After reading the latest FPSC "Special Report" re: Consolidated Water Works Inc - I'd like to add my remarks. Consolidated Water Works leaves the customers, at times, without water, for hours or a day without water or notice of "no water" - The meters are not kept up as properly as could be - The meters are not read properly - I am a single, 73 year old widow whom is very concience of cost so therefore don't use water unnecessary - yet, at times I've been charged as high as \$17 etc. a month I've had plumbers to check for leaks, etc. nothing found yet I still have to pay or else no water - Yes, the cost of living has gone up and small businesses are probably losing monies - Consolidated Water Works in my own way of viewing them, could absolutely give better service I have suggested that if the meter is estimated instead of read, then show it on the bill - then next month if read, make the adjustments if necessary - We don't receive as much info

So sorry that we could not be at the meeting. Jerry was in the hospital + had open heart surgery.

My water is awful. We have a filter outside of our house. We have to change it weekly because it fills up with rust + scum + green stuff. Our water flo diminishes with all the mess in the filter.

Every person that has been out here from Tall. tells me there is nothing that can be done. I say why - they tell me that Epenship donsh't have the money to fix it up. That is not my problem. I pay my bill + lived here 21 yrs. Why can't you make Epenship fix this water system so we have decent water. I have spent a lot of money on washing out the rust that gets in my clothes. Let me hear from you.

Hi Kay. In regard to your question about where the escrow agreement needs to be mailed after it is signed, staff told me that copies of everything need to be made and then the originals need to be mailed to: Mr. Jack Espenship, P.O. Box 191, Lake City, Florida 32056. If you return it back to me, I will make sure that it gets mailed back to Mr. Espenship, if that would be easier for you.

RE: water rate increases in Azalea Park by Consolidated Water

Dear Sir:

I am astonished at the 200% increase in my water bill. Like all the residents in this subdivision was aware that the rates were due to increase; I even believed that such an increase was justified. The information that was sent to us mentioned the rate increase in terms of pennies so it did not seem unreasonable. At no time was the full impact of the increase put in terms that could be understood by an average home owner.

Due to the shift work required by my job, I was unable to attend the meetings on this subject. In the back of my mind I also doubted that my presence would alter what was going to happen anyway.

Having lived in the city of Lake City proper I understand how expensive water can be, not the water itself but the treatment of waste water. The rates for the water in the city are actually less than the rates in this subdivision. Even the rate for water in Pompano Beach ( one of the most expensive rates in South Florida) were less than this. We are on a septic tank system here so waste water treatment is not even applicable.

I probably would not object as strenuously if the quality of the water and the water pressure had improved 200%. It has not. It probably will not.

Even though the Commission that approved this increase is an appointed body there are elected officials who are responsible for these appointments. There is one person in this subdivision who remembers this; she is writing this letter. She is a registered voter.
