Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history. This is especially painful as we are trying to recuperate from the effects and after-effects of COVID, including deaths of wage-earners and loved ones, ongoing illness, loss of jobs and income, increasing domestic violence, and extreme mental and physical stress, plus a time of shortages and increased costs of goods and services, as we attempt to recover from the economic downturn caused by COVID-19. Increasing the cost of electricity is something you, the Public Service Commission, can control.

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5% goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the "Public SERVICE" in the

Public Service Commission!

Thank you,

SHERRY ROTH
