From: Kay Flynn Confirm receipt
To: Beth Keating
Subject: fwd: 980733

====NOTE=====7/14/99==2:24pm==
CC: Matilda Sanders

Beth, I went on and gave those 3 items
(including the diskette) to Matilda.
She will check to see if they are
duplicates of conf. documents that were
filed directly with RAR. If they are
duplicates, she will have them
shredded.

Kay

Fwd=by:=Matilda=Sander=7/14/99==3:11pm==
Fwd to: Kay Flynn
CC: Beth Keating

The disk from Attorney General's 3rd
POD, No. 21 I have, this must be extra
copy that I'll destroy if you would
like me to.

GTEFL 2nd POD No. 2 10/23/98
GTEFL 2st REVISED POD No. 2 11/3/98
(plus diskette)
I don't see any dns filed around this
time as the envelopes are marked.
Looking in the envelopes the one for
10/23/98 are pgs 38 1049 pg 8, and 38
1050 pg 9. In the revised 11/3/98
they're marked 38 1049R pg 8, 1050R pg
9, 38 1052R pg 11, and 38 1053R pg 12.
In the Binder 16 that GTEFL filed
Section 38 only goes to pg 38 579.

I just don't see anything else that
GTEFL filed confidential material that
it would fit. Also, looked in
980000A-SP as where we had placed dns
in both dkts. Of course, those Binders
are fixing to go the shredder soon.

Can you think of anywhere else to look
or what I should do? Thx, Kay.

Fwd=by:=Beth=Keating==7/14/99==3:19pm==
Fwd to: Kay Flynn, Matilda Sanders

If it doesn't look like it was filed,
maybe we can just send it back.

Fwd=by:=Kay=Flynn=====

Fwd to: Beth Keating
CC: Matilda Sanders

yes, we can do that. Send me a memo to
return "GTE's responses to staff's 2nd
POD (No. 2) filed 10/23/98" and "GTE's
first revised responses and objections
to staff's 2nd POD (No. 2) filed
11/3/98." RAR did get notices of
service of each of these, but not the
filings. The first was by Tony Gillman,
the second by Kim Caswell. I will

224-3963

mention in the letter returning the documents that conf. material should never be filed directly with staff.

RE: Request to View Confidential Audit Report and Associated Workpapers

FPSC, CLK - CORRESPONDENCE

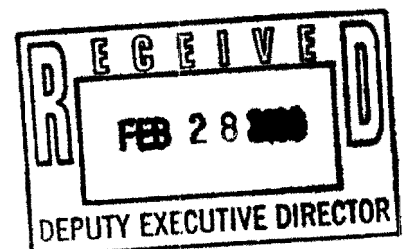

✓ Administrative Parties Consumer

DOCUMENT NO. 16199-01

DISTRIBUTION: _____

The Division of Auditing and Financial Analysis conducted an audit of MCI WorldCom's flow-through of 1998 switched access reductions to its customers, pursuant to Section 364.163(6), Florida Statutes, and PSC Order No. 98-0795-FOF-TP. The audit, Audit Control No. 99-078-1-3, revealed serious deficiencies in MCI WorldCom's flow-through. In order to pursue further action to ensure that MCI WorldCom is in compliance with Section 364.163(6), Florida Statutes, Sally Simmons, David Dowds, Ray Kennedy, and Sue Ollila should be authorized to review the following confidential documents filed in this audit: 01439-00, 02182-00, 02183-00, 02198-00 (Audit Report), and 02245-00.

JAN 27 2000

FLORIDA PUBLIC SERVICE COMM
Chairman Garcia

Dear Ms. Garcia:

The Putnam County Board of County Commissioners, in meeting assembled on the 11th day of January, 2000, voted to respond to your request for comments regarding possible upcoming changes affecting telephone service in our area.

Putnam County would like to remain with their present 904 area code exchange and would like to go on record in support of maintaining that area code for all of their residents. Putnam County is a large rural County that has many different prefix numbers and residents now who cannot make a call to the County seat without it being a toll call. Fortunately, several years ago the PSC took steps to charge a flat fee of 25 cents per call for some users to call within Putnam County, but this action did not cover all of the residents of Putnam County. A further change in telephone numbers will only increase confusion and cost the County additional money they had not budgeted for.

We appreciate your notification of the upcoming hearings, and thank you for the opportunity to place on record our position that all of Putnam County remain within the 904 area code.

RECORDS AND
REPORTING

This office has received the attached correspondence. The correspondence has not been viewed or considered in any way by the Commissioner.

Under the terms of the advisory opinion from the Commission on Ethics (issued July 24, 1991, as CEO 91-31-July 19, 1991) this letter does not constitute an *ex parte* communication by virtue of the fact that it was not shown to the Commissioner. Because it is *not* deemed to be an *ex parte* communication, it does not require dissemination to parties pursuant to the provisions of Section 350.042, Florida Statutes.

In cases such as this, the Commissioner has requested, however, that such correspondence be placed on the record in the correspondence side of the docket.

Note: This communication was received via U.S. mail

Re: Application for transfer of facilities from Lindrick Service Corporation in Pasco County to City of Port Richey and cancellation of Certificates Nos. 157-W and 107-S.

Dear Mr. Lupo:

Per your request, enclosed are copies of Lindrick Service Corporation's (LSC's) 1998 annual report and a sample application for transfer to a governmental authority. The application is being sent under separate cover to Ms. McNeil at LSC. When the transfer of LSC's facilities to the City of Port Richey occurs, both parties should jointly participate in completing the application as certain information needs to be provided by each entity.

If you have any questions regarding the procedures for transfer, please don't hesitate to contact either myself or Ms. Brady at (850) 413-6900.

Sincerely,

Mr. Paul V. Lioon
1486 Wassail Lane
Punta Gorda, FL 33983-6083

Dear Mr. Lioon:

Thank you for the copy of your February 19, 2000, letter to Ms. Blanca Bayo, Director, Division of Records & Reporting of the Florida Public Service Commission, concerning the Florida Water Service rate increase.

As both a County Commissioner and a resident of Deep Creek, I am in opposition to the rate increase that Florida Water Services is seeking. In fact, the Charlotte County Board of County Commissioners has authorized the County Attorney to file suit against Florida Water Services to recover more than \$1 million that we believe they owe Charlotte County. To pursue this lawsuit, we have retained expert outside counsel and have authorized expenditures up to \$250,000 because we believe Florida Water Services is in violation of the contract they have with Charlotte County.

Unfortunately, Florida Water Services is regulated by the Florida Public Service Commission and is not under the jurisdiction of the Charlotte County Commission. There is little recourse for the County in this matter other than to seek relief in court. The County does sell water to Florida Water Services and if we refuse to sell them the water, the residents of Deep Creek would suffer; and that is the reason we have turned to the courts.

I do not believe that Florida Water Services has been reasonable and I sincerely believe that they are charging unfair rates. I sincerely thank you for being concerned enough to put your observations in writing,

I am sending a copy of this letter to the Public Service Commission, to Representative David Bitner and to Senator Lisa Carlton.

Re: WS-99-0178 and WS-99-0179, Application of Florida Water Service Corporation for a 1999 Price Index Rate Adjustment for Water and Wastewater.

Dear Mr. Feil:

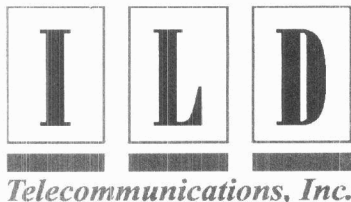

The customer notice filed with your 1999 Price Index indicated that customers should file any complaints with the Division of Records and Reporting. Upon review of the customer notice, staff accepted that language since it was consistent with the language in the customer notice filed in the previous application. However, to facilitate better routing and response for complaints, the customer notice in subsequent Index and/or Pass-through applications should direct customers to send their letters to the Division of Water and Wastewater. The referral to the Division of Consumer Affairs' toll free number should also be included.

If you have any questions, please contact Jennifer J. Iwenjiora at (850) 413-6980.

Sincerely,

RE: Intellicall Operator Services, Inc. dba ILD ("ILD"): Pro
Forma Restructuring of Parent Company

Dear Sir or Madam:

Intellicall Operator Services, Inc. dba ILD ("ILD") is a wholly owned subsidiary of ILD Telecommunications, Inc. and is authorized to provide telecommunications service in this state.¹ By this letter, ILD notifies the Florida PSC ("Commission") of a minor restructuring affecting its parent, ILD Telecommunications, Inc. The transaction described below will not affect ownership of the stock of ILD or its management. ILD will continue to operate under its existing authority and there will be no change in the rates and services it provides to customers.

ILD Telecommunications, Inc. is arranging for additional financing for use in its telecommunications activities. In connection with this financing, the anticipated lender has suggested that it would be desirable for ILD Telecommunications, Inc. to create a new holding company ("ILD Holdings, Inc.") that would hold all of the stock of ILD Telecommunications, Inc. Doing so would more readily permit a pledge of the stock of ILD Telecommunications, Inc. by its single shareholder, ILD Holdings, Inc., as security for the financing. The current shareholders of ILD Telecommunications, Inc. propose, therefore, to exchange their shares in ILD Telecommunications, Inc. for an identical interest in the shares of ILD Holdings, Inc. a Delaware corporation. No new person will acquire any interest in ILD Holdings, Inc. which will own 100% of the shares of ILD Telecommunications, Inc. which will continue, as now, to own 100% of ILD.

It is our understanding that this purely formal change in the ownership of the parent company, which does not effect the ownership of the telecommunications entity - ILD, does not require Commission approval and the foregoing is provided solely for the information of the Commission.

¹ ILD was authorized to provide service in Dockets 880816-TI; &970500-TC980063-TP

The Commission will be notified promptly upon consummation of the transaction so that it may modify its records as appropriate.

Should the Commission have any questions about this transaction, please communicate with the undersigned {or our Washington counsel, James J. Freeman, Kelley Drye & Warren LLP, 12000 19th St. NW, Washington DC 20036 (Tel: 202/955-9778; Fax: 202/955-9792; email: jfreeman@kelleydrye.com.)}

Very Truly yours,

FLORIDA PUBLIC SERVICE COMM.
Chairman Garcia

Mr. Joe Garcia, Chairman
Florida Public Service Commission
2540 Shumard Oak Blvd.
Tallahassee, FL 32399-0867

Dear Joe,

As I am sure you are aware, Florida Power has agreed to a merger with Carolina Power & Light. The merger will raise numerous regulatory issues of interest to the Florida Commission. In order to address these issues in a proactive manner, FPC is pleased to offer the following proposal to the Commission for its consideration. The issue of greatest interest is the cost reductions that will be effected as a result of the merger and the apportionment of these savings between shareholders and customers in each of CP&L's operating jurisdictions. In this regard, FPC proposes that the following cost savings be identified and assigned to Florida Power's retail class of customers:

- 1) As a result of the merger, FPC's financial leverage will be increased from 45 % debt to approximately 70 % debt, resulting in a reduced cost of capital. We recognize that this increase in leverage is in essence unrelated to the merger, i.e., FPC could have increased its financial leverage absent the merger and achieved this cost reduction in any case. Furthermore, it is FPC's customers that will bear the risk of this increase in leverage. Therefore, we propose that the jurisdictional portion of this cost reduction, estimated at \$40.5 million annually, be assigned to FPC's retail customers.
- 2) FPC has identified a number of initiatives that are, likewise, unrelated to the merger and are actions that FPC could have undertaken in any case. As these cost reductions will directly impact customer service, it is only appropriate that the benefits of these actions be directly assigned to retail customers. These actions include scaling back the Customer Solutions function, closing FPC's Lake Mary Call Center and closing the customer service stores. The projected cost reduction resulting from these actions is \$11.7 million annually.
- 3) The balance of the merger related savings are true synergies resulting from the merger transaction and are estimated to be \$180 million on an annualized, ongoing basis. It must be recognized that these savings derive from the overall combination of FPC's and CP&L's operations and therefore must be shared accordingly. We have estimated that \$70 million of the total savings are allocable to the Florida operations and propose that 20% of the total savings be assigned to the retail Florida jurisdiction, or \$14 million annually.

In total, this proposal would reduce retail revenue requirements by \$66.2 million. We believe that this is a fair apportionment of the savings and request that the Commission give this proposal its immediate attention. We have established an aggressive schedule to close the merger by September of 2000 and will need to receive Commission approval for this proposal prior to taking the merger transaction before shareholders for a vote. If the terms of this proposal are agreeable, we propose to file a proposed agency action petition to this effect for approval by the Commission.

As a related matter, we are preparing to request approval of the merger transaction from the Federal Energy Regulatory Commission (FERC). Given that the Florida Commission has no direct jurisdiction over the merger, we anticipate that the Florida Commission will, no doubt, avail itself of its rights under FERC's Merger Policy Guidelines to request that FERC include an analysis of the merger on retail competition in Florida in its consideration of the merger. We hereby request that the Commission make this request to FERC concurrent with FPC's merger application at FERC in order to expedite the processing and approval of the merger by FERC.

Sincerely, 

Vincent Dolan
Director, Corporate & Regulatory Policy
Florida Power Corporation

Would you please explain to me how Florida Water Services can base their sewer fees on the amount of water that is used. When I wash my truck or water plants & grass, I have to pay for sewer usage. This really is unfair and I would appreciate some sort of explanation why this is allowed.

Thank you,
Sandra Martin

NOTICE TO CUSTOMERS

Pursuant to Section 367.081(4)(a), Florida Statutes, water and sewer utilities are permitted to adjust, twice a year, the rates it charges to its customers without those customers bearing the additional expense of a public hearing. These adjustments in rates would depend on increases or decreases in noncontrollable expenses subject to inflationary pressures such as chemicals, and other general operation and maintenance costs.

On February 22, 2000, AquaSource Utility, Inc., filed its Notice of Intention with the Florida Public Service Commission to increase water and wastewater rates in Charlotte County pursuant to this Statute. The wastewater base facility charges and gallonage rate will increase by 0.82%. The water base facility charges and gallonage rate will increase by 0.71%. These rates will be effective for service rendered on and after April 22, 2000.

If you have any questions, please contact the local utility office.

AQUASOURCE UTILITY, INC.

Tallahassee, FL 32399-0850

Dear Director.

Please be aware that Charlotte County, Florida made a higher bid for this Utility and walked away for a meeting believing that they had the deal sowed up, and were very surprised to find out it was sold to Aquasource Utilities, Inc., which I believe is a Texas based Corp for what I believe to be \$1,000,000 less than the Counties bid. The Counties objective was to broaden it's service base and reduce the overall cost for all it's customers. The State of Florida should investigate this suspicious, and possibly illegal transaction to the fullest, in the best interest of the residents in this area. Our rates at this time are extremely high about \$1000/yr for a family of two. Our best bet is Aquasource will almost surely will ask for a further increase as soon as they are in control, so please let's not let this go thru without a thorough investigation by the State of Florida for it's Citizens.

Sincerely Yours,

John J. Murphy

P.O. Box 1719
Sarasota, FL 34230

Dear Director,

Enclosed please see the attachments, my letter to you on 1/1/99, the increase in our water and sewer rates, the excessive rates comparisons to Aquasource Utility. This to the Users in this community is, UNFAIR, INFLATIONARY to a Community on fixed income. The state should have allowed the Charlotte County, higher bid to take over this Utility and spread it's distribution and lower rates for everyone. Governor Bush's Administration apparently does not know what's going on, and the ordinary Citizen is paying the price. The Citizens of this Community should demand a complete investigation of the Commissions tactics.

Yours truly, John J Murphy

From one area to another,

WATER FROM 1D

has jurisdiction over some private utility water rates in some counties, it does not oversee the rates in Sarasota County and oversees the rates of only some private utilities in Manatee and Charlotte counties. In counties the PSC oversees, the agency averages the rates of various utilities to find the average cost to consumers, said Kevin Bloom, a PSC spokesman.

Bloom said the method used by the Herald-Tribune to average county water rates is similar to the method used by the PSC to compare utility bills.

"Manatee County and some of

the other counties that have the lower rates have mature facilities that were built when federal grants were prolific," said Bob Anderson, a Sarasota County Commissioner. "Now there are no grants, and the cost of building plants is more expensive now, so it's hard to make a comparison."

Rates also vary depending on the number of customers served. Some smaller utilities may serve only a few hundred connections in one subdivision, while a municipal utility may serve thousands. Larger utilities are able to save on volume.

For example, a customer using the same 4,000 gallons of water and

waste-water service could pay a little as \$27.07 or as much as \$32.6 in Manatee County, as little as \$2 or as much as \$85.39 in Sarasota County, and as little as \$49.25 or as much as \$71.38 in Charlotte County.

Still, most rates in Manatee County fall into the \$29 to \$31 range, most rates in Sarasota County fall into the \$42 to \$57 range, and most rates in Charlotte County fall into the \$62 to range.

Even rates in Manatee County, which has older water and waste-water facilities, may not stay so low for much longer. Manatee County officials have asked the County Commission to approve 5.6 percent

Water and sewer rates

The average water and sewer usage is about 4,000 gallons to 6,000 gallons for each.

Subject: RE: FairPoint/ALLTEL - 5/12/00 letter

This letter is neither a petition nor a request for arbitration, and no arbitration docket should be opened. FairPoint has asked Alltel to begin negotiations for an agreement, and Alltel has not responded, apparently because the representative from FairPoint used to work for Alltel, and Alltel does not believe it appropriate for this person to be involved in the negotiations. FairPoint is simply requesting that the Commission intervene to assist in getting the negotiations underway. I will sit down with our attorneys and attempt to set up a conference with the parties, but this may be a legal matter that the Commission may not be able to resolve. Therefore, the letter should remain where it is unless you hear back from me.

Re: Request for Waiver of Penalties and Interest on Regulatory Assessment Fees

Dear Mr. Ustica:

We have received your letter to Ms. Jackie Knight dated May 12, 1999, requesting waiver of penalties and interest on delinquent 1999 regulatory assessment fees (RAFs).

Section 367.145(1), Florida Statutes, states that "[t]he commission shall set by rule a regulatory assessment fee that each utility must pay once a year" Moreover, Section 350.113(4), Florida Statutes, states that "[t]he commission shall collect the fee and penalty, plus interest and all costs of collection, from the regulated company." The Commission cannot waive this statutory mandate to collect RAFs, penalty, interest, and all costs of collection. Consequently, Tamiami Village Water Company, Inc. must remit the statutory penalties and interest for the period March 31, 1999 to May 12, 1999, immediately.

Please be aware that the opinions contained herein are the informal opinions of the Division of Legal Services and in no way bind the Commission. Should you have additional questions, please feel free to contact me at (850) 413-6199. If you have any questions regarding the amount due, please contact Ms. Mary Ann Kelley at (850) 413-6267.

5 Freedom Way
Lake Placid, FL
33852

12 June 2000

Public Service Commission
2540 Shumart Ok Blvd
Tallahassee, FL 32399

Dear Sirs:

Re: Woodlands of Lake Placid

Subject corporation has furnished Camp Florida Resort residents and renters with water/sewer services since 1995. In 1998, the monthly rate for residents was raised from \$25.00 to \$35.00 per month and continues at that rate. The monthly rate for the water supplied to the neighboring two developments was not increased at that time nor has it been increased since then.

Would you please confirm the date the increase was approved by the commission and the justification for increasing only a portion of the customers?

We, as residents, have been advised by Woodlands that you require us to install individual meters on each of our properties with the exclusion of those owned by CFR-LP for rental. Meters are already in place at the pumps and we fail to understand what the purpose is for meters to be installed on only a small portion of users within this resort. Hopefully, you can provide some information which will clarify this strange distinction in requirements.

A reply is respectfully requested.

Sincerely,

Sara S. Keller

Subject: Area Codes

Why hasn't the PSC considered separate area codes for voice and data communications? Not only would numbers within an area code last longer, it would eliminate the obnoxious noise in one's ear resulting from misdialed facsimile numbers.

Please consider this as an alternative to the constant injection of new area codes. The lost productivity working around area code changes and the loss of business and expense moneys is no small consideration to companies that have to deal with frequent changes to area codes.

Thank you,
Jerry Delozier,
Buyer, Lee County School District
Fort Myers, FL 33901

RE: FLORIDA POWER & LIGHT COMPANY v. PUBLIC SERVICE COMMISSION
(FIRST DCA CASE NO. 1D99-4552)

RECEIVED
JUL 19 PM 1:24
RECORDS AND REPORTING

In response to the Commission's investigation of margin reserve for Florida's peninsular electric utilities in Docket No. 981890-EU, Florida Power & Light Company challenged Rule 25-22.036(3), Florida Administrative Code, at the Division of Administrative Hearings. This rule concerned the initiation of Commission proceedings on its own motion. The DOAH Administrative Law Judge dismissed FPL's challenge because he found it to be a challenge to the application of the rule, rather than a challenge to the validity of the rule on its face as required by Florida law. FPL appealed the DOAH Final Order to the First District Court of Appeal.

After briefs were filed in the appeal, the Commission voted to repeal Rule 25-22.036(3). The Commission then filed a motion to dismiss the appeal as moot, which the court granted by order dated July 18, 2000. A copy of the court's order is attached.

Florida Power & Light
Company

v. Public Service
Commission

Appellant / Petitioner(s),

Appellee / Respondent(s).

BY ORDER OF THE COURT:

Appellee's Motion to Dismiss, served on June 28, 2000, is granted. Despite Appellant's arguments to the contrary in its July 14, 2000, response to this court's order to show cause, this appeal has been rendered moot by the repeal of the challenged rule. Accordingly, this appeal is dismissed as moot, and the cause is removed from the July 25, 2000, oral argument calendar.

I HEREBY CERTIFY that the foregoing is (a true copy of) the original court order.

Subject: 904 Area Code

RECEIVED-PSC
00 JUL 24 AM 11:54
RECORDS AND
REPORTING

After following discussions regarding the development of a new area code for certain areas of Florida (including Volusia County), I would like to express my opposition to the development of a code specifically assigned to Volusia County. I oppose this approach for 3 reasons: 1) It is unreasonable to expect people residing in the county to change all of their phone numbers without a compelling reason for doing so. I don't consider the creation of a "vanity" area code to be a compelling reason. 2) With the advent of new technologies being currently utilized now and others being developed for the future, it is not unreasonable to expect people to dial 10 digits. Many people now dial ten digits on a regular basis to calls in adjoining neighborhoods. 3) The development of a "vanity" code does not benefit the residents of Volusia County and is merely a short-term solution.

I think that Southern Bell should be instructed to implement the overlay system when new area codes are needed. We need to move into the 21st century.

Sincerely, Kathleen Pounds, 3722 Longford Circle, Ormond Beach, FL 32174

Herman Englishman

BRADENTON HERALD 7-29

Sock it to consumers

EDITOR:

The Sunday front-page headline read: "State utility settles lawsuit" (for \$222 million). The headline should have read: "FPL loses again, management fails."

In the disastrous wake of the millions of dollars lost to foist the filthy (but cheap) Orimulsion fuel upon Manatee County citizens, we are now being advised that FPL has lost \$222.5 million in a scheme to buy power from two Palm Beach County power plants constructed to burn sugar cane waste. The billionaires (Fanjuls) declared bankruptcy since the plants failed to produce power at marketable prices.

FPL will likely ask the Public Service Commission to recover the lost funds "from their customers," said the story. (Final answer: No.)

According to Bill Swank (of the FPL) the \$222.5 million settlement will save their customers \$350 million. Correction, there is no saving at all. A saving is when my power bill goes down (rate reduced).

FPL management has fouled up again. Let the stockholders and profits take the loss, not the consumers.

The millions lost may have paid for natural gas (tried and proven) conversion, since the pipeline is inevitable, now.

Dear Mrs. Sewell:

Attached is a check in the amount of \$2,672,416.45, which represents payment of BellSouth Telecommunications, Inc.'s Regulatory Assessment Fee for the six-month period ending June 30, 2000. Please note that the portion of this assessment based on the non-regulated portion of Directory Revenues should not be construed as an admission that an assessment on this portion of our revenue is appropriate.

I would appreciate it if you would acknowledge receipt of our check.

Sincerely,

Director - Regulatory Relations

July 31, 2000

Subject: GTE Florida Incorporated's First Semiannual Regulatory Assessment Fee for 2000 for Company Codes TL710 (Local Exchange Company) and TF859 (Pay Telephone Service Provider)

Dear Sir or Madam:

You will find enclosed GTE Florida Incorporated's (GTEFL's) first assessment fee payment and Regulatory Assessment Fee Return for 2000 for company codes TL710 and TF859. The TL710 (LEC) payment was calculated on the basis of GTEFL's revenues, as well as revenues booked and kept by GTE Directories Corporation (Directories) in Florida. GTEFL included Directories revenues in the fee basis only because it understands that the Bureau of Fiscal Services has required such imputation in the past. However, GTEFL vigorously disagrees with the practice of imputing another company's revenue to GTEFL for purposes of calculating the assessment. Neither the Florida Statutes nor the Commission's Rules permit calculation of the regulatory assessment fee on any basis other than the revenues GTEFL earns in Florida.

GTEFL's counsel has sought the Commission Legal Staff's opinion as to the proper application of the regulatory assessment fee under Florida Statutes section 364.336 and Commission Rule 25-4.0161. I understand that the Legal Staff was not able to issue an opinion on this matter before GTEFL's fee was due. Thus, GTEFL reserves the right to reduce its next regulatory assessment fee payment by the amount associated with the imputed Directories revenues in this payment.

Please contact me if you have any questions.

Sincerely,

Beverly Y. Menard

RE: Staff Access to Specified Confidential Documents - Undocketed

Staff within the Bureau of Competitive Safeguards have begun to review the numbering processes of BellSouth. These numbering reviews are part of the Commission's ongoing effort to conserve numbering resources. Through Commission Order Nos. PSC-00-0543-PAA-TP and PSC-00-1046-PAA-TP, staff is directed to verify and reconcile information necessary to substantiate numbering resource requests.

During the course of staff's review, it was determined that many documents needed by staff contained confidential information. On August 10, 2000, BellSouth filed a Notice of Intent to Request Specified Confidential Classification for documents requested by staff in the course of its review process. As a result, I am requesting the following staff members have access to the documents:

- ✓ Stephanie Cater - Regulatory Analyst II
- ✓ Chris Holman - Regulatory Analyst IV
- ✓ Demetrius Lockwood - Regulatory Analyst II
- ✓ Amy McKee - Regulatory Analyst II
- ✓ Cheryl Bulecza-Banks - Chief
- ✓ Rick Wright - Professional Accountant Specialist

If you have any questions, please call Cheryl Bulecza-Banks at 3-6642.

TO: Public Service Commission of Fla. and others:
 P.S.C. I Read Recently where you voted For The Power
 Co. To come to M.S.B., I was Amazed To see such come
 from you, but I Thanked you, for doing The Right Thing
 for in my 22 years being a citizen of Fla., That you Have
 been for ~~and~~ against us citizens and Hurt us every way
 you can, and Then with The Pressure F.P.L. Put on you,
 you changed your mind later, it was no Surprise to me
 you Have Received many letters from me about F.P.L.
 and Probably every Co. you Regulate, I Think should in-
 -clude Gov't's To-with manoplies & clicks. I don't believe
 either should be allowed-even our churches have clicks,
 but absolutely, Gov't. Don't mess in our church affairs-
 "we have a Regulator above all, even you" and our churches
 will stay out of your Gov't. affairs, we will Respect all Gov'ts.
 as our LORD said we should, but doesn't say we should
 Approve of all or anything The Gov't's do- Amongst lots of
 other Things (Suggestion Read your Bible, greatest Book ever
 written).

On The Back of This letter you will see Some clippings
 from paper- Some do not Refer To you, but do to other
 The millions of Profit F.P.L. Post in The Paper in the
 Black each year & ask for such a Ridiculous increase &
 you Probably will give it to them, They get everything
 They ask for- Remember That little Small Print on
 Their Bill, I asked you and you finally stated That it
 was for making our statements (Remember \$1.65 each mo.
 means millions of Dollars to them, with all their
 million's of customers, I bet most customers miss this
 small print, but they see what The state, & Local
 Gov't's Put on That Bill too, it's a shame we are not
 Represented against them too- other words Taxes
 without Representation- That's what started this
 Beautiful Country- This Hurts The small wage earner most,
 and F.P.L.'s greedy appetite for money, Hurts them most, &
 you say "I have letters from you admitting it," That F.P.L.
 has The cheapest Rates in The Country, The state
 I came from it gets 10 to 15 Degrees below Zero, if it
 did That with Their high Rate my Bill would be over
 \$1000.00 Per month, But it doesn't anything- Close to
 That & I have had some over \$250.00 F.P.L. are so greedy
 they just get sick when someone mentions competi-
 -tion- and in Volusia County, it is absolutely do not have
 a metro Area, I say a minimum wage disaster Area- Com-
 petition makes good Business & keeps them honest too.
 (Enough about F.P.L. & no help expected from you or The state
 Dept's, all of them, I have letters from them too, Their
 Name is Consumer Complaints, but all of them are just
 like you, you are a Dept. too, should change your name to only
 Protect the Dishonest Businesses, don't forget Gov't's too -
 For The state, & Federal (Janet Reno in fact) The U.S. At-
 General, even head of The F.B.I. & U.S. Hall of Justice Dept.
 have Both frauded my wife & self into poverty (what an
 ugly word) I've been fighting Both of them, but one man
 can only do so much I know nothing about The Rest
 of The state Gov't's wide places called cities, w/ too much
 Gov't. Plus Counties- I only know about my wide place of
 Volusia County, but as to finish, but The Paper stated
 on The front page, (I clip) That The whole state has the
 most unfair Tax system Plus Judicial- with The Federal Gov't.
 just Behind them in Judicial- if you want to know more
 just call me- I can get more across on The phone- and of all
 just call me- Some one Run's for election- make sure they are
 things when, Some one Run's for election- make sure they are
 more qualified, then, just according to where they live & have the

FPL rate increase sought

Utility requests 13 percent hike

Staff and wire report
TALLAHASSEE — Florida Power & Light Co., the state's largest utility, is seeking state approval or a double-digit rate increase the utility says is needed to cover rising fuel costs.

176,000 customers in Volusia and Flagler counties, is seeking a 13 percent rate increase approval from the Florida Public Service Commission. Utility officials said they need to cover \$518 million in extra gas and oil costs this year.

the financial burden for some customers.
If the rate increase is approved, it would be the second increase for FPL customers this year. In June, FPL customers saw their rates rise about \$4 a month.
The PSC will conduct hearings Nov. 20 and 21 on FPL's request.
"No one would have ever projected what has happened in the

prices of fuel," FPL spokesman Bill Swank said. "You can just go to your gas station and see what has happened."
Volusia and Flagler residents said Saturday they weren't happy at the prospect of higher electricity costs.
Mohammed Tariq, 29, Palm Coast, said electrical prices are high in Florida to begin with and he doesn't understand why a raise would be necessary.
"We just moved here from Wisconsin. We would pay \$35 to \$45 a month in electricity on average.

Considering the increase, that would be a lot more than I'm used to," he said.
FPL is allowed to charge customers for the actual cost to buy fuel for its power plants. It cannot make a profit on fuel costs.
Jason Rose, 27, Cocoa Beach, and owner of Jason and Paul's coffee shop in Port Orange, said Saturday the increase is still uncalled for.
"It would raise my monthly bill about \$120 per month. Unfortunately I would have to pass it along.

FPL

CONTINUED FROM 1A

customers," he said. "It's not fair. They take enough money as it is."
A rate increase comes as additional bad news to Vicki Kress of Ormond Beach. She said her family is having trouble making electrical needs meet as it is.
"I just lost my job and am staying at home with my daughter now. With one income, an increase would just make it harder," she said.
Kress said her family participates in the FPL on Call program where the power company can switch large appliances off briefly during peak usage times in order to reduce consumption. She said the increase would raise her bill by about the same amount her family previously saved in the program.
Steve Burgess, deputy public counsel for the office of the Public Counsel, is surprised at the magnitude of the increase, considering FPL's rate increase. "They corrected it in order to

avoid such a sticker shock at the end, and now, in spite of that, we are seeing this substantial increase," Burgess said.
Of the state's major utilities, FPL is the most dependent on gas and oil.
FPL projects it will spend \$2.26 billion this year in fuel costs, compared with \$1.67 billion in 1999, Swank said. According to FPL, oil prices have climbed 44 percent and natural gas prices 77 percent since January.
Florida Power in St. Petersburg, which serves part of West Volusia, said in its preliminary filing that it will be \$55.2 million short, which would amount to a less than 2 percent increase. TECO Energy in Tampa says it will be short \$43 million, or yielding a 1 percent to 2 percent increase, according to the PSC.
"What they (FPL) are experiencing is consistent with what companies are seeing across the country," said PSC Public Utility Supervisor Bill McNulty. "That's not saying this is all good. It has to be reviewed very carefully by staff."

Staff Writer Mike Giusti contributed to this Associated Press report

Police accreditation inspectors

PORT ORANGE — State inspectors will be concluding on-site inspections of the police department today as part of its reaccreditation process.
The inspections are to see if the department will retain its status as one of only three law enforcement agencies in Volusia County accredited by the state Commission for Law Enforcement Accreditation. The inspectors will check more than 200 records, policies and aspects of the department to see if they meet up with state standards.
Inspectors will be conducting interviews with residents of the city over the phone today as part of the process and encourage anyone interested to call (904) 295-4459 between 1 and 5 p.m. and ask for an inspector.
The county's other accredited law enforcement agencies are the Sheriff's Office and Daytona Beach Police De-

Q. I filed a complaint with the state Division of Consumer Services against a company in Altamonte Springs, but they sent it to an unrelated company in Clearwater, which so informed the division. To my astonishment, the division then sent me a form attached to the response stating they had fulfilled their function and considered the matter closed. I wrote them again, asking them to continue the search, but it was fruitless. Now, I would like to complain about this so-called "consumer service." Who would that be?

— STUCK, THEN INSULTED
A. You should write to the Office of the Inspector General of the Department of Agriculture and Consumer Services, explain the problem and furnish copies of the correspondence and ask for an investigation, said a spokesman for Inspector General Larry Strong. His address is 2940 Park Ave. East, 2nd Floor/ Tallahassee, FL 32399-0800.

Social Security and what it means to senior citizens

When the seniors of today paid into Social Security way back then, a dollar was worth more than it is today. That money went into a fund, and it drew interest. Lots of interest, and that money plus interest belonged to the contributors.
There have been times of huge surpluses in Social Security, and so what happened? Elected officials used that money to finance wars and whatever else they decided was more important than giving it back with interest to the seniors it belonged to.
Does Mr. Hollis O. Inglett Jr. (Aug. 17 letter) really think the \$170 dollars a month that is taken from my daughter's paycheck would support me? If it were not for Social Security, most seniors would have to be supported 100 percent by their children and also have to live in their children's homes. This would cost their children far more than the Social Security tax taken from their paychecks.
And as for whoever wrote that "senior citizens don't want to support services, like schools, that they don't see as benefits to them," why didn't he state that some seniors don't. Perhaps their reason is not so selfish as implied. After paying taxes for such services all their lives, they now find that they can't afford the medicine they need to breathe or the other medications such as for high blood pressure, etc. Seniors are just trying to survive.
I am a widow, and most of my income

is from Social Security. I don't know what I would do if it were not for the humanity of Franklin Delano Roosevelt. I thank him every day.
I feel sad, and I'm sure other seniors feel so, too, when we read between the lines and feel that some would wish we seniors would all conveniently die at the age of 65. Look at all the money that would save! Will they feel that way when they reach 65?

Says law of eminent domain is being abused by Daytona

Daytona Beach is for sale again. When the Daytona Beach City Commission invoked the law of eminent domain to take away a small businessman's motel and make that property available to the Adam's Mark for its expansion, I wrote The News-Journal warning local business people and homeowners that they could be next; and now it may come to pass as stated in the "Save Our Boardwalk" ad in the June 6 edition of The News-Journal.
Daytona Beach has many attractive beachside properties which are obviously worth more if they are redeveloped.
No one is safe from big money interests since the City Commission has established a precedent which says that if Daytona Beach can collect more in taxes through redevelopment, anyone can lose his business or perhaps his home.
I believe the law is being abused.
The intent was to permit a municipality to build police and fire stations, sewage treatment plants and other facilities that improve quality of life for the residents and add value to the community.
I believe it is unethical at best and illegal at worst to transfer one person's property to another instead of to the municipality to use for the public good.

Notice from Letter other side

By the way I'm not paranoid. So don't you elected or appointed officials. Be either - call me for my definition

This article particularly to you P.S.C. - others feel same about FPL except I bet they don't know our Dept. is their best friend

Both to state this one they answered but never bothered to call back
Both to state this one they answered but never bothered to call back

This one to all Govts. Both of these

8/30/00

We're writing this letter to request that you DO NOT increase the water rates. It seems that the customers are paying for all of the new water main and the government isn't helping at all. After talking with the water company, it sounds like new pipes are not really needed anyway.

It doesn't seem fair that all property owners are picking up the tab for this entire project and the state isn't helping at all. Due to the fact that we only own property at St. George Plantation, and haven't built our house yet, this huge rate increase is putting a hardship on us and I'm sure other people have been priced right out of owning property on St. George.

We thin: this is an unreasonable rate increase and should not be passed.

**Thank You,
Chris Logan
Jed Allgood
Ronnie Raines**

Re: Public Records Request

Dear Mr. Cornwell:

This letter is provided in response to your public records request for reports made by Florida Power & Light Company (FPL) with respect to safety inspections, tree trimming, and other measures taken to ensure the safety of utility power lines and easements, and for copies of any laws, rules, or regulations governing these matters. As we previously discussed by phone, the Commission has no documents responsive to your request.

As we discussed, the Commission receives quarterly Work Order Reports from FPL listing work orders for the construction of *new* facilities. However, these reports do not include documentation of FPL's tree trimming efforts, safety inspections, or maintenance work to ensure the safety of *existing* facilities. Further, while the Commission regularly monitors FPL's expenses through monthly surveillance reports, these reports do not contain the level of detail necessary to determine FPL's expenditures for safety measures.

The Commission's jurisdiction to prescribe and enforce safety standards for FPL's transmission and distribution facilities is provided by Section 366.04(6), Florida Statutes. The Commission's rules implementing its safety jurisdiction can be found in Chapter 25-6, Florida Administrative Code (F.A.C.). Rule 25-6.0345, F.A.C., incorporates by reference the National Electric Safety Code as the applicable safety standards for transmission and distribution facilities subject to the Commission's safety jurisdiction. Although copyright law prohibits us from providing you a copy of this publication, you may make arrangements to review this publication at any of the Commission's offices. The Commission's Miami District Office is closest to Riviera Beach and can be reached at (305) 470-5600.

Fla. Public Serv. Comm.

Public Serv. Comm;

FP&L asking for ten dollars increase over the next two years.

I am living on \$462.00 per month;
my wife's total income 162.50 " " "
we are both disabled. We receive
37 dollars in Food Stamps.

We only have food now for 17 days
a month.

10 dollars is like a million dollars
to us.

No one gives a damn about our
situation.

I truly pray to God the Public Service
Comm. SAYS 'NO' to this new increase
that FP&L is asking for.

I invite the Public Serv. Comm to come
to our house and live with us for a
month.

FLORIDA PUBLIC SERVICE COMMISSION:

THE CURRENT RATE INCREASE SOUGHT BY FLORIDA WATER SERVICES IS UNJUST AND UNWARRANTED, PLUS THE INCREASE FURTHER FAVORS MORE REVENUE FOR A SEWER SYSTEM WHICH FREQUENTLY EMITS NOXIOUS ODORS (MOSTLY IN THE EVENING) AND ALSO HAS A DISCRIMINATORY APPLICATION TOWARD TWO MEMBER (OR LESS) HOUSEHOLDS IN THAT WE PAY FOR SEWER FOR EVERY GALLON OF WATER USED, WHILE LARGER FAMILIES DO NOT PAY FOR SEWER AFTER USAGE THAT EXCEEDS TWO MEMBER HOUSEHOLDS. BY INCREASING GALLON USAGE MORE REVENUE WOULD BE REALIZED AND CONCEIVABLY REDUCE COSTS TO SMALLER HOUSEHOLDS! THE SPRINKLER SYSTEM USAGE (NOT REQUIRING SEWERS) IS ANOTHER INEQUITY!

Lakeland, FL 33813

Dear Mr. Haas:

We have received the staff assisted rate case (SARC) application for Pennbrooke Utilities, Inc. Section 367.091 (2) states:

367.091 Rates, tariffs; new class of service.--

(2) Upon filing an application for new rates, the utility shall mail a copy of the application to the chief executive officer of the governing body of each county within the service areas included in the rate request. The governing body may petition the commission for leave to intervene in the rate change proceeding and the commission shall grant intervenor status to any governing body that files a petition.

Please forward a copy of Pennbrooke Utilities, Inc.'s application for a SARC to the Chief Executive Officer of Lake County as required by the new law, and copy the Commission as proof that an application was forwarded to them. If you have any questions, please contact Charles Walker (850) 413-6968, or Ryan Fitch (850) 413-6928.

Sincerely,

Tallahassee, FL 32399
Fax: 1-800-511-0809

Dear Director,

Re: Aloha Water rate increases. I was sick in bed and was unable to attend your hearing on Aloha wastewater rate increase 10-2-2000. Please accept my following testimony.

Here in Pasco County, we are being held captive by a **private water service monopoly**, which is not responsive to problems and already over-charges us for wastewater treatment. Aloha Utilities is that private water company providing terrible service to the 8500 homes in the Trinity and Seven Springs area. We are held captive.

Aloha has applied to the public service commission for a rate increase on their sewer charges. **We ask that you reject this request** because:

1. We recently had approximately a **50%** increase in sewer charges in late 1997.
2. The **wastewater** lift stations along our streets smell badly because they are not maintained by Aloha Utilities. **Aloha has been unresponsive to our complaints.**
3. Aloha pays Part time employed family members' excessive wages.
4. Aloha pays excess interest rates to family members for capital.
5. Aloha continues to provide free reclaimed water to their friend, the Mitchell Ranch, for, but will not make the reclaimed water available to us in the community.
6. They make it next to impossible to install a second meter for outside watering requiring us pay for the treatment of wastewater on fresh water used only lawn sprinkling.
7. Aloha has an inordinately low impact fee in this rapidly growing area. An impact fee increase would be a more appropriate way to cover the Aloha's expansion.

We urge you to **"reject this requested rate increase"** and insist Aloha begin providing proper services for their customers.

Wayne Forehand

Alfred O. Shuler, Esquire
Shuler and Shuler
Post Office Drawer 850
Apalachicola, Florida 32329

Dear Mr. Shuler:

Thank you for your letter dated September 20, 2000, in which you asked for advice as to how the Franklin County Board of County Commissioners can support the upgrading of St. George Island's water system to achieve fire protection standards without the use of county funds.

As you are probably aware, Water Management Services, Inc., the utility providing water service to St. George Island, currently has an application requesting an increase in rates through a limited proceeding pending before the Public Service Commission. In consideration of the application, Commission staff met with the customers of the utility on September 12, 2000. It is my understanding that during the customer meeting the issue of fire protection service was raised. As explained at that meeting, Franklin County does not currently require Water Management Services to provide fire protection, and thus it may be difficult for the utility to justify fire protection rates at this time. However, if Franklin County did require the utility to provide fire protection, the utility may have a basis for requesting a fire protection rate that could be considered by the Public Service Commission. Of course, whether such a rate would be approved rests solely with the Commissioners and any decision allowing or disallowing such a rate would provide substantially affected persons with the opportunity to protest the Public Service Commission's decision.

In regard to sources of funding to upgrade the water system of St. George Island to achieve fire protection standards, my staff contacted Mr. Al Bishop of the Florida Department of Environmental Protection. According to Mr. Bishop, the State Revolving Loan Program, implemented through the Safe Drinking Water Act, provides loan money for projects that include upgrading fire protection standards. However, the sole purpose of the project cannot be to upgrade the water system for fire protection. I believe the utility has already applied for a loan through this program in relation to the bridge project; however, an application to upgrade the water system to achieve fire protection standards would have to be an addition to the utility's current loan

Florida Public Service Commission
Division of Regulatory Oversight

Re: Cable & Wireless USA, Inc. Notice of Change in State of Incorporation

Dear Mr. Hoppe,

Cable & Wireless USA, Inc. ("CWUSA" or the "Company"), submits this letter to inform the Florida Public Service Commission ("Commission") that the Company intends to change its state of incorporation. CWUSA is currently organized under the laws of the District of Columbia. Following the transaction, the Company will be a Delaware corporation. This change will enable the Company to operate in a more efficient manner, to the general benefit of consumers in the State of Florida.

CWUSA was organized as a corporation under the laws of the District of Columbia on March 18, 1975. The Company is a wholly-owned indirect subsidiary of Cable & Wireless plc ("C&W"), a publicly traded corporation organized under the laws of England and Wales. C&W has been a world leader in developing and providing telecommunications solutions around the world for more than 125 years. Headquartered in Vienna, Virginia, CWUSA has more than 3,400 employees and over 35 sales offices nationwide. CWUSA offers a complete portfolio of domestic and international voice, data, Internet and messaging services delivered via an all-digital, nationwide, fiber optic network. In Florida, CWUSA was authorized to provide intrastate

WATS, MTS telecommunications service on March 27, 1987 in Docket No. 861548-TI, Order No. 17243.

As noted above, CWUSA was originally organized as a District of Columbia corporation. Recently, C&W determined that its overarching business objectives would be better served if CWUSA were a Delaware corporation and thus a change in the Company's state of incorporation is warranted. The transaction will not affect continued provision of services and will be transparent to customers. CWUSA expects this change to take place in the next 30-60 days and will notify the Commission upon completion of this process.

The proposed change in CWUSA's state of incorporation will serve the public interest. C&W has decided recently to restructure its corporate organization worldwide to better serve its business objectives. In connection therewith, C&W and CWUSA have determined that CWUSA will be better positioned to conduct operations in an effective and efficient manner if it is structured as a Delaware corporation. CWUSA's customers will experience absolutely no adverse effects or disruption in their services as a result of this transaction and, as described above, will share in the benefits realized from the proposed change.

Please contact the undersigned with any questions regarding this letter.

Respectfully submitted,

CABLE & WIRELESS USA, INC.

comments: During the past week I have had Black water and Black particles coming from both the cold water and hot water taps. this has made the water unfit for human consumption. I believe that the utility is responsible for this condition, and that the customer should be reimbursed for the water that is purchased, and the water and sewer charges involved in the constant flushing of the water lines.

Sincerely,

Edward Wood

December 14, 2000

Mr. Roy Edward Lush
P. O. Box 3332
Lantana, Florida 33465

Dear Mr. Lush:

I write to supplement Beverlee DeMello's November 17, 2000, letter concerning the Florida Public Service Commission's (PSC) jurisdiction over municipal utilities.

Chapter 366, Florida Statutes, sets forth the PSC's jurisdiction over electric and natural gas utilities. The PSC does not have the jurisdiction to set rates for municipal electric utilities. However, it does have jurisdiction over municipal electric utilities on issues involving rate structure, safety, territorial disputes and proposed territorial agreements, plant siting, and reliability. Chapter 367, Florida Statutes, sets forth the PSC's jurisdiction over water and wastewater utilities in those counties which have opted to give jurisdiction to the PSC. Pursuant to Section 367.022(2), Florida Statutes, water and wastewater systems owned, operated, managed, or controlled by governmental authorities are exempt from PSC regulation, as well systems operated under privatization contracts and by nonprofit corporations formed to act on behalf of a political subdivision.

I hope you find this information helpful. If I may be of further assistance, please contact me at (850) 413-6189. My E Mail address is RELIAS@PSC.STATE.FL.US.

Yours truly,

A handwritten signature in black ink that reads "Robert V. Elias".

Longwood, Florida 32779

Re: Zellwood Station Co-Op, Inc. (Undocketed)

Dear Mr. Morse:

000000

This letter will memorialize our telephone conversation on December 12, 2000, with regard to Zellwood Station Co-Op, Inc. (Zellwood or utility).'

Pursuant to Order No. PSC-98-1572-FOF-WS, issued November 23, 1998, Zellwood was granted water and wastewater certificates of authorization. An increase in rates and charges was also approved, pursuant to a stipulation between Zellwood and Banbury Village Association. In return for accepting the stipulated rates, Zellwood agreed it would retain the ordered rates for at least three years, or until September 2, 2001, except that the utility could file index applications. Zellwood also agreed that before September 2, 2001, it will file an application to establish new rates and charges, thereby providing an opportunity for all interested persons to participate in that subsequent proceeding.

Order No. PSC-98-1572-FOF-WS noted that the stipulation helped overcome some shortcomings in Zellwood's proposed rate design. For instance, the order found that an original cost study is needed to fully support Zellwood's claimed investment in plant facilities. The Order also provided that Zellwood's projected expenses and its proposed billing structure should be further examined in a future rate proceeding when actual consumption data is known and more complete information is available.

The appropriate proceeding in which the Commission may fully address these concerns is a rate proceeding filed pursuant to Section 367.081, Florida Statutes. Zellwood's current Annual Report states that the utility's 1999 combined gross annual operating revenues were \$474,453, which renders the utility ineligible to file for a staff-assisted rate case pursuant to Section 367.0814, Florida Statutes. Further, the scope of the proceeding contemplated by Order No. PSC-98-1572-FOF-WS

Internet E-mail: contact@psc.state.fl.us

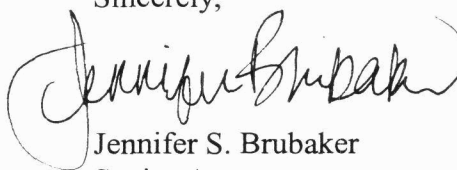

Mr. Gary Morse
December 14, 2000
Page 2

indicates that it would be inappropriate for the utility to file for a limited proceeding pursuant to Section 367.0822, Florida Statutes.

I understand that you have been in contact with Commission staff and have already been provided with forms to assist you in filing for a rate proceeding pursuant to Section 367.081, Florida Statutes. However, if you have any further questions or require any further assistance, please do not hesitate to contact me at (850) 413-6228.

Please be aware that the opinions expressed in this letter are those of the Commission staff and are not binding upon the Commission.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer S. Brubaker", written over a large, stylized capital "J".

**Bradford, Brevard, Charlotte, Clay, Duval, Highlands, Lake, Lee, Marion, Martin, Nassau, Osceola,
Pasco, Putnam, Seminole, St. Johns, St. Lucia, Volusia and Washington Counties.**

Dated: February 2000

Dear Customer:

Florida Water Services Corporation ("Florida Water"), on December 20, 1999, filed with the Florida Public Service Commission ("Commission") to change rates to index certain expenses upward by the Consumer Price Index.

The index of expenses referenced above is made pursuant to Florida law. In July of 1980, the Florida Legislature passed a law permitting water and wastewater utilities to adjust their rates without the utilities' customers bearing the additional expense of a public hearing. This law can be found in the Florida Statutes, Section 367.081(4)(a). The law permits a utility to adjust certain expenses that are required to provide utility service for the Consumer Price Index. "Price Index Rate Adjustments" result from increases or decreases in non-controllable expenses subject to inflationary pressures. These expenses include chemicals and other general operation and maintenance costs. Pursuant to this provision of Florida law and Rule 25-30.420, Florida Administrative Code, Florida Water filed its Price Index Rate Adjustment. If approved by the Commission as submitted, rates on average will increase 0.5507% for water and 0.4289% for wastewater for the price index.

The schedule set forth on the back of this page shows the current and new rates for your service area. The new rates will be effective for service rendered on or after February 20, 2000.

If you have any questions concerning your bill or this notice, please call our Customer Service Representatives toll-free at (800) 432-4501 between the hours of 7:00 a.m. and 7:00 p.m. weekdays.

Written comments to the Commission regarding Florida Water, its rates or service may be directed to the following address: Director, Division of Records and Reporting, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, FL 32399-0850. Such correspondence should refer to the 1999 Price Index. You may also call the Commission's Division of Consumer Affairs at the following toll-free number: (800) 342-3552.

RECORDS AND
REPORTING

00 SEP - 6 AM 10:42

RECEIVED - FPSC

As required by Chapter 364.386, Florida Statutes, this division is engaged in the preparation of an annual report to the Governor and Legislature regarding the status of local competition in the telecommunications industry. Consistent with this task, this division issued a data request July 6, 2000, seeking information essential to the preparation of this report. A number of companies responding to the data request have requested confidential treatment of their filings.

In order to complete the report in a timely manner, I am requesting the following employees have access to confidential filings in this matter: Sally Simmons, Dave Dowds, Kevin Bloom and Jonathan Audu. All four employees will be directly involved in the preparation of the annual report. I appreciate your consideration.
