Docket No. 080318-GU – Petition for rate increase by Peoples Gas System.

Critical Date(s): 8-Month Effective Date Waived through 05/19/09

Commissioners Assigned: All Commissioners

Prehearing Officer: Skop

Staff: ECR: Draper

GCL: Klancke, Brubaker, Fleming

(Post Hearing Decision - Participation is Limited to Commissioners and Staff)

Issue 49: What are the appropriate customer charges?

Recommendation: The appropriate customer charges are shown in Schedule 6 of staff's memorandum dated May 7, 2009. Staff requests that the Commission grant staff the authority to administratively approve the tariffs filed to implement all Commission-approved rates and charges in this docket.

Issue 50: What are the appropriate per therm distribution charges?

Recommendation: The appropriate per therm distribution charges are shown in Schedule 6 of staff's memorandum dated May 7, 2009.

Revised Issue 54: Should the Commission approve PGS's proposed "Gas System Reliability Rider," which would permit recovery of revenue requirements associated with eligible infrastructure system replacements (e.g., replacements for existing facilities, relining projects to extend the useful life of existing facilities, road relocation projects) and incremental O&M expenses, if any, incurred to comply with mandatory pipeline safety regulations? If approved as proposed by PGS, such recovery would continue until the effective date of revised base rates established in the Company's next base rate proceeding. The rider would also provide for the refund of O&M expenses, if any, incurred to comply with mandatory pipeline safety regulations, in excess of such expenses included in the Company's most recent base rate proceeding.

Recommendation: Yes, provided that PGS only be allowed to recover actual costs after they have been incurred. PGS should file a petition annually to establish per therm factors for each rate schedule to recover its actual and verifiable relocation and pipeline integrity costs in excess of what is recovered through base rates.

Issue 59: Should this docket be closed?

Approved Stipulation: Yes, this docket should be closed after the Commission has issued its final order and the time for filing an appeal has expired.

Hi Cheryl,

Thank you for letting us know about the reference to the incorrect date. The historic test year date was entered rather than the projected test year. I have made the change to the document description in CMS. It may take a little while, but the change will show up on the website the next time the website is refreshed.

I will place this message in correspondence for future reference.

Thank you for your help too Lee.

Hey Lee,

I don't know who I would let know down there about the reference below but I figured you could direct it to the right person. Hope you don't mind. The reference in the tan box shows a projected test year ending 12/31/07, it should be 12/31/09. This is docket no. 080318-GU.

Thanks much, Cheryl
