COVER LETTER
Summertree Water Alliance
opposed to 2013 Utilities, Inc. of Florida Rate Increase
Docket No. 120209-WS

October 22, 2013

The Honorable Rick Scott, Governor
400 South Monroe Street
Tallahassee, FL 32399

Dear Governor Rick Scott:

We are contacting you on behalf of the Summertree Community in Pasco County located off SR 52 and Paradise Pointe Way, New Port Richey, Florida. We are very concerned about the proposed rate increase from Utilities, Inc. of Florida (UIF), our private water utility provider. This is in reference to Public Service Commission Docket No. 120209-WS. Our community has had issues working with this utility provider for years, and has been subjected to rate increases in 2007, 2010, and now the proposed increase again this year. The community of Summertree has banded together to create the Summertree Water Alliance to deal with this issue. We want you to be aware of our concerns regarding the service, quality, and rate increases with this utility.

The Summertree community has over 1200 homes that receive water/wastewater services from Utilities, Inc. of Florida. We have five home-owners associations, a condominium association, and a community recreation facility in Summertree, and all seven have been dealing with Utilities, Inc. for years.

In the spring Utilities, Inc. of Florida sent a letter to the Summertree community notifying us of the upcoming rate increase. One part of the document stated that UIF had invested \$2 million in our infrastructure, but did not specify as to where the improvements were made. The water quality remains poor and the rates are becoming prohibitive.

COMMUNITY CONCERNS: 2013 UIF RATE INCREASE--Docket No. 120209-WS

1. Utilities Inc. of Florida is requesting a permanent rate increase:
36.28% or \$320,912 for water
8.43% or \$44,343 for wastewater

This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388.

2. Summertree residents cannot afford this increase. We are a 55 and over community and many are living only on Social Security.

October 5, 2013

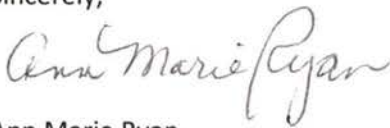

Page 2

3. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate.
4. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water.
5. Summertree wells are over 40 years old and our water source is limited only to them. UIF does not provide any added filtration systems. We are relying on a flushing system only.
6. The Mission Statement of Utilities, Inc. states they are committed to providing safe, reliable and cost effective service to our customers. We have grave concerns that UIF can never provide us with a palatable product at a reasonable cost.

Many residents have installed whole house filtration systems, water softeners, reverse-osmosis systems, filters on water taps and refrigerator units, and most residents still find it necessary to buy bottled water. Additionally, several homeowners have had incurred repairs to their plumbing systems due to sediment accumulation in the pipes.

The Public Service Commission will vote on whether to increase my rates for unpalatable water on November 14, 2013. We would appreciate your help to get a fair decision in Tallahassee before the Public Service Commission on these water quality and rate issues.

Sincerely,

Ann Marie Ryan

Docket No. 120209-WS

October 5, 2013

The Honorable Rick Scott, Governor
400 South Monroe Street
Tallahassee, FL 32399

Dear Governor Rick Scott:

I agree with the statements made in the cover letter from the Summertree Water Alliance on my behalf.

Governor Scott, I would appreciate your help to get a fair hearing in Tallahassee before the Public Service Commission on these issues. The rate increase goes into effect on November 14, 2013.

Sincerely,

Arthur Schmitt

Docket No. 120209-WS

October 5, 2013

The Honorable Rick Scott, Governor
400 South Monroe Street
Tallahassee, FL 32399

Dear Governor Rick Scott:

I agree with the statements made in the cover letter from the Summertree Water Alliance on my behalf.

Governor Scott, the Public Service Commission will vote on whether to increase my rates for unpalatable water on November 14, 2013. We would appreciate your help to get a fair decision in Tallahassee before the Public Service Commission on these water quality and rate issues.

Sincerely,

Summertree Resident

Water County Selected: PASCO

COMPLAINT INFORMATION

Complaint: Other Complaint against Utilities, Inc. of Florida

Details:

My research shows that my small community is paying outrageous rates for water as compared to all surrounding homes. Pasco County Water charges 4.93 per 1000 gallons for wastewater compared to Utilities Inc. (My Water Company for this small community in the center of Pasco County Water) which charges 12.31 per 1000 for wastewater. The wastewater which Utilities Inc. contracts Pasco County Water to handle and is charged by Pasco County 4.70 per 1000 gallons. Pasco county water charges 2.65 per 1000 gallons up to 6000 gallons for water as compared to Utilities Inc. which charges 3.90 per 1000 gallons up to 3000 gallons then 4.23 per 1000 gallons for water.

I wont even go into water quality I will just hope my skin rashes go away.

You are the only place to turn for this grossly unfair treatment. I plead to you to resolve the issue or at least bring it to justice.

Thank you kindly for hearing from me.
