Subject: Docket No. 000061-EI

Kay, as we discussed CAF should be removed as an OCR from this docket. It is a technical complaint involving two industrial customers of Tampa Electric Company. As such, it is outside the scope of what CAF is staffed to handle. Let me know if you need anything else. Thanks!

Re: Allied /CFI v. TECO
Docket No. 000061-EI

Dear Bob and Marlene:

This letter replies to the request made in Odyssey's counsel, Wayne Schiefelbein's letter of May 26, for a meeting of counsel for all parties to negotiate disputed terms between Allied/CFI's and TECO's proposals for a protective agreement establishing procedures for the handling of confidential information.

In the two months since March 28, 2000, when Allied/CFI provided staff and counsel for TECO and Odyssey with a proposal for a protective agreement (and Odyssey first proposed that disputed issues between Allied/CFI and TECO involving disclosure of confidential information could be resolved by mediation), not a single document has been produced to Allied/CFI; nor has Odyssey objected to any term of Allied/CFI's proposed Protective Agreement; nor has Odyssey made any counterproposal for a protective agreement.

As stated at paragraph 3 of Allied/CFI's response filed on May 10 to TECO's Supplemental Motion for Protective Order, there are three significant issues which remain to be resolved between Allied/CFI's and TECO's proposals for a protective agreement. Odyssey did not file a response to Allied/CFI's Motion to Compel Production of Documents by TECO, or to TECO's Supplemental Motion for Protective Order. Previous efforts to negotiate or mediate these issues proved

unsuccessful. Allied/CFI respectfully declines Odyssey's invitation for further negotiations concerning the three remaining disputed issues, and asks the Prehearing Officer to resolve the matter by ruling on Allied/CFI's and TECO's pending motions as quickly as possible.

Sincerely,

RE: Docket No. 000061-EI - Complaint by Allied Universal Corporation and Chemical Formulators, Inc. against Tampa Electric Company for Violations of Sections 366.03, 366.06(2) and 366.07, F.S.

**Confidential Document No. 08670-00, Prefiled Direct
Testimony of Stephen W. Sidelko**

On July 18, 2000, Odyssey Manufacturing Company (Odyssey) filed pursuant to Rule 25-22.006, Florida Administrative Code, and Section 366.093, Florida Statutes, a Request for Confidential Classification of Contract Service Arrangement and Portions of Prefiled Direct Testimony of Stephen W. Sidelko.

The specific portions of the prefiled testimony for which Odyssey requests confidential classification are as follows:

- (1) Page 18, lines 18 through 22 and Page 19, lines 1 through 7
- (2) Page 19, lines 9 through 15
- (3) Page 19, lines 20 and 21
- (4) Exhibit SWS-1, entire Contract Service Arrangement (CSA)

Odyssey asserts that the CSA and certain CSA related information is entitled to confidential protection. In support Odyssey states that the CISR tariff states that this information shall be made available to the Commission and its staff only. Odyssey further asserts that it treats the above referenced information as sensitive proprietary business information. Odyssey claims that public disclosure of the above-referenced information would harm Odyssey and Tampa Electric Company (TECO) and its general body of ratepayers. In addition, Odyssey entered into a binding non-disclosure agreement with TECO before sharing any information with TECO during its CISR negotiations.

Staff has reviewed the documents and finds that the following pages and lines meet the confidentiality criteria of Section 366.093, Florida Statutes: (1) Page 18, lines 18 through 22 and

RECEIVED

EAD DPM AMO

Page 19, lines 1 through 7; and (2) Page 19, lines 20 and 21. This information contains specific information regarding concessions made by Odyssey for the purpose of obtaining a CISR rate from TECO. Public disclosure of this information would harm Odyssey and TECO's ability to negotiate future CSA's.

Staff recommends denying confidential classification for Page 19, lines 9 through 15. This paragraph addresses the contents of Odyssey's affidavit. The CISR tariff requires a customer to provide legal attestation, through an affidavit, to state that but for the application of the CISR rate, the customer would not be served by TECO. In his prefiled testimony, Mr. Sidelko describes on Page 15 how his decision to locate the new bleach plant depended largely on the electric rate he could obtain. Specifically, on Page 15, lines 20 and 21, Mr. Sidelko stated that "if we could not obtain an acceptable rate, we would have to build the plant elsewhere." Therefore, the fact that Odyssey's locational decision was dependant on a favorable electric rate, which is the content of the affidavit, is public knowledge and can not be confidential.

In addition to the contents of the affidavit, lines 11 and 12 on Page 9 address the cost of electricity as a percentage of Odyssey's manufacturing costs. This information is public knowledge. At the August 1, 2000, Agenda Conference Mr. Ellis on behalf of Allied stated that power is 50 percent of the cost of manufacturing bleach using the same kind of bleach plant that Odyssey built. Based on the above reasoning, staff recommends that Odyssey's request for confidentiality of lines 9 through 15 on Page 19 be denied.

With respect to Odyssey's request for confidentiality of the CSA, staff recommends approval of Odyssey's request with the exception of Exhibit A and Exhibit B of the CSA. Exhibit A is a legal description of the property and Exhibit B contains Commission-approved tariff sheets. This information is clearly public and therefore can not be confidential. Public disclosure of tariff sheets and the legal description of the property will not harm Odyssey's competitive interests. However, the remaining portions of the CSA (Pages 1 through 4, Exhibit C, and Exhibit D) shall remain confidential. Odyssey treats this information as private. The information therefore qualifies as proprietary confidential business information under Section 366.093, Florida Statutes.

DATE: August 25, 2000
TO: Marlene Stern, Division of Legal Services
FROM: Elisabeth Draper, Division of Economic Regulation
RE: Docket No. 000061-EI - Complaint by Allied Universal Corporation and Chemical Formulators, Inc. against Tampa Electric Company for Violations of Sections 366.03, 366.06(2) and 366.07, F.S.

Recommendation concerning Tampa Electric Company's Request for confidential classification of Document Nos. 03140-00, 03141-00, 03142-00, 03143-00, 08245-00, and 09709-00.

On March 10, 2000, Tampa Electric Company (TECO) filed with the Commission a set of documents (Document Nos. 03140-00, 03141-00, 03142-00, 03143-00) related to its Commercial/Industrial Service Rider (CISR) tariff negotiations with Odyssey Manufacturing Company (Odyssey) and Allied Universal Corporation and Chemical Formulators, Inc. (Allied). TECO requested confidential classification pursuant to Rule 25-22.006, Florida Administrative Code, and Section 366.093, Florida Statutes of the information contained in the documents.

Order No. PSC-00-1171-CFO-EI, issued June 27, 2000, directed TECO to renew its request for confidentiality for Documents Nos. 03140-00, 03141-00, 03142-00, 03143-00. In response to the order, TECO filed on July 7, 2000, a Supplemental Request of Tampa Electric Company for Confidential Classification of Documents. On August 10, 2000, TECO filed a Request for Confidential Classification marked revised August 9, 2000. The revisions to the July 7 confidentiality request include miscellaneous corrections such as typographical errors and corrections suggested by staff.

On July 7, 2000, TECO filed on a confidential basis additional documents (Document No. 08254-00) relevant to its CISR negotiations with Odyssey and Allied. Finally, on August 10, 2000, TECO submitted additional confidential documents (Document No. 09709-00) pertaining to its CISR negotiations.

TECO asserts that the information contained in the above referenced documents merits confidential classification since they contain non-public, CISR-related material. TECO asserts that CISR-related material, such as the Contract Service Agreement (CSA),

pricing levels or procedures described within the CSA, information supplied by Odyssey or Allied in the course of CISR negotiations, or information developed by TECO in connection with CISR negotiations, is afforded confidential classification under the CISR tariff. In addition, TECO claims; the material satisfies the statutory test set forth in Section 366.093, Florida Statutes. TECO states that each of the documents is proprietary business information, the release of which would cause competitive harm to Odyssey and/or Allied, and reduce or eliminate TECO's ability to use the CISR tariff as a tool to benefit ratepayers.

Framework for analysis of TECO's confidentiality request

The issue whether the CSA and CISR-related information is entitled to confidential classification is being addressed in Order PSC-00-1530-PCO-EI, Order Denying Motions For Reconsideration, Declining to Rule on Requests for Oral Argument, and Clarifying Parts of Order No. PSC-00-1171-CFO-EI, issued August 23, 2000 (order).

The order states that the plain language of the CISR tariff does not obviate the need for a finding that the materials are confidential, if and when the materials are filed with the Commission. The order further states that the types of information which TECO must obtain during a CISR negotiation would appear to meet the definition of proprietary business information in Section 366.093(3), Florida Statutes.

Document Nos. 03140-00, 03141-00, 03142-00, 03143-00

TECO's August 10, 2000, request for confidentiality lists all the pages in Documents Nos. 03140-00, 03141-00, 03142-00, and 03143-00 for which TECO requests confidentiality. Staff has reviewed the documents and finds that all the pages TECO identified, except the pages listed in the table below, meet the confidentiality criteria of Section 366.093, Florida Statutes. In addition, staff recommends confidentiality for bates stamp pages 1361-0 and 1362-0. Staff believes that due to an oversight TECO did not include these pages in its August 10 revised request for confidentiality.

Staff recommends denying TECO's request for confidentiality for the bates stamp pages listed in the table below. These pages contain information that does not meet the requirements of Section 366.093, Florida Statutes.

Confidential Document No. 07871-00, Prepared Direct Testimony of William R. Ashburn

On June 28, 2000, Tampa Electric Company filed pursuant to Section 366.093, Florida Statutes, a request for confidential classification of portions of the Prepared Direct Testimony of William R. Ashburn.

- (7) Index, title of Document No. 2
- (8) Page 12 of Exhibit WRA-1, title of Document No. 2
- (9) Page 13 of Exhibit WRA-1, Document No. 2

specific information regarding TECO's negotiations with two customers pursuant to TECO's Commercial/Industrial Service Rider (CISR) tariff. Public disclosure of this information would harm the two customers and TECO's ability to negotiate future Contract Service Agreements under the CISR tariff that are favorable to TECO and its ratepayers. Staff recommends that the above referenced pages and lines in Document No. 07871-00 be granted confidential classification pursuant to Section 366.093, Florida Statutes.

Dear Commissioner Jacobs:

One of my greatest sources of pride as the leader of Tampa Electric is the competency and professionalism of our employee team. That is why on the rare occasion of a complaint regarding one of our employees coming to my attention, I personally look into the matter. I was made aware of such a complaint that has come before you and I have approached it as I would one that might come through "normal" channels.

During recent commission proceedings regarding the complaint of Allied Universal against Tampa Electric Company, Allied Universal's Mr. Robert Namoff and Mr. John Ellis have made comments demeaning the character of one of our employees, Mr. Larry Rodriguez. On multiple occasions, representatives of Allied Universal have referred to Larry as a "used car salesman" in what I assume is an attempt to discredit him.

I have personally looked into this matter and have spoken with Mr. Rodriguez as well as his supervisors. I have also reviewed Larry's employment history and file. He began his career with Tampa Electric in 1974, and has held many key roles within the company including his current role as Senior Account Manager. He holds a Bachelor's degree in Electrical Engineering and a Master's degree in Business Administration from the University of Florida, is a Licensed Professional Engineer in the State of Florida, and a Licensed Electrical Contractor.

Subject: Regional FSAWWA Meeting at TECO's Energy Technology Resource Center

Dear Ms. Westra:

On behalf of staff here at Tampa Bay Water and Regional Members of the FSAWWA, I would like to extend to you many thanks for the exceptional services provided by TECO staff Members on May 11, 1999. Debbie Mattson was instrumental in organizing our activities at the Energy Technology Resource Center. Debbie reduced Tampa Bay Water's workload through her availability and constant monitoring of the FSAWWA Members needs. Mark Roche provided an excellent briefing on TECO's mission at the ETRC and a presentation demonstrating the purpose and functionality of equipment within the facility.

A very special thanks to Larry Rodriguez our account manager, who truly represents the best interest of TECO through delivery of unsurpassed service to Tampa Bay Water. Larry has exceeded our expectations as Account Manager through delivery of services, such as segregation of the Morris Bridge and Cosme Water Treatment Plant electrical supplies from the wellfields. His efforts to serve the FSAWWA through providing the ETRC for a meeting facility, speaking engagements to FSAWWA Members and Teaming with Tampa Bay Water in Tallahassee on electrical optimization also exceed expectations. Most of all Larry has been instrumental in educating Tampa Bay Water staff on TECO incentive programs. The ETRC is very interesting and provides an excellent opportunity for Tampa Bay Water and Regional FSAWWA Members to better understanding of TECO's mission. Your staff demonstrated a high degree of professionalism providing a superior service to the

Tampa Bay Region. This was a very worthwhile and learning experience. Thanks again for the excellent delivery of services!

Confidential Document No. 07872-00, Prepared Direct Testimony of Lawrence W. Rodriguez

On June 28, 2000, Tampa Electric Company filed pursuant to Section 366.093, Florida Statutes, a request for confidential classification of portions of the Prepared Direct Testimony of Lawrence W. Rodriguez.

The specific portions of the testimony for which TECO requests confidential classification are as follows:

- (1) Page 3, starting on line 8 through Page 11, line 13

Section 366.093, Florida Statutes, defines "proprietary confidential business information" as:

[I]nformation, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

TECO states that it deems the above referenced portion of the testimony as confidential. Staff notes that TECO requested confidentiality for the entire testimony starting on Page 3.

Staff has reviewed the documents and finds that the following pages and lines meet the confidentiality criteria of Section

366.093, Florida Statutes:

- (1) The numerical values in line 10 on Page 6
- (2) The numerical value in line 18 on Page 7
- (3) Page 7, line 19 (beginning after the period) through line 22
- (4) Page 8, line 6 through line 22
- (5) The numerical value in line 10 on Page 9
- (6) Page 10, lines 6 through 11
- (7) Page 10, lines 17 through 25

This information contains specific details regarding TECO's negotiations with Allied pursuant to TECO's Commercial/Industrial Service Rider (CISR) tariff. All items identified as numerical values reference rate offerings by TECO or Georgia Power to Allied. Public disclosure of this specific information would harm Allied and TECO's ability to negotiate future Contract Service Agreements under the CISR tariff that are favorable to TECO and its ratepayers. In addition, both Allied and TECO treat this information as private.

Staff recommends denying confidential classification for the portions of the testimony that were not identified in the above paragraph as confidential. Those portions discuss in general terms the CISR negotiations between TECO and Allied. Similar information can be found beginning on Page 7 of the Direct Testimony of Robert M. Namoff on behalf of Allied as filed on February 21, 2000. Allied did not request confidentiality for that information. The information is therefore public and can not be confidential.

On June 28, 2000, Tampa Electric Company filed pursuant to Section 366.093, Florida Statutes, a request for confidential classification of portions of the Prepared Direct Testimony of Victoria L. Westra.

The specific portions of the testimony for which TECO requests confidential classification are as follows:

- (1) Page 2, lines 12 through 24
- (2) Page 4, lines 18 through 20
- (3) Page 10, lines 8 through 20
- (4) Index, Title and Page of Document No. 3
- (5) Title of Document No. 3 on Page 9 of Exhibit VLW-1
- (6) Pages 10 and 11 of Exhibit VLW-1, Document No. 3

Section 366.093, Florida Statutes, defines "proprietary confidential business information" as:

[I]nformation, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed

unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

TECO states that it deems the above referenced portions of the testimony as confidential pursuant to Section 366.093, Florida Statutes.

Staff has reviewed the documents and finds that the following pages and lines meet the confidentiality criteria of Section 366.093, Florida Statutes:

- (1) Page 2, lines 20 through 24
- (2) Page 4, lines 18 through 20
- (3) Page 10, lines 12 through 20
- (4) Pages 10 and 11 of Exhibit VLW-1, Document No. 3

These excerpts contain specific information regarding TECO's negotiations with two customers pursuant to TECO's Commercial/Industrial Service Rider (CISR) tariff. Public disclosure of this information would harm the two customers and TECO's ability to negotiate future Contract Service Agreements under the CISR tariff that are favorable to TECO and its ratepayers. In addition, both the customers and TECO treat this information as private.

Staff recommends denying confidential classification for the following:

- (1) Page 2, line 12 through first word on line 20
- (2) Page 10, lines 8 through 10
- (3) Title and Page of Document No. 3 on Index
- (4) Title of Document No. 3 on Page 9 of Exhibit VLW-1

The lines on Page 2 describe in general terms the procedures TECO followed during its CISR negotiations and do not contain specific information regarding TECO's CISR negotiations. In addition, TECO's Prehearing Statement as filed on June 30, 2000, contains the same language. TECO did not request confidentiality of this information in the Prehearing Statement.

The lines on Page 10 reference an allegation made by Allied Universal Corporation (Allied). This allegation can be found in Allied's complaint as filed on January 20, 2000. Allied did not

request confidentiality of this information. With respect to the title of the document, while the documents itself may be confidential, the title of the document does not classify as confidential information. Public disclosure of the title of the document will not harm the competitive interests of TECO. Based on the above reasoning, TECO's request for confidentiality for the above referenced lines should be denied.

Confidential Document No. 07874-00, Prepared Direct
Testimony of C. David Sweat

On June 28, 2000, Tampa Electric Company filed pursuant to Section 366.093, Florida Statutes, a request for confidential classification of portions of the Prepared Direct Testimony of David Sweat.

The specific portions of the testimony for which TECO requests confidential classification are as follows:

- (1) Page 2, lines 10 through 25 and Page 3, lines 1 through 3
- (2) Page 3, line 20 through Page 8, line 9
- (3) Index, Title and Page of Document No. 2
- (4) Title of Document No. 2 on Page 3 of Exhibit CDS-1

private agreement that provides that the information will not be released to the public.

TECO states that it deems the above referenced portions of the testimony as confidential.

Staff has reviewed the documents and finds that the following pages and lines meet the confidentiality criteria of Section 366.093, Florida Statutes:

- (1) Page 2, lines 12 through 25 and Page 3, lines 1 through 3
- (2) Page 3, lines 20 through Page 6, line 19
- (3) Page 7, line 3 through Page 8, line 9

This information contains specific information regarding TECO's negotiations with two customers pursuant to TECO's Commercial/Industrial Service Rider (CISR) tariff. Public disclosure of this information would harm the two customers and TECO's ability to negotiate future Contract Service Agreements under the CISR tariff that are favorable to TECO and its ratepayers. In addition, both the customers and TECO treat this information as private.

Staff recommends denying confidential classification for the following:

- (2) Page 6, lines 21 through 25 and Page 7, line 1
- (3) Index, Title and Page of Document No. 2
- (4) Title of Document No. 2 on Page 3 of Exhibit CDS-1
- (5) Page 4 of Exhibit CDS-1, Document No. 2

Line 10 on Page 2 states a simple question and clearly does not contain any confidential information. The remaining items reference the site of Allied Universal Corporation's (Allied) proposed plant. The proposed geographic location of Allied's plant is referenced in Allied's complaint as filed on January 20, 2000. Allied does not consider this information as private and did not request confidentiality of this information in its complaint. Based on the above reasoning, TECO's request for confidentiality for the above referenced lines should be denied.

Confidential Document No. 12556-00, Supplemental Testimony and Exhibit of William R. Ashburn

On October 3, 2000, Tampa Electric Company filed pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, a request for confidential classification of portions of the Supplemental Testimony and Exhibit of William R. Ashburn, filed October 3, 2000.

The specific portions of the supplemental testimony for which TECO requests confidential classification can be found on pages 2 through 9 of the testimony. In addition, TECO requests confidential classification for several attached exhibits:

- (1) Document No. 1, Page 1 of 1, entire page
- (2) Document No. 2, Page 1 of 6 through Page 4 of 6, entire page
- (3) Document No. 2, Page 5 of 6 and Page 6 of 6, specific portions
- (4) Document No. 3, Page 1 of 1, specific portions

Section 366.093, Florida Statutes, defines "proprietary confidential business information" as:

[I]nformation, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision,

an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

TECO states that the portions of the testimony for which it requests confidential treatment disclose details of TECO's negotiations with two customers: Odyssey Manufacturing Company (Odyssey) and Allied Universal Corporation (Allied), pursuant to TECO's Commercial/Industrial Service Rider (CISR) tariff. TECO further adds that public disclosure of this information would cause competitive harm to both customers and TECO and undermine the usefulness of the CISR tariff as a tool for the creation of ratepayer benefits.

Staff has reviewed the testimony and exhibits and finds that all the pages and lines TECO identified, except the lines listed below, meet the confidentiality criteria of Section 366.093, Florida Statutes. These excerpts contain specific information regarding the CISR rates TECO negotiated with Odyssey and Allied and address the results of TECO's Ratepayer Impact Measure (RIM) analysis. Public disclosure of this information would harm TECO's ability to negotiate future contracts.

Staff recommends denial of TECO's request for confidentiality for the following excerpts:

- (1) Page 3, lines 7 through 9
- (2) Page 5, lines 11 through 14
- (3) Page 7, lines 7 through 17

Items (1) and (2) do not contain specific information regarding TECO's CISR negotiations or proprietary business information. Item (3) discusses in general terms the RIM model and does not reveal any customer-specific information. Based on the above reasoning, TECO's request for confidentiality for the above referenced lines should be denied.

Confidential Document No. 12557-00, Supplemental Testimony and Exhibit of C. David Sweat

On October 3, 2000, Tampa Electric Company filed pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, a request for confidential classification of portions of the Supplemental Testimony and Exhibit of C. David Sweat, filed October 3, 2000.

The specific portions of the supplemental testimony for which TECO requests confidential classification can be found on pages 1 through 3 of the testimony. In addition, TECO requests confidential classification for the attached exhibit, Document No. 1, Page 1 of 1, in its entirety.

Section 366.093, Florida Statutes, defines "proprietary confidential business information" as:

[I]nformation, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

TECO states that the portions of the testimony for which it requests confidential treatment disclose details of TECO's negotiations with a customer, Odyssey Manufacturing Company (Odyssey), pursuant to TECO's Commercial/Industrial Service Rider (CISR) tariff. TECO further adds that public disclosure of this

information would cause competitive harm to both Odyssey and TECO and undermine the usefulness of the CISR tariff as a tool for the creation of ratepayer benefits.

Staff has reviewed the testimony and exhibit and finds that all the pages and lines TECO identified meet the confidentiality criteria of Section 366.093, Florida Statutes. These excerpts contain specific information regarding concessions made by Odyssey for the purpose of obtaining a CISR rate from TECO. Public disclosure of this information would harm Odyssey's and TECO's ability to negotiate future contracts.

MR. ELLIS: This case involves many confidential documents, more particularly described in a series of orders granting in part and denying in part various confidentiality requests, and/or requests for protective orders put forth by Tampa Electric, Allied/CFI, and Odyssey.

Allied/CFI, Tampa Electric, and Odyssey, and certain individuals on their behalf, are signatories to a protective agreement governing the handling of confidential information.

In order number PSC-00-1171-CFO-EI, issued June 27th, 2000, in this proceeding, Prehearing Officer Leon Jacobs, Jr., indicated that depositions in this proceeding shall be closed to the public and transcripts shall be sealed.

In order to abide by that ruling, avoid any inadvertent breach of the protective agreement, and to facilitate the conduct of this deposition, the parties hereby instruct the court reporter to seal the transcript to this deposition and to furnish one copy of the deposition transcript by U.S. mail marked personal and confidential to Mr. Ellis on behalf of Allied/CFI, to Mr. Long on behalf of Tampa Electric, and to Mr. Schiefelbein

1 on behalf of Odyssey. Please add one copy of the
2 transcript for Ms. Stern on behalf of the Public Service
3 Commission Staff.

4 The parties agree to treat the deposition
5 transcript as confidential information. The parties
6 further agree that the deponent reserves the right to read
7 and sign this deposition, and the lawyer for the witness
8 will forward the deponent's errata sheet to the court
9 reporter, whereupon the court reporter will send the
10 original of the deposition transcript and the errata sheet
11 to the lawyer for the witness who, in turn, will file the
12 original of the deposition transcript and the errata sheet
13 under a confidential transmittal letter to the Florida
14 Public Service Commission Division of Records and
15 Reporting, advising that the transcript and errata sheet
16 are sealed and are submitted on a confidential basis as
17 contemplated in the Prehearing Officer's ruling.

18 The parties further instruct the court reporter not
19 to honor any requests for copies of this transcript by any
20 person, other than the above listed counsel of record for
21 Allied/CFI, Tampa Electric, and Odyssey, and Public
22 Service Commission Staff.

PROCEEDINGS**STIPULATION**

MR. ELLIS: This case involves many confidential documents, more particularly described in a series of orders granting in part and denying in part various confidentiality requests, and/or requests for protective orders put forth by Tampa Electric, Allied/CFI, and Odyssey.

Allied/CFI, Tampa Electric, and Odyssey, and certain individuals on their behalf, are signatories to a protective agreement governing the handling of confidential information.

In order number PSC-00-1171-CFO-EI, issued June 27th, 2000, in this proceeding, Prehearing Officer Leon Jacobs, Jr., indicated that depositions in this proceeding shall be closed to the public and transcripts shall be sealed.

In order to abide by that ruling, avoid any inadvertent breach of the protective agreement, and to facilitate the conduct of this deposition, the parties hereby instruct the court reporter to seal the transcript to this deposition and to furnish one copy of the deposition transcript by U.S. mail marked personal and confidential to Mr. Ellis on behalf of Allied/CFI, to Mr. Long on behalf of Tampa Electric, and to Mr. Schiefelbein

1 on behalf of Odyssey. Please add one copy of the
2 transcript for Ms. Stern on behalf of the Public Service
3 Commission Staff.

4 The parties agree to treat the deposition
5 transcript as confidential information. The parties
6 further agree that the deponent reserves the right to read
7 and sign this deposition, and the lawyer for the witness
8 will forward the deponent's errata sheet to the court
9 reporter, whereupon the court reporter will send the
10 original of the deposition transcript and the errata sheet
11 to the lawyer for the witness who, in turn, will file the
12 original of the deposition transcript and the errata sheet
13 under a confidential transmittal letter to the Florida
14 Public Service Commission Division of Records and
15 Reporting, advising that the transcript and errata sheet
16 are sealed and are submitted on a confidential basis as
17 contemplated in the Prehearing Officer's ruling.

18 The parties further instruct the court reporter not
19 to honor any requests for copies of this transcript by any
20 person, other than the above listed counsel of record for
21 Allied/CFI, Tampa Electric, and Odyssey, and Public
22 Service Commission Staff.

RE: Docket No. 000061-EI - Complaint by Allied Universal Corporation and Chemical Formulators, Inc. against Tampa Electric Company for Violations of Sections 366.03, 366.06(2) and 366.07, F.S.

Recommendation concerning Tampa Electric Company's Request for confidential classification of Document Nos. 10648-00, 13580-00, 14033-00, 15002-00, 00217-01, 00628-01, and 03551-01 (fax version) and 03681-01 (original version) and Allied Universal Corporation's Request for confidential classification of Exhibit B in Document No 03681-01.

Tampa Electric Company (TECO) filed certain confidential documents in Docket No. 000061-EI. Section 366.093, Florida Statutes, defines "proprietary confidential business information" as:

[I]nformation, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

Each request for confidential classification is addressed separately below.

Document No. 10648-00 - Responses to Allied/CFI's request for production of documents, Nos. 1-5 and 9-18 and revised answers to Allied/CFI's Interrogatories, Nos. 4, 5, 10, and 11.

TECO asserts that Document No. 10648-00 contains confidential proprietary business information the public disclosure of which would be harmful to TECO and its general body of ratepayers. TECO

provided the pages which it claims to be confidential on yellow paper which is marked confidential.

All pages in Document No. 10648-00 are copies of pages that can be found in Document No. 03140-00. Document No. 03140-00 contains all documents relevant to TECO's CISR negotiations with Odyssey. The Commission has found that these pages qualify as confidential information. See Order No. PSC-00-1886-CFO-EI, issued October 16, 2000. Consistent with Order No. PSC-00-1886-CFO-EI, staff recommends that Document No. 10648-00 be granted confidential classification.

Document No. 13580-00 - Responses to Allied/CFI's request for production of documents, Nos. 6, 7, and 8.

TECO asserts that its responses to Allied's POD Nos. 6 and 7 contain confidential proprietary business information. TECO provided the pages which it claims to be confidential on yellow paper which is marked confidential.

Staff has reviewed the filing and recommends that the following pages do not qualify as confidential information.

POD No. 6:

Page	Justification
Page 1 of 325 through Page 6 of 325	Pages list title, date, number of pages, and Bates stamp of documents that are responsive to Allied's POD No. 6. A list of documents does not qualify as confidential information. In addition, a similar list can be found in Order No. PSC-00-1171-CFO-EI, Attachment A.
Page 44 of 325 and Page 45 of 325	Memorandum dated September 10, 1998. These pages were denied confidential classification in Order No. PSC-00-1886-CFO-EI (page 4)

POD No. 7:

Page	Justification
Page 1 of 124 and Page 2 of 124	Pages list title, date, number of pages, and Bates stamp of documents that are responsive to Allied's POD No. 7. A list of documents does not qualify as confidential information. In addition, a similar list can be found in Order No. PSC-00-1171-CFO-EI, Attachment A.

All other pages provided by TECO in response to Allied's POD No. 6 are copies of pages contained in Document No. 03140-00. All other pages in TECO's response to Allied's POD No. 7 are copies of pages contained in Document No. 03141-00. Document No. 03141-00 includes all documents relevant to TECO's CISR negotiations with Allied. The Commission has granted confidentiality for Documents Nos. 03140 and 03141 in Order No. PSC-00-1886-CFO-EI. Consistent with Order No. PSC-00-1886-CFO-EI, staff recommends that Document No. 13580-00 be granted confidential classification.

Document No. 14033-00 - Answer to Allied/CFI's 2nd set of interrogatories, Nos. 12-20.

TECO contends that Document No. 14033-00 contains confidential proprietary business information that consistent with prior orders of the Commission in this proceeding must be protected against public disclosure pursuant to Section 366.093, Florida Statutes. TECO provided the pages which it claims to be confidential on yellow paper which is marked confidential.

Staff recommends denial of TECO's confidentiality request for TECO's response to Interrogatory No. 12, Page 1 of 1. This page contains general information about dates, locations, and attendees of meetings between TECO and Odyssey. The release of this information will not cause harm to TECO or Odyssey.

TECO's responses to Allied's interrogatories on the remaining pages in Document No. 14033-00 contain specific information regarding TECO's CISR negotiations with Allied and Odyssey. The release of this information would cause competitive harm to Allied and Odyssey, and reduce TECO's ability to use the CISR tariff as a tool to benefit ratepayers. This information therefore satisfies the statutory test set forth in Section 366.093, Florida Statutes.

However, the questions submitted in Interrogatory Nos. 15, 16, and 17 are identical to interrogatories sent by staff to TECO. See Staff's First Set of Interrogatories to TECO, Nos. 4, 5, and 6.

The interrogatory question is therefore public and not confidential.

In summary, staff recommends denying TECO's request for confidential classification for Interrogatory No. 12, Page 1 of 1, and Allied's questions in Interrogatory Nos. 15, 16, and 17. All other pages in Document No. 14033-00 meet the confidentiality criteria of 366.093, Florida Statutes.

Document No. 15002-00 - Answers to staff's 1st set of interrogatories, Nos. 1-7.

TECO provided the pages which it claims to be confidential on yellow paper which is marked confidential. Specifically, TECO requests confidentiality for its response to Interrogatory No. 1, page 2 of 3 and page 3 of 3. These pages are copies of pages contained in Document No. 03143-00. Document No. 03143-00 consists of a 2-page time line comparison reflecting amounts of time TECO negotiated with Odyssey and Allied. Second, TECO requests confidentiality for its response to Interrogatory No. 3, page 2 of 3 and page 3 of 3. These pages are copies of pages contained in Document Nos. 03140-00 and 03141-00 and show incremental cost calculations.

The Commission has granted confidentiality for Documents Nos. 03140, 03141, and 03143 in Order No. PSC-00-1886-CFO-EI. Consistent with Order No. PSC-00-1886-CFO-EI, staff recommends that Document No. 15002-00 be granted confidential classification.

Document No. 00217-01 - Remaining responses to Allied/CFI's request for production of documents, Nos. 6 and 7.

TECO provided the pages which it claims to be confidential on yellow paper which is marked confidential. Document No. 00217-01 contains copies of pages from Document No. 03140-00. These pages were granted confidentiality in Order No. PSC-00-1886-CFO-EI. Consistent with Order No. PSC-00-1886-CFO-EI, staff recommends that Document No. 00217-01 be granted confidential classification.

Document No. 00628-01 - Answers to staff's 2nd request for production of documents, Nos. 9-10.

This document contains TECO's revised runs of the Rate Impact Analysis (RIM) model used to generate the incremental cost to serve Allied and Odyssey. TECO asserts that pursuant to the Commission's determination in Order No. PSC-00-1171-CFO-EI the RIM analysis is entitled to protection from public disclosure pursuant to Section 366.093, Florida Statutes.

The original RIM analysis for Allied can be found in Document No. 03141-00, Bates stamp 1686-A through 1696-A. The original RIM analysis for Odyssey can be found in Document No. 03140-00, Bates stamp 359-0 through 371-0. The RIM analyses in Document No. 00628-01 are essentially the same as the original RIM analyses performed by TECO with the exception of the modification of some of the inputs.

TECO's original RIM analyses were found to be confidential in Order No. PSC-00-1171-CFO-EI. See pages 25-26. Accordingly, staff recommends that Document No. 00628-01 be granted confidential classification.

**Document No. 03551-01 (fax version) and 03681-01 (original version)
- Contract Service Agreement for the provision of service under the
CISR between Tampa Electric and Allied Universal Corporation.**

TECO requested confidentiality for the CSA and Exhibits A, C, and D of to the CSA. Allied requested confidentiality for Exhibit B of the CSA which contains the Force Majeure clause. The Force Majeure language is also contained in Section 4 of the CSA and thus also subject to TECO's request for confidential classification.

TECO asserts that public disclosure of the CSA would adversely affect TECO's ability to negotiate CSAs in the future. Staff notes that the Commission has found TECO's CSA with Odyssey to be confidential in Order No. PSC-00-1886-CFO-EI. Similarly, staff believes that TECO's CSA with Allied qualifies as proprietary business information, the release of which would cause competitive harm to Allied and harm TECO's ability to use the CISR tariff to create ratepayer benefits.

Allied contends that the Force Majeure clause filed as Exhibit B to the CSA has been treated as confidential by Allied and TECO and has not been publicly disclosed. The Force Majeure clause is an integral part of the CSA and therefore is entitled to confidential classification.

DATE: July 20, 2001

RE: Docket No. 000061-EI - Complaint by Allied Universal Corporation and Chemical Formulators, Inc. against Tampa Electric Company for Violations of Sections 366.03, 366.06(2) and 366.07, F.S.

Recommendation concerning Allied Universal Corporation's Request for confidential classification of Document Nos. 07051-01, 07053-01, and 07055-01.

(See DN 00926-01) (See 00924-01, 00976-01) (x-ref. 00928-01)

On January 22, 2001, Allied Universal Corporation (Allied) filed rebuttal testimony of three witnesses: (1) Dr. Charles F. Phillips, Jr. with exhibits CFP-2 and CFP-3, (2) Robert M. Namoff with exhibits RMN-15 through RMN-19, and (3) James W. Palmer. On June 5, 2001, Allied filed its request for confidential classification pursuant to Rule 25-22.006, Florida Administrative Code, and Section 366.093, Florida Statutes of the information contained in the documents.

Allied asserts that the information in the rebuttal testimony for which confidential classification is requested concerns terms negotiated between Tampa Electric Company (TECO) and Allied, and between TECO and Odyssey Manufacturing Company (Odyssey), for discounted electric service under TECO's Commercial/Industrial Service Rider (CISR) tariff. Allied further asserts that testimony concerning this subject has been granted confidential classification in prior orders in Docket No. 000061-EI.

Allied states that by inadvertence the request for confidentiality was not filed within the time provided by Rule 25-22.006, Florida Administrative Code. Allied states that this information, however, has been granted confidentiality in prior orders. Staff agrees that this information has been granted confidentiality in prior orders.

Attachment A of Allied's Request for Confidential Classification shows the pages and lines Allied considers as confidential information.

Document No. 07051-01, Rebuttal testimony of Dr. Charles F. Phillip, Jr.

Staff recommends that Document No. 07051-01 be granted confidential classification except the first two words at Page 4, line 8 and again at Page 12, line 6. Information on the term of the contract can be found in TECO's quarterly CISR reports. TECO has not requested confidential classification for that information. The information is therefore public information and can not be confidential.

Staff further recommends that confidentiality be granted to the numerical value shown at Page 4, line 1. Staff believes that due to an oversight Allied did not request confidentiality of that value. Allied requested confidentiality for the same numerical value at Page 4, line 3.

Document No. 07053-01, Rebuttal testimony of Robert M. Namoff

Staff recommends that Document No. 07053-01 be granted confidential classification as requested by Allied.

Document No. 07055-01, Rebuttal testimony of James W. Palmer

Staff recommends that Document No. 07055-01 be granted confidential classification as requested by Allied.

Subject: order in 000061

Marlene, thanks for getting this order down. It is being issued today (4/22). I thought I would check the listing in the attachment against the confidential listing we have, and fortunately all documents were accounted for--were mentioned. Several are listed as needing to be returned, and they actually have already been returned, but I don't think that is a big concern. There was one typo in a document number. The number was 00825-00 in the attached list, but is actually 08025-00. I am going to white out and correct that number before we issue the order.

Where did the list attached to the order come from? I thought it might be in one of the recent filings from the parties, but I didn't find it. Is it something you were given directly by one of the parties, that should possibly be part of the docket file? If it should be in the file, you can send it to us by cover memo.

Thanks.
Kay

Re: Confidential Document No. 03681-01, Docket No. 000061-EI

Dear Mr. Beasley:

I have enclosed a copy of a memorandum dated May 10, 2006 from the Office of the General Counsel concerning confidential Document No. 03681-01. The document, which was the contract service arrangement for provision of service under commercial/industrial service rider and force majeure clause (Exhibits A and B to the settlement agreement), was filed March 22, 2001 and followed by a formal request for confidentiality on April 10, 2001. It was signed out of the confidential file by the lead staff attorney on August 5, 2004, but, as noted in the memorandum, could not be located following a diligent search of staff offices.

The Commission has very stringent procedures in place for handling confidential documents, and we do not take lightly our responsibility to safeguard these documents while they are in our possession. Thus, the loss of this document is a serious matter to us.

Any questions concerning this matter may be directed to Kay Flynn at 413-6744.

Sincerely,

Blanca S. Bayó
