**RE: Docket # 080562-WS****Dear Commission Clerk:**

**In response to the letter of September 15<sup>th</sup>, East Marion Sanitary Systems submits the following:**

- 1. We will correct tariff sheets as advised.**
- 2. The Address for the utility should be:**  
**East Marion Sanitary Systems**  
**G-4225 Miller Road # 190**  
**Flint, MI. 48507**
- 3. In response to numbers 3 & 4, Requesting the Driver license number and social security numbers of customers is a common business practice that allows for a utility to pursue its legal rights to collect a debt in case of default for services rendered by the utility as required by collection companies.**
- 5. This statement is consistent to the rules as bills are sent prior to the end of the month.**
- 6. We will change this language from "5 days "to "7 calendar Days" to be consistent with the rule.**
- 7. The current approved returned check charge is \$ 20.00. We request a change to**

\$ 25.00 along with \$ 8.00 fee as representative of charges from the bank for a total returned check fee of \$ 33.00.

8. Corrections will be made as advised.

9. Corrections will be made as advised.

10. Correction will be made as advised. The "Double service" is for one customer. A larger line is installed and split so that proper valving can be installed providing that each meter has its own shut off valve. In order to provide a fair price for the customer and the utility, the cost was averaged so that the utility could use either contractor. One contractor gave a better bid for the "short insulation" and the other contractor gave a better bid for the "long installation" and given the current state of the economy especially as it pertains to contractors in the state of Florida, we can't be certain who will be in business in the future.

11. The Violation reconnection fee is more because of the added time involved and because it is getting more difficult to find someone to do them. The premise visit fee should be higher because we have found it takes 2-3 times longer for a representative of the utility to go to a customer's home and converse with them the problems and a resolution, as compared to a normal or initial connection fee.

Please feel free to call anytime. I look forward to your response.
