Re: Docket No. 010869-WS

Dear Mr. Hein:

This will acknowledge receipt of an application for staff-assisted rate case in Marion County by East Marion Sanitary Systems, Inc., which was filed in this office on June 19, 2001, and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6248 or FAX (850) 413-7180.

Please note as well that Commission Rule 25-22.005(7), F.A.C., requires certificate companies to notify the Commission of any changes in name, telephone, address, or contact person. Should your application be granted by the Commission, you will be expected to comply with this rule by advising us of any changes as they occur.

RE: Docket No. 010869-WS, East Marion Sanitary Systems Inc.

Thank you for giving us the opportunity to comment on the East Marion Sanitary Systems Inc. proposed increase in rates for water and sewer at Lakeview Woods residential community. My husband and I oppose the increase.

The rates proposed are outrageous. We do understand that the owners need to make a profit, but by increasing the cost of water and sewer, we are all going to lose. For starters, when residents can no longer afford to pay these high bills there will be many houses for sale and a lot of brown lawns making the neighborhood look run down. The value of our homes, and the houses being built by the developer, will go down. No one would want to buy a house at a place looking like that; and, when they find out how much it would cost just for water and sewer, they would look elsewhere.

We ask you to please, take a good look into this issue, and take into consideration the needs of the people in this community. My husband is retired, and like him there are many retirees leaving on a fixed income as well as many younger families with children trying to make ends meet. When we purchased this home in September of 2001, we were told that the maintenance fee would eventually go down as more families move in, instead, our maintenance fee is going up, and now they are proposing to raise our water and sewer rates. We respectfully request that you do not approve any increases.

Also, please place us on the mailing list for this case. We will join our neighbors at the meeting on April 18, 2002.

Thank you in advance for your time and consideration.

RE: Docket No. 010869-WS, East Marion Sanitary Systems, Inc.

My husband and I would like to thank you and your staff for your sincere attention, concerns that we the homeowners of Lakeview Woods have about East Marion Sanitary Systems, Inc and the proposed high increase.

We really did not know that our concerns were going to be so welcomed by your commissioners. But it is clear that your staff was given false or wrong information on some of the expense items that Mr. Hein was claiming. I know that your staff did a complete audit of the books for year end 2000, but since then we have had many new people move in and the income has increased to about \$2,5000 per month vs monthly expenses of about \$1,121.00 (without insurance, as none is in place at this time). It is clear that Mr. Hein is not operating at a loss on a monthly basis. As far as the famous pump repair payment of \$5,999.00 to Earl's Well, I would strongly recommend that your office look into that invoice further. Mr. Hein does have other properties in Marion County and I wonder if by error, other work other than the work done here was paid under that check. I also saw a contract for billing, etc for \$350.00 a month for a company called J N Management Services, I have not been able to find any kind of listing for this company.

Mr. Hein has wasted your time and the time of your staff in preparing ad Docket with false or wrong information. I ask that your office reconsider approving this increase at this time. Perhaps a new and more thorough audit should be completed and any kind of contract presented by Mr. Hein should be verified that the company or companies are legitimate in Marion County and the State of Florida. Then perhaps your staff could recommend a more reasonable increase.

We do not have anything against East Marion Sanitary Systems, Inc. operating at a profit, but 10% based on inflated expenses and false contracts is wrong.

Again thank you for your time and efforts in helping us.

RE: Docket No. 010869-WS, East Marion Sanitary Systems Inc.

Thank you for giving us the opportunity to comment on the East Marion Sanitary Systems Inc. proposed increase in rates for water and sewer at Lakeview Woods residential community. My husband and I oppose the increase.

The rates proposed are outrageous. We do understand that the owners need to make a profit, but by increasing the cost of water and sewer, we are all going to lose. For starters, when residents can no longer afford to pay these high bills there will be many houses for sale and a lot of brown lawns making the neighborhood look run down. The value of our homes, and the houses being built by the developer, will go down. No one would want to buy a house at a place looking like that; and, when they find out how much it would cost just for water and sewer, they would look elsewhere.

We ask you to please, take a good look into this issue, and take into consideration the needs of the people in this community. My husband is retired, and like him there are many retirees leaving on a fixed income as well as many younger families with children trying to make ends meet. When we purchased this home in September of 2001, we were told that the maintenance fee would eventually go down as more families move in, instead, our maintenance fee is going up, and now they are proposing to raise our water and sewer rates. We respectfully request that you do not approve any increases.

Also, please place us on the mailing list for this case. We will join our neighbors at the meeting on April 18, 2002.

Thank you in advance for your time and consideration.

RE: Docket No. 010869-WS, East Marion Sanitary Systems, Inc.

We thank you for giving us the opportunity to comment on the East Marion Sanitary Systems, Inc. proposed increase in rates for water and sewer at Lakeview Woods residential community. My husband and I oppose the increase.

The rates proposed are outrageous. We do understand that the owners need to make a profit, and request a reasonable increase. However by increasing the cost of water and sewer, the amount that is proposed is not just, and we are all going to lose. For example, when the homeowners can no longer afford to pay these high bills there will be many houses for sale and a lot of brown lawns making the neighborhood look run down. The value of our homes, and the houses being build by the developer, will go down. No one would want to buy a house at a place looking like it is bankrupted; and then when they find out the cost of our "private water and sewer plant" is they will go somewhere else.

We ask that you take a good look at this issue and request written documentation, i.e. canceled checks on expenses, not word of mouth from the owners of East Marion Sanitary Systems, Inc. Such as the Docket stated, the owners did not have past documents to show but the increase by being granted on their verbal statements. I do not understand how you can state Universal Sonlight is a company in Nevada, when in my closing statements, our lot was sold by Universal Sonlight and it has the same address as that of Herb Hein's office in Michigan (copy of document enclosed for your review. Mr. Hein lied to us one week before our closing of March 19, 2001, when my husband asked him what provisions he had for the future growth when Mr. Hein replied the existing well is big enough for now but any future growth has been budgeted for. Mr. Hein never stated rates would have to be increased to cover his cost of future development. Mr. Hein also informed us at the meeting that the well had a back up generator in case of power failure. There is no generator.

Your office can not remedy his lies to us, but you can help us from having such an unfair increase.

My husband is retired and like him there are many retirees that live on a fixed income as well as younger families that have children trying to makes end meet.

Please place us on your list of for future mail out information, and we will be attending the meeting on April 18, 2002.

RE: Docket No. 010869-WS, East Marion Sanitary Systems, Inc.

Thank you for giving us the opportunity to comment on the East Marion Sanitary Systems, Inc. proposed increase in rates for water and sewer at Lakeview Woods residential community. My wife and I oppose this high and unfair increase amount. The rates proposed are outrageous and unfair to all of us. We clearly understand and agree that a cost of living increase would be justified but not 85%.

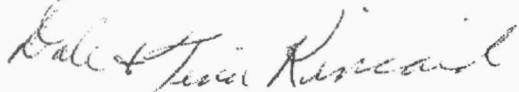

We ask that you take a good look at this issue and request written documentation, i.e. canceled checks on expenses, not word of mouth from the owners of East Marion Sanitary Systems, Inc. There have been no major repairs needed or done at the water or sewer plant since we moved in last year. As a matter of fact, there was not back up generator at the plant when we lost power do to tropical storm Gabrielle last year.

Such as the Docket stated, the owners did not have past documents to show but the increase by being granted on their verbal statements. If an audit was done of the books, we are requesting that this audit be brought to the meeting for our review.

I am retired and like us there are many retirees that live on a fixed income.

Please place us on your list of for future mail out information, and we will be attending the meeting on April 18, 2002.

Re: Docket No. 010869-WS, East Marion Sanitary Systems, Inc.

To Whom It May Concern,

My wife and I are homeowners within Lakeview Woods subdivision and customers of East Marion Sanitary. By way of this letter, we are providing our written objection to the proposed, or preliminary, rate adjustments for water and sewage services as outlined in the notice issued March 26, 2002 and detailed in the Staff Report of March 13, 2002.

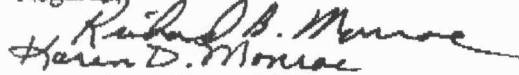

We recognize that increases are inevitable to cover rising costs, yet one would expect such an increase to follow some guideline, such as the cost of living index. We feel the stated proposed levels of adjustment, nearly doubling our current monthly water/sewage bills, are unjustified and follow no guideline other than to increase profit margins of the applicant...and place an unfair burden upon the homeowners and our investments.

We strongly urge the commission and its rate staff to reexamine the operational costs reported by the applicant. We also request that the financial records or unsubstantiated "costs" furnished by the applicant, used by your staff to arrive at the rate increases, be made available at the consumer meeting, April 18, 2002, for our review.

As for conservation of water and lack thereof, (one of the reasons stated for the increase), please request from the utility a copy of any notice or newsletter sent to its consumers outlining the need for conservation, watering guidelines, etc. We have lived here for nine months and have not received anything from the utility except our monthly bill. We were told more than once that, because the subdivision had its own well, homeowners were not obligated to follow published lawn watering restrictions (St. Johns Water Management District, I believe). If water conservation is to be used as a criteria for rate adjustments, we think the consumer should be made fully aware of this fact by the utility.

Thank you for your time and consideration. We look forward to the meeting April 18.

Regards,

Richard and Karen Monroe

Re: Docket No. 010869-WS
East Marion Sanitary Systems

Dear Ms. Moniz:

I am writing to voice my strong opposition to the proposed water rate increase in the Lakeview Woods Subdivision. I am a single parent who is struggling to make ends meet and find it outrageous that such a shockingly high increase is even being proposed. Many homeowners in this subdivision are living on fixed incomes or raising families. We all work hard to keep our homes looking nice, inside and out. This water rate increase would make it impossible for some of us to continue doing such. I don't believe anyone should be allowed to raise a person's bill so high all at once or make an over-inflated profit on such a basic necessity in life. If this rate increase is passed, I will seriously have to consider putting my house up for sale and moving to a more affordable area. Please do not allow this rate increase to be passed at the expense of many fine homeowners who wish to raise their families or retire in this nice community.

Sincerely,

Jill T. Juby
13035 NE 7th Loop
Silver Springs, FL 34488

Florida Public Service Commission
 RE: Application of East Marion Sanitary Systems, Inc.
 Docket No. 010869-WS

April 17, 2002

TO WHOM IT MAY CONCERN:

My husband and I are residents of Lakeview Woods. Our address is 1112 NE 130th Terrace, Silver Springs, FL, 34488. Phone #352/625-0661. We have been residents of Lakeview Woods since Feb. 2000. Our ages are 82 and 69 years old. We are living on a fixed income.

First I must say that we do not have any complaints regarding the quality of the water. We use it for drinking water. We do not have a water softener or any type of water treatment. I do check our water for chlorine content before laundering good clothes. I checked it today and the chlorine content was in the ideal range.

I have studied the Public Service Commission report at length. It was a very thorough report. But I do have some concerns, which I will itemize below.

1. On page 13 of the Public Commission Memorandum it states that the utility plant sits on property that is not owned by the utility but by Universal Sonlight, Inc. Beginning Jan 1, 2001 the utility will be required to pay \$600 per mo to the property owner plus taxes and maintenance. If we obtain a 99 year lease this would amount to \$712,800.00. It would be much cheaper to purchase the land. We need full disclosure. Who owns the land the water and the sewer is on? Who owns Universal Sonlight. I know that Fenix Trustee Co in Reno, Nevada is the trustee company. Why? Who is the property owner? How do we be sure that we can obtain a 99 year lease?
2. Also noted on page 23 that the staff does not believe the annual lease amount of \$7,200 is reasonable. On schedule 3-D and 3-E the rent amount is listed at \$287 yearly and \$380 yearly for a total of \$667. This would be \$66,033 for 99 years.
3. If we are going to pay rent to Universal Sonlight we should know who owns it. If it is owned by Herb Hein and his investors, he would be collecting rent plus making 10%.
4. Accounting, in the past appears to have been done in a haphazard manner. Better accounting is a necessary step. Is the Public Service Commission going to monitor this so that we will know that monies are spent as budgeted?
5. Accountability- Whom are we to call in an emergency? We need an experienced person to call. Fl Statute #403.867 states "A person may not perform the duties of an operator of a water treatment plant unless he or she holds a current operator's license issued by the department." Also noted Fla. Statute #403.865.
6. What was the relationship between Herb Hein and Environmental Services. Why did he change companies Jan 1, 2002. Why were we not given the phone # of a licensed person to call in an Emergency?

7. Below are comparison water rates in Marion County as of Apr 2002. This was obtained from individuals living in the areas.

Majestic Oaks – Water only as they have septic tanks

1-02	16,592 gal	\$33.33	(no breakdown per gal and basic)
2-02	7,336 gal	20.00	
3-02	9,532 gal	23.17	
4-02	13,759 gal	29.25	

Marion Oaks – Water only as this was an area with septic tanks

Basic rate \$9.51, 1000 Gal = 2.05

4-02	13,890 gal	\$38.00
------	------------	---------

Quail Meadows – Water only as they have septic tanks

4-02	No # gallons reported.	\$15.00
------	------------------------	---------

Cherrywood – Water only as this is an area with septic tanks

4-02	11,000 gal	\$14.00
------	------------	---------

City of Ocala

4-02	Water 9.52	
	Sewer 24.29	

Per City of Ocala basic rate is \$6.92 and \$.52 up to 140-0 cu ft then \$.54
100 Cu ft = 748 gal

LAKEVIEW WOODS

2-02	Water - 6,000 gal base rate 7.62 + 1.27 times 6,000 = 8.70 = \$16.32
	Sewer - 6,000 gal base rate 10.98 + 1.83 times 6000 = 9.61 = \$20.59

TOTAL BILL \$36.91

In comparing rates with other areas in Marion County, it seems that our rates are already comparative or higher than other rates in the county.

PROPOSED BILL FOR LAKEVIEW WOODS IF RATE INCREASE APPROVED

WATER – 6000 gal times \$2.29 = \$13.74 + basic 15.34 = 29.08
SEWER – 6000 gal times \$ 5.75 = 34.50 + basic \$14.24 = 48.74

\$77.82

WATER – 10,000 gal times 2.29 = 22.90 + basic 15.34 = \$38.24
SEWER - 10,000 gal times 5.75 = 57.50 + basic 14.24 = \$71.74

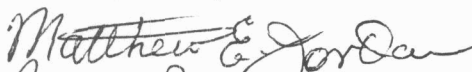

\$109.98

THIS IS OVER A 110% INCREASE.

8. What do you consider a reasonable amount of water for a family of 2 to use? On page 28 of the Public Service Commission Memorandum, I noted that it states that the utility experiences high average consumption. This may be because several people water their lawns every day and frequently all day even between 10a and 4 pm. In order to encourage residents to obey the water restrictions and to help the aquifer, we would like to suggest a lower rate for people who are using a reasonable amount of water and a graduated rate increase for people who use excessive amounts of water.
9. The extremely high growth rates that you predicted in your report should not continue if we have an over 100% increase in our bills.

We do understand that businesses must make a profit but at some point it begins to seem exorbitant. Many of our residents are on fixed incomes and also many have children to support and this would pose a hardship on them.

Thank you for your time.

Matthew E. Jordan
Beata R. Jordan

ATTEN: Sally Moniz

15 April 2002

TO: Public Service Commission Staff

FROM: Will and Mary Ellen Jeffers
1069 N.E. 130th Terrace
Silver Springs Florida 34488
Phone: 352-625-7631

REFERENCE: Water and Wastewater Rate Increase
Lakeview Woods Community

Sirs:

As new homeowners in Lakeview Woods, we are appealing to you to deny any future increases to our water and wastewater rate for the following reasons

1. When we purchased our property on March 2001 we were not informed by either the Developer (Herbert Hein), the Real Estate Agency (Caldwell Banker) or the Builder that the rates for the Water would more than double in price in less than 4 months that we have lived here.
2. When we bought our lot in March and began building our home in July we naturally assumed, since nothing verbally or written was given or explained otherwise, that the cost of the water and wastewater would be incurred by the developer, as it normally is, and added to the price of the lot and house at the time of purchase. If we had been aware of the proposed astronomical (more than doubling) of these expenses we would have looked elsewhere to settle.
3. We have read the Public Service Commission Memorandum on the proposed rate increase and although there are certainly a lot of figures nothing indicates the basis for the original cost, per 1000 gallons of water and

ATTEN: Sally Moniz

In all of our 50 plus years of home ownership have we never had rates as much as our current rates let alone it being doubled (plus). Currently our bills average \$75.00 per month for about 25,000 gallons of water and wastewater . **How much more profit and cost is needed?**

4, Since we moved into Lakeview Woods we feel that the Developer has one goal and that is profit which of course should be his goal however it seems that the Developer is trying to have the 55 homeowners in the Community subsidize the development by constant increases to everything from the Community dues which he has already increased since we moved in January 2001 and now the Water and Wastewater proposed increases

Not one of the increases has been justified or even explained why to any of the homeowners and we all question where the money goes, because no explanation or documentation has ever been provided.

In closing, we as with most of 55 homeowners in Lakeview Woods are against our-will being priced out of the Community due to greed.

Respectfully submitted,

William W Jeffers

Mary Ellen Jeffers

Re: Docket No. 010869-WS Application for a Staff Assisted Rate Case by East Marion Sanitary Services, Inc.

Dear Ms. Smith:

We received your letter dated April 22, 2002. Thank you for attending the customer meeting staff held on April 18, 2002. Staff also has concerns about the cost of the pump repair. We do believe the invoice was paid to Earl's Well Drilling; however, we question whether or not this was a repair or a replacement. Treating this cost as a replacement rather than a repair would reduce the impact on staff's recommended rates. Staff's conclusion on this matter will be addressed in staff's recommendation, scheduled to be filed on May 9, 2002.

You mention in your letter that Earl's Well Drilling may not exist. I have found the company in the yellow pages, its address is 4680 SE 166th St., Summerfield, FL 34491, and its phone number is (352)-245-2324. Also you had concerns about how Mr. Hein is spending your homeowners association fees. As you may know, the Florida Public Service Commission only regulates the utility portion of Mr. Hein's business. If you have concerns related to the homeowners association, I suggest contacting the Department of Business and Professional Regulation, they should be able to help you or direct you to the appropriate oversight agency.

Thank you again for your comments, hopefully this letter has addressed your concerns. Staff intends on addressing all the concerns raised by customers at the meeting and concerns raised through letters like yours. If you have any other questions, you can contact me at (850)-413-6928.

Sincerely,

Ryan Fitch

RE: Docket No. 010869-WS East Marion Sanitary Systems, Inc.

Dear Sir:

Thank you for your help concerning the proposed water increase for our little community.

I, too, am concerned about the over-pricing of repairs that Mr. Hein presented on his accounting books. We have been unable to find the businesses as shown on some invoices. Please look into this further. The payment of \$5,000 to Earl's Well is evidentially a false invoice. This gives me great concern as to what he is doing with our homeowners monthly fees. Could you please let us know who we should contact about that problem?

Again, as I stated in our meeting last Thursday night, April 18, 2002, I am a widow and would appreciate your scrutinizing Mr. Hein's records thoroughly. An increase in our water rates would cause concern in by budget.

Thank you.

Re: Docket No. 010869-WS - Application for a Staff Assisted Rate Case by East Marion Sanitary Systems, Inc.

Dear Mr. Abbott:

This letter is being sent to those customers who signed up to receive a copy of staff's recommendation for Docket No. 010869-WS, application for a staff assisted rate case (SARC) by East Marion Sanitary Systems, Inc. The application was originally scheduled for the May 21, 2002 Agenda Conference. However, the utility has extended the statutory time frame for this case, and the case is being rescheduled to a later date. Once filed, a copy of staff's recommendation will be sent to you as requested. If you have any questions regarding this letter, please contact Ms. Sally Moniz at (850) 413-6926.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ralph R. Jaeger".

FPSC-COMMISSION CLERK

August 13, 2002

Mr. Ralph R. Jaeger
Senior Attorney
General Counsel Office
Public Service Commission

Re: Docket No. 010869-WS East Marion Sanitary Systems, Inc.

Mr. Jaeger,

Per our phone conversation this date, enclosed please find the two documents retrieved and printed from the Property Appraiser's (Marion County) web site.

They list Pamela Ann Tyla as president of Universal Sonlight, Inc., with an address on Pine Ave. in Ocala, a return address to Reno, Nevada, and a return address to Flint, Michigan – the same address used by Mr. Hein as President of East Marion Sanitary Systems. Also note that one of the documents is a Quit Claims to Donna Congdon, also an officer of East Marion and the same person who notarized Mr. Hein's "have sole control and power of direction" affidavit.

P. Tyla and B.J. Tyla are still listed as officers of a company, National Crown or Southern Crown, with an address in Lady Lake, FL.

I hope this will be of assistance to you in your efforts to discover ownership/control of the water/waste water treatment properties in Lakeview Woods/Trails East subdivision. As a homeowner and customer of East Marion, I am interested only in fair and equitable water rates based on truthful statements and documents.

Thank you for your interest in this matter.

Best regards,

Richard B. Monroe
1384 NE 130 Terrace
Silver Springs, FL 34488

Mr. Ralph R. Jaeger
Senior Attorney
General Counsel Office
Public Service Commission

Re: Docket No. 010869-WS East Marion Sanitary Systems, Inc.

Mr. Jaeger,

Per my second phone call to you yesterday, enclosed please find the additional document I was able to locate, again retrieved and printed from the Property Appraiser's (Marion County) web site.

This is a land transfer (within Lakeview Woods/Trails East) turning over a piece of property to the Herbert Hein Trust. Please make special note of the last clause of this document pertaining to the succession of trustees – the list consists of R. Sergeant, D. Congdon, Ericka Haddix – all with trustee/owner interests in the subdivision, and Pam Tyla. As per previous documents sent to you, Ms. Tyla declared she was president of Universal Sonlight.

As an aside, it is interesting to note that Karen Coburn, Trustee and grantor in this case, was at one time listed as the Secretary/Treasurer of East Marion Sanitary Systems along with Mr. Hein as president and Donna Congdon as V.P.

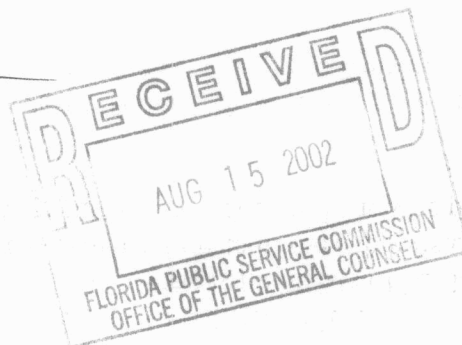

I would think that this evidence, along with the two documents sent earlier, clearly suggests a business relationship of some level exists/existed between Mr. Hein, Ms. Tyla and Universal Sonlight, Inc.

Again, thank you for your interest in this matter and in searching for the truth.

Best regards,

Richard B. Monroe
