My firm is listed among the "interested parties" on quite a few FPSC proceedings involving electric utility matters. We noticed recently that the email address for the firm, which is included with our address and phone, is incorrect. We would greatly appreciate it if you can correct this problem.

The correct email address is richzambo@aol.com.

Thanks for your help. Rich Zambo

Re: Panda Kathleen Cogeneration Facility  
May 2, 1995 Hearing Before the Public Service Commission

Dear Commissioner Clark:

The Central Florida Development Council is extremely interested in seeing Panda Energy Corporation's plans to construct a cogeneration facility in Polk County move forward in an expeditious manner resulting in the completion of this important, much-needed energy project. You can assist the citizens of Polk County, our great state and the company by providing the following relief to Panda Energy at your May 2, 1995 hearing:

- \* The Panda project in Polk County requires an extension of their contract for in-service and other critical milestone dates. Procedural delays have already jeopardized financing opportunities for this major project;
- \* The term of Panda's contract must be found to be 30 years;
- \* Panda must be paid capacity payments for the full 30-year term, escalating at 5.1 percent per year as called for in the contract; and
- \* Panda should be allowed to be sized to meet the requirements of its Standard Offer Contract.

Not only is Panda Cogeneration Facility an efficient, economical means to bring energy capacity to our residents, the project will generate good jobs for our citizens and provide an excellent source of ad valorem revenue to our county.
