AFFIDAVIT

By my signature below, I, ROBERT ONSGARD, attest to the accuracy of the information contained herein and the attached documents. I have reviewed the foregoing and declare that, to the best of my knowledge and belief, the information is true and correct. I attest that I have the authority to sign on behalf of FPL FIBERNET, LLC.

Further, I am aware that, pursuant to Chapter 837.06, Florida Statutes, "Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his official duty shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 and s. 775.083."

BellSouth Supplemental Exhibit SWP-3

Competitive carriers with high-capacity loop facilities to customer locations in BellSouth territory - State of Florida

- 1(a) Has FiberNet deployed or are leasing high-capacity loops at this location?
- 1(b) Does FiberNet have retail service at this location?
- 1(c) Does FiberNet provide wholesale service at this location?
- 1(d) If yes to c), does FiberNet have access to the entire customer location, including each individual unit within that location?
- 1(e) Is the loop channelized for DS1, DS3 and OCN and how many of each are serving retail customers at this location?
- 1(f) Does FiberNet offer channelized DS1, DS3 and Ocn on a wholesale basis at this location?
- 1(g) How many loops cannot be channelized to DS1 or DS3 by FiberNet at this location?
- 1(h) Has FiberNet provisioned dark fiber(which includes dark fiber obtained under a long-term IRU) which includes all deployed, non-lit fiber, whether it has been spliced or not?
- 1(i) Does FiberNet have working dark fiber, which includes all provisioned dark fiber which has been spliced?

Foot Notes

- 1) Excel Columns F, G, & H were provided by Staff and are not part of FiberNet's response.
- 2) From our understanding, Question 2(g) is not possible to answer. Number of loops not available would be dependant on varying possible ring configurations.
- 3) FiberNet has provisioned dark fiber to a customer, however the entrance facility is controlled by someone other than FiberNet.
- 4) Question 1 (i) asks if we have working dark between at this location. We assume working dark fiber includes existing dark fiber used to provision services.

facilities on routes between BellSouth wire centers in the same LATA - State

3(a) 3(b) 3(b) 3(b) 3(b) 3(b) 5 (a) 5 (b) 5 (c) 5 (d)

3(a) Has FiberNet either deployed our own DS3, DS1 or Dark Fiber facilities, or have deployed DS3 facilities by attaching our own optronics to activate dark fiber transmission facilities obtained under IRU at this location?

3(b) Identify each and every capacity level (DS1, DS3 and Ocn) in which FiberNet is operationally ready to provide transport along each route, and how many DS3 and Ocn facilities along each route are carrying traffic.

5(a) Identify each route on which fiberNet has deployed our own DS1 facilities or are using dark fiber facilities that we obtained on an unbundled, leased, or purchased basis if we have attached to our own optronics to activate the fiber, and offer a DS1 route over these facilities on a widely available wholesale basis to other carriers desiring to serve customers on that route

5(b) Identify each route on which fiberNet has deployed our own DS3 facilities or are using dark fiber facilities that we obtained on an unbundled, leased, or purchased basis if we have attached to our own optronics to activate the fiber, and offer a DS3 route over these facilities on a widely available wholesale basis to other carriers desiring to serve customers on that route

5(c) Identify each route on which fiberNet has deployed our own dark fiber facilities or obtained dark fiber facilities from an entity other than an ILEC and are operationally ready to lease or sell such facilities for the provision of fiber-based transport along a particular route.

5 (d) Provide the number of dark fiber facilities that are available along each route

LATA 952											
6(a) Identify each route on which fiberNet has deployed our own DS1 facilities or are using dark fiber facilities that we obtained on an unbundled, leased, or purchased basis if we have attached to our own optronics to activate the fiber, and offer a DS1 route over these facilities on a widely available wholesale basis to other carriers desiring to serve customers on that route											
6(b) Identify each route on which fiberNet has deployed our own DS3 facilities or are using dark fiber facilities that we obtained on an unbundled, leased, or purchased basis if we have attached to our own optronics to activate the fiber, and offer a DS3 route over these facilities on a widely available wholesale basis to other carriers desiring to serve customers on that route											
6(c) Identify each route on which fiberNet has deployed our own dark fiber facilities or obtained dark fiber facilities from an entity other than an ILEC and are operationally ready to lease or sell such facilities for the provision of fiber-based transport along a particular route.											
6(d) Provide the number of dark fiber facilities that are available along each route

Foot Notes											
1) Fibers with entrance facilities that are not spliced were not considered to be operationally ready to lease or sell.											
2) There is only one ring with 2 dark fibers available that are accessible to all of these locations.											
3) There is only one ring with 10 dark fibers available that are accessible to all of these locations.											
4) Questions 6 (a) and 6 (b) relate to capacity and are answered at 6 a) and 6 (b) on Exhibit F.3.											

Verizon Supplemental Testimony Exhibit F.5

- 2(a) Has FiberNet deployed or are leasing high-capacity loops at this location?
- 2(b) Does FiberNet have retail service at this location?
- 2(c) Does FiberNet provide wholesale service at this location?
- 2(d) If yes to c), does FiberNet have access to the entire customer location, including each individual unit within that location?
- 2(e) Is the loop channelized for DS1, DS3 and OCN and how many of each are serving retail customers at this location?
- 2(f) Does FiberNet offer channelized DS1, DS3 and Ocn on a wholesale basis at this location?
- 2(g) How many loops cannot be channelized to DS1 or DS3 by FiberNet at this location?
- 2(h) Has FiberNet provisioned dark fiber(which includes dark fiber obtained under a long-term IRU) which includes all deployed, non-lit fiber, whether it has been spliced or not?
- 2(i) Does FiberNet have working dark fiber, which includes all provisioned dark fiber which has been spliced?

Foot Notes

- 1) Excel Columns E, F, G, & H were provided by Staff and are not part of FiberNet's response.
- 2) From our understanding, Question 2(g) is not possible to answer. Each site would be dependant on varying possible ring configurations.
- 3) Question 2 (i) asks if we have working dark between at this location. We assume working dark fiber includes existing dark fiber used to provision services.

Question 7

Provide all transport routes in Bell South or Verizon territories in which you filed a notice to terminate service. Identify whether you channelized and offered wholesale DS1, DS# and dark fiber transport along each route.

Answer

FiberNet has not filed a notice to terminate service on routes referred to in Bell South Exhibit SWP-8 or Verizon Exhibit F.1-F.4.
