Subject: PLEASE PLEASE VOTE AGAINST FPL INCREASES

In addition to recent increases, and, I suppose, due to the fact that they were not able to push thru bigger increases, prior, **FPL has increased their past due fee fees 400%, and because they know everyone is having difficulty paying the increases, they are now charging an additional avg. of \$60 per month for any payment extensions, they have never done this in the 25+ years i have used them. Is this price gouging??** Associated with the higher rates are higher,taxes and fees, which seem to be never-ending on utility bills.

By all indications, FPL is a very stable company with profits margins many companies would be envy of, during these very difficult times.

I am a single mother of 2 young children, who recently took a \$2,000.00 per month pay cut, after being out of work for weeks, and just when I scratched my way out of near homelessness and weeks of barely

11/3/2008

having money to put food on the table, I find that I am indebted to FP&L for roughly \$1,200.00 for a 3-month period.

This is so unfair and, I believe, unwarranted. I have lived in Florida all my life, FPL has reaped benefits of all of my 41 years with no hurricanes (Andrew excluded) worth mentioning until recently. Just like the insurance companies, when they had to pay out, they took off or gouged us.

Maybe their Execs should take a pay cut like we all have.

Thanks for your time.

Commissioner Edgar,

It has come to my attention that Florida Power & Light is asking the Florida Public Service Commission to approve raising its electric rates by 7 percent and this will be decided by you on Tuesday, November 4th. In the current economic downturn, consumers are struggling to pay for basic needs. The proposed price increase comes at a time when many Florida residents are facing possible job losses, home foreclosures and higher living costs as the economy worsens. Most importantly, the explanation for the increase is for rising fuel costs which simply does not make any sense. Crude oil prices as well the price of natural gas have dropped sharply since July. Recently, Progress Energy Florida and Tampa Electric Co. lowered earlier projections of fuel fees. For these reasons, we are asking for your support in not approving this approaching rate hike.

Thank you for your consideration,
Alonna Miller

Hi Lisa:

On May 15, 2007 Gulf Power filed Document No. 04024-07 asking for a temporary protective order covering the information.

Gulf power referred to this material as pertaining to an "audit" so the document was assigned to RCA for processing. The material does not pertain to a staff audit but instead pertains to discovery by the Office of Public Counsel. (See Document No. 04023-07 also filed on May 15, 2007.)

I have discussed matter with Earl Poucher of the Public Counsel's Office and he advises that Public Counsel still has possession of this sensitive material and has not yet returned the material to Gulf Power.

Lisa, as we discussed, a protective order will be needed for this material.

Pete, Bill and Patsy, I am requesting that Marguerite reassign this matter to the Division of Economic Regulation for further processing and tracking.

If there are any questions regarding this matter, or if I can be of any further assistance please let me know.
