6. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-5, Page 8 of 12, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that $0 in costs and zero participants are estimated for 2024 and 2025 for the Commercial Retrofit Combined Heat and Power program.

a. Please explain why this program is not being implemented in 2024 or 2025.

b. Please explain how, if at all, this program is expected to contribute to the goal achievement established in Order PSC-2024-0280-PAA-EG during the 2025 – 2034 timeframe.

A.

a. The Commercial Retrofit Combined Heat and Power Program is fully implemented and available for customer participation. The program details can be found on Peoples' website, and the company provides information to customers who express interest. Peoples has not had any participation over the current 5-year DSM Goals period. Based on historical participation, Peoples is not currently projecting any participation for future years. The company believes that the significant investment required to purchase and install the equipment is the primary barrier to customer participation.

b. This program is not projected to contribute to Peoples' DSM Goal achievement over the upcoming 10-year DSM Goals period due to a lack of participation over the current DSM Goals period.

7. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-5, Page 8 of 12, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that $0 in costs and zero participants are estimated for 2024 and 2025 for the Commercial Retrofit Electric Replacement program.

a. Please explain why this program is not being implemented in 2024 or 2025.

b. Please explain how, if at all, this program is expected to contribute to the goals achievement established in Order PSC-2024-0280-PAA-EG during the 2025 – 2034 timeframe.

A.

a. The Commercial Retrofit Electric Replacement Program is fully implemented and available for customer participation. The program details can be found on Peoples' website and the company provides information to customers who express interest in it. Based on recent participation levels and the wide variety of equipment covered under other DSM programs, Peoples is not currently projecting participation for future years.. Over the past 5 years, only one customer has participated in the program. Despite low participation, Peoples considers this an important program as it provides incentives for customers with unique or custom natural gas equipment to upgrade to more efficient equipment.

b. This program is not projected to contribute to Peoples' DSM Goal achievement over the upcoming 10-year DSM Goals period due to a lack of participation over the current DSM Goals period.

Please explain why there are no expenditures planned for this program in 2024 or 2025.

A. Peoples is continuously exploring R&D opportunities to participate in under its Conservation Research and Development Program. However, at this time, the company has not identified an opportunity that represents a prudent investment of its Conservation funds and meets the requirements of the program.

9. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-3, Page 2 of 2, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that for the Residential Retrofit program, $291,224 in Actual/Estimated costs are recorded for Incentives in 2024. In the August 4 2023 direct testimony of Charles T. Morgan II, Schedule C-2, Page 2 of 2, filed in Docket No. 20230004-GU (2023 Projection filing), the utility estimated that Incentives for this program in 2024 would be $524,650. Please explain the principle drivers of the variance between the fully-projected expense of $524,650 and most current re-projected amount ($291,224) for Incentives for this program in the January – December 2024 period.

A. The principle driver for this variance is a decrease in the participation rate of the Residential Retrofit Program. Peoples attributes this decline to the increasing cost of installing natural gas piping and venting after the initial construction of a dwelling.

The company's 2023 Projection Filing was based on historical participation trends at the time of its filing. Those trends did not persist over the rest of 2023 and into 2024. Peoples' 2024 Projection Filing is based on more recent trends, resulting in the lower projected total.

10. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-2, Page 2 of 2, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that for the Commercial Retrofit program, $592,989 in Actual/Estimated costs are recorded for Incentives in 2024. In the August 4 2023 direct testimony of Charles T. Morgan II, Schedule C-2, Page 2 of 2, filed in Docket No. 20230004-GU (2023 Projection filing), the utility estimated that Incentives for this program in 2024 would be $1,123,953. Please explain the principle drivers of the variance between the fully-projected expense of $1,123,953 and most current re-projected amount ($592,989) for Incentives for this program in the January – December 2024 period.

A. The principle driver for this variance is a decrease in the participation rate in the Commercial Retrofit Program. Peoples attributes the decline in participation to the increasing cost to install gas piping and venting subsequent to the initial construction of a commercial building.

The company's 2023 Projection Filing was based on historical participation trends at the time of its filing. Those trends did not persist over the rest of 2023 and into 2024. Peoples' 2024 Projection Filing is based on more recent trends, resulting in the lower projected total.

11. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-1, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that 6,261,918 bills are estimated for 2025. The August 4 2023 direct testimony of Charles T. Morgan II, Schedule C-1, filed in Docket No. 20230004-GU (2023 Projection filing) reflects that 5,880,513 bills were projected for 2024. Please explain the principle reasons for the projected growth (about 6.5 percent) in the number of bill for 2025, compared to the projection for 2024.

A. The increase shown in the customer bill totals between the 2023 Projection Filing and the 2024 Projection Filing is primarily driven by higher-than-expected customer growth for 2023 and the early months of 2024. As of year-end 2023, Peoples had actual bills of approximately 5.76 million. The company is now projecting 6.01 million bills at 2024 year-end. Peoples prepared a new forecast in early 2024 that incorporated the higher 2023 actuals and revised assumptions for each service area, which resulted in higher projected customer growth for the remainder of 2024.

12. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-1, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that sales are projected to be 666,318,862 therms in 2025. The August 4 2023 direct testimony of Charles T. Morgan II, Schedule C-1, filed in Docket No. 20230004-GU (2023 Projection filing) reflects that 667,858,587 in therm sales were projected for 2024. Please explain the negligible change in the projected quantity of therm sales for 2025, in light of the projected growth (about 6.5 percent) in the number of bill for 2025, compared to the projection for 2024.

A. As stated in Peoples' response to Interrogatory No. 11 above, Peoples produced a new forecast in 2024, which included 2023 actuals and revised assumptions for each service area. The new forecast projects higher customer growth but lower projected household gas usage due to two main factors. First, in 2023, Florida experienced warmer weather, leading to lower natural gas usage. Second, household gas usage is declining, in part due to the increasing efficiency of natural gas appliances.

13. Please refer to the August 1, 2024 direct testimony of Charles T. Morgan II, Exhibit CTM-2, Schedule C-5. 2024

A. For each program identified in Schedule C-5, provide the Actual/Estimated Program Accomplishments (the number of actual/estimated rebates per participant, by appliance, for the January 1, 2024 through December 31, 2024 reporting period).

B. For each program identified in Schedule C-5, provide 2025 Estimated Program Accomplishments (the number of estimated rebates per participant, by appliance, for the January 1, 2025 through December 31, 2025 reporting period).

C. For each program identified in Schedule C-5, provide therm savings per participant for each rebate or measure offered in the program.

A.

A. Peoples does not project its programs at the appliance level, rather, projections are based on the total number of participants and incentives in each program. In response to this request, Peoples constructed the table below using actuals for the January-June 2024 period and applied the same percentages used in its projections to the July-December 2024 period and 2025.

Sebring's Response to Staff's 1st Set of Interrogatories No.1

FPSC EXH No. 22
Docket No. 20240004-GU
ADMITTED

INTERROGATORY NO. 1a

INTERROGATORIES

1. Please refer to Schedule CT-2 of Sebring's May 1, 2024 filing in Docket No. 20240004-GU, to answer the following questions.

    a. Actual costs of $570 were recorded for Incentives in the Commercial New Construction program for the period of January through December 2023, compared to projected costs of $4,500 for this period, resulting in a negative variance of $3,930. Please explain the principle drivers for this negative variance in the January-December 2023 period.

Company Response:

During the year 2022, construction of three new fast-food restaurants was being considered. Two of these restaurants were to use natural gas. This encouraged Sebring Gas System to project incentives to be given to the two restaurants in the year 2023. The completion of the restaurants was not done in the year 2023.

Respondent: Jerry Melendy

FPSC EXH No. 22
Docket No. 20240004-GU
ADMITTED

INTERROGATORY NO. 1b

b. Actual costs of $11,500 were recorded for Incentives in the Commercial Appliance Replacement program for the period of January through December 2023, compared to projected costs of $3,850 for this period, resulting in a positive variance of $7,650. Please explain the principle drivers for this positive variance in the January-December 2023 period.

Company Response: Sebring Gas System reviewed the previous years to project a reasonable amount to apply to the Commercial Appliance Replacement. There were several small commercial businesses beginning to remodel their establishments, encouraging the utility to estimate $3,850 for the incentives for 2023. During the year 2023, one hotel replaced their electric dryers and electric water heaters with gas burning models and received $11,500 in incentives.

Respondent: Jerry Melendy

FPSC EXH No. 22
Docket No. 20240004-GU
ADMITTED

INTERROGATORY NO. 1c

c. Actual costs of $11,680 were recorded for Incentives in the Commercial Appliance Retention program for the period of January through December 2023, compared to projected costs of $9,619 for this period, resulting in a positive variance of $2,061. Please explain the principle drivers for this positive variance in the January-December 2023 period.

Company Response: Being the size of Sebring Gas Systems, Inc., small monetary changes as the tendency to produce large changes in percentages. For the past four years, the percentages have fluctuated between the filing year and the year prior to it. For the years from the year 2020 to the year 2023, when compared to the previous year the percentage of change were as follows:

Year	Compared to	Percentage change
2020	2019	(67.7)
2021	2020	(13.8)
2022	2021	144.1
2023	2022	139.3

As stated in Interrogatory No. 1c above, the positive variance of $2,061 was recorded. There was an incentive in the amount of $2,000 given to a restaurant to replace an old gas water heater with a new tankless water heater. This one incentive created the difference between the projected and actual incentives. The utility is happy to be over the projections for incentives, which results in savings to its ratepayers.

Respondent: Jerry Melendy

INTERROGATORIES

2. Please refer to the August 1, 2024 direct testimony of Jerry H. Melendy, Exhibit JHM-2, Schedule C-3, Page 1 of 5, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that for the Residential Appliance Replacement program $2,200 in Actual/Estimated costs are recorded for Incentives in 2024. In the August 4, 2023 direct testimony of Jerry H. Melendy, Exhibit JHM-2, Schedule C-2, Page 2 of 2, filed in Docket No. 20230004-GU (2023 Projection filing), the utility estimated that Incentives for this program in 2024 would be $5,975 in 2024. Please explain the principle drivers of the variance between the fully-projected expense in the 2023 Projection filing ($5,975) and the 2024 re-projected amount ($2,200) for Incentives for this program in the January through December 2024 period.

Company Response:

For the estimate for the Residential Appliance Replacement program for the year 2023, I saw the actual Incentives given for this program had been dropping for the two previous years. With this information, I lowered the estimated amount of incentives for the year 2024.

Respondent: Jerry Melendy

FPSC EXH No. 23

INTERROGATORY NO. 3

3. Please refer to the August 1, 2024 direct testimony of Jerry H. Melendy, Exhibit JHM-2, Schedule C-3, Page 2 of 2, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that for the Residential Appliance Replacement program $2,200 in Actual/Estimated costs are recorded for Incentives in 2024. In Schedule C-2, Page 2 of 2 of the 2024 Projection filing, the 2025 forecasted amount for Incentives is $4,425 for this program. Please explain the basis for the 2025 forecasted amount ($4,425) being more than double the 2024 re-projected amount ($2,200) for Incentives for this program.

Company Response:

I assumed the economy was in a slump during the year 2024 and should pull out of it in the following year. For the previous years of 2020, 2021 2022, the incentives were $9,250, 8,900 & 4,725, respectively. The assumption was the incentives would return the past levels.

INTERROGATORY NO. 4

4. Please refer to the August 1, 2024 direct testimony of Jerry H. Melendy, Exhibit JHM-2, Schedule C-3, Page 2 of 5, filed in Docket No. 20240004-GU (2024 Projection filing), which reflects that for the Commercial Retention program $5,000 in Actual/Estimated costs are recorded for Incentives in 2024. In the August 3, 2023 direct testimony of Jerry H. Melendy, Exhibit JHM-2, Schedule C-2, Page 2 of 2, filed in Docket No. 20230004-GU (2023 Projection filing), the utility estimated that Incentives for this program would be $2,000 in 2024. Please explain the principle drivers of the variance between the fully-projected expense in the 2023 Projection filing ($2,000) and most the 2024 re-projected amount ($5,000) for Incentives for this program in the January through December 2024 period.

Company Response:

Commercial Retention incentives are based on the number of appliances the customers replace in their businesses and the cost to do so. The incentives paid in the year 2023 were nearly 2 ½ times the amount paid in 2022. This amount in percentage increase encouraged me to increase my estimate for the year 2024.

Respondent: Jerry Melendy

INTERROGATORIES

5. Please refer to the August 1, 2024 direct testimony of Jerry H. Melendy, Exhibit JHM-2, Schedule C-4, filed in Docket No. 20240004-GU.

A. For each program identified in Schedule C-4, provide 2024 Actual/Estimated Program Accomplishments (the number of actual/estimated rebates per participant, by appliance, for the January 1, 2024 through December 31, 2024 reporting period).

Company Response:

Schedule C-4 contains six programs. The following are the programs and the 2024 Actual/Estimated accomplishments of the programs, by appliance, for the January 1, 2024 through December 31, 2024 reporting period:

Residential New Construction Program

APPLIANCE	NUMBER OF REBATES
Gas Storage Tank Water Heater:	0
Gas High Efficiency Storage Tank Water Heater	0
Tankless Water Heater	0
Gas Heating	0
Gas Cooking	0
Gas Clothes Drying	0

Residential Appliance Replacement Program

APPLIANCE	NUMBER OF REBATES

St.Joe's Response to Staff's 2nd Set of Interrogatories Nos.2-4

Q 2.0 Please refer to the August 1, 2024 direct testimony of Debbie K. Stitt, Exhibit DKS-2, Schedule C-2, Page 2 of 2, filed in Docket No. 20240004-GU (Projection filing for 2025), which reflect that estimated costs of $20,950 are projected for Incentives in the Residential Appliance Retention program in 2025. In the same exhibit package, Schedule C-3, page 3 of 5, the expense amount of $34,350 is recorded for the 2024 Actual/Estimated costs for Incentives in this program. Please explain the basis for the 2025 forecasted amount ($20,950) being 39% lower than the most current 2024 reprojected amount ($34,350) for this program.

Response: SJNG will examine prior year incentives and try to keep rates comparable to the prior year as much as possible.

Q 3.0 Please refer to the August 1, 2024 direct testimony of Debbie K. Stitt, Exhibit DKS-2, Schedule C-4, Page 4 of 5, filed in Docket No. 20240004-GU (Projection filing for 2025), which reflects that since this program's inception, only 11 appliances have qualified for this program, and also that $0 in cost are estimated for the Large Food Service Commercial program in 2024 or 2025.

A. Please state the inception date for the Large Food Service Commercial program, and the date when the most recent rebate for this program was processed.

Response: Don't know the inception date of this program. The FPSC approval order should be in archives of the FPSC. August 2017 is most recent rebate for this program.

B. Is the Large Food Service Commercial program still viable for the purposes of conservation for the utility? If so, please explain why the utility is not proposing any activity for the years of 2024 and 2025.

Response: Viable to the extent a new Commercial Large Food Service customer requests gas service. Not proposing any activity for 2025, because at the moment there are no new businesses being built.

FPSC EXH No. 26

ADMITTED

C. If the Large Food Service Commercial program is not viable for the purposes of conservation for the utility, please explain why the utility is not proposing a withdrawal of the program.

Response: No benefit to us to withdraw

Q 4.0 Please refer to the August 1, 2024 direct testimony of Debbie K. Stitt, Exhibit DKS-2, Schedule C-4, Page 5 of 5, filed in Docket No. 20240004-GU (Projection filing for 2025), which reflects that since this program's inception, only 9 appliances have qualified for this program, and also that $0 in costs are estimated for the Commercial Hospitality and Lodging program in 2024 or 2025.

A. Please state the inception date for the Commercial Hospitality and Lodging program, and the date when the most recent rebate for this program was processed.

Response: Don't know the inception date of this program. The FPSC approval order should be in archives of the FPSC.

February 2023 is most recent rebate for this program.

B. Is the Commercial Hospitality and Lodging program still viable for the purposes of conservation for the utility? If so, please explain why the utility is not proposing activity for the years of 2024 and 2025.

Response: Viable to the extent a new Commercial Large Food Service customer requests gas service. Not proposing activity for 2025, because there are no new businesses being built for now.

C. If the Commercial Hospitality and Lodging program is not viable for the purposes of conservation for the utility, please explain why the utility is not proposing a withdrawal of the program.

Response: No benefit to us to withdraw

Proposed Stipulations

FPSC EXH No. 28

ADMITTED

E619

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Natural Gas Conservation Cost Recovery.	DOCKET NO. 20240004-GU

PROPOSED STIPULATIONS

Following the Prehearing Conference, Type 2 stipulations[1] were reached on all issues identified for resolution at hearing, with the utilities agreeing to proposed stipulations to the final and estimated true-up amounts and purchased gas cost recovery factors appropriate for each utility. The OPC position on each Type 2 stipulation is as follows:

OPC takes no position on these issues nor does it have the burden of proof related to them. As such, the OPC represents that it will not contest or oppose the Commission taking action approving a proposed stipulation between the Company and another party or staff as a final resolution of the issue. No person is authorized to state that the OPC is a participant in, or party to, a stipulation on these issues, either in this docket, in an order of the Commission, or in a representation to a Court.

ISSUE A: Should FPUC and FCG be authorized to consolidate their natural gas conservation costs and recovery amounts?

STIPULATION:

FPUC and FCG are now owned by the same corporate parent, Chesapeake Utilities Corporation. Beginning in 2025, the corporate parent stated its desire to consolidate the natural gas conservation costs and recovery amounts of FPUC and FCG. Although the factors derived from consolidated costs are likely to result in some subsidization of costs between FPUC and FCG customers, cost efficiencies are expected to materialize as well. Therefore, FPUC and FCG should be authorized to consolidate the natural gas conservation costs and recovery amounts.

[1] A Type 2 stipulation occurs on an issue when the utility and the Commission staff, or the utility and at least one party adversarial to the utility, agree on the resolution of the issue and the remaining parties (including staff if they do not join in the agreement) do not object to us relying on the agreed language to resolve that issue in a final order.

ISSUE 1: **What are the final conservation cost recovery adjustment true-up amounts for the period January 2023 through December 2023?**

STIPULATION:

The appropriate final conservation cost recovery true-up amounts for the period January 2023 through December 2023 are as follows:

Florida City Gas

The appropriate final conservation cost recovery true-up amounts for the period January 2023 through December 2023, is $161,423, Under-recovery, as reflected in Schedule CT-1, Page 1 of 1, in Exhibit MB-1.

Florida Public Utilities Company

The appropriate final conservation cost recovery true-up amounts for the period January 2023 through December 2023, is $239,390, Under-recovery, as reflected in Schedule CT-1, Page 1 of 1, in Exhibit DMC-1.

Peoples Gas System

$840,690, Over-recovery, as reflected in Schedule CT-1, Page 1 of 1, in Exhibit CTM-1.

Sebring Gas System

$5,301, Under-recovery, as reflected in Schedule CT-1, Page 1 of 1, in Revised Exhibit JHM-1.

St. Joe's Natural Gas Company

$341, Under-recovery, as reflected in Schedule CT-1, Page 1 of 1, in Exhibit DKS-1.

FPSC EXH No. 28
ADMITTED

ISSUE 2: **What are the appropriate conservation adjustment actual/estimated true-up amounts for the period January 2024 through December 2024?**

STIPULATION:

The appropriate conservation cost adjustment actual/estimated true-up amounts, including interest, for the period January 2024 through December 2024 are as follows:

Florida Public Utilities Company / Florida City Gas (if Issue A is approved)
On a consolidated basis, the appropriate conservation cost adjustment actual/estimated true-up amounts, including interest, for the period January 2024 through December 2024, is $512,828, Over-recovery, as reflected in Schedule C-3, Page 3 of 4, in Exhibit DMC-2.

Florida City Gas (if Issue A is not approved)
On a stand-alone basis, the appropriate conservation cost adjustment actual/estimated true-up amounts, including interest, for the period January 2024 through December 2024, is $291,875, Over-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit DMC-3.

Florida Public Utilities Company (if Issue A is not approved)
On a stand-alone basis, the appropriate conservation cost adjustment actual/estimated true-up amounts, including interest, for the period January 2024 through December 2024, is $18,448, Over-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit DMC-3.

Peoples Gas System
$2,324,526, Under-recovery, as reflected in Schedule C-3, Page 3 of 4, in Exhibit CTM-2.

Sebring Gas System
$490, Under-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit JHM-2.

St. Joe's Natural Gas Company
$21,545, Under-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit DKS-2.

FPSC EXH No. 28

ISSUE 3: **What are the appropriate total conservation adjustment true-up amounts to be collected/refunded from the period January 2024 through December 2024?**

STIPULATION:

The appropriate total conservation adjustment true-up amounts, including interest, to be collected/refunded from the period January 2024 through December 2024 are as follows:

Florida Public Utilities Company / Florida City Gas (if Issue A is approved)

On a consolidated basis, the appropriate total conservation adjustment true-up amounts, including interest, to be collected/refunded from the period January 2024 through December 2024, is $112,015, Over-recovery, as reflected in Schedule C-3, Page 3 of 4, in Exhibit DMC-2

Florida City Gas (if Issue A is not approved)

On a stand-alone basis, the appropriate total conservation adjustment true-up amounts, including interest, to be collected/refunded from the period January 2024 through December 2024, is $130,451, Over-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit DMC-3.

Florida Public Utilities Company (if Issue A is not approved)

On a stand-alone basis, the appropriate total conservation adjustment true-up amounts, including interest, to be collected/refunded from the period January 2024 through December 2024, is $220,942, Under-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit DMC-3.

Peoples Gas System

$1,483,836, Under-recovery, as reflected in Schedule C-3, Page 3 of 4, in Exhibit CTM-2.

Sebring Gas System

$5,791, Under-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit JHM-2.

St. Joe's Natural Gas Company

$21,886, Under-recovery, as reflected in Schedule C-3, Page 4 of 5, in Exhibit DKS-2

ISSUE 4: What is the total conservation cost recovery amounts to be collected during the period January 2025 through December 2025?

STIPULATION:

The appropriate total conservation cost recovery amounts to be collected during the period January 2025 through December 2025 are as follows:

Florida Public Utilities Company / Florida City Gas (if Issue A is approved)
On a consolidated basis, the appropriate total conservation cost recovery amounts to be collected during the period January 2025 through December 2025, is $11,435,110, which is calculated by adding the amount in Issue 3 to the Total Estimated Program costs of $11,547,125, as reflected in Schedule C-1, Page 1 of 3, in Exhibit DMC-2.

Florida City Gas (if Issue A is not approved)
On a stand-alone basis, the appropriate total conservation cost recovery amounts to be collected during the period January 2025 through December 2025, is $6,773,149, which is calculated by subtracting the amount in Issue 3 from the Total Estimated Program Costs of $6,903,600, as reflected in Schedule C-1, Page 1 of 1, in Exhibit DMC-3.

Florida Public Utilities Company (if Issue A is not approved)
On a stand-alone basis, the appropriate total conservation cost recovery amounts to be collected during the period January 2025 through December 2025, is $4,864,467, which is calculated by subtracting the amount in Issue 3 from the Total Estimated Program Costs of $4,643,525, as reflected in Schedule C-1, Page 1 of 3, in Exhibit DMC-3.

Peoples Gas System
$37,821,603, which is calculated by adding the amount in Issue 3 to the Total Estimated Program Costs of $36,337,767, as reflected in Schedule C-1, Page 1 of 1, in Exhibit CTM-2.

Sebring Gas System
$42,074, which is calculated by adding the amount in Issue 3 to the Total Estimated Program Costs of $36,283, as reflected in Schedule C-1, Page 1 of 1, in Exhibit JHM-2.

St. Joe's Natural Gas Company

E623

$140,341, which is calculated by subtracting the amount in Issue 3 from the Total Estimated Program Costs of $166,750, as reflected in Schedule C-1, Page 1 of 1, in Exhibit DKS-2.

ISSUE 5: What are the conservation cost recovery factors for the period January 2025 through December 2025?

STIPULATION:

The appropriate conservation cost recovery factors for the period January 2025 through December 2025 are as follows:

Florida Public Utilities Company / Florida City Gas (if Issue A is approved)
The appropriate total conservation cost recovery factors for the period January 2025 through December 2025 are shown below:

2025 Conservation Cost Recovery Factors for Florida Public Utilities Company (based on consolidated costs), as reflected in Schedule C-1, Page 1 of 1, from Exhibit DMC-2	
Rate Schedule	**Conservation Recovery Factor ($/therm)**
Residential-1; Residential Transportation-1 (≤ 100 therms)	0.23352

ISSUE 6: **Should the Commission approve revised tariffs reflecting the natural gas conservation cost recovery factors determined to be appropriate in this proceeding?**

STIPULATION:

Yes. The Commission should approve revised tariffs reflecting the new energy conservation cost factors determined to be appropriate in this proceeding. The Commission should direct staff to verify that the revised tariffs are consistent with the Commission's decision.

ISSUE 7: **What should be the effective date of the new conservation cost recovery factors for billing purposes?**

STIPULATION:

The factors should be effective beginning with the specified conservation cost recovery cycle and thereafter for the period January 2025 through December 2025. Billing cycles may start before January 1, 2025 and the last cycle may be read after December 31, 2025, so that each customer is billed for twelve months regardless of when the adjustment factor became effective.

ISSUE 8: **Should this docket be closed?**

STIPULATION:

No. While a separate docket number is assigned each year, this is a continuing docket and should remain open for administrative convenience.
