AMENDMENT TO INTERCONNECTION AGREEMENT BETWEEN BELLSOUTH TELECOMMUNICATIONS, INC. AND NORTH AMERICAN TELECOMMUNICATIONS CORPORATION DATED JUNE 12, 2001

This Agreement (the "Amendment") is made and entered into between BellSouth Telecommunications, Inc. ("BellSouth") a Georgia corporation, and North American Telecommunications Corporation ("North American") a Florida corporation.

WHEREAS, The Parties desire to amend that certain Interconnection Agreement between BellSouth and North American dated June 12, 2001 (the "Interconnection Agreement") in order to incorporate terms, conditions, and rates for Unbundled Remote Call Forwarding;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, BellSouth and North American hereby convenant and agree as follows:

Paragraph 4.1.7 of Section 4 in Attachment 2 of the Interconnection Agreement is hereby added as follows:

4.1.7 Remote Call Forwarding

- 4.1.7.1 As an option, BellSouth shall make available to North American an unbundled port with Remote Call Forwarding capability ("URCF service"). URCF service combines the functionality of unbundled local switching, tandem switching and common transport to forward calls from the URCF service telephone number (the number dialed by the calling party) to another telephone number selected by the URCF service subscriber. When ordering URCF service, North American will ensure that the following conditions are satisfied:
- 4.1.7.1.1 That the end user of the forward-to number (service) agrees to receive calls forwarded using the URCF service (if such end user is different from the URCF service end user);
- 4.1.7.1.2 That the forward-to number (service) is equipped with sufficient capacity to receive the volume of calls that will be generated from the URCF service;
- 4.1.7.1.3 That the URCF service will not be utilized to forward calls to another URCF or similar service; and
- 4.1.7.1.4 That the forward-to number (service) is not a public safety number (e.g. 911, fire or police number).
- 4.1.7.2 In addition to the charge for the URCF service port, BellSouth shall charge North American the rates set forth in Exhibit B for unbundled local switching, tandem switching, and common transport, including all associated usage, incurred for calls from the URCF service telephone number (the number dialed by the calling party) to the forward- to number (service).
- 3. The rates in Exhibit 1 to this Amendment are hereby incorporated into Attachment 2, Exhibit C of the Interconnection Agreement.

- 4. The Parties agree that all of the other provisions of the Interconnection Agreement, dated June 12, 2001, shall remain in full force and effect.
- 5. The Parties further agree that either or both of the Parties is authorized to submit this Amendment to the Florida Public Service Commission or other regulatory body having jurisdiction over the subject matter of this Amendment, for approval subject to Section 252(e) of the federal Telecommunications Act of 1996.

This Amendment is made effective thirty (30) calendar days following the last signature of both Parties.

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the data indicated below.
