Re: Docket No. 992015-WU

Dear Ms. Walker:

This will acknowledge receipt of an application for limited proceeding to recover costs of water system improvements in Marion County by Sunshine Utilities of Central Florida, Inc., which was filed in this office on December 23, 1999 and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6078 or FAX (850) 413-6079.

Docket # 992015-WV

Mr. Harvey Samson
10124 SE 125th Pl
Bellevue, FL 34420

Aug. 28, 01

Commission Staff,

We live in the Hilltop Sub-division. We do not have a well, therefore depend on the Sunshine Utilities for our water.

The water is only good for, & used for doing dishes the laundry & showers. The taste is horrible & at times it smells badly. We buy our water bottled at a cost of about 6 to 7 dollars a week. Due to my heart problems, I need to drink quite a bit of water.

I would gladly attend your so-called meeting, but due to the heart & my breathing problem, I find it best to stay home.

Why don't you try to improve the taste of the water?

Reference: Docket Number 992015-WU, Application for limited proceeding
to recover costs of water system improvements in Marion County by
Sunshine Utilities of Central Florida, Inc.

To Whom It May Concern:

This letter is to verbalize my feelings regarding the poor water quality and
poor service provided by Sunshine Utilities, Inc. of Central Florida.

I have owned my home at 2697 NE 60th Lane, Eleven Oaks Subdivision, Phase
One, Ocala, Florida since March 15, 1997.

During the first few months of owning my home, I notice a strong smell of
chlorine in the water, and my skin was becoming very dry, as well as my hair
bleaching out dramatically.

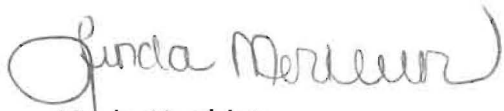

I contacted Culligan Water of Florida and had them do a test on my water. I
was told that the chlorine level in the water was stronger than that of
swimming pool water.

I have to pay Culligan water the following to bring the chlorine level to one
that is safe for water consumption: \$80.00 a quarter for a new chlorine
tank and \$10 as a monthly fee, which comes to a total of \$360.00 per year.

I am paying Sunshine Utilities on the average of \$30.00 a month for what should be "safe and usable water" and this is not the case.

I am very unhappy about the quality of the water and ask that the commission look into this situation.

Respectfully,

A handwritten signature in cursive script that reads "Linda Merklein". The signature is written in dark ink and is positioned above the printed name.

RE: *Sunshine Utilities, Inc. -- Docket No. 992015-WU*

Dear Sir or Ma'am:

We have lived in Eleven Oaks Subdivision for in excess of ten years and have had Sunshine Utilities as our water service. During that time, we have had numerous problems which have been brought to the attention of Sunshine Utilities and, usually, the problems would be resolved for a short period of time, and would then resume in the same or worse condition as they originally existed.

The specific problems which we have experienced are **excessive amounts of chlorine, rust** in our water and **sporadic water pressure**.

Approximately two weeks ago, we received an extreme amount of rust in our cold water, such that a large quantity of our laundry was ruined, including towels and clothing. Once this rust is in towels and clothing it CANNOT be removed. If an item is one that can be bleached, even bleach will not remove it. In a discussion with a Sunshine Utilities employee, we ~~was~~ advised that when the water pressure fluctuates, it forces the rust from their pipes into our home. If this is so, **why have the pipes not been flushed or cleaned such that the rust is removed from the pipes?**

Our toilets regularly have rust stains in them, which will appear within a few hours after they have been cleaned.

On numerous occasions, we have bathed our two-year old son and been able to smell chlorine on his skin from the water. This cannot be healthy!

Director, Division of the Commission Clerk
and Administrative Services
Florida Public Service Commission
September 13, 2001
Page Two

Probably 80% to 90% of the time, we are unable to use the ice from our ice maker because of the high chlorine content and we are required to purchase bottled water on a regular basis because our water tastes and smells awful and, again, it cannot be healthy to drink with such high chlorine content.

We have now received a notice wherein Sunshine Utilities is requesting a rate increase to "recover costs of water system improvements in Marion County". If, in fact, there have been any improvements, we are not aware of them and the quality of water has certainly not improved and, in fact, has been worse in the last two to three weeks.

We would respectfully request that you deny any rate increase to Sunshine Utilities and would further request that they be required to resolve the existing water problems in our subdivision.

Sincerely yours,

Michael G. White

Robin R. White

Members of the Public Service Commission, Ladies and Gentlemen:

My name is Lil Weiss and I own a home in the Davis Landfill area. I am here tonight to express my opinion about the proposed application of the rate increase that Sunshine Utilities has requested. I personally opposed the rate increase of 15.33% and I was told today that they are actually looking for a 17% rate increase. Why such a huge rate increase. Especially at this time when the economy is, does it seem fair to get a 17% rate increase? When the average customer is struggling to make ends meet, losing their jobs when companies are down sizing to stay in business, or even taking pay cuts to have a job to survive. How do we know as customers that Sunshine Utilities are actually putting this rate increase to the new systems and not lining their pockets with the revenues from the increase? How do we know the water quality will be better? How do we know that Sunshine Utilities are actually testing these systems like they say? Anyone can do reports and send out, do we know for sure these test or reports are correct? And if and when they put these systems in, what about the water sitting still stored in a tank, doesn't that cause any kind of bacteria just sitting there? I don't feel Sunshine Utilities provides good customer service relationship to their customers or systems. I find Sunshine Utilities can't provide the answers to the questions when you asked them. It is right to ask all the 21 separate water systems Sunshine Utilities customers to want this rate increase just for the 5 systems that are in trouble with contamination. Do you really think they want to pay for that? I know I wouldn't.

I wouldn't have this system at all if Marion county Davis landfill didn't contaminated our private well. As you see I don't only have issues with Sunshine Utilities but with Marion county which makes this whole situation difficult. I don't agree with Sunshine Utilities because of all the problems I have with them at this time. They don't really stand behind their service or this systems installed. Thank you for your time and hearing out my opinion.

Is there not a better way to upgrade what system they have now for amount of the people they do service.

Lillian Weiss

PO Box 1418

Ocklawaha FL 32183

352-288-7660 - home

352 671-9213 - work day

How about the customers that had no choice to go on these systems because of their private wells being contaminated by the Marion County Davis landfill. Is it right for them to pay for the use of water when it was beyond their control their private wells were being contaminated. My opinion is that Marion County knowing their landfill for years was contaminating the private wells and the water underground to provide the best quality water for those people whose wells became contaminated. Making people on these water systems in 1998 didn't really solve anything. It provided much more problems for some of us. The system they hooked us up with was still had levels of contamination. We were told by Marion County and Charles Coultas who was the one that set up the installing of the pipes and system to the 3 homes on our property that our water bill would be only 15.00 a month for a family of four. not true. We were told we wouldn't have no more problems being with the new system. not true. We were told that Marion County or EPA hired the utility company which is Sunshine to completely hook us up with meters and all the piping up into our homes. Which was done. And now Sunshine won't stand behind their pipes. We wanted the meters at the homes and Sunshine wouldn't do that. I have a incident I have to deal with, about the pipe that crack and the water bill. I think Sunshine should maintain their pipes that were laid by them. Especially when it is beyond the customers control and due to circumstances that the customer didn't abuse or neglect the pipes to begin with. I think there is a defect in the pipe.

9/20/01 CONSUMER COMMENTS

I want to know if the existing well system couldn't be upgraded for less money than they are asking for a new system. Why do they need to ~~be~~ receive all that money and raise the rates 15.33% if they can't take care of these customers right now professionally. What makes us believe it would be any better? I don't really believe that it would. There is not many customers in the section and why would people in Ocala areas want to have their rates raised when they have problems with customer service also. I don't think all the people in this

with customer service problems

Area of Davis Landfill ^{or even in other Sunshine customers} know what Sunshine Utilities want to do because if they knew their rates were going up I think there would be more people fighting against it. I think they would say why can't you fix and upgrade the system that's ^{Fold and tape - see back for address} there now. I don't think raising the rates would solve anything.

Re: Docket No. 992015-WU - Application for limited proceeding to recover costs of water system improvements in Marion County by Sunshine Utilities of Central Florida, Inc.

Dear Ms. Weiss:

Enclosed is a copy of the Staff Recommendation filed in this matter on October 25, 2001. The Commission is expected to consider this Recommendation at its November 6, 2001, Agenda Conference which will be held in Room 148, Betty Easley Conference Center, in Tallahassee beginning at 9:30 a.m.

If you wish to attend, please arrive promptly at the beginning of the Agenda Conference, as we cannot state the exact time at which this item will be heard. You are welcome to come to this Agenda Conference and observe, and staff has recommended that interested persons be allowed to participate in the discussion of this item.

If you have any questions, please feel free to call me at (850) 413-6199.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ralph R. Jaeger".

RE: DOCKET NO. 990215-WU - APPLICATION FOR LIMITED PROCEEDING TO RECOVER COSTS OF WATER SYSTEM IMPROVEMENTS IN MARION COUNTY BY SUNSHINE UTILITIES OF CENTRAL FLORIDA, INC.

On September 18, 2001, I sent you the attached memo requesting that Gregory R. Lesch, Richard F. Lagasse, Sr., and Lillian Weiss be placed on the list to receive all orders and recommendations and to be designated with an "R" following their names in Case Management. Although they have been listed as interested parties, there is no "R" designation. Also, I noted that my September 18th memo does not appear on Case Management.

Please designate each individual with an "R" and enter these two memos in Case Management.
