FROM: CHARLES H. HILL, DIRECTOR, DIVISION OF WATER AND WASTEWATER
LILA JABER, DIVISION OF LEGAL SERVICES *MD/LAJ*
RE: DOCKET NO. 960444-WS, APPLICATION OF LAKE UTILITY SERVICES, INC. FOR AN INCREASE IN WATER RATES AND A CHANGE IN SERVICE AVAILABILITY CHARGES IN LAKE COUNTY - TEST YEAR APPROVAL

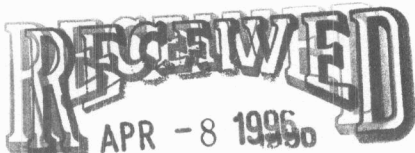

By letter dated April 1, 1996, Lake Utility Services, Inc. (LUSI) has requested approval to use an historic test year ended December 31, 1995. The company has indicated that they will also be requesting an interim increase.

LUSI states the reason for filing this case is that the current rates being charged do not provide a fair rate of return on their investment. The utility has interconnected a substantial number of their systems to create a regional system. The company states that a substantial portion of these additions will be completed prior to December 31, 1995. The Commission required the utility by Order No. PSC-96--FOF-WS to file a service availability case by June 1, 1996. The utility will also be required to implement uniform rates as a requirement of that order.

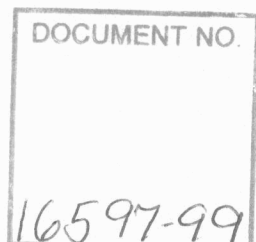

Staff believes, given the circumstances, that the requested test year will be representative because of the reasons stated above. Staff has reviewed the utility's annual reports for the calendar years 1992 through 1994. Based on our review, we believe that the requested test year should be approved. Receipt of the application by June 1, 1996, will be acceptable.

Dear Mr. Kramer:

RE: Docket No. 960444-WU, Application of Lake Utility Services, Inc. for an increase in water rates and a change in service availability charges.

We have received your letter dated April 1, 1996, requesting approval to use an historic test year ended December 31, 1995, for Lake Utility Services, Inc. Your test year request is for both interim and final rates. Your test year request as outlined above is hereby approved. You should also be aware that prefiled direct testimony must be filed with the minimum filing requirements if you do not elect to request the proposed agency action process.

For administrative purposes only, Docket No. 960444-WS has been assigned to the forthcoming case. Your petition will be deemed filed on the date that the Division of Records and Reporting receives the complete petition, revised tariff sheets, the minimum filing requirements, testimony (if not requesting PAA) and the filing fee. To minimize any regulatory lag that may occur, we request that you file the above no later than June 1, 1996. Because of the difficulty in scheduling hearing dates it is not anticipated that an extension of this filing date will be granted.

Under the file and suspend law, the time period for processing the request will begin on the date that all of the required data is completely filed. If not complete, the official filing date will be the date the complete corrections to the deficiencies are filed. The utility is instructed to file all information it wishes the Commission to consider when arriving at

a decision on its rate case application with its original filing. Because of the time limitations contained in Section 367.081, Florida Statutes, and the lengthy auditing and investigation required, information not filed with the original application may not be considered. Lastly, the utility should be prepared to justify all increased operation and maintenance expenses, particularly those in excess of customer growth and inflation from five years prior to the historic test year.

Sincerely,

Susan F. Clark

Dear Commissioners,

I am a resident of the Amberhill Subdivision and have had service (water) from Lake Utility Service for the past 5 years. My experience has been that their rates are very high. I have only had one occasion to talk to their staff once (about 3 weeks ago) but the experience was not good. The person I spoke to was rude and quite unhelpful ... when all was said & done, the person refused to help me because I did not have an account number available, in spite of the fact that I only wanted to know the cost of upgrading from a 5/8" to 1" meter. Why demand an account number when it should cost the same regardless of who you are ??? Again, they were rude & quite unhelpful!!

As to their rates ... We are already paying high

Water bills !! If I understand this correctly, then the following is proposed:

Amberhill

	<u>Now</u>	<u>Proposed</u>	<u>Percent Increase</u>
5/8" Meter	\$7.035	\$18.00	+ 156 %
Per 1000 Gallons	\$.69	\$2.195	+ 218 %

That means that the basic monthly rate will increase by 156% over the current rate — Total will be 2½ times the current rate !!

That means that the cost per 1,000 gallons will go up by 218% — Nearly 3 times the current rate, which is already over priced!!

As to the remarks in the public notice, pertaining to a fair rate of return ... Well folks, these guys are professionals, and knew what they were getting into when they bought up our water system!!

Bottom Line:

Lake Utility Service is already charging high prices. Allowing them to triple their charges is outrageous! I don't feel they deserve any increase, in spite of not having one since 1987. My pay certainly hasn't gone up 300% since 1987.

Thank you,
David Cohen

Dear Chairman Johnson:

This letter is to compliment your staff for going above and beyond the call of duty last week to handle the mailing of an amendatory order to the customers of Lake Utility Services, Inc.

Pursuant to Commission direction, the utility had just completed mailing a lengthy PAA order to its customers when we were advised by the staff that an amendatory order was being issued which would also need to be mailed.

To help the utility avoid both the expense of the additional mailing and the delay which would have been caused by forwarding the order to Illinois to be mailed after the holiday weekend, the staff worked with the utility to handle the mailing using labels provided by the utility.

I recognize that this placed an additional workload on your staff, and just wanted to let you know that we appreciate this cooperation.

Very truly yours,

Rich Melson

Re: February 18, 1999, Public Records Request for Documents Pertaining to Docket No. 960444-WU, Lake Utility Services, Inc.

Dear Mr. Presnell:

This is in response to the above-referenced public records request for documents pertaining to Lake Utility Services, Inc. (LUSI). Specifically, you requested "the list of all persons, including addresses, to whom Amendatory Order PSC-98-0683-AS-WU, dated May 22, 1998, was sent." Based upon our telephone conversations it is my understanding that your office specifically wants this information as it pertains to LUSI's customers.

As I have indicated to you, the Commission does not have such documentation in its possession. Prior to mailing the amendatory order, the Commission's Division of Records and Reporting received customer mailing labels provided by LUSI for the express purpose of mailing that order. These labels were scanned into the Commission's Docutech machine, which printed the names and addresses of LUSI's customers directly onto the orders being mailed.

Because the labels were provided for a purpose for which they were no longer necessary and due to their cost of production, the labels were returned to LUSI. The Division of Records and Reporting did not make a copy of the labels, because the labels were intended to be disposed of, were not intended to be perpetuated, and were not provided as a filing. Further, the Docutech scanning tape was erased once its administrative value was lost.

Nevertheless, LUSI's attorney, Mr. Melson, has been contacted in this matter. Mr. Melson has agreed to provide a current list of LUSI's customers as soon as the utility can provide that information. Unfortunately, due the amount of time that has elapsed, LUSI is unable to provide a list limited to those customers as of May, 1998.

Stephen M. Presnell, Esquire

In the meantime, I have attached those Commission documents which pertain to the customer mailing. Those documents include the following: a list of the entities which were sent the order in accordance with records and reporting's procedures; and a "Request for Photocopying and Mailing" form which indicated that 1,612 copies of the order were mailed using labels provided by the utility.

I apologize for any inconvenience and hope this letter answers any questions which you may have. If you have additional questions, please contact me at (850)413-6181.

Sincerely,

Tim Vaccaro
Senior Attorney
