination end office/tandem office switches (combination Class 5/Class 4).
- 1.13 **"Centralized Message Distribution System (CMDS)"** means the billing record and clearing house transport system that the Regional Bell Operating Companies ("RBOCs") and other incumbent LECs use to efficiently exchange out collects and in collects as well as Carrier Access Billing System ("CABS") records.
- 1.14 **"CLLI codes"** means Common Language Location Identifier Codes.
- 1.15 **"Commercial Mobile Radio Services (CMRS)"** means a radio communication service between mobile stations or receivers and land stations, or by mobile stations communicating among themselves that is provided for profit and that

makes interconnected service available to the public or to such classes of eligible users as to be effectively available to a substantial portion of the public

- 1.16 **"Commission"** means the Florida Public Service Commission.
- 1.17 **"Common Channel Signaling" or "CCS"** means a high-speed specialized packet-switched communications network that is separate (out-of-band) from the public packet-switched and message networks. CCS carries addressed signaling messages for individual trunk circuits and/or database-related services between Signaling Points in the CCS network using SS7 signaling protocol.
- 1.18 **"Competitive Local Exchange Carrier (CLEC)"** means any company or person authorized to provide local exchange services in competition with an ILEC.
- 1.19 **"Compliance"** means environmental and safety laws and regulations are based upon a federal regulatory framework, with certain responsibilities delegated to the States. An environmental/safety compliance program may include review of applicable laws/regulations, development of written procedures, training of employees and auditing.
- 1.20 **"Customer"** may mean GTE or Teligent depending on the context and which Party is receiving the service from the other Party.
- 1.21 **"Customer Usage Data"** means that the local telecommunications services usage data of a Teligent customer, measured in minutes, sub-minute increments, message units, or otherwise, that is recorded and exchanged by the Parties.
- 1.22 **"DS-1"** is a digital signal rate of 1.544 Mbps.
- 1.23 **"DS-3"** is a digital signal rate of 44.736 Mbps.
- 1.24 **"Electronic File Transfer"** refers to a system or process which utilizes an electronic format and protocol to send/receive data files.
- 1.25 **"EMR"** means the Exchange Message Record which is an industry standard record used to exchange telecommunications message information among CLECs for billable, non-billable, sample, settlement and study data. EMR format is defined in BR-010-200-010 CRIS Exchange Message Record, published by Bellcore and which defines the industry standard for exchange message records.

- 1.26 **"E-911 Service"** is a method of routing 911 calls to a Public Service Answering Point that uses a customer location database to determine the location to which a call should be routed. E-9-1-1 service includes the forwarding of the caller's Automatic Number Identification (ANI) to the PSAP where the ANI is used to retrieve and display the Automatic Location Identification (ALI) on a terminal screen at the answering Attendant's position. It usually includes selective routing.
- 1.27 **"Exchange Service"** refers to all basic access line services, or any other services offered to end users which provide end users with a telephonic connection to, and a unique telephone number address on, the public switched telecommunications network ("**PSIN**"), and which enable such end users to place or receive calls to all other stations on the PSTN.
- 1.28 **"EIS" or "Expanded Interconnection Service"** means a service that provides interconnecting carriers with the capability to terminate basic fiber optic transmission facilities, including optical terminating equipment and multiplexers or Microwave RF transmission facilities, at GTE's wire centers and access tandems and interconnect those facilities with the facilities of GTE. Microwave interconnection is available where technically feasible pursuant to the terms of this Agreement and GTE's state or federal EIS tariffs.
- 1.29 **"Facility"** means all buildings, equipment, structures and other items located on a single site or contiguous or adjacent sites owned or operated by the same persons or person.
- 1.30 **"FCC"** means the Federal Communications Commission.
- 1.31 **"Generator"** means under Resource Conservation Recovery Act (RCRA), the person whose act produces a hazardous waste (40 CFR 261) or whose act first causes a hazardous waste to become subject to regulation. The generator is legally responsible for the proper management and disposal of hazardous wastes in accordance with regulations.
- 1.32 **"GTOC"** means GTE Telephone Operating Company.
- 1.33 **"Guide"** means the GTE Open Market Transition Order/Processing Guide/ALEC Customer Guide, which contains GTE's operating procedures for ordering, provisioning, trouble reporting and repair for resold services and unbundled elements. Except as specifically provided otherwise in this Agreement, service ordering, provisioning, billing and maintenance shall be governed by the "Guide" which may be amended from time to time by GTE as needed. A copy has been provided to Teligent and is incorporated by reference into this Agreement.

- 1.34 **"Hazard Communications (HAZCOM)"** means under 29 CFR 1910.1200, employers must develop, implement and maintain a written hazard communication program which must include a system for labels, Material Safety Data Sheets (MSDS) and employee information and training for employees working with hazardous chemicals.
- 1.35 **"Hazardous Chemical"** means as defined in the U.S. Occupational Safety and Health (OSHA) hazard communication standard (29 CFR 1910.1200), any chemical which is a health hazard or physical hazard.
- 1.36 **"Hazardous Waste"** means as described in RCRA, a solid waste(s) which may cause, or significantly contribute to an increase in mortality or illness or pose a substantial hazard to human health or the environment when improperly treated, stored, transported or disposed of or otherwise managed because of its quantity, concentration or physical or chemical characteristics.
- 1.37 **"Imminent Danger"** means as described in the Occupational Safety and Health Act and expanded for environmental matters, any conditions or practices at a facility which are such that a danger exists which could reasonably be expected to cause death or serious harm or significant damage to the environment or natural resources.
- 1.38 **"Incumbent Local Exchange Carrier (ILEC)"** means any local exchange carrier that was as of February 8, 1996, deemed to be a member of the Exchange Carrier Association as set forth in 47 C.F.R. §69.601(b) of the FCC's regulations.
- 1.39 **"Interim Number Portability (INP)"** means the delivery of LNP capabilities, from a customer standpoint in terms of call completion, with as little impairment of functioning, quality, reliability, and convenience as possible and from a carrier standpoint in terms of compensation, through the use of existing and available call routing, forwarding, and addressing capabilities.
- 1.40 **"Interconnection Point (IP)"** means the physical point on the network where the two parties interconnect. The IP is the demarcation point between ownership of the transmission facility.
- 1.41 **"ISUP"** means a part of the SS7 protocol that defines call setup messages and call takedown messages.
- 1.42 **"IXC" or "Interexchange Carrier"** means a telecommunications service provider authorized by the FCC to provide interstate long distance communications services between LATAs and are authorized by the State to

provide inter- and/or intraLATA long distance communications services within the State.

- 1.43 **"LATA"** means Local Access and Transport Area. A LATA denotes a geographic area for the provision and administration of communications service; i.e., intraLATA or interLATA.
- 1.44 **"Line Information Data Base (LIDB)"** means one or all, as the context may require, of the Line Information databases owned individually by GTE and other entities which provide, among other things, calling card validation functionality for telephone line number cards issued by GTE and other entities. A LIDB also contains validation data for collect and third number-billed calls; i.e., Billed Number Screening.
- 1.45 **"Line Side"** refers to an end office switch connection that has been programmed to treat the circuit as a local line connected to an ordinary telephone station set. Line side connections offer only those transmission and signaling features appropriate for a connection between an end office and an ordinary telephone set.
- 1.46 **"Local Exchange Carrier" or "LEC"** means any company certified by the Commission to provide local exchange telecommunications service. This includes the Parties to this Agreement.
- 1.47 **"Local Exchange Routing Guide" or "LERG"** means the Bellcore reference customarily used to identify NPA-NXX routing and homing information, as well as network element and equipment designation.
- 1.48 **"Local Number Portability (LNP)"** means the ability of users of telecommunications services to retain, at the same location, existing telecommunications numbers without impairment of quality, reliability, or convenience when switching from one telecommunications carrier to another.
- 1.49 **"Local Traffic"** means traffic that is originated by an end user of one Party and terminates to the end user of the other Party within GTE's then current local serving area, including mandatory local calling scope arrangements. A mandatory local calling scope arrangement is an arrangement that provides end users a local calling scope, Extended Area Service ("EAS"), beyond their basic exchange serving area. Local Traffic does not include optional local calling scopes (i.e., optional rate packages that permit the end user to choose a local calling scope beyond their basic exchange serving area for an additional fee), referred to hereafter as "optional EAS".

- 1.50 **"MDF" or "Main Distribution Frame"** means the distribution frame used to interconnect cable pairs and line trunk equipment terminating on a switching system.
- 1.51 **"Meet-Point Billing" or "MPB"** refers to an arrangement whereby two LECs jointly provide the transport element of a switched access service to one of the LEC's end office switches, with each LEC receiving an appropriate share of the transport element revenues as defined by their effective access tariffs.
- 1.52 **"MECAB"** refers to the *Multiple Exchange Carrier Access Billing* ("MECAB") document prepared by the Billing Committee of the Ordering and Billing Forum ("OBF"), which functions under the auspices of the Carrier Liaison Committee ("CLC") of the Alliance for Telecommunications Industry Solutions ("ATIS"). The MECAB document, published by Bellcore as Special Report SR-BDS-000983, contains the recommended guidelines for the billing of an access service provided by two or more LECs, or by one LEC in two or more states within a single LATA.
- 1.53 **"MECOD"** refers to the *Multiple Exchange Carriers Ordering and Design ("MECOD") Guidelines for Access Services - Industry Support Interface*, a document developed by the Ordering/Provisioning Committee under the auspices of the Ordering and Billing Forum ("OBF"), which functions under the auspices of the Carrier Liaison Committee ("CLC") of the Alliance for Telecommunications Industry Solutions ("ATIS"). The MECOD document, published by Bellcore as Special Report SR-STS-002643, establish methods for processing orders for access service which is to be provided by two or more LECs.
- 1.54 **"Mid-Span Fiber Meet"** means an Interconnection architecture whereby two carriers' fiber transmission facilities meet at a mutually agreed-upon IP.
- 1.55 **"Microwave Interconnection"** means an interconnection architecture whereby microwave transmission facilities, including microwave antennae and mounting structure, are placed on the rooftop or other suitable exterior space of a GTE wire center or access tandem for the purpose of bringing Teligent's RF signal into GTE's wire center or access tandem to interconnect Teligent's network with GTE's network or to access GTE's unbundled network elements in the interior collocation space. Microwave interconnection is also referred to as "Microwave Collocation".
- 1.56 **"NANP"** means the "North American Numbering Plan", the system of telephone numbering employed in the United States, Canada, and the Caribbean countries that employ NPA 809.

- 1.57 **"Network Element"** means a facility or equipment used in the provision of a telecommunications service. Network Element includes features, functions, and capabilities that are provided by means of such facility or equipment, including subscriber numbers, databases, signaling systems, and information sufficient for billing and collection or used in the transmission, routing, or other provision of a telecommunications service.
- 1.58 **"NID" or "Network Interface Device"** means the point of demarcation between the end user's inside wiring and GTE's facilities.
- 1.59 **"Numbering Plan Area" or "NPA"** is also sometimes referred to as an area code. This is the three digit indicator which is defined by the "A", "B", and "C" digits of each 10-digit telephone number within the NANP. Each NPA contains 800 possible NXX Codes. There are two general categories of NPA, "Geographic NPAs" and "Non-Geographic NPAs". A Geographic NPA is associated with a defined geographic area, and all telephone numbers bearing such NPA are associated with services provided within that geographic area. A Non-Geographic NPA, also known as a "Service Access Code" or "SAC Code" is typically associated with a specialized telecommunications service which may be provided across multiple geographic NPA areas. 800, 900, 700, and 888 are examples of Non-Geographic NPAs.
- 1.60 **"NXX", "NXX Code", "Central Office Code" or "CO Code"** is the three digit switch entity indicator which is defined by the "D", "E", and "F" digits of a 10-digit telephone number within the NANP. Each NXX Code contains 10,000 station numbers. Historically, entire NXX code blocks have been assigned to specific individual local exchange end office switches.
- 1.61 **"911 Service"** means a universal telephone number which gives the public direct access to the PSAP. Basic 911 service collects 911 calls from one or more local exchange switches that serve a geographic area. The calls are then sent to the correct authority designated to receive such calls.
- 1.62 **"Owner and Operator"** means as used in OSHA regulations, owner is the legal entity, including a lessee, which exercises control over management and record keeping functions relating to a building or facility. As used in the Resource Conservation and Recovery Act (RCRA), operator means the person responsible for the overall (or part of the) operations of a facility.
- 1.63 **"POI"** means Point of Interconnection designated for routing of local interconnection trunks.
- 1.64 **"Pole Attachment"** has the meaning as set forth in Article X and Appendix I of this Agreement.

- 1.65 **"Provider"** may mean GTE or Teligent depending on the context and which Party is providing the service to the other Party.
- 1.66 **"Public Safety Answering Point" or "PSAP"** means an answering location for 9-1-1 calls originating in a given area. A PSAP may be designated as Primary or Secondary, which refers to the order in which calls are directed for answering. Primary PSAPs respond first; Secondary PSAPs receive calls on a transfer basis only, and generally serve as a centralized answering location for a particular type of emergency call. PSAPs are staffed by employees of Emergency Response Agencies ("ERAs") such as police, fire or emergency medical agencies or by employees of a common bureau serving a group of such entities.
- 1.67 **"Radio Frequency or RF"** means the range of frequencies, in the electromagnetic spectrum from 3 kilohertz (Khz) to 300 gigahertz (Ghz).
- 1.68 **"Rate Center"** means the specific geographic point and corresponding geographic area that are associated with one or more particular NPA-NXX Codes that have been assigned to a LEC for its provision of Exchange Services. The geographic point is identified by a specific V&H coordinate that is used to calculate distance-sensitive end user traffic to/from the particular NPA-NXXs associated with the specific Rate Center.
- 1.69 **"Right-of-way" or "ROW"** means the right to use the land or other property of another party to place poles, conduits, cables, other structures and equipment, or to provide passage to access such structures and equipment. A ROW may run under, on, or above public or private property (including air space above public or private property) and may include the right to use discrete space in buildings, building complexes, or other locations.
- 1.70 **"Routing Point"** denotes a location that a LEC has designated on its network as the homing (routing) point for traffic that terminates to Exchange Services provided by the LEC that bear a certain NPA-NXX designation. The Routing Point is used to calculate airline mileage for the distance-sensitive transport element charges of Switched Access Services. Pursuant to Bellcore Practice BR795-100-100, the Routing Point may be an end office location, or a "LEC Consortium Point of Interconnection." The Routing Point must be in the same LATA as the associated NPA-NXX.
- 1.71 **"Service Control Point" or "SCP"** is the node in the signaling network to which informational requests for service handling, such as routing, are directed and processed. The SCP is a real time database system that, based on a query from the SSP, performs subscriber or application-specific service logic.

and then sends instructions back to the SSP on how to continue call processing.

- 1.72 **"Service Switching Point" or "SSP"** means a Signaling Point that can launch queries to databases and receive/interpret responses used to provide specific customer services.
- 1.73 **"Signaling Point" or "SP"** means a node in the CCS network that originates and/or receives signaling messages, or transfers signaling messages from one signaling link to another, or both.
- 1.74 **"Signaling System 7" or "SS7"** means the signaling protocol, Version 7, of the CCS network, based upon American National Standards Institute ("ANSI") standards.
- 1.75 **"Signal Transfer Point" or "STP"** means a packet switch in the CCS network that is used to route signaling messages among SSPs, SCPs and other STPs in order to set up calls and to query databases for advanced services. GTE's network includes mated pairs of local and regional STPs. STPs are provided in pairs for redundancy. GTE STPs conform to ANSI T1.111-8 standards.
- 1.76 **"Spill or Release"** means as described under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), it includes, but is not limited to: spilling, leaking, dumping or disposing into the environment of any hazardous chemical, extremely hazardous substance or CERCLA hazardous substance.
- 1.77 **"Subsidiary"** of a Party means a corporation or other legal entity that is majority owned by such Party.
- 1.78 **"Synchronous Optical Network" or "SONET"** means synchronous electrical ("STS") or optical channel ("OC") connections between LECs.
- 1.79 **"Switched Access Service"** means the offering of facilities for the purpose of the origination or termination of traffic to or from Exchange Service customers in a given area pursuant to a switched access tariff. Switched Access Services include: Feature Group A, Feature Group B, Feature Group C, Feature Group D, 800 access and 900 access services.
- 1.80 **"Telecommunications Services"** means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

- 1.81 **"Third Party Contamination"** means environmental pollution that is not generated by the LEC or Teligent but results from off-site activities impacting a facility.
- 1.82 **"Trunk Side"** refers to a central office switch connection that is capable of, and has been programmed to treat the circuit as, connecting to another switching entity, for example, to a private branch exchange ("PBX") or another central office switch. Trunk side connections offer those transmission and signaling features appropriate for the connection of switching entities and cannot be used for the direct connection of ordinary telephone station sets.
- 1.83 **"Undefined Terms"** means the Parties acknowledge that terms may appear in this Agreement which are not defined and agree that any such terms shall be construed in accordance with their customary usage in the telecommunications industry as of the effective date of this Agreement.
- 1.84 **"Vertical Features" (including "CLASS Features")** means vertical services and switch functionalities provided by GTE, including but not limited to: Automatic Call Back; Automatic Recall; Call Forwarding Busy Line/Don't Answer; Call Forwarding Don't Answer; Call Forwarding Variable; Call Forwarding - Busy Line; Call Trace; Call Waiting; Call Number Delivery Blocking Per Call; Calling Number Blocking Per Line; Cancel Call Waiting; Distinctive Ringing/Call Waiting; Incoming Call Line Identification Delivery; Selective Call Forward; Selective Call Rejection; Speed Calling; and Three Way Calling/Call Transfer.
- 1.85 **"Wire Center"** means a building or space within a building that serves as an aggregation point on a LEC's network, where transmission facilities and circuits are connected or switched. "Wire center" can also denote a building in which one or more Central Offices, used for the provision of exchange services and access services, are located.

ARTICLE III GENERAL PROVISIONS

1. **Scope of General Provisions.** Except as may otherwise be set forth in a particular Article or Appendix of this Agreement, in which case the provisions of such Article or Appendix shall control, these General Provisions apply to all Articles and Appendices of this Agreement.
2. **Term and Termination.**
 - 2.1 **Term.** Subject to the termination provisions contained in this Agreement, the term of this Agreement shall be two (2) years from the effective date referenced in the first paragraph of this Agreement and shall continue in effect for consecutive one (1) year terms until either Party gives the other Party at least ninety (90) calendar days written notice of termination, which termination shall be effective at the end of the then-current term. In the event notice is given less than 90 calendar days prior to the end of the current term, this Agreement shall remain in effect for 90 calendar days after such notice is received, provided, that in no case shall the term be extended beyond 90 calendar days after the end of the current term.
 - 2.2 **Post-Termination Arrangements.** Except in the case of termination as a result of either Party's default or a termination upon sale, for service arrangements made available under this Agreement and existing at the time of termination, those arrangements may continue without interruption (a) under a new agreement voluntarily executed by the Parties; (b) standard terms and conditions approved and made generally effective by the Commission, if any; (c) tariff terms and conditions made generally available to all CLECs; or (d) any rights under Section 252(i) of the Act.
 - 2.3 **Termination Upon Default.** Either Party may terminate this Agreement in whole or in part in the event of a default by the other Party; *provided however*, that the non-defaulting Party notifies the defaulting party in writing of the alleged default and that the defaulting Party does not cure the alleged default within sixty (60) calendar days of receipt of written notice thereof. Default is defined to include:
 - (a) A Party's insolvency or the initiation of bankruptcy or receivership proceedings by or against the Party; or
 - (b) A Party's refusal or failure in any material respect properly to perform its obligations under this Agreement, or the violation any of the material terms or conditions of this Agreement.

- 2.4 **Termination Upon Sale.** Notwithstanding anything to the contrary contained herein, a Party may terminate this Agreement as to a specific operating area or portion thereof of such Party if such Party sells or otherwise transfers the area or portion thereof. The Party shall provide the other Party with at least ninety (90) calendar days' prior written notice of such termination, which shall be effective on the date specified in the notice. Notwithstanding termination of this Agreement as to a specific operating area, this Agreement shall remain in full force and effect in the remaining operating areas.
- 2.5 **Liability upon Termination.** Termination of this Agreement, or any part hereof, for any cause shall not release either Party from any liability which at the time of termination had already accrued to the other Party or which thereafter accrues in any respect to any act or omission occurring prior to the termination or from an obligation which is expressly stated in this Agreement to survive termination.
3. **Amendments.** Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party. The term "this Agreement" shall include future amendments, modifications, and supplements.
4. **Assignment.** Any assignment by either Party of any right, obligation, or duty, in whole or in part, or of any interest, without the written consent of the other Party shall be void, except that either Party may assign all of its rights, and delegate its obligations, liabilities and duties under this Agreement, either in whole or in part, to any entity that is, or that was immediately preceding such assignment, a Subsidiary or Affiliate of that Party without consent, but with written notification. The effectiveness of an assignment shall be conditioned upon the assignee's written assumption of the rights, obligations, and duties of the assigning Party.
5. **Authority.** Each person whose signature appears on this Agreement represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement.
6. **Responsibility for Payment.** All charges for Services provided under this Agreement will be billed to Teligent, including all applicable taxes and surcharges. In addition, the End User Common Line (EUCL) Charge from GTOC Tariff FCC No. 1 is applicable to Resold Services. Teligent is responsible for payment of charges billed regardless of any billing arrangements or situation between Teligent and its end user customer.
7. **Billing and Payment.** Except as provided elsewhere in this Agreement and where applicable, in conformance with MECAB and MECOD guidelines.

Teligent and GTE agree to exchange all information to accurately, reliably, and properly bill for features, functions and services rendered under this Agreement.

- 7.1 **Dispute.** If one Party disputes a billing statement issued by the other Party, the billed Party shall notify Provider in writing regarding the nature and the basis of the dispute within sixty (60) calendar days of the statement date or the dispute shall be waived. The Parties shall diligently work toward resolution of all billing issues pursuant to the Dispute Resolution procedures set forth in Section 13 below.
- 7.2 **Late Payment Charge.** If any undisputed amount due on the billing statement is not received by Provider on the payment due date, Provider may charge, and Customer agrees to pay, at Provider's option, interest on the past due balance at a rate equal to the lesser of the interest rates set forth in the applicable GTE/Contel state access tariffs or the GTOC/GSTC FCC No. 1 tariff, one and one-half percent (1½%) per month or the maximum nonusurious rate of interest under applicable law. Late payment charges shall be included on the next statement.
- 7.3 **Due Date.** Payment is due 30 calendar days from the bill date or 20 calendar days from receipt of bill whichever is later.
- 7.4 **Audits.** Either Party may conduct an audit of the other Party's books and records pertaining to the Services provided under this Agreement, no more frequently than once per twelve (12) month period, to evaluate the other Party's accuracy of billing, data and invoicing in accordance with this Agreement. Any audit shall be performed as follows: (i) following at least thirty (30) Business Days' prior written notice to the audited Party, such notice to include the scope of the audit to be conducted; (ii) subject to the reasonable scheduling requirements and limitations of the audited Party; (iii) at the auditing Party's sole cost and expense; (iv) of a reasonable scope and duration; (v) in a manner so as not to interfere with the audited Party's business operations; (vi) in compliance with the audited Party's security rules; (vii) and shall be conducted pursuant to standard auditing procedures.
8. **Binding Effect.** This Agreement shall be binding on and inure to the benefit of the respective successors and permitted assigns of the Parties.
9. **Compliance with Laws and Regulations.** Each Party shall comply with all federal, state, and local statutes, regulations, including Commission regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance under this Agreement.

10. **Confidential Information.**

- 10.1 **Identification.** Either Party may disclose to the other proprietary or confidential customer, technical, or business information in written, graphic, oral or other tangible or intangible forms ("Confidential Information"). In order for information to be considered Confidential Information under this Agreement, it must be marked "Confidential" or "Proprietary," or bear a marking of similar import. Orally or visually disclosed information shall be deemed Confidential Information only if contemporaneously identified as such and reduced to writing and delivered to the other Party with a statement or marking of confidentiality within thirty (30) calendar days after oral or visual disclosure.

Notwithstanding the foregoing, all orders for Services or network elements placed by Teligent pursuant to this Agreement, and information that would constitute customer proprietary network information of Teligent end user customers pursuant to the Act and the rules and regulations of the FCC, as well as recorded usage information with respect to Teligent end users, whether disclosed by Teligent to GTE or otherwise acquired by GTE in the course of its performance under this Agreement, and where GTE is the NANP Number Plan Administrator, Teligent information submitted to GTE in connection with such responsibilities shall be deemed Confidential Information of Teligent for all purposes under this Agreement whether or not specifically marked or designated as confidential or proprietary.

- 10.2 **Handling.** In order to protect such Confidential Information from improper disclosure, each Party agrees:

- (a) That all Confidential Information shall be and shall remain the exclusive property of the source;
- (b) To limit access to such Confidential Information to authorized personnel who have a need to know the Confidential Information for performance of this Agreement;
- (c) To keep such Confidential Information confidential and to use the same level of care to prevent disclosure or unauthorized use of the received Confidential Information as it exercises in protecting its own Confidential Information of a similar nature;
- (d) Not to copy, publish, or disclose such Confidential Information to others or authorize anyone else to copy, publish, or disclose such Confidential Information to others without the prior written approval of the source;

- (e) To return promptly any copies of such Confidential Information to the source at its request; and
 - (f) To use such Confidential Information only for purposes of fulfilling work or services performed hereunder and for other purposes only upon such terms as may be agreed upon between the Parties in writing.
- 10.3 **Exceptions.** These obligations shall not apply to any Confidential Information that was legally in the recipient's possession prior to receipt from the source, was received in good faith from a third party not subject to a confidential obligation to the source, now is or later becomes publicly known through no breach of confidential obligation by the recipient, was developed by the recipient without the developing persons having access to any of the Confidential Information received in confidence from the source, or that is required to be disclosed pursuant to subpoena, other process or other request issued by a court or administrative agency having appropriate jurisdiction, including orders or other written requests, provided, however, that the recipient shall give prior notice to the source and shall reasonably cooperate if the source deems it necessary to seek protective arrangements.
- 10.4 **Survival.** The obligation of confidentiality and use with respect to Confidential Information disclosed by one Party to the other shall survive any termination of this Agreement for a period of three (3) years from the date of the initial disclosure of the Confidential Information.
11. **Consent.** Where consent, approval, or mutual agreement is required of a Party, it shall not be unreasonably withheld or delayed.
12. **Cooperation on Fraud Minimization.** Each Party assumes responsibility for all fraud associated with its own end user customers and accounts. Neither Party shall have responsibility for, nor is it required to investigate or make adjustments to the other Party's account in cases of fraud. The Parties agree that they shall cooperate with one another to resolve cases of fraud. The Parties' fraud minimization procedures are to be cost effective and implemented so as not to unduly burden or harm one Party as compared to the other.
13. **Dispute Resolution.**
- 13.1 **Alternative to Litigation.** Except as provided under Section 252 of the Act with respect to the approval of this Agreement by the Commission, the Parties desire to resolve disputes arising out of or relating to this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel

compliance with this dispute resolution process, the Parties agree to use the following alternative dispute resolution procedures as their sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

- 13.2 **Negotiations.** At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The Parties intend that these negotiations be conducted by business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations or recourse to the Commission or FCC as provided in Section 13.6 below. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.
- 13.3 **Arbitration.** If the negotiations do not resolve the dispute within sixty (60) Business Days of the initial written request, or such other time frame as mutually agreed to by the Parties, the Parties may mutually agree to commence an arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association except that the Parties may select an arbitrator outside American Arbitration Association rules upon mutual agreement. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each Party may submit in writing to a Party, and that Party shall so respond to, a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each Party is also entitled to take the oral deposition of one individual of another Party. Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within sixty (60) Business Days of the demand for arbitration. The arbitration shall be held in a mutually agreeable city. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) Business Days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the Parties or by the

arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

- 13.4 **Expedited Arbitration Procedures.** If the issue to be resolved through the negotiations referenced in Section 13.2 directly and materially affects service to either Party's end user customers, then the period of resolution of the dispute through negotiations before the dispute is to be submitted to binding arbitration shall be five (5) Business Days. Once such a service affecting dispute is submitted to arbitration, the arbitration shall be conducted pursuant to the expedited procedures rules of the Commercial Arbitration Rules of the American Arbitration Association (i.e., rules 53 through 57).
- 13.5 **Costs.** Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.
- 13.6 **Rights to Commission Review.** Notwithstanding any of the foregoing, neither Party waives the right to file a complaint, or otherwise seek enforcement of this Agreement with the Commission or the FCC as to the regulated public service obligations. The Parties further acknowledge that nothing in this Agreement limits or expands the authority or jurisdiction of the Commission regarding telecommunications matters within the State of Florida.
- 13.7 **Continuous Service.** The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their obligations (including making payments in accordance with Article IV, Section 4) in accordance with this Agreement.
14. **Entire Agreement.** This Agreement constitutes the entire agreement of the Parties pertaining to the subject matter of this Agreement and supersedes all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied, have been made or relied upon in the making of this Agreement other than those specifically set forth herein.
15. **Expenses.** Except as specifically set out in this Agreement, each Party shall be solely responsible for its own expenses involved in all activities related to the subject of this Agreement.
16. **Force Majeure.** In the event performance of this Agreement, or any obligation hereunder, is either directly or indirectly prevented, restricted, or interfered with

by reason of fire, flood, earthquake or likes acts of God, wars, revolution, civil commotion, explosion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, unavailability of equipment from vendor, changes requested by Customer, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); *provided however*, that the Party so affected shall use diligent efforts to avoid or remove such causes of nonperformance and both Parties shall proceed whenever such causes are removed or cease.

17. Good Faith Performance. In the performance of their obligations under this Agreement, the Parties shall act in good faith. In situations in which notice, consent, approval or similar action by a Party is permitted or required by any provision of this Agreement, such action shall not be unreasonably delayed, withheld or conditioned.
18. Governing Law. This Agreement shall be governed by and construed in accordance with the domestic laws of the state where the Services are provided or the facilities reside unless such state law is preempted by Federal law in which case Federal law will apply and shall be subject to the exclusive jurisdiction of the courts therein.
19. GTE Standard Practices. The Parties acknowledge that GTE shall be establishing industry standard approaches to various requirements hereunder applicable to the competitive local telecommunications industry which will be added in the Guide. Teligent agrees that GTE may implement such industry standard practices to satisfy any GTE obligations under this Agreement to which such GTE standard practices apply, provided, however, that GTE's standards shall be consistent with generally accepted industry standards.
20. Headings. The headings in this Agreement are inserted for convenience and identification only and shall not be considered in the interpretation of this Agreement.
21. Independent Contractor Relationship. The persons provided by each Party shall be solely that Party's employees and shall be under the sole and exclusive direction and control of that Party. They shall not be considered employees of the other Party for any purpose. Each Party shall remain an independent contractor with respect to the other and shall be responsible for compliance with all laws, rules and regulations involving, but not limited to,

employment of labor, hours of labor, health and safety, working conditions and payment of wages. Each Party shall also be responsible for payment of taxes, including federal, state and municipal taxes, chargeable or assessed with respect to its employees, such as Social Security, unemployment, workers' compensation, disability insurance, and federal and state withholding. Each Party shall indemnify the other for any loss, damage, liability, claim, demand, or penalty that may be sustained by reason of its failure to comply with this provision.

22. Law Enforcement Interface.

- 22.1 Except to the extent not available in connection with GTE's operation of its own business, GTE shall provide seven day a week/twenty-four hour a day assistance to law enforcement persons for emergency taps, assistance involving emergency traces and emergency information retrieval on customer invoked CLASS services, including, without limitation, call traces requested by Teligent.
- 22.2 GTE agrees to work jointly with Teligent in security matters to support law enforcement agency requirements for taps, traces, court orders, etc. Charges for providing such services for Teligent Customers will be billed to Teligent.
- 22.3 GTE will, in non emergency situations, inform the requesting law enforcement agencies that the end-user to be wire tapped, traced, etc. is a Teligent Customer and shall refer them to Teligent.

23. Liability and Indemnity.

- 23.1 Indemnification. Each Party agrees to release, indemnify, defend, and hold harmless the other Party from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, whether suffered, made, instituted, or asserted by any other party or person, for invasion of privacy, personal injury to or death of any person or persons, or for losses, damages, or destruction of property, whether or not owned by others, proximately caused by the indemnifying Party's negligence or willful misconduct, regardless of form of action. The indemnified Party agrees to notify the other Party promptly, in writing, of any written claims, lawsuits, or demands for which it is claimed that the indemnifying Party is responsible under this Section and to cooperate in every reasonable way to facilitate defense or settlement of claims. The indemnifying Party shall have complete control over defense of the case and over the terms of any proposed settlement or compromise thereof. The indemnifying Party shall not be liable under this Section for settlement by the indemnified Party or any claim, lawsuit, or demand, if the indemnifying Party

has not approved the settlement in advance, unless the indemnifying Party has had the defense of the claim, lawsuit, or demand tendered to it in writing and has failed to assume such defense. In the event of such failure to assume defense, the indemnifying Party shall be liable for any reasonable settlement made by the indemnified Party without approval of the indemnifying Party.

- 23.2 **End User and Content-Related Claims.** Each Party agrees to release, indemnify, defend, and hold harmless the other Party, its affiliates, and any third-party provider or operator of facilities involved in the provision of Services, Unbundled Network Elements or Facilities under this Agreement (collectively, the "Indemnified Party") from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by either Party's end users against an Indemnified Party arising from Services, Unbundled Network Elements or Facilities. Each Party further agrees to release, indemnify, defend, and hold harmless the Indemnified Party from all losses, claims, demands, damages, expenses, suits, or other actions, or any liability whatsoever, including, but not limited to, costs and attorney's fees, suffered, made, instituted, or asserted by any third party against an Indemnified Party arising from or in any way related to actual or alleged defamation, libel, slander, interference with or misappropriation of proprietary or creative right, or any other injury to any person or property arising out of content transmitted by the Indemnified Party or such Party's end users, or any other act or omission of the Indemnified Party or such Party's end users.
- 23.3 **DISCLAIMER.** EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, PROVIDER MAKES NO REPRESENTATIONS OR WARRANTIES TO CUSTOMER CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, UNBUNDLED NETWORK ELEMENTS OR FACILITIES PROVIDED UNDER THIS AGREEMENT. PROVIDER DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.
- 23.4 **Limitation of Liability.** Provider's liability, whether in contract, tort or otherwise, shall be limited to direct damages, which shall not exceed the pro rata portion of the monthly charges for the Services, Unbundled Network Elements or facilities for the time period during which the Services, Unbundled Network Elements or facilities provided pursuant to this Agreement are inoperative, not to exceed in total Provider's monthly charge to Customer. Under no circumstance shall Provider be responsible or liable for indirect, incidental, or consequential damages, including, but not limited to, economic loss or lost business or profits, damages arising from the use or performance of equipment

or software, or the loss of use of software or equipment, or accessories attached thereto, delay, error, or loss of data. In connection with this limitation of liability, the Parties recognize that Provider may, from time to time, provide advice, make recommendations, or supply other analysis related to the Services, unbundled network elements or facilities described in this Agreement, and, while Provider shall use diligent efforts in this regard, Customer acknowledges and agrees that this limitation of liability shall apply to provision of such advice, recommendations, and analysis.

- 23.5 Intellectual Property. Neither Party shall have any obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, the other based on or arising from any claim, demand, or proceeding by any third party alleging or asserting that the use of any circuit, apparatus, or system, or the use of any software, or the performance of any service or method, or the provision or use of any facilities by either Party under this Agreement constitutes direct or contributory infringement, or misuse or misappropriation of any patent, copyright, trademark, trade secret, or any other proprietary or intellectual property right of any third party.
24. Multiple Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.
25. No Offer. This Agreement will be effective per Section 32 of this Article.
26. No Third Party Beneficiaries. Except as may be specifically set forth in this Agreement, this Agreement does not provide and shall not be construed to provide third parties with any remedy, claim, liability, reimbursement, cause of action, or other right or privilege.
27. Notices. Any notice to a Party required or permitted under this Agreement shall be in writing and shall be deemed to have been received on the date of service if served personally, on the date receipt is acknowledged in writing by the recipient if delivered by regular U.S. mail, or on the date stated on the receipt if delivered by certified or registered mail or by a courier service that obtains a written receipt. Upon prior immediate oral agreement of the parties' designated recipients identified below, notice may also be provided by facsimile, Internet or electronic messaging system, which shall be effective if sent before 5:00 p.m. on that day, or if sent after 5:00 p.m. it will be effective on the next Business Day following the date sent. Any notice shall be delivered using one of the alternatives mentioned in this section and shall be directed to the applicable address indicated below or such address as the Party to be notified has designated by giving notice in compliance with this section:

If to GTE: GTE FLORIDA Incorporated
Attention: State Director
201 N. Franklin Street
Tampa, FL 33602
Telephone number: 813/483-2526
Facsimile number: 813/223-4888

If to Teligent: Teligent, Inc.
Attention: Terri Natoli, Esq.
Legal Department
8085 Leesburg Pike, Suite 400
Vienna, VA 22182
Telephone number: 703/762-5183
Facsimile number: 703/762-5232

28. Protection.

28.1 Impairment of Service. The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement shall not interfere with or impair service over any facilities of the other Party, its affiliated companies, or its connecting and concurring carriers involved in its services, cause damage to their plant, violate any applicable law or regulation regarding the invasion of privacy of any communications carried over the Party's facilities or create hazards to the employees of either Party or to the public (each hereinafter referred to as an "Impairment of Service").

28.2 Resolution. If either Party causes an Impairment in Service, the Party whose network or service is being impaired (the "Impaired Party") shall promptly notify the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of Service, then the Impaired Party may at its option temporarily discontinue the use of the affected circuit, facility or equipment.

29. Publicity. Any news release or publicity of any form, including advertising, pertaining to this Agreement by the Parties, provisioning provided hereunder, or association of the Parties with respect to provision of the services described in this Agreement shall be subject to prior notification to the other Party ("Notified Party") pursuant to facsimile, in accordance with Section 27 of Article III or oral notification, if agreed to by the Parties immediately prior to

notification. Approval of the Notified Party is required. The Parties agree that such approval shall not be unreasonably withheld.

30. **Regulatory Agency Control.** This Agreement shall at all times be subject to changes, modifications, orders, and rulings by the Federal Communications Commission and/or the applicable state utility regulatory commission to the extent the substance of this Agreement is or becomes subject to the jurisdiction of such agency.
31. **Changes in Legal Requirements.** GTE and Teligent further agree that the terms and conditions of this Agreement were composed in order to effectuate the legal requirements in effect at the time the Agreement was produced. Any modifications to those requirements will be deemed to automatically supersede any terms and conditions of this Agreement, and the Parties shall work cooperatively together to amend this Agreement accordingly.
32. **Effective Date.** This Agreement shall be effective upon execution by both Parties and filing with the Commission for approval, provided, however, that upon execution of this Agreement by both Parties, Teligent may place orders and conduct turn-up testing pending the effective date of this Agreement. The Parties agree to cooperate in filing the Agreement as soon after execution as possible.
33. **Regulatory Matters.** Each Party shall be responsible for obtaining and keeping in effect all their own FCC, state regulatory commission, franchise authority and other regulatory approvals that may be required in connection with the performance of its obligations under this Agreement. Teligent shall reasonably cooperate with GTE in obtaining and maintaining any required approvals for which GTE is responsible, and GTE shall reasonably cooperate with Teligent in obtaining and maintaining any required approvals for which Teligent is responsible.
34. **Rule of Construction.** No rule of construction requiring interpretation against the drafting party hereof shall apply in the interpretation of this Agreement.
35. **Section References.** Except as otherwise specified, references within an Article of this Agreement to a Section refer to Sections within that same Article.
36. **Service Standards.**
 - 36.1 The Parties shall meet applicable quality of local service standards imposed by the Commission and will provide a level of services to each other under this Agreement in compliance with the nondiscrimination requirements of the Act.

- 36.2 GTE and Teligent agree to implement standards to measure the quality of Local Services (Unbundled Network Elements, Collocation, ROW, Conduit and Pole Attachments, as applicable) supplied by GTE with respect to pre-ordering, order/provisioning, maintenance and billing.
- 36.2.1 GTE's Performance Measures (PM) support five (5) Key Customer Expectations: delivered as promised, works when delivered, works over time, repaired when broken, and billed accurately.
- 36.2.2 Reporting will be available monthly, or at a greater interval, as requested by the Teligent. GTE and Teligent will work with each other's respective account teams to determine the level of reporting that may be appropriate.
- 36.2.3 GTE's PM include certain financial incentives that specifically require the Teligent to provide timely and accurate forecasts. If the Teligent chooses not to comply with the forecasting PM, GTE will rescind the financial incentives.
- 36.3 GTE shall provide Teligent with notice of any new or changed feature, functionality or price pertaining to pre-ordering, ordering/provisioning, maintenance and billing for "Services" necessary to ensure that Teligent can provide retail local exchange services which are at least equal in quality to comparable GTE retail local exchange services.
- 36.4 The Parties will alert each other to any network events that can result or have resulted in service interruption, blocked calls, and/or changes in network performance. GTE will treat Teligent in a nondiscriminatory manner equal to GTE's established business practice, e.g., GTE will advise Teligent of any such network event resulting in blocked calls or lost features.
37. Severability. If any provision of this Agreement is held by a court or regulatory agency of competent jurisdiction to be unenforceable, the rest of the Agreement shall remain in full force and effect and shall not be affected unless removal of that provision results, in the opinion of either Party, in a material change to this Agreement. If a material change as described in this paragraph occurs as a result of action by a court or regulatory agency, the Parties shall negotiate in good faith for replacement language. If replacement language cannot be agreed upon within a reasonable period, either Party may terminate this Agreement without penalty or liability for such termination upon written notice to the other Party.

38. **Subcontractors.** Provider may enter into subcontracts with third parties or affiliates for the performance of any of Provider's duties or obligations under this Agreement.
39. **Subsequent Law.** The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, or regulations that subsequently may be prescribed by any federal, state or local governmental authority. To the extent required by any such subsequently prescribed law, rule, or regulation, the Parties agree to modify, in writing, the affected term(s) and condition(s) of this Agreement to bring them into compliance with such law, rule, or regulation.
40. **Taxes.** Any state or local excise, sales, or use taxes (excluding any taxes levied on income) resulting from the performance of this Agreement shall be borne by the Party upon which the obligation for payment is imposed under applicable law, even if the obligation to collect and remit such taxes is placed upon the other Party. The collecting Party shall charge and collect from the obligated Party, and the obligated Party agrees to pay to the collecting Party, all applicable taxes, except to the extent that the obligated Party notifies the collecting Party and provides to the collecting Party appropriate documentation that qualifies the obligated Party for a full or partial exemption. Any such taxes shall be shown as separate items on applicable billing documents between the Parties. The obligated Party may contest the same in good faith, at its own expense, and shall be entitled to the benefit of any refund or recovery, provided that such Party shall not permit any lien to exist on any asset of the other Party by reason of the contest. The collecting Party shall cooperate in any such contest by the other Party.
- 40.1 **Tax -** A charge which is statutorily imposed by the state or local jurisdiction and is either (a) imposed on the seller with the seller having the right or responsibility to pass the charge(s) on to the purchaser and the seller is responsible for remitting the charge(s) to the state or local jurisdiction or (b) imposed on the purchaser with the seller having an obligation to collect the charge(s) from the purchaser and remit the charge(s) to the state or local jurisdiction.
- Taxes shall include but not be limited to: federal excise tax, state/local sales and use tax, state/local utility user tax, state/local telecommunication excise tax, state/local gross receipts tax, and local school taxes. Taxes shall not include income, income-like, gross receipts on the revenue of a provider, or property taxes. Taxes shall not include payroll withholding taxes unless specifically required by statute or ordinance.
- 40.2 **Fees/Regulatory Surcharges -** A charge imposed by a regulatory authority, other agency, or resulting from a contractual obligation, in which the seller is

responsible or required to collect the fee/surcharge from the purchaser and the seller is responsible for remitting the charge to the regulatory authority, other agency, or contracting party.

Fees/Regulatory Surcharges shall include but not be limited to E911/911, E311/311, franchise fees, Lifeline, hearing impaired, and Commission surcharges.

41. **Trademarks and Trade Names.** Except as specifically set out in this Agreement, nothing in this Agreement shall grant, suggest, or imply any authority for one Party to use the name, trademarks, service marks, or trade names of the other for any purpose whatsoever.
42. **Waiver.** The failure of either Party to insist upon the performance of any provision of this Agreement, or to exercise any right or privilege granted to it under this Agreement, shall not be construed as a waiver of such provision or any provisions of this Agreement, and the same shall continue in full force and effect.
43. **Environmental Responsibility.**
 - 43.1 GTE and Teligent agree to comply with applicable federal, state and local environmental and safety laws and regulations including U.S. Environmental Protection Agency (EPA) regulations issued under the Clean Air Act, Clean Water Act, Resource Conservation and Recovery Act, Comprehensive Environmental Response, Compensation and Liability Act, Superfund Amendments and Reauthorization Act and the Toxic Substances Control Act and OSHA regulations issued under the Occupational Safety and Health Act of 1970. Each Party has the responsibility to notify the other if compliance inspections occur and/or citations are issued that impact any aspect of this Agreement such as occurring on a LEC facility or involving Teligent potential employee exposure.
 - 43.2 GTE and Teligent shall provide notice of known and recognized physical hazards or hazardous chemicals that must include providing Material Safety Data Sheets (MSDSs) for materials existing on site or brought on site to the facility. Each Party is required to provide specific notice for potential imminent danger conditions which could include, but is not limited to, a defective utility pole or significant petroleum contamination in a manhole.
 - 43.3 GTE will make available additional environmental control or safety procedures for Teligent to review and follow when working at a GTE facility. Providing these procedures, beyond government regulatory compliance requirements, is the decision of GTE. These practices/procedures will represent the regular

work practices required to be followed by the employees and contractors of GTE for safety and environmental protection.

- 43.4 Any materials brought, used or remaining at the facility by Teligent are owned by Teligent. Teligent will indemnify GTE for these materials. No substantial new safety or environmental hazards can be created or new hazardous materials can be used at a GTE facility. Teligent must demonstrate adequate emergency response capabilities for its materials used or remaining at the GTE facility.**
- 43.5 When third party contamination is discovered at a GTE facility, the Party uncovering the condition must notify the proper safety or environmental authority, if required under applicable laws or regulations. Teligent must also notify GTE of third party contamination it discovers at GTE facilities. The cost causer (requiring access) will become the generator, as owner or operator, of any waste materials such as petroleum contaminated water, sewage or manhole sediment.**
- 43.6 Teligent should obtain and use its own environmental permits, if necessary. If GTE's permit or EPA identification number must be used, Teligent must comply with all of GTE's environmental processes including environmental "best management practices (BMP)" and/or selection of disposition vendors and disposal sites.**
- 43.7 Teligent visitors must comply with GTE security, fire safety, safety, environmental and building practices/codes including equivalent employee training when working in GTE facilities.**
- 43.8 GTE and Teligent shall coordinate plans or information required to be submitted to government agencies, such as emergency response plans and community reporting. If fees are associated with filing, GTE and Teligent must develop a cost sharing procedure.**
- 43.9 Notwithstanding Section 22, GTE and Teligent shall indemnify, defend and hold harmless the other party from and against any claims (including, without limitation, third party claims for personal injury or real or personal property damage), judgments, damages (including direct and indirect damage, and punitive damages), penalties, fines, forfeitures, cost, liabilities, interest and losses or in connection with the violation or alleged violation of any applicable requirement or the presence or alleged presence of contamination arising out of the indemnifying party's acts or omissions concerning its operations at the facility.**

- 43.10 Activities impacting safety or the environment of a Right of Way must be harmonized with the specific agreement and the relationship between GTE and the private land owner. This could include limitations on equipment access due to environmental conditions (e.g., wetland area with equipment restrictions)
44. **TBD Prices.** Numerous provisions in this Agreement and its Attachments refer to pricing principles. If a provision references prices in an Attachment and there are no corresponding prices in such Attachment, such price shall be considered "To Be Determined" (TBD). With respect to all TBD prices, prior to Teligent ordering any such TBD item, the Parties shall meet and confer to establish a price. If the Parties are unable to reach agreement on a price for such item, an interim price shall be set for such item that is equal to the price for the nearest analogous item for which a price has been established (for example, if there is not an established price for a non-recurring charge (NRC) for a specific network element, the Parties would use the NRC for the most analogous retail service for which there is an established price). Any interim prices so set shall be subject to modification by any subsequent decision of the Commission. If an interim price is different from the rate subsequently established by the Commission, any underpayment shall be paid by Teligent to GTE, and any overpayment shall be refunded by GTE to Teligent, within 45 Business Days after the establishment of the price by the Commission. The prices set forth in Section 45 below are not considered interim prices for purposes of this Section 44.
45. **Amendment of Certain Rates, Terms and Conditions.** The rates, terms and conditions in this Agreement that are specified in Appendix M (the "AT&T Terms") were taken from the AT&T/GTE Interconnection, Resale and Unbundling Agreement (the AT&T Agreement) approved by the Commission. The rates, terms and conditions not included in this Agreement but referenced in Appendix L (the "GTE Terms") were excluded from the AT&T Agreement by the Commission. GTE and Teligent agree that if the "AT&T Terms" are deemed to be unlawful, or are stayed, enjoined or otherwise modified, in whole or in part, by a court or commission of competent jurisdiction, then this Agreement shall be deemed to have been amended accordingly, by modification of the "AT&T Terms" or, as appropriate, the substitution of "GTE Terms" for all stayed and enjoined "AT&T Terms", and such amendments shall be effective retroactive to the Effective Date of this Agreement.

GTE and Teligent further agree that the terms and conditions of this Agreement reflect certain requirements of the FCC's First Report and Order in CC Docket No. 96-98. The terms and conditions of this Agreement shall be subject to any and all actions by any court or other governmental authority that invalidate, stay, vacate or otherwise modify the FCC's First Report and Order, in whole or in part ("subsequent actions"). To the extent warranted by any such

subsequent action, the parties agree that this Agreement shall be deemed to have been modified accordingly as in the first paragraph of this Section 45. The parties agree to immediately apply any effected terms and conditions, including any in other sections and articles of this Agreement, consistent with such subsequent action, and within a reasonable time incorporate such modified terms and conditions in writing into the Agreement. If the "AT&T Terms" are affected by such subsequent action and GTE determines they cannot be consistently applied therewith, the "GTE Terms" shall apply. Teligent acknowledges that GTE may seek to enforce such subsequent action before a commission or court of competent jurisdiction. GTE does not waive any position regarding the illegality or inappropriateness of the FCC's First Report and Order.

The rates, terms and conditions (including rates which may be applicable under true-up) specified in both the "GTE Terms" and the "AT&T Terms" are further subject to amendment, retroactive to the Effective Date of the Agreement, only to the extent however, the retroactive rates, terms and conditions are applied to AT&T, to provide for charges or rate adjustments resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation.

If the Commission (or any other commission or federal or state court) in reviewing this Agreement pursuant to applicable state and federal laws, including Section 252(e) of the Telecommunications Act of 1996, deletes or modifies in any way this Section 45, the Parties agree that this entire Section 45 is void and will not become effective, and Teligent agrees to withdraw this Section 45 and Appendices L and M from consideration by the Commission (or any other commission or federal or state court).

46. Section 252(i) Obligations. Teligent does not waive its rights under Section 252(i) of the Act.

**ARTICLE IV
GENERAL RULES GOVERNING RESOLD SERVICES
AND UNBUNDLED ELEMENTS**

1. **General.** General regulations, terms and conditions governing rate applications, technical parameters, service availability, definitions and feature interactions, as described in the appropriate GTE intrastate local, toll and access tariffs, as referenced in the third column of Appendix E (the "GTE Retail Tariff"), apply to retail services made available by GTE to Teligent for resale and unbundled network elements provided by GTE to Teligent, when appropriate, unless otherwise specified in this Agreement. As applied to services or network elements offered under this Agreement, the term "Customer" contained in the GTE Retail Tariff shall be deemed to mean "Teligent" as defined in this Agreement.
2. **Liability of GTE.**
 - 2.1 **Inapplicability of Tariff Liability.** GTE's general liability, as described in the GTE Retail Tariff, does not extend to Teligent's customers or any other third party. Liability of GTE to Teligent resulting from any and all causes arising out of services, facilities, network elements or any other items relating to this Agreement shall be governed by the liability provisions contained in this Agreement and no other liability whatsoever shall attach to GTE. GTE shall be liable for the individual services, facilities or elements that it separately provides to Teligent and shall not be liable for the integration of components combined by Teligent.
 - 2.2 **Teligent Tariffs or Contracts.** Teligent shall, in its tariffs or other contracts for services provided to its end users using services, facilities or network elements obtained from GTE, provide that in no case shall the ILEC, whose services, facilities or network elements it has obtained, be liable to Teligent's end users or any third parties for any indirect, special or consequential damages, including, but not limited to, economic loss or lost business or profits, whether foreseeable or not, and regardless of notification by Teligent of the possibility of such damages and Teligent shall indemnify and hold ILEC harmless from any and all claims, demands, causes of action and liabilities based on any reason whatsoever from its customers as provided in this Agreement. Nothing in this Agreement shall be deemed to create a third party beneficiary relationship with Teligent's end users.
 - 2.3 **No Liability for Errors.** GTE is not liable for mistakes that appear in GTE's listings, 911 and other information databases, or for incorrect referrals of end users to Teligent for any ongoing Teligent service, sales or repair inquiries, and

with respect to such mistakes or incorrect referrals, Teligent shall indemnify and hold GTE harmless from any and all claims, demands, causes of action and liabilities whatsoever, including costs, expenses and reasonable attorney's fees incurred on account thereof, by third parties, including Teligent's end users or employees. For purposes of this Section 2.3, mistakes and incorrect referrals shall not include matters arising out of the willful misconduct of GTE or its employees or agents.

3. **Unauthorized Changes.**

3.1 **Procedures.** If either Party submits an order for resold services or unbundled elements under this Agreement in order to provide service to an end user that at the time the order is submitted is obtaining its local services from GTE or another LEC using GTE resold services or unbundled elements, and the end user notifies the replaced Party that the end user did not authorize the replacing Party to provide local exchange services to the end user, the replacing Party must provide the replaced Party with written documentation of authorization from that end user within three (3) Business Days of notification by the replaced Party. If the replacing Party cannot provide written documentation of authorization within such time frame, the replacing Party must within three (3) Business Days thereafter:

- (a) notify GTE to change the end user back to the LEC providing service to the end user before the change to the replacing Party was made; and
- (b) provide any end user information and billing records the replacing Party has obtained relating to the end user to the LEC previously serving the end user; and
- (c) notify the end user and replaced Party that the change back to the previous LEC has been made; and
- (d) pay the replaced Party fifty dollars (\$50.00) per affected line to compensate the replaced Party for switching the end user back to the original LEC.

3.2 **Option to Restrict Changes Without Evidence of Authorization.** Teligent's or GTE's end users may request GTE to permit changes of their provider of local exchange services only upon end user written notification to GTE that the end user wishes to change the end user's provider of local exchange services. In such a situation, GTE will not change an end user's provider of local exchange services without such written notification.

4. **Impact of Payment of Charges on Service.** Teligent is solely responsible for the payment of all charges for all services, facilities and elements furnished under this Agreement, including, but not limited to, calls originated or accepted at its or its end users' service locations. If Teligent fails to pay when due any and all charges billed to Teligent under this Agreement, including any late payment charges (collectively, "Unpaid Charges"), and any or all such charges remain unpaid more than forty-five (45) Business Days after the due date of such Unpaid Charges excepting previously disputed charges for which Teligent may withhold payment, GTE shall notify Teligent in writing that it must pay all Unpaid Charges to GTE within seven (7) Business Days. If Teligent disputes the billed charges, it shall, within said seven (7) day period, inform GTE in writing of which portion of the Unpaid Charges it disputes, including the specific details and reasons for the dispute, unless such reasons have been previously provided, and shall immediately pay to GTE all undisputed charges. If Teligent and GTE are unable, within thirty (30) Business Days thereafter, to resolve issues related to the disputed charges, then either Teligent or GTE may resort to the dispute resolution mechanisms set forth in Article III, Section 13. Upon resolution of any dispute hereunder, if Teligent owes payment it shall make such payment to GTE with any late payment charge under Article III, Section 7.2, from the original payment due date. If Teligent owes no payment, but has previously paid GTE such disputed payment, then GTE shall credit such payment including any late payment charges. If Teligent fails to pay any undisputed Unpaid Charges, Teligent shall, at its sole expense, within five (5) Business Days notify its end users that their service may be disconnected for Teligent's failure to pay Unpaid Charges, and that its end users must select a new provider of local exchange services. If Teligent fails to provide such notification or any of Teligent's end users fail to select a new provider of services within the applicable time period, GTE will provide local exchange services to Teligent's end users under GTE's applicable end user tariff at the then current charges for the services being provided. In this circumstance, otherwise applicable service establishment charges will not apply to Teligent's end user, but will be assessed to Teligent. GTE may discontinue service to Teligent upon failure to pay undisputed charges as provided in this Section 4, and shall have no liability to Teligent or Teligent's end users in the event of such disconnection.
5. **Unlawful Use of Service.** Services, facilities or unbundled elements provided by either Party pursuant to this Agreement shall not be used by the other Party or its end users for any purpose in violation of law. Each Party shall be responsible to ensure that its end users use of services, facilities or unbundled elements provided hereunder comply at all times with all applicable laws. Either Party may refuse to furnish service to the other Party or disconnect particular services, facilities or unbundled elements provided under this Agreement to the other or, as appropriate, its' end user when (i) an order is

issued by a court of competent jurisdiction finding that probable cause exists to believe that the use made or to be made of the service, facilities or unbundled elements is prohibited by law or (ii) the Party providing the service is notified in writing by a law enforcement agency acting within its jurisdiction that any facility furnished by it is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of law. Termination of service shall take place after reasonable notice is provided to the other Party, or as ordered by the court. If facilities have been physically disconnected by law enforcement officials at the premises where located, and if there is not presented to the other Party providing service the written finding of a court, then upon request of the other Party and agreement to pay restoral of service charges and other applicable service charges, the providing Party shall promptly restore such service.

6. Timing of Messages. With respect to GTE resold measured rate local service(s), chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the network. Timing of messages applicable to GTE's Port and Local Switching element (usage sensitive services) will be recorded based on originating and terminating access.
7. Procedures For Preordering, Ordering, Provisioning, Etc. Certain procedures for preordering, ordering, provisioning, maintenance and billing and electronic interfaces for many of these functions are described in Appendix G. All costs and expenses for any new or modified electronic interfaces Teligent requires that GTE determines are technically feasible and GTE agrees to develop will be paid by Teligent pursuant to Appendix G. The schedule for implementation of any new or modified electronic interfaces will be developed by GTE according to industry standards and will be based upon the amount of work needed to design, test and implement the new or modified interface.
8. Customer Contacts. Except as otherwise provided in this Agreement or as agreed to in a separate writing by Teligent, Teligent shall provide the exclusive interface with Teligent's end user customers in connection with the marketing or offering of Teligent services. Except as otherwise provided in this Agreement, in those instances in which GTE personnel are required pursuant to this Agreement to interface directly with Teligent's end users, such personnel shall not identify themselves as representing GTE. All forms, business cards or other business materials furnished by GTE to Teligent end users shall bear no corporate name, logo, trademark or trade name other than Teligent's. In no event shall GTE personnel acting on behalf of Teligent pursuant to this

Agreement provide information to Teligent end users about GTE products or services. Neither Party shall make disparaging remarks about each other's products or services.

ARTICLE V
INTERCONNECTION AND TRANSPORT AND TERMINATION OF TRAFFIC

1. Services Covered by This Article.

- 1.1 Types of Services.** This Article governs the provision of internetwork facilities (i.e., physical interconnection services and facilities, including Microwave Interconnection), meet point billing by GTE to Teligent or by Teligent to GTE and the transport and termination and billing of Local, IntraLATA Toll, optional EAS traffic and jointly provided Interexchange Carrier Access between GTE and Teligent. The services and facilities described in this Article shall be referred to in this Article V as the "Services."
- 1.2 Service Locations for Interconnection Services and Facilities.** Appendix A, Service Matrix, attached to this Agreement and made a part hereof, sets forth the Services and each location in the State where a Service shall be provided (the "Service Locations") and the Interconnection Point (IP) for such Services.
- 1.3 Additional Services or Service Locations.** If, during the term of this Agreement, the parties determine that additional services are needed in the State, or existing Services will be offered in new locations in the State, the Parties shall execute an amendment to this Agreement substantially in the form of Appendix B attached to this Agreement and made a part hereof, incorporating the additional locations and/or any additional terms necessary for the additional services. Upon the effective date of the amendment, and continuing through the remaining term of this Agreement, the new services shall be deemed part of the Services provided pursuant to this Article and/or the new locations shall be deemed part of the Service Locations.

2. Billing and Rates.

- 2.1 Rates and Charges.** Customer agrees to pay to Provider the rates and charges for the Services set forth in the applicable appendices to this Agreement. GTE's rates and charges are set forth in Appendix C attached to this Agreement and made a part hereof. Teligent's separate rates and charges are also set forth in Appendix C attached hereto and made a part hereof.
- 2.2 Billing.** Provider shall render to Customer a bill for interconnection services on a current basis. Charges for physical facilities and other nonusage sensitive charges shall be billed in advance, except for charges and credits associated with the initial or final bills. Usage sensitive charges, such as charges for termination of Local Traffic, shall be billed in arrears. Until such time as the Parties implement combined (single) trunk groups pursuant to Section 4.3.3 of

this Article, charges for traffic that has been, for whatever reason, routed over a jurisdictionally inappropriate trunk group (e.g., local traffic carried over trunks used for Switched Access Traffic) shall reflect the appropriate compensation arrangement for the appropriate jurisdiction and shall be handled as a post-billing adjustment to bills rendered. Additional matters relating to billing are included in Appendix G attached to this Agreement and made a part hereof.

3. Transport and Termination of Traffic.

3.1 Types of Traffic. The Parties shall reciprocally terminate Local, IntraLATA Toll, optional EAS and jointly provided Interexchange Carrier Traffic originating on each other's networks utilizing either Direct or Indirect Network Interconnections as provided in Section 4 or Section 5 herein. To this end, the Parties agree that there will be interoperability between their networks. Only traffic originated by or terminating to the Parties' end user customers is to be exchanged. The Parties also agree to exchange traffic associated with Third-Party LECs, CLECs and Wireless Service Providers if an agreement has been made between the originating carrier and both the tandem company and the terminating company. In addition, the Parties will notify each other of any anticipated change in traffic distribution.

3.2 Compensation For Exchange Of Traffic.

3.2.1 Mutual Compensation. The Parties shall compensate each other for the exchange of Local Traffic in accordance with Section 3.2.2 of this Article. Charges for the transport and termination of intraLATA toll and interexchange traffic shall be in accordance with the Parties' respective intrastate or interstate access tariffs, or other standard offerings, as appropriate. Optional extended area service (EAS), where applicable, will be classified as toll traffic. Mandatory EAS will be classified as local traffic.

3.2.2 Bill-and-Keep. The Parties shall assume that Local Traffic is roughly balanced between the parties unless traffic studies indicate otherwise. Accordingly, the Parties agree to use a Bill-and-Keep Arrangement with respect to termination of Local Traffic only. Either Party may request that a traffic study be performed no more frequently than once a quarter. Should such traffic study indicate, in the aggregate, that either Party is terminating more than 60 percent of the Parties' total terminated minutes for Local Traffic, either Party may notify the other that mutual compensation will commence pursuant to the rates set forth in Appendix C of this Agreement and following such notice it shall begin and continue for the duration of the Term of this Agreement unless otherwise agreed. Nothing in this

Section 3.2.2 shall be interpreted to (i) change compensation set forth in this Agreement for traffic or services other than Local Traffic, including but not limited to internetwork facilities, access traffic or wireless traffic, or (ii) allow either Party to aggregate traffic other than Local Traffic for the purpose of compensation under the Bill-and-Keep Arrangement described in this Section 3.2.2, except as set forth in Section 3.1 above. Notwithstanding the above, the Parties agree that Bill-and-Keep will apply for a minimum of the first six months that traffic is exchanged between the Parties.

3.2.3 Sharing of Access Charges on Calls to Ported Numbers. Until permanent number portability is implemented, the Parties agree that switched access termination to a ported number will be billed by the party providing interim number portability and that the party billing the switched access will share the switched access revenue with the other party. After permanent number portability is implemented, the Parties agree to renegotiate sharing of access charges to ported numbers in accordance with permanent number portability requirements. In lieu of actual measurements of minutes and/exchange of billing records for this traffic the Parties agree that the Party providing the ported number will pay the other Party the rate per line/per month as specified in Appendix D.

- (a) The number of lines/talk paths per ported number that are subject to compensation will be determined at the time the end user customer's local service is changed from one party to the other. The number of lines per number eligible for the shared revenue arrangement described in this section will be limited to the number of lines in service on the date of conversion plus a 10% growth margin. After conversion the number of lines per number available for compensation can only be increased by mutual consent of the parties.
- (b) The Parties agree that the compensation rate in paragraph 3.3.3 may change as a result of changes in access rates, traffic volume or for other reasons and agree to renegotiate the rate if a significant event occurs. At a minimum, the parties agree to reevaluate the rate on an annual basis.
- (c) The Parties agree that terminating switched access calls ported via interim number portability may appear to the receiving party to be a local call and that the implementation of reciprocal compensation for terminating

local calls may result in overcompensation for ported switched access calls. Therefore, the Parties agree to renegotiate the terminating shared access compensation rate if reciprocal compensation for local calls is implemented.

3.3 Tandem Switching Services. The Parties will provide tandem switching for traffic between the Parties' end offices subtending each other's access tandem, as well as for traffic between either Party's end users and any Third Party which is interconnected to the other Party's access tandems as follows:

3.3.1 The originating Party will compensate the tandem Party for each minute of originated tandem switched traffic which terminates to third party (e.g., other Teligent, ILEC, or wireless service provider). The applicable rate for this charge is identified in Appendix C.

3.3.2 The originating Party also assumes responsibility for compensation to the company which terminates the call.

3.3.3 Services Provided. Tandem switching services provided pursuant to this Section 3.3 shall include the following:

- (a) signaling;
- (b) screening and routing;
- (c) recording;
- (d) access to AIN functionality, in accordance with the terms and conditions of Article V and Article VII of this Agreement;
- (e) access to operator services and directory assistance, in accordance with the terms and conditions of Article VI and Article VIII of this Agreement;
- (f) support of all trunk interconnections;
- (g) access to PSAPs, in accordance with the terms and conditions of Article VIII of this Agreement; and
- (h) transit of traffic to and from third parties in accordance with the terms and conditions of this section.

- 3.4 **Inter-Tandem Switching.** The Parties will only use inter-tandem switching for the transport and termination of traffic originating on each other's network at and after such time as either (i) Teligent has agreed to and fully implemented an existing intraLATA toll compensation mechanism such as IntraLATA Terminating Access Compensation (ITAC) or a functional equivalent thereof or (ii) generally accepted industry signaling standards and AMA record standards support the recognition of multiple tandem switching events.

4. **Direct Network Interconnection.**

- 4.1 **Network Interconnection Architecture.** Teligent may interconnect with GTE at any of the minimum technically feasible points required by the FCC. Interconnection at additional points will be reviewed on an individual case basis. Where the Parties mutually agree to directly interconnect their respective networks, interconnection will be as specified in the following subsections. The "IPs" shall be set forth in Appendix A attached to this Agreement and made a part hereof. Additional "IPs" thereafter will be subject to a Bona Fide Request and amended by Appendix B as appropriate. Based on the configuration, the installation timeline will vary considerably, however, GTE will work with Teligent in all circumstances to install "IPs" within 120 calendar days absent extenuating circumstances. Internetwork connection and protocol must be based on industry standards developed consistent with Section 256 of the Telecommunications Act of 1996.

- 4.1.1 Subject to mutual agreement, the Parties may use the following types of network facility interconnection, using such interface media as are (i) appropriate to support the type of interconnection requested and (ii) available at the facility at which interconnection is requested. For each IP set forth in Appendix A, the Parties shall specify the type of interconnection used at that IP.

- (a) A Mid-Span Fiber Meet within an existing GTE exchange area whereby the Parties mutually agree to jointly plan and engineer their facility IP at a designated manhole or junction location. The IP is the demarcation between ownership of the fiber transmission facility. Each party is individually responsible for its incurred costs in establishing this arrangement.
- (b) A Virtual EIS or physical collocation arrangement, including Microwave Collocation, at a GTE wire center subject to the rates, terms, and conditions contained in GTE's applicable tariffs.

- (c) **A special access arrangement and/or switched transport terminating at a GTE wire center subject to the rates, terms, and conditions contained in GTE's applicable tariffs. These facilities will meet the standards set forth in such tariffs.**
- 4.1.2 **Virtual EIS and physical collocation arrangements are governed by appropriate GTE tariffs, except as provided in Article IX, Section 1.3**
- 4.1.3 **The Parties will mutually designate at least one IP on GTE's network within each GTE local calling area for the routing of Local Traffic. Recording and billing of traffic routed over these facilities shall be as provided in Section 3.4 of this Article.**
- 4.2 **Compensation. The Parties agree to the following compensation for internetwork facilities, depending on facility type.**
 - 4.2.1 **Mid-Span Fiber Meet: GTE will charge special access (flat rated) transport from the applicable intrastate access tariff and will rate charges between the IP and GTE's interconnection switch. Charges will be reduced to reflect the proportionate share of the facility that is used for transport of traffic originated by GTE. Teligent will charge flat rated transport to GTE for Teligent facilities used by GTE. Teligent will apply charges based on the lesser of; (i) the airline mileage from the IP to the Teligent switch; or (ii) the airline mileage from the GTE switch to the serving area boundary.**
 - 4.2.2 **Collocation: GTE will charge Virtual EIS or Physical collocation rates from the applicable GTE tariff. Teligent will charge GTE flat rated transport to reflect the proportionate share of the facility that is used for transport of traffic originated by GTE. Teligent will apply charges based on the lesser of; (i) the airline mileage from the IP to the Teligent switch; or (ii) two (2) times the airline mileage from the GTE switch to the serving area boundary.**
 - 4.2.3 **Special Access and/or Switched Access: GTE will charge special access and/or switched access rates from the applicable GTE intrastate access tariff. Charges will be reduced to reflect the proportionate share of the facility that is used for transport of traffic originated by GTE.**

4.3 Trunking Requirements.

- 4.3.1 The Parties agree to establish trunk groups of sufficient capacity from the interconnecting facilities such that trunking is available to any switching center designated by either Party, including end offices, tandems, 911 routing switches, and directory assistance/operator service switches. The Parties will mutually agree where one-way or two-way trunking will be available.**
- 4.3.2 Teligent shall make available to GTE trunks over which GTE shall terminate to end users of Teligent-provided Exchange Services, Local Traffic and intraLATA toll or optional EAS traffic originated from end users of GTE-provided Exchange Service.**
- 4.3.3 Teligent and GTE shall, where applicable, make reciprocally available, by mutual agreement, the required trunk groups to handle different traffic types. Teligent and GTE will support the provisioning of trunk groups that carry combined or separate Local Traffic and intraLATA toll and optional EAS traffic. GTE requires separate trunk groups from Teligent to terminate interLATA calls and to provide Switched Access Service to IXCs. To the extent Teligent desires to have any interexchange carriers (IC) terminate traffic to Teligent's IC transiting trunks, Teligent's will arrange for such IC to issue an ASR to GTE instructing GTE to route such traffic over the appropriate trunk group. Until GTE receives and processes such ASRs, the traffic will be blocked.**
 - 4.3.3.1 Each Party agrees to route traffic only over the proper jurisdictional trunk group.**
 - 4.3.3.2 Each Party shall only deliver traffic over the local interconnection trunk groups to the other Party's access tandem for those publicly-dialable NXX Codes served by end offices that directly subtend the access tandem or to those wireless service providers that directly subtend the access tandem.**
 - 4.3.3.3 Neither party shall route Switched Access Service traffic over local interconnection trunks, or local traffic over Switched Access Service trunks.**
- 4.3.4 Teligent's and GTE will reciprocally provide PLU factors to each other on a quarterly basis to identify the proper jurisdiction of each call type that is carried over the required trunks.**

- 4.3.5 Reciprocal traffic exchange arrangement trunk connections shall be made at a DS-1 or multiple DS-1 level, DS-3, (SONET where technically available) and shall be jointly-engineered to an objective P.01 grade of service.
- 4.3.6 Teligent's and GTE agree to use diligent efforts to develop and agree on a Joint Interconnection Grooming Plan prescribing standards to ensure that the reciprocal traffic exchange arrangement trunk groups are maintained at consistent P.01 or better grades of service. Such plan shall also include mutually-agreed upon default standards for the configuration of all segregated trunk groups.
- 4.3.7 Signaling System 7 (SS7) Common Channel Signaling will be used to the extent that such technology is available.
- 4.3.8 The Parties agree to offer and provide to each other B8ZS Extended Superframe Format ("ESF") facilities, where available, capable of voice and data traffic transmission.
- 4.3.9 The Parties will support intercompany 64kbps clear channel where available.
- 4.4 Network Redesigns Initiated by GTE. GTE will not charge Teligent's when GTE initiates its own network redesigns/reconfigurations.
- 5. Indirect Network Interconnection. Neither Party shall deliver traffic destined to terminate at the other Party's end office via another LEC's end office. In addition, except as provided in 3.5 above, neither Party shall deliver traffic destined to terminate at an end office subtending the other Party's access tandem via another LEC's access tandem. Either Party may deliver traffic destined to terminate at the other Party's end office via another LEC's tandem provided that the Parties have established compensation agreement(s) specific to this arrangement.
- 6. Number Resources.
 - 6.1 Number Assignment. Nothing in this Agreement shall be construed to, in any manner, limit or otherwise adversely impact Teligent's right to employ or to request and be assigned any NANP number resources including, but not limited to, Central Office (NXX) Codes pursuant to the Central Office Code Assignment Guidelines. Any request for numbering resources by Teligent shall be made directly to the NANP Number Plan Administrator. Except with respect to those areas in which GTE is the NANP Number Plan Administrator, GTE shall not be responsible for the requesting or assignment of number resources

to Teligent. The Parties agree that disputes arising from numbering assignment shall be arbitrated by the NANP Number Plan Administrator. Teligent shall not request number resources to be assigned to any GTE switching entity.

- 6.2 Rate Centers. For purposes of compensation between the Parties and the ability of GTE to appropriately apply its toll tariff to its end user customers, Teligent shall adopt the Rate Center areas and Rate Center points that the Commission has approved for the incumbent LEC and shall assign whole NPA-NXX codes to each Rate Center, provided, however, that Teligent may modify the Rate Center areas and points subject to approval by the Commission.
- 6.3 Routing Points. Teligent will also designate a Routing Point for each assigned NXX code. Teligent may designate one location within each Rate Center as a Routing Point for the NPA-NXX associated with that Rate Center; alternatively Teligent may designate a single location within one Rate Center to serve as the Routing Point for all the NPA-NXXs associated with that Rate Center and with one or more other Rate Centers served by Teligent within an existing GTE exchange area. Teligent shall use diligent efforts to designate at least one Routing Point in GTE's exchange area for all NPA-NXXs associated with GTE's Rate Centers.
- 6.4 Code and Numbers Administration. The Parties will comply with code administration requirements as prescribed by the FCC, the Commission, and accepted industry guidelines. Where GTE is the NANP Number Plan Administrator, GTE will administer number resources, and charge for such administration in accord with applicable rules and regulations. GTE will administer numbering resources in a competitively neutral manner, and process requests for NXX codes in a timely manner and in accord with industry standards. The Parties shall protect Teligent proprietary information that may be submitted to GTE in connection with GTE's responsibilities as NANP Number Plan Administrator in accordance with Article III, Section 10 of this Agreement.
- 6.5 Programming Switches. It shall be the responsibility of each Party to program and update its own switches and network systems pursuant to the Local Exchange Routing Guide (LERG) guidelines to recognize and route traffic to the other Party's assigned NXX codes at all times. Neither Party shall impose any fees or charges whatsoever on the other Party for such activities.
7. Interim Number Portability (INP). Each Party shall provide the other Party with INP for the purpose of allowing end user customers to change service-providing Parties without changing their telephone number. GTE shall provide its INP to Teligent using remote call forwarding (RCF). The GTE rates for INP

service using RCF are set out in Appendix D attached to this Agreement and made a part hereof. If Teligent wishes to use Direct Inward Dialing ("DID") to provide INP to its end users, Teligent may purchase DID service from GTE at the wholesale rate set out in Appendix E attached to this Agreement and made a part hereof. Teligent shall provide INP to GTE at the rates specified for Teligent in Appendix D.

8. Meet-Point Billing.

8.1 Meet-Point Arrangements.

8.1.1 The Parties may mutually establish Meet-Point Billing ("MPB") arrangements in order to provide Switched Access Services to Access Service customers via a GTE access tandem in accordance with the MPB guidelines adopted by and contained in the Ordering and Billing Forum's MECAB and MECOD documents, except as modified herein and as described in Section 3.2.3 for Interim Portability.

8.1.2 Except in instances of verified capacity limitations, GTE shall permit and enable Teligent to sub-tend the GTE access tandem(s) nearest to the Teligent Rating Point(s) associated with the NPA-NXX(s) to/from which the Switched Access Services are homed. In instances of capacity limitation at a given access tandem, Teligent shall be allowed to subtend the next-nearest GTE access tandem in which sufficient capacity is available.

8.1.3 Interconnection for the MPB arrangement shall occur at the IP.

8.1.4 Common Channel Signaling shall be utilized in conjunction with MPB arrangements to the extent such signaling is resident in the GTE access tandem switch.

8.1.5 Teligent and GTE will use diligent efforts, individually and collectively, to maintain provisions in their respective federal and state access tariffs, and/or provisions within the National Exchange Carrier Association ("NECA") Tariff No. 4, or any successor tariff, sufficient to reflect this MPB arrangement, including MPB percentages.

8.1.6 As detailed in the MECAB document, Teligent and GTE will, in a timely fashion, exchange all information necessary to accurately, reliably and promptly bill Access Service customers for Switched Access Services traffic jointly handled by Teligent and GTE via the

meet-point arrangement. Information shall be exchanged in Electronic Message Record ("EMR") format, on magnetic tape or via a mutually acceptable electronic file transfer protocol.

- 8.1.7 Teligent and GTE shall work cooperatively to coordinate rendering of Meet-Point bills to customers, and shall reciprocally provide each other usage data and related information at the appropriate charge.

8.2 Compensation.

- 8.2.1 Initially, billing to Access Service customers for the Switched Access Services jointly provided by Teligent and GTE via the MPB arrangement shall be according to the multiple-bill method as described in the MECAB guidelines. This means each Party will bill the portion of service they provided at their appropriate tariff, or price list.
- 8.2.2 Subsequently, Teligent and GTE may mutually agree to implement one of the following options for billing to third parties for the Switched Access Services jointly provided by Teligent and GTE via the MPB arrangement: single-bill/single tariff method, single-bill/multiple tariff method, or to continue the multiple-bill method. Should Teligent prefer to change among these billing methods, Teligent shall notify GTE of such a request in writing, ninety (90) Business Days in advance of the date on which such change is desired to be implemented, such changes then may be made in accordance with MECAB guidelines and if GTE mutually agrees, the change will be made.

9. Common Channel Signaling.

- 9.1 Service Description. The Parties will provide Common Channel Signaling ("CCS") to one another via Signaling System 7 ("SS7") network interconnection, where and as available, in the manner specified in FCC Order 95-187, in conjunction with all traffic exchange trunk groups. SS7 signaling and transport services shall be provided by GTE in accordance with the terms and conditions of this Section 9 of this Article and Appendix H attached to this Agreement and made a part hereof. The Parties will cooperate on the exchange of all appropriate SS7 messages for local and intraLATA call set-up signaling, including ISUP and Transaction Capabilities Application Part ("TCAP") messages to facilitate full interoperability of all CLASS Features and functions between their respective networks. Any other SS7 message services to be provided using TCAP messages (such as data base queries) will be jointly negotiated and agreed upon.

- 9.2 **Signaling Parameters.** All SS7 signaling parameters will be provided in conjunction with traffic exchange trunk groups, where and as available. These parameters include Automatic Number Identification ("ANI"), Calling Party Number ("CPN"), Privacy Indicator, calling party category information, originating line information, charge number, etc. Also included are all parameters relating to network signaling information, such as Carrier Information Parameter ("CIP"), wherever such information is needed for call routing or billing. GTE will provide SS7 via GR-394-SS7 and/or GR-317-SS7 format(s).
- 9.3 **Privacy Indicators.** Each Party will honor all privacy indicators as required under applicable law.
- 9.4 **Connection Through STP.** Teligent must interconnect with the GTE STP(s) serving the LATA in which the traffic exchange trunk groups are interconnected. Additionally, all interconnection to GTE's 800/888 database and GTE's LIDB shall, consistent with this section and Appendix H attached hereto, take place only through appropriate STP pairs.
- 9.5 **Third Party Signaling Providers.** Teligent may choose a third-party SS7 signaling provider to transport messages to and from the GTE SS7 network. In that event, that third-party provider must present a letter of agency to GTE, prior to the testing of the interconnection, authorizing the third party to act on behalf of Teligent in transporting SS7 messages to and from GTE. The third-party provider must interconnect with the GTE STP(s) serving the LATA in which the traffic exchange trunk groups are interconnected.
- 9.6 **Multi-Frequency Signaling.** In the case where CCS is not available, in band Multi-Frequency ("MF"), wink start, E & M channel associated signaling with ANI will be provided by the Parties. Network signaling information, such as CIC/OZZ, will be provided wherever such information is needed for call routing or billing.
10. **Service Quality and Performance.** Each Party shall provide Services under this Article to the other Party that are equal in quality to that the Party provides to itself, its Affiliates or any other entity. "Equal in quality" shall mean that the Service will meet the same technical criteria and performance standards that the providing Party uses within its own network for the same Service at the same location under the same terms and conditions.
11. **Network Outages.** GTE shall work with Teligent to establish reciprocal responsibilities for network outages and reporting. Each party shall be responsible for network outage as a result of termination of its equipment in GTE wire center or access tandem. Teligent shall be responsible for notifying

GTE of significant outages which could impact or degrade GTE switches and services.

12. Technical Descriptions and Forecasts. GTE and Teligent will periodically exchange technical descriptions and forecasts of their interconnection and traffic requirements in sufficient detail to assure traffic completion to and from all customers within the appropriate calling areas.

ARTICLE VI RESALE OF SERVICES

1. **General.** The purpose of this Article VI is to define the Exchange Services and related Vertical Features and other Services (collectively referred to for purposes of this Article VI as the "Services") that may be purchased from GTE and resold by Teligent and the terms and conditions applicable to such resold Services. Except as specifically provided otherwise in this Agreement, provisioning of Exchange Services for resale will be governed by the GTE Guide. GTE will make available to Teligent for resale any Telecommunications Service that GTE currently offers, or may offer hereafter, on a retail basis to subscribers that are not telecommunications carriers, except as qualified by Section 2.2 below.
2. **Terms and Conditions.**
 - 2.1 **Quality and Performance.** GTE shall provide Services to Teligent that are equal in quality and performance standards to the same Services provided by GTE to its own end user customers.
 - 2.2 **Restrictions on Resale.** The following restrictions shall apply to the resale of retail services by Teligent.
 - 2.2.1 Teligent shall not resell Basic Exchange Residential Service.
 - 2.2.2 Teligent shall not resell to one class of customers a service that is offered by GTE only to another class of customers in accordance with State requirements (e.g., R-1 to B-1, disabled services or Lifeline services to non-qualifying customers).
 - 2.2.3 Teligent shall not resell public pay telephone lines.
 - 2.2.4 Teligent shall not resell semi-public pay telephone lines.
 - 2.2.5 Teligent shall not resell promotional offerings.
 - 2.3 **Restrictions on Discount of Retail Services.** The discount specified in Section 5.3 herein shall apply to all retail services except for the following:
 - 2.3.1 Teligent may resell services that are provided at a volume discount in accordance with terms and conditions of applicable tariff. Teligent shall not aggregate end user traffic in order to qualify for volume discount.

- 2.3.2 Teligent may resell ICB/Contract services without a discount and only to end user customers that already have such services.
 - 2.3.3 Teligent may resell COCOT coin or coinless line but no discount applies.
 - 2.3.4 Teligent may resell Lifeline services and services for the disabled but no discount shall apply and they shall only be resold to end user customers who qualify under GTE's tariffs and state/Commission rules, orders and regulations.
 - 2.3.5 Teligent may resell special access but no discount applies.
 - 2.3.6 Teligent may resell Operator Services and Directory Assistance as specified in Section 5.6 herein however no discount applies.
- 2.4 Resale to Other Carriers. Services available for resale may not be used by Teligent to provide access to the local network as an alternative to tariffed switched and special access by other carriers, including, but not limited to; interexchange carriers, wireless carriers, competitive access providers, or other retail telecommunications providers.
3. Ordering and Billing.
- 3.1 Local Service Request. Orders for resale of Services will be placed utilizing a standard Local Service Request ("LSR") form. GTE will continue to participate in industry forums for developing service order/disconnect order formats and will incorporate appropriate industry standards. A complete and accurate LSR (containing the requisite end user information as described in the Guide) must be provided by Teligent before a request can be processed.
 - 3.2 Certificate of Operating Authority. Prior to placing its first order, Teligent must represent and warrant to GTE that it is a certified provider of local dial-tone service. Teligent will provide a copy of its Certificate of Operating Authority or other evidence of its status to GTE upon request.
 - 3.3 Letter of Authorization. A Letter of Authorization ("LOA") will be required before resold Services will be provided in cases in which the subscriber currently receives Exchange Service from GTE or from a local service provider other than Teligent. Such LOA may be a blanket LOA or such other form as agreed upon between GTE and Teligent. GTE will not release information to Teligent on GTE end user customer accounts unless Teligent first provides to GTE a written LOA, signed by the end user customer, authorizing the release of such

information to Teligent or if state or federal law provides otherwise, in accordance with such law.

- 3.4 Directory Assistance Listings. GTE shall include a Teligent customer listing in its Directory Assistance database as part of the Local Service Request ("LSR") process. GTE will honor Teligent Customer's preferences for listing status, including non-published and unlisted, as noted on the LSR and will enter the listing in the GTE database which is used to perform Directory Assistance functions as it appears on the LSR.
- 3.5 Nonrecurring Charges. Teligent shall be responsible for the payment of all nonrecurring charges ("NRCs") applicable to resold Services (e.g., installation, changes, ordering charges) in accordance with the appropriate tariff referenced on Appendix E. No discount applies to nonrecurring charges.
- 3.6 Transfers Between Teligent and Another Reseller of GTE Services. When Teligent has obtained an end user customer from another reseller of GTE services, Teligent will inform GTE of the transfer by submitting a standard LSR to GTE.
- 3.7 Local Calling Detail. Except for those Services and in those areas where measured rate local service is available to end users, monthly billing to Teligent does not include local calling detail. However, Teligent may request and GTE shall consider developing the capabilities to provide local calling detail in those areas where measured local service is not available for a mutually agreeable charge.
- 3.8 Procedures. An overview of the procedures for preordering, ordering, provisioning and billing for resold services are outlined in Appendix G, attached hereto and made a part hereof.
- 3.9 LIDB. For resale services, GTE's service order will generate updates to the LIDB for validation of calling card, collect, and third number billed calls.
- 3.10 "OLN". Upon request, GTE will update the database to provide Originating Line Number ("OLN") Screening which indicates to an operator the acceptable billing methods for calls originating from the calling number (e.g., penal institutions, COCOTS).
4. Maintenance.
 - 4.1 Maintenance, Testing and Repair. GTE will provide repair and maintenance services to Teligent and its end user customers for resold Services in accordance with the same standards and charges used for such services

provided to GTE end user customers. GTE will not initiate a maintenance call or take action in response to a trouble report from a Teligent end user until such time as trouble is reported to GTE by Teligent. Teligent must provide to GTE all end user information necessary for the installation, repair and servicing of any facilities used for resold Services according to the procedures described in the Guide.

- 4.2 Specifics and Procedures for Maintenance. An overview of the procedures for maintenance of resold services and additional matters agreed to by the Parties concerning maintenance are set forth in Appendix G.

5. Services Available for Resale.

- 5.1 Description of Local Exchange Services Available for Resale. Resold Basic Exchange Service includes, but is not limited to, the following elements:

- (a) Voice Grade Local Exchange Access Line - includes a telephone number and dial tone.
- (b) Local Calling - at local usage measured rates if applicable to the end user customer.
- (c) Access to long distance carriers
- (d) E-911 Emergency Dialing
- (e) Access to Special Access Codes - e.g., 800, 888, 900
- (f) Use of AIN Services (those currently available to end users)
- (g) End User Private Line Services
- (h) Listing of telephone number in appropriate "white pages" directory; and
- (i) Copy of "White Pages" and "Yellow Pages" directories for the appropriate GTE service area

- 5.2 List of Services Available for Resale. The type of Services listed on Appendix E, attached hereto and made a part of this Agreement, are available for resale by Teligent. Subject to the limitations on resale enumerated in this Article, any new services that GTE offers in the future at retail to customers who are not telecommunications carriers shall also be available to Teligent for resale under the same terms and conditions contained in this Agreement. Additional regulations, terms and conditions relating to the type of Services listed on

Appendix E can be found in the appropriate intrastate local, toll and access tariffs referenced on Appendix E and in Article IV of this Agreement. Terms, conditions and other matters concerning rate applications, technical parameters, provisioning capability, definitions and feature interactions contained in such tariffs are applicable to the type of Services offered under this Agreement and are incorporated herein by reference. Modifications to Services listed on Appendix E shall be provided to Teligent in accordance with GTE's practices and procedures.

5.3 **Rates.** The prices charged to Teligent for Local Services shall be calculated as follows:

- (1) Avoided Cost Discount of 12.97% shall apply to all retail services except those services listed in Section 2.2 and Section 2.3 herein.
- (2) The discount dollar amount calculated under Step 1 above will be deducted from the retail rate.
- (3) The resulting rate is the Wholesale Rate.
- (4) This discount dollar amount in Step 2 above shall not change during the Term of this Agreement, even though GTE may change its retail rates.

For resold business lines, GTE shall assess Teligent a charge for lost contribution associated with intraLATA toll if GTE does not provide the intraLATA toll associated with the line as specified in Appendix E.

5.4 **Grandfathered Services.** Services identified in GTE Tariffs as grandfathered in any manner are available for resale only to end user customers that already have such grandfathered service. An existing end user customer may not move a grandfathered service to a new service location.

5.5 **Access.** GTE retains all revenue due from other carriers for access to GTE facilities, including both switched and special access charges.

5.6 **Operator Services (OS) and Directory Assistance (DA).** Where GTE provides access to GTE Operator Services for local and toll assistance (for example, call completion, busy line verification and emergency interruption) and Directory Assistance (e.g., 411 calls routed to GTE's DA operator centers) as an element of Exchange Services offered for resale, Teligent will be billed in accordance with Appendix E. GTE will provide its existing OS and DA to a Teligent at the same quality and in a nondiscriminatory manner as the service GTE's end users receive.

- 5.6.1** Where Customized Routing is available (see Article VII) and Teligent so requests, GTE will offer unbranded OS and DA or rebranded OS and DA with the Teligent brand. GTE will provide such unbranding or rebranding on a switch-by-switch basis, subject to capability and capacity limitations. Upon receipt of an order for unbranding or rebranding, GTE will implement within 90 Business Days when technically capable.
- 5.6.2** Teligent will be billed for unbranding or rebranding and Customized Routing. Upon written request from the Teligent, GTE will provide Teligent with terms and conditions for providing Customized Routing and branding, plus the applicable charges.
- 5.6.3** For those offices that Teligent has requested GTE to rebrand and/or unbrand OS and DA, Teligent shall continue exclusively to use GTE rebranded and/or unbranded OS and DA for the duration of the Agreement. Live operators handling OS and DA calls from Teligent local service customers will identify themselves as Teligent operators; where such rebranding is not technically feasible, live operator response will be provided on an unbranded basis. Teligent agrees to withdraw its request for branding of OS and DA for calls that are handled by automated systems until these systems are capable of rebranding.

ARTICLE VII UNBUNDLED NETWORK ELEMENTS

1. **General.** The purpose of this Article VII is to define the unbundled network elements that may be leased by Teligent from GTE. Unless otherwise specified in this Agreement, provisioning of unbundled network arrangements will be governed with the GTE Customer Guide for Teligent Establishment of Services - Resale and Unbundling (the "Guide"). Additional procedures for preordering, ordering, provisioning and billing of unbundled network elements are outlined in Appendix G.
2. **Unbundled Network Elements.**
 - 2.1 **Categories.** There are several separate categories of Network Components that shall be provided as unbundled network elements by GTE:
 - (a) Network Interface Device or NID
 - (b) Loop Elements
 - (c) Port and Local Switching Elements
 - (d) Transport Elements
 - (e) Signaling Elements
 - (f) Data Switching
 - (g) Digital Cross Connect System (DCS)
 - 2.2 **Prices.** Individual unbundled network elements and prices are identified on Appendix E attached to this Agreement and made a part hereof, or under the appropriate GTE tariff as referenced in this Article. Nonrecurring charges relating to unbundled elements are also listed on Appendix E.
 - 2.2.1 **Reciprocal Compensation Arrangements for Call Termination.** Reciprocal compensation arrangements for call termination shall be as provided in Appendix K attached hereto.
 - 2.3 **Interconnection to Unbundled Elements.** Teligent may lease and interconnect to whichever of these unbundled network elements Teligent chooses, and subject to technical feasibility, may combine these unbundled elements with any facilities or services that Teligent may itself provide subject to the following:

- 2.3.1 Interconnection shall be achieved via expanded interconnection/ collocation arrangements Teligent shall maintain at the wire center at which the unbundled services are resident.
 - 2.3.2 The Teligent may order transport pursuant to Section 6 below from the wire center at which the unbundled elements (e.g., loop, port) are located to the GTE wire center where the Teligent has established an interconnection/collocation arrangement.
 - 2.3.3 Each loop or port element shall be delivered to the Teligent collocation arrangement over a loop/port connector applicable to the unbundled services as listed on Appendix F.
 - 2.3.4 Teligent shall combine unbundled network elements with its own facilities. Teligent may not combine such network elements to provide solely interexchange service or solely access service to an interexchange carrier, nor can GTE resold services be replicated solely through the purchase of unbundled elements to be assembled by GTE.
- 2.4 Service Quality. To the degree possible, all service attributes, grades-of-service and installation, maintenance and repair intervals which apply to the bundled service will apply to unbundled network elements. Notwithstanding the foregoing, GTE shall not be responsible for impacts on service attributes, grades of service, etc., resulting from use other than the intended use or modification to any unbundled network element.
3. Network Interface Device.
- 3.1 Direct Connection. Teligent shall be permitted to connect its own Loop directly to GTE's Network Interface Device or NID in cases in which Teligent uses its own facilities to provide local service to an end user formerly served by GTE, as long as such direct connection does not adversely affect GTE's network. In order to minimize any such adverse effects, Teligent shall follow the procedures in Sections 3.1.1 and 3.1.2 below.
- 3.1.1 When connecting its own loop facility directly to GTE's NID for a residence or business customer, Teligent must make a clean cut on the GTE drop wire at the NID so that no bare wire is exposed. Teligent shall not remove or disconnect GTE's drop wire from the NID or take any other action that might cause GTE's drop wire to be left lying on the ground.

- 3.1.2 At multi-tenant customer locations, Teligent must remove the jumper wire from the distribution block (i.e. the NID) to the GTE cable termination block. If Teligent cannot gain access to the cable termination block, Teligent must make a clean cut at the closest point to the cable termination block. At Teligent's request and discretion, GTE will determine the cable pair to be removed at the NID in multi-tenant locations. Teligent will compensate GTE for the trip charge necessary to identify the cable pair to be removed.
- 3.1.3 GTE agrees to offer NIDs for lease to Teligent but not for sale. Teligent may remove GTE identification from any NID which it connects to a Teligent loop, but Teligent may not place its own identification on such NID.
- 3.2 NID to NID Connection. Rather than connecting its loop directly to GTE's NID, Teligent may also elect to install its own NID and effect a NID to NID connection to gain access to the end user's inside wiring.
- 3.3 Removal of Cable Pairs. Removal of existing cable pairs required for Teligent to terminate service is the responsibility of Teligent.
- 3.4 Maintenance. When the Teligent provides its own loop and connects directly to GTE's NID, GTE does not have the capability to perform remote maintenance. Teligent can perform routine maintenance via its loop and inform GTE once the trouble has been isolated to the NID and GTE will repair (or replace) the NID, or, at the Teligent's option, it can make a NID to NID connection, using the GTE NID only to gain access to the inside wire at the customer location.
4. Loop Elements.
- 4.1 Service Description. A "Loop" is an unbundled component of Exchange Service. In general, it is the transmission facility (or channel or group of channels on such facility) which extends from a Main Distribution Frame ("MDF") or functionally comparable piece of equipment in a GTE end office or wire center to a demarcation or connector block in/at a subscriber's premises. Traditionally, Loops were provisioned as 2-wire or 4-wire copper pairs running from the end office MDF to the customer premises. However, a loop may be provided via other media, including radio frequencies, as a channel on a high capacity feeder/distribution facility which may, in turn, be distributed from a node location to the subscriber premises via a copper or coaxial drop facility, etc.
- 4.2 Categories of Loops. There are three general categories of loops:

- 4.2.1 "2-wire analog voice grade" loops will support analog transmission of 300-3000 Hz, repeat loop start or ground start seizure and disconnect in one direction (toward the end office switch), and repeat ringing in the other direction (toward the end user). This loop is commonly used for local dial tone service;
 - 4.2.2 "4-wire analog voice grade" loops conform to the characteristics of a 2-wire voice grade loop and, in addition, can support the simultaneous independent transmission of information in both directions;
 - 4.2.3 "DS-3" loops will support the transmission of isochronous bipolar serial data at a rate of 44.736 Mbps. This DS-3 type of loop provides the equivalent of 28 DS-1 channels and shall include the electronics at either end.
- 4.3 Loops for Digital Services. Teligent's may also lease 2-wire or 4-wire Loops that have been conditioned to transmit the digital signals needed to provide services such as ISDN, ADSL, HDSL and DS-1 level signals, subject to the limitations indicated in Sections 4.6 and 4.7. The price for such conditioned Loops shall be the price for the basic 2-wire or 4-wire loop, as applicable, that is listed in Appendix E, plus the applicable charge for the special conditioning as provided for in the appropriate GTE intrastate special access tariff. Prices for DS-3 grade Loops are the prices set forth in the appropriate GTE intrastate special access tariff.
- 4.4 Features, Functions, Attributes. To the degree possible, all transport-based features, functions, service attributes, grades-of-service, installation, maintenance and repair intervals that apply to the bundled services will apply to unbundled loops.
- 4.4.1 GTE will not perform routine testing of the unbundled loop for maintenance purposes. Teligent's will be required to provision a loop testing device either in its central office (switch location), Network Control Center or in its collocation arrangement to test the unbundled loop. GTE will perform repair and maintenance once trouble is identified by Teligent.
 - 4.4.2 All Loop facilities furnished by GTE on the premises of Teligent's end users and up to the network interface or functional equivalent are the property of GTE. GTE must have access to all such facilities for network management purposes. GTE employees and agents may enter said premises at any reasonable hour to test and inspect such facilities in connection with such purposes and shall provide Teligent

at least one hour advance notice via telephone, when reasonably possible, prior to such test or inspection or, upon termination or cancellation of the Loop facility, to remove such facility.

4.4.3 GTE will provide loop transmission characteristics to Teligent end users which are equal to those provided to GTE end users.

4.4.4 If Teligent leases loops which are conditioned to transmit digital signals, as a part of that conditioning, GTE will test the loop and provide recorded test results to Teligent. In maintenance and repair cases, if loop tests are taken, GTE will provide any recorded readings to Teligent at time the trouble ticket is closed in the same manner as GTE provides to itself and its end users.

4.5 Digital Loop Carrier. Where GTE utilizes integrated digital loop carrier ("IDLC")¹ technology to provision the Loop element, GTE will take the necessary affirmative steps to provide unbundled Loops. The basic Loop provided will support voice grade services. Loop capabilities beyond voice grade (i.e., ISDN, ADSL, etc.) will be provided under the terms and conditions, and at the prices indicated in Section 4.3.

4.5.1 GTE will permit Teligent to collocate digital loop carriers and associated equipment in conjunction with collocation arrangements Teligent maintains at a GTE wire center for the purpose of interconnecting to unbundled Loop elements.

4.6 Unbundled Loop Facility Certification.

4.6.1 Before deploying any service enhancing copper cable technology (e.g., HDSL, ISDN, etc.) over unbundled 2-wire analog voice grade loops leased from GTE, Teligent shall notify GTE of such intentions to enable GTE to assess the loop transport facilities to determine whether there are any existing copper cable loop transport technologies (e.g., analog carrier, etc.) deployed within the same cable sheath that would be interfered with if Teligent deployed the proposed service enhancing copper cable technology. If there are existing copper cable loop transport technologies already deployed within the same cable sheath, or if GTE already has existing near term (within 18 months of the date of facility certification) plans to deploy copper cable loop transport technologies that would be

¹ See Bellcore TR-TSY-000008, Digital Interface Between the SLC-96 Digital Loop Carrier System and Local Digital Switch and TR-TSY-000303, Integrated Digital Loop Carrier (IDLC) Requirements, Objectives and Interface.

interfered with as described above, GTE will so inform Teligent and Teligent shall not be permitted to deploy such service enhancing copper cable technologies. GTE will charge Teligent the applicable engineering time and labor costs to perform the certification.

- 4.6.2 If Teligent fails to notify GTE of its plans to deploy service enhancing copper cable technology and obtain prior certification from GTE of the facilities, if Teligent's deployment of such technology is determined to have caused interference with existing or planned copper cable loop transport technologies deployed by GTE in the same cable sheath, Teligent will immediately remove such service enhancing copper cable technology and shall reimburse GTE for all incurred expense related to this interference.

4.7 Unbundled Loop Facility Notification.

- 4.7.1 GTE reserves the right to deploy within its network at its sole discretion any and all copper cable loop transport technologies. If GTE plans to deploy copper cable loop transport technology within a cable sheath in which such technology was not previously deployed, GTE will provide notice to Teligent of such planned deployment, indicating all service enhancing copper cable technologies that would cause interference with the technology to be deployed, or that would be interfered with by the deployment of such technology. Such notice will be provided at least ninety (90) Business Days in advance of the planned deployment. If Teligent has deployed any technologies within the same cable sheath that would interfere with, or be interfered with, by the technology GTE plans to deploy, the parties will work together to resolve the situation.

4.8 Subloops.

- 4.8.1 GTE will provide as separate items the loop distribution, loop concentrator and loop feeder on a case-by-case basis pursuant to a Bona Fide Request (BFR), when technically feasible and when Teligent pays the cost of such separate provision.
- 4.8.2 GTE will design and construct loop access facilities (including loop feeders and loop concentration/multiplexing systems) in accordance with standard industry practices as reflected in applicable tariffs and/or as agreed to by GTE and Teligent.
- 4.8.3 Transport for loop concentrators/multiplexers services not supported by embedded technologies will be provided pursuant to applicable

tariffs or as individually agreed upon by GTE and Teligent. The Parties understand that embedded loop concentrators/multiplexers are not necessarily capable of providing advanced and/or digital services.

4.8.4 GTE will provide loop transmission characteristics as specified in Section 4.4.3 herein.

5. Port and Local Switching Elements.

5.1 Port. Port is an unbundled component of Exchange Service that provides for the interconnection of individual loops or trunks to the switching components of GTE's network. In general, it is a line card or trunk card and associated peripheral equipment on GTE end office switch that serves as the hardware termination for the end user's Exchange Service on that switch and generates dial tone and provides the end user access to the public switched telecommunications network. The port does not include such features and functions which are provided as part of local switching. Each line-side port is typically associated with one (or more) telephone number(s), which serve as the end user's network address.

5.2 Ports Available as Unbundled Network Elements. There are four types of Ports available as unbundled network elements;

5.2.1 "2-wire analog line" Port is a line side switch connection employed to provide basic residential and business type Exchange Service.

5.2.2 "2-wire ISDN digital line" Port is a Basic Rate Interface (BRI) line side switch connection employed to provide ISDN Exchange Services.

5.2.3 "DS-1 digital trunk" Port is a direct inward dialing (DID) trunk side switch connection employed to provide the equivalent of 24 analog incoming trunk type Exchange Services.

5.2.4 "4-wire ISDN digital DS-1 trunk" Port is a Primary Rate Interface (PRI) trunk side switch connection employed to provide the ISDN Exchange Services

5.3 Port Prices. Prices for 2-wire analog and DS-1 Ports are listed in Appendix F. 2-wire ISDN line side Ports and 4-wire ISDN trunk side Ports shall be provided at a price agreed to by the Parties.

5.4 Future Interfaces. GTE will make available as unbundled network elements any interfaces that are deployed within its switches and which it provides to its

own end user customers. GTE will interface with Teligent using standard industry interfaces and support future interfaces that are deployed within the GTE switch.

- 5.5 **Local Switching.** Local switching provides the basic switching functions to originate, route and terminate traffic and any signaling deployed in the switch. GTE will not offer individual core switch functions and features on an a la carte basis. Vertical features and CLASS services are not part of Local Switching. GTE will only provide switch features and functions of which the particular switch is capable and inherent to the particular switching platform used (e.g., DMS, 5ESS, GTD5).
- 5.6 The Teligent must purchase Local Switching with the line-side Port or trunk-side Port, if applicable.
- 5.7 The Teligent shall only order unbundled elements in accordance with Section 2.3 herein and it will be the responsibility of the Teligent to make arrangements for the delivery of interexchange traffic and routing of traffic over interoffice transmission facilities, if applicable.
- 5.8 GTE will provide tandem switching capability at GTE access tandems for traffic between Teligent and GTE end offices subtending the GTE access tandem and for traffic between Teligent and non-GTE end offices subtending GTE access tandems. GTE will provide the features and functions that are centralized in tandem switches including but not limited to call recording, the routing of calls to operator services when technically feasible, and signaling conversion features.
- 6. **Transport Facility.**
- 6.1 **Service Description.** Transport is an unbundled component of Exchange Service. In general, it is the transmission facility (or channel or group of channels on such facility) which extends from a Main Distribution Frame (MDF) or functionally comparable piece of equipment in a GTE end office or access tandem to either (i) another MDF or functionally comparable piece of equipment in a GTE end office or access tandem, or (ii) a meet point with transport facilities of Teligent or another carrier. Transport may be provided over a variety of media, including, but not limited to, copper cables, radio frequencies or channels on a high capacity facility.
- 6.2 **Categories/Types.** Unbundled transport is provided under rates, terms and conditions of the applicable GTE access tariff or local private line tariff.

7. **SS7 Transport and Signaling.** SS7 signaling and transport services in support of Teligent's local exchange services shall be provided in accordance with the terms and conditions of Appendix G attached to this Agreement and made a part hereof.
 - 7.1 GTE will provide interconnection with its SS7 at the STPs but not at other points.
8. **LIDB Services.** Access to GTE's LIDB shall be provided in accordance with the rates, terms and conditions of GTE's switched access tariff, GTOC Tariff FCC No. 1, Section 8.
9. **Database 800-Type Services.** Access to GTE's 800-Type database (i.e., 888, 877) shall be provided in accordance with the rates, terms and conditions of GTE's switched access tariff, GTOC Tariff FCC No. 1, Section 8.
10. **Data Switching.**
 - 10.1 **Access.** GTE will provide unbundled access to GTE data switches to Teligent at the user network interface ("UNI") and network to network interface ("NNI") level subject to mutual agreement on technical standards.
 - 10.2 **Nondiscrimination.** Data switching features and functionalities provided to Teligent will be without discrimination with respect to the way GTE provides them to GTE end users. In the event of overflow or congestion conditions on the data switching network, Teligent's data traffic carried on GTE facilities will be equal priority to GTE data traffic.
 - 10.3 **Interface.** To the extent a standard interface is available in a GTE switch, it will be made available to Teligent.
 - 10.4 **Testing, Monitoring, Administration and Maintenance.** Testing, monitoring, administration and maintenance will be performed by GTE in a nondiscriminatory manner.
11. **Digital Cross Connect System (DCS).**
 - 11.1 **Access.** GTE will provide unbundled access to the DCS element, which shall provide automated cross-connection (with CNC), facility grooming, bridging (MJU-digital), point to multipoint connections (DMB-analog), broadcast and automated facility test capabilities. These functionalities will be provided consistent with that which is provided to GTE end users. Teligent shall submit a Bona Fide Request to GTE specifying these functionalities.

- 11.2 **Optional Characteristics.** The DCS element may include multiplexing, format conversion, signaling conversion and manual cross connection wiring.
- 11.3 **Alternate Provisioning.** Where no automated DCS capability exists, the cross connection function will be provided manually by GTE through the combination of DSX patch panels and D4 banks or DS0 (or higher capacity) equipment.
- 11.4 **Elements.** Teligent will have access to the following DCS elements:
- (a) DS0 with DS1 interface (CNC)
 - (b) DS1/VT1.5 with DS1, DS3 and SONET interfaces (CNC and Titan 5500)
- 11.5 **Capabilities.** The DCS elements will provide the following capabilities:
- (a) Real-time configuration (with CNC)
 - (b) Real-time access to integrated test equipment (with React and Customer Service)
 - (c) SONET asynchronous gateway functionality (with Titan 5500 only)
 - (d) Compliance with Bellcore and industry standards.
- 11.6 **Protection and Performance.** The unbundled DCS elements provided to Teligent will have equipment/interface protection, redundant power supply and/or battery backup and performance/availability consistent with that provided to GTE end users.
- 11.7 **Provisioning, Administration and Maintenance.** GTE will provide provisioning, administration and maintenance of the DCS elements at parity with GTE as well as real time access to performance monitoring and alarm data affecting Teligent traffic (with CNC). GTE is not required to keep software updated to the "current available release" in every instance.
12. **Operator Services (OS) and Directory Assistance (DA).** GTE will provide OS and DA to Teligent in accordance with the terms set forth as follows:
- 12.0.1 Where Customized Routing is available and Teligent so requests, GTE will offer unbranded OS and DA or rebranded OS and DA with the Teligent brand. GTE will provide such unbranding or rebranding on a switch-by-switch basis, subject to capability and capacity limitations. Upon receipt of an order for unbranding or rebranding,

GTE will implement within 90 Business Days when technically capable.

12.0.2 Teligent will be billed an element charge for OS and DA and a charge for unbranding or rebranding and Customized Routing as set forth in 12.1.2.

12.0.3 For those offices that Teligent has requested GTE to rebrand and/or unbrand OS and DA, Teligent shall continue exclusively to use GTE rebranded and/or unbranded OS and DA for the duration of the Agreement. Live operators handling OS and DA calls from Teligent local service customers will identify themselves as Teligent operators; where such rebranding is not technically feasible, live operator response will be provided on an unbranded basis. Teligent agrees to withdraw its request for branding of OS and DA for calls that are handled by automated systems until these systems are capable of rebranding.

12.1 Customized Routing. Where technically feasible and upon receipt of written request from the Teligent, GTE agrees to provide customized routing for the following types of calls:

0-
0+Local
0+411
1+411
0+HNPA-555-1212 (intraLATA, only when intraLATA
presubscription is not available)
1+HNPA-555-1212 (intraLATA, only when intraLATA
presubscription is not available)

12.1.1 GTE will provide Teligent a list of switches that can provide customized routing using line class codes or similar method (regardless of current capacity limitations). Teligent will return a list of these switches ranked in priority order. GTE will return to Teligent a schedule for customized routing in the switches with existing capabilities and capacity.

12.1.2 Upon written request from the Teligent, GTE will provide Teligent with applicable charges, and terms and conditions, for providing OS and DA, branding, and Customized Routing.

12.1.3 Subject to the above provisions, GTE will choose the method of implementing customized routing of OS and DA calls.

- 12.1.4 The use of customized routing will require the purchase of a trunk side port and dedicated facilities between the GTE end office and the designated OS/DA platform. The rates for these elements will be billed in accordance with Appendix F.
13. Advanced Intelligent Network Access (AIN). GTE will provide Teligent access to GTE AIN functionality from GTE's AIN SCP via GTE's local switch or Teligent's local switch.
14. Nondiscrimination Provision and Support. GTE agrees to provide unbundled network elements in a timely manner considering the need and volume of requests. GTE will provide unbundled network elements in a non-discriminatory manner and shall provide power to such elements on the same basis as GTE provides to itself.
15. Advance Notification of Network and Technology Changes. GTE will establish quarterly reviews of network and technology plans and will notify Teligent six (6) months in advance of changes that would impact Teligent's provision of services.
16. Provisioning Intervals. GTE agrees to provide unbundled network elements in a timely nondiscriminatory manner considering the need and volume of requests, pursuant to reasonable agreed upon service provisioning intervals.

ARTICLE VIII
ADDITIONAL SERVICES AND COORDINATED SERVICE ARRANGEMENTS

1. Bona Fide Request Process.

1.1 Intent. The Bona Fide Request process is intended to be used when Teligent requests customized Service Orders for certain services, features, capabilities or functionality defined and agreed upon by the Parties as services to be ordered as Bona Fide Requests.

1.2 Process.

- 1.2.1** A Bona Fide Request shall be submitted in writing by Teligent and shall specifically identify the need to include technical requirements, space requirements and/or other such specifications that clearly define the request such that GTE has sufficient information to analyze and prepare a response.
- 1.2.2** Although not expected to do so, Teligent may cancel a Bona Fide Request in writing at any time prior to Teligent and GTE agreeing to price and availability. GTE will then cease analysis of the request.
- 1.2.3** Within two (2) Business Days of its receipt, GTE shall acknowledge in writing the receipt of the Bona Fide Request and identify a single point of contact and any additional information needed to process the request.
- 1.2.4** Except under extraordinary circumstances, within ten (10) Business Days of its receipt of a Bona Fide Request, GTE shall provide a proposed price and availability date, or it will provide a detailed explanation as to why GTE is not able to meet Teligent's request. If extraordinary circumstances prevail, GTE will inform Teligent as soon as it realizes that it cannot meet the ten (10) Business Day response due date. Teligent and GTE will then determine a mutually agreeable date for receipt of the request.
- 1.2.5** Unless Teligent agrees otherwise, all proposed prices shall be consistent with the pricing principles of the Act, FCC and/or the Commission. Payments for services purchased under a Bona Fide Request will be made upon delivery, unless otherwise agreed to by Teligent, in accordance with the applicable provisions of the Agreement.

- 1.2.6 Upon affirmative response from GTE, Teligent will submit in writing its acceptance or rejection of GTE's proposal. If at any time an agreement cannot be reached as to the terms and conditions or price of the request, the Dispute resolution procedures described above in this Article may be used by a Party to reach a resolution.
- 1.2.7 If GTE responds that it cannot or will not offer the requested item in the Bona Fide Request and Teligent deems the item essential to its business operations, and deems GTE's position to be inconsistent with the Act, FCC or Commission regulations and/or the requirements of this Agreement, the Dispute resolution procedures described above in Article III may be used by a Party to reach a resolution.
2. Transfer of Service Announcements. For services other than GTE resold and ported number services, when an end user customer transfers service from one Party to the other Party, and does not retain its original telephone number, the Party formerly providing service to the end user will provide, upon request and if such service is provided to its own customers, a referral announcement on the original telephone number. This announcement will provide the new number of the customer and will remain in effect for the same time period this service is provided to GTE's own end users. For GTE resold and ported number services, GTE shall provide an intercept referral on behalf of Teligent.
3. Misdirected Calls. The Parties will employ the following procedures for handling any misdirected calls (e.g., Business office, repair bureau, etc.).
- 3.1 To the extent the correct provider can be determined, each Party will refer misdirected calls to the proper provider of local exchange service. When referring such calls, both Parties agree to provide the end user the correct contact telephone number, at no charge and in a courteous manner.
- 3.2 In responding to misdirected calls, neither Party shall make disparaging remarks about each other, nor shall they use these calls as a basis for internal referrals or to solicit end users or to market services.
4. 911/E911 Arrangements.
- 4.1 Description of Service. Where GTE is the 911 service provider, GTE shall provide 911 Service as described in this Section. Teligent will install a minimum of two dedicated trunks to GTE's 911/E911 selective routers (i.e., 911 tandem offices) that serve the areas in which Teligent provides Exchange Services, for the provision of 911/E911 services and for access to all subtending PSAPs. The dedicated trunks shall be, at minimum, DSO level trunks configured as a

2-wire analog interface or as part of a digital (1.544 Mbps) interface. "9-1-1 Selective Router" is a CAMA-type trunk connection to a 9-1-1 Selective Router employed to accept ANI and voice for routing the call to the correct PSAP. Either configuration shall use CAMA type signaling with multifrequency (MF) tones that will deliver ANI with the voice portion of the call. GTE will provide Teligent with the appropriate CLLI codes and switch types of the central offices in the 911 selective router serving area. If an Teligent central office serves end users in an area served by more than one GTE 911/E911 selective router, Teligent will install a minimum of two dedicated trunks in accordance with this section to each of such 911/E911 selective routers.

- 4.2 Transport. If Teligent desires to obtain transport from GTE to the GTE 911 selective routers, Teligent may purchase such transport from GTE at the rates set forth in GTE's intrastate switched access tariff or in GTE's intrastate special access tariff where GTE has facilities for such transport.

- 4.3 Cooperation and Level of Performance. The Parties agree to provide access to 911/E911 in a manner that is transparent to the end user. The Parties will work together to facilitate the prompt, reliable and efficient interconnection of Teligent's systems to the 911/E911 platforms, with a level of performance that will provide the same grade of service as that which GTE provides to its own end users. To this end, GTE will provide documentation to Teligent showing which central offices are served by which 911 selective routers, and GTE will provide maps of NXX overlays, NXX boundaries, and GTE's network maps to identify diverse routing for purposes of 911 service provisioning. Such maps (if available) shall be to the same level of detail as are used by GTE network design engineers. GTE will provide reports to identify which GTE databases cover which 911 districts.

GTE plans to provide Teligent notification of any pending tandem moves, NPA splits, or scheduled maintenance outages in advance via its data base management centers and agrees to negotiate the procedures to mutual satisfaction.

- 4.4 Updates to MSAG. It shall be the responsibility of Teligent to ensure that the address of each of its end users is included in the Master Street Address Guide (MSAG). Where GTE is the lead telco, GTE will accept address records provided on Teligent's Local Service Request ("LSR") or via a separate feed established by Teligent pursuant to Section 4.5 of this Article. GTE and Teligent will work together to develop the process by which LSR errors out of the MSAG will be handled, with appropriate cost recovery to GTE. Where GTE is not the lead telco, GTE has no action and Teligent must establish a separate relationship with the lead telco to submit records for MSAG validation. Where

GTE is the lead telco, it will have a copy of the MSAG and will provide a copy to Teligent upon request at a reasonable charge.

- 4.5 Updates to Database. The 911/E911 database will be updated with Teligent's end user 911/E911 information. If Teligent provides its update data to GTE as frequently as does GTE's internal systems, the update process will be as timely. In any case, GTE will not update the ALI database any later than one working day subsequent to receipt of data from Teligent.
- 4.6 Compensation.
- (a) In situations in which GTE is responsible for maintenance of the 911/E911 database and can be compensated for maintaining Teligent's information by the 911 district, GTE will seek such compensation from the 911 district. GTE will seek compensation from Teligent only if and to the extent that GTE is unable to obtain such compensation from the 911 district. GTE shall charge Teligent a portion the cost of the shared 911/selective router.
 - (b) Compensation to GTE for provision of services it provides Teligent hereunder shall be pursuant to the rates in Appendix Q.
- 4.7 PSAP Routing. GTE will identify and be responsible for any special routing arrangements when it provides the switching to the PSAP.
- 4.8 Emergency Backup Numbers. When available under the 911 District contract, GTE must identify any arrangements for emergency backup number in case of massive trunk failures.
- 4.9 Liability. GTE will not be liable for errors with respect to 911/E911 services except for its gross negligence as addressed in applicable tariffs.
5. Information Services Traffic.
- 5.1 Routing. Each Party shall route traffic for information services (e.g. 900, 976, weather lines, sports lines, etc.) that originates on its network to the appropriate information services platforms connected to the other Party's network over the Local/IntraLATA trunks.
 - 5.2 Recording. The Party on whose network the information services traffic originated (the "Originating Party") shall provide the recorded call detail information to the Party to whose information platform the information services traffic terminated (the "Terminating Party").

- 5.2 **Rating.** The Terminating Party shall provide to the Originating Party all rating information necessary to bill the information services traffic to the Originating Party's end users pursuant to the Terminating Party's agreement(s) with each information provider.
- 5.4 **Billing and Collection.** The Originating party shall bill and collect such information service charges and shall remit the amounts collected to the Terminating Party less:
- (a) a mutually agreed upon fee for providing billing and collection of the information service charges; and
 - (b) any uncollectibles reserve, which shall be calculated based on the uncollectibles reserve in the Terminating Party's billing and collection agreement with the applicable information services provider; and
 - (c) any customer adjustment provided by the Originating Party.
- 5.5 **Blocking.** Nothing in this Agreement shall restrict either Party from offering to its end user customers the ability to block the completion of information service traffic. If Teligent does not wish to be responsible for collect, third number billed, toll, 900 and 976 calls, it must order blocking for resold lines and pay any applicable charges. Should GTE block its end users from making 976 calls, GTE shall also block Teligent resale end users from making such calls
6. **Directory Assistance (DA) and Operator Services (OS).** Where Teligent is providing local service with its own switch, upon Teligent's request GTE will provide to Teligent rebranded or unbranded directory assistance services and/or operator services pursuant to separate contracts to be negotiated in good faith between the Parties. If Teligent so requests directory assistance services and/or operator services, such contracts shall provide for the following:
- 6.1 **Directory Assistance Calls.** GTE directory assistance centers shall provide number and addresses to Teligent end users in the same manner that number and addresses are provided to GTE end users. If information is provided by an automated response unit ("ARU"), such information shall be repeated twice in the same manner in which it is provided to GTE end users. Where available, GTE will provide call completion to Teligent end users in the same manner that call completion is provided to GTE end users. GTE will provide its existing services to Teligent end users consistent with the service provided to GTE end users.

- 6.2 Operator Services Calls. GTE operator services provided to Teligent end users shall be provided in the same manner GTE operator services are provided to GTE end users. In accordance with GTE practices and at GTE rates, GTE will offer to Teligent end users collect, person-to-person, station-to-station calling, third party billing, emergency call assistance, calling card services, credit for calls, time and charges, notification of the length of call, and real time rating. GTE operators shall also have the ability to quote Teligent rates upon request but only if there is appropriate cost recovery to GTE and to the extent it can be provided within the technical limitations of GTE's switches. GTE will provide its existing services to Teligent end users consistent with the service GTE provides to its own end users.
7. Directory Assistance Listings Information. GTE will include listings in its directory assistance database for Teligent end users in the same geographic area as GTE provides directory assistance for GTE end users as specified in Article VI, Section 3.4.
- 7.1 GTE shall provide to Teligent, at Teligent's request, for purposes of Teligent providing Teligent-branded directory assistance services to its local customers, within sixty (60) Business Days after an order for such tape is received, all published DA listings for that specific state via magnetic tape. Changes to the DA Listing Information shall be updated on a daily basis through the same means used to transmit the initial list. DA Listing Information provided shall indicate whether the customer is a residence or business customer. The rate to be paid by the Teligent to GTE will be reasonable and mutually agreed.
- 7.2 The Parties will not release DA Listing Information that includes the other Party's end user information to Third Parties without the other Party's approval. The other Party will inform the Releasing Party if it desires to have the Releasing Party provide the other Party's DA Listing Information to the Third Party, in which case, the Releasing Party shall provide the other Party's DA Listing Information at the same time as the Releasing Party provides the Releasing Party's DA Listing Information to the Third Party. The rate to be paid by the Releasing Party to the other Party shall be no more than the direct costs of compiling such information. The other Party shall be responsible for billing the Third Party.
- 7.3 The Parties will work together to identify and develop procedures for database error corrections.
8. Directory Listings and Directory Distribution. Teligent will be required to negotiate a separate agreement for directory listings and directory distribution, except as set forth below, with GTE's directory publication company.

Listings. Teligent agrees to supply GTE on a regularly scheduled basis, at no charge, and in a mutually agreed upon format (e.g. Ordering and Billing Forum developed), all listing information for Teligent's subscribers who wish to be listed in any GTE published directory for the relevant operating area. Listing information will consist of names, addresses (including city, state and zip code) and telephone numbers. Nothing in this Agreement shall require GTE to publish a directory where it would not otherwise do so.

Listing inclusion in a given directory will be in accordance with GTE's solely determined directory configuration, scope, and schedules, and listings will be treated in the same manner as GTE's listings.

Distribution. Upon directory publication, GTE will arrange for the initial distribution of the directory to service subscribers in the directory coverage area at no charge.

Teligent will supply GTE in a timely manner with all required subscriber mailing information including non-listed and non-published subscriber mailing information, to enable GTE to perform its distribution responsibilities.

9. **Busy Line Verification and Busy Line Verification Interrupt.** Each Party shall establish procedures whereby its operator assistance bureau will coordinate with the operator assistance bureau of the other Party to provide Busy Line Verification ("BLV") and Busy Line Verification and Interrupt ("BLVI") services on calls between their respective end users. Each Party shall route BLV and BLVI inquiries over separate inward operator services trunks. Each Party's operator assistance bureau will only verify and/or interrupt the call and will not complete the call of the end user initiating the BLV or BLVI. Each Party shall charge the other for the BLV and BLVI services at the rates contained in Appendix E, or if there is no applicable rate listed in Appendix E, at the rates in their respective tariffs.
10. **SAG.** GTE will provide to Teligent upon request the Street Address Guide at a reasonable charge. Two companion files will be provided with the SAG which lists all services and features at all LSOs, and lists services and features that are available in a specific LSO.
11. **Dialing Format Changes.** GTE will provide reasonable notification to Teligent of changes to local dialing format, i.e., 7 to 10 digit, by end office.
12. **Operational Support Systems (OSS).** GTE shall provide OSS functions to Teligent for ordering, provisioning and billing that are generally available as

described in Appendix G attached to this Agreement. Teligent shall pay GTE for access to GTE's OSS functions consistent with processes defined in Appendix G.

ARTICLE IX COLLOCATION

1. **Physical Collocation.** GTE shall provide to Teligent physical collocation of equipment pursuant to 47 CFR § 51.323 necessary for interconnection or for access to unbundled network elements including microwave transmission facilities and supporting structures via rooftop or other suitable exterior space access as set forth in Section 3 below, provided that GTE may provide virtual collocation in place of physical collocation, or in some cases deny a particular collocation request entirely, if GTE demonstrates that physical collocation, or perhaps even virtual collocation, is not practical because of technical reasons or space limitations, as provided in Section 251(c)(6) of the Act. GTE will work with Teligent to install collocation arrangements within 120 calendar days absent extenuating circumstances. GTE will provide such collocation for purposes of interconnection or access to unbundled network elements pursuant to the terms and conditions in the applicable federal and state EIS tariffs and Appendix N herein. In addition, GTE agrees that the terms and conditions set forth in this Section 1 shall apply to physical collocation inside GTE's wire centers or tandems provided to Teligent and Appendix N shall apply to the exterior microwave collocation on such wire centers or tandems.
- 1.1 **Space Planning.** In addition to such provisions for space planning and reservation as may be set forth in the applicable GTE federal and state EIS tariffs, the parties agree to the following terms and conditions.
 - 1.1.1 GTE has the right to reserve space within its central offices for its own use based on a 5-year planning horizon.
 - 1.1.2 GTE will notify Teligent if it plans to build an addition to a central office where Teligent has collocated facilities, if such addition would result in a material increase of space available for collocation.
 - 1.1.3 Should Teligent submit to GTE a two-year forecast for space planning for collocated facilities in a central office, GTE will, in good faith, consider and discuss such forecast with Teligent when considering space planning or utilization decisions for such central office; provided, however that any final space planning or utilization decision shall be made by GTE in its sole discretion in light of GTE requirements.
 - 1.1.4 Subject to technical feasibility and space limitations, GTE will make available at applicable federal and state EIS tariffs such interoffice

facilities as may be necessary to accommodate projected volumes of Teligent traffic.

- 1.2 **Connection to Customer Loops and Ports.** Facilities for cross-connection to unbundled loops and ports shall be provided under the applicable GTE federal tariff for Special Access Cross Connect, until such time as a local tariff applicable to the facilities used for such cross-connection is filed.
- 1.3 **Connection to Other Collocated Carriers.** Subject to technical feasibility and space limitations, Teligent may interconnect with other carriers collocated at a GTE central office at which Teligent has collocated facilities; provided, however, that Teligent and such other carriers must be collocated at the GTE central office for the primary purpose of interconnecting with GTE or accessing GTE's unbundled network elements. If Teligent wants to interconnect with other carriers collocated at a GTE central office, Teligent must provide GTE with thirty Business Days' prior written notice, during which time GTE may elect to provide the facilities necessary to accomplish such interconnection. Teligent and the other collocated carriers may provide the necessary interconnection facilities only if GTE elects not to provide such facilities or fails to so elect within the thirty day notice period. If GTE elects to provide interconnection facilities under this section, GTE will provide this cross connection under the GTE federal tariff for Special Access Cross Connect, until such time as a local tariff applicable to the facilities used for such interconnection facilities is filed.
- 1.4 **Choice of Vendor.** Teligent may use the vendor of its choice to install, maintain and repair equipment within Teligent's collocated space. Access by the employees, agents or contractors of such vendor shall be subject to the same restrictions on access by employees, agents or contractors of Teligent imposed under the applicable GTE federal and state EIS tariffs, including but not limited to certification and approval by GTE.
- 1.5 **Monitoring.** Subject to technical feasibility and space limitations, Teligent may extend its own facilities for remote monitoring of its collocated equipment to its collocated space. Teligent may request that GTE provide the facilities necessary for such remote monitoring, at which time GTE and Teligent will negotiate in good faith the price, terms and conditions of remote monitoring by GTE.
- 1.6 **Phone Service.** Upon ordering collocated space, Teligent may order that its collocation cage be provided with plain old telephone service (POTS) commencing at such time as GTE has completed construction of the collocated space. Teligent shall pay separately for any ordered POTS service.

- 1.7 Intrerooffice Diversity. At Teligent's request, GTE will provide diversity for ingress/egress fiber and power cables where such diversity is available and subject to technical feasibility and space limitations.
- 1.8 Teligent Proprietary Information. GTE will protect all Teligent proprietary information to the extent required under non-disclosure agreements existing as of the date GTE completes construction of a physical collocation space at Teligent's request.
- 1.9 Notification of Modifications. GTE will notify Teligent of modifications to collocation space in accord with the terms of applicable GTE state and federal EIS tariffs. Additionally, GTE shall notify Teligent when major upgrades are made to the power plants supporting Teligent's collocation space. The following shall constitute such major upgrades:
- (a) replacement of a rectifier;
 - (b) addition or replacement of a new fusing module;
 - (c) addition or replacement of a power distribution unit frame; or
 - (d) addition or replacement of modular rectifiers.
- 1.10 Drawings. When Teligent orders collocated space, GTE and Teligent will hold a GTE/Customer meeting in accord with applicable GTE state and federal EIS tariffs. At such meeting, GTE will provide such drawings of GTE's central office facility as may be necessary to adequately depict Teligent's proposed collocation space.
- 1.11 Construction of Space. GTE will construct Teligent's collocation space in accord with the terms and conditions set forth in the applicable GTE state and federal EIS tariff. Additionally, GTE agrees to the following terms and conditions regarding construction of collocated space:
- 1.11.1 Space will be constructed in 100 square foot increments, and shall be designed so as to prevent unauthorized access.
 - 1.11.2 A standard 100 square foot cage shall have the following standard features:
 - (a) eight-foot high, nine gauge chain link panels;

- (b) three of the panels listed at (a) above shall measure eight by ten feet, the fourth panel shall measure eight by seven feet;
- (c) the door to the cage shall measure eight by three feet and shall also consist of nine gauge chain link;
- (d) the cage shall be provided with one padlock set, with GTE retaining one master key;
- (e) one ac electrical outlet;
- (f) one charger circuit system;
- (g) one electrical sub-panel;
- (h) such additional lighting as may be necessary;
- (i) one fire detection requirement evaluation;
- (j) grounding for the cage consistent with COEI.

1.11.3 Modifications to the standard configuration set forth in Section 1.11.2 can be made on an individual case basis. If modifications are agreed upon and made by the Parties, GTE will work with Teligent to implement such additional modifications as may be necessary to ensure that Teligent's collocated space is protected from unauthorized access.

1.11.4 At such time as construction of Teligent's collocation space is approximately 50 percent completed, GTE will give Teligent notification, and such notification shall include scheduled completion and turnover dates.

1.11.5 Upon completion of construction of collocated space, GTE will conduct a walk through of the collocated space with Teligent. Should Teligent note any deviations from the plan agreed upon by GTE and Teligent at the customer meeting, and if such deviations were not requested by Teligent or not required by law, GTE shall correct such deviations at its own expense within 5 Business Days.

1.12 Connection Equipment. Teligent may provision equipment for the connection of Teligent termination equipment to GTE equipment using either of the following methods:

- 1.12.1 Teligent may extend an electrical or optical cable from the terminal within Teligent's collocation cage and terminate that cable at GTE's network.
- 1.12.2 Teligent may install a patch panel within its collocation cage and then hand the cabling to GTE to extend to and have GTE terminate that cable at GTE's network.
- 1.13 Access to Teligent Collocation Space. The terms and conditions of access to Teligent's collocation space shall be as set forth in applicable GTE state and federal EIS tariffs. Additionally, GTE agrees that the following terms and conditions shall apply to access:
 - 1.13.1 GTE shall implement adequate measures to control access to collocation cages.
 - 1.13.2 Collocation space shall comply with all applicable fire and safety codes.
 - 1.13.3 Doors with removable hinges or inadequate strength shall be monitored by an alarm connected to a manned site. All other alarms monitoring Teligent collocation space provided by GTE shall also be connected to a manned site. Teligent may, at its option, provide its own intrusion alarms for its collocated space.
 - 1.13.4 GTE shall control janitorial access to collocation cages, and restrict such access to approved and certified employees, agents or contractors.
 - 1.13.5 GTE shall establish procedures for access to collocation cages by GTE and non-GTE emergency personnel, and shall not allow access by security guards unless such access comports with this section and is otherwise allowed under applicable GTE state and federal EIS tariffs.
 - 1.13.6 GTE shall retain a master key to Teligent's collocation space for use only in event of emergency as detailed in applicable GTE state and federal tariffs. At Teligent's option, the Parties shall review key control procedures no more frequently than once in any twelve month period. At any time, Teligent may elect to change keys if it suspects key control has been lost, provided, however, that GTE will be provided with a master key in accord with this section.

- 1.13.7 Not more frequently than once a year, Teligent may audit the security and access procedures and equipment applicable to its collocated space and the central office housing the collocation space. Access by personnel necessary to conduct such an audit shall be limited as set forth in applicable GTE state and federal EIS tariffs. Should Teligent identify deficiencies in security and access procedures and equipment as a result of such audit, the cost, terms and conditions of the correction of such deficiencies shall be negotiated in good faith between the parties.
2. Virtual Collocation. Subject to Section 1 of this Article, GTE will provide virtual collocation for purposes of interconnection or access to unbundled network elements pursuant to the terms and conditions in the applicable GTE federal and state EIS tariffs. In addition, GTE agrees that the terms and conditions set forth in this Section 2 shall apply to virtual collocation provided to Teligent.
- 2.1 Existing Virtual Collocation. If, on the effective date of this Agreement, Teligent is virtually collocated in a GTE premise, Teligent may (i) elect to retain its virtual collocation arrangement in that premise or (ii) unless it is not practical for technical reasons or because of space limitations, convert its virtual collocation arrangement at that premise to physical collocation. If Teligent elects the latter option, Teligent's request shall be treated as a new physical collocation request and Teligent shall pay GTE at the applicable tariff rates for construction and rearrangement of Teligent's equipment as well as all applicable tariffed physical collocation recurring charges.
- 2.2 Conversion from Physical to Virtual. Unless it is not practical for technical reasons or because of space limitations, Teligent may convert a physical collocation arrangement to a virtual collocation arrangement. Teligent's request to do so shall be treated as a new virtual collocation request and Teligent shall pay GTE at the applicable tariff rates for construction and rearrangement of Teligent's equipment as well as all applicable tariffed virtual collocation recurring charges. If Teligent elects to change to a virtual collocation arrangement pursuant to this section, GTE will not refund previous payments for physical collocation received from Teligent.
- 2.3 Vendors. Choice of vendors for equipment used for virtual collocation shall be under the terms and conditions set forth in the applicable GTE federal and state EIS tariff. Upon request by Teligent, GTE shall provide a list of locally qualified vendors approved for the type of equipment to be collocated.
- 2.4 Inspection. Upon provision of virtual collocation by GTE, the Parties shall agree on a mutually acceptable schedule whereby Teligent may inspect the equipment in its virtual collocation space.

ARTICLE X
ACCESS TO POLES, DUCTS, CONDUITS AND RIGHTS-OF-WAY

To the extent required by the Act, GTE and Teligent shall each afford to the other access to the poles, ducts, conduits and rights of way it owns or controls on terms, conditions and prices comparable to those offered to any other entity pursuant to each Parties tariffs and/or standard agreements. Accordingly, GTE and Teligent shall execute pole attachment and conduit occupancy agreements in the form set forth in Appendices I and J.

IN WITNESS WHEREOF, each Party has executed this Agreement to be effective as of the date first above written.

This Appendix will be completed following the first joint planning meeting between the Parties.

**APPENDIX B
INTERCONNECTION, TELECOMMUNICATIONS SERVICES
AND FACILITIES AGREEMENT**

BETWEEN

GTE FLORIDA INCORPORATED

TELIGENT, Inc.

AMENDMENT NO. _____

THIS AMENDMENT (herein so called) is made effective as of _____, 199____, by and between GTE Florida Incorporated ("GTE") and Teligent, Inc. ("Teligent"). GTE and Teligent are sometimes referred to herein collectively as the "Parties" and individually as a "Party." Either GTE or Teligent may be referred to as "Provider" or "Customer" as the context requires.

WHEREAS, Provider is providing to Customer and Customer is purchasing from Provider those Services described in that certain Interconnection, Telecommunications Services and Facilities Agreement for the State of Florida by and between GTE and Teligent dated effective as of _____, 199____ (the "Agreement"); and

WHEREAS, the Parties desire to amend the Agreement as provided in this Amendment.

NOW, THEREFORE, in consideration of the terms and conditions contained in this Amendment, the Parties agree as follows:

1. Additional Services [If applicable]

- 1.1** Provider agrees to provide to Customer and Customer agrees to purchase from Provider the following services under the terms and conditions set forth in the Agreement and within the service attachment listed below and attached to this Amendment:

Service Attachment _____ - _____

- 1.2** As of the effective date of this Amendment, and continuing through the remaining term of the Agreement, _____ is made a part of the Services provided under the Agreement and Service Attachment _____ shall be deemed to be a Service Attachment to the Agreement.

- 1.3 As of the effective date of this Amendment, and continuing through the remaining term of the Agreement, Appendix A, Service Matrix, to the Agreement is hereby deleted and Appendix A, Service Matrix, to this Amendment is hereby inserted in lieu thereof to reflect the additional Services and related Service Locations.

2. **Service Locations [if applicable]**

- 2.1 Provider agrees to provide to Customer and Customer agrees to purchase from Provider the following Services in the following locations:

Service Location	IP	Services
------------------	----	----------

- 2.2 As of the effective date of this Amendment, the locations set forth in Section 3.1 above shall be deemed Service Locations under the Agreement.

- 2.3 As of the effective date of this Amendment, and continuing through the remaining term of the Agreement, Appendix A, Service Matrix, to the Agreement is hereby deleted and Appendix A, Service Matrix, to this Amendment is hereby inserted in lieu thereof to reflect additional Service Locations.

3. **Interpretation**

All capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Agreement.

4. **Effect**

Except as modified herein, the Agreement shall remain in full force and effect.

5. **Authority**

Each person whose signature appears below represents and warrants that he or she has the authority to bind the Party on whose behalf he or she has executed this Amendment.

6. Multiple Counterparts

This Amendment may be executed in multiple counterparts, each of which shall be deemed an original, and all of which shall constitute but one and the same instrument.

7. No Offer

Submission of this Amendment for examination or signature does not constitute an offer by Provider for the provision of the products or services described herein. This Amendment will be effective only upon execution by both Provider and Customer.

IN WITNESS WHEREOF, the Parties have executed this Amendment on the date or dates written below effective as of the date first above written.

**APPENDIX C
RATES AND CHARGES FOR
TRANSPORT AND TERMINATION OF TRAFFIC**

General. The rates contained in this Appendix C are the rates as defined in Article V and are subject to change resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation.

LOCAL CALL TERMINATION

In-Balance (10% +/-):

Bill & Keep

Out-of-Balance:

End Office/Local Switching

GTE	\$0.0053073	Per Minute of Use
------------	--------------------	--------------------------

Tandem Switching/Transiting:

GTE	\$0.0016605	Per Minute of Use
------------	--------------------	--------------------------

INTRALATA TOLL

GTE will charge terminating access from GTE's Intrastate Access Tariff

APPENDIX D
RATES AND CHARGES FOR LOCAL NUMBER PORTABILITY USING RCF

General. The rates contained in this Appendix D are as defined in Article V, Section 7, and are subject to change resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation.

In addition, as defined in Article V, Section 3.2.3, the Party providing the ported number will pay the other Party the rate per line per month for each ported business line and the rate per line per month for each ported residential line for the sharing of Access Charges on calls to ported numbers.

GTE

Business Rate Per Line Per Month: \$4.69

Residential Rate Per Line Per Month: \$2.54

	Monthly Rate	Nonrecurring
Charge		
Local Service Provider		
Number Portability		
(per number ported)	\$5.10	\$10.50
Simultaneous Call		
Capability - Per Additional Path	\$3.10	N/A

Note: Nonrecurring Charge is a charge per order. One customer per order any number of lines.

APPENDIX E SERVICES AVAILABLE FOR RESALE

General. The rates contained in this Appendix E are based upon an avoided cost discount from GTE's retail rates as provided in Article VI, Section 5.3 of the Agreement to which this Appendix E is attached and are subject to change resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation. In addition, GTE shall assess the Teligent a charge for lost contribution associated with intraLATA toll service from a resold business line if GTE does not provide the intraLATA toll associated with the line.

The avoided cost discount is 12.41%

The attached matrix is a list of all services from the GTE Retail Tariff.

APPENDIX F PRICES FOR UNBUNDLED ELEMENTS

General. The rates contained in this Appendix F are the rates as defined in Article VII and are subject to change resulting from future Commission or other proceedings, including but not limited to any generic proceeding to determine GTE's unrecovered costs (e.g., historic costs, contribution, undepreciated reserve deficiency, or similar unrecovered GTE costs (including GTE's end user surcharge)), the establishment of a competitively neutral universal service system, or any appeal or other litigation.

Network Interface Device

Basic NID	\$ 1.50
Unbundled Loop	
2 - Wire Basic Loop	\$ 33.08
4 - Wire Loop (Excl. Electronics)	\$ 52.93
Unbundled Port	
2 - Wire Basic Port	\$ 6.60
DS1 Port	\$101.10
Local Switching Originating	\$0.0053073
Terminating	\$0.0053073

GTE will assess a per minute charge for all non local (intraLATA toll, InterLATA toll) traffic that traverses the port that would incur access charges in today's environment from the appropriate state access tariffs.

APPENDIX G
SERVICE ORDERING, PROVISIONING, BILLING AND MAINTENANCE

1. **Service Ordering, Service Provisioning, and Billing Systems Generally.** The following describes generally the operations support systems that GTE will use and the related functions that are available for ordering, provisioning and billing for resold services, interconnection facilities and services and unbundled network elements. Except as specifically provided otherwise in this Agreement, service ordering, provisioning, billing and maintenance shall be governed by the GTE Guide. Before orders can be taken, Teligent will provide GTE with its Operating Company Number ("OCN") and Company Code ("CC") as follows:

- (a) The ALEC must provide their OCN/CC (four-digit alpha-numeric assigned by NECA) on the ALEC Profile. The GTE Guide provides the necessary information for the ALEC to contact NECA to obtain the OCN/CC. There are no optional fields on the Profile.
- (b) Before the Local Service Request ("LSR") and Directory Service Request ("DSR") order forms can be processed Teligent must provide the Company Code CC field when the Customer Carrier Name Abbreviation ("CCNA") is populated with CUS (Customer) and the customer has an industry assigned code, otherwise CC is an optional field.

1.1 **Operations Support Systems for Trunk-Side Interconnection**

- 1.1.1 Teligent will be able to order trunk-side interconnection services and facilities from GTE through a direct electronic interface over the GTE Network Data Mover ("NDM") in a nondiscriminatory manner. Orders for trunk-side interconnection will be initiated by an Access Service Request ("ASR") sent electronically by Teligent over the NDM. ASRs for trunk-side interconnection will be entered electronically into GTE's Carrier Access Management System ("CAMS") to validate the request, identify any errors, and resolve any errors back to Teligent. CAMS is a family of GTE systems comprised primarily of EXACT/TUF, SOG/SOP, and CABS.
- 1.1.2 The use of CAMS to support Teligent's requests for trunk-side interconnection will operate in the following manner: GTE will route the ASR through its data center to one of two National Access Ordering Centers ("NAOC"). The ASR will be entered electronically into the EXACT/T.F. system for validation and correction of errors. Errors will be referred back to Teligent. Teligent then will correct any

errors that GTE has identified and resubmit the request to GTE electronically through a supplemental ASR, without penalty or charge (e.g., order modification charge) to Teligent. Similarly, errors committed by GTE subsequent to the receipt of a valid ASR from Teligent will be expeditiously identified and corrected by GTE without the need for Teligent's submission of a supplemental ASR. GTE then will translate the ASR into a service order for provisioning and billing. In order to convert the ASR into a service order, GTE personnel must apply the necessary elements to provision the service and include the billable elements necessary for GTE to bill Teligent for the services provided. This application also requires a determination of the access tandem to end office relationships with the service requested.

- 1.1.3 At the next system level, translated service orders will be distributed electronically through the SO/SOP systems to several destinations. The SO/SOP system will begin the actual provisioning of the service for Teligent. Other GTE provisioning systems are CNAS and ACES. The GTE Database Administrative Group ("DBA") and the Special Services Control Center ("SSCC") will be the two most important destinations at this level. The DBA location will identify codes for the appropriate GTE switch in order to provide the functions required by the ASR. The SSCC will provide the engineering for the facilities over which the services will be handled. Information from these two groups (and others) then will be transmitted electronically to GTE's field service personnel (Customer Zone Technicians or "CZTs") who will establish the trunks and facilities, thus connecting the GTE facilities to a connecting company, if one is required, and to Teligent. GTE's CZTs also will contact Teligent directly to perform testing, and upon acceptance by Teligent, will make the necessary entries into the GTE system to complete the order. The completed orders then will pass to GTE's Carrier Access Billing System ("CABS") which will generate the bill to Teligent. The billing process under CABS requires coordination with several other systems.

- 1.1.4 Billing for transport and termination services cannot be accomplished without call records from GTE's central office switches. Records of usage will be generated at GTE's end office switches or the access tandems. Call usage records will be transmitted electronically from GTE's switches through GTE's Billing Intermediate Processor ("BIP"). This system will collect the call records, perform limited manipulations to the record and transfer them to a centralized data center where they will be processed through the Universal Measurement System ("UMS") to determine the validity and accuracy

of the records. UMS also will sort the records and send them to the CABS billing system, from which GTE will produce a bill and send it to Teligent.

1.2 Operations Support Systems for Resold Services and Unbundled Elements

1.2.1 Teligent will also be able to order services for resale and unbundled network elements, as well as interim number portability, directly from GTE through an electronic interface. To initiate an order for these services or elements, Teligent will submit a Local Service Request ("LSR") from its data center to GTE's Data Center using the same electronic NDM interface used for trunk-side interconnection. If no NDM interface exists or if the Teligent chooses to establish a separate NDM interface, the Teligent must request an NDM facility. For new entrants that elect not to interface electronically, GTE will accommodate submission of LSR orders by facsimile, E-mail, Internet or a dial NDM arrangement. An LSR is very similar to an ASR, except that it will be used exclusively for line-side interconnection requests. GTE will transfer LSRs to GTE's NOMC centralized service order processing center electronically.

1.2.2 Most LSRs will be used either to transfer an existing GTE customer to Teligent or to request service for a new customer who is not an existing GTE customer. Depending on the situation, different information will be required on the LSR. LSRs for a conversion of a GTE local customer to Teligent must include information relating to all existing, new and disconnected services for that customer, including the customer's name, type of service desired, location of service and features or options the customer desires. Teligent will be able to obtain this customer information after GTE has received the customer's written consent as specified in Article VI.3.3. For service to a new customer who is not an existing GTE customer, the LSR must contain the customer's name, service address, service type, services, options, features and ALEC data. If known, the LSR should include the telephone number and due date/desired due date.

1.2.3 While Teligent would have its own customer information and may have the SAG/GTE products on tape from GTE, Teligent would not have the due date or new telephone number for new customers since that information is contained in GTE's systems. Therefore, a process is required to provide this information to Teligent. GTE itself does not have uniform access to this information electronically. Until GTE and Teligent have agreed and established electronic interfaces, Teligent agrees that an 800 number is the method that will be used.

The 800 telephone number will connect Teligent directly to GTE's NOMC service representatives. When Teligent receives a request for basic services from a new local service customer, Teligent will call GTE's NOMC through the 800 number, and, while the new customer is on hold, GTE will provide the due date for service and the new telephone number for that customer. At the same time, Teligent will give GTE the new customer's name, service address and type of requested service (i.e., R1, B1). GTE will enter that information into its SORCES or SOLAR service ordering systems to be held in suspense until Teligent sends the confirming LSR. Teligent will then return to its customer holding on the line and provide the due date and new telephone number.

- 1.2.4 After concluding the telephone call with the new customer, Teligent will complete a confirming LSR for the new service and send it electronically to GTE's data center for processing. Upon receipt, GTE will match the LSR with the service order suspended in GTE's system, and if there is a match, GTE will process the LSR. After the LSR is processed, GTE will transmit confirmation electronically to Teligent through the NDM that the LSR has been processed, providing a record of the telephone number and due date. Teligent will be required to submit the confirming LSR by 12:00 p.m. each day local time, as defined by the location of the service address. If Teligent fails to submit the LSR in a timely manner, the suspended LSR will be considered in jeopardy, at which time GTE will assign a new due date upon receipt of the delayed LSR for such customer requests and notify Teligent of the change.
- 1.2.5 Number assignments and due date schedules for services other than single line service and hunt groups up to 12 lines will be assigned within approximately twenty-four (24) hours after GTE's receipt of the LSR using the standard Firm Order Confirmation ("FOC") report sent electronically to Teligent over the NDM, thereby providing a record of the newly established due date. An exception would be a multi-line hunt group for 12 lines or fewer. The other numbers then will be provided through the normal electronic confirmation process.
- 1.2.6 The processing of specifically requested telephone numbers (called "vanity numbers") is as follows. GTE will work with Teligent on a real time interface to process vanity numbers while Teligent's customer is still on the line. If a number solution can be established expeditiously, it will be done while the customer is still on the line. If extensive time will be required to find a solution, GTE service representatives will work with Teligent representatives off line as

GTE would for its own customers. For all of this, the basic tariff guidelines for providing telephone numbers will be followed.

- 1.2.7 Once the order for line-side interconnection service is established, it is moved for provisioning to the next system level. Here, GTE will validate and process the LSR to establish an account for Teligent and, if GTE continues to provide some residual services to the customer, GTE will maintain a GTE account. In GTE's system, GTE's account is called the Residual Account and Teligent's account is referred to as the Teligent Account. If any engineering for the service is necessary, the account would be distributed to the SSCC. Otherwise, it will be distributed for facility assignment.
- 1.2.8 With the account established and any engineering and facility assignment complete, GTE then will transmit electronically a record to GTE's CZT field personnel if physical interconnection or similar activity is required. The CZTs will provision the service and then electronically confirm such provision in the SOLAR/SORCES system when completed. The accounts then will be transmitted to GTE's Customer Billing Services System ("CBSS"). GTE shall provide to Teligent a service completion report. Call records for actual service provided to Teligent's customers on GTE facilities will be transmitted from GTE's switches through some usage rating systems (BIP, UMS), screened and eventually delivered to CBSS for the generation of bills.
- 1.2.9 CBSS is a different system than CABS, and it is the one that GTE will utilize to produce the required bills for resold services, unbundled elements and local number portability. CBSS will create a bill to Teligent for resold services and unbundled elements along with a summary bill master. Daily unrated records for intraLATA toll usage and local usage (incollect usage data will be provided on rated basis) on Teligent's accounts will be generated and transmitted electronically to Teligent.
- 1.2.10 On resold accounts, GTE will provide usage in EMR/EMI format per existing file exchange schedules. The usage billing will be in agreed upon level of detail for Teligent to issue a bill to its end users.
- 1.2.11 GTE will provide Teligent with detailed monthly billing information in a paper format until an agreed upon Electronic Data Interchange 811 electronic bill format is operational.

- 1.2.12 State or sub-state level billing will include up to ten (10) summary bill accounts.
- 1.2.13 GTE accepts Teligent's control reports and agrees to utilize industry standard return codes for unbillable messages. Transmission will occur via the NDM. Tape data will conform to Attachment "A" of the LRDTR. Data will be delivered Monday through Friday except for Holidays as agreed. Data packages will be tracked by invoice sequencing criteria. GTE contacts will be provided for sending/receiving usage files.
- 1.2.14 GTE will retain data backup for 45 Business Days. To the extent this retention is exclusively for Teligent, Teligent shall reimburse GTE for all expenses related to this retention.
- 1.2.15 In addition to the LSR delivery process, Teligent will distribute directory assistance and directory listing information (together sometimes referred to hereafter as "DA/DL information") to GTE via the LSR ordering process over the NDM. GTE will provide listings service via its "listing continuity" offering.
- 1.2.16 Charges and credits for PIC changes ordered via an LSR will appear on the wholesale bill. As Teligent places a request for a PIC change via LSR, the billing will be made on Teligent account associated with each individual end user. GTE will process all PIC changes from IXC's that are received for Teligent end users by rejecting back to the IXC with the Teligent OCN. Detail is provided so that Teligent can identify the specific charges for rebilling to their end user.
- 1.2.17 CMDS. The parties will provide for the distribution of intraLATA CMDS incollect messages and/or selected local measured service messages as follows:
- 1.2.17.1 Messages to be Screened. GTE receives CMDS I transmissions containing intraLATA incollect messages from the state RBOC CMDS host each business day. Per Teligent's request, GTE will screen the incollects by NPA and line number and accumulate the Collect, Third Number Billed and Credit Card (collectively called incollects) messages in a data file. The screening will be for end users who have chosen Teligent as their local service provider through a Resale or Unbundled Network arrangement. The screened incollect messages and any Local Measured Service (LMS) usage will be accumulated

and forwarded to Teligent. The Parties will mutually agree on the frequency of the data exchange and the method of transmission (i.e., magnetic tape or direct electronic transmission). GTE will forward the screened messages in the industry standard EMR format. GTE intraLATA toll messages that are recorded by GTE and dialed on a one plus or zero plus basis are not part of this section and will not be screened.

1.2.17.2 Compensation. GTE will bill Teligent monthly for all services related to the screening, accumulating, processing and transmitting of incollect messages and LMS usage, if applicable, at a reasonable and mutually agreeable charge. In addition, any message processing fee associated with Teligent's incollect messages that are charged to GTE by the CMDS Host will be passed on to Teligent on the monthly statement. All revenue, surcharges, taxes and any other amounts due to the CMDS Host for Teligent's incollect messages will be billed on the monthly statement. It is Teligent's responsibility to bill and collect all incollect and LMS amounts due from its end users. The incollect and LMS revenue amounts that are listed on the monthly invoice are payable to GTE in total. The Parties agree that the arrangement for invoicing the incollect and LMS revenue amounts due GTE is not a settlement process with Teligent.

1.2.17.3 Administration. The Parties agree to develop a process whereby Teligent's end user information is available in a timely manner to allow GTE to build tables to screen the CMDS incollect files and LMS files on behalf of Teligent.

1.2.18 Backbilling. GTE shall bill Teligent on a timely basis. In no case shall GTE bill Teligent for previously unbilled charges that are for more than one year prior to the current bill date except for charges resulting from resolution of an audit pursuant to Article III.7.4.

1.3 Order Processing.

1.3.1 Order Expectations. Teligent agrees to warrant to GTE that it is a certified provider of telecommunications service. Teligent will document its Certificate of Operating Authority on the Teligent Profile and agrees to update this Teligent Profile as required to reflect its current certification. The Parties agree to exchange and to update

end user contact and referral numbers for order inquiry, trouble reporting, billing inquiries, and information required to comply with law enforcement and other security agencies of the government. The Parties also agree to exchange and to update internal order, repair and billing point of contacts. Prior to submitting an order under this Agreement, Teligent shall obtain such documentation as may be required by state and federal laws and regulations.

- 1.3.2 GTE shall provide Teligent with a specified customer contact center for purposes of placing service orders and coordinating the installation of services. These activities shall be accomplished by telephone call or facsimile until electronic interface capability has been established. The Parties adopt the OBF LSR and DSR forms for the ordering, confirmation and billing of resale and unbundled services. The Parties adopt the OBF ASR forms for the ordering, confirmation and billing of trunk-side interconnection.
- 1.3.3 GTE will process such service orders during normal operating hours, at a minimum on each Business Day between the hours of 8 a.m. to 8 p.m. Eastern Time and shall implement service orders within the same time intervals used to implement service orders for similar services for its own users.
- 1.3.4 GTE will provide current GTE customer proprietary network information (name, address, telephone number and description of services provided by GTE including PIC and white page directory listing information) as provided in Article VI, Section 3. The return of customer information will be via facsimile or via electronic transmission.
- 1.3.5 Although in most circumstances the end user's current telephone number may be retained by the end user when switching local service providers, if an end user service has been temporarily disconnected for non-payment, the end user's previous telephone number will not be made available to Teligent until the end user's outstanding balance has been paid.
- 1.3.6 **Transfer Between Local Service Providers** - GTE will provide a displacement/out service report to a Local Service Provider (LSP) whenever an end user leaves that LSP and procures service from another LSP. When a Teligent end user changes to another LSP, GTE will notify the Teligent when such activity occurs the day after completion or within 48 hours of such disconnect.

2. Maintenance Systems.

2.1 General Overview

- 2.1.1** If Teligent requires maintenance for its local service customers, Teligent will initiate a request for repair (sometimes referred to as a "trouble report") by calling GTE's Customer Care Repair Center. During this call, GTE service representatives will verify that the end-user is a Teligent customer and will then obtain the necessary information from Teligent to process the trouble report. While the Teligent representatives are still on the line, GTE personnel will perform an initial analysis of the problem and remote line testing for resale services. If engineered services are involved, the call will be made to the GTE SSCC for handling. If no engineering is required and the line testing reveals that the trouble can be repaired remotely, GTE personnel will correct the problem and close the trouble report while Teligent representatives are still on the line. If on-line resolution is not possible, GTE personnel will provide Teligent representatives a commitment time for repair and a trouble ticket number, and the GTE personnel then will enter the trouble ticket into the GTE service dispatch queue. Teligent's repair service commitment times will be within the same intervals as GTE provides to its own end users. Maintenance and repair of GTE facilities is the responsibility of GTE and will be performed at no incremental charge to Teligent. If, as a result of a Teligent-initiated trouble report, trouble is found to be the responsibility of Teligent (e.g., non-network cause) GTE will charge the Teligent for trouble isolation. Teligent will have the ability to report trouble for its end users to appropriate trouble reporting centers 24 hours a day, 7 days a week. Teligent will be assigned a customer contact center when initial service agreements are made.
- 2.1.2** Repair calls to the SSCC for engineered services will be processed in essentially the same manner as those by the GTE Customer Care Center. GTE personnel will analyze the problem, provide the Teligent representative with a commitment time while they are still on the line, and then place the trouble ticket in the dispatch queue.
- 2.1.3** GTE then will process all Teligent trouble reports in the dispatch queue along with GTE trouble reports in the order they were filed (first in, first out), with priority given to out-of-service conditions. If, at any time, GTE would determine that a commitment time given to Teligent becomes in jeopardy, GTE service representatives will

contact Teligent by telephone to advise of the jeopardy condition and provide a new commitment time.

- 2.1.4 Trouble reports in the dispatch queue will be transmitted electronically to GTE CZT service technicians who will repair the service problems and clear the trouble reports. For cleared Teligent trouble reports, GTE service technicians will make a telephone call to Teligent directly to clear the trouble ticket. GTE service technicians will make the confirmation call to the telephone number provided by Teligent. If Teligent is unable to process the call or places the GTE technician on hold, the call will be terminated. To avoid disconnect, Teligent may develop an answering system, such as voice mail, to handle the confirmation calls expeditiously.
- 2.1.5 GTE will provide electronic interface access to operation support systems functions which provide the capability to initiate, status and close a repair trouble ticket. GTE will not provide to Teligent real time testing capability on Teligent end user services. GTE will not provide to Teligent an interface for network surveillance (performance monitoring).
- 2.1.6 GTE will resolve repair requests by or for Teligent local service customers using GTE's existing repair system in parity with repair requests by GTE end users. GTE will respond to service requests for Teligent using the same time parameters and procedures that GTE uses. Teligent then would call GTE's Customer Care Center or SSCC while the customers were on hold.

2.2 Network Management Controls.

- 2.2.1 Network Maintenance and Management. The Parties will work cooperatively to install and maintain a reliable network.
- 2.2.2 Neither Party shall be responsible to the other if necessary changes in network configurations render any facilities of the other obsolete or necessitate equipment changes.
- 2.2.3 Network Management Controls. Each Party shall provide a 24-hour contact number for Network Traffic Management issues to the other's network surveillance management center. A fax number must also be provided to facilitate event notifications for planned mass calling events. Additionally, both Parties agree that they shall work cooperatively that all such events shall attempt to be conducted in such a manner as to avoid degradation or loss of service to other

end users. Each Party shall maintain the capability of respectively implementing basic protective controls such as "Cancel To" and "Call Gap."

3. **Electronic Interface.** The Parties shall work cooperatively in the implementation of electronic gateway access to GTE operational support systems functions in the long-term in accordance with established industry standards. Teligent shall compensate GTE for the full costs including but not limited to design, development, testing, implementation and deployment, for access to GTE's Operational Support System functions. Where subsequent parties request use of GTE's operation support systems, cost recovery for such electronic interface systems shall be allocated among all requesting users.
- 3.1 Teligent shall have immediate access to the following OSS electronic interfaces that will provide functionality to enable Teligent to service customers in an equal and non-discriminatory manner:
 - 3.1.1 Pre-Order functions, e.g., TN Assignment, DD Reservation, Address Validation, Product Availability, that are available on a dial-up or dedicated basis using the Secure Integrated Gateway System (SIGS).
 - 3.1.2 Order functions that are available on a dial-up or dedicated basis using CONNECT: Mail file transfer.
 - 3.1.3 Repair functions, e.g., trouble report repair functions, to allow Teligent to determine status and close trouble reports.
 - 3.1.4 Electronic transfer of the Teligent bill in electronic data interchange 811 format.
- 3.2 Teligent may migrate to fully interactive system to system interconnectivity. GTE, with input from Teligent and other carriers, shall provide general interface specifications for electronic access to this functionality. These specifications will be provided to enable Teligent to design system interface capabilities. Development will be in accordance with applicable national standards committee guidelines. Such interfaces will be available as expeditiously as possible.
- 3.3 All costs and expenses for any new or modified electronic interfaces exclusively to meet Teligent requirements that GTE determines are technically feasible and GTE agrees to develop will be paid by Teligent. Costs for development of systems intended for common use by competing carriers will be assessed based on a mutually agreed method of cost recovery.

- 3.4 Teligent shall be responsible for modifying and connecting any of its pre-ordering and ordering systems with GTE provided interfaces as described in this Appendix.
4. GTE Initiated Electronic System Redesigns. GTE will not charge Teligent when GTE initiates its own electronic system redesigns/reconfigurations.

APPENDIX H SS7 SERVICES

ARTICLE 1. DEFINITIONS

In addition to the definitions contained elsewhere in the Agreement to which this Appendix H is attached and made a part, for purposes of this Appendix H the following terms shall have the following meanings.

- 1.1 **"A" Link**: An access signaling link that connects SPs and/or SSPs to STPs.
- 1.2 **"B" Link**: A bridge signaling link that connects two (2) sets or pairs of STPs, not the STPs within a mated pair, but on the same hierarchical level.
- 1.3 **Compatibility Testing**: Certification testing performed by representatives of GTE and Teligent to ensure proper interconnection of CCS network facilities for accurate transmission of system signals and messages. This certification testing shall be performed in accordance with the following ANSI documents:
 - T1.234 Telecommunications - Signaling System Number 7 (SS7) - MTP Levels 2 and 3 Compatibility Testing (ATIS)
 - T1.235 Telecommunications - Signaling System Number 7 (SS7) - SCCP Class 0 Compatibility Testing (ATIS)
 - T1.236 Telecommunications - Signaling System Number 7 (SS7) - ISDN User Part Compatibility Testing (ATIS)
- 1.4 **Service**: The service described in Article 2 of this Appendix.
- 1.5 **Signaling Link**: An end-to-end high-capacity data link (56 kbps) that transmits supervision and control signals from one network SS7 node to another in a CCS network. The link type identifies the functionality of the signaling link sets. The two link types associated with the Service are "A" Links and "B" Links.
- 1.6 **Signaling Point Code (SPC)**: A code that identifies the Signaling Point address in the CCS network. Signaling Point Codes consist of three (3) segments of three (3) digits each, identifying the network ID, network cluster, and cluster member, respectively.
- 1.7 **Signaling Point of Interface (SPOI)**: The point at which GTE hands off signaling information to Teligent.

ARTICLE 2. SERVICE DESCRIPTION

- 2.1 **Provision.** Subject to the terms and conditions of this Appendix, GTE agrees to provide the Service to Teligent.
- 2.2 **Interconnection.** This Agreement is for Teligent's interconnection with GTE at GTE's _____ STPs to support local exchange services. Teligent shall not submit signaling messages in support of interexchange services.
- 2.3 **Service.** The "Service" consists of the following:
- (a) Interconnection of GTE's CCS/SS7 network to Teligent's CCS/SS7 network is via an "A" Link connection between Teligent's SP or SSP and GTE's STP. The "A" Link connection is made by a dedicated 56 kbps channel between the SP or SSP and the STP. Any connection from an SSP or an SP to an STP pair will have a link to each individual STP (i.e., two (2) links). Teligent and GTE shall mutually agree upon the location of the SPOI.
 - (b) Interconnection of GTE's CCS/SS7 network to Teligent's CCS/SS7 network via a "B" Link connection between Teligent's STPs and GTE's STPs. The "B" Link connection is a dedicated 56 kbps channel. Connections between two (2) pairs of STPs will have four (4) connections, i.e., one (1) link from each individual STP to each individual STP. Teligent and GTE shall mutually agree upon the location of the SPOI.
 - (c) Local and IntraLATA call set-up signaling, allowing Teligent to use the out-of-band trunk signaling provided by GTE's CCS/SS7 network to carry its calls on the intraLATA toll network.
 - (d) The Service shall include access to: (1) all switching systems served by a given STP which have been converted to SS7 signaling, including switching systems owned by other local service providers; (2) databases directly connected to a given STP, with the exception of 800/888 databases which can be accessed through any STP; (3) other local service provider STPs on an intraLATA basis; and (4) other third party local service provider STPs on an intraLATA basis.
 - (e) It is the responsibility of Teligent to populate the "privacy indicator" portion of all SS7 signaling messages forwarded to GTE's network. GTE agrees to deliver the information forwarded by Teligent in the SS7 signaling message. The Teligent, by entering into this Agreement, agrees to deliver "privacy indicator" information forwarded by GTE in its signaling message

- (f) **Teligent acknowledges that call set-up times may be greater when Teligent employs intermediate access tandems (IATs) in its network.**
- (g) **If selected on the order form, the Service shall also include IXC call set-up signaling service (ISUP) as described in Article 2.4 of this Appendix. Additional charges tariffed shall apply.**

2.4 ISUP Service Charge. This is an optional service that allows Teligent to utilize SS7 signaling to an SS7 capable interexchange carrier (IXC) for Feature Group D access service and other intraLATA interexchange services. The ISUP service is a monthly charge.

- (a) **The rate for ISUP signaling is per connection in situations when GTE does not provide any underlying call messages for the Teligent on GTE's network trunks. The rate for ISUP signaling is shown in GTE's tariff.**
- (b) **Where GTE has a mated pair of STPs and has CCS/SS7 interconnection facilities to an IXC within the same LATA, for interexchange telecommunications services, GTE shall provide call set-up signaling between Teligent and the IXC.**
- (c) **Teligent agrees to provide to GTE such information as deemed necessary by GTE for network planning in connection with this offering and as may be requested by GTE from time to time.**
- (d) **Teligent must provide the Signaling Point Codes of the IXCs for which it is providing call setup via GTE's SS7 signaling network, so that GTE screening and translation tables can be updated.**

2.5 Technical Specifications. The technical specifications for the Services described above are defined in Bellcore TR-TSV-000905. GTE will provide SS7 via OR-394-SS7 and/or OR-317-SS7 format(s).

2.6 Other Services. If Teligent desires to order SS7-related services other than the Service, such services will be governed by separate agreements.

2.7 Applicable Traffic. The Service applies to the traffic of Teligent and its subtending LECs only. Teligent must provide GTE with thirty (30) calendar days' written notice and a letter of agency before the traffic of any party other than Teligent or its subtending LECs may be transmitted through Teligent's facilities on to GTE's SS7 network.

ARTICLE 3. MANNER OF PROVISIONING

- 3.1 **Link Facilities.** The link facilities to GTE STPs in the same LATA can be either:
- (a) "A" Link sets from Teligent's SP or SSP. A minimum of two (2) links is required, one (1) from the SP or SSP to each STP; or,
 - (b) "B" Link sets from Teligent's STPs that are connected to GTE's mated pairs of STPs. A minimum of four (4) links is required between the two (2) pairs of STPs.
- 3.2 **Port Termination.** An STP port termination is required for each 56 kbps access link utilized for the Service. STP locations are set forth in the National Exchange Carrier Association, Inc. (NECA) Tariff, F.C.C. No. 4.
- 3.3 **Signaling Point Codes.** GTE shall install all applicable Signaling Point codes for each signaling link at each of GTE's interconnecting STPs.
- 3.4 **Protocol.** GTE shall provision the Service in accordance with ANSI T1.226 Telecommunications - Operations, Administration, Maintenance, and Provisioning (OAM&P) - Management of functions for Signaling System No. 7 (SS7) Network Interconnections (ATIS) with the exception of references to OMAP protocol elements. The Service cannot be established until Compatibility Testing has been successfully completed between Teligent and GTE.
- 3.5 **56 kbps Channel.** Unless Teligent elects to provide such links, GTE shall provide two (2) or four (4) 56 kbps circuits as link facilities at rates set forth in Article 4 herein. If approved by GTE, Teligent may utilize a 56 kbps channel of an intraLATA DS1 (1.544 mbps) facility, which is in place at the time of ordering, as an "A" Link or a "B" Link, for the STP access connection between the SPOI and GTE's STP. **WHEN THIS OPTION IS CHOSEN, Teligent UNDERSTANDS AND ACCEPTS THAT THE SERVICE PERFORMANCE STANDARDS AS OUTLINED IN BELLCORE DOCUMENT TR-TSV-000905 MAY NOT BE MET IN THE PROVISION OF THE TOTAL SERVICE.** If such a channel is not utilized, Teligent must order DS1 (1.544 Mbps) service.
- 3.6 **Multiplexing.** Where technically required, GTE shall provide multiplexing arrangements to Teligent at no charge.
- 3.7 **Diversity.** Where technically feasible and not unreasonably economically burdensome, GTE agrees to allow interoffice and intraoffice diversity.

ARTICLE 4. RATES AND CHARGES

- 4.1 **Payment.** Teligent agrees to pay to GTE for the Service at the rates and charges set forth in GTE's tariff attached to this Appendix and made a part hereof.
- 4.2 **Period.** Subject to Article 4.3 below, the rates and charges shall remain in effect and are firm for a period of twelve (12) months from the effective date of this Appendix. Thereafter, GTE shall give Teligent sixty (60) calendar days' notice of any price change. If the new prices are not acceptable to Teligent, Teligent may terminate this Appendix upon thirty (30) calendar days' advance written notice without penalties for either Party.
- 4.3 **Rate Basis.** The rates are based upon rates and charges reflected in GTE's approved CCS/SS7 interconnection tariffs. To the extent that tariff rates are adjusted, rates and charges for similar rate elements in this Appendix will be adjusted accordingly on the date the new tariff rates become effective. If a state or federal regulatory agency requires, or GTE elects, to offer the Service by tariff, the tariff shall supersede this Appendix. If the Service becomes tariffed, Teligent has the right to terminate this Appendix upon sixty (60) calendar days' advance written notice effective on the effective date of such tariff, without penalty to either Party.
- 4.4 **Mileage.** Mileage is calculated on the airline distance between the locations involved, using the V&H coordinates method, as set forth in the National Exchange Carrier Association, Inc. Tariff, F.C.C. No. 4.
- 4.5 **Rates and Charges.** Rates and charges for each component of the Service are described as follows:
- (a) "A" Link connection - Charges for the "A" Link connection to GTE's CCS/SS7 network consist of the STP port termination charges.
 - (1) The STP port termination charges are for the termination of a 56 kbps channel at each STP from Teligent's SSP or SP.
 - (2) Teligent will lease facilities between its SSPs/SPs and GTE's STPs.
 - (b) "B" Link connection - Charges for the "B" Link connection to GTE's CCS/SS7 network consist of the STP port termination charges.
 - (1) The STP port termination charges are for the termination of a 56 kbps channel at each STP from Teligent's STPs.

- (2) Teligent and GTE shall mutually agree upon the rates for "B" Link interconnections within thirty (30) calendar days of the execution of this Agreement.
- (c) STP Interconnection nonrecurring charge - STP interconnection nonrecurring charge shall apply for each "A" Link and "B" Link interconnection to GTE's SS7 network.
- 4.6 **Rearrangement.** Charges for rearrangement of the Service that are not specifically addressed will be determined by GTE on an individual case basis.
- 4.7 **Applicable Traffic.** The rates apply only to the traffic of Teligent and its subtending LECs. Any traffic from any other party will be subject to additional charges.

ARTICLE 5. ORDERING THE SERVICE

- 5.1 **Order.** To order the Service, Teligent shall submit a completed CCS/SS7 Order Form to GTE. Teligent may change its Service order by submitting a new Order Form which shall be effective when executed by both Parties. Service shall be implemented for Teligent thirty (30) calendar days after the execution of this Agreement by both Parties.
- 5.2 **Port Terminations.** GTE shall reserve STP port terminations only upon receipt of a fully executed copy of this Agreement and the Order Form referred to in this Appendix. GTE shall reserve ports on a first come, first served basis. Should Teligent fail to use a port within sixty (60) Business Days of availability, GTE may reassign the port and, Teligent must resubmit an Order Form for interconnection.

ARTICLE 6. RESPONSIBILITIES OF GTE

- 6.1 **Managing the Network.** GTE is responsible for managing the network provided by GTE as part of the Service and applying protective controls which it can invoke as a result of occurrences including, but not limited to, failure or overload of GTE or Teligent facilities due to natural disasters, mass calling or national security demands.
- 6.2 **Performance Standards.** GTE is responsible for meeting service performance standards as outlined in Bellcore TR-TSV-000905 except as otherwise provided herein.

- 6.3 **Invoice.** GTE shall include with the monthly invoice such data GTE and Teligent mutually agree is necessary for Teligent to verify the accuracy of the billing it receives from GTE for the Service.

ARTICLE 7. RESPONSIBILITIES OF Teligent

- 7.1 **Signaling Link.** Teligent shall provision the signaling links from its premises to the SPOIs in a manner technically compatible to the GTE network.
- 7.2 **Privacy Indicator.** Teligent shall populate the "privacy indicator" portion of the CCS/SS7 initial address message forwarded to GTE's network for call processing.
- 7.3 **Accuracy of Information.** Teligent shall verify the accuracy of information provided by Teligent concerning the Service ordered by Teligent.
- 7.4 **Forecast.** Teligent shall furnish to GTE, at the time the Service is ordered and annually thereafter, an updated three year forecast of usage for the 56 kbps channel and the STP port termination for each STP pair. The forecast shall include total annual volume and busy hour busy month volume. GTE shall utilize the forecast in its own efforts to project further facility requirements.
- 7.5 **Changes.** Teligent agrees to inform GTE in writing at least thirty (30) Business Days in advance of any change in its use of the Service that alters by ten percent (10%) or more for any thirty (30) day period the volume of signaling transactions to be forwarded to GTE's CCS/SS7 network. Teligent will provide the reason for the change in volume by individual SS7 service.

ARTICLE 8. SIGNALING POINT CODES

- 8.1 **Interconnection.** Teligent may utilize either the GTE CCS/SS7 network SPC or its own SPC for interconnection purposes when interconnecting its SPs or SSPs at the "A" Link level. Teligent shall utilize its own SPC when interconnecting its STP at the "B" Link level. Teligent agrees to obtain its own initial SPC if it has short or long range plans to provide its own STPs.
- 8.2 **SPC.** When the SPC is utilized, GTE shall be responsible for Teligent code assignment. When Teligent obtains its own SPC, Teligent shall be responsible for code assignments and shall be responsible for notifying GTE and other CCS/SS7 network providers of such assignments.

- 8.3 **SPC Change.** Due to the complexities and potential Teligent signaling network downtime required for changing working SPCs, Teligent agrees to give GTE a written notice of an SPC change as soon as possible but no later than thirty (30) Business Days prior to the effective date of the SPC change.

ARTICLE 9. MONTHLY BILLING

Billing statements shall be rendered monthly by GTE to Teligent. The monthly charge shall be the total of all monthly rate element charges associated with the Service. Payment to GTE for bills rendered to Teligent shall be due thirty (30) calendar days after receipt of the invoice and Teligent agrees to pay all billed amounts. Beginning the day after the due date of the bill, interest charges of twelve per cent (12%) per annum or the maximum allowed by law, whichever is less, shall be added to Teligent's bill. Payments shall be applied to the oldest outstanding amounts first.

ARTICLE 10. LIABILITY AND INDEMNIFICATION

- 10.1 **Release from Liability.** Each Party releases the other from any liability for loss or damage arising out of errors, interruptions, defects, failures, delays, or malfunctions of the Service, including any and all associated equipment and data processing systems, not caused by gross negligence or willful misconduct. Any losses or damages for which either Party is held liable under this Agreement shall in no event exceed the amount of the charges for the Service during the period beginning at the time notice of the error, interruption, defect, failure, or malfunction is received, to the time Service is restored.
- 10.2 **Limitation of Liability.** IN ADDITION TO THE LIMITATION OF LIABILITY SET FORTH AT SECTION 23.4 OF ARTICLE III OF THE AGREEMENT, NEITHER PARTY SHALL BE LIABLE FOR ANY LOSS OF REVENUE OR PROFIT OR FOR ANY LOSS OR DAMAGE ARISING OUT OF THIS AGREEMENT OR OUT OF THE USE OF THE CCS OR ANY OF THE SERVICES PROVIDED UNDER THIS AGREEMENT THAT IS SUFFERED BY THE OTHER PARTY, WHETHER ARISING IN CONTRACT, TORT (INCLUDING WITHOUT LIMITATION NEGLIGENCE OR STRICT LIABILITY) OR OTHERWISE AND WHETHER OR NOT INFORMED OF THE POSSIBILITY OF SUCH DAMAGES IN ADVANCE. NEITHER PARTY SHALL BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES.
- 10.3 **Third Parties.** Each Party agrees to release, defend, indemnify, and hold harmless the other Party from and against any and all losses, damages, or other liability, including reasonable attorneys' fees, that it may incur as a result of claims, demands, wrongful death actions, or other suits brought by third

parties, arising out of the use of the Service and resulting from the gross negligence or willful misconduct by the indemnifying Party, its employees, agents, or contractors in the performance of this Agreement. In addition, to the extent that the Parties' interests do not conflict, Teligent shall defend GTE against all end users' claims just as if Teligent had provided such service to its end users with its own employees. In any event, Teligent shall assert its tariff limitation of liability for the benefit of both GTE and Teligent.

- 10.4 **Infringement.** Each Party agrees to release, defend, indemnify, and hold harmless the other Party from and against any claim, demands or suit that asserts any infringement or invasion of privacy or confidentiality of any person(s), caused or claimed to be caused, directly or indirectly, by the indemnifying Party's employees or equipment associated with provision of the Service. This includes, but is not limited to, suits arising from disclosure of any customer-specific information associated with either the originating or terminating numbers used to provision the Service.
- 10.5 **No Warranties.** IN ADDITION TO THE DISCLAIMER SET FORTH AT SECTION 23.3 OF ARTICLE III OF THE AGREEMENT, NEITHER GTE NOR Teligent MAKES ANY REPRESENTATIONS OR WARRANTIES TO THE OTHER OR TO ANY THIRD PARTY CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES PROVIDED UNDER OR IN CONNECTION WITH THIS APPENDIX, THAT THE SERVICES PROVIDED UNDER THIS APPENDIX WILL BE ERROR FREE OR THAT THE FACILITIES WILL OPERATE WITHOUT INTERRUPTION. GTE AND Teligent DISCLAIM, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR FROM USAGES OF TRADE.

ARTICLE 11. RESERVATION OF RIGHTS

- 11.1 **Rights Reserved.** By entering into this Appendix to the Agreement, neither Party waives, releases or compromises any rights it may have to argue, in any federal or state regulatory proceeding (or in any judicial appeal following such a proceeding), in support of, or in opposition to any position, including but not limited to: (a) Accounting for deregulated (or detariffed) data base services; (b) removal from regulated accounts of expenses and investment associated with deregulated (or detariffed) data base services; and (c) any other issues pertinent to regulation or deregulation of costs which were, are now, or may in the future be, associated with the provisions of data base services. Each Party expressly reserves all its rights in connection with such matters.

**APPENDIX I
POLE ATTACHMENT AGREEMENT**

The Pole Attachment Agreement is not being executed by the Parties at this time. It may, however, be executed at a later time if needed.

At the time the Pole Attachment Agreement is executed this sheet will be removed.

APPENDIX I POLE ATTACHMENT AGREEMENT

1. Parties.

This agreement (Agreement) is between GTE SOUTH INCORPORATED, a State of _____ corporation having its principal office at _____ ("GTE"), and _____, a corporation of the State of _____, having its principal office at _____ ("Licensee").

2. Definitions.

- 2.1 "GTE's poles" or "GTE pole(s)" means a pole or poles solely owned by GTE, jointly owned by GTE and another entity, and space on poles obtained by GTE through arrangements with the owner(s) thereof.
- 2.2 "Telecommunications Services" means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.
- 2.3 "Cable Television Services" means the transmission to subscribers of off-the-air pickup of broadcast signals or the transmission, without separate charge, of locally originated closed circuit television to the subscribers of off-the-air service.
- 2.4 "Attachments" means the equipment reasonably required by Licensee to provide its Telecommunications Services or Cable Television Services that is placed on GTE's poles.
- 2.5 "Make-Ready Work" means all work, including, but not limited to, rearrangement, removal, or transfer of existing attachments, placement, repair, or replacement of poles, or any other changes required to accommodate the Licensee's Attachments on a pole.
- 2.6 "Hazardous Materials" means (i) any substance, material or waste now or hereafter defined or characterized as hazardous, extremely hazardous, toxic or dangerous within the meaning of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, or any similar law, ordinance, statute, rule or regulation of any governmental body or authority, (ii) any substance, material or waste now or hereafter classified as a contaminant or pollutant under any law, ordinance, statute, rule or regulation of any governmental body or authority or (iii) any other substance, material or waste, the manufacture, processing, distribution, use, treatment, storage,

placement, disposal, removal or transportation of which is now or hereafter subject to regulation under any law, ordinance, statute, rule or regulation of any governmental body or authority.

- 2.7 "Attachment Fee" means the fee assessed per pole and paid by Licensee to place Attachments on GTE's poles.

3. Purpose.

- 3.1 Licensee represents to GTE that Licensee has a need to occupy, place and maintain Attachments on GTE's poles for the purpose of providing Telecommunications Services.

- 3.2 GTE agrees to permit Licensee to occupy, place and maintain its Attachments on such GTE poles as GTE may allow pursuant to the terms of this Agreement.

4. Grant of License.

GTE grants to Licensee and Licensee accepts from GTE a non-exclusive revocable license to occupy, place and maintain in a designated space on specified GTE poles Licensee's Attachments on the terms and conditions set forth herein. Licensee shall have no further right, title, or other interest in connection with GTE's poles. GTE shall have the right to grant, renew or extend privileges to others not parties to this Agreement to occupy, place or maintain Attachments on or otherwise use any or all GTE poles. Nothing herein is intended to, nor should it be construed to require GTE to construct or modify any facilities not needed for its own service requirements. GTE grants this license in reliance on the representation of Licensee that Licensee intends to provide Telecommunications Services with the Attachments covered by this Agreement.

5. Term.

This Agreement shall continue in effect until terminated in accordance with the provisions herein.

6. Pole Attachment Requests (PARs).

- 6.1 Licensee shall submit a written Pole Attachment Request ("PAR") to GTE identifying the GTE poles upon which it desires to place Attachments. Each PAR shall be in a form specified by GTE and may be revised from time to time by GTE. All PARs submitted to GTE shall be processed on a first come, first served basis. GTE, in its sole judgment, will determine the availability of space on the GTE pole(s) specified in the PAR and will provide its response to the PAR within thirty (30) Business Days of its submission. Upon approval of the

PAR, GTE shall return one copy thereof to Licensee bearing an endorsement acknowledging GTE's authorization. All Attachments placed on GTE's poles pursuant to an approved PAR shall become subject to all of the terms and conditions of this Agreement. Licensee may submit subsequent PARs for approval by GTE as needed. GTE is under no obligation to provide general information respecting the location and availability of GTE poles, except as may be necessary to process a PAR. No Attachment shall be placed on any GTE pole identified in a PAR until that PAR has been approved by GTE.

- 6.2 Licensee shall pay GTE a fee for processing a PAR to compensate GTE for the general administrative costs as well as the actual engineering costs reasonably incurred. The fee for engineering costs shall be computed by multiplying the fully loaded hourly rate for an engineer times the number of hours reasonably required by each engineer to inspect the GTE poles included in the PAR. GTE will charge its then current rates for administrative and engineering costs, as may be changed from time to time by GTE to remain consistent with prevailing costs.
- 6.3 Upon receiving an approved PAR, Licensee shall have the right, subject to the terms of this License, to place and maintain the facilities described in the PAR in the space designated on the GTE poles identified therein.
- 6.4 In the event Make-Ready Work is necessary to accommodate Licensee's Attachments, GTE shall notify Licensee of such fact and provide Licensee with a good faith estimate of the total cost of such Make-Ready Work needed to accommodate Licensee's Attachments. Within fifteen (15) days after receiving such notice from GTE, Licensee shall notify GTE either (1) that Licensee shall pay all of the costs actually incurred to perform the Make-Ready Work and shall pay the total estimated amount to GTE at least ten (10) days prior to the date the Make-Ready Work is to begin or (2) that it desires to cancel its PAR.
- 6.5 GTE shall not be responsible to Licensee for any loss sustained by Licensee by reason of the refusal or failure of any other party with attachments on GTE's poles to rearrange or modify its attachments as may be required to accommodate Licensee's Facilities.
- 6.6 Licensee is not authorized and shall have no right to place facilities on any GTE pole unless that GTE pole is identified in an approved PAR.

7. Availability of Information Regarding Space on Poles.

GTE will provide information regarding the availability of pole space within thirty (30) Business Days of a written request by Licensee. Because GTE will endeavor to determine available space as quickly as possible, a shorter interval may be experienced for requests of a limited scope where physical field

verification is not necessary. In the event the thirty (30) Business Day time frame cannot be met, GTE shall so advise Licensee and shall seek a mutually satisfactory alternative response date. No representation regarding the availability of space shall be made in the absence of a physical field verification.

8. Authority to Place Attachments.

- 8.1 Before Licensee places any Attachments on GTE's poles pursuant to an approved PAR, Licensee shall submit evidence satisfactory to GTE of its authority to erect and maintain the facilities to be placed on GTE's poles within the public streets, highways and other thoroughfares or on private property. Licensee shall be solely responsible for obtaining all rights-of-way, easements, licenses, authorizations, permits and consents from federal, state and municipal authorities or private property owners that may be required to place Attachments on GTE's poles. In the event Licensee must obtain any additional easements, permits, approvals, licenses and/or authorizations from any governmental authority or private individual or entity in order to utilize GTE's poles under an approved PAR, GTE shall, upon Licensee's request, provide written confirmation of its consent to Licensee's utilization of poles in a particular location in accordance with this Agreement, if needed by Licensee to obtain such additional approvals or authorizations. GTE shall also provide maps or drawings of its facilities' locations to the extent reasonably required by such governmental authority or private individual or entity for purposes of considering or granting Licensee's request to it for authority or approval.**
- 8.2 GTE shall not unreasonably intervene in or attempt to delay the granting of any rights-of-way, easements, licenses, authorizations, permits and consents from federal, state or municipal authorities or private property owners that may be required for Licensee to place its Attachments on GTE's poles.**
- 8.3 If any right-of-way, easement, license, authorization, permit or consent obtained by Licensee is subsequently revoked or denied for any reason, Licensee's permission to attach to GTE's poles shall terminate immediately and Licensee shall promptly remove its Attachments. Should Licensee fail to remove its Attachments within one hundred twenty (120) days of receiving notice to do so from GTE, GTE shall have the option to remove all such Attachments and store them in a public warehouse or elsewhere at the expense of and for the account of Licensee without GTE being deemed guilty of trespass or conversion, and without GTE becoming liable for any loss or damages to Licensee occasioned thereby. All costs incurred by GTE to remove Licensee's Attachments shall be reimbursed to GTE by Licensee upon demand.**

- 8.4 Upon notice from GTE to Licensee that the cessation of the use of any one or more of GTE's poles is necessary for reasons of safety or has been directed by any federal, state or municipal authority, or private property owner, permission to attach to such pole or poles shall terminate immediately and Licensee promptly shall remove its Attachments. Should Licensee fail to remove its Attachments within the time frame provided by the requesting or directing party or one hundred twenty (120) days of receiving notice to do so from GTE, whichever is less, GTE shall have the option to remove all such Attachments and store them in a public warehouse or elsewhere at the expense of and for the account of Licensee without GTE being deemed guilty of trespass or conversion, and without GTE becoming liable for any loss or damages to Licensee occasioned thereby. All costs incurred by GTE to remove Licensee's Attachments shall be reimbursed to GTE by Licensee upon demand by GTE.

9. Placement of Attachments.

- 9.1 Licensee shall, at its own expense, place and maintain its Attachments on GTE's poles in accordance with (i) such requirements and specifications as GTE shall from time to time prescribe in writing, (ii) all rules or orders now in effect or that hereafter may be issued by any regulatory agency or other authority having jurisdiction, and (iii) all currently applicable requirements and specifications of the National Electrical Safety Code, and the applicable rules and regulations of the Occupational Safety and Health Act. Licensee agrees to comply, at its sole risk and expense, with all specifications, as may be revised from time to time by GTE.
- 9.2 Licensee's Facilities shall be tagged at maximum intervals of 300 feet so as to identify Licensee as the owner of the Facilities. The tags shall be of sufficient size and lettering so as to be easily read from ground level.

10. Failure of Licensee to Place Attachments.

Once Licensee has obtained an approved PAR, Licensee shall have sixty (60) days from the date the PAR is approved to begin the placement of its Attachments on the GTE poles covered by the PAR. If Licensee has not begun placing its Attachments within that sixty (60) day period, Licensee shall so advise GTE with a written explanation for the delay. If Licensee fails to advise GTE of its delay, with a written explanation therefor, or if Licensee fails to act in good faith by not making a bona fide effort to begin placing its Attachments within the sixty (60) days prescribed by this Section, the previously approved PAR shall be deemed rescinded by GTE and Licensee shall have no further right to place Attachments pursuant to that PAR.

11. Attachment Fees.

- 11.1** Licensee shall pay to GTE an Attachment Fee, as specified in Exhibit ___ hereto, for each GTE pole upon which Licensee obtains authorization to place an Attachment. The Attachment Fee may be increased by GTE from time to time as permitted by law upon sixty (60) days written notice to Licensee.
- 11.2** Attachments Fees shall become due and payable on the date a PAR is approved by GTE for all GTE poles identified in that PAR on a pro rata basis until the end of the then current year and thereafter on an annual basis within thirty (30) days of the date of a statement from GTE specifying the fees to be paid. Any payment after thirty (30) days shall bear interest at the rate of eighteen percent (18%) per annum or the maximum rate allowed by law, whichever is less.
- 11.3** GTE shall maintain an inventory of the total number of GTE poles occupied by Licensee based upon the cumulative number of poles specified in all PARs approved by GTE. GTE may, at its option, conduct a physical inventory of Licensee's Attachments under this Section. It shall be Licensee's sole responsibility to notify GTE of any and all removals of Attachments from GTE's poles. Except as provided in Section 18 of this Agreement in connection with the termination of this Agreement, such notice shall be provided to GTE at least thirty (30) days prior to the removal of the Attachments. Each Notice of Removal shall be in a form specified by GTE and may be revised from time to time at GTE's sole discretion. Licensee shall remain liable for Attachment Fees until Licensee's Attachments have been physically removed from GTE's poles.

12. Modifications, Additions or Replacements to Existing Attachments.

- 12.1** Licensee shall not modify, add to or replace Facilities on any pre-existing Attachment without first notifying GTE in writing of the intended modification, addition or replacement at least thirty (30) days prior to the date the activity is scheduled to begin. The required notification shall include: (1) the date the activity is scheduled to begin, (2) a description of the planned modification, addition or replacement, (3) a representation that the modification, addition or replacement will not require any space other than the space previously designated for Licensee's Attachments, and (4) a representation that the modification, addition or replacement will not impair the structural integrity of the poles involved.
- 12.2** Should GTE determine that the modification, addition or replacement specified by Licensee in its notice will require more space than that allocated to Licensee or will require the reinforcement of, replacement of or an addition of support equipment to the poles involved in order to accommodate Licensee's modification, addition or replacement, GTE will so notify Licensee, whereupon

Licensee will be required to submit a PAR in compliance with this Agreement in order to obtain authorization for the modification, addition or replacement of its Attachments.

- 12.3 Access to GTE's poles for repairs, modifications, additions, or replacements required in emergency situations shall be governed by Section 21 of this Agreement.
- 12.4 Should Teligent request GTE to expand capacity or purchase additional plant, Teligent agrees to pay all costs.

13. Rearrangements to Accommodate Other Licensees.

Licensee acknowledges that at some point in the future it may become necessary to rearrange Licensee's Facilities in order to create space to accommodate the facilities of another licensee. Licensee agrees that in such event Licensee will cooperate in good faith with such other licensee to come to a mutually agreeable understanding regarding the manner in which the rearrangement of Licensee's Facilities will be achieved.

14. Unauthorized Attachments.

- 14.1 The parties agree that because it would be impracticable and extremely difficult to determine the actual amount of damages resulting from Licensee's unauthorized Attachment(s), a charge equal to five (5) times the amount of the then current Attachment Fee shall be paid by Licensee to GTE for each unauthorized Attachment to a GTE pole. Such payment shall be deemed liquidated damages and not a penalty. Licensee also shall pay GTE an Attachment Fee for each unauthorized Attachment accruing from the date the unauthorized Attachment was first placed on the GTE pole. In the event that the date the unauthorized Attachment was first placed on a GTE pole cannot be determined, such date shall be deemed the date of the last physical inventory made in accordance with this Agreement or, if no physical inventory has been conducted, the date the first PAR from Licensee was approved in accordance with this Agreement. Licensee also shall pay to GTE all costs incurred by GTE to rearrange any unauthorized Attachment(s) of Licensee if such rearrangement is required to safeguard GTE's Attachment(s) or to accommodate the Attachment(s) of another party whose Attachment(s) would not have required a rearrangement but for the presence of Licensee's unauthorized Attachment(s). Licensee shall also pay to GTE all costs incurred by GTE to reinforce, replace or modify any GTE pole, which reinforcement, replacement or modification was required as a result of the unauthorized Attachment of Licensee. The Attachment Fee referenced in this subsection 14.1 shall be determined in the same manner as such fee would have been determined if the attachment had been authorized by GTE.

14.2 For purposes of this section, an unauthorized Attachment shall include, but not be limited to:

14.2.1 An Attachment to a GTE pole which pole is not identified in any PAR approved in accordance with this Agreement;

14.2.2 An Attachment that occupies more space than that allocated to Licensee by GTE;

14.2.3 An Attachment that is not placed in accordance with the provisions of this Agreement or the appropriate PAR issued pursuant to this Agreement;

14.2.4 An addition or modification by Licensee to its pre-existing Attachment(s) that impairs the structural integrity of the involved GTE pole(s).

14.2.5 An Attachment that consists of facilities owned or controlled by, and for the use of a party other than Licensee.

15. Surveys and Inspections of Pole Attachments.

15.1 Upon written notice to Licensee, the total number and exact location of Licensee's Attachments on GTE's poles may be determined, at GTE's discretion, through a survey to be made not more than once per calendar year by GTE. If so requested, Licensee and/or any other entity owning or jointly owning the poles with GTE may participate in the survey. The costs incurred by GTE to conduct the survey shall be reimbursed to GTE by Licensee upon demand by GTE. If the Attachments of more than one Licensee are surveyed, each such Licensee shall contribute a proportionate share of the costs reimbursed to GTE.

15.2 Apart from surveys conducted in accordance with this section, GTE shall have the right to inspect any Attachment of Licensee on GTE's poles as conditions may warrant upon written notice to Licensee. Licensee shall, upon demand by GTE, reimburse GTE all costs incurred to conduct its inspection. No joint survey or inspection, or lack thereof, by GTE shall operate to relieve Licensee of any responsibility, obligation or liability assumed under this Agreement.

16. Notice of Modification or Alteration of Poles by GTE.

16.1 In the event GTE plans to modify or alter any GTE pole(s) upon which Licensee has Attachments, GTE shall provide Licensee notice of the proposed modification or alteration at least thirty (30) days prior to the time the proposed

modification or alteration is scheduled to take place. Should Licensee decide to modify or alter its Attachments on the GTE poles to be modified or altered by GTE, Licensee shall so notify GTE in writing. In such event, Licensee shall bear a proportionate share of the total costs incurred by GTE to make such poles accessible to Licensee.

- 16.2 In the event GTE is required by a federal, state, or local authority to move, replace or change the location of any GTE pole(s), Licensee shall concurrently relocate Licensee's Attachments. GTE and each Licensee required to relocate its Attachments shall bear its own costs for such relocation.

17. Disclaimer of Warranties.

EXCEPT AS SPECIFICALLY SET FORTH IN THIS AGREEMENT, GTE MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

18. Default and Remedies.

- 18.1 The occurrence of any one of the following shall be deemed a Material Default by Licensee under this Agreement:

- 18.1.1 Failure by Licensee to pay any fee or other sum required to be paid under the terms of this Agreement and such default continues for a period of ten (10) days after written notice thereof to Licensee;
- 18.1.2 Failure by Licensee to perform or observe any other term, condition, covenant, obligation or provision of this Agreement and such default continues for a period of thirty (30) days after written notice thereof from GTE (provided that if such default is not curable within such thirty (30) day period, the period will be extended if Licensee commences to cure such default within such thirty (30) day period and proceeds diligently thereafter to effect such cure);
- 18.1.3 The filing of any tax or mechanic's lien against GTE's poles which is not bonded or discharged within thirty (30) days of the date Licensee receives notice that such lien has been filed;
- 18.1.4 Licensee's voluntary or involuntary bankruptcy;
- 18.1.5 Licensee's knowing use or maintenance of its Attachments in violation of any law or regulation, or in aid of any unlawful act or undertaking;

- 18.1.6 If any authorization which may be required of the Licensee by any governmental or private authority for the placement, operation or maintenance of Licensee's Attachments is denied or revoked.
- 18.2 In the event of a Material Default, GTE, without any further notice to the Licensee (except where expressly provided for below or required by applicable law) may do any one or more of the following:
- 18.2.1 Perform, on behalf and at the expense of Licensee, any obligation of Licensee under this Agreement which Licensee has failed to perform and of which GTE shall have given Licensee notice, the cost of which performance shall be paid by Licensee to GTE upon demand.
- 18.2.2 Terminate this Agreement by giving notice of such termination to Licensee and remove Licensee's Attachments and store them in a public warehouse or elsewhere at the expense of and for the account of Licensee without GTE being deemed guilty of trespass or conversion, and without GTE becoming liable for any loss or damages to Licensee occasioned thereby; or
- 18.2.3 Exercise any other legal or equitable right or remedy which GTE may have.
- 18.3 Any costs and expenses incurred by GTE (including, without limitation, reasonable attorneys' fees) in enforcing this Agreement shall be repaid to GTE by Licensee upon demand.
- 18.4 Upon termination of this Agreement by GTE because of a material default by Licensee, Licensee shall remain liable to GTE for any and all fees, other payments and damages which may be due or sustained prior to such termination, all reasonable costs, fees and expenses, including, without limitation, reasonable attorneys' fees incurred by GTE in pursuit of its remedies hereunder, and additional liquidated damages which shall be an amount equal to one full year of Pole Attachment fees.
- 18.5 All rights and remedies of each party set forth in this Agreement shall be cumulative and none shall exclude any other right or remedy, now or hereafter allowed by or available under any statute, ordinance, rule of court, or the common law, either at law or in equity, or both.
19. Indemnification.
- 19.1 Licensee shall compensate GTE for the full actual loss, damage or destruction of GTE's property that in any way arises from or is related to this Agreement or activities undertaken pursuant to this Agreement (including, without limitation,

the installation, construction, operation or maintenance of Licensee's Attachments).

- 19.2 Licensee will further indemnify, defend and hold harmless GTE and GTE's agents, officers, employees and assigns, from any and all losses, damages, costs, expenses (including, without limitation, reasonable attorneys' fees), statutory fines or penalties, actions or claims for personal injury (including death), damage to property, or other damage or financial loss of whatever nature in any way arising out of or connected with this Agreement or activities undertaken pursuant to this Agreement (including, without limitation, the installation, construction, operation or maintenance of Licensee's Attachments), except to the extent caused by the gross negligence or willful misconduct on the part of GTE or GTE's agents, officers, employees and assigns. Licensee expressly assumes all liability for actions brought against GTE and GTE's agents, officers, employees and assigns, by Licensee's agents, officers or employees and Licensee expressly waives any immunity from the enforcement of this indemnification provision that might otherwise be provided by workers' compensation law or by other state or federal laws.
- 19.3 Without limiting any of the foregoing, Licensee assumes all risk of, and agrees to relieve GTE of any and all liability for, loss or damage (and the consequences of loss or damage) to any Attachments placed on GTE's poles and any other financial loss sustained by Licensee, whether caused by fire, extended coverage perils, or other casualty, except to the extent caused by the gross negligence or willful misconduct on the part of GTE or GTE's agents, officers, employees and assigns.
- 19.4 Without limiting the foregoing, Licensee expressly agrees to indemnify, defend and hold harmless GTE and GTE's agents, officers, employees and assigns from any and all claims asserted by customers of Licensee in any way arising out of or in connection with this Agreement or Licensee's Attachments, except to the extent caused by the gross negligence or willful misconduct on the part of GTE or GTE's agents, officers, employees and assigns.
- 19.5 Notwithstanding anything to the contrary in this Agreement, Licensee further shall indemnify and hold harmless GTE, its agents, officers, employees and assigns from and against any claims, liabilities, losses, damages, fines, penalties and costs (including, without limitation, reasonable attorneys' fees) whether foreseen or unforeseen, which the indemnified parties suffer or incur because of: (i) any discharge of Hazardous Waste resulting from acts or omissions of Licensee or the Licensee's predecessor in interest; (ii) acts or omissions of the Licensee, its agents, employees, contractors or representatives in connection with any cleanup required by law, or (iii) failure of Licensee to comply with Environmental, Safety and Health Laws.

- 19.6 In no event shall either party be liable to the other party for any special, consequential or indirect damages (including, without limitation, lost revenues and lost profits) arising out this Agreement or any obligation arising hereunder, whether in an action for or arising out of breach of contract, tort or otherwise
- 19.7 Licensee shall indemnify, protect and hold harmless GTE from and against any and all claims for libel and slander, copyright and/or patent infringement arising directly or indirectly by reason of installation of Licensee's equipment on GTE's poles pursuant to this Agreement.
20. Insurance.
- 20.1 Licensee shall carry insurance, at its sole cost and expense, sufficient to cover its indemnification obligations as set forth in Section 19 of this Agreement. Such insurance shall include, but not be limited to, coverage against liability due to personal injury or death of persons in the amount of \$500,000 as to any one person and \$1,000,000 as to any one accident; coverage against liability due to property damage in the amount of \$500,000 as to each accident and \$500,000 aggregate; and coverage necessary to fully protect both it and GTE from all claims under any worker's compensation laws that may be applicable.
- 20.2 All insurance required of Licensee under this Agreement shall remain in force for the entire life of this Agreement. The company or companies issuing such insurance shall be approved by GTE and GTE shall be named as an additional insured in each such policy. Licensee shall submit to GTE certificates by each insurer to the effect that the insurer has insured Licensee for all potential liabilities of Licensee under this Agreement, and that it will not cancel or change any policy of insurance issued to Licensee except upon thirty (30) days notice to GTE. In the event Licensee's insurance coverage is to be canceled by reason of non-payment of premiums due, GTE shall have the option of paying any amount due and Licensee shall forthwith reimburse GTE the full amount paid by GTE.
- 20.3 Licensee shall promptly advise GTE in writing of any and all claims for damages, including, but not limited to, damage to property or injury to or death of persons, allegedly arising out of or in any manner related, directly or indirectly, to the presence or use of Licensee's Attachments.
- 20.4 Licensee shall furnish bond or satisfactory evidence of contractual insurance coverage, the terms of which shall be subject to GTE's approval, in the amount of ten thousand dollars (\$10,000) to guarantee the payment of any sums which may become due to GTE for rentals, inspections or for work performed by GTE for the benefit of Licensee under this Agreement, including the removal of Licensee's equipment pursuant to any of the provisions hereof. All bonds must

specify that GTE be notified thirty (30) days prior to the expiration or cancellation of the policy.

21. Emergency Restoration Procedures.

In the event of an emergency, restoration procedures may be affected by the presence of Licensee's Attachments. While GTE shall not be responsible for the repair of Licensee's Attachments that are damaged (except by mutual written agreement), GTE shall nonetheless control access to its poles if the restoration is to be achieved in an orderly fashion.

21.1 Where GTE and Licensee are involved in emergency restorations, access to GTE's poles will be controlled by GTE's Maintenance District Manager or his/her on-site representative according to the following guidelines:

21.1.1 Service Disruptions/Outages

- (a) In the event of service disruptions and/or outages, while exercising its right to first access, GTE shall make all reasonable efforts to grant access to as many other entities with Attachments as is reasonably safe.**
- (b) Where simultaneous access is not possible, access will be granted by GTE on a first come, first served basis.**

21.1.2 Service Affecting Emergencies

- (a) In the event of service affecting emergencies not resulting in service disruptions or outages, while exercising its right to first access, GTE shall make all reasonable efforts to grant access to as many other entities with Attachments as is reasonably safe.**
- (b) Where GTE is unable to grant simultaneous access to all other entities with Attachments, access will be granted according to the level of damage to the Attachments of each entity and the likelihood that a given level of damage will result in service disruption. Where the likelihood that a service disruption will result is not clearly discernible, access will be on a first come, first served basis.**

21.2 Without limiting any other indemnification or hold harmless provisions of this Agreement, Licensee agrees that any decision by GTE regarding access to Attachments, or any action or failure to act by GTE, under this Section 21 shall not constitute a basis for any claim by Licensee against GTE for any damage

to Licensee's Attachments or disruption of Licensee's services, or any other direct or indirect damages of any kind whatsoever incurred by Licensee.

22. Damage Suspected to Licensee's Facilities Only.

22.1 In the event Licensee receives information that Licensee's Attachments are damaged, Licensee shall notify GTE of said damage at a number to be provided later by GTE. This is a 24-hour, 7 days per week notification number. Licensee shall provide GTE all information known to it regarding the damage to Licensee's Attachments.

22.2 In the event GTE receives notice that Licensee's Facilities are damaged, GTE will notify Licensee of said damage by telephone at the Licensee's emergency telephone number. GTE shall provide Licensee all information known to it regarding the damage to Licensee's Attachments.

22.3 After the giving of such notice by either Licensee or GTE, Licensee shall be authorized to perform emergency restoration maintenance activities in connection with Licensee's Attachments, subject to the provisions of this Agreement.

22.4 Without limiting any other indemnification or hold harmless provisions of this Agreement, Licensee agrees that any decision by GTE regarding access to Licensee's Attachments, or any action or failure to act by GTE, appropriately or inappropriately, under this Section shall not be the basis for any claim by Licensee against GTE for any damage to Licensee's Attachments or disruption of Licensee's services, or any other direct or indirect damages of any kind whatsoever incurred by Licensee and Licensee shall indemnify and hold GTE harmless from any such claim.

23. Abandonment.

Nothing in this Agreement shall prevent or be construed to prevent GTE from abandoning, selling, assigning or otherwise disposing of any poles or other GTE property used for Licensee's Attachments; provided, however, that GTE shall condition any such sale, assignment or other disposition subject to the rights granted to Licensee pursuant to this Agreement. GTE shall promptly notify Licensee of any proposed sale, assignment or other disposition of any poles or other GTE property used for Licensee's Attachments.

24. Notices.

Any written notice to be given to a party to this Agreement shall be in writing and given or made by means of telegram, facsimile transmission, certified or registered mail, express mail or other overnight delivery service, or hand

delivery, proper postage or other charges prepaid, and addressed or directed to the respective parties as follows:

To Licensee:

To GTE:

Any notice given by personal delivery shall be deemed to have been given on the day of actual delivery and, if given by registered or certified mail, return receipt requested, on the date of receipt thereof and, if given by facsimile transmission, on the day of transmittal thereof if given during the normal business hours of the recipient and on the next business day if not given during normal business hours.

25. Non-Waiver of Terms and Conditions.

No course of dealing, course of performance or failure to enforce any of term, right, condition or other provision of this Agreement shall constitute or be construed as a waiver of any term, right or condition or other provision of this Agreement.

26. Dispute Resolution.

26.1 Except in the case of (i) a suit, action or proceeding by GTE to compel Licensee to comply with its obligations to indemnify GTE pursuant to this Agreement or (ii) a suit, action or proceeding to compel either party to comply with the dispute resolution procedures set forth in this section, the parties agree to use the following procedure to resolve any dispute, controversy or claim arising out of or relating to this Agreement or its breach.

26.2 Negotiations. At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The Parties intend that these negotiations be conducted by business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations or recourse to the Commission or FCC as provided in Section 26.6 below. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from

discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.

- 26.3 **Arbitration.** If the negotiations do not resolve the dispute within sixty (60) Business Days of the initial written request, or such other time frame as mutually agreed to by the Parties, the Parties may mutually agree to commence an arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association except that the Parties may select an arbitrator outside American Arbitration Association rules upon mutual agreement. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each Party may submit in writing to a Party, and that Party shall so respond to, a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each Party is also entitled to take the oral deposition of one individual of another Party. Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within sixty (60) Business Days of the demand for arbitration. The arbitration shall be held in a mutually agreeable city. The arbitrator shall control the scheduling so as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) Business Days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.
- 26.4 **Expedited Arbitration Procedures.** If the issue to be resolved through the negotiations referenced in Section 13.2 directly and materially affects service to either Party's end user customers, then the period of resolution of the dispute through negotiations before the dispute is to be submitted to binding arbitration shall be five (5) Business Days. Once such a service affecting dispute is submitted to arbitration, the arbitration shall be conducted pursuant to the expedited procedures rules of the Commercial Arbitration Rules of the American Arbitration Association (i.e., rules 53 through 57).
- 26.5 **Costs.** Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.

26.6 **Rights to Commission Review.** Notwithstanding any of the foregoing, neither Party waives the right to file a complaint, or otherwise seek enforcement of this Agreement with the Commission or the FCC as to the regulated public service obligations. The Parties further acknowledge that nothing in this Agreement limits or expands the authority or jurisdiction of the Commission regarding telecommunications matters within the State of Florida.

26.7 **Continuous Service.** The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their obligations (including making payments in accordance with Section 11 of the Agreement) in accordance with this Agreement.

27. **Compliance With Laws.**

Notwithstanding anything to the contrary in this Agreement, each party shall ensure that any and all activities it undertakes pursuant to this Agreement shall comply with all applicable laws, including, without limitation, all applicable provisions of (i) workers' compensation laws, (ii) unemployment compensation laws, (iii) the Federal Social Security Law, (iv) the Fair Labor Standards Act, and (v) all laws, regulations, rules, guidelines, policies, orders, permits and approvals of any governmental authority relating to environmental matters and/or occupational safety.

28. **Force Majeure.**

Neither party shall have any liability for its delays or its failure in performance due to fire, flood, explosion, pest damage, power failures, strikes or labor disputes, acts of God, the Elements, war, civil disturbances, acts of civil or military authorities or the public enemy, inability to secure raw materials, transportation facilities, fuel or energy shortages, or other cause beyond its control.

29. **Assignment.**

29.1 The rights and obligations of Licensee under this Agreement shall not be assigned, transferred or sub-licensed, in whole or in part, without the prior written consent of GTE. An assignment, transfer or sub-license of this Agreement by Licensee shall not relieve Licensee of its obligations under this Agreement. Any assignment attempted without the prior written consent of GTE shall be void.

29.2 GTE shall have the right to assign this Agreement and to assign its rights and delegate its obligations and liabilities under this Agreement, either in whole or in part. GTE shall provide notice to Licensee of any assignment which shall

state the effective date thereof. Upon the effective date and to the extent of the assignment, GTE shall be released and discharged from all obligations and liabilities under this Agreement.

29.3 Neither this Agreement nor any term or provision hereof, nor any inclusion by reference shall be construed as being for the benefit of any person or entity not a signatory hereto.

29.4 This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

30. Applicable Law.

This Agreement, and the rights and obligations contained in it, shall be governed and construed under the laws of the State of Florida without regard to its conflicts of laws provisions.

31. Subsequent Law.

The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, regulations, guidelines, orders, or tariffs that are currently in force or that may be prescribed by any federal, state or local governmental authority. The parties agree to modify, in writing, the affected term(s) and condition(s) of this Agreement to bring them into compliance with such law, rule, regulation, guideline, order, or tariff. Should any term of this Agreement be determined by a court or other entity with competent jurisdiction to be unenforceable, all other terms of this Agreement shall remain in full force and effect.

32. Headings.

All headings contained in this Agreement are for convenience only and are not intended to affect the meaning or interpretation of any part of this Agreement.

33. Entire Agreement.

The terms and conditions of this Agreement supersede all prior oral or written understandings between the parties and constitute the entire agreement between them concerning the subject matter of this Agreement. There are no understandings or representations, express or implied, not expressly set forth in this Agreement. This Agreement shall not be modified or amended except by a writing signed by the party to be charged.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement through their authorized representatives.

**APPENDIX I
CONDUIT OCCUPANCY AGREEMENT**

The Conduit Occupancy Agreement is not being executed by the Parties at this time. It may, however, be executed at a later time if needed.

At the time the Conduit Occupancy Agreement is executed this sheet will be removed.

APPENDIX J CONDUIT OCCUPANCY AGREEMENT

1. Parties.

This agreement (Agreement) is between GTE _____ INCORPORATED, a State of _____ corporation having its principal office at _____ ("GTE"), and _____, a corporation of the State of _____, having its principal office at _____ ("Licensee").

2. Definitions.

- 2.1 "GTE's conduit(s)" or "GTE conduit(s)" means any reinforced passage or opening in, on, under/over or through the ground capable of containing communications facilities.
- 2.2 "Telecommunications Services" means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.
- 2.3 "Cable Television Services" means the transmission to subscribers of off-the-air pickup of broadcast signals or the transmission, without separate charge, of locally originated closed circuit television to the subscribers of off-the-air service.
- 2.4 "Conduit" or "Duct" means a single enclosed raceway used to house Innerduct.
- 2.5 "Innerduct," unless otherwise specified or approved by GTE, shall mean a single enclosed raceway 1" or 1-1/4" in diameter, placed within duct and used for housing communications facilities.
- 2.6 "Facilities" means all facilities, including, but not limited to, cables, equipment and associated hardware, owned and utilized by the Licensee which occupy an Innerduct.
- 2.7 "Make-Ready Work" means all work, including, but not limited to, rearrangement, removal, or transfer of existing facilities, placement, repair, or replacement of duct or Innerduct, or any other changes required to accommodate the Licensee's Facilities in a conduit.
- 2.8 "Manholes" and "handholes" mean subsurface enclosures which personnel may enter and use for the purpose of installing, operating and maintaining communications facilities.

2.9 **"Hazardous Materials"** means (i) any substance, material or waste now or hereafter defined or characterized as hazardous, extremely hazardous, toxic or dangerous within the meaning of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, or any similar law, ordinance, statute, rule or regulation of any governmental body or authority, (ii) any substance, material or waste now or hereafter classified as a contaminant or pollutant under any law, ordinance, statute, rule or regulation of any governmental body or authority or (iii) any other substance, material or waste, the manufacture, processing, distribution, use, treatment, storage, placement, disposal, removal or transportation of which is now or hereafter subject to regulation under any law, ordinance, statute, rule or regulation of any governmental body or authority.

2.10 **"Occupancy Fee"** means the fee paid by Licensee to GTE per linear foot for each Innerduct occupied by Licensee's Facilities in GTE's Conduit(s).

3. **Purpose.**

Licensee represents to GTE that Licensee has a need to occupy, place and maintain communications facilities within GTE's conduit(s) for the purpose of providing Telecommunications Service. GTE agrees to permit Licensee to occupy, place and maintain communications facilities within GTE's conduit(s) as GTE may allow pursuant to the terms of this Agreement.

4. **Grant of License.**

GTE grants to Licensee and Licensee accepts from GTE a non-exclusive revocable license to occupy, place and maintain in a designated space in specified GTE conduits Licensee's Facilities on the terms and conditions set forth herein. Licensee shall have no further right, title, or other interest in connection with GTE's conduit(s). GTE shall have the right to grant, renew or extend privileges to others not parties to this Agreement to occupy, place and maintain facilities in or otherwise use any or all of GTE's conduit(s). Nothing herein is intended to, nor should it be construed to require GTE to construct or modify any facilities not needed for its own service requirements. GTE grants this license in reliance on the representation of Licensee that Licensee intends to provide Telecommunications Service with Licensee's Facilities covered by this Agreement.

5. **Term.**

This Agreement shall continue in effect until terminated in accordance with the provisions provided herein.

6. Conduit Occupancy Requests.

- 6.1** Upon execution of this Agreement, Licensee shall have the right to submit a written Conduit Occupancy Request ("COR") to GTE specifying the GTE conduits in which it desires to place its Facilities. Each COR shall be in a form specified by GTE, which form may be revised from time to time by GTE. CORs received by GTE shall be processed on a first come, first served basis. GTE will determine the availability of space for Licensee's Facilities in the GTE conduit(s) specified in the COR within thirty (30) Business Days of its submission. Upon approval of the COR, GTE shall return a copy thereof to Licensee bearing an endorsement acknowledging GTE's authorization. All of Licensee's Facilities placed in GTE's conduit(s) pursuant to an approved COR shall become subject to all of the terms and conditions of this Agreement. Licensee may submit subsequent CORs for approval by GTE as needed. All of Licensee's Facilities shall be placed in Innerduct unless otherwise approved by GTE. No facilities of any kind shall be placed in any GTE conduit(s) identified in a COR until that COR has been approved by GTE.
- 6.2** Licensee shall pay GTE a fee for processing a COR to compensate GTE for the general administrative costs as well as the actual engineering costs reasonably incurred. The fee for engineering costs shall be computed by multiplying the fully loaded hourly rate for an engineer times the number of hours reasonably required by each engineer to inspect the GTE conduits included in the COR. GTE will charge its then current rates for administrative and engineering costs, as may be changed from time to time by GTE to remain consistent with prevailing costs.
- 6.3** Upon receiving an approved COR, Licensee shall have the right, subject to the terms of this Agreement, to place and maintain Licensee's Facilities described in the COR in the innerducts of the GTE conduit(s) identified therein.
- 6.4** In the event Make-Ready Work is necessary to accommodate Licensee's Facilities, GTE shall notify Licensee of such fact and provide Licensee with an estimate of the total cost of such Make-Ready Work. Within fifteen (15) days after receiving such notice from GTE, Licensee shall notify GTE either (1) that Licensee shall pay all of the costs actually incurred to perform the Make-Ready Work and shall pay the total estimated amount to GTE at least ten (10) days prior to the date the Make-Ready Work is to begin or (2) that it desires to cancel its COR.
- 6.5** Nothing herein shall confer any right upon Licensee to place power cables or related power equipment in GTE conduit(s) or Manholes. Licensee shall place equipment of this nature in its own pull boxes outside of GTE's Conduit(s) or Manholes. Cable connectors or splicing devices shall not be used by Licensee in GTE's conduit(s) or innerducts.

7. Availability of Conduit Maps.

Existing conduit maps will be made available for viewing by Licensee for the purpose of pre-order planning at the GTE area engineering offices during normal business hours, subject to reasonable advance notification. While a formal written request will not be required in connection with the first request by Licensee to view conduit maps, GTE reserves the right to refuse any subsequent viewing request or require written justification for the request if Licensee has demonstrated that it does not have a good faith intention to submit a COR. If the availability of specific point-to-point conduits can be determined at the time of viewing conduit maps, maps reflecting such point-to-point conduits may be made available for copying. Licensee shall pay to GTE a fee for making such copies available sufficient to cover the general administrative costs incurred. IN MAKING CONDUIT MAPS AVAILABLE, GTE WILL BE MAKING NO EXPRESS OR IMPLIED WARRANTY REGARDING THEIR ACCURACY OTHER THAN THAT THEY ARE THE SAME CONDUIT MAPS USED BY GTE IN ITS DAY-TO-DAY OPERATIONS.

8. Availability of Information Regarding Space In Conduits.

GTE will provide information regarding the availability of conduit space within thirty (30) Business Days of a written request by Licensee. Because GTE will endeavor to determine available space as quickly as possible, a shorter interval may be experienced for requests of a limited scope where physical field verification is not necessary. In the event the thirty (30) Business Day time frame cannot be met, GTE shall so advise Licensee and shall seek a mutually satisfactory alternative response date. No representation regarding the availability of space shall be made in the absence of a physical field verification.

9. Authority to Place Licensee's Facilities.

9.1 Before Licensee places any of Licensee's Facilities in GTE's conduit(s) pursuant to an approved COR, Licensee, upon request, shall submit sufficient evidence to GTE of its authority to maintain the Facilities to be placed in GTE's conduit(s) within the public streets, highways and other thoroughfares or on private property. Licensee shall be solely responsible for obtaining all licenses, authorizations, permits and consents from federal, state and municipal authorities or private property owners that may be required to place and maintain Licensee's Facilities in GTE's conduit(s).

9.2 GTE shall not attempt to prevent or delay the granting of any rights-of-way, easements, licenses, authorizations, permits and consents from any federal,

state or municipal authorities, or private property owners that may be required by Licensee to place Licensee's Facilities in GTE's conduit(s).

9.3 If any right-of-way, easement, license, authorization, permit or consent obtained by Licensee is subsequently revoked or denied for any reason, Licensee's permission to occupy GTE's conduit(s) shall terminate immediately and Licensee shall promptly remove Licensee's Facilities. Should Licensee fail to remove Licensee's Facilities within thirty (30) days of receiving notice to do so from GTE, GTE shall have the option to remove Licensee's Facilities and store them in a public warehouse or elsewhere at the expense of and for the account of Licensee without GTE being deemed guilty of trespass or conversion, and without GTE becoming liable for any loss or damages to Licensee occasioned thereby. All costs incurred by GTE to remove Licensee's Facilities shall be reimbursed to GTE by Licensee upon demand.

9.4 Upon notice from GTE to Licensee that the cessation of the use of any portion of GTE's conduit(s) has been ordered or directed by any federal, state or municipal authority, or private property owner, Licensee's permission to occupy such GTE conduit(s) shall terminate immediately and Licensee promptly shall remove Licensee's Facilities. Should Licensee fail to remove Licensee's Facilities within thirty (30) days of receiving notice to do so from GTE, GTE shall have the option to remove Licensee's Facilities and store them in a public warehouse or elsewhere at the expense of and for the account of Licensee without GTE being deemed guilty of trespass or conversion, and without GTE becoming liable for any loss or damages to Licensee occasioned thereby. All costs incurred by GTE to remove Licensee's Facilities shall be reimbursed to GTE by Licensee upon demand by GTE.

10. Placement of Licensee's Facilities.

10.1 Licensee shall, at its sole expense, place and maintain Licensee's Facilities in GTE's conduit(s) in accordance with (i) such requirements and specifications as GTE shall from time to time prescribe in writing, (ii) all rules or orders now in effect or that hereafter may be issued by any regulatory agency or other authority having jurisdiction, and (iii) all currently applicable requirements and specifications of the National Electrical Safety Code, and the applicable rules and regulations of the Occupational Safety And Health Act. Licensee agrees to comply, at its sole risk and expense, with all specifications, as may be revised from time to time by GTE.

10.2 Licensee's Facilities shall be tagged at each manhole so as to identify Licensee as the owner of the Facilities. The tags shall be of sufficient size and lettering so as to be easily read.

11 Failure of Licensee to Occupy Conduit Space.

Upon approval of a COR, Licensee shall have sixty (60) days in which to begin the placement of Licensee's Facilities in the GTE conduit(s) covered by the COR. If Licensee has not begun placing its Facilities within that sixty (60) day period, Licensee shall so advise GTE with a written explanation for the delay. If Licensee fails to advise GTE of its delay, with a written explanation therefor, or if Licensee fails to act in good faith by not making a bona fide effort to begin placing its Facilities within the sixty (60) days prescribed by this Section, the previously approved COR shall be deemed rescinded by GTE and Licensee shall have no further right to place Licensee's Facilities pursuant to that COR.

12. Occupancy Fees.

- 12.1 Licensee shall pay to GTE an Occupancy Fee, as specified in Exhibit ___ hereto, for each linear foot of Innerduct occupied by Licensee's Facilities in GTE's conduit(s). If Licensee's Facilities occupy more than one Innerduct, a separate Occupancy Fee shall be paid by Licensee for each Innerduct occupied. The Occupancy Fee specified in Exhibit ___ hereto is the fee applicable to 1" or 1-1/4" diameter Innerduct. GTE reserves the right to charge a higher fee for Innerduct of greater diameter. The Occupancy Fee may be increased by GTE from time to time as permitted by law upon sixty (60) days written notice to Licensee.
- 12.2 Occupancy Fees shall become due and payable on the date a COR is approved by GTE for all GTE innerducts identified in that COR on a pro rata basis until the end of the calendar year and thereafter on an annual basis within thirty (30) days of the receipt of a statement from GTE specifying the fees to be paid. Any payment after thirty (30) days shall bear interest at the rate of eighteen percent (18%) per annum or the maximum rate allowed by law, whichever is less.
- 12.3 GTE shall maintain an inventory of the total linear footage of Innerduct occupied by Licensee's Facilities in GTE's conduit(s) based upon the cumulative linear footage per Innerduct from all CORs approved by GTE. GTE may, at its option, conduct a physical inventory of Licensee's Facilities for purposes of determining the Occupancy Fees to be paid by Licensee under this section. It shall be Licensee's sole responsibility to notify GTE of any and all removals of Licensee's Facilities from GTE's conduit(s). Written notice of such removals (unless they are covered by Section 17 of this Agreement) shall be provided to GTE at least thirty (30) days prior to the removal. Each Notice of Removal shall be in a form specified by GTE. Licensee shall remain liable for all Occupancy Fees until Licensee's Facilities have been physically removed from GTE's conduits.

13. Modifications, Additions or Replacements of Licensee's Facilities.

- 13.1** Licensee shall not modify, add to or replace Licensee's Facilities in any GTE conduit(s) without first notifying GTE in writing of the intended modification, addition or replacement at least thirty (30) days prior to the date the activity is scheduled to begin. The required notification shall include: (1) the date the activity is scheduled to begin, (2) a description of the planned modification, addition or replacement, (3) a representation that the modification, addition or replacement will not require any space other than the space previously designated for Licensee's Facilities, and (4) a representation that the modification, addition or replacement will not impair the structural integrity of the GTE conduit(s) involved.
- 13.2** Should GTE determine that the modification, addition or replacement specified by Licensee in its notice will require more space than that allocated to Licensee or will require any modification, replacement or reinforcement of the GTE conduit(s) involved in order to accommodate Licensee's modification, addition or replacement, GTE will so notify Licensee, whereupon Licensee shall be required to submit a COR in compliance with this Agreement in order to obtain authorization for the modification, addition or replacement of Licensee's Facilities.
- 13.3** Access to GTE's conduit(s) for repairs, modifications, additions, or replacements required in emergency situations shall be governed by the provisions of Section 20 of this Agreement.

14. Unauthorized Occupancy of GTE Conduit.

- 14.1** It is agreed that a charge equal to five (5) times the amount of the then current Occupancy Fee shall be paid by Licensee to GTE for each unauthorized occupancy of GTE's conduit(s) by Licensee. Such payment shall be deemed liquidated damages and not a penalty. Licensee also shall pay GTE an Occupancy Fee for each unauthorized occupancy accruing from the date the unauthorized occupancy first began. In the event that the date the unauthorized occupancy first began cannot be determined, such date shall be deemed the date of the last physical inventory made in accordance with this Agreement or, if no physical inventory has been conducted, the date the first COR from Licensee was approved in accordance with this Agreement. Licensee also shall pay to GTE all costs incurred by GTE to rearrange Licensee's Facilities that are unauthorized if such rearrangement is required to safeguard GTE's facilities or to accommodate the facilities of another party whose facilities would not have required a rearrangement but for the presence of Licensee's unauthorized facilities. Licensee also shall pay to GTE all costs incurred by GTE to reinforce, replace or modify any GTE conduit(s), which reinforcement, replacement or modification is required as a result of the

unauthorized occupancy by Licensee. The Occupancy Fee referenced in this subsection 14.1 shall be determined in the same manner as such a fee would have been determined if the occupancy had been authorized by GTE.

14.2 For purposes of this section, an unauthorized occupancy shall include, but not be limited to:

14.2.1 The presence of Licensee's Facilities in any GTE conduit which conduit is not identified in any COR approved in accordance with this Agreement;

14.2.2 The presence of Licensee's Facilities in any GTE conduit that occupies more space than that allocated to Licensee by GTE;

14.2.3 Licensee's Facilities that are not placed in accordance with the provisions of this Agreement or the appropriate COR issued pursuant to this Agreement;

14.2.4 An addition or modification by Licensee to its pre-existing Facilities in any GTE conduit that impairs the structural integrity of that GTE conduit.

14.2.5 The presence of facilities in GTE's conduit(s) placed by Licensee that are owned or controlled by and for the use of a party other than Licensee.

15. Modification or Alteration GTE Conduits.

15.1 In the event GTE plans to modify or alter any GTE conduit(s) that house Licensee's Facilities, GTE shall provide Licensee notice of the proposed modification or alteration at least fourteen (14) days prior to the time the proposed modification or alteration is scheduled to take place. Should Licensee decide to modify or alter Licensee's Facilities in the GTE conduit(s) to be modified or altered by GTE, Licensee shall so notify GTE in writing. In such event, Licensee shall bear a proportionate share of the total costs incurred by GTE to make the GTE conduit(s) accessible. Licensee's proportionate share of the total cost shall be based on the ratio of the amount of new space occupied by Licensee to the total amount of new space occupied by all of the parties joining in the modification.

15.2 In the event GTE moves, replaces or changes the location, alignment or grade of GTE's conduit(s) ("relocation") for reasons beyond GTE's control, Licensee concurrently shall relocate Licensee's Facilities. Licensee shall be solely responsible for the costs of the relocation of Licensee's Facilities.

16. Disclaimer of Warranties.

EXCEPT AS SPECIFICALLY SET FORTH IN THIS AGREEMENT, GTE MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

17. Default and Remedies.

17.1 The occurrence of any one of the following shall be deemed a Material Default by Licensee under this Agreement:

- 17.1.1 Failure by Licensee to pay any fee or other sum required to be paid under the terms of this Agreement and such default continues for a period of five (5) days after written notice thereof to Licensee;**
- 17.1.2 Failure by Licensee to perform or observe any other term, condition, covenant, obligation or provision of this Agreement and such default continues for a period of thirty (30) days after written notice thereof from GTE (provided that if such default is not curable within such thirty (30) day period, the period will be extended if Licensee commences to cure such default within such thirty (30) day period and proceeds diligently thereafter to effect such cure);**
- 17.1.3 The filing of any tax or mechanic's lien against any GTE conduit(s) which is not bonded or discharged within thirty (30) days of the date Licensee receives notice that such lien has been filed;**
- 17.1.4 Licensee's voluntary or involuntary bankruptcy;**
- 17.1.5 Licensee's knowing use or maintenance of Licensee's Facilities in violation of any law or regulation, or in aid of any unlawful act or undertaking;**
- 17.1.6 If any authorization which may be required of the Licensee by any governmental or private authority for the placement, operation or maintenance of Licensee's Facilities is denied or revoked.**

17.2 In the event of a Material Default, GTE, without any further notice to the Licensee (except where expressly provided for below or required by applicable law) may do any one or more of the following:

- 17.2.1 Perform, on behalf and at the expense of Licensee, any obligation of Licensee under this Agreement which Licensee has failed to perform**

and of which GTE shall have given Licensee notice, the cost of which performance shall be paid by Licensee to GTE upon demand.

- 17.2.2 Terminate this Agreement by giving notice of such termination to Licensee and remove Licensee's Facilities and store them in a public warehouse or elsewhere at the expense of and for the account of Licensee without GTE being deemed guilty of trespass or conversion, and without GTE becoming liable for any loss or damages to Licensee occasioned thereby; or
- 17.2.3 Exercise any other legal or equitable right or remedy which GTE may have.
- 17.3 Any costs and expenses incurred by GTE (including, without limitation, reasonable attorneys' fees) in enforcing this Agreement shall be paid to GTE by Licensee upon demand.
- 17.4 Upon termination of this Agreement by GTE, Licensee shall remain liable to GTE for any and all fees, other payments and damages which may be due or sustained prior to such termination, all reasonable costs, fees and expenses, including, without limitation, reasonable attorneys' fees incurred by GTE in pursuit of its remedies hereunder, and additional liquidated damages which shall be an amount equal to one full year of Occupancy Fees.
- 17.5 All rights and remedies of GTE set forth in this Agreement shall be cumulative and none shall exclude any other right or remedy, now or hereafter allowed by or available under any statute, ordinance, rule of court, or the common law, either at law or in equity, or both.
- 18. Indemnification.
- 18.1 Licensee shall compensate GTE for the full actual loss, damage or destruction of GTE's property that in any way arises from or is related to this Agreement or activities undertaken pursuant to this Agreement (including, without limitation, the installation, construction, operation or maintenance of Licensee's Facilities).
- 18.2 Licensee will further indemnify, defend and hold harmless GTE and GTE's agents, officers, employees and assigns, from any and all losses, damages, costs, expenses (including, without limitation, reasonable attorneys' fees), statutory fines or penalties, actions or claims for personal injury (including death), damage to property, or other damage or financial loss of whatever nature in any way arising out of or connected with this Agreement or activities undertaken pursuant to this Agreement (including, without limitation, the installation, construction, operation or maintenance of Licensee's Facilities), except to the extent caused by the negligence or willful misconduct on the part

of GTE or GTE's agents, officers, employees and assigns. Licensee expressly assumes all liability for actions brought against GTE and GTE's agents, officers, employees and assigns, by Licensee's agents, officers or employees and Licensee expressly waives any immunity from the enforcement of this indemnification provision that might otherwise be provided by workers' compensation law or by other state or federal laws.

- 18.3 Without limiting any of the foregoing, Licensee assumes all risk of, and agrees to relieve GTE of any and all liability for, loss or damage (and the consequences of loss or damage) to any of Licensee's Facilities placed in any GTE conduit(s) and any other financial loss sustained by Licensee, whether caused by fire, extended coverage perils, or other casualty, except to the extent caused by the negligence or willful misconduct on the part of GTE or GTE's agents, officers, employees and assigns.
- 18.4 Without limiting the foregoing, Licensee expressly agrees to indemnify, defend and hold harmless GTE and GTE's agents, officers, employees and assigns from any and all claims asserted by customers of Licensee in any way arising out of or in connection with this Agreement or Licensee's Attachments, except to the extent caused by the negligence or willful misconduct on the part of GTE or GTE's agents, officers, employees and assigns.
- 18.5 Notwithstanding anything to the contrary in this Agreement, Licensee further shall indemnify and hold harmless GTE, its agents, officers, employees and assigns from and against any claims, liabilities, losses, damages, fines, penalties and costs (including, without limitation, reasonable attorneys' fees) whether foreseen or unforeseen, which the indemnified parties suffer or incur because of: (i) any discharge of Hazardous Waste resulting from acts or omissions of Licensee or the Licensee's predecessor in interest; (ii) acts or omissions of the Licensee, its agents, employees, contractors or representatives in connection with any cleanup required by law, or (iii) failure of Licensee to comply with Environmental, Safety and Health Laws.
- 18.6 In no event shall GTE be liable to Licensee for any special, consequential or indirect damages (including, without limitation, lost revenues and lost profits) arising out of this Agreement or any obligation arising hereunder, whether in an action for or arising out of breach of contract, tort or otherwise.
- 18.7 Licensee shall indemnify, protect and hold harmless GTE from and against any and all claims for libel and slander, copyright and/or patent infringement arising directly or indirectly by reason of installation of Licensee's equipment in GTE's Ducts pursuant to this Agreement.

19. Insurance.

- 19.1** Licensee shall carry insurance, at its sole cost and expense, sufficient to cover its indemnification obligations as set forth in Section 18 of this Agreement. Such insurance shall include, but not be limited to, coverage against liability due to personal injury or death of persons in the amount of \$500,000 as to any one person and \$1,000,000 as to any one accident; coverage against liability due to property damage in the amount of \$500,000 as to each accident and \$500,000 aggregate; and coverage necessary to fully protect both it and GTE from all claims under any worker's compensation laws that may be applicable.
- 19.2** All insurance required of Licensee under this Agreement shall remain in force for the entire life of this Agreement. The company or companies issuing such insurance shall be approved by GTE and GTE shall be named as an additional insured in each such policy. Licensee shall submit to GTE certificates by each insurer to the effect that the insurer has insured Licensee for all potential liabilities of Licensee under this Agreement, and that it will not cancel or change any policy of insurance issued to Licensee except upon thirty (30) days notice to GTE. In the event Licensee's insurance coverage is to be canceled by reason of non-payment of premiums due, GTE shall have the option of paying any amount due and Licensee shall forthwith reimburse GTE the full amount paid by GTE.
- 19.3** Licensee shall promptly advise GTE in writing of any and all claims for damages, including, but not limited to, damage to property or injury to or death of persons, allegedly arising out of or in any manner related, directly or indirectly, to the presence or use of Licensee's Facilities.
- 19.4** Licensee shall furnish bond or satisfactory evidence of contractual insurance coverage, the terms of which shall be subject to GTE's approval, in the amount of ten thousand dollars (\$10,000) to guarantee the payment of any sums which may become due to GTE for rentals, inspections or for work performed by GTE for the benefit of Licensee under this Agreement, including the removal of Licensee's equipment pursuant to any of the provisions hereof. All bonds must specify that the GTE be notified thirty (30) days prior to the expiration or cancellation of the policy.

20. Emergency Restoration Procedures.

In the event of an emergency, restoration procedures may be affected by the presence of Licensee's Facilities in GTE's conduit(s). While GTE shall not be responsible for the repair of Licensee's Facilities that are damaged (except by mutual written agreement), GTE shall nonetheless control access to its Conduits if the restoration is to be achieved in an orderly fashion.

- 20.1 Where GTE and Licensee are involved in emergency restorations, access to GTE's conduit(s) will be controlled by GTE's Maintenance District Manager or his/her on-site representative according to the following guidelines:

20.1.1 Service Disruptions/Outages

- (a) In the event of service disruptions and/or outages, while exercising its right to first access, GTE shall make all reasonable efforts to grant access to as many other entities with facilities in GTE's conduit(s) as is reasonably safe.
- (b) Where simultaneous access is not possible, access will be granted by GTE on a first come, first served basis.

20.1.2 Service Affecting Emergencies

- (a) In the event of service affecting emergencies not resulting in service disruptions or outages, while exercising its right to first access, GTE shall make all reasonable efforts to grant access to as many other entities with facilities in GTE's conduit(s) as is reasonably safe.
- (b) Where GTE is unable to grant simultaneous access to all other entities with facilities in GTE's conduit(s), access will be granted according to the level of damage to the facilities of each entity and the likelihood that a given level of damage will result in service disruption. Where the likelihood that a service disruption will result is not clearly discernible, access will be on a first come, first served basis.

- 20.2 Without limiting any other indemnification or hold harmless provisions of this Agreement, Licensee agrees that any decision by GTE regarding access to Licensee's Facilities, or any action or failure to act by GTE under this Section 20 shall not constitute a basis for any claim by Licensee against GTE for any damage to Licensee's Facilities or disruption of Licensee's services, or any other direct or indirect damages of any kind whatsoever incurred by Licensee.

21. Damage Suspected to Licensee's Facilities Only.

- 21.1 In the event Licensee receives information that Licensee's Facilities are damaged, Licensee shall notify GTE of said damage at [---TELEPHONE NUMBER---]. This is a 24-hour, 7 days per week notification number. Licensee shall provide GTE all information known to it regarding the damage to Licensee's Facilities.

- 21.2 In the event GTE receives notice that Licensee's Facilities are damaged, GTE will notify Licensee of said damage by telephone at the Licensee's emergency telephone number. GTE shall provide Licensee all information known to it regarding the damage to Licensee's Facilities.
- 21.3 After the giving of such notice by either Licensee or GTE, Licensee shall be authorized to perform emergency restoration maintenance activities in connection with Licensee's Facilities, subject to the provisions of this Agreement.
- 21.4 Without limiting any other indemnification or hold harmless provisions of this Agreement, Licensee agrees that any decision by GTE regarding access to Licensee's facilities, or any action or failure to act by GTE, appropriately or inappropriately, under this Section shall not be the basis for any claim by Licensee against GTE for any damage to Licensee's Facilities or disruption of Licensee's services, or any other direct or indirect damages of any kind whatsoever incurred by Licensee and Licensee shall indemnify and hold GTE harmless from any such claim.
22. Access to GTE's Manholes/Handholes.
- 22.1 GTE will allow Licensee to audit manholes/handholes that are included in any COR submitted to GTE to confirm usability. Licensee shall give GTE at least fourteen (14) days advance written notice of its desire to audit and shall obtain all authorizations from appropriate authorities required to open the manholes/handholes. GTE shall have the right to have a GTE employee or agent present when its manholes/handholes are being opened. Such GTE employee or agent shall have the authority to suspend Licensee's activities in and around GTE's manholes/handholes if, in the sole discretion of said employee or agent, any hazardous conditions arise or any unsafe practices are being followed by Licensee's employees, agents, or contractors. Licensee agrees to reimburse GTE the cost of having GTE's employee or agent present. Such charge shall be GTE's fully loaded labor rates then in effect.
- 22.2 For purposes other than to audit usability, GTE's manholes/handholes shall be opened only as permitted by GTE and only after Licensee has obtained all necessary authorizations from appropriate authorities to open manholes/handholes and conduct work operations therein. GTE shall have the right to have a GTE employee or agent present at any site at which its manholes/handholes are being opened. Such GTE employee or agent shall have the authority to suspend Licensee's work operations in and around GTE's manholes/handholes if, in the sole discretion of said employee or agent, any hazardous conditions arise or any unsafe practices are being followed by Licensee's employees, agents, or contractors. Licensee agrees to reimburse

GTE the cost of having GTE's employee or agent present. Such charge shall be GTE's fully loaded labor rates then in effect. The presence of GTE's authorized employee or agent shall not relieve Licensee of its responsibility to conduct all of its work operations in and around GTE's conduit(s) in a safe and workmanlike manner, in accordance with the terms of this Agreement.

23. Abandonment.

Nothing in this Agreement shall prevent or be construed to prevent GTE from abandoning, selling, assigning or otherwise disposing of any GTE conduit(s) or other GTE property used in connection with Licensee's Facilities; provided, however, that GTE shall condition any such sale, assignment or other disposition subject to the rights granted to Licensee pursuant to this Agreement. GTE shall promptly notify Licensee of any proposed sale, assignment or other disposition of any GTE conduit(s) or other GTE property used in connection with Licensee's Facilities.

24. Notices.

Any written notice to be given to a party to this Agreement shall be in writing and given or made by means of telegram, facsimile transmission, certified or registered mail, express mail or other overnight delivery service, or hand delivery, proper postage or other charges prepaid, and addressed or directed to the respective parties as follows:

To Licensee:

To GTE:

Any notice given by personal delivery shall be deemed to have been given on the day of actual delivery and, if given by registered or certified mail, return receipt requested, on the date of receipt thereof and, if given by facsimile transmission, on the day of transmittal thereof if given during the normal business hours of the recipient and on the next business day if not given during normal business hours.

25. Non-Waiver of Terms and Conditions.

No course of dealing, course of performance or failure to enforce any of term, right, condition or other provision of this Agreement shall constitute or be

construed as a waiver of any term, right or condition or other provision of this Agreement.

26. **Dispute Resolution.**

26.1 Except in the case of (i) a suit, action or proceeding by GTE to compel Licensee to comply with its obligations to indemnify GTE pursuant to this Agreement or (ii) a suit, action or proceeding to compel either party to comply with the dispute resolution procedures set forth in this section, the parties agree to use the following procedure to resolve any dispute, controversy or claim arising out of or relating to this Agreement or its breach.

26.2 **Negotiations.** At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The Parties intend that these negotiations be conducted by business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations or recourse to the Commission or FCC as provided in Section 26.6 below. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise discoverable, be discovered or otherwise admissible, be admitted in evidence, in the arbitration or lawsuit.

26.3 **Arbitration.** If the negotiations do not resolve the dispute within sixty (60) Business Days of the initial written request, or such other time frame as mutually agreed to by the Parties, the Parties may mutually agree to commence an arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association except that the Parties may select an arbitrator outside American Arbitration Association rules upon mutual agreement. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each Party may submit in writing to a Party, and that Party shall so respond to, a maximum of any combination of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each Party is also entitled to take the oral deposition of one individual of another Party. Additional discovery may be permitted upon mutual agreement of the Parties. The arbitration hearing shall be commenced within sixty (60) Business Days of the demand for arbitration. The arbitration shall be held in a mutually agreeable city. The arbitrator shall control the scheduling so

as to process the matter expeditiously. The Parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) Business Days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

- 26.4 Expedited Arbitration Procedures. If the issue to be resolved through the negotiations referenced in Section 13.2 directly and materially affects service to either Party's end user customers, then the period of resolution of the dispute through negotiations before the dispute is to be submitted to binding arbitration shall be five (5) Business Days. Once such a service affecting dispute is submitted to arbitration, the arbitration shall be conducted pursuant to the expedited procedures rules of the Commercial Arbitration Rules of the American Arbitration Association (i.e., rules 53 through 57).
- 26.5 Costs. Each Party shall bear its own costs of these procedures. A Party seeking discovery shall reimburse the responding Party the costs of production of documents (including search time and reproduction costs). The Parties shall equally split the fees of the arbitration and the arbitrator.
- 26.6 Rights to Commission Review. Notwithstanding any of the foregoing, neither Party waives the right to file a complaint, or otherwise seek enforcement of this Agreement with the Commission or the FCC as to the regulated public service obligations. The Parties further acknowledge that nothing in this Agreement limits or expands the authority or jurisdiction of the Commission regarding telecommunications matters within the State of Florida.
- 26.7 Continuous Service. The Parties shall continue providing services to each other during the pendency of any dispute resolution procedure, and the Parties shall continue to perform their obligations (including making payments in accordance with Article IV, Section 4) in accordance with this Agreement.
27. Compliance With Laws.

Notwithstanding anything to the contrary in this Agreement, Licensee shall ensure that any and all activities it undertakes pursuant to this Agreement shall comply with all applicable laws, including, without limitation, all applicable provisions of (i) workers' compensation laws, (ii) unemployment compensation laws, (iii) the Federal Social Security Law, (iv) the Fair Labor Standards Act, and (v) all laws, regulations, rules, guidelines, policies, orders, permits and approvals of any governmental authority relating to environmental matters and/or occupational safety.

28. Force Majeure.

Except for payment of the Occupancy Fees and other amounts payable under this Agreement, neither party shall have any liability for its delays or its failure in performance due to fire, flood, explosion, pest damage, power failures, strikes or labor disputes, acts of God, the Elements, war, civil disturbances, acts of civil or military authorities or the public enemy, inability to secure raw materials, transportation facilities, fuel or energy shortages, or other cause beyond its control.

29. Assignment.

29.1 The rights and obligations of Licensee under this Agreement shall not be assigned, transferred or sub-licensed, in whole or in part, without the prior written consent of GTE. An assignment, transfer or sub-license of this Agreement by Licensee shall not relieve Licensee of its obligations under this Agreement. Any assignment attempted without the prior written consent of GTE shall be void.

29.2 GTE shall have the right to assign this Agreement and to assign its rights and delegate its obligations and liabilities under this Agreement, either in whole or in part. GTE shall provide notice to Licensee of any assignment which shall state the effective date thereof. Upon the effective date and to the extent of the assignment, GTE shall be released and discharged from all obligations and liabilities under this Agreement.

29.3 Neither this Agreement nor any term or provision hereof, nor any inclusion by reference shall be construed as being for the benefit of any person or entity not a signatory hereto.

29.4 This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

30. Applicable Law.

This Agreement, and the rights and obligations contained in it, shall be governed and construed under the laws of the State of _____ without regard to its conflicts of laws provisions.

31. Subsequent Law.

The terms and conditions of this Agreement shall be subject to any and all applicable laws, rules, regulations or guidelines that subsequently may be prescribed by any federal, state or local governmental authority. To the extent required by any such subsequently prescribed law, rule, regulation or guideline.

the parties agree to modify, in writing, the affected term(s) and condition(s) of this Agreement to bring them into compliance with such law, rule, regulation or guideline. Should any term of this Agreement be determined by a court or other entity with competent jurisdiction to be unenforceable, all other terms of this Agreement shall remain in full force and effect.

32. Headings.

All headings contained in this Agreement are for convenience only and are not intended to affect the meaning or interpretation of any part of this Agreement

33. Entire Agreement.

The terms and conditions of this Agreement supersede all prior oral or written understandings between the parties and constitute the entire agreement between them concerning the subject matter of this Agreement. There are no understandings or representations, express or implied, not expressly set forth in this Agreement. This Agreement shall not be modified or amended except by a writing signed by the party to be charged.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement through their authorized representatives.

**APPENDIX K
RECIPROCAL COMPENSATION FOR CALL TERMINATION**

1. This document describes the reciprocal compensation arrangements between Teligent and GTE for Local Tariff, Toll and Switched Access Services. The Parties shall compensate each other for transport and termination of such traffic at the rates provided in Appendix C and/or the appropriate Parties' Switched Access Tariff.
2. Compensation for Call Termination
 - A. Reciprocal compensation does not apply in a resale environment.
 - B. The following compensation terms shall apply in all cases where Teligent purchases GTE's unbundled Local Switching:
 1. For local intra-switch calls between lines connected to GTE's switch where Teligent has purchased GTE's unbundled Local Switching, the Parties agree to impose no call termination charges on each other. GTE's Local Switching charge will apply as described below where the call is:
 - (a) Originated by Teligent's customer and completed to a GTE customer:
 - (1) (For use of the local switch): Local Switching charge at the originating office will apply to Teligent.
 - (b) Originated by Teligent's customer and completed to the customer of a third party LEC (not affiliated with Teligent) using GTE's unbundled Local Switching:
 - (1) (For use of the local switch): Local Switching charge at the originating office will apply to Teligent.
 - (c) Originated by Teligent's customer and completed to another Teligent's customer using GTE's unbundled Local Switching.
 - (1) (For use of the local switch): Local Switching charge at the originating office will apply to Teligent.
 - (d) Originated by a GTE customer and terminated to Teligent's customer using GTE's unbundled Local Switching.

(1) No Local Switching charge will apply.

- (e) Originated by the customer of a third party LEC (not affiliated with Teligent) using GTE's unbundled Local Switching and terminated to Teligent's customers using GTE's unbundled Local Switching.

(1) No Local Switching charge will apply to Teligent.

2. For Local inner-switch calls where Teligent has purchased GTE's unbundled Local Switching.

GTE's charges will apply to Teligent described below where the call is:

- (a) Originated from Teligent's end-user customer using GTE's unbundled Local Switching and completed to a GTE customer.
- (1) (For use of the local switch): Local Switching charge at the originating office.
- (2) A mileage-based transport charge will apply when Teligent uses GTE's transport.
- (3) (For call termination): Charges for local interconnection/call termination, when applicable.
- (b) Originated from Teligent's customer using GTE's unbundled Local Switching and completed to a third party LEC (not affiliated with Teligent) customer using GTE's unbundled Local Switching.
- (1) (For use of the local switch): Local Switching charge at the originating office.
- (2) A mileage-based transport charge will apply when Teligent uses GTE's transport.
- (c) Originated from Teligent's customer using GTE's unbundled Local Switching and completed to the interconnected network of a third party LEC (not affiliated with Teligent).
- (1) (For use of the local switch): Local Switching charge at the originating office.

(2) A mileage-based transport charge will apply when Teligent uses GTE's transport, and mileage shall be measured between the originating office and the IP of the third party's network.

(d) Originated from Teligent's customer using GTE's unbundled Local Switching and completed to Teligent's customer using GTE's unbundled Local Switching.

(1) (For use of the local switch): Local Switching charge at the originating office.

(2) A mileage-based transport charge will apply when Teligent uses GTE's transport.

(3) (For use of the local switch): Local Switching charge at the terminating office.

(d) Originated by a GTE customer and terminated to Teligent's customer using GTE's unbundled Local Switching.

(1) (For use at local switch): Local Switching Charge at the terminating office.

(2) (For call termination): Teligent shall charge GTE for local interconnection/call termination, when applicable.

(f) Originated by a customer of a third-party LEC (not affiliated with Teligent) using GTE's unbundled Local Switching and terminated to Teligent's customer using GTE's unbundled Local Switching.

(1) (For use of the local switch): Local Switching charge at the terminating office.

(g) Originated by a customer of the interconnected network of a third-party LEC (not affiliated with Teligent) and terminated to Teligent's customer using GTE's unbundled Local Switching.

(1) (For use of the local switch): Local Switching charge at the terminating office.

3. For intraLATA toll calls where Teligent has purchased GTE's unbundled Local Switching, charges per Unbundled Network Element pricing shall apply as follows:

- (a) Originated by Teligent's customer and completed to a GTE customer.
 - (1) (For use of the local switch): Local Switching charge plus RIC and CCLC (Residual Interconnection Charge) at the originating office.
 - (2) Shared transport charge between the two offices will apply when Teligent uses GTE's transport.
 - (3) (For call termination): End Office Switching charge at the terminating office (Switched Access Rate).
 - (4) RIC and CCLC at the terminating office.
- (b) Originated by Teligent's customer and completed to the customer of a third-party LEC (not affiliated with Teligent) using GTE's unbundled Local Switching in a distant end office.
 - (1) (For use of the local switch): Local Switching charge plus RIC and CCLC at the originating office.
 - (2) Shared transport charge between the two offices will apply when Teligent uses GTE's transport.
- (c) Originated by Teligent customer and completed to the network of a third-party LEC (not affiliated with Teligent) interconnected with GTE's network.
 - (1) (For use of the local switch): Local Switching charge, plus RIC and CCLC, at the originating office.
 - (2) Common transport charge will apply when Teligent uses GTE's transport, and mileage shall be measured between the originating office and the IP of the third party's network.
 - (3) Tandem Switching, where applicable.
- (d) Originated by Teligent's customer and completed by another of Teligent's customers being served through GTE's unbundled Local Switching in a distant office.
 - (1) (For use of the local switch): Local Switching charge plus RIC and CCLC at the originating office.
 - (2) Shared transport charge between the two offices will apply when Teligent uses GTE's transport.

- (3) **(For use of the local switch): Local Switching charge plus RIC and CCLC at the terminating office.**
- (e) **Originated by a GTE customer and terminated to Teligent's customer using GTE's unbundled Local Switching.**
 - (1) **(For use of the local switch): Local Switching charge plus RIC and CCLC at the terminating office.**
 - (2) **(For call termination): Teligent will charge GTE Local Switching at the terminating office (Switched Access Rate).**
 - (3) **(For call termination): Teligent will charge GTE NIC and CCLC at the terminating office.**
- (f) **Originated by the customer of a third-party LEC (not affiliated with Teligent) using GTE's unbundled Local Switching in a distant end office and terminated to Teligent's customer using GTE's unbundled Local Switching.**
 - (1) **(For use of the local switch): Local Switching charge plus RIC and CCLC at the terminating office.**
- (g) **Originated by a customer of the network of a third-party LEC (not affiliated with Teligent) interconnected with GTE's network and terminated to Teligent's customer using GTE's unbundled Local Switching.**
 - (1) **(For use of the local switch): Local Switching charge plus RIC and CCLC at the terminating office.**
- 4. **For intrastate Switched Access calls where Teligent's is using GTE's unbundled Local Switching for calls originated from or terminated to an IXC for completion:**
 - (a) **For calls originated from Teligent's customer to Teligent's own IXC switch (or that of an affiliate) for completion.**
 - (1) **(For use of the local switch): Local Switching charge at the terminating office.**
 - (2) **Originating RIC and CCLC.**
 - (3) **GTE will charge Teligent's IXC affiliate the following Switched Access elements on a meet-point basis:**

- a. Local Transport;
 - b. Tandem Switching.
- (4) Teligent will charge Teligent's IXC affiliate the following Switched Access elements on a meet-point basis:
 - a. Originating RIC and CCLC;
 - b. Local Switching.
- (b) For calls originating from Teligent's customer to an IXC's switch not affiliated with Teligent.
 - (1) (For use of the local switch): Teligent's customer to an IXC's switch not affiliated with Teligent.
 - (2) Originating RIC and CCLC.
 - (3) GTE shall charge the non-affiliated IXC for the following originating Switched Access on a meet-point basis:
 - a. Local Transport;
 - b. Tandem Switching.
 - (4) Teligent will charge the non-affiliated IXC for the following Switched Access elements on a meet-point basis:
 - a. Originating RIC and CCLC;
 - b. Local Switching.
- (c) For calls terminating to Teligent's end-user customer from Teligent's own IXC switch (or that of an affiliate) for completion.
 - (1) (For use of the local switch): Local Switching charge at the terminating office.
 - (2) Terminating RIC and CCLC.
 - (3) GTE will charge Teligent's IXC (affiliate) the following Switched Access elements on a meet-point basis:

- a. Local Transport;
 - b. Tandem Switching.
- (4) Teligent will charge Teligent's IXC (affiliate) for the following Switched Access elements on a meet-point basis:
 - a. Terminating RIC and CCLC.
 - b. Local Switching.
- (d) For calls terminating to Teligent's customer from an IXC switch not affiliated with Teligent.
 - (1) (For use of the local switch): Local Switching charge at the terminating office.
 - (2) Terminating RIC and CCLC.
 - (3) GTE shall charge the IXC for the following terminating Switched Access on a meet-point basis:
 - a. Local Transport;
 - b. Tandem Switching.
 - (4) Teligent will charge IXC for the following Switched Access elements on a meet-point basis:
 - a. Terminating RIC and CCLC;
 - b. Local Switching.
- 5. For interstate Switched Access calls where Teligent is using GTE's unbundled Local Switching for calls originated from or terminated to an IXC for completion:
 - (a) For calls originated from Teligent's customer to Teligent's own IXC switch (or that of an affiliate) for completion.
 - (1) (For use of the local switch): Local Switching charge at the originating office.
 - (2) Originating Residual Interconnection Charge (RIC) and CCL.

- (3) **GTE shall charge Teligent's IXC affiliate for the following originating Switched Access on a meet-point basis:**
 - a. **Local Transport;**
 - b. **Tandem Switching.**
 - (4) **Teligent will charge Teligent's IXC affiliate the following Switched Access elements on a meet-point basis:**
 - a. **Originating RIC;**
 - b. **Originating CCLC;**
 - c. **Local Switching.**
- (b) **For calls originated from Teligent's customer to an IXC's switch not affiliated to Teligent.**
 - (1) **(For use of the local switch): Local Switching charge at the terminating office.**
 - (2) **Originating RIC and CCLC.**
 - (3) **GTE shall charge the IXC for the following originating Switched Access on a meet-point basis:**
 - a. **Local Transport;**
 - b. **Tandem Switching.**
 - (4) **Teligent will charge IXC the following Switched Access elements on a meet-point basis:**
 - a. **Originating RIC;**
 - b. **Originating CCLC;**
 - c. **Local Switching.**
- (c) **For calls terminating to Teligent's customer for Teligent's own IXC switch (or that of an affiliate) for completion.**
 - (1) **(For use of the local switch): Local Switching charge at the terminating office.**

- (2) Terminating RIC and CCL.
 - (3) GTE will charge Teligent's IXC (affiliate) the following Switched Access elements on a meet-point basis:
 - a. Local Transport;
 - b. Tandem Switching.
 - (4) Teligent will charge Teligent's IXC affiliate the following Switched Access elements on a meet-point basis:
 - a. Terminating RIC;
 - b. Terminating CCLC;
 - c. Local Switching.
- (d) For calls terminating to Teligent's customer from an IXC switch not affiliated with Teligent.
 - (1) (For use of the local switch): Local Switching charge at the terminating office.
 - (2) Terminating RIC and CCL.
 - (3) GTE will charge the non-affiliated IXC for the following terminating Switched Access on a meet-point basis:
 - a. Local Transport;
 - b. Tandem Switching.
 - (4) Teligent will charge IXC the following Switched Access elements on a meet-point basis:
 - a. Terminating RIC;
 - b. Terminating CCLC;
 - c. Local Switching.

APPENDIX L

GTE TERMS

Pursuant to Article III, Section 45 of this Agreement, the following terms shall be applied in place of the terms in Appendix M (AT&T Terms) in the event the terms from the selected arbitrated agreement are deemed to be unlawful, or are stayed or enjoined by a court or commission of competent jurisdiction.

The Interconnection Rates in Appendix C will apply.

The Interim Number Portability Rates in Appendix D will apply.

The Resale Discount Rate in Appendix E will apply.

The Resale Terms in Article VI, Section 2 will apply.

The Unbundled Network Element Rates in Appendix F will apply.

APPENDIX M

TERMS ADOPTED FROM THE FLORIDA AT&T/GTE ARBITRATED AGREEMENT

Main Agreement, § 25.

25. General Terms and Conditions for Resale

25.1 Ordering

25.1.1 Orders for resale of Local Services will be placed utilizing a standard Local Service Request ("LSR") form. A complete and accurate LSR must be provided by AT&T before a request can be processed; provided, however, that immaterial deviations or omissions in the LSR will not prevent an order from being processed. Each Party shall transfer the customer's service features and functionalities "as is" to the other Party when requested by a customer. For purposes of this Section 25, an "as is transfer" is the transfer of all the telecommunications services and features available for resale that are currently being provided for the specified account without the requirement of a specific enumeration of the services and features on the LSR.

25.1.2 A Letter of Authorization ("LOA") will be required before Local Services will be provided for resale to a subscriber that currently receives local exchange service from GTE or from a local service provider other than AT&T. Such LOA may be a blanket letter of authorization (Blanket LOA) or such other form as agreed upon by AT&T and GTE. When a Blanket LOA has been provided by AT&T, GTE shall not require an additional disconnect order, LOA or other writing from a customer, or another LEC, in order to process an order for Local Service. Each Party will provide the capability for customers to retain their current phone number in the event that they change local service providers to the extent technically feasible, allowing them to retain all existing features and functionalities.

Main Agreement, § 25.3

25.3 Restrictions on Resale

To the extent consistent with the applicable rules and regulations of the FCC and the Commission, AT&T may resell all GTE Local Services as defined in GTE's tariffs. The following restrictions shall apply to the resale of Local Services, as described in Section 24 of this Agreement by AT&T: (i) AT&T shall not resell residential services non-residential end users; (ii) AT&T shall not resell Lifeline/Linkup services or any other means-tested service offering

to nonqualifying customers; and (iii) AT&T shall resell grandfathered services only to customers qualified to receive such services from GTE.

Attachment 14 (Page 2)
of
AT&T/GTE Pricing Agreement

1. Local Service Resale

The prices charged to AT&T for Local Service shall be calculated using the avoided cost discount applicable in the State determined on the basis of the retail rate charged to subscribers for the telecommunications service requested, excluding the portion thereof attributable to any marketing, billing, collection, and other costs that will be avoided by GTE, as further specified in Appendix 1.

The prices shall be GTE's retail rates applicable on the Effective Date, less the applicable discount. If GTE reduces or increases its retail rates after AT&T executes this Agreement, the applicable discount shall be applied to the reduced or increased retail rates.

2. Unbundled Network Elements

The prices charged to AT&T for Network Elements shall be as further specified in Appendix 2.

Attachment 14 (Page 3)
of
AT&T/GTE Pricing Agreement

4 Interconnection Services

GTE will make interconnection arrangements available at all tandem switching and end office switching locations. At the discretion of AT&T, local interconnection may be accomplished via one-way local trunks, or two way local trunks, or AT&T may chose to deliver both local and toll traffic over the same trunk group(s). With respect to the latter scenario, AT&T will have to provide an available Percent Local Usage (PLU) to facilitate billing if it desires application of the local interconnection rate.

Prices and terms for Interconnection Services are specified in Appendix 4.

5. Other

Prices and terms for trunking interconnection and E911/911 are specified in Appendix 6 and Appendix 7, respectively.

Attachment 14 (Page 4)
of
AT&T/GTE Pricing Agreement

Appendix 1 - Local Service Resale

Beginning with the Effective Date of this Agreement, Resale Services will be priced in accordance with the standards and prices described below.

1. The wholesale rates for Local Service Resale will be calculated based upon the discounts described in Annex 1. Such discounts will be applied against the Retail Rates for each GTE Retail Offering.
 - 1.1 "Retail Rates" are the effective rates a GTE retail customer would have paid GTE under the Retail Offering selected by AT&T, taking into consideration all applicable discounts, including, but not limited to, volume, term and time of day.
 - 1.2 A "Retail Offering" is an individual contract or retail service rate element, or package of rate elements, which GTE offers to its retail customers, including, but not limited to, Grandfathered Services.
2. Nonrecurring "change" or "record" charges, rather than service establishment charges, shall apply for the conversion of existing Customers of GTE services, received either directly from GTE or through another reseller, to AT&T local service.

Attachment 14 (Page 6)
of
AT&T/GTE Pricing Agreement
Appendix 1 - Annex 2 - Summary of Wholesale Charges

This Annex refers to contract or retail service charges

Local Services-Residence and Business.

Line Charges: These services should include but not be limited to the exchange line charges, by rate area within the jurisdiction. The price structure should encompass flat rates, measured rate service, one and/or two-party lines and any other subcategory that pertains to that jurisdiction. Line prices that reflect usage for such services as call-packs, extended area service, community calling would be included in this category.

Usage Charges: Includes all usage not captured in the line charge, such as messages or minutes in excess of any limited calling-plan.

Features: Custom calling features and advanced custom calling features as designed to be compatible with single and multi-line residence and business customer exchange lines. Custom calling features would include month and pay per attempt charges. Associated feature discounts for quantity or other marketing bundles would also be included. (Central office features that support CENTRANET and private line services would be included with each specific service category.).

Listings: All forms of directory listings for both local and toll services. Prices for customer listing options such as bold type, dual name, business name and custom advertising for the white and yellow pages are included.

Non-recurring charges: Charges associated with the installation, addition, changing or moving of service and equipment for local service.

Toll Services: Charges for any service that has been ordered by the Commission to be open to intraLATA presubscription whether charged on a per minute of use or other basis. This includes the non-recurring and listing charges associated with installation or record affecting work for toll service or toll usage plans and for listings, advertising and associated services in the 800 service directory.

Operator Services: Charges associated with, but not limited to, obtaining operator assistance for call placement, busy-line verification and interruption, time and weather and, if priced as such, DA call completion.

Directory Assistance Services: Charges associated with the use of directory assistance operators in obtaining local telephone numbers.

Attachment 14 (Page 7)
of
AT&T/GTE Pricing Agreement

Business Trunks and Service Arrangements: Charges associated with PBX trunk arrangements for single and multi-line customers. Included are line and usage charges, features and service arrangements for direct inward (and/or outward) dialing.

ISDN Services: Charges associated with Integrated Services Digital Network Service for residence and business customers for the transmission of voice, data and packet switched signals.

CENTRANET Services: Charges associated with the provision and use of central office based private branch exchange services using equipment located on the premises owned or leased or controlled by GTE and connected by local loops to the premises of the customer or an authorized user.

Private Line Services: Charges associated with the provision and use of dedicated facilities between two or more customer locations.

Inbound/Outbound Services: Charges associated with the provision and use of WATS 800 (inbound) and Wide Area Telephone service (outbound) and other like services.

End User Access Services: Charges associated with the provision and use of common and dedicated facilities to provide access service to end user customers.

Attachment 14 (Page 8)
of
AT&T/GTE Pricing Agreement

Appendix 2 - Prices for Unbundled Network Elements

Beginning with the Effective Date of this Agreement, Network Elements and Combinations will be priced in accordance with the standards and prices described in this Appendix 2.

Other than the prices identified as interim, the prices listed in this Appendix 2 will remain in effect for three (3) years (Initial Contract Period) unless amended pursuant to pricing orders applicable to Network Elements and Combinations provided by GTE to AT&T in the State. The prices identified as interim are subject to further order of the Commission pending submission of cost studies by GTE. At the end of the Initial Contract Period, the agreement will automatically renew for an additional one year term, unless one party gives 90 days written notice of a wish to terminate. Upon the giving of such written notice by a Party, the Parties agree to renegotiate any or all of the prices, subject to the then applicable pricing standards established by the FCC and/or the state regulatory commission. If the Parties are unable to agree upon revised prices within sixty (60) days of the request to terminate, a Party may invoke the Dispute resolution procedures of Attachment 1. Until such time as the revised prices are agreed to, or established by the decision of the Arbitrator in the dispute resolution procedure, the prices described in this Appendix 2 will continue to remain in effect.

Nonrecurring charges for Dedicated Transport, Database and Signaling Systems, and Channelization System to be provided following review of GTE cost data.

Attachment 14 (Page 14)
of
AT&T/GTE Pricing Agreement

Appendix 4 - Reciprocal Compensation

5. Scope.

This Appendix prescribes the methods and means for reciprocal compensation of interconnect traffic between GTE's and AT&T's networks as well as transiting traffic between AT&T and third party LECs or ILECs.

6. Interconnecting Local Traffic.

On each three (3) month anniversary of the Interconnection Activation Date in a Market Area, the Parties will review the minutes of usage for interconnect traffic for the prior quarter. If the minutes of usage imbalance for interconnect traffic for that period is less than ten (10%) percent, neither Party shall charge the other for services provided under this Appendix. If an imbalance is greater than ten (10%) percent, then the appropriate party may bill the other using the rates discussed in this Appendix. In the event of a disagreement regarding reciprocal compensation billing, either Party may invoke the dispute resolution procedures of Attachment 1.

7. Transiting Traffic.

AT&T shall pay to GTE a Transiting Service Charge for the use of its Tandem Switching as described in Annex 1 to this Appendix 4.

Attachment 14 (Page 18)
of
AT&T/GTE Pricing Agreement

Appendix 4 - Annex 1 - Prices for Reciprocal Compensation

These prices will remain in effect for the first three (3) Contract Years of this Agreement ("Initial Contract Period"), unless amended pursuant to pricing orders applicable to the services provided to each other by AT&T and GTE listed in this Appendix 4. Upon expiration of the Initial Contract Period, upon written notice by a Party, the Parties agree to renegotiate any or all of the prices, subject to the then applicable pricing standards established by the FCC and/or the state regulatory Commission. A Party may deliver only one request to renegotiate during a Contract Year. If the Parties are unable to agree upon revised prices within sixty (60) days of the request to renegotiate, a Party may invoke the Dispute resolution procedures of Attachment 1. Until such time as the revised prices are agreed to, or established by the decision of the Arbitrator in the dispute resolution procedure, the prices described in this Annex will continue to remain in effect.

Dedicated transport - See Appendix 2 - Annex 1 to this Attachment 14 (Note 1)

Common transport - See Appendix 2 - Annex 1 to this Attachment 14 (Note 1)

End Office Switching - \$0.0025 per minute

Tandem Switching - \$.00125 per minute

Transiting Service Charge - \$.00125 per minute

Note 1: This provision is scheduled to be deleted from the AT&T Contract.

Attachment 14 (Page 17)
of
AT&T/GTE Pricing Agreement

Appendix 6 - Prices for Trunking Interconnection

The prices listed in this Appendix are not subject to change for the first three (3) Contract Years of this Agreement ("Initial Contract Period"). Upon expiration of the Initial Contract Period, upon written notice by a Party, the Parties agree to renegotiate any or all of the prices, subject to the then applicable pricing standards established by the FCC and/or the state regulatory commission. A Party may deliver only one request to renegotiate during a Contract Year. If the Parties are unable to agree upon revised prices within sixty (60) days of the request to renegotiate, a Party may invoke the Dispute resolution procedures of Attachment 1. Until such time as the revised prices are agreed to, or established by the decision of the Arbitrator in the dispute resolution procedure, the prices described in this Appendix will continue to remain in effect.

Dedicated Transport Rates

AT&T Dedicated Transport

See Appendix 2 - Annex 1 to this
Attachment

GTE Dedicated Transport -

See Appendix 2 - Annex 1 to this
Attachment

Nonrecurring charges to be provided following review of GTE cost data.

Attachment 14 (Page 18)
of
AT&T/GTE Pricing Agreement

Appendix 7 - Prices for E911/911 Services

The prices listed in this Appendix are not subject to change for the first five (5) Contract Years of this Agreement ("Initial Contract Period"). Upon expiration of the Initial Contract Period, upon written notice by a Party, the Parties agree to renegotiate any or all of the prices, subject to the then applicable pricing standards established by the FCC and/or the state regulatory commission. A Party may deliver only one request to renegotiate during a Contract Year. If the Parties are unable to agree upon revised prices within sixty (60) days of the request to renegotiate, a Party may invoke the Dispute resolution procedures in Attachment 1. Until such time as the revised prices are agreed to, or established by the decision of the Arbitrator in the dispute resolution procedure, the prices described in this Appendix will continue to remain in effect.

[To be provided following review of GTE cost data]

MICROWAVE COLLOCATION

Where technically feasible, GTE will provide for physical collocation of TELIGENT's microwave equipment, on the roofs of GTE's Central Office Buildings. Such equipment will be limited to only that which is necessary for interconnection of TELIGENT's network facilities to GTE's network or access to GTE's unbundled network facilities to GTE's Network Elements.

Microwave Collocation includes placement of supporting masts, non-penetrating roof mounts ("NPRM"), and microwave antenna(e) on the roof top or other suitable exterior spaces of GTE's Central Offices. The method of placing Teligent's antenna(e) shall be by NPRM unless the Parties mutually agree to a different method. The Parties agree that the elements listed below reflect requirements for Microwave Collocation, and it shall be provided in accordance with the rates, terms and conditions set forth below. The Parties acknowledge that Microwave Collocation requires unobstructed line-of-sight. Unobstructed line-of-sight will be provided by GTE where technically feasible but is not guaranteed to be available.

I. **Provisioning Process and Fees:**

- a) **Initial Site Visit:** TELIGENT will provide a Site Visit Request to GTE, in writing, setting forth the names of the GTE Central Office Building(s) TELIGENT wishes to visit for potential Microwave Collocation. Such site visit consists of an TELIGENT representative and appropriate GTE personnel visiting a GTE Central Office building for the purpose of determining whether an unobstructed line-of-sight may be technically feasible. Such Site Visit does not obligate TELIGENT to request, or GTE to provide, Microwave Collocation on the site. The site visit will take place within five (5) business days of receipt by GTE of TELIGENT's Site Visit Request or as soon thereafter as can be scheduled by the Parties.

TELIGENT will submit a Site Visit Request fee of \$250.00 for each site requested with each Site Visit not to exceed two hours. Charges for site visits that take longer than two (2) hours will be charged by GTE to TELIGENT at GTE's loaded labor rates on a per hour basis.

b) **Microwave Collocation Application**

TELIGENT shall submit the appropriate collocation application fee and form pursuant to GTE's EIS tariff or other applicable tariff, in addition to a Microwave Collocation Application Form (a form of which is set forth in this Appendix N, as Annex 3 attached hereto) for each central office building where TELIGENT seeks Microwave Collocation. The form and fees will apply both to space on the roof as well as space inside the GTE central office. Within ten (10) days of receiving the applications GTE shall inform TELIGENT (i) if space is available inside the central office for the termination equipment and (ii) if space is available on the roof, parapet or other exterior structures.

If GTE concludes that rooftop/exterior space which provides TELIGENT with unobstructed line-of-sight does not appear to be technically feasible, GTE will provide TELIGENT a written explanation of such technical infeasibility. Such explanation shall also be provided within ten (10) days of GTE's receipt of the collocation application.

GTE shall provide a "Track B" quote as described more fully below, provided GTE shall be permitted where unusual circumstances warrant, to provide only a "Track A" quote. Where a Track A quote is provided, TELIGENT shall have the right to provide a quote from a GTE-approved contractor. If such TELIGENT-provided quote is more advantageous to TELIGENT - either on price or implementation schedule - GTE must either use such TELIGENT-selected contractor or provide that GTE's contractor will match the price and implementation schedule of the TELIGENT-selected contractor.

Where a Track B quote is provided, all contractors shall be GTE-approved contractors. GTE reserves the right to object to any part of the quote or work on the grounds of quality of work, performance specifications, or scheduling, and to either select another contractor or provide a quote to TELIGENT to perform the work itself, provided that in either event TELIGENT shall not be adversely affected. The parties agree to cooperate so as to complete the necessary work in an expeditious, high quality and cost-effective manner.

c) Pre-Construction/Technical Site Visit

Within ten (10) business days of approving TELIGENT's Microwave Collocation Application, the Parties shall visit the Central Office building where Microwave Collocation has been requested to develop specific engineering and related technical data for use by GTE to prepare a quote. TELIGENT, by the end of the Pre-Construction/ Technical Site Visit, or within five (5) business days thereafter, shall provide GTE with the following data:-

- Type of antenna mount (pipe, NPRM)
- Type of equipment to be collocated within TELIGENT's case (vendor, capacity)
- Line of sight requirements (Aximuth)
- Relevant information includes: Station Name, Call Sign, Latitude, Longitude, Primary Antenna Type, Antenna Center Line (C/L), Antenna Gain, Diversity Antenna type (if used), Diversity Antenna C/L, Diversity Antenna Gain, Equipment Type, Equipment Emission, Power (dBm/Watts), Receive Level (dBm), EIRP (dBm/Watts), Transmit Frequency (Mhz)

Other relevant information as identified at the site visit.

d) Preparation of Quote(s)

Within thirty (30) days of receiving the information set forth in 1c) above from TELIGENT, GTE will provide, as more fully described below, (1) Track A and/or Track B quote(s) and (2) a quote for the Monthly Recurring Charges pursuant to the rates and terms set forth in this Appendix N and Annex 2 attached hereto. A Track A quote shall state that GTE will be responsible for performing the necessary Microwave Collocation work.

Where a list of GTE-approved contractors is available, TELIGENT may, under Track B, select the subcontractor(s) to provide the necessary work for the Microwave Collocation arrangement or perform the work itself, if deemed a GTE-approved contractor. If TELIGENT elects to subcontract the work for the Microwave Collocation arrangement, TELIGENT will also pay GTE to monitor and/or supervise such work. All such work contracted by TELIGENT will be performed under the reasonable supervision of GTE personnel and comply with GTE's nondiscriminatory practices and procedures. Escorted access will also be provided as necessary by GTE, at TELIGENT's expense, as described below. GTE or its designated subcontractors shall perform all necessary work outside of the Microwave Collocation arrangement (including work associated with grounding, power and building modifications) unless otherwise agreed to by the

Parties. In any event, all work performed shall be done exclusively by GTE-approved providers. The quote(s) shall reflect the specifications submitted by TELIGENT and may change based on the actual field conditions encountered during construction. All GTE quotes shall be based up on the most cost-effective and practical method of accomplishing the tasks attendant to the proposed interconnection and collocation.

(1) Written Assessment:

This shall include:

- (a) A statement of technical feasibility, including information on line of sight and any obstructions;
- (b) Preliminary construction drawings that show the relevant roof plan, elevations as necessary, and support structure detail; and
- (c) Electrical drawings.

(2) Quotes:

- (a) **The Track A Quote** shall set forth separate, itemized charges for the following work:

- (i) **Architect Fees.**

- The standard building permit application process will be handled by GTE's architect. Any Conditional Use Permit (CUP) requirements will be handled pursuant to (f) below

- (ii) **Engineering Study.**

- An Engineering Study will only be performed if necessary to maintain the integrity of the roof-top location or if required by a relevant permitting agency. The fee quoted for the study will be the sum of the hourly charges for time spent by GTE's Engineers.

- (iii) **Permitting Review:**

- This shall be the sum of the hourly charges of GTE Real Estate and/or Project Managers whose time was reasonably necessary and actually spent reviewing permitting material and/or assisting TELIGENT in the permitting process. GTE shall have final approval authority on all proposed conditions (which shall not be unreasonably withheld) imposed by relevant jurisdictions and GTE shall have the right to be represented at all hearings in connection with governmental approvals.

- (iv) **Microwave Equipment Installation:**

- This shall include:

- (a) Mounting of microwave antenna(e) and support structure, as required;
- (b) Installation of required coaxial cable;
- (c) Installation of any required conduit to the interior physical Collocation space;
- (d) Coring, if required;
- (e) Weatherproofing, if required;
- (f) Electrical modifications, including grounding; and
- (g) Antenna specialist, if required.

(v) GTE Supervision of Installation.

This shall be the sum of hourly charges of any GTE Real Estate Specialists or Project Managers who monitor the installation performed by GTE's contractor. All necessary monitoring and related activity undertaken by GTE employees shall not exceed a total of two hours per day of construction unless circumstances reasonably warrant additional time.

(vi) Special Security Construction.

If GTE demonstrates that new, secure access to the Microwave Collocation location is reasonably necessary or if TELIGENT desires such access, the costs associated with the construction of such access shall be described on a separate schedule to be provided by GTE to TELIGENT.

(b) The Track B Quote shall set forth separate itemized charges for the following work:

(i) Architectural Plan Review:

This shall be the sum of hourly charges of GTE Architects necessary to review the plans. GTE shall not charge in excess of two hours for such review of draft(s), unless GTE demonstrates that circumstances reasonably warrant additional time or the Parties agree that more time is required.

(ii) Permitting Review:

This shall be the sum of the hourly charges of GTE Real Estate and/or Project Managers whose time was reasonably necessary and actually spent reviewing permitting material and/or assisting TELIGENT in the permitting process. GTE shall have final approval authority on all proposed conditions, (which shall not be unreasonably withheld) imposed by

relevant jurisdictions and GTE shall have the right to be represented at all hearings in connection with governmental approvals.

(iii) Exterior (and Related Interior) Building Modification Work.

GTE will include a quote for GTE to perform coring within the Central Office, roof strengthening or any other exterior building modification, that may be required.

(iv) Supervision of General Contractor:

This shall be the sum of the hourly charges of any GTE Real Estate Building Specialists or Project Managers who monitor the installation performed by TELIGENT's contractor. All necessary monitoring and related activity undertaken by GTE employees shall not exceed a total of two (2) hours per day of construction unless GTE demonstrates that circumstances reasonably warrant additional time or the Parties agree that more time is required.

(v) Special Security Construction:

This shall be the same element as set forth in Section 1.d)(2)(a)(vi) above.

(c) **Recurring Charges**

These consist of:

(i) Monthly Recurring Roof-Top Space Rental Fee.

The Monthly Recurring Roof-Top Space Rental Fee shall be on a per square foot basis as set forth in this Appendix N Annex 2. TELIGENT is limited to the placement of two microwave antenna(e) within its space, each with a limit of 30 inches in diameter and/or subject to the height specifications as set forth in this Appendix N Annex 1, subject to line-of-sight and structural engineering guidelines. At no time shall an antenna(e) be directed across open roof space without approval of GTE which shall not be unreasonably withheld. Requests for larger or additional equipment, including antenna(e) will be handled on an individual case basis (ICB).

The Commencement Date for payment of the Space Rental Fee shall be the date the space is approved and turned over to TELIGENT for use.

(ii) Escorted Access.

Where necessary, GTE will provide escorted access to space on the roof based on the hourly rates set forth in Attachment A. The level of the GTE

personnel assigned to escort TELIGENT shall be commensurate with TELIGENT's needs.

All quotes shall be valid for ninety (90) days from issuance, and TELIGENT shall accept, reject or request changes within such time period. To accept a quote, TELIGENT shall so state in writing and shall pay GTE 50% of the total estimated charges ("Initial Payment") with the balance due upon completion of the Microwave Collocation area and any necessary supporting electrical or building modification work. The date of such payment shall be the Start Date for purposes of this agreement.

e) Equipment and Testing:

TELIGENT shall be responsible for providing, at its sole expense, the antenna(e), coaxial cable, brackets, connectors, support structure and weather-proofing materials for such support structure or antenna(e) required for the Microwave Collocation. TELIGENT shall also be solely responsible for final adjustments (e.g., pointing) of the antenna(e).

f) Conditional Use Permit Process:

TELIGENT shall be responsible for obtaining all relevant Conditional Use Permits (CUPs) and shall bear all costs and fees. TELIGENT shall regularly apprise GTE of the status of such permitting and consult with GTE as reasonably necessary.

GTE shall cooperate with TELIGENT, and TELIGENT shall pay GTE the hourly rates for time reasonably necessary and actually spent by GTE Real Estate or Project Managers on the permitting process. GTE shall have final authority and exercise it in a reasonable manner on all proposed jurisdictional conditions and has the right to be represented at all CUP hearings.

g) Schedule:

The Initial Microwave Collocation Method of Procedure (MOP) meeting between the Parties and the contractor(s) shall be held within ten (10) business days of the Start Date or receipt of all necessary permits, whichever is later. Installation of the Microwave Collocation will be complete within ten (10) business days of the MOP, provided (1) TELIGENT has delivered all the necessary microwave and related equipment to the Central Office prior to or on the date requested by the contractor; (2) all necessary permits have been issued, (3) there is not inclement weather which makes it commercially unreasonable to perform the work (e.g., rain or snow) (4) there are no concurrent GTE projects, under way or planned that interfere with the completion of TELIGENT's proposed project unless such projects have been disclosed at the initial MOP or is an emergency project, and (5) there are no Acts of God or other force majeure which prohibit the installation. A final project acceptance meeting shall be scheduled within five (5) business days of the installation completion date. At this final meeting the Parties shall review and approve the hand-off of the Microwave Collocation.

2. No Property Right Conferred

Notwithstanding anything contained herein to the contrary, Microwave Collocation shall not confer or be deemed to confer any property interest or right in GTE's property, and TELIGENT hereby acknowledges that the rights conferred hereunder shall constitute merely a non-exclusive license to use a portion of GTE's property solely for the purposes set forth herein. A limit of two (2) TELIGENT Microwave Collocation arrangements per Central Office will be permitted unless otherwise agreed by the Parties.

Title to TELIGENT's Microwave Collocation equipment shall remain in TELIGENT as the property of TELIGENT and shall not become fixtures to GTE's property.

1

Responsibility of the Parties

- a) TELIGENT shall obtain any and all applicable and necessary permits, variances, licenses, approvals and authorizations from governmental agencies with jurisdiction, including without limitation, conditional use permits and building permits, FCC licenses and FAA approval, to operate and maintain TELIGENT's facilities during the Term of this Agreement.
- b) TELIGENT shall not use GTE's property or permit TELIGENT's agents or contractors to do anything in or about the Central Office(s) in conflict with any applicable law affecting the condition, use or occupancy of the property or the installation, operation or maintenance of TELIGENT's Microwave Collocation equipment. TELIGENT shall not commit any public or private nuisance or any other act or practice which might or would materially disturb the quiet enjoyment of any occupant of nearby properties.
- c) Where GTE performs the installation work, (i.e., Track A) GTE shall select the architect, engineers, surveyors, contractors, suppliers, consultants and subcontractors which may be necessary to develop plans, furnish materials and equipment, and perform construction work. GTE shall manage all such work in accordance with the plans and specifications approved by the Parties, all applicable laws, codes and regulations, and shall require that all contractors perform their work in a good workmanlike manner. GTE shall require that all Contractors include TELIGENT as an additional insured to any policies of insurance maintained by the Contractor for purposes of the Work, and shall indemnify TELIGENT from losses, costs and expenses incurred as a result of contractor's work. TELIGENT hereby acknowledges and agrees that GTE shall not be liable for the work performed, materials, supplies, or work products furnished by any contractor, and that TELIGENT shall look solely to the contractor and any warranties, indemnification or insurance furnished by such Contractor, waiving and releasing GTE from any claim or liability therefrom except to the extent of the negligence or willful misconduct of GTE in the performance of its project management activities.
- d) Notwithstanding any other provision of this Agreement, TELIGENT hereby acknowledges that GTE may have existing wireless communications facilities of its own or of other tenants or licensees on or at GTE's Central Office, and/or GTE may desire from time to time throughout the term of this Agreement to enter into agreements with other wireless communications providers for the installation, operation and maintenance of communications facilities on or at GTE's Property ("Aggregating Providers"). TELIGENT shall cooperate with GTE and all other Aggregating Providers so as to reasonably accommodate the needs and requirements of such Aggregating Providers with respect to the installation, operation use and maintenance of their equipment and facilities, and all necessary alterations, modifications and other improvements to GTE's property, including utility connections and access. Subject to ownership of any exclusive frequency rights, TELIGENT's facilities shall not physically, electronically, or inductively interfere with the existing GTE or other customers' or tenants' existing facilities. Each transmitter individually and all transmitters collectively at a given location shall comply with appropriate federal, state, and/or local regulations governing the safe levels of RF radiation. The foregoing obligations shall apply to all other Aggregating Providers.

In the event TELIGENT desires to relocate any of its then-existing Microwave Collocation facilities to a different place on the relevant GTE Central Office

rooftop, TELIGENT shall submit a written request to GTE specifying the new location TELIGENT proposes to occupy. GTE shall, within thirty (30) days, approve such relocation or describe, in writing, why such relocation is not technically feasible.

- e) Upon the expiration or termination of this Agreement, TELIGENT shall surrender the Microwave Collocation space to GTE in its original condition and in good order and repair, less ordinary wear and tear. TELIGENT, at its expense, to GTE's reasonable satisfaction, shall repair any and all damages caused by removal of TELIGENT's Microwave equipment, or by the use, operation or placement of its Microwave equipment on the Premises. In the event TELIGENT fails to remove its Microwave equipment, GTE shall have the right to retain such Microwave equipment and all rights of TELIGENT with respect to it shall cease. TELIGENT shall be liable to GTE for all costs of removal, restoration of the property, and the costs of storage, transportation, sale or other disposition of such Microwave equipment incurred by GTE.

f) Teligent's Insurance Obligations

Pursuant to § 17.7.6 of GTE's EIS tariff.

- g) At its sole cost and expense, TELIGENT shall maintain TELIGENT's provided Microwave equipment, including without limitation, all necessary repairs, replacements and restorations. In addition, TELIGENT shall keep its Microwave Collocation space in a good, neat, sanitary and workmanlike condition. If TELIGENT shall fail to keep its Microwave Collocation space in such workmanlike condition after ten (10) days written notice from GTE, GTE shall have the right but not the obligation to clean up the space on TELIGENT's behalf. In such event, TELIGENT shall be liable to GTE for the cost and expense of such work, upon written demand.

4. Secure Access

Pursuant to § 17.7.5 of GTE's EIS tariff.

Additional Provisions

5. If the proposed Microwave Collocation arrangement is structurally feasible and TELIGENT agrees to the non-recurring and monthly recurring pricing, TELIGENT must then meet the following conditions prior to construction:

- Obtain FCC license (if required)
- Complete filing of appropriate notifications to the FAA (if required)
- Seek and obtain any local approval for any modifications to the central office roof

6. TELIGENT is responsible for providing cable from the radio frequency (RF) equipment to the collocation cage.

7. Subject to the requirements set forth in this Agreement and Federal and State law, GTE is not required to construct any type of tower space or allow construction of tower space on the roof to accommodate a microwave request.

8. GTE will manage roof space on a first-come/first-served basis. GTE will work cooperatively with TELIGENT in determining suitable space for TELIGENT equipment. Once the parties mutually

determine an initial location which provides for line of sight pursuant to 1c) above, TELIGENT is guaranteed a clear line of sight from the antenna mount and the edge of GTE's roof line. If GTE requires a building enhancement/ modification or through the placement of additional equipment obstructs TELIGENT's existing line of sight, GTE will work with TELIGENT to move the antenna mount or raise the height of the antenna mount for a clear line of sight. The costs of this modification will be borne by GTE.

If a third party elects to place equipment on the roof that obstructs an existing line of sight, the third party application will be denied unless all three parties mutually agree to move an existing arrangement to allow for a clear line of sight. The costs of this application will be borne by the third party.

9. TELIGENT is limited to placement of two microwave antenna(e) within the designated space. TELIGENT must submit plans and seek approval from GTE before adding additional equipment to the collocation space or move equipment outside of designated space. TELIGENT may not construct improvements or make Major Alterations to its rooftop space or microwave transmission facilities without prior written approval from GTE, which will not be unreasonably withheld. GTE shall respond to any requests within a reasonable timeframe not to exceed thirty (30) calendar days. "Major Alterations" shall include (i) additional construction by TELIGENT of support equipment within its rooftop space, (ii) addition of mounted equipment not expressly contemplated by the Microwave Collocation Application relating to such rooftop space and microwave transmission facilities, and (iii) any modification to the rooftop space. "Major Alterations" shall not include (i) replacement of mounted equipment with like-sized or smaller mounted equipment or similar functionality, (ii) addition of mounted equipment expressly contemplated by the Microwave Collocation Application relating to such rooftop space and microwave transmission facilities and (iii) routine repairs and maintenance to such microwave transmission facilities. Additional equipment or movement of existing equipment may require a new application.
10. Requirements for antenna space on existing towers that are not part of a GTE central office will be handled through GTE real estate services and will not be subject to Collocation procedures.
11. If at any time GTE reasonably determines that any TELIGENT's facilities or equipment or the installation of TELIGENT's facilities or equipment does not meet the requirements outlined in this Agreement, TELIGENT will be responsible for the costs associated with the removal of such facilities or equipment or modification of the facilities or equipment or installation thereof to render it compliant. If TELIGENT fails to correct any non-compliance with these standards or fails to demonstrate that the equipment is compliant within fifteen (15) days' written notice to TELIGENT, GTE may have the facilities or equipment removed or the condition corrected at TELIGENT's expense.
12. If GTE reasonably determines that any TELIGENT activities, equipment or facilities are unsafe, do not meet the specifications described in this agreement, or are in violation of any applicable fire, environmental, health, safety or other laws or regulations, GTE has the right to immediately stop such activities or the operation of such facilities or equipment or place it on hold. When such conditions do not pose an immediate threat to the safety of GTE employees, interfere with the performance of GTE service obligations, or pose an immediate threat to the physical integrity of the roof, the walls, the conduit system, the cable facilities, or any other facilities of GTE, GTE will provide TELIGENT fifteen (15) days written notice to correct the condition. However, when such conditions pose an immediate threat, GTE may perform such work and/or take such action that GTE deems necessary without prior notice to TELIGENT. The cost of this work and/or actions will be at TELIGENT's expense.
13. TELIGENT equipment must comply with Bellcore Network Equipment Building System (NEBS) Generic Equipment Requirements (TR-NWT-000063), Electromagnetic Compatibility and Electrical Safety Generic Criteria for Network Telecommunication Equipment (TR-NWT-001089), and FCC OET Bulletin 65 dated 08/97.

14. GTE will not generally provide power or environmental support to the roof space. If GTE agrees in response to a specific request by TELIGENT to provide power or environmental support to the roof space, TELIGENT will bear all associated costs as specified by GTE to provide such services.
15. These Microwave Collocation provisions are supplemented by and subject to the terms and conditions of GTE's Tariff FCC No. 1, Facilities for Interstate Access, Section 17, Expanded Interconnection Services, as it may be modified or amended from time to time. In the event of conflict, the terms of this Agreement shall apply.

APPENDIX N

ANNEX 1

MICROWAVE COLLOCATION RATE ELEMENT DEFINITIONS AND CONDITIONS

RATE DEFINITION

Non-recurring charges - Relating to Microwave Roof Equipment

- 1) Microwave Preparation Fees - (Track A & Track B - rate level would vary for each type)
Architectural fees/Architectural Plan Review
Permit Review
General Contractor Supervision
- 2) Coring/Cable Pull - (Track A & Track B - rate level would not vary)
Electrical and Building modification work for coring
Weather Proofing
Pulling cable to collocation equipment
- 3) Roof Preparation - (if applicable) (Track A & Track B - rate level would not vary)
Engineering Study (To develop roof preparation alternatives /costs)
Cost to preparation roof for installation (i.e. strengthening costs or other related costs)
- 4) Microwave Equipment Installation - (Track A only)
Mounting of microwave antennae and support structure
Installation of required coaxial cable
Antenna Specialist (if required)
- 5) Escort - charge for access to roof
Charge for access to Roof (Track A & Track B - rate level would not vary)

Non-recurring charges - Relating to Equipment within Central Office Space (Track A & Track B - rate level would not vary)

- 1) Engineering Fee - determine space and HVAC requirements
- 2) dc Power - providing power to collocation cage equipment on a per 40 amp increment.
- 3) Building Modification - (physical only) secure the building for access to collocation cage.
- 4) Cage enclosure - (physical only) construction of collocation cage.
- 5) Engineering/Installation -equipment within the central office (virtual only).
- 6) Training - if equipment within the central office is non-standard (virtual only).

Monthly Recurring Rates and Conditions - Relating to Microwave Roof Equipment (Track A & Track B - rate level would not vary)

- 1) The following conditions will apply to rooftop/exterior space:-

NPRM's - TELIGENT must lease a minimum of 25 square feet and the NPRM shall be no taller than 20 feet above the top of the building.

Wall or Side Mount - TELIGENT must lease a minimum of 10 square feet of roof/exterior space. TELIGENT shall have the option to lease an additional minimum 15 square feet of horizontal roof space adjacent to the antenna(e) mount in order to preclude GTE or other parties from placing equipment next to the side mount of the antenna(e), unless a smaller minimum space is approved by GTE.

Wall or Side Mount shall be restricted to a height of 10 feet above the building structure at the location of the attachment, unless otherwise approved by GTE.

- 2) Roof Space Lease Charge - State by State rate for roof space per square foot (subject to tariff).

**Monthly Recurring Rates - Relating to Equipment within Central Office Space
(Track A & Track B - rate level would not vary)**

- 1) Floor space - (physical only) space for co-located equipment within the cage.
- 2) dc Power - providing power to collocation cage equipment.
- 3) Maintenance - maintenance on equipment located within central office (virtual only)
- 4) Cross-Connects - connection from cage equipment to GTE's network services.

APPENDIX N

ANNEX 2

MICROWAVE COLLOCATION RATES

Non-recurring charges

	CA	FL	TX	VA
1) Microwave Prep fee	[TO BE DETERMINED]			
2) Coring/Cable Pull	[BASED ON ICB]			
3) Roof Preparation	[BASED ON ICB]			
4) Microwave Installation (Track A only)	[BASED ON ICB]			
5) Additional Charges (Additional costs for environmental conditioning ((if applicable)) will be developed and charged as an ICB. These costs along with the building modification costs will be pro-rated back to existing customers when new applicants are put into service.)	[BASED ON ICB]			

Monthly recurring rates

	CA	FL	TX	VA
1) Roof space - per sq ft	\$5.37	\$2.38	\$3.57	*

*For previous Contel Properties \$3.10

*For GTE properties \$3.42

APPENDIX N

ANNEX 3

Microwave Collocation Application Attachment

1. Name/Address of Central Office(s)
2. Proposed Rooftop/Exterior Space Location of Microwave Equipment
3. Description of Microwave Equipment
4. Other

APPENDIX O

RATES AND CHARGES FOR 911/E911 ARRANGEMENTS

The following services are offered by GTE for purchase by CLEC, where an individual item is not superseded by a tariffed offering.

	<u>NRC</u>	<u>MRC</u>
1. 9-1-1 Selective Router Map Provided is a color map showing a selective router's location and the GTE central offices that send their 9-1-1 call to it. The selective router and central office information will include CLLI codes and NPA/NXXs served. The map will include boundaries of each central office and show major streets and the county boundary. Permission to reproduce within the CLEC for its internal use is granted without further fee. Non-tariffed price.	\$125.00	n/a
2. 9-1-1 Selective Router Pro-Rata Fee/trunk This fee covers the cost of selective routing switch capacity per trunk to cover investment to handle the additional capacity without going to the 9-1-1 districts for additional funding.	\$0	\$100.77
3. PS ALI Software A personal computer software program running on Windows 3.1™ for formatting subscriber records into NENA Verison #2 format to create files for uploading to GTE's ALI Gateway. Fee includes software, warranty and 1 800 872-3356 support at no additional cost.	\$790.80	
4. ALI Gateway Service Interface for delivery of ALI records to GTE's Data Base Management System. This provides a computer access port for CLEC to transmit daily subscriber record updates to GTE for loading into ALI databases. It includes support at 1 800 872-3356 at no additional cost.	\$135.00	\$36.12
5. 9-1-1 Interoffice Trunk This is a tariffed offering, to be found in each state's Emergency Number Service Tariff.	Tariff	Tariff

	<u>NRC</u> Tariff	<u>MRC</u> Tariff
6. ALI Database This is a tariffed offering, to be found in each state's Emergency Number Service Tariff.		
7. Selective Router Database per Record Charge Fee for each ALI record used in a GTE selective router. This is a tariffed offering, to be found in each state's Emergency Number Service Tariff.	Tariff	Tariff
8. MSAG Copy Production of one copy of a 9-1-1 Customer's Master Street Address Guide, postage paid.		
a. Copy provided in paper format	\$238.50	\$54.00
b. Copy provided in flat ASCII file on a 3½" diskette	\$276.00	\$36.00
