ACTION REQUESTED [see APM 2.11]

- ☒ Defer Item to Conference Scheduled for: Date: 10/26/2010
- ☐ Change Order of Item or Take Up at Time Certain
- ☐ Withdraw Item (not expected to return to Agenda)
- ☐ Late Filed Recommendation (must be filed no later than 3:00 p.m. on the date approved for late filing) A copy of the front page of the recommendation must be provided to the Commission Clerk by 12 noon on the regular filing date for use as a place-holder during agenda preparation.
- ☐ Add Item to Published Agenda [see Section 120.525(2), F.S.] – Issue an ADDENDUM and give Legal NOTICE
- ☐ Add Emergency Item to Published Agenda [see Section 120.525 (3), F.S.] – Issue an ADDENDUM and Give Fair NOTICE

Concise explanation, justification or comments (attach additional sheet if necessary):

The Chairman requests deferral of this item.

With respect to Issue A, Section 350.01(6), F.S., requires the full Commission, within 15 days of receipt, to dispose of motions seeking assignment of any proceeding to the full Commission. If Issue A is deferred, there will be no opportunity to timely vote on this issue and the Commission will be in violation of the 15-day timeframe set out in the statute. In addition, if Issue A is deferred, there is a strong argument that the full Commission will be assigned to vote on the stipulation (Issue 1) by operation of law. Therefore, staff does not support deferral of Issue A. Staff does not take issue with deferring a vote on the settlement (Issue 1).

I will correct the pdf and word documents that are on line. CMS currently has All Commissioners, so you'll need to do a CASR.

Mr. Smith:

On review of the correspondence files for Docket 080677, some of your correspondence was placed in correspondence for parties and interested persons, and other correspondence was placed in correspondence for consumers and their representatives. On 5/26/09 you were added to the mailing list as an interested person in the docket. I have confirmed with staff that your correspondence should be moved to the correspondence file for parties and interested persons (DN 10741-08). Like the consumer correspondence file, you will be able to view the correspondence for parties and interested persons on-line. I will follow-up with you when those files have been updated.

These items are designated by double asterisks (**) next to the agenda item number.

To participate informally, affected persons need only appear at the agenda conference and request the opportunity to address the Commission on an item listed on agenda. Informal participation is not permitted: (1) on dispositive motions and motions for reconsideration; (2) when a recommended order is taken up by the Commission; (3) in a rulemaking proceeding after the record has been closed; or (4) when the Commission considers a post-hearing recommendation on the merits of a case after the close of the record. The Commission allows informal participation at its discretion in certain types of cases (such as declaratory statements and interim rate orders) in which an order is issued based on a given set of facts without hearing.

See Rule 25-22.0021, F.A.C., concerning Agenda Conference participation and Rule 25-22.0022, F.A.C., concerning oral argument.

Staff: GCL: Bennett, Fleming

Issue 1: Can the Commission postpone its final decision in the Florida Power & Light Company and Progress Energy Florida Inc.'s Petitions for base rate increase, and if so, how?

Recommendation: No. Time does not permit a postponement of the decisions in the FPL and PEF rate cases. Section 366.06(3), F.S., mandates the Commission render a final decision in FPL's rate case on or before March 18, 2010, and render a final decision in PEF's rate case on or before March 20, 2010. The Commission should take all steps necessary to timely render its final orders in both cases as mandated by the legislature.

Issue 2: Can FPL begin charging rates subject to refund on January 1, 2010?

Recommendation: If the Commission agrees with Staff's recommendation in Issue 1, this issue is moot and the Commission need not vote. If the Commission disagrees with staff's recommendation in Issue 1, staff recommends that FPL cannot begin charging rates subject to refund on January 1, 2010. The terms of the 2005 Stipulation and Settlement Agreement control to prevent FPL from charging new rates until after the Commission enters its order. The order must be entered within the 12 month timeframe established by Section 366.06(3), F.S. For the reasons discussed above, the Commission should follow the current schedule to set rates by January 11, 2010.

(Continued from previous page)

Issue 3: Can the Commission postpone its final decision the Progress Energy Florida, Inc.'s Petition for Base Rate Increase, and if so, how?

Recommendation: No. Time does not permit a postponement of the decisions in the PEF rate case. Section 366.06(3), F.S., mandates the Commission render a final decision in PEF's rate case on or before March 20, 2010. Postponing decisions in each of the rate cases until after newly appointed Commissioners take office will likely delay a final decision past the deadline mandated by the legislature. The Commission should take all steps necessary to timely render its final orders in both cases as mandated by the legislature.

Issue 4: If the Commission postpones its final decision in the Progress Energy Florida, Inc.'s rate case, can Progress Energy Florida, Inc. begin charging rates subject to refund on January 1, 2010?

Recommendation: If the Commission agrees with staff's recommendation in Issue 3, this issue is moot and the Commission need not take action. If the Commission disagrees with staff's recommendation in Issue 3, staff recommends that if the Commission postpones its final decision in the Progress Energy Florida, Inc.'s rate case, Progress Energy Florida, Inc. may begin charging rates subject to refund on January 1, 2010.

Issue 5: Should these dockets be closed?

Recommendation: No. This is a procedural matter and the dockets should remain open pending final Commission action.

Good afternoon, Tim.

In reviewing Mr. Smith's question below, I did some research in the correspondence files for Docket 080677.

On May 26, 2009 there is an e-mail, from CLK/Pena to Mr. Smith, advising that he has been added as an *interested person* in Docket 080677. That e-mail was placed in correspondence for parties and interested persons (DN 10741-08).

On July 2, 2009, GCL/Imhof sent a letter to Mr. Smith respnding to multiple requests for documents and addressing intervenor status. That letter was document numbered (DN 06674-09).

10/8/2009

On July 16, 2009, COM/Bass forwarded an e-mail from Mr. Smith for correspondence. CKL/Pena advised that the e-mail would be placed in consumer correspondence (DN 01544-09).

It looks like all further correspondence from Mr. Smith has been placed in consumer correspondence since July. Should all of Mr. Smith's e-mails be moved from consumer correspondence to parties and interested persons correspondence?

Thank you for your help.

Dear Ms. Menasco,

Thanks for the information regarding the posting of some of my emails.

A while back I sent email correspondence with regard to the 2005 agreement. There were specific questions regarding traditional ratemaking versus the 2005 ratemaking agreement and separation of work order systems, separate cash accounts etc. I do not think that all my email correspondence has been put on the public site. I can forward this email correspondence or do you know off hand that this information has been made part of the public record? This information was sent back in April.

I did not see this information in the link below.

Thanks,

Robert H. Smith

Mr. Smith:

All documents that are filed with the Office of Commission Clerk are either filed in the docket file or in the correspondence file for same. All information for both types of files are available public viewing on the PSC website.

If you would like to file something with the Office of Commission Clerk, you may do so by U.S. mail, hand delivery, or electronic filing at filings@psc.state.fl.us. A link to the Commission's e-filing requirements is being included for your convenience:

10/8/2009

<http://www.floridapsc.com/dockets/e-filings/>

If I understand your question correctly, the reason Mr. Penn's correspondence was placed in the docket file was because it was unclear whether or not the communication fell within the exception to the ex parte statute. It was document numbered in an abundance of caution.

Your correspondence was not determined to be ex parte and the staff member who responded to your e-mail forwarded it to us and requested it be placed in consumer correspondence. This document (DN 01544-09) can be found at the following link:

RE: Communication Received in Docket No. 080677-EI

Commissioner McMurrian has received and viewed the attached e-mail from Mr. Michael Penn, Publisher, Our Town Sarasota, in the above noted docket. It is unclear whether Mr. Penn's communication falls within the exception to the ex parte statute which allows an individual residential ratepayer representing himself without compensation to communicate with the Commission on any matter. Therefore, in an abundance of caution, the Commissioner has asked that the e-mail be placed in the record and disseminated to all parties in the docket pursuant to the provisions of Section 350.042, Florida Statutes.

Thank you.

Importance: High

Dear Florida PSC Commissioners,

We do not endorse the proposed 30% FPL rate hike. That rate or any other that is not closely tied into the current rate of inflation we find horrendous. FPL should have read the writing on the wall a long time ago regarding cutting back on oil producing facilities and making other accommodations.

FPL has more sunlight available to it than most states and they have dragged their feet and continue to do so.

Respectfully,

Subject: FW: ROE impact on earnings / Ratings

Dear Mr. Smith:

Your email was referred to me for a response. Your concerns regarding ROE, capital structure and flight logs are currently being fully addressed by the

Commission. Hearings will continue in October and a decision is expected in December. It would be inappropriate for Commission personnel to express an opinion on these matters at this point. Your email will be placed in the correspondence side of the docket file (Docket No. 080677-EI). Thank you.

Subject: ROE impact on earnings / Ratings

Dear Commissioners,

The impact on the ROE on the earnings of the company might cause a lower rating but what about this question? We all know that debt is usually cheaper than equity.

Even if the debt rates increase as a result of a reduced rating would the overall cost of money be higher with debt issued at higher rates or would it be higher with a higher ROE(increase in the equity rate)?

Usually equity costs more than debt to the ratepayer, therefore even though the customer would benefit by keeping its existing rating would debt still be cheaper than equity if the interest costs increase as a result of a reduced credit rating?

I think that from an overall cost of money aspect debt by nature is usually cheaper than equity. I would think during these tight credit markets FPL would be able to negotiate better debt terms since the associated risk might be lower. This is very important to the decision. If FPL might have the ability to negotiate reduced rates with the investment market as a result of showing the investment market that they are a solid company backed by a very large customer base maybe their interest rates do not have to increase as much due to a potential rating decline.

Equity will always cost more than debt. Unless the debt rate exceeds the equity rate it would be inevitable that the rates would be higher with a higher ROE than with an increase in interest rates with issued debt.

This of course would have to be looked at from a traditional ratemaking perspective. Ratebase x Overall Cost of Money = Operating Income for Utility Earnings above the line.

Is this correct?

Has anyone looked into the missing documents on the published flight logs?

Thanks,

Robert H. Smith

Dear Chairman Carter and Commissioners:

Yesterday, I selected two new appointees to the Public Service Commission whose terms will take effect on January 2, 2010. Currently, the Commission is in the midst of two significant rate cases. I respectfully request that the Commission postpone the final decision on the pending hearings until after the new commissioners take office. Given the potential impact that the outcome of these cases will have on Florida consumers; I believe it is important that these commissioners have the opportunity to fully participate in the process.

Sincerely,

RE: Communication Received in Docket No. 080677-EI

Commissioner McMurrian has received and viewed the attached e-mail from Mr. Michael Penn, Publisher, Our Town Sarasota, in the above noted docket. It is unclear whether Mr. Penn's communication falls within the exception to the ex parte statute which allows an individual residential ratepayer representing himself without compensation to communicate with the Commission on any matter. Therefore, in an abundance of caution, the Commissioner has asked that the e-mail be placed in the record and disseminated to all parties in the docket pursuant to the provisions of Section 350.042, Florida Statutes.

Thank you.

RE: Off-The-Record Conversation With Steven Stewart During FPL Rate Proceeding

Please place this memorandum in the main docket file for dockets No. 080677-EI and 090130-EI and distribute it to all parties of record. The body of this memorandum contains the substance of a communication that passed between Steven Stewart (who is the qualified representative of intervener Unger) and myself, and which I communicated to the Chairman. Though Chairman Carter and I do not believe that this communication is an impermissible *ex parte* communication, We have treated it as such out of an abundance of caution, and to avoid any appearance of impropriety.

Communication with Steven Stewart

At approximately 11:15 a.m. on Wednesday, August 26, 2009, Mr. Steven Stewart approached me in the hearing room of the Public Service Commission. At the time, the Commission was off the record during the FP&L rate proceeding, and about to go back on the record. Mr. Stewart, who is acting as the qualified representative of intervener Unger, informed me that he had not been present for part of the proceedings that morning, that he understood that he had an obligation to be present, although he only had questions for specific witnesses. He said that out of respect for the tribunal he wanted to know if he needed to seek approval of the Chairman for his absences, and inquired whether the appropriate avenue for addressing this concern would be to address it during the hearing directly to the Chairman and on the record, or if it would be proper to handle the concern off the record with the Chairman through me.

I explained that I believed his concern involved a procedural matter that did not touch upon the merits of the proceeding, but that I would check with our legal counsel on whether he needed to be present for the entire proceeding, and whether it needed to be addressed to the Chairman on the record, or whether I could inquire on his behalf off the record.

Deputy General Counsel and advisor to the Commission, Mary Anne Helton, advised me that she could think of no specific requirement that Mr. Stewart be present at all times, and advised that he merely runs the risk of missing his opportunity to fully represent his client if circumstances arise requiring his participation, and he happens to not be present. She also agreed that the inquiry involved a procedural matter not touching upon the merits and did not think that my communicating directly with the Chairman would be an impermissible *Ex Parte* communication. She also advised that, given the amount of work to be done and the limited amount of time

The first page of the notice only includes Docket 080677. However, the cert of service includes both docket numbers. Thank you for your help!

RE: Filing for Docket Numbers 080677-EI and 090079-EI

Please place the attached email in Docket Nos. 080677-EI, the FPL rate case, and 090079-EI, the Progress Energy Florida rate case. It should be placed in the main portion of the file, and assigned a document number, not placed in the "correspondence" portion of the file.

Commissioner Argenziano does not believe the attached constitutes an *ex parte* communication under Section 350.042, Florida Statutes. In an abundance of caution, however, she directs this communication be made a part of the official record and copies distributed to all parties.

Another two cents worth: If compensation information is disclosed w/o an employee's name tied to the compensation (as Cmsr Argenziano has suggested) then there is no privacy issue.

These items are designated by double asterisks (**) next to the agenda item number.

To participate informally, affected persons need only appear at the agenda conference and request the opportunity to address the Commission on an item listed on agenda. Informal participation is not permitted: (1) on dispositive motions and motions for reconsideration; (2) when a recommended order is taken up by the Commission; (3) in a rulemaking proceeding after the record has been closed; or (4) when the Commission considers a post-hearing recommendation on the merits of a case after the close of the record. The Commission allows informal participation at its discretion in certain types of cases (such as declaratory statements and interim rate orders) in which an order is issued based on a given set of facts without hearing.

See Rule 25-22.0021, F.A.C., concerning Agenda Conference participation and Rule 25-22.0022, F.A.C., concerning oral argument.

CASE

17**

Docket No. 080317-EI – Petition for rate increase by Tampa Electric Company.

Critical Date(s): August 11, 2009 (12 month deadline for final agency action pursuant to Section 366.06(3), F.S.)

Commissioners Assigned: All Commissioners

Prehearing Officer: Skop

Staff: ECR: Slemkewicz, Draper, Maurey

GCL: Young, Brown, Brubaker, Hartman

Oral Argument Requested on Intervenor's Motion – Participation dependent upon Commissioners vote on Issue 1

Issue 1: Should the Commission grant the Intervenor's Request for Oral Argument and TECO's Conditional Request for Oral Argument?

Recommendation: Yes, the Commission should grant oral argument on the Intervenor's Motion for Reconsideration, with fifteen minutes allotted to each side.

Issue 2: Should the Commission grant the Intervenor's Motion for Reconsideration?

Recommendation: No. The Intervenor's motion for reconsideration should be denied, however, staff recommends that the Commission correct a scrivener's error and clarify that parties will have a point of entry to contest the continuing need for the CTs and revision of the revenue requirement for the CTs and Rail Facility. Except for the scrivener's error, the Intervenor has not identified a point of fact or law that was overlooked or which the Commission failed to consider when it made its decision in the first instance.

Issue 3: Should the Commission grant TECO's Motion for Reconsideration requesting recalculation of TECO's weighted average cost of capital?

Recommendation: Yes. The appropriate weighted average cost of capital for TECO should be revised from 8.11 percent to 8.29 percent.

Issue 4: Should the annual base rate revenue increase and the step increase granted in Order No. PSC-09-0283-FOF-EI be revised to reflect the revised weighted average cost of capital?

Recommendation: Yes. Staff recommends that the approved annual base rate revenue increase should be increased from \$104,268,536 to \$113,604,121, a \$9,335,585 increase, to reflect the revised weighted average cost of capital. In addition, the approved 2010 step increase should be increased from \$33,561,370 to \$34,077,079, a \$515,709 increase.

Issue 5: How should the revised annual base revenue increase be distributed among the rate classes?

Recommendation: If the Commission approves a revised annual base revenue increase in Issue 4, the increase should be allocated to each rate class consistent with the cost of service methodology approved in the Final Order to retain the relative class relationships.

ITEM NO.

CASE

17**

Docket No. 080317-EI – Petition for rate increase by Tampa Electric Company.

(Continued from previous page)

Issue 6: What is the appropriate effective date for TECO's revised rates and charges?

Recommendation: If the Commission approves the revised annual base rate revenues recommended increase in Issue 4, the revised rates and charges should become effective for meter readings on or after 30 days following the date of the Commission vote. TECO should file revised tariffs to reflect the revised annual base rate increase approved in Issue 4 for administrative approval. Pursuant to Rule 25-22.0406(8), F.A.C., customers should be notified of the revised rates in their first bill containing the new rates. A copy of the notice should be submitted to staff for approval prior to its use.

Issue 7: Should this docket be closed?

Recommendation: Yes. This docket should be closed upon the expiration of the time for appeal.

Dear Ms. Davis,

We are in receipt of your electronic filing. Please note this filing is a duplicate filing of the one received today, 12/3/08, by U. S. mail. As such, this filing will not be accepted as an official filing.

For future reference, when filing through U.S. mail, you do not have to file electronically, this duplication causes confusion in filings and document numbering. Thank you for your help in this matter.
