**Re: Petition of Gulf Power Company to Resolve a Territorial Dispute with
Gulf Coast Electric Cooperative, Inc.; Docket No. 930885-EU**

Dear Jeff:

On March 1, 1994, while I was attending the meeting which had been scheduled with Gulf Power in Southport to start the process for negotiating a territorial agreement with Gulf Coast Electric Cooperative, Pat Floyd showed me a copy of a letter dated February 25th from you to me. I have as yet not received the original of that letter. In any event, you expressed concerns that the filing of a status report by GCEC was inappropriate and misleading. We disagree.

First, keeping the staff of the PSC informed of our progress, or lack thereof, should be a priority item for both utilities. While the order of the Commission does not require a status report, it would be imprudent for us to wait until the end of the 60 day period to let the PSC know where we are. I have in fact received some criticism from staff members at the PSC for not keeping them informed on a regular basis as a matter of courtesy.

Secondly, I can only report what I am informed of by GCEC and of my own knowledge regarding the attempts to set a meeting with your client. My information was exactly what was reported in our status report. At no time did we advise GP or your office that Mr. Norris's family problems were a constraint on setting up a meeting. To the contrary, Mr. Norris was willing to and indeed did interrupt his family situation to attempt to set a meeting.

What we are looking for, straight forward and to the point, is a serious discussion with GP about establishing territorial boundaries. That desire is in line with Commission policy and

Jeffrey A. Stone

March 3, 1994

Page 2

recent decisions of the Florida Supreme Court, that utilities be encouraged to enter into territorial agreements subject to Commission approval and supervision. GP has stated its willingness to discuss an agreement. So let's get on with it!

Ironically, while I was reading your letter, Pat Floyd reported that GP had called and canceled our meeting of March 1st. Although weather problems were cited, the bottom line is that we have been granted a 60 day stay of proceedings, and still have not had our first meeting! Our time, unless extended, expires on April 4th. We have rescheduled our first meeting for March 8th in Tallahassee and hopefully we can make progress toward our goal. If the two utilities are making significant progress toward an agreement by the end of March, we can certainly petition the Commission for an additional extension of time.

I look forward to our meeting on March 8, 1994, which I understand has been scheduled for 9:00 a.m. at the offices of the Florida Electric Cooperatives Association on Apalachee Parkway.

Very truly yours,

John H. Haswell

Re: FPSC Docket No. 930885-EU;
Settlement Negotiations

Florida Public Service Commission

Dear John:

This will acknowledge receipt of a copy of the status report you have apparently filed with the Commission. Although the certificate of service seems to indicate that you sent a copy of the status report to us via telefax, the only copy we actually received was the one mailed to us. This copy was not received at our offices until February 22, 1994.

The status report you filed on behalf of the Coop outlines an alleged sequence of events that not only inaccurate, but misleadingly implies that Gulf has failed to aggressively pursue negotiations with the Coop. The report raises a serious question as to whether the Coop intends to engage in good faith negotiations, or simply to go through the motions in an effort to paint Gulf Power in an unfavorable light. The fact that you elected to submit a status report not called for under the order granting the stay and the fact that your status report contained blatantly inaccurate and misleading statements gives rise to this concern by the Company.

At the time the stay motion was filed, it was Gulf's understanding that the Coop's general manager, Mr. Norris, had been and would be out of the office for a period of time as a result of personal matters involving serious illness and injury to members of his family. Accordingly, Gulf Power did not attempt to initiate the negotiations, but awaited contact from the Coop in order to allow Mr. Norris time to attend to his family concerns.

John Haswell, Esquire
February 25, 1994
Page 2

J. Patrick Floyd, on behalf of the Coop, sent Ed Holland a letter dated February 9, 1994, requesting a February 17 meeting date. That letter was received on February 10, 1994. Mr. Holland called Mr. Floyd in response to his letter the following morning, Friday, February 11, 1994. This fact was not disclosed in the Coop's status report. Although Mr. Floyd was not available to speak with Mr. Holland at the time of the telephone call, Mr. Holland advised Mr. Floyd's secretary that the Company would be unable to meet on the 17th as requested. He suggested that the meeting instead be held on February 15 or 16.

Mr. Holland had not yet received a response from Mr. Floyd concerning the alternative dates offered by Gulf Power when, on Monday, February 14, Mr. Norris attempted to reach Mr. Bowden by telephone at Gulf Power's offices. At that time, Mr. Bowden had only recently been appointed to his current position, and was able to spend only one to two days a week at Gulf in his transition from his former position at Alabama Power Company. Mr. Norris' conduct on the telephone after being advised of this circumstance was reported as being hostile and rude. Mr. Holland again called Mr. Floyd on February 14. Once again he was unable to speak directly to Mr. Floyd, so he repeated his previous message concerning the possibility of a meeting on the 15th or 16th.

As was reported in the Coop's status report, Mr. Holland was finally able to speak directly to Mr. Floyd on the following day, February 15. At that time it was determined that the Company's previous offer to meet on February 15 or 16 was no longer an option. Mr. Holland advised Mr. Floyd that he would suggest alternative dates by letter. On February 17, 1994, Mr. Holland's secretary contacted Mr. Floyd's office by telephone and provided four different dates on which Gulf Power would be able to meet with the Coop. The offer of those dates, February 21, February 28, March 1 or March 8, was confirmed in writing by Mr. Holland's letter of February 18, 1994, which was provided to Mr. Floyd by facsimile transmission on that same date. A copy of the February 18 letter is enclosed.

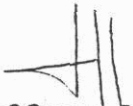

John Haswell, Esquire
February 25, 1994
Page 3

Contrary to the representation in the Coop's status report, February 24 and 25 were never suggested by Gulf as dates on which the Company would be available to meet to discuss resolution of the territorial dispute in this case. In fact, both of the Company's designated representatives, John Hodges and Ed Holland, had prior commitments on the 24th and 25th that would have made such a meeting on that date impossible. Patrick Floyd's letter to Ed Holland dated February 22 confirms March 1 at 1:00 p.m. as an acceptable date and time. A copy of this letter is also attached.

Gulf perceives the Coop's failure to disclose in its status report the numerous attempts by the Company to establish a mutually satisfactory date and time for a meeting to discuss possible settlement as an indication that the Coop does not intend to act in good faith towards resolving this dispute. The status report appears to be an attempt by the Coop to prejudice the Commission against Gulf in this matter.

Notwithstanding the above, Gulf remains willing to meet in good faith to attempt to resolve the territorial dispute as quickly as possible. We hope that any further status reports to the Commission will be made jointly.

Very truly yours,

Jeffrey A. Stone

Re: Gulf Power/Gulf Coast
Territorial Disputes

Dear Mr. Holland:

In the Order entered by the Florida Public Service Commission on March 1, 1995 in Docket No. 930885-EU, the Commission supported Gulf Coast's proposal for the determination of territorial boundaries between Gulf Power and Gulf Coast in Bay and Washington Counties. The Commission then directed Gulf Power and Gulf Coast to file a report of the location and proximates of all facilities in Bay and South Washington County and to conduct "good faith" negotiations to develop this territorial boundary agreement.

As you know, Gulf Coast has proposed several boundary agreements, all of which have been rejected by Gulf Power Company. In order to assure that Gulf Coast and Gulf Power conduct meaningful good faith negotiations in compliance with this order and that these begin immediately, Gulf Coast proposes and requests the following:

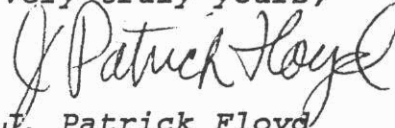

1. That the same team of negotiators on behalf of Gulf Power Company including yourself, be present at the negotiations who were in attendance at any of the prior negotiations which were conducted during the pendency of this territorial dispute.
2. That a monitor or team of staff members of the Florida Public Service Commission be present to facilitate meaningful good faith negotiations.

G. Edison Holland, Jr., Esquire

3. That we begin the first meeting at our offices in Southport or your offices in Panama City or some other convenient agreed upon location and alternate thereafter. The first meeting date we have clear and the next two are Monday, April 10, 1995, Thursday, April 20, 1995 and Friday, April 21, 1995.

We look forward to finally having this territorial boundary agreement become a reality. By copy of this letter to the Public Service Commission, we are informing them of the same and respectfully request the assistance of their staff as outlined herein.

Florida Public Service Comm.
Commissioner Clark

Dear Mr. Holland:

We are in receipt of a copy of your request to the Florida Public Service Commission in which you ask for a clarification on Docket No. 930885-EU dealing with the paragraphs addressing resolve of future territorial disputes between Gulf Coast Electric Cooperative and Gulf Power Company in Washington and Bay Counties.

We find your request interesting, considering at the time it was being prepared by your office, your Chipley work crew was crossing our existing underground primary line to serve yet another customer that is closer to our line. In fact, our underground is actually on the property and we have a recorded blanket easement on the entire subdivision known as Deer Run Ranchettes signed by Mr. W. B. Allen in September, 1989 to serve some 28 lots on Highway 77.

Your request to the Commission suggests that we all not be confined to assignment of territory based on lines designated on a key map, however this crossing indicates that Gulf Power continues to follow its stated position that the company will construct a line to any area within the above counties wherein your engineers think the load will support the building of such facilities. Certainly this would not continue to occur with designated territorial boundaries.

It is gratifying to see that our Commissioners have recognized that negotiations between us are necessary and essential to resolve our lingering problems. The timing of the incident above makes us wonder whether your company's good faith efforts to resolve our territorial differences are just and well intended.

Sincerely,

Roy Barnes

Re: Docket No. 930885-EU - Gulf Power/Gulf Coast Territorial Dispute

Dear Mr. Floyd:

I have received a copy of your letter to Mr. G. Edison Holland, Jr., dated March 28, 1995. In your letter to Mr. Holland, you appear to request that the Commission staff monitor or referee the negotiations the Commission ordered the parties to conduct in Order No. PSC-95-0271-FOF-EU. On behalf of the Commission staff, I am responding to that request.

At this point, we do not believe that our presence in your negotiations is necessary. We fully expect that both Gulf Power and Gulf Coast will comply with the letter and the spirit of the Commission's Order and make real efforts to reach a territorial agreement. If the negotiations do not go well, either party may request our assistance, and of course we will be happy to do whatever we can to help the process along. We also intend to hold periodic status conferences, so that the parties can inform us of their progress. We believe it is premature to take such actions now, however, before the negotiations have even begun.

Please let me know if you have any further questions on this matter.

Sincerely Yours,

Martha Carter Brown

Policy Statement

In the event one utility plans to serve a customer which could obtain service from another utility having existing distribution lines in place closer to the customer's location, the utility planning to serve will notify the utility with distribution lines closest to the customer's location prior to commencing service. Following such notification, if there is disagreement between the utilities as to which utility should serve the customer, the utilities shall notify Staff of the situation. Staff will attempt to mediate the dispute between the utilities. If mediation fails to resolve the dispute via an agreement between the affected utilities, the utility with existing distribution lines closest to the customer shall be entitled to serve the customer until the dispute is resolved by the Commission. The Commission shall resolve the dispute by determining which utility is able to serve the customer at the lowest net cost to the utility. In determining which utility is able to serve the customer at the lowest net cost to the utility, customer contributions in aid of construction to extend service will be taken into account as reductions to the utility's gross cost to serve. Notwithstanding the foregoing, the customer's choice of utility shall be honored so long as the net cost to that utility of extending service to that customer does not exceed the other affected utility's net cost of extending service to that customer by an amount greater than \$15,000. In the event mediation of the dispute has failed and as a result a contested dispute is presented to the Commission for its resolution, the losing utility shall pay the prevailing utility's costs of litigation including reasonable attorney's fees. For purposes of this policy, existing distribution lines shall be construed to mean installed conductor of sufficient type and capacity to satisfy the service requirements of the requesting customer without the necessity of any upgrades.

Re: Bay County Resolution

Dear Ms. Johnson:

Please find enclosed for your information a Resolution that was adopted by our Board encouraging the Public Service Commission to not adopt regulations that would preclude Bay County, as a customer, from selecting its preferred electric utility.

Thank you for your consideration of this Resolution.

Sincerely,

Richard Stewart, Chairman
Bay County Board of County
Commissioners

RESOLUTION NO. 2028

WHEREAS, the Board of County Commissioners (the "Board") is responsible for the operations of the Deer Point Williams Bayou Pumping Station;

WHEREAS, Gulf Power Company has provided all the electric service requirements to the Deer Point Williams Bayou Pumping Station since its inception;

WHEREAS, the Board is satisfied with the electric service being provided by Gulf Power Company;

WHEREAS, the Board has been advised by Gulf Power that the Florida Public Service Commission is considering mandating electric service territorial boundary lines that may result, for example, in the Deer Point Williams Bayou Pumping Station being located in another electric utility's service area requiring the Board to purchase electricity from such other utility; and

WHEREAS, the Board wishes to retain the ability to choose its electric supplier for future expansions of the Deer Point Williams Bayou Pumping Station consistent with the avoidance of uneconomical duplication of electric facilities.

NOW, THEREFORE, BE IT RESOLVED THAT the Board does hereby petition the Florida Public Service Commission to not mandate territorial boundary lines precluding it from choosing Gulf Power Company as the electric supplier for future expansion of the Deer Point Williams Bayou Pumping Station or any other facility Bay

County may now operate or may operate in the future.

DONE AND ADOPTED by the Board on this 15th day of April, 1997.

I, HAROLD BAZZEL, Clerk of the Circuit Court and ex-officio Clerk and Auditor of the Board of County Commissioners do hereby certify that the above and foregoing Resolution was duly adopted by the Board of County Commissioners during its regularly scheduled session on the 15th day of April, 1997.

A RESOLUTION OF THE PANAMA CITY PORT AUTHORITY
PETITIONING THE PUBLIC SERVICE COMMISSION NOT
TO MANDATE TERRITORIAL BOUNDARY LINES
PRECLUDING IT FROM CHOOSING GULF POWER
COMPANY AS THE ELECTRIC SUPPLIER FOR FUTURE
EXPANSION OF THE BAY COUNTY INDUSTRIAL PARK.

BE IT RESOLVED BY THE PANAMA CITY PORT AUTHORITY:

Urging the Florida Public Service Commission not to mandate territorial boundary lines.

Whereas the Port Authority of the City of Panama City, Florida is responsible for the operations of the Bay County Industrial Park; and

Whereas Gulf Power Company has provided all the electric service requirements to the Bay County Industrial Park, since its inception; and

Whereas the Port Authority is very satisfied with the electric service being provided by Gulf Power Company; and

Whereas the Port Authority is aware that the Florida Public Service Commission is considering mandating electric service territorial boundary lines; and

Whereas the Port Authority wishes to retain the ability to choose Gulf Power Company as its electric supplier for future expansions of the Bay County Industrial Park consistent with the avoidance of uneconomical duplication of electric facilities; then

Be it resolved that the Port Authority of the City of Panama City petitions the Florida Public Service Commission not to mandate territorial boundary lines precluding it from choosing Gulf Power Company as the electric supplier for future expansion of the Bay County Industrial Park.
