In re: Investigation into the establishment of operations support systems permanent performance measures for incumbent local exchange telecommunications companies.

DOCKET NO. 000121-TP
ORDER NO. PSC-02-0503-PCO-TP
ISSUED: April 11, 2002

ORDER CREATING SUB-DOCKETS

We opened this docket to develop permanent performance metrics for the ongoing evaluation of operations support systems (OSS) provided for alternative local exchange carriers' (ALECs) use by incumbent local exchange carriers (ILECs). Associated with the performance metrics is a monitoring and enforcement program that is to ensure that ALECs receive nondiscriminatory access to the ILEC's OSS. Performance monitoring is necessary to ensure that ILECs are meeting their obligation to provide unbundled access, interconnection and resale to ALECs in a nondiscriminatory manner. Additionally, it establishes a standard against which ALECs and this Commission can measure performance over time to detect and correct any degradation of service provided to ALECs.

This docket consists of three phases. Phase I began with workshops conducted by our staff with members of the ALEC and ILEC communities. These workshops were held on March 30, 2000, August 8, 2000, and December 13, 2000. The purpose of Phase I was to determine and resolve any policy and legal issues in this matter. Phase II involved establishing permanent metrics for BellSouth Telecommunications, Inc. (BellSouth), including a specific monitoring and enforcement program. With the completion of Phase II, we are beginning Phase III of this docket, which entails the establishment of performance metrics and a performance monitoring and evaluation program for the other Florida ILECs.

By Order No. PSC-01-1819-FOF-TP, issued September 10, 2001, (Final Order), we established permanent performance measures and benchmarks as well as a voluntary self-executing enforcement mechanism (Performance Assessment Plan) for BellSouth. By Order No. PSC-02-0187-FOF-TP, issued February 12, 2002, as amended by Order No. PSC-01-0187A-FOF-TP, issued March 13, 2002, BellSouth's Performance Assessment Plan was approved.

SUB-DOCKETS

With the beginning of Phase III of this docket, our staff has suggested a means of dividing this docket into sub-dockets in an effort to alleviate confusion as to whether filings are intended for the BellSouth, Verizon, or Sprint track of this docket. Thus, the docket shall be divided into three sub-dockets: (1) 000121A-TP, in which filings directed towards the BellSouth track would be placed; (2) 000121B-TP, in which filings directed towards the Sprint track would be placed; and (3) 000121C-TP, in which filings directed towards the Verizon track would be placed.

Upon consideration, I find it appropriate to divide this docket into three sub-dockets. The parties shall designate all future filings in this docket for either sub-docket 000121A-TP (BellSouth), 000121B-TP (Sprint) or 000121C-TP (Verizon).

Based upon the foregoing, it is

ORDERED by Commissioner Michael A. Palecki, as Prehearing Officer, that this docket shall be divided into three sub-dockets: (1) 000121A-TP, in which filings directed towards the BellSouth track would be placed; (2) 000121B-TP, in which filings directed towards the Sprint track would be placed; and (3) 000121C-TP, in which filings directed towards the Verizon track would be placed. It is further

ORDERED that the parties shall designate all future filings for either BellSouth, Sprint, or Verizon, in this docket, with the respective sub-docket: 000121A-TP, 000121B-TP or 000121C-TP.
