FPSC-RECORDS / REPORTING

Subject: Docket No. 930173-TL

Dear Mr. Tribble:

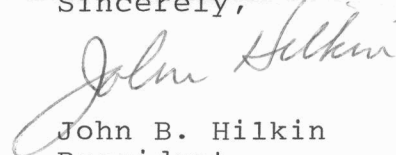

The attached article recently appeared in the August 10 issue of the Lakeland Ledger newspaper.

I thought it may be of interest to you since it shows the greatest % of telephone hookups(14.4%) in all of Polk County in a one year period ending October, 1992.

Since October, 1992 we have had a number of new subdivisions spring up in our immediate area, approx. 7, which will significantly add to the phone hookups during the 1993 period.

I only offer this input since it further shows the tremendous growth occurring in our area, a good part due to the Disney influence, as well as other growth factors.

Sincerely,

John B. Hilkin

Tracking growth via telephone

Northeast Polk tops phone hookups

By Jeff Osterkamp

The Ledger

Unlike many of their new neighbors, Guy and Jan McPherson didn't move to Polk City for its access to Tampa and Orlando.

"It's a quiet area and people take pride in it, which makes it really nice," said Guy McPherson, 68, who moved to Polk City a year ago from north of Fort Wayne, Ind. "We were just driving around and saw a nice little community."

But even McPherson, now Polk City's part-time code enforcement officer, has discovered the community's prime attraction.

"I can go two hours, and I hit water. That's kind of nice," McPherson said. "I'm not too far away from anything."

Polk City and other communities that can make similar claims are growing quickly as commuters discover the relatively short drives they face to Orlando, Tampa and Walt Disney World.

An indicator of this activity is telephone hookups.

According to GTE Florida and United Telephone of Florida, the four areas encompassing Loughman-Baseball City, Polk City, Poinciana and north Lakeland are showing the fastest growth in commercial and residential telephone hookups among Polk County's 23

calling regions.

Hookups in the Loughman-Baseball City area, which includes a 10,000-acre county-defined growth area between U.S. 17-92 and U.S. 27, grew from 3,865 in October 1991 to 4,421 in October 1992, a rise of 14.4 percent.

The Polk City area, which includes most of the county's central and eastern portions of the Green Swamp, grew from 3,201 to 3,517 hookups, an increase of 9.9 percent.

Polk County's portion of Poinciana, an unincorporated community east of Haines City, grew from 1,101 to 1,209 hookups, a gain of 9.8 percent.

North Lakeland, including western Polk County north of Interstate 4, grew from 18,952 to 20,297 hookups, an increase of 7.1 percent.

The Lake Alfred area saw the slowest hookup growth, from 4,155 to 4,196 — a gain of just 1.0 percent.

As expected, the growth is not without debate.

Chuck Geanangel, a Lake Alfred resident who founded Friends of the Green Swamp, would like to see the fast growing areas of the county revert to the slow growth of his community.

The growth in Polk City and north Lakeland, he points out, is primarily in the Green

Polk County saw a 4.6 percent increase in the number of telephone lines from October 1991 to October 1992. The area north of Haines City led the county in percentage growth with 14.4 percent more lines.

.....
Bill,

Although this is not the official notice required under APM section 5.02, I wanted to let you know as soon as possible that I had a disscussion today with Jerry Johns of Sprint Corporation. Jerry extended an offer of employment. I have not yet decided whether to accept the offer. I advised Commisisoner Deason yesterday that I had a meeting with Mr. Johns scheduled for today wherein I thought that he would want to discuss employment with the Company. Last Thursday night at the PURC conference in Gainesville Mr. Johns indicated that he wanted to schedule a meeting to discuss filling a vacancy in the legal department. At the time the discussion centered more around any recommendations I would have for filling that vacancy.

I intend to follow this email up with a formal memo. However, since the 5 working day deadline for reporting contacts is drawing near and because of this afternoon's developments, I wanted to be sure to notify you as quickly as possible. I am copying Rob Vandiver due to his capacity as counsel to the Commissioners.

Thanks. I acknowledge and await your memo with regret.

Dear Sir or Madame:

The Commission now has the ability to "fax" certain documents--such as orders and Case Assignment and Scheduling Records (CASRs)--which previously had been sent by U.S. Mail. The Commission also subscribes to Internet and thus has the ability to communicate with Internet users and those on other computer networks.

Because our records must be accurate when we use this technology, I would like to obtain from you your current fax number and Internet address. If your fax machine number and/or Internet address is in our records, that information is printed below. Please check the information to be sure it is correct. If it is incorrect, or if you have new information, please write it below, and return this letter to me by December 15. If you do not have a fax number and/or Internet address, please write "no fax" and/or "no Internet" and return this letter by December 15. Those persons without fax numbers will continue to receive Commission documents by U.S. Mail.

Thank you for your cooperation in this matter.

Sincerely,

Blanca S. Bayo
