Governor Scott,

With all due respect, I still have not received any reply on this correspondence. Previously, we would have heard something from the Governor's office. Our previous State Rep, now Congresswoman Sandra Adams, was in constant contact with us and Tallahassee. We are afraid with all of this new leadership that the communication is being lost or ignored.

I understand you have dis-banned and let go of the entire old Public Service Commissioners. Both the corrupt ones that work hand in hand with FPL and Aqua Utilities and the honest ones which were actually trying to do their job by representing the "public" - i.e., "public service commission." I seriously hope your office has been brought up to speed on the dangers of our issues with Aqua Utilities. I would like to request an appointment to meet with you, as I would like to discuss these issues and how they affect the health and financial welfare of so many Florida citizens, schools and children including my own family.

Regards,
Nancy Evans

Subject: Update from Chuluota - Evans' Family

Hello,

Hope you are both doing well. I'm not even sure if this is the correct e-mail address for each of you anymore but wanted to update you regarding our Chuluota properties. It's taken 3 years, but we are finally rid of both of them and Aqua!!! The house was given back to the bank in a Deed In Lieu Of based on the environmental concerns since they refused to accept the sales in order to avoid liability, a very rare occurrence from what I am told. The empty land was dismissed for lack of prosecution. We've had multiple contracts but the bank did not want to touch them as the first contract was withdrawn due to the water concerns. Both judges, at both hearings, told both banks they had their hand full with the contamination issues/bad water. Disclosure to future potential owners was mentioned to both banks by the judges.

Meanwhile, I am running into more and more children (that I teach that also reside on the Chuluota/Aqua water line) that have these multiple growths on their bodies like my son had painfully removed over a two year period. I've never seen these growths anywhere and I've worked with literally thousands of children across 3 counties and some in the most dirty, impoverished areas you've ever seen. Chuluota is a wonderful community with clean kids and caring families. I do not think these are typical growths. And as proof, I can tell you that the longer we've been gone (only a 1/4 mi away on a different water supplier line) our entire family including the new pets are healthy and thriving. None of the health issues we had on Aqua's water line returned and the existing issues have

2/10/2011

continued to improve if not disappear all together. We feel lucky for that regardless of the turmoil we went through. We've never appreciated our health more than now. On side note, our "other" next door neighbor has also passed away since we moved. He died of kidney, liver and lung failure. That means two of direct next door neighbors died since we left. Both were young.

On another note, a family in Pasco Co just went to trial against Aqua on January 3rd (same atty represented them that filed the wrongful death suit against Aqua in Chuluota). A huge amount of evidence was forced to be kept out and the jury sided with Aqua. They are now appealing. The judge scolded both sides for dragging it out too long. You can find some of the juror comments posted on these article's comment sections.

<http://www.tampabay.com/news/courts/civil/pasco-jury-clears-aqua-utilities-in-dispute-over-damaged-home/1144229>

<http://suncoastpasco.tbo.com/content/2011/jan/07/pasco-couple-lose-court-fight-over-home-flooding/>

Also, the most recent Aqua story is coming out of Lake Co. Check out the six pages of comments posted with this article. This is how Chuluota started in 2004, then the health issues came and the plumbing became clogged and the properties/homes were permanently devalued.

<http://www.wftv.com/news/26654010/detail.html>

Someone at Siemens referred another person to me for advice on why the homes on Aqua's lines were so inexpensive compared to the exact same models down the street. They wanted to avoid being bit. I shared our former community's experience and the person inquiring decided to buy elsewhere. This just happened last week. Same old story, different day.

There is another Aqua rate increase being sought after and in 7 years time they've raked in a huge profit margin but the majority of the Florida systems they acquired are still poor with no money spent on repairs or improvement. Including the Chuluota issues. Current sewage back ups in bathtubs, smelly water (even though it's now clear and not black) and odd illnesses are still presenting themselves on Aqua's water line. I sure hope our representatives are still fighting for the less heard voices of the citizens of Florida in Tallahassee. Please forward this e-mail to anyone that would be of interest!

Thanks again for your continued support!

Kind Regards,

Nancy Evans

To: "Voice, Lakeland" <voice@theledger.com>

A rate increase by a water/sewer utility is actually a realstate tax increase. I am a resident living in a senior manufactured home park. I own my land and have Florida Homestead Tax status. Aqua's request will almost double my current yearly tax. I include this payment for water/sewer, in the same way as my payments for services that are attached to my county taxes. This tax increase will effect every homeowner in Florida that has the misfortune of being stuck with Aqua's services. Snowbirds will be effected to a greater extent as they do not have the Homestead tax deduction. They will have to pay very heavy set rates for sewer and water, with gallonage included. Most are here helping the state's economy for about five months each year.

I hear many northerners in my park saying they will have to sell their Florida homes. They cannot afford maintaining two homes any longer if this rate increase goes through. Do we need more homes for sale in our state? I bought my home here over twenty years ago. I am not part of the craziness that went on, in the last few years, that caused the housing bust. The value of my property will fall even further as the snowbirds put their homes on the market. Most smart home buyers will check out the taxes and utility rates before buying. Any home in the Aqua utility service area will lose additional value. One thing concerning me greatly is that a former PSC employee is now negotiating these rate increases for Aqua. No one at the PSC that had contact or even shared a lunch with this former employee should vote on any matter concerning Aqua.

Case Background

By Order No. PSC-09-0385-FOF-WS (Final Order), issued in Docket No. 080121-WS on May 29, 2009, the Commission found that the quality of service provided by Aqua Utilities Florida, Inc. (AUF) was marginal for all systems, except the Chuluota system which was unsatisfactory. (Final Order, p. 21) Also, the Commission noted that a consent order for The Woods water and wastewater systems had just been closed, and made the increased rates for those systems subject to refund with interest should the systems become subject to a Department

Hey Kim,

As a follow up to our discussion this morning, due to the volume of pages it would take to produce paper from this CD (approximately 39,000 pages), CLK will be accepting the CD in lieu of requiring a paper filing. Please file this procedural confirmation in *Docket Correspondence - Administrative* for our records.

Thank you.

Ruth, you will find many many CDs in the Aqua Exhibits. We did not have time to print everything out before the hearing, so we attached the CDs. I will be printing everything out as soon as my schedule permits and I will get it to you. Be forewarned that it will be a extremely massive amount of paper.

Hi, I am in the process of putting this particular Exhibit in order so that it can be scanned. However, I came across 2 cd's under #22, Bates page 00001709, of Item No. 65, that need to be printed out and a hard copy provided to me for the file to be scanned in. My question is this - do you want me to send these 2 cd's back or do you have a hard copy of these two diskettes printed out that you can forward? Please advise me on whether I need to send these 2 cd's back or just expect a hard copy. Thank you. I look forward to hearing from you.

TO; CHAIRMAN MATTHEW CARTER, FLORIDA PUBLIC SERVICE COMMISSION

I'M TAKING THIS TIME TO EXPRSS MY CONCERNS ABOUT THE PROPOSED FINAL WATER AND WASTEWATER RATES. THIS IS THE FIRST TIME THAT I HAVE EVER WRITTEN ABOUT A RATE INCREASE WITH ANY COMPANY.

IF I READ THE PROPOSED FINAL WATER AND WASTEWATER RATES CORRECTLY, MY RATES FOR WATER WOULD MORE THAN DOULBLE FOR WATER. \$10.07 TO \$21.92, MY RATES FOR WASTEWATER WOULD INCREASE BY A THIRD \$30.10 TO \$45.26.

I FIND THAT THESE RATES ARE UNFOUNDED AND WE ARE ALREADY PAYING A HIGHER RATE THEN PEOPLE IN CHARLOTTE COUNTY. IN THE TIMES THAT WE LIVE IN, UNEMPLOYMENT ON THE RISE, FORECLOSERS AND THE UNCERTAINTY OF THE PRICE AT THE GAS PUMP. THIS IS NOT THE TIME TO RAISE THE RATES ON WATER AND WASTEWATER. WE ARE ON A FIXED INCOME.

I HAVE TALKED WITH FRIENDS IN LAKE SUZY ABOUT THIS AND FIND THAT THEY ARE CONCERNED ALSO. I HOPE THAT OTHER CUSTOMERS OF AQUA UTILITIES HAVE WRITTEN ALSO. PLEASE CONSIDER THIS MATTER CAREFULLY AS THIS COULD HAVE A LONG TERM AFFECT ON US AND THE ECONOMY.

THANK YOU,

WILLIAM & JULIE HOFFMAN

Could we have the document description updated to state first Temporary Protective Order as you did for document no. 09665-08, in this docket? It would make locating an order much easier.

Thanks so much!

Good afternoon Mr. Larson,

We are in receipt of the memos you forwarded to CLK/Cole with attached objections to rate increase in Dockets 080009 and 080121. You have requested that these letters be placed in the appropriate docket files. Normally, letters objecting to rate increases are placed in the correspondence side of the docket file. We will be glad to disseminate these documents to all interested persons and parties of record, however, we need to clarify whether you want these documents to receive a document number and be placed in the docket file, or to be placed in the correspondence side of the docket file with no document number. Thank you for your help.

To Whomever Can Read:

Here we go again. Another rate increase based on PERCENTAGE, WHICH IS THE MOST UNFAIR WAY OF DOING THINGS. Has anyone on any panel or commission ever looked at "percentages", & realized that it punishes those persons who are least likely to benefit from it? If it's an increase in pay, the ones making the most get the largest raise, while the ones making the least get the smallest increase. In this case, those of us paying the largest bills for the stuff called water are told they get the largest increase, while those people in Citrus Springs, Sugarmill Woods, & Pine Ridge get by with nickels & dimes increases. Is there no one in the county or state government familiar with the concept of fairness, & honesty? What is so difficult about a blanket raise, so that those of us in the smaller communities get an honest deal for a change? If this concept is too hard to understand, I would be happy to explain it to you. All you do is divide the amount of money you need by the number of homes in the system., & that is the answer. Here is another idea you can have, free!!! Just start charging Sugarmill Woods & Pine Ridge the same rates that we are paying, & you will be ASTOUNDED by the drop in water usage, I guarantee it!!! But then again, that might be taking fairness too far, right?

This has been going on for 14 years, & I would hope that someday those of us in Lakeside community as well as other small communities will be heard.
