Re: Docket No. 080677-EI and Docket No. 090130-EI

Dear Ms. Cole:

Enclosed for filing on behalf of Florida Power & Light Company are 7 copies of FPL's Late Filed Exhibit No. 481. This exhibit was requested by the Commission and is titled: "Fixed-Wing Flight Log and Passenger Manifest for Fixed-Wing Aircraft, 2006 – Present".

Please contact me if you or your Staff has any questions regarding this filing.

Sincerely,

for Jessica Cano

FPL Late Filed Exhibit #481

Fixed-Wing Flight Log and Passenger Manifest for Fixed-Wing Aircraft, 2006 – Present

As provided on April 22, 2009 in response to OPC's First Set of Interrogatories #22, for the 2010 projected test year FPL projects total aviation costs of $ 14,995,060 of which $ 7,347,579 is projected to be charged to affiliates. Thus, the projected 2010 test year FPL net aviation cost is $ 7,647,481, as shown in the table below, from the referenced interrogatory response:

Aviation Costs at FPL

		2006	2007	2008	Projected 2009	Projected 2010
Total O&M Costs	(a)	$ 4,053,998	$ 4,957,090	$ 5,903,170	$ 6,671,153	$ 6,671,595
Capital:						
Depreciation		$ 2,310,351	$ 4,104,684	$ 4,104,681	$ 4,104,681	$ 4,136,121
ROI		4,462,027	3,941,545	3,448,741	3,232,087	3,890,466
Insurance		215,420	164,924	164,923	296,878	296,878
Total Fixed Costs	(b)	6,987,798	8,211,153	7,718,345	7,633,646	8,323,465
Total Costs	(a)+(b)	$11,041,796	$ 13,168,243	$ 13,621,515	$ 14,304,799	$ 14,995,060
Charged to Affiliates	(d)	$ 2,387,519	$ 3,654,173	$ 6,904,108	$ 6,654,343	$ 7,347,579
Net Costs at FPL	(a)+(b)-(d)	$ 8,654,277	$ 9,514,070	$ 6,717,407	$ 7,650,456	$ 7,647,481

Aviation costs are allocated based upon occupied seat miles, an industry-standard measure. FPL procedures are in place to ensure that all costs for affiliate usage are properly charged to affiliates, and not borne by FPL customers.

The occupied seat miles associated with FPL Group travel are allocated between FPL and the affiliates. FPL only pays its portion of the occupied seat miles.
