Re: Docket No. 120209-WS

Dear Commissioners:

After reviewing the following three documents, I would like to inform you of the Summertree Alliance Community questions, concerns and responses for your review before the final PAA Document is issued on January 7, 2014.

## 1. FLORIDA PUBLIC SERVICE COMMISSION VOTE SHEET

November 14, 2013 - Docket No. 120209-WS

- RE: FLA PSC VOTE SHEET 11 15 13 on rate increase.pdf

**Issue 1** Written Statement of Commission (page 4): Is the quality of service provided by UIF Satisfactory?

*Recommendation* was modified with regard to the water portion of the docket; all systems were found to be satisfactory, with the exception of Summertree, which was found to be **unsatisfactory**. The order will direct the utility to work with OPC to develop a customer engagement plan, options, and provide outcomes. Any Problems are to be brought back to the commissioners.

**Issue 25** – Should the docket be closed?

**Recommendation:** No. If no person whose substantial interests are affected by the proposed agency action files a protest within twenty-one days of the issuance of the order, a consummating order should be issued. The docket should remain open for staffs' verification that the revised tariff sheets and customer notice have been filed by the Utility and approved by staff. Once these actions are complete, this docket should be closed administratively.

## **\*\*CONCERN:**

**On Issue 1:** Will this decision be memorialize in the final PAA document.

**On Issue 25:** We all thought the docket would stay open regarding Summertree water issues while we work toward and permanent solution. A time frame of twenty-one days of issuance of the order is not a realistic to complete the tasks for our issues to meet the Commission's directive.

2. On December 23, 2013, Document No. 07580-13 was filed by FPSC – Commission Clerk (Stauffer)
- RE: <http://www.psc.state.fl.us/library/FILINGS/13/07580-13/07580-13.pdf>

Under Case Background on page 3, paragraph 2, sentence 2 states:

*On October 28, 2013, the Office of Public Counsel (OPC) filed a Notice of Intervention in this docket, and an order acknowledging intervention was issued on October 30, 2013.<sup>5</sup> **Prior to the Notice of Intervention, OPC submitted a letter and a CD dated October 25, 2013, composed of customer complaints and protests from the Utility's Summertree customers.***

The paragraph 2, sentence 2, statement remains in error in the December 23, 2013 Staff Recommendation Memorandum. We discussed this huge oversight at length during the Commission Conference on November 14. Yet, this document does not the efforts of our community by recording the number of documents submitted by the Summertree community in presenting our water issues to the Commission.

**OVERVIEW:**

- OPC submitted a cover letter and a backup CD with the e-filings for Summertree Water Alliance Cover letter and over 3,000 Protest Forms to Florida Public Service Commission from the Summertree Residents opposed to 2013 Utilities, Inc. of Florida Rate Increase—Docket No. 120209.
  - RE: ***120209.ltr. to PSC Clerk w. attached Customer Protest Complaints ltr. pdf***
- Secondly, the CD contained e-filing for the Summertree Water Alliance cover letter and over 500 Petitions to Florida Public Service Commission from Summertree residents opposed to 2013 Utilities, Inc. of Florida Rate Increase Docket No. 120209-WS
  - RE: ***120209 – Cover letter with Summertree Petition. pdf***
- Additionally, the governor's office had forwarded to the PSC over 514 letters from the Summertree residents which were sent to Governor Rick Scott informing him of our water issue.

**\*\*REQUEST:**

We would appreciate the PSC Staff amending this oversight to reflect the Summertree community efforts of the over 4,000 letters, forms, and petitions to be recorded in the final documents.

### 3. Florida Public Service Commission, Commission Conference Agenda, January 7, 2014

<http://www.psc.state.fl.us/agendas/archive/140107cc/140107.pdf>

Item No. 2\*\*PAA, Docket No. 120209-WS

- **Issue 1** (page 4): Should the revenue requirements and resulting rates, approved by the Commission on November 14, 2013, be revised to correct errors related to the Utility's roll-forward adjustments?  
**Recommendation: Yes.** The resulting revenue impacts for all systems for this case are reflected below in a chart. The resulting water and wastewater rates from the corrected revenue requirements are shown on Schedule Nos. 4-A through 4-E.
- **Issue 2:** Should the initial interim refund calculations be revised, and, if so, what is the amount of any refunds?  
**Recommendation: Yes.**
- **Issue 3:** Should this docket be closed?  
**Recommendation: No.** If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, a consummating order should be issued. The docket should remain open for staff's verification that the revised tariff sheets and customer notices have been filed by the Utility and approved by staff, and that the interim refund for Orange County water has been completed and verified by staff. Once these actions are complete, this docket should be closed administratively, and the corporate undertaking should be released.

#### Response to Issues 1 & 2:

We were delighted to see that the staff made recommendations for additional adjustments.

#### Concern for Issue 3: Closing the Docket

We would like to see the docket remain open for Summertree until the permanent solution is achieved to meet the Commission's directive.

---

Although we have pointed out some oversights, I would like to thank the Commission and staffers for the additional time they have taken to review several issues, meetings with the OPC and Utilities of FL, Inc. to make these additional adjustments.

Thank you for taking the time to review Summertree concerns.

Sincerely,

Ann Marie Ryan

**Water County Selected:** PINELLAS

### COMPLAINT INFORMATION

**Complaint:** Other Complaint against Utilities, Inc. of Florida  
**Details:**  
**Docket** 120209

I just read the information provided by Utilities Inc. UI stated Pinellas countys billing period is monthly. It is not. I know for a fact Pinellas county bills bi-monthly. I think this error comes into play when calculating base charges and volumetric charges. (I can be wrong).

Can someone look into this prior to giving them the rate increase they requested.

Docket No. 120209-WS – In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.

Dear Ms. Cole:

Please find attached to this e-filing the Summertree "Additional Customer Protest Forms." The customers of the Summertree water system in Pasco County intended to leave these documents with the Office of Commission Clerk at the conclusion of the November 14, 2013 Commission Conference. Please place in the docket file wherever it is most appropriate.

We electronically affixed Bates numbering to pages to aid in reviewing the scanned documents. Other than the Bates numbering, all marks on the documents were made by the customers. If you have any questions regarding this e-filing, please contact the undersigned. Thank you.

Sincerely,

**CONSUMER COMPLAINT COMMENTS – November 2013**

Please check off your concerns and add your comments at bottom of the form.

☒ **Stop Utilities, Inc. of Florida's Excessive Rate Increase:**

1) Utilities Inc. of Florida is requesting a permanent rate increase of 36.28% or \$320,912 for water, and 8.43% or \$44,343 for wastewater. 2) This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388 = \$1,802,059.

☒ **Water Quality:**

The overall quality is unacceptable due to sediment, taste, color and/or odor.

☒ **Rates:**

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☐ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☐ **My Comments:**

We have paid more at times during the  
summer when we were in Michigan than  
months we were in Florida.

Return completed protest form in provided envelop ASAP, the PSC Hearing is Thursday, Nov. 14, 2013. All collected correspondence will be forward by the Summertree Water Alliance to the Florida State Office of Public Counsel and Florida Public Service Commissioners.

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☒ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☐ **My Comments:**

EXPENSIVE WATER + SEWER COSTS CAUSE US TO BATH LESS FREQUENTLY,  
FLUSH TOILET LESS, DO LAUNDRY LESS + USE DISHWASHER LESS. POOR  
WATER QUALITY MAKES US USE BOTTLED + FILTERED WATER FOR COOKING, DRINKING + TEETH-BRUSHING.

Return completed protest form in provided envelop ASAP, the PSC Hearing is Thursday, Nov. 14, 2013. All collected correspondence will be forward by the Summertree Water Alliance to the Florida State Office of Public Counsel and Florida Public Service Commissioners.

☒ **Stop Utilities, Inc. of Florida's Excessive Rate Increase:**

1) Utilities Inc. of Florida is requesting a permanent rate increase of 36.28% or \$320,912 for water, and 8.43% or \$44,343 for wastewater. 2) This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388 = \$1,802,059.

☒ **Water Quality:**

The overall quality is unacceptable due to sediment, taste, color and/or odor.

☒ **Rates:**

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☒ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☐ **My Comments:**

Water quality needs to improve - Rates need to  
equal those of county utilities

**CONSUMER COMPLAINT COMMENTS – November 2013**

Please check off your concerns and add your comments at bottom of the form.

☒ **Stop Utilities, Inc. of Florida's Excessive Rate Increase:**

1) Utilities Inc. of Florida is requesting a permanent rate increase of 36.28% or \$320,912 for water, and 8.43% or \$44,343 for wastewater. 2) This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388 = \$1,802,059.

☒ **Water Quality:**

The overall quality is unacceptable due to sediment, taste, color and/or odor.

☒ **Rates:**

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☒ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☐ **My Comments:**

WHEN I DRAIN MY HOT WATER TANK YOU WOULD NOT  
DRINK WHAT COMES OUT WITH MY WATER FILTER  
ON FOREST I WOULD NOT DRINK THE WATER

Return completed protest form in provided envelop ASAP, the PSC Hearing is Thursday, Nov. 14, 2013. All collected correspondence will be forward by the Summertree Water Alliance to the Florida State Office of Public Counsel and Florida Public Service Commissioners.

☒ **Stop Utilities, Inc. of Florida's Excessive Rate Increase:**

1) Utilities Inc. of Florida is requesting a permanent rate increase of 36.28% or \$320,912 for water, and 8.43% or \$44,343 for wastewater. 2) This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388 = \$1,802,059.

☒ **Water Quality:**

The overall quality is unacceptable due to sediment, taste, color and/or odor.

☒ **Rates:**

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☒ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☐ **My Comments:**

The water taste terrible & leaves a residue on your  
body after showering

**CONSUMER COMPLAINT COMMENTS – November 2013**

---

Please check off your concerns and add your comments at bottom of the form.

☒ **Stop Utilities, Inc. of Florida's Excessive Rate Increase:**

1) Utilities Inc. of Florida is requesting a permanent rate increase of 36.28% or \$320,912 for water, and 8.43% or \$44,343 for wastewater. 2) This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388 = \$1,802,059.

☒ **Water Quality:**

The overall quality is unacceptable due to sediment, taste, color and/or odor.

☒ **Rates:**

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☒ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☐ **My Comments:**

---

---

*Return completed protest form in provided envelop ASAP, the PSC Hearing is Thursday, Nov. 14, 2013. All collected correspondence will be forward by the Summertree Water Alliance to the Florida State Office of Public Counsel and Florida Public Service Commissioners.*

**CONSUMER COMPLAINT COMMENTS – November 2013**

---

Please check off your concerns and add your comments at bottom of the form.

☒ **Stop Utilities, Inc. of Florida's Excessive Rate Increase:**

1) Utilities Inc. of Florida is requesting a permanent rate increase of 36.28% or \$320,912 for water, and 8.43% or \$44,343 for wastewater. 2) This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388 = \$1,802,059.

☒ **Water Quality:**

The overall quality is unacceptable due to sediment, taste, color and/or odor.

☒ **Rates:**

Summertree residents' rates are 2X higher for water and 3X higher for wastewater than our neighboring Pasco County Water Utility ratepayers.

☒ **Other Concerns:**

Unknown sediment in our toilet tanks and hot water heaters.

☒ **My Comments:**

Bathing in yellow water. Must use bottled water to  
drink or a filter pitcher

Docket No. 120209-WS – In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.

Dear Ms. Cole:

Please find attached to this e-filing the Summertree "Survey Results." The customers of the Summertree water system in Pasco County intended to leave these documents with the Office of Commission Clerk at the conclusion of the November 14, 2013 Commission Conference. Please place in the docket file wherever it is most appropriate.

We electronically affixed Bates numbering to pages to aid in reviewing the scanned documents. Other than the Bates numbering, all marks on the documents were made by the customers. If you have any questions regarding this e-filing, please contact the undersigned. Thank you.

Sincerely,

*/s/ Erik L. Sayler*

### Comments:

This water is not fit to drink -

Very annoyed with the colored water in the shower and toilet.

## **Comments:**

Our quality of lifestyle has been diminished because of the higher cost of Utilities Inc. water and sewer services. Poor water taste and quality has forced ~~us~~ to use water filters and buy bottled and jugs of water as we can't cook, drink nor brush our teeth with Utilities Inc. water. We have to bath less frequently, flush our toilets less often, do laundry infrequently and use our dish water less due to higher water and sewer costs.

## **Comments:**

I Bought 11207 Clear Oak Circle July of 2013- Moved in mid July 2013 at Which Time there a Bad Water Situation for Several Weeks. I Purchased Bottled Water to Drink, A Refrigerator Ice/Water Filter and A Water Softener. In Addition I will have To Replace The Water Heater Due to Hard Water Buildups - The Following is a List of Expenses.

Bottled Water = \$21.00  
 Refrigerator Water Filter = \$49.-  
 Water Softener \$649.-  
 40gal Water Heater (Est) \$549.-

Total \$1268.00

## **Comments:**

Shame on you Florida ... your water quality is totally unacceptable. I worked for 19 years at my hometown Water District. We would be 'shut' down if our numbers looked like the numbers I see in your reports. They pass your standards But the truth is the water is bad!

Docket No. 120209-WS – In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.

Dear Ms. Cole:

Please find attached to this e-filing the Summertree "Additional Customer Petitions." The customers of the Summertree water system in Pasco County intended to leave these documents with the Office of Commission Clerk at the conclusion of the November 14, 2013 Commission Conference. Please place in the docket file wherever it is most appropriate.

We electronically affixed Bates numbering to pages to aid in reviewing the scanned documents. Other than the Bates numbering, all marks on the documents were made by the customers. If you have any questions regarding this e-filing, please contact the undersigned. Thank you.

Sincerely,

*/s/ Erik L. Sayler*

## Summertree Petition for Public Service Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Florida Public Service Commission Help — RE: Docket No. 120209-WS

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Public Service Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. It has an unpleasant taste, smell, and color. I am tired of paying more and more money for the same bad water. The water has not improved since the utility's last rate increase, and I am afraid the utility will not do anything to fix the problem. I want the commission to help. Please do something about my water.

Tallahassee, FL 32399-0850

Docket No. 120209-WS – In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.

Dear Ms. Cole:

Please find attached to this e-filing the Summertree "Additional Letters to the Governor." The customers of the Summertree water system in Pasco County intended to leave these documents with the Office of Commission Clerk at the conclusion of the November 14, 2013 Commission Conference. Please place in the docket file wherever it is most appropriate.

We electronically affixed Bates numbering to pages to aid in reviewing the scanned documents. Other than the Bates numbering, all marks on the documents were made by the customers. If you have any questions regarding this e-filing, please contact the undersigned. Thank you.

Sincerely,

*/s/ Erik L. Sayler*

Dear Ms. Benedetti:

Thank you for contacting Governor Rick Scott's Office. To ensure they are aware of your concerns, I forwarded a copy of your information to the Florida Public Service Commission. For further assistance, you may wish to bring your concerns and complaint about the Office of Public Counsel and Utilities, Inc. to the attention of your local legislative delegation and the leadership of the Florida Legislature.

You can find contact information for your legislators at [www.leg.state.fl.us](http://www.leg.state.fl.us).

Thank you again for taking the time to contact the Governor's Office.

Sincerely,

Warren Davis  
Office of Citizen Services

Phone Number:

Message Body: Dear Governor Scott;

What do we do when the Florida Office of Public Counsel fails us? I live in a small community (Summertree, Route 52, New Port Richey) where Utilities, Inc. continues to gouge us with rate increases for water/wastewater service. We already now pay near twice the amount of all our neighbors who are serviced by Pasco County Water, Tampa Water Dept. and other. We have submitted complaints and over 3000 signatures on petition to the Florida Office of Public Counsel which it has come to my knowledge that they did not even attempt to present at their rate hike meeting just yesterday, between the Public Utilities Commission and Utilities Inc.

So what do you suggest when this failure in Florida Legislature occurs?

It is very upsetting and hard to stomach.

Thank you so much for taking the time to hear from us.

Ms. Dawn Benedetti  
[dannnibo@gmail.com](mailto:dannnibo@gmail.com)

Dear Ms. Benedetti:

The Governor's office forwarded a copy of your E-mail regarding Utilities, Inc. of Florida to the Florida Public Service Commission (PSC). The PSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the PSC. The PSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to assist you.

You expressed a concern about Utilities, Inc. of Florida's application for an increase in water and wastewater rates in Pasco county. We appreciate your comments regarding the petition and will add your correspondence to Docket No. 120209-WS.

If you have any questions or concerns please contact Ellen Plendl at 1-800-342-3552, or by fax at 1-800-511-0809.

Sincerely,

Randy Roland

Summertree Water Alliance  
Opposed to 2013 Utilities, Inc. of Florida Rate Increase  
Docket No. 120209-SW

Friday, November 8, 2013

Florida Public Service Commission  
Reference: **Docket No. 120209-WS**

Dear Commissioners,

I am contacting you on behalf of the Summertree Community (Pasco County) regarding our concerns with a proposed rate increase by Utilities, Inc. of Florida. We would like to let you know that we have asked Erik Sayler, Florida Office of Public Counsel to file with the Office of Commission Clerk a copy of the Summertree Petition for the Commission Help signed by over 530 residents addressing our UIF concerns. The Office of Public Counsel has scanned our original Petitions for the purpose of e-filing and recording on the docket. Additionally, the Office of Public Counsel has scanned 3,000 original Summertree Protest Forms for the purpose of e-filing. (See attached documents)

We have seen the Staff recommendation posted on Monday, November 4, 2013 and their data concerning Issue 1: Quality of Service is WRONG. On page 5, paragraph 2 of the document states: "On October 28, 2013, The Office of Public counsel (OPC) filed a Notice of Intervention in this docket, and an order acknowledging intervention was issued on October 30, 2013. Prior to the Notice of Intervention, OPC submitted a letter and a CD dated October 25, 2013, composed of customer complaints and protests from the Utility's Summertree customers."

The second discrepancy is on page 9, paragraph states: "Of the twenty-five written customer comments went to the Commission regarding this rate case twenty-one were from Summertree..." This is FALSE over 3,000 protest forms and over 530 signed petitions were e-filed by OPC Counsel on our behalf. I am attaching documents showing that several attempts were made to have the information put on the docket. We have learned that the documents were relegated to the Customer Correspondence file.

We are concerned that these documents would not be available to the Commissioners or the Summertree residents at the Commission Conference on November 14, 2013.

We hope you can help facilitate correcting this error. Our Summertree residents have complied with all the rules put forth by the Commission and this decision by the Clerk's Office is a travesty to the efforts put forth by our community.

Thank you for your assistance.

Sincerely,

Ann Marie Ryan, Contact  
Summertree Water Alliance

06645-13	10/29/2013	Docket correspondence [Part 3] - Consumers and their representatives. [CLK note: 2nd portion of OPC 10/29/13 filing; see DN 06606-13 for 1st portion. See DN 02976-13 for Part 1 of consumer correspondence. Subsequent correspondence from consumers will be appended to DN 06658-13, Part 4.]	<a href="#">*06645-13.pdf</a>	Oct 25 <sup>th</sup> Protest Forms Part 2

I don't understand the Commission's logic for putting the Oct 28<sup>th</sup> filing of your Petitions in the Docket Correspondence Part 1, dated May 30, 2013, but they did. If the Commission Clerk had only accepted our two e-filings, none of this would have been an issue. However, at last, our documents are available online.

Here is a link to all filings in the online docket file - <http://www.psc.state.fl.us/dockets/cms/docketFilings3.aspx?docket=120209>. If you search for the Protest Forms and Petitions in the docket file, search by Document Number or Date shown above.

Staff requested an extension of the filing deadline for Staff's recommendation until Monday, November 4<sup>th</sup> – see below – they want to do some revenue requirement changes that affect all systems.

06678-13		10/31/2013	AFD/Willis - Note dated 10/31/13 to EXE/Baez requesting approval to late file recommendation on 11/4/13; with 10/31/13 note from EXE/Baez with noted approval.	<a href="#">*06678-13.pdf</a> (0.1MB)

Ann Cole, Director  
Office of Commission Clerk  
Florida Public Service Commission  
2540 Shumard Oak Blvd.  
Tallahassee, FL 32399-0850

Docket No. 120209-WS – In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.

Dear Ms. Cole:

On Friday, October 25, 2013, the Office of Public Counsel received four boxes of documents from the customers of the Utilities, Inc. of Florida's Summertree system located in Pasco County. The boxes contained two items: (1) Over 3000 Protests and Complaints concerning quality of service and other issues specific to Summertree; and (2) The Summertree Petition for Commission Help (Petition) signed by over 500 Summertree customers. The Protests and Complaints were filed in the above referenced docket on October 25, 2013. This letter highlights some of the concerns raised in the Petition by the Summertree water and wastewater customers.

The customers, through their Petition, are urgently requesting the Commission's help in implementing a permanent solution to rectify the issues customers have experienced, and continue to experience, with purchasing water at extremely high rates that has offensive attributes of taste, color, and odor. The Petition states that the customers' water quality has not improved since the utility's 2010 rate case and indicates the customers have grave concerns whether the utility can or will provide palatable water at a reasonable cost. The 545 customer signatures (one-signature per household) represent nearly half of the approximately 1,200 customers in Summertree – the amount of signatures collected is especially significant since many seasonal residents have yet to return to the community. To our knowledge, there are no duplicate signatures on any of the Petitions – thus each of the 545 signatures represents a unique utility customer requesting the Commission's help to rectify their water issues.

In the utility's last rate case, the Commission discussed at length the Summertree quality of service issues and the customers' water quality complaints.<sup>1</sup> The Commission ordered the utility to meet with the Summertree customers to find a permanent solution to the water quality issues. Yet, as this Petition indicates, the utility has not improved the water quality since the last rate case. Thus, the customers oppose the granting of any rate increase for Summertree until and unless the utility implements a permanent solution to provide drinkable and usable water at reasonable rates.

Further, in the last rate case, the Commission found that the majority of Summertree customers appeared to be satisfied with the service provided by the utility.<sup>2</sup> This Petition suggests otherwise.

Please note the Summertree customers plan to send a large number of residents to the November 14, 2013 Commission Conference to speak concerning the utility's rate increase request, quality of service, and other issues. These customers contest the utility's request for *any* rate increase because in their opinion the utility has done nothing to implement a permanent solution to remedy or resolve the issues they have with unpalatable water that has offensive attributes of taste, color, and odor.

When considering the quality of service issue and whether to authorize any rate increase for the Summertree system, the Office of Public Counsel urges the Commission to take into consideration the Petition as well as the more than 3,000 customer Protests and Complaints filed in the docket. The Commission should also take into consideration that according to the customers the utility has done nothing since the last rate case to implement a permanent solution for their serious water quality issues. The customers do not want to continue to pay more and more for the same offensive, malodorous water that many customers cannot drink or use for cooking.

The Office of Public Counsel agrees with the Summertree customers that the Commission should order the utility to meet with the customers and perhaps Pasco County in order to implement a cost-effective and permanent solution to serious water quality issues facing the Summertree customers. Further, the customers do not believe that the \$2 million filtration plant proposed by the utility in the last rate case is the most cost-effective permanent solution.

The customers requested the Office of Public Counsel file with the Office of Commission Clerk a copy of the Summertree Petition for Commission Help to highlight their serious quality of service concerns, their opposition to the rate increase request, and their fervent desire that a permanent solution be implemented to forever resolve their problems with unpalatable water. The Office of Public Counsel has scanned the original Petitions received from the customers for the purposes of e-filing. There is a cover letter attached hereto for filing in this docket from the Summertree Water Alliance which provides an overview of the Summertree Petition for Commission Help and request for the Commission to address their concerns.

To aid in reviewing the Petition, the Office of Public Counsel electronically affixed Bates numbering to pages of the scanned Petition being filed today with the Office of Commission Clerk. Other than the Bates numbering, all marks on the Petition were made by the customers. We plan to bring the original Petition to the Commission Conference on November 14, 2013. If you have any questions regarding the Office of Public Counsel's e-filing on behalf of the customers of the Summertree system, please contact the undersigned. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Erik L. Sayler", written over the word "Sincerely,".

Tallahassee, FL 32399

Re: Docket No. 120209-WS

Dear Commissioners:

We are sending you petitions on behalf of the Summertree Community in Pasco County located off SR 52 and Paradise Pointe Way, New Port Richey, Florida. We are very concerned about the proposed rate increase from Utilities, Inc. of Florida (UIF), our private water utility provider. This is in reference to Public Service Commission Docket No. 120209-WS. Our community has had issues working with this utility provider for years, and has been subjected to rate increases in 2007, 2010, and now the proposed increase again this year. We want you to be aware of our concerns regarding the service, quality, and rate increases with this utility.

The Summertree community has over 1200 homes that receive water/wastewater services from Utilities, Inc. of Florida. We have five home-owners associations, a condominium association, and a community recreation facility in Summertree, and all seven have been dealing with Utilities, Inc. for years. The community of Summertree has banned together to create the **Summertree Water Alliance** to deal with this issue.

**The enclosed petitions have been signed by over 500 Summertree residents** regarding the Utilities Inc. of Florida's request for a rate increase RE: Docket No. 120209-WS. We ask the Public Service Commission to review our petitions before making a decision on November 14, 2013 to grant this increase for unpalatable water and UIF's unreasonable rate request. We appreciate your time on addressing our concerns on these water quality and water/wastewater rate issues.

Sincerely,

Ann Marie Ryan  
Summertree Water Alliance Contact

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. It has an unpleasant taste, smell, and color. I am tired of paying more and more money for the same bad water. The water has not improved since the utility's last rate increase, and I am afraid the utility will not do anything to fix the problem. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. It has an unpleasant taste, smell, and color. I am tired of paying more and more money for the same bad water. The water has not improved since the utility's last rate increase, and I am afraid the utility will not do anything to fix the problem. I want the commission to help. Please do something about my water.

## Summertree Petition for Commission Help

I am a Summertree resident and customer of Utilities, Inc. of Florida. I am paying too much for bad water. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate and do not need bottled water or filters. Our water has not improved since the utility's last rate increase; we have grave concerns that UIF can never provide us with a palatable product at a reasonable cost. I want the commission to help. Please do something about my water.

Ann Cole, Director  
Office of Commission Clerk  
Florida Public Service Commission  
2540 Shumard Oak Blvd.  
Tallahassee, FL 32399-0850

Docket No. 120209-WS – In re: Application for increase in water and wastewater rates in Marion, Orange, Pasco, Pinellas, and Seminole Counties by Utilities, Inc. of Florida.

Dear Ms. Cole:

The Office of Public Counsel has received a number of protests containing written customer complaints about quality of service and other issues concerning the Utilities, Inc. of Florida's Summertree system located in Pasco County. These Summertree customers are well organized and plan to send a large number of residents to the November 14, 2013 Commission Conference to speak concerning the utility's rate increase request, quality of service, and other issues. Because of the large number of written complaints, the customers asked that we file these documents on their behalf so Commission staff will have an opportunity to take their urgent concerns into consideration. Customer complaints include, but are not limited to, the following:

- Instances where customers were not provided notification of "boil water notices";
- Health and medical concerns with drinking or bathing with the water;
- Poor customer service when contacting the utility;
- Issues with the water – poor smell, taste, color, and sediment in the water;
- Many customers indicate they do not drink or cook with the water;
- Stains and damage to clothing;
- Damage to hot water heaters, plumbing fixtures, and clogged piping;
- Expensive customer-side water treatment measures – many customers have installed expensive reverse osmosis filters, whole house filters, and/or water softeners;

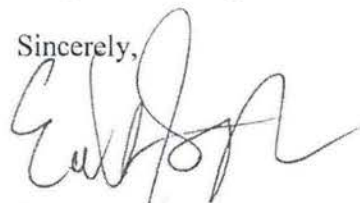

- Many customers purchase bottled water as a substitute for the utility's water;
- High water rates – compared to Pasco County Utilities;
- Requests that utility sell itself to or start buying water from Pasco County Utilities;
- Complaints concerning yet another large rate increase;
- Complaints that the utility has done nothing since the last rate case to improve the quality of water; and
- Many other issues and concerns the customers regarding the utility and quality of service.

The Office of Public Counsel has scanned the original documents we received from the customers for the purposes of e-filing. Due to the volume of documents, we attempted to organize the complaints by quality of service issue and/or complaint category. Further, with any filing of this size, there will be some repetition of complaints by some customers. We have attempted to add those repeated written complains to the end of this filing. While a small number of customers filled-out numerous complaints forms, their numerous and repeated complaints indicate the depth of their concern regarding the water quality, the water issues facing their community, and their opposition to the requested rate increase. There is a cover letter attached hereto for filing in this docket from the Summertree Water Alliance that provides an overview of the Summertree customers' protests and complaints.

To aid in reviewing the protests and complaints, we electronically affixed Bates numbering to pages of the scanned documents that are being filed today with the Office of Commission Clerk. Other than the Bates numbering, all marks on the documents were made by the customers. We plan to bring the original documents to the Commission Conference on November 14, 2013. If you have any questions regarding the Office of Public Counsel's e-filing on behalf of the customers of the Summertree system, please contact the undersigned. Thank you.

Sincerely,

Erik L. Saylor  
Associate Public Counsel

**COVER LETTER for over 3,000 Protest Forms  
to Florida Public Service Commission  
from Summertree Water Alliance  
opposed to 2013 Utilities, Inc. of Florida Rate Increase  
Docket No. 120209-WS**

October 22, 2013

Florida Public Service Commission  
2540 Shumard Oak Blvd.  
Tallahassee, FL 32399

Re: Docket No. 120209-WS

Dear Commissioners:

We are submitting over **3,000 protest forms** to you on behalf of the Summertree Community in Pasco County located off SR 52 and Paradise Pointe Way, New Port Richey, Florida. We are very concerned about the proposed rate increase from Utilities, Inc. of Florida (UIF), our private water utility provider. This is in reference to Public Service Commission Docket No. 120209-WS. Our community has had issues working with this utility provider for years, and has been subjected to rate increases in 2007, 2010, and now the proposed increase again this year. We want you to be aware of our concerns regarding the service, quality, and rate increases with this utility.

The Summertree community has over 1200 homes that receive water/wastewater services from Utilities, Inc. of Florida. We have five home-owners associations, a condominium association, and a community recreation facility in Summertree, and all seven have been dealing with Utilities, Inc. for years. The community of Summertree has banded together to create the Summertree Water Alliance to deal with this issue.

**COMMUNITY CONCERNS: 2013 UIF RATE INCREASE--Docket No. 120209-WS**

1. Utilities Inc. of Florida is requesting a permanent rate increase:  
36.28% or \$320,912 for water and 8.43% or \$44,343 for wastewater

This increase will provide the corporation with an annual income for the water system of \$1,231,671 and for wastewater \$570,388.

2. Summertree residents cannot afford this increase. We are a 55 and over community and many are living only on Social Security.
3. We do not feel that these rate requests are justified. Our neighboring communities have Pasco County Water, a public utility, and currently pay half our water rate and one-third of our wastewater rate.

October 22, 2013

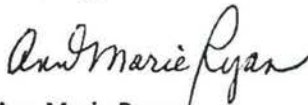

Page 2

4. UIF may meet the federal/state standards for safety but we do not accept the offensive attributes of taste, color and odor from our tap water.
5. Summertree wells are over 40 years old and our water source is limited only to them. UIF does not provide any added filtration systems. We are relying on a flushing system only.
6. The Mission Statement of Utilities, Inc. states they are committed to providing safe, reliable and cost effective service to our customers. We have grave concerns that UIF can never provide us with a palatable product at a reasonable cost.

Many residents have installed whole house filtration systems, water softeners, reverse-osmosis systems, filters on water taps and refrigerator units, and most residents still find it necessary to buy bottled water. Additionally, several homeowners have had incurred repairs to their plumbing systems due to sediment accumulation in the pipes.

We ask the Public Service Commission to review these protests before making a decision on November 14, 2013. We appreciate your time on addressing our concerns on these water quality and unreasonable water/wastewater rate issues.

Sincerely,

Ann Marie Ryan  
Summertree Water Alliance Contact
