Re: <u>Docket Nos. 950985-TP and 950984-TP</u>

Dear Mrs. Bayo:

I am writing to request that the hearing in Docket No. 950985-TP, which was scheduled to begin on Tuesday, January 9, 1996 be postponed until 9:00 a.m. on Wednesday, January 10, 1996. The reason for this request is that due to the snowstorm on the East Coast, all Washington airports are closed and I am unable to travel to Tallahassee in time for the hearing. I therefore respectfully request this postponement so that Metropolitan Fiber Systems of Florida. Inc. will be permitted to participate in person. I will attempt to keep the Commission Staff apprised of further developments.

Thank you for you prompt attention to this matter and please do not hesitate to contact me with any questions or concerns.

^{*} ISDN 2 wire loop is not a separate rate element (there is no equivalent "Local Channel" charge). DDAS (56Kbps) seems to be the most appropriate surrogate for this charge because (12) both require a clean loop (no bridge tap or load coil) and (2) 56Kbps Local Channel is the most close in terms of bandwidth.

RE: FPSC DOCKET NO. 950985-TP

Dear Dean:

I am writing in response to your memorandum of March 8, 1996 concerning a proposed Stipulation to resolve Issues 2, 4-7, 9-11, 13-14 of this proceeding. This response is provided on behalf of FCTA and its member companies, including Continental and Time Warner, consistent with our approach to negotiations with Sprint-United/Centel to date.

We are concerned that while the proposed Stipulation in most respects follows the Commission Staff's recommendation in the BellSouth phase of this proceeding, the Final Order implementing Staff's recommendation has not yet been issued. We would prefer to see the full language of the Final Order prior to entering into an agreement. At that time, we will be in a better position to respond to your offer.

SENT BY: MESSER LAW FIRM : 6-19-97 ; 2:35PM ;

From: David Smith

To: Kay Flynn, Linda Williams Subject: 950984,-985 appeals

===NOTE===========1/06/97==1:26pm== You have probably gotten a copy of the court's notice remanding these cases back to the commission for consideration of whether the appealed issues are moot. If not, this is to let you know that the process is on hold as far as the appeals process is concerned. GTE and Bell are

supposedly going to ask the commission to

look at the cases in light of the new federal communications arbitrations.

From: Kay Flynn To: David Smith

Subject: fwd: 950984 and 950985

==NOTE======2/06/97=12:45pm==

David, what is the status of these two dockets on appeal? Should we send the records over, or are the appeals on hold? Kay

Fwd=by:=David=Smith===2/06/97==1:50pm== Fwd to: Kay Flynn

They are both on hold and you don't need to send the record over. They have granted an order remanding them back to us. Supposedly, GTE and Bell will file something at some point addressing questions they have about the continued need for the appeal. I think I revised a casr last weekfor one or the other to put down a date for "revised casr". That is about all we can do for the moment.

Fwd=by:=Kay=Flynn====2/06/97==1:52pm== Fwd to: David Smith

CC: Linda Williams

Okay. I believe you may have called to tell me this earlier, but I didn't make a note about it. Thanks. We will continue to hold the records.

Fwd=by:=David=Smith===2/06/97==1:54pm== Fwd to: Kay Flynn

Ok. This all may be made moot by the federal court suit they have filed.

This is it.
