CONSUMMATION REPORT

In compliance with the requirements of Rule 25-8.009, Florida Administrative Code, and Order No. PSC-2023-0318-FOF-EI, issued by the Commission on October 20, 2023, in the above-captioned matter (Docket No. 20230088-EI), Florida Power & Light Company ("FPL") hereby submits this Consummation Report regarding the issuance, sale, or exchange of long-term and short-term debt and equity securities and assumption of liabilities or obligations as guarantor, endorser, or surety during calendar year 2024 to finance the regulated operations of FPL.[1] Unless otherwise indicated, this Consummation Report provides the information required by Rule 25-8.009, Florida Administrative Code.[2]

PART I

(1) On May 23, 2024 (the closing date of the transaction), Miami-Dade County Industrial Development Authority sold to two separate underwriters (a) $172 million principal amount of Miami-Dade County Industrial Development Revenue Bonds (Florida Power & Light Company

[1] Order No. PSC-2023-0318-FOF-EI also granted authority to former FPL affiliate, Florida City Gas ("FCG"), to make long-term and short-term borrowings from FPL in years 2024 and 2025. However, on November 30, 2023, FPL completed a sale of FCG to Chesapeake Utilities Corporation ("Chesapeake"), whereupon FCG became a wholly-owned subsidiary of Chesapeake. All borrowings by FCG under the intercompany loan agreement were extinguished as part of the closing of the sale, and all borrowings by FCG from FPL were repaid as of the November 30, 2023 closing date.

[2] All references to proceeds are before expenses.

Project), Series 2024A due May 1, 2054 (the "MDCIDA Series 2024A Bonds") and (b) $172 million principal amount of Miami-Dade County Industrial Development Revenue Bonds (Florida Power & Light Company Project), Series 2024B due May 1, 2054 (the "MDCIDA Series 2024B Bonds" and together with the MDCIDA Series 2024A Bonds, the "MDCIDA Series 2024 Bonds"). The MDCIDA Series 2024 Bonds were then sold through a negotiated underwritten public offering by the underwriters, and the proceeds were loaned to FPL pursuant to a loan agreement, dated as of May 1, 2024, between FPL and Miami-Dade County Industrial Development Authority. Under the loan agreement, FPL is obligated to make payments on the loan when payments on the MDCIDA Series 2024 Bonds are required to be made. The proceeds received by FPL on May 23, 2024 were $343,782,721, representing the aggregate price to the public minus the underwriting discount and the underwriters' out-of-pocket expenses. The proceeds from the sale of the MDCIDA Series 2024 Bonds, together with funds provided by FPL, are being used to (1) finance all or a portion of the cost of acquisition, construction, installation and equipping of certain wastewater/sewage facilities of FPL at Unit 5 of FPL's Turkey Point Clean Energy Center located at 9700 SW 344th Street, Homestead, Florida 33035 in Miami-Dade County used for the collection, transfer, treatment, recycling and disposal of municipal sewage from the Miami-Dade South District Waste Water Treatment Plant, and functionally related and subordinate facilities, (2) fund capitalized interest during the construction period and (3) pay related costs of issuance of the MDCIDA Series 2024 Bonds.

(2) On June 3, 2024 (the closing date of the transaction), FPL sold through a negotiated underwritten offering (a) $750,000,000 principal amount of First Mortgage Bonds, 5.15% Series due June 15, 2029 (the "June 2029 Offered Bonds"), (b) $750,000,000 principal amount of First Mortgage Bonds, 5.30% Series due June 15, 2034 (the "June 2034 Offered Bonds") and (c)

$850,000,000 principal amount of First Mortgage Bonds, 5.60% Series due June 15, 2054 (the "June 2054 Offered Bonds" and collectively with the June 2029 Offered Bonds and the June 2034 Offered Bonds, the "June 2024 Mortgage Bonds"). The June 2024 Mortgage Bonds were issued under FPL's registration statement on Form S-3 filed pursuant to Rule 415 of the Rules and Regulations under the Securities Act of 1933 (Registration Statement Nos. 333-278184, 333-278184-01 and 333-278184-02), which became effective March 22, 2024 ("Registration Statement No. 333-278184"). The proceeds received by FPL from issuing the June 2024 Mortgage Bonds equaled $2,327,501,000, representing the aggregate price to public less the underwriting discount.

(3) On July 1, 2024 (the closing date of the transaction), FPL sold through a negotiated underwritten offering $167,105,000 principal amount of Floating Rate Notes, Series due July 2, 2074 (the "July 2024 Floating Rate Notes"). The July 2024 Floating Rate Notes were issued under Registration Statement No. 333-278184. The proceeds received by FPL from issuing the July 2024 Floating Rate Notes equaled $165,433,950, representing the aggregate price to public less the underwriting discount.

(4) On July 30, 2024 (the closing date of the transaction), FPL sold through a negotiated underwritten offering $350,000,000 principal amount of First Mortgage Bonds, 5.00% Series due August 1, 2034 (the "July 2024 Mortgage Bonds"). The July 2024 Mortgage Bonds were issued under Registration Statement No. 333-278184. The proceeds received by FPL from issuing the July 2024 Mortgage Bonds equaled $347,763,500, representing the aggregate price to public less the underwriting discount.

(5) FPL regularly issues commercial paper for terms up to but not exceeding 270 days from the date of issuance. During 2024, commercial paper was issued pursuant to Commercial Paper

Dealer Agreements dated as of August 5, 2005 (each, as amended effective October 20, 2014) with each of BofA Securities, Inc. (which, as a result of assignment and legal merger, has replaced the original counterparty Merrill Lynch Money Markets Inc. and as a result of a further assignment replaced the subsequent counterparty Merrill Lynch, Pierce, Fenner & Smith Incorporated) and SunTrust Capital Markets, Inc. (now named Truist Securities, Inc. f/k/a SunTrust Robinson Humphrey, Inc.) (collectively, the "2005 Commercial Paper Dealer Agreements"), a Commercial Paper Dealer Agreement dated as of September 12, 2008 (as amended effective October 20, 2014) with Citigroup Global Markets Inc. (the "2008 Commercial Paper Dealer Agreement"), a Commercial Paper Dealer Agreement dated as of June 28, 2011 (as amended effective October 20, 2014) with Goldman, Sachs & Co. LLC (the "2011 Commercial Paper Dealer Agreement") and a Commercial Paper Dealer Agreement dated as of April 16, 2021, with MUFG Securities Americas Inc. (the "2021 Commercial Paper Dealer Agreement" and collectively with the 2005 Commercial Paper Dealer Agreements, the 2008 Commercial Paper Dealer Agreement and the 2011 Commercial Paper Dealer Agreement, the "Dealer Agreements"). The commercial paper is sold at a discount, including the discount of the commercial paper dealers, at a rate comparable to rates being paid in the commercial paper market by borrowers of similar creditworthiness. Given the frequency of these sales, it is not practicable to provide the details of each issue. However, FPL's 2024 commercial paper activity is summarized as follows:

2024 Commercial Paper Activity ($ in thousands)

Commercial paper issued:	$15,165,450
Commercial paper matured:	$16,109,100
Daily average outstanding:	$ 905,837
Weighted average yield:	5.21%
Weighted average term (issued):	18 days

FPL's outstanding revolving credit facilities described in paragraph (6) below provide backup support for its commercial paper program.

(6) On February 8, 2023, FPL entered into a second amended and restated syndicated revolving credit and letter of credit agreement (as amended, referred to as the "2023 Revolving Credit Agreement"), which provided, as of December 31, 2024, for approximately $2.920 billion of commitments. As of December 31, 2024, $74.825 million of such commitments will expire on February 8, 2025 and approximately $2.846 billion will expire on February 8, 2029. As of December 31, 2024, letters of credit were available under the 2023 Revolving Credit Agreement up to an aggregate amount of $450 million. While no borrowings were made under the 2023 Revolving Credit Agreement during 2024, letters of credit with an aggregate nominal value of approximately $3.6 million were outstanding as of December 31, 2024 under that agreement. Borrowings and letters of credit under the 2023 Revolving Credit Agreement were, as of December 31, 2024, available for general corporate purposes, including, without limitation, to pay any interest or fees owing under that agreement, provide backup for FPL's self-insurance program covering its and its subsidiaries' operating facilities, and fund the cost of the prompt restoration, reconstruction and/or repair of facilities that may be damaged or destroyed due to the occurrence of any man-made or natural disaster or event or otherwise.

On April 29, 2022, FPL entered into a $500 million syndicated revolving credit agreement (referred to as the "April 2022 Revolving Credit Agreement") with an expiration date of April 29, 2025. The proceeds of borrowings and the letters of credit issued under the April 2022 Revolving Credit Agreement are available for FPL's general corporate purposes, including, without limitation, to pay any interest or fees owing under that agreement, provide backup for FPL's self-insurance program covering its and its subsidiaries' operating facilities, and fund the cost of the

prompt restoration, reconstruction and/or repair of facilities that may be damaged or destroyed due to the occurrence of any man-made or natural disaster or event or otherwise.

On July 19, 2022, FPL entered into an amended and restated revolving credit agreement with a commercial bank which provides a $55 million commitment which revolving credit agreement was amended on February 24, 2024, to among other things extend the maturity date to February 24, 2027.

On January 5, 2024, FPL entered into two separate revolving credit agreements with commercial banks which provide for a total of $200 million commitments and have maturity dates of July 3, 2025.

On January 9, 2024, FPL entered into a revolving credit agreement with a commercial bank which provides a $100 million commitment and has a maturity date of January 9, 2026.On May 31, 2024, FPL entered into revolving credit agreements with multiple commercial banks, which provided a total commitment of $1.5 billion and which FPL terminated as of December 16, 2024.

On October 24, 2024, FPL entered into a revolving credit agreement with a commercial bank which provides a $100 million commitment and has a maturity date of October 23, 2025.

On December 11, 2024, FPL entered into a revolving credit agreement with a commercial bank which provides a $100 million commitment and has a maturity date of October 10, 2025.

FPL did not borrow under any of the credit facilities discussed above in 2024.

As of December 31, 2024, FPL had guaranties with an aggregate nominal value of approximately $5.6 million that were outstanding on behalf of an FPL subsidiary. As authorized by Commission Order No. PSC-2017-0410-FOF-EI in Docket No. 20170177-EI, outstanding

guaranties were issued to a subsidiary of FPL that promotes the installation of energy efficiency measures by contracting with FPL customers to guarantee the annual anticipated energy cost savings,[3] which is a direct benefit to these customers that install energy efficiency measures; however, FPL has not issued any letters of credit or guaranties to this subsidiary since 2014. Further, FPL affirms that there have been no draws upon, payment demands, or claims under these guaranties in 2024.

FPL further states that all capital raised by FPL during the annual period ended December 31, 2024, was used in connection with the regulated activities of FPL and FPL's subsidiaries, and not the non-regulated activities of its affiliates.

The costs incurred to date by FPL in connection with the MDCIDA Revenue Bonds, the June 2024 Mortgage Bonds, the July 2024 Floating Rate Notes and the July 2024 Mortgage Bonds are tabulated as follows:

The costs incurred to date by FPL in connection with its 2024 commercial paper issuances (in addition to the discount of the commercial paper dealers) include banking fees, legal fees and fees relating to credit ratings. The aggregate of these incurred costs in connection with the 2024 commercial paper issuances is approximately $110,000.

There are other miscellaneous costs which have not been reported to FPL as of this date, but it is the belief of FPL that any costs not so reported would be minor.

(formerly known as Bankers Trust Company)

As Trustee under Florida Power & Light Company's Mortgage and Deed of Trust, Dated as of January 1, 1944

$750,000,000 Principal Amount of First Mortgage Bonds, 5.15% Series due June 15, 2029

$750,000,000 Principal Amount of First Mortgage Bonds, 5.30% Series due June 15, 2034

$850,000,000 Principal Amount of First Mortgage Bonds, 5.60% Series due June 15, 2054

Dated as of May 1, 2024

This Supplemental Indenture has been executed in several counterparts, all of which constitute but one and the same instrument. This Supplemental Indenture has been recorded in several counties and documentary stamp taxes as required by law in the amount of $8,225,000.00 and non-recurring intangible taxes as required by law in the amount of $307,462.35 are being paid on the Supplemental Indenture being recorded in the public records of Palm Beach County, Florida.

Note to Examiner: ***The new bonds being issued in connection with this Supplemental Indenture ("New Bonds") are secured by real property and personal property located both within Florida and outside of Florida. The aggregate fair market value of the collateral exceeds the aggregate principal amount of (y) the New Bonds plus (z) the other outstanding bonds secured by the mortgage supplemented hereby and all previous supplemental indentures thereto. The intangible tax has been computed pursuant to Section 199.133(2), Florida Statutes, by (i) determining the percentage of the aggregate fair market value of the collateral constituting real property situated in Florida and by multiplying that percentage times the principal amount of the New Bonds (the result hereinafter defined as the "Tax Base") and (ii) multiplying the tax rate times the Tax Base.***

ARTICLE I

One Hundred Thirty-Sixth Series of Bonds

Section 1. (I) There shall be a series of bonds designated "5.15% Series due June 15, 2029," herein sometimes referred to as the "**One Hundred Thirty-Sixth Series,**" each of which shall also bear the descriptive title First Mortgage Bond, and the form thereof, which shall be

established by Resolution of the Board of Directors of FPL, shall contain suitable provisions with respect to the matters hereinafter in this Section specified. Bonds of the One Hundred Thirty-Sixth Series shall mature on June 15, 2029, and shall be issued as fully registered bonds in denominations of Two Thousand Dollars and, at the option of FPL, in integral multiples of One Thousand Dollars in excess thereof (the exercise of such option to be evidenced by the execution and delivery thereof); they shall bear interest at the rate of 5.15% per annum, payable semi-annually on June 15 and December 15 of each year (each an "**One Hundred Thirty-Sixth Series Interest Payment Date**") commencing on December 15, 2024; the principal of and interest on each said bond to be payable at the office or agency of FPL in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for public and private debts. Bonds of the One Hundred Thirty-Sixth Series shall be dated as in *Section 10* of the Mortgage provided. The record date for payments of interest on any One Hundred Thirty-Sixth Series Interest Payment Date shall be the close of business on (1) the Business Day (as defined below) immediately preceding such One Hundred Thirty-Sixth Series Interest Payment Date so long as all of the bonds of the One Hundred Thirty-Sixth Series are held by a securities depository in book-entry only form, or (2) the 15th calendar day immediately preceding such One Hundred Thirty-Sixth Series Interest Payment Date if any of the bonds of the One Hundred Thirty-Sixth Series are not held by a securities depository in book-entry only form. Interest on the bonds of the One Hundred Thirty-Sixth Series will accrue from and including June 3, 2024 to but excluding December 15, 2024 and, thereafter, from and including the last One Hundred Thirty-Sixth Series Interest Payment Date to which interest has been paid or duly provided for (and if no interest has been paid on the bonds of the One Hundred Thirty-Sixth Series, from June 3, 2024) to but excluding the next succeeding One Hundred Thirty-Sixth Series Interest Payment Date. No interest will accrue on a bond of the One Hundred Thirty-Sixth Series for the day on which such bond matures. The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full semi-annual period for which interest is computed will be computed on the basis of the number of days in the period using 30-day calendar months. If any date on which interest, principal or premium, if any, is payable on the bonds of the One Hundred Thirty-Sixth Series falls on a day that is not a Business Day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a Business Day, and without any interest or other payment in respect of such delay. A "**Business Day**" is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

(II) Bonds of the One Hundred Thirty-Sixth Series shall be redeemable either at the option of FPL or pursuant to the requirements of the Mortgage (including, among other requirements, the application of cash delivered to or deposited with the Trustee pursuant to the provisions of *Section 64* of the Mortgage or with proceeds of Released Property) in whole at any time, or in part from time to time, prior to maturity of the bonds of the One Hundred Thirty-Sixth Series, upon notice as provided in *Section 52* of the Mortgage (the "**Redemption Notice**"), which notice will be given as required by the Mortgage, as hereto and hereafter supplemented and amended, prior to the date fixed for redemption (the "**Redemption Date**"), at the price (each a "**One Hundred Thirty-Sixth Series Redemption Price**") described below.

Prior to April 15, 2029 (two months prior to the maturity date of the bonds of the One Hundred Thirty-Sixth Series) (the "**One Hundred Thirty-Sixth Series Par Call Date**"), FPL may redeem the bonds of the One Hundred Thirty-Sixth Series at its option, in whole or in part, at any time and from time to time, at a One Hundred Thirty-Sixth Series Redemption Price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

(1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the Redemption Date (assuming the bonds of the One Hundred Thirty-Sixth Series matured on the One Hundred Thirty-Sixth Series Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 10 basis points less (b) interest accrued to the Redemption Date, and

(2) 100% of the principal amount of the bonds of the One Hundred Thirty-Sixth Series to be redeemed,

plus, in either case, accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

On or after the One Hundred Thirty-Sixth Series Par Call Date, FPL may redeem the bonds of the One Hundred Thirty-Sixth Series, in whole or in part, at any time and from time to time, at a One Hundred Thirty-Sixth Series Redemption Price equal to 100% of the principal amount of the bonds of the One Hundred Thirty-Sixth Series being redeemed plus accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

"**Treasury Rate**" with respect to bonds of the One Hundred Thirty-Sixth Series means, with respect to any Redemption Date, the yield determined by FPL in accordance with the following two paragraphs.

The Treasury Rate shall be determined by FPL after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third Business Day preceding the Redemption Date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as "Selected Interest Rates (Daily) - H.15" (or any successor designation or publication) ("**H.15**") under the caption "U.S. government securities–Treasury constant maturities–Nominal" (or any successor caption or heading) ("**H.15 TCM**"). In determining the Treasury Rate, FPL shall select, as applicable:

(1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the Redemption Date to the One Hundred Thirty-Sixth Series Par Call Date (the "**One Hundred Thirty-Sixth Series Remaining Life**"); or

(2) if there is no such Treasury constant maturity on H.15 exactly equal to the One Hundred Thirty-Sixth Series Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately

longer than the One Hundred Thirty-Sixth Series Remaining Life—and shall interpolate to the One Hundred Thirty-Sixth Series Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or

(3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the One Hundred Thirty-Sixth Series Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the One Hundred Thirty-Sixth Series Remaining Life.

For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the Redemption Date.

If on the third Business Day preceding the Redemption Date H.15 TCM is no longer published, FPL shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second Business Day preceding such Redemption Date of the United States Treasury security maturing on, or with a maturity that is closest to, the One Hundred Thirty-Sixth Series Par Call Date, as applicable. If there is no United States Treasury security maturing on the One Hundred Thirty-Sixth Series Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the One Hundred Thirty-Sixth Series Par Call Date, one with a maturity date preceding the One Hundred Thirty-Sixth Series Par Call Date and one with a maturity date following the One Hundred Thirty-Sixth Series Par Call Date, FPL shall select the United States Treasury security with a maturity date preceding the One Hundred Thirty-Sixth Series Par Call Date. If there are two or more United States Treasury securities maturing on the One Hundred Thirty-Sixth Series Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, FPL shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

FPL's actions and determinations in determining the One Hundred Thirty-Sixth Series Redemption Price shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify FPL's calculations of, the One Hundred Thirty-Sixth Series Redemption Price.

(III) At the option of the registered owner, any bonds of the One Hundred Thirty-Sixth Series, upon surrender thereof for exchange at the office or agency of FPL in the Borough of Manhattan, The City of New York, together with a written instrument of transfer wherever required by FPL, duly executed by the registered owner or by his duly authorized attorney, shall

(subject to the provisions of *Section 12* of the Mortgage) be exchangeable for a like aggregate principal amount of bonds of the same series of other authorized denominations.

Bonds of the One Hundred Thirty-Sixth Series shall be transferable (subject to the provisions of *Section 12* of the Mortgage) at the office or agency of FPL in the Borough of Manhattan, The City of New York.

Upon any exchange or transfer of bonds of the One Hundred Thirty-Sixth Series, FPL may make a charge therefor sufficient to reimburse it for any tax or taxes or other governmental charge, as provided in *Section 12* of the Mortgage, but FPL hereby waives any right to make a charge in addition thereto for any exchange or transfer of bonds of the One Hundred Thirty-Sixth Series.

ARTICLE II

One Hundred Thirty-Seventh Series of Bonds

Section 2. (I) There shall be a series of bonds designated "5.30% Series due June 15, 2034," herein sometimes referred to as the "**One Hundred Thirty-Seventh Series,**" each of which shall also bear the descriptive title First Mortgage Bond, and the form thereof, which shall be established by Resolution of the Board of Directors of FPL, shall contain suitable provisions with respect to the matters hereinafter in this Section specified. Bonds of the One Hundred Thirty-Seventh Series shall mature on June 15, 2034, and shall be issued as fully registered bonds in denominations of Two Thousand Dollars and, at the option of FPL, in integral multiples of One Thousand Dollars in excess thereof (the exercise of such option to be evidenced by the execution and delivery thereof); they shall bear interest at the rate of 5.30% per annum, payable semi-annually on June 15 and December 15 of each year (each an "**One Hundred Thirty-Seventh Series Interest Payment Date**") commencing on December 15, 2024; the principal of and interest on each said bond to be payable at the office or agency of FPL in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for public and private debts. Bonds of the One Hundred Thirty-Seventh Series shall be dated as in *Section 10* of the Mortgage provided. The record date for payments of interest on any One Hundred Thirty-Seventh Series Interest Payment Date shall be the close of business on (1) the Business Day (as defined above) immediately preceding such One Hundred Thirty-Seventh Series Interest Payment Date so long as all of the bonds of the One Hundred Thirty-Seventh Series are held by a securities depository in book-entry only form, or (2) the 15th calendar day immediately preceding such One Hundred Thirty-Seventh Interest Payment Date if any of the bonds of the One Hundred Thirty-Seventh Series are not held by a securities depository in book-entry only form. Interest on the bonds of the One Hundred Thirty-Seventh Series will accrue from and including June 3, 2024 to but excluding December 15, 2024 and, thereafter, from and including the last One Hundred Thirty-Seventh Series Interest Payment Date to which interest has been paid or duly provided for (and if no interest has been paid on the bonds of the One Hundred Thirty-Seventh Series, from June 3, 2024) to but excluding the next succeeding One Hundred Thirty-Seventh Series Interest Payment Date. No interest will accrue on a bond of the One Hundred Thirty-Seventh Series for the day on which such bond matures. The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than

a full semi-annual period for which interest is computed will be computed on the basis of the number of days in the period using 30-day calendar months. If any date on which interest, principal or premium, if any, is payable on the bonds of the One Hundred Thirty-Seventh Series falls on a day that is not a Business Day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a Business Day, and without any interest or other payment in respect of such delay.

(II) Bonds of the One Hundred Thirty-Seventh Series shall be redeemable either at the option of FPL or pursuant to the requirements of the Mortgage (including, among other requirements, the application of cash delivered to or deposited with the Trustee pursuant to the provisions of *Section 64* of the Mortgage or with proceeds of Released Property) in whole at any time, or in part from time to time, prior to maturity of the bonds of the One Hundred Thirty-Seventh Series, upon the Redemption Notice, which notice will be given as required by the Mortgage, as hereto and hereafter supplemented and amended, prior to the Redemption Date, at the price (each a "**One Hundred Thirty-Seventh Series Redemption Price**") described below.

Prior to March 15, 2034 (three months prior to the maturity date of the bonds of the One Hundred Thirty-Seventh Series) (the "**One Hundred Thirty-Seventh Series Par Call Date**"), FPL may redeem the bonds of the One Hundred Thirty-Seventh Series at its option, in whole or in part, at any time and from time to time, at a One Hundred Thirty-Seventh Series Redemption Price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

(1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the Redemption Date (assuming the bonds of the One Hundred Thirty-Seventh Series matured on the One Hundred Thirty-Seventh Series Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 15 basis points less (b) interest accrued to the Redemption Date, and

(2) 100% of the principal amount of the bonds of the One Hundred Thirty-Seventh Series to be redeemed,

plus, in either case, accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

On or after the One Hundred Thirty-Seventh Series Par Call Date, FPL may redeem the bonds of the One Hundred Thirty-Seventh Series, in whole or in part, at any time and from time to time, at a One Hundred Thirty-Seventh Series Redemption Price equal to 100% of the principal amount of the bonds of the One Hundred Thirty-Seventh Series being redeemed plus accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

"**Treasury Rate**" with respect to bonds of the One Hundred Thirty-Seventh Series means, with respect to any Redemption Date, the yield determined by FPL in accordance with the following two paragraphs.

The Treasury Rate shall be determined by FPL after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of

Governors of the Federal Reserve System), on the third Business Day preceding the Redemption Date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as "Selected Interest Rates (Daily) - H.15" (or any successor designation or publication) ("**H.15**") under the caption "U.S. government securities–Treasury constant maturities–Nominal" (or any successor caption or heading) ("**H.15 TCM**"). In determining the Treasury Rate, FPL shall select, as applicable:

(1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the Redemption Date to the One Hundred Thirty-Seventh Series Par Call Date (the "**One Hundred Thirty-Seventh Series Remaining Life**"); or

(2) if there is no such Treasury constant maturity on H.15 exactly equal to the One Hundred Thirty-Seventh Series Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the One Hundred Thirty-Seventh Series Remaining Life—and shall interpolate to the One Hundred Thirty-Seventh Series Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or

(3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the One Hundred Thirty-Seventh Series Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the One Hundred Thirty-Seventh Series Remaining Life.

For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the Redemption Date.

If on the third Business Day preceding the Redemption Date H.15 TCM is no longer published, FPL shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second Business Day preceding such Redemption Date of the United States Treasury security maturing on, or with a maturity that is closest to, the One Hundred Thirty-Seventh Series Par Call Date, as applicable. If there is no United States Treasury security maturing on the One Hundred Thirty-Seventh Series Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the One Hundred Thirty-Seventh Series Par Call Date, one with a maturity date preceding the One Hundred Thirty-Seventh Series Par Call Date and one with a maturity date following the One Hundred Thirty-Seventh Series Par Call Date, FPL shall select the United States Treasury security with a maturity date preceding the One Hundred Thirty-Seventh Series Par Call Date. If there are two or more United States Treasury securities maturing on the One Hundred Thirty-Seventh Series Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, FPL shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in

accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

FPL's actions and determinations in determining the One Hundred Thirty-Seventh Series Redemption Price shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify FPL's calculations of, the One Hundred Thirty-Seventh Series Redemption Price.

(III) At the option of the registered owner, any bonds of the One Hundred Thirty-Seventh Series, upon surrender thereof for exchange at the office or agency of FPL in the Borough of Manhattan, The City of New York, together with a written instrument of transfer wherever required by FPL, duly executed by the registered owner or by his duly authorized attorney, shall (subject to the provisions of *Section 12* of the Mortgage) be exchangeable for a like aggregate principal amount of bonds of the same series of other authorized denominations.

Bonds of the One Hundred Thirty-Seventh Series shall be transferable (subject to the provisions of *Section 12* of the Mortgage) at the office or agency of FPL in the Borough of Manhattan, The City of New York.

Upon any exchange or transfer of bonds of the One Hundred Thirty-Seventh Series, FPL may make a charge therefor sufficient to reimburse it for any tax or taxes or other governmental charge, as provided in *Section 12* of the Mortgage, but FPL hereby waives any right to make a charge in addition thereto for any exchange or transfer of bonds of the One Hundred Thirty-Seventh Series.

ARTICLE III

One Hundred Thirty-Eighth Series of Bonds

Section 3. (I) There shall be a series of bonds designated "5.60% Series due June 15, 2054," herein sometimes referred to as the "One Hundred Thirty-Eighth Series," each of which shall also bear the descriptive title First Mortgage Bond, and the form thereof, which shall be established by Resolution of the Board of Directors of FPL, shall contain suitable provisions with respect to the matters hereinafter in this Section specified. Bonds of the One Hundred Thirty-Eighth Series shall mature on June 15, 2054, and shall be issued as fully registered bonds in denominations of Two Thousand Dollars and, at the option of FPL, in integral multiples of One Thousand Dollars in excess thereof (the exercise of such option to be evidenced by the execution and delivery thereof); they shall bear interest at the rate of 5.60% per annum, payable semi-annually on June 15 and December 15 of each year (each an "**One Hundred Thirty-Eighth Series Interest Payment Date**") commencing on December 15, 2024; the principal of and interest on each said bond to be payable at the office or agency of FPL in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for public and private debts. Bonds of the One Hundred Thirty-Eighth Series shall be dated as in *Section 10* of the Mortgage provided. The record date

for payments of interest on any One Hundred Thirty-Eighth Interest Payment Date shall be the close of business on (1) the Business Day (as defined above) immediately preceding such One Hundred Thirty-Eighth Series Interest Payment Date so long as all of the bonds of the One Hundred Thirty-Eighth Series are held by a securities depository in book-entry only form, or (2) the 15th calendar day immediately preceding such One Hundred Thirty-Eighth Interest Payment Date if any of the bonds of the One Hundred Thirty-Eighth Series are not held by a securities depository in book-entry only form. Interest on the bonds of the One Hundred Thirty-Eighth Series will accrue from and including June 3, 2024 to but excluding December 15, 2024 and, thereafter, from and including the last One Hundred Thirty-Eighth Series Interest Payment Date to which interest has been paid or duly provided for (and if no interest has been paid on the bonds of the One Hundred Thirty-Eighth Series, from June 3, 2024) to but excluding the next succeeding One Hundred Thirty-Eighth Series Interest Payment Date. No interest will accrue on a bond of the One Hundred Thirty-Eighth Series for the day on which such bond matures. The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full semi-annual period for which interest is computed will be computed on the basis of the number of days in the period using 30-day calendar months. If any date on which interest, principal or premium, if any, is payable on the bonds of the One Hundred Thirty-Eighth Series falls on a day that is not a Business Day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a Business Day, and without any interest or other payment in respect of such delay.

(II) Bonds of the One Hundred Thirty-Eighth Series shall be redeemable either at the option of FPL or pursuant to the requirements of the Mortgage (including, among other requirements, the application of cash delivered to or deposited with the Trustee pursuant to the provisions of *Section 64* of the Mortgage or with proceeds of Released Property) in whole at any time, or in part from time to time, prior to maturity of the bonds of the One Hundred Thirty-Eighth Series, upon the Redemption Notice, which notice will be given as required by the Mortgage, as hereto and hereafter supplemented and amended, prior to the Redemption Date, at the price (each a "**One Hundred Thirty-Eighth Series Redemption Price**") described below.

Prior to December 15, 2053 (six months prior to the maturity date of the bonds of the One Hundred Thirty-Eighth Series) (the "**One Hundred Thirty-Eighth Series Par Call Date**"), FPL may redeem the bonds of the One Hundred Thirty-Eighth Series at its option, in whole or in part, at any time and from time to time, at a One Hundred Thirty-Eighth Series Redemption Price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

(1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the Redemption Date (assuming the bonds of the One Hundred Thirty-Eighth Series matured on the One Hundred Thirty-Eighth Series Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 15 basis points less (b) interest accrued to the Redemption Date, and

(2) 100% of the principal amount of the bonds of the One Hundred Thirty-Eighth Series to be redeemed,

plus, in either case, accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

On or after the One Hundred Thirty-Eighth Series Par Call Date, FPL may redeem the bonds of the One Hundred Thirty-Eighth Series, in whole or in part, at any time and from time to time, at a One Hundred Thirty-Eighth Series Redemption Price equal to 100% of the principal amount of the bonds of the One Hundred Thirty-Eighth Series being redeemed plus accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

"**Treasury Rate**" with respect to bonds of the One Hundred Thirty-Eighth Series means, with respect to any Redemption Date, the yield determined by FPL in accordance with the following two paragraphs.

The Treasury Rate shall be determined by FPL after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third Business Day preceding the Redemption Date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as "Selected Interest Rates (Daily) - H.15" (or any successor designation or publication) ("**H.15**") under the caption "U.S. government securities–Treasury constant maturities–Nominal" (or any successor caption or heading) ("**H.15 TCM**"). In determining the Treasury Rate, FPL shall select, as applicable:

(1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the Redemption Date to the One Hundred Thirty-Eighth Series Par Call Date (the "**One Hundred Thirty-Eighth Series Remaining Life**"); or

(2) if there is no such Treasury constant maturity on H.15 exactly equal to the One Hundred Thirty-Eighth Series Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the One Hundred Thirty-Eighth Series Remaining Life—and shall interpolate to the One Hundred Thirty-Eighth Series Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or

(3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the One Hundred Thirty-Eighth Series Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the One Hundred Thirty-Eighth Series Remaining Life.

For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the Redemption Date.

If on the third Business Day preceding the Redemption Date H.15 TCM is no longer published, FPL shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second Business Day preceding such Redemption Date of the United States Treasury security maturing on, or with a maturity that is closest to, the One Hundred Thirty-Eighth Series Par Call Date, as

applicable. If there is no United States Treasury security maturing on the One Hundred Thirty-Eighth Series Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the One Hundred Thirty-Eighth Series Par Call Date, one with a maturity date preceding the One Hundred Thirty-Eighth Series Par Call Date and one with a maturity date following the One Hundred Thirty-Eighth Series Par Call Date, FPL shall select the United States Treasury security with a maturity date preceding the One Hundred Thirty-Eighth Series Par Call Date. If there are two or more United States Treasury securities maturing on the One Hundred Thirty-Eighth Series Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, FPL shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

FPL's actions and determinations in determining the One Hundred Thirty-Eighth Series Redemption Price shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify FPL's calculations of, the One Hundred Thirty-Eighth Series Redemption Price.

(III) At the option of the registered owner, any bonds of the One Hundred Thirty-Eighth Series, upon surrender thereof for exchange at the office or agency of FPL in the Borough of Manhattan, The City of New York, together with a written instrument of transfer wherever required by FPL, duly executed by the registered owner or by his duly authorized attorney, shall (subject to the provisions of *Section 12* of the Mortgage) be exchangeable for a like aggregate principal amount of bonds of the same series of other authorized denominations.

Bonds of the One Hundred Thirty-Eighth Series shall be transferable (subject to the provisions of *Section 12* of the Mortgage) at the office or agency of FPL in the Borough of Manhattan, The City of New York.

Upon any exchange or transfer of bonds of the One Hundred Thirty-Eighth Series, FPL may make a charge therefor sufficient to reimburse it for any tax or taxes or other governmental charge, as provided in *Section 12* of the Mortgage, but FPL hereby waives any right to make a charge in addition thereto for any exchange or transfer of bonds of the One Hundred Thirty-Eighth Series.

No such consent shall be valid or effective for more than ninety (90) days after such record date.

Section 10. The Trustee hereby accepts the trust herein declared, provided, created or supplemented and agrees to perform the same upon the terms and conditions herein and in the Mortgage, as heretofore supplemented, set forth and upon the following terms and conditions:

The Trustee shall not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this One Hundred Thirty-Seventh Supplemental Indenture or for or in respect of the recitals contained herein, all of which recitals are made by FPL solely. In general, each and every term and condition contained in *Article XVII* of the Mortgage, as heretofore amended, shall apply to and form part of this One Hundred Thirty-Seventh Supplemental Indenture with the same force and effect as if the same were herein set forth in full with such omissions, variations and insertions, if any, as may be appropriate to make the same conform to the provisions of this One Hundred Thirty-Seventh Supplemental Indenture.

Section 11. Whenever in this One Hundred Thirty-Seventh Supplemental Indenture either of the parties hereto is named or referred to, this shall, subject to the provisions of *Article XVI* and *Article XVII* of the Mortgage, as heretofore amended, be deemed to include the successors and assigns of such party, and all the covenants and agreements in this One Hundred Thirty-Seventh Supplemental Indenture contained by or on behalf of FPL, or by or on behalf of the Trustee, or either of them, shall, subject as aforesaid, bind and inure to the respective benefits of the respective successors and assigns of such parties, whether so expressed or not.

Section 12. Nothing in this One Hundred Thirty-Seventh Supplemental Indenture, expressed or implied, is intended, or shall be construed, to confer upon, or to give to, any person, firm or corporation, other than the parties hereto and the holders of the bonds and coupons Outstanding under the Mortgage, any right, remedy or claim under or by reason of this One Hundred Thirty-Seventh Supplemental Indenture or any covenant, condition, stipulation, promise or agreement hereof, and all the covenants, conditions, stipulations, promises and

agreements in this One Hundred Thirty-Seventh Supplemental Indenture contained by or on behalf of FPL shall be for the sole and exclusive benefit of the parties hereto, and of the holders of the bonds and coupons Outstanding under the Mortgage.

Section 13. The Mortgage, as heretofore supplemented and amended and as supplemented hereby, is intended by the parties hereto, as to properties now or hereafter encumbered thereby and located within the States of Florida, Georgia and Mississippi, to operate and is to be construed as granting a lien only on such properties and not as a deed passing title thereto.

Section 14. This One Hundred Thirty-Seventh Supplemental Indenture shall be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, FPL has caused its corporate name to be hereunto affixed, and this instrument to be signed and sealed by its President or one of its Vice Presidents, and its corporate seal to be attested by its Secretary or one of its Assistant Secretaries for and in its behalf, and DEUTSCHE BANK TRUST COMPANY AMERICAS has caused its corporate name to be hereunto affixed, and this instrument to be signed and sealed by one or more of its Vice Presidents or Assistant Vice Presidents, and its corporate seal to be attested by one of its Vice Presidents, Assistant Vice Presidents, one of its Assistant Secretaries, one of its Associates or one of its Directors, all as of the day and year first above written.

FLORIDA POWER & LIGHT COMPANY

to

DEUTSCHE BANK TRUST COMPANY AMERICAS

(formerly known as Bankers Trust Company)

As Trustee under Florida Power & Light Company's Mortgage and Deed of Trust, Dated as of January 1, 1944

One Hundred Thirty-Eighth Supplemental Indenture

Relating to

$350,000,000 Principal Amount of First Mortgage Bonds, 5.00% Series due August 1, 2034

Dated as of July 1, 2024

This Supplemental Indenture has been executed in several counterparts, all of which constitute but one and the same instrument. This Supplemental Indenture has been recorded in several counties and documentary stamp taxes as required by law in the amount of $1,225,000.00 and non-recurring intangible taxes as required by law in the amount of $45,792.26 are being paid on the Supplemental Indenture being recorded in the public records of Palm Beach County, Florida.

Note to Examiner: The new bonds being issued in connection with this Supplemental Indenture ("New Bonds") are secured by real property and personal property located both within Florida and outside of Florida. The aggregate fair market value of the collateral exceeds the aggregate principal amount of (y) the New Bonds plus (z) the other outstanding bonds secured by the mortgage supplemented hereby and all previous supplemental indentures thereto. The intangible tax has been computed pursuant to Section 199.133(2), Florida Statutes, by (i) determining the percentage of the aggregate fair market value of the collateral constituting real property situated in Florida and by multiplying that percentage times the principal amount of the New Bonds (the result hereinafter defined as the "Tax Base") and (ii) multiplying the tax rate times the Tax Base.

ONE HUNDRED THIRTY-EIGHTH SUPPLEMENTAL INDENTURE

INDENTURE, dated as of the 1st day of July, 2024, made and entered into by and between FLORIDA POWER & LIGHT COMPANY, a corporation of the State of Florida, whose post office address is 700 Universe Boulevard, Juno Beach, Florida 33408 (hereinafter sometimes called "**FPL**"), and DEUTSCHE BANK TRUST COMPANY AMERICAS (formerly known as Bankers Trust Company), a corporation of the State of New York, whose post office address is Deutsche Bank Trust Company Americas, Trust and Agency Services, 1 Columbus Circle, 17th Floor, New York, New York 10019 (hereinafter called the "**Trustee**"), as the one hundred thirty-eighth supplemental indenture (hereinafter called the "**One Hundred Thirty-Eighth Supplemental Indenture**") to the Mortgage and Deed of Trust, dated as of January 1, 1944 (hereinafter called the "**Mortgage**"), made and entered into by FPL, the Trustee and The Florida National Bank of Jacksonville, as Co-Trustee (now resigned), the Trustee now acting as the sole trustee under the Mortgage, which Mortgage was executed and delivered by FPL to secure the payment of bonds issued or to be issued under and in accordance with the provisions thereof, reference to which Mortgage is hereby made, this One Hundred Thirty-Eighth Supplemental Indenture being supplemental thereto;

WHEREAS, by an instrument, dated as of April 15, 2002, filed with the Banking Department of the State of New York, Bankers Trust Company effected a corporate name change pursuant to which, effective such date, it is known as Deutsche Bank Trust Company Americas; and

WHEREAS, FPL has transferred to New Hampshire Transmission, LLC, a Delaware limited liability company, all of FPL's property located in the State of New Hampshire that previously was subject to the lien of the Mortgage, and the Trustee by instrument dated June 29, 2010 (the "**Release**") released such property from the lien of the Mortgage, and released and discharged the supplemental indentures and mortgages recorded in the State of New Hampshire listed on Exhibit B to the Release; and

WHEREAS, on January 1, 2021, pursuant to the Agreement and Plan of Merger dated as of December 18, 2020, between Gulf Power Company, a corporation of the State of Florida (hereinafter called "**Gulf Power**"), and FPL, Gulf Power was merged into FPL (the "**Merger**") with FPL as the surviving corporation; and

WHEREAS, in connection with the Merger, FPL has acquired certain real and personal property described in, and subjected to the Lien of the Mortgage by the One Hundred Thirty-Second Supplemental Indenture, dated as of January 1, 2021, which One Hundred Thirty-Second Supplemental Indenture has been duly recorded or filed in the States of Florida, Georgia and Mississippi; and

WHEREAS, *Section 8* of the Mortgage provides that the form of each series of bonds (other than the first series) issued thereunder shall be established by Resolution of the Board of Directors of FPL and that the form of such series, as established by said Board of Directors, shall specify the descriptive title of the bonds and various other terms thereof, and may also contain such provisions not inconsistent with the provisions of the Mortgage as the Board of Directors may, in its discretion, cause to be inserted therein expressing or referring to the terms and conditions upon which such bonds are to be issued and/or secured under the Mortgage; and

WHEREAS, *Section 120* of the Mortgage provides, among other things, that any power, privilege or right expressly or impliedly reserved to or in any way conferred upon FPL by any provision of the Mortgage, whether such power, privilege or right is in any way restricted or is unrestricted, may be in whole or in part waived or surrendered or subjected to any restriction if at the time unrestricted or to additional restriction if already restricted, and FPL may enter into any further covenants, limitations or restrictions for the benefit of any one or more series of bonds issued thereunder, or FPL may cure any ambiguity contained therein, or in any supplemental indenture, or may establish the terms and provisions of any series of bonds other than said first series, by an instrument in writing executed and acknowledged by FPL in such manner as would be necessary to entitle a conveyance of real estate to be recorded in all of the states in which any property at the time subject to the Lien of the Mortgage shall be situated; and

WHEREAS, FPL now desires to create the series of bonds described in *Article I* hereof and to add to its covenants and agreements contained in the Mortgage certain other covenants and agreements to be observed by it and to alter and amend in certain respects the covenants and provisions contained in the Mortgage; and

WHEREAS, the execution and delivery by FPL of this One Hundred Thirty-Eighth Supplemental Indenture, and the terms of the bonds, hereinafter referred to in *Article I* hereof have been duly authorized by the Board of Directors of FPL by appropriate resolutions of said Board of Directors;

NOW, THEREFORE, THIS INDENTURE WITNESSETH: That FPL, in consideration of the premises and of One Dollar to it duly paid by the Trustee at or before the ensealing and delivery of these presents, the receipt whereof is hereby acknowledged, and in further evidence of assurance of the estate, title and rights of the Trustee and in order further to secure the payment of both the principal of and interest and premium, if any, on the bonds from time to time issued under the Mortgage, according to their tenor and effect, and the performance of all the provisions of the Mortgage (including any instruments supplemental thereto and any modification made as in the Mortgage provided) and of said bonds, hereby grants, bargains, sells, releases, conveys, assigns, transfers, mortgages, pledges, sets over and confirms (subject, however, to Excepted Encumbrances as defined in *Section 6* of the Mortgage) unto Deutsche Bank Trust Company Americas, as Trustee under the Mortgage, and to its successor or successors in said trust, and to said Trustee and its successors and assigns forever, all property, real, personal and mixed, acquired by FPL after the date of the execution and delivery of the Mortgage (except any herein or in the Mortgage, as heretofore supplemented, expressly excepted), now owned (except any properties heretofore released pursuant to any provisions of the Mortgage and in the process of being sold or disposed of by FPL) or, subject to the provisions of *Section 87* of the Mortgage, hereafter acquired by FPL and wheresoever situated, including (without in anywise limiting or impairing by the enumeration of the same the scope and intent of the foregoing) all lands, power sites, flowage rights, water rights, water locations, water appropriations, ditches, flumes, reservoirs, reservoir sites, canals, raceways, dams, dam sites, aqueducts, and all rights or means for appropriating, conveying, storing and supplying water; all rights of way and roads; all plants for the generation of electricity by steam, water and/or other power; all power houses, gas plants, street lighting systems, standards and other equipment incidental thereto, telephone, radio and television systems, air-conditioning systems and equipment incidental thereto, water works, water systems, steam heat and hot water plants, substations, lines, service and supply systems, bridges, culverts, tracks, ice

TOGETHER WITH all and singular the tenements, hereditaments and appurtenances belonging or in anywise appertaining to the aforesaid property or any part thereof, with the reversion and reversions, remainder and remainders and (subject to the provisions of *Section 57* of the Mortgage) the tolls, rents, revenues, issues, earnings, income, products and profits thereof, and all the estate, right, title and interest and claim whatsoever, at law as well as in equity, which FPL now has or may hereinafter acquire in and to the aforesaid property and franchises and every part and parcel thereof.

IT IS HEREBY AGREED by FPL that, subject to the provisions of *Section 87* of the Mortgage, all the property, rights, and franchises acquired by FPL after the date hereof (except any herein or in the Mortgage, as heretofore supplemented, expressly excepted) shall be and are as fully granted and conveyed hereby and as fully embraced within the Lien of the Mortgage, as if such property, rights and franchises were now owned by FPL and were specifically described herein and conveyed hereby.

PROVIDED that the following are not and are not intended to be now or hereafter granted, bargained, sold, released, conveyed, assigned, transferred, mortgaged, pledged, set over or confirmed hereunder and are hereby expressly excepted from the Lien and operation of this One Hundred Thirty-Eighth Supplemental Indenture and from the Lien and operation of the Mortgage, as heretofore supplemented, viz: (1) cash, shares of stock, bonds, notes and other obligations and other securities not hereafter specifically pledged, paid, deposited, delivered or held under the Mortgage or covenanted so to be; (2) merchandise, equipment, materials or supplies held for the purpose of sale in the usual course of business and fuel (including Nuclear Fuel unless expressly subjected to the Lien and operation of the Mortgage by FPL in a future supplemental indenture), oil and similar materials and supplies consumable in the operation of any properties of FPL; rolling stock, buses, motor coaches, automobiles and other vehicles; (3) bills, notes and accounts receivable, and all contracts, leases and operating agreements not specifically pledged under the Mortgage or covenanted so to be; (4) the last day of the term of any lease or leasehold which may hereafter become subject to the Lien of the Mortgage; (5) electric energy, gas, ice, and other materials or products generated, manufactured, produced or purchased by FPL for sale, distribution or use in the ordinary course of its business; all timber, minerals, mineral rights and royalties; (6) FPL's franchise to be a corporation; and (7) the properties already sold or in the

process of being sold by FPL and heretofore released from the Mortgage and Deed of Trust, dated as of January 1, 1926, from Florida Power & Light Company to Bankers Trust Company and The Florida National Bank of Jacksonville, trustees, and specifically described in three separate releases executed by Bankers Trust Company and The Florida National Bank of Jacksonville, dated July 28, 1943, October 6, 1943 and December 11, 1943, which releases have heretofore been delivered by the said trustees to FPL and recorded by FPL among the Public Records of all Counties in which such properties are located; *provided, however*, that the property and rights expressly excepted from the Lien and operation of the Mortgage in the above subdivisions (2) and (3) shall (to the extent permitted by law) cease to be so excepted in the event and as of the date that the Trustee or a receiver or trustee shall enter upon and take possession of the Mortgaged and Pledged Property in the manner provided in *Article XIII* of the Mortgage by reason of the occurrence of a Default as defined in *Section 65* thereof.

TO HAVE AND TO HOLD all such properties, real, personal and mixed, granted, bargained, sold, released, conveyed, assigned, transferred, mortgaged, pledged, set over or confirmed by FPL as aforesaid, or intended so to be, unto Deutsche Bank Trust Company Americas, the Trustee, and its successors and assigns forever.

IN TRUST NEVERTHELESS, for the same purposes and upon the same terms, trusts and conditions and subject to and with the same provisos and covenants as are set forth in the Mortgage, as heretofore supplemented, this One Hundred Thirty-Eighth Supplemental Indenture being supplemental thereto.

AND IT IS HEREBY COVENANTED by FPL that all terms, conditions, provisos, covenants and provisions contained in the Mortgage shall affect and apply to the property hereinbefore described and conveyed and to the estate, rights, obligations and duties of FPL and the Trustee and the beneficiaries of the trust with respect to said property, and to the Trustee and its successors as Trustee of said property in the same manner and with the same effect as if said property had been owned by FPL at the time of the execution of the Mortgage, and had been specifically and at length described in and conveyed to said Trustee, by the Mortgage as a part of the property therein stated to be conveyed.

FPL further covenants and agrees to and with the Trustee and its successors in said trust under the Mortgage, as follows:

ARTICLE I

One Hundred Thirty-Ninth Series of Bonds

Section 1. (I) There shall be a series of bonds designated "5.00% Series due August 1, 2034," herein sometimes referred to as the "**One Hundred Thirty-Ninth Series,**" each of which shall also bear the descriptive title First Mortgage Bond, and the form thereof, which shall be established by Resolution of the Board of Directors of FPL, shall contain suitable provisions with respect to the matters hereinafter in this Section specified. Bonds of the One Hundred Thirty-Ninth Series shall mature on August 1, 2034, and shall be issued as fully registered bonds in denominations of Two Thousand Dollars and, at the option of FPL, in integral multiples of One Thousand Dollars in excess thereof (the exercise of such option to be evidenced by the

execution and delivery thereof); they shall bear interest at the rate of 5.00% per annum, payable semi-annually on February 1 and August 1 of each year (each an "**Interest Payment Date**") commencing on February 1, 2025; the principal of and interest on each said bond to be payable at the office or agency of FPL in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for public and private debts. Bonds of the One Hundred Thirty-Ninth Series shall be dated as in *Section 10* of the Mortgage provided. The record date for payments of interest on any Interest Payment Date shall be the close of business on (1) the Business Day (as defined below) immediately preceding such Interest Payment Date so long as all of the bonds of the One Hundred Thirty-Ninth Series are held by a securities depository in book-entry only form, or (2) the 15th calendar day immediately preceding such Interest Payment Date if any of the bonds of the One Hundred Thirty-Ninth Series are not held by a securities depository in book-entry only form. Interest on the bonds of the One Hundred Thirty-Ninth Series will accrue from and including July 30, 2024 to but excluding February 1, 2025 and, thereafter, from and including the last Interest Payment Date to which interest has been paid or duly provided for (and if no interest has been paid on the bonds of the One Hundred Thirty-Ninth Series, from July 30, 2024) to but excluding the next succeeding Interest Payment Date. No interest will accrue on a bond of the One Hundred Thirty-Ninth Series for the day on which such bond matures. The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full semi-annual period for which interest is computed will be computed on the basis of the number of days in the period using 30-day calendar months. If any date on which interest, principal or premium, if any, is payable on the bonds of the One Hundred Thirty-Ninth Series falls on a day that is not a Business Day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a Business Day, and without any interest or other payment in respect of such delay. A "**Business Day**" is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

(II) Bonds of the One Hundred Thirty-Ninth Series shall be redeemable either at the option of FPL or pursuant to the requirements of the Mortgage (including, among other requirements, the application of cash delivered to or deposited with the Trustee pursuant to the provisions of *Section 64* of the Mortgage or with proceeds of Released Property) in whole at any time, or in part from time to time, prior to maturity of the bonds of the One Hundred Thirty-Ninth Series, upon notice as provided in *Section 52* of the Mortgage (the "**Redemption Notice**"), which notice will be given as required by the Mortgage, as hereto and hereafter supplemented and amended, prior to the date fixed for redemption (the "**Redemption Date**"), at the price (each a "**Redemption Price**") described below.

Prior to May 1, 2034 (three months prior to the maturity date of the bonds of the One Hundred Thirty-Ninth Series) (the "**Par Call Date**"), FPL may redeem the bonds of the One Hundred Thirty-Ninth Series at its option, in whole or in part, at any time and from time to time, at a Redemption Price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

(1) (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the Redemption Date (assuming the bonds of the One

Hundred Thirty-Ninth Series matured on the Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 15 basis points less (b) interest accrued to the Redemption Date, and

(2) 100% of the principal amount of the bonds of the One Hundred Thirty-Ninth Series to be redeemed,

plus, in either case, accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

On or after the Par Call Date, FPL may redeem the bonds of the One Hundred Thirty-Ninth Series, in whole or in part, at any time and from time to time, at a Redemption Price equal to 100% of the principal amount of the bonds of the One Hundred Thirty-Ninth Series being redeemed plus accrued and unpaid interest thereon, if any, to but excluding the Redemption Date.

"**Treasury Rate**" means, with respect to any Redemption Date, the yield determined by FPL in accordance with the following two paragraphs.

The Treasury Rate shall be determined by FPL after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third Business Day preceding the Redemption Date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as "Selected Interest Rates (Daily) - H.15" (or any successor designation or publication) ("**H.15**") under the caption "U.S. government securities–Treasury constant maturities–Nominal" (or any successor caption or heading) ("**H.15 TCM**"). In determining the Treasury Rate, FPL shall select, as applicable:

(1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the Redemption Date to the Par Call Date (the "**Remaining Life**"); or

(2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life—and shall interpolate to the Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or

(3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life.

For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the Redemption Date.

If on the third Business Day preceding the Redemption Date H.15 TCM is no longer published, FPL shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second Business Day preceding such Redemption Date of the United States Treasury security maturing on, or with a maturity that is closest to, the Par Call Date, as applicable. If there is no United States Treasury security maturing on the Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the Par Call Date, one with a maturity date preceding the Par Call Date and one with a maturity date following the Par Call Date, FPL shall select the United States Treasury security with a maturity date preceding the Par Call Date. If there are two or more United States Treasury securities maturing on the Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, FPL shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

FPL's actions and determinations in determining the Redemption Price shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify FPL's calculations of, the Redemption Price.

(III) At the option of the registered owner, any bonds of the One Hundred Thirty-Ninth Series, upon surrender thereof for exchange at the office or agency of FPL in the Borough of Manhattan, The City of New York, together with a written instrument of transfer wherever required by FPL, duly executed by the registered owner or by his duly authorized attorney, shall (subject to the provisions of *Section 12* of the Mortgage) be exchangeable for a like aggregate principal amount of bonds of the same series of other authorized denominations.

Bonds of the One Hundred Thirty-Ninth Series shall be transferable (subject to the provisions of *Section 12* of the Mortgage) at the office or agency of FPL in the Borough of Manhattan, The City of New York.

Upon any exchange or transfer of bonds of the One Hundred Thirty-Ninth Series, FPL may make a charge therefor sufficient to reimburse it for any tax or taxes or other governmental charge, as provided in *Section 12* of the Mortgage, but FPL hereby waives any right to make a charge in addition thereto for any exchange or transfer of bonds of the One Hundred Thirty-Ninth Series.

ARTICLE II

Consent to Amendments of the Mortgage

Section 2. Each initial and future holder of bonds of the One Hundred Thirty-Ninth Series, by its acquisition of an interest in such bonds, irrevocably (a) consents to the amendments set forth in Article II of the One Hundred Twenty-Eighth Supplemental Indenture, dated as of June 15,

2018, and in Article IV of the One Hundred Thirty-Seventh Supplemental Indenture, dated as of May 1, 2024, in each case without any other or further action by any holder of such bonds, and (b) designates the Trustee, and its successors, as its proxy with irrevocable instructions to vote and deliver written consents on behalf of such holder in favor of such amendments at any bondholder meeting, in lieu of any bondholder meeting, in any consent solicitation or otherwise.

ARTICLE III

Miscellaneous Provisions

Section 3. Subject to the amendments provided for in this One Hundred Thirty-Eighth Supplemental Indenture, the terms defined in the Mortgage, as heretofore supplemented, shall, for all purposes of this One Hundred Thirty-Eighth Supplemental Indenture, have the meanings specified in the Mortgage, as heretofore supplemented.

Section 4. The holders of bonds of the One Hundred Thirty-Ninth Series consent that FPL may, but shall not be obligated to, fix a record date for the purpose of determining the holders of bonds of the One Hundred Thirty-Ninth Series entitled to consent to any amendment, supplement or waiver. If a record date is fixed, those persons who were holders at such record date (or their duly designated proxies), and only those persons, shall be entitled to consent to such amendment, supplement or waiver or to revoke any consent previously given, whether or not such persons continue to be holders after such record date. No such consent shall be valid or effective for more than ninety (90) days after such record date.

Section 5. The Trustee hereby accepts the trust herein declared, provided, created or supplemented and agrees to perform the same upon the terms and conditions herein and in the Mortgage, as heretofore supplemented, set forth and upon the following terms and conditions:

The Trustee shall not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this One Hundred Thirty-Eighth Supplemental Indenture or for or in respect of the recitals contained herein, all of which recitals are made by FPL solely. In general, each and every term and condition contained in *Article XVII* of the Mortgage, as heretofore amended, shall apply to and form part of this One Hundred Thirty-Eighth Supplemental Indenture with the same force and effect as if the same were herein set forth in full with such omissions, variations and insertions, if any, as may be appropriate to make the same conform to the provisions of this One Hundred Thirty-Eighth Supplemental Indenture.

Section 6. Whenever in this One Hundred Thirty-Eighth Supplemental Indenture either of the parties hereto is named or referred to, this shall, subject to the provisions of *Article XVI* and *Article XVII* of the Mortgage, as heretofore amended, be deemed to include the successors and assigns of such party, and all the covenants and agreements in this One Hundred Thirty-Eighth Supplemental Indenture contained by or on behalf of FPL, or by or on behalf of the Trustee, or either of them, shall, subject as aforesaid, bind and inure to the respective benefits of the respective successors and assigns of such parties, whether so expressed or not.

Section 7. Nothing in this One Hundred Thirty-Eighth Supplemental Indenture, expressed or implied, is intended, or shall be construed, to confer upon, or to give to, any person,

firm or corporation, other than the parties hereto and the holders of the bonds and coupons Outstanding under the Mortgage, any right, remedy or claim under or by reason of this One Hundred Thirty-Eighth Supplemental Indenture or any covenant, condition, stipulation, promise or agreement hereof, and all the covenants, conditions, stipulations, promises and agreements in this One Hundred Thirty-Eighth Supplemental Indenture contained by or on behalf of FPL shall be for the sole and exclusive benefit of the parties hereto, and of the holders of the bonds and coupons Outstanding under the Mortgage.

Section 8. The Mortgage, as heretofore supplemented and amended and as supplemented hereby, is intended by the parties hereto, as to properties now or hereafter encumbered thereby and located within the States of Florida, Georgia and Mississippi, to operate and is to be construed as granting a lien only on such properties and not as a deed passing title thereto.

Section 9. This One Hundred Thirty-Eighth Supplemental Indenture shall be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, FPL has caused its corporate name to be hereunto affixed, and this instrument to be signed and sealed by its President or one of its Vice Presidents, and its corporate seal to be attested by its Secretary or one of its Assistant Secretaries for and in its behalf, and DEUTSCHE BANK TRUST COMPANY AMERICAS has caused its corporate name to be hereunto affixed, and this instrument to be signed and sealed by one or more of its Vice Presidents or Assistant Vice Presidents, and its corporate seal to be attested by one of its Vice Presidents, Assistant Vice Presidents, one of its Assistant Secretaries, one of its Associates or one of its Directors, all as of the day and year first above written.

FLORIDA POWER & LIGHT COMPANY

OFFICER'S CERTIFICATE

Creating the Floating Rate Notes, Series due July 2, 2074

Jose Briceno, Assistant Treasurer of Florida Power & Light Company (the "**Company**"), pursuant to the authority granted in the accompanying Board Resolutions (all capitalized terms used herein which are not defined herein or in *Exhibit A* hereto, but which are defined in the Indenture referred to below, shall have the meanings specified in the Indenture), and pursuant to Sections 201 and 301 of the Indenture, does hereby certify to The Bank of New York Mellon (the "**Trustee**"), as Trustee under the Indenture (For Unsecured Debt Securities) dated as of November 1, 2017 between the Company and the Trustee (the "**Indenture**"), that:

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "Floating Rate Notes, Series due July 2, 2074" (referred to herein as the "**Notes of the Fifteenth Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Notes of the Fifteenth Series shall be issued by the Company in the initial aggregate principal amount of $167,105,000. Additional Notes of the Fifteenth Series, without limitation as to amount, having the same terms as the Outstanding Notes of the Fifteenth Series (except for the issue date of the additional Notes of the Fifteenth Series and, if applicable, the initial Interest Payment Date (as defined in *Exhibit A* hereto)) may also be issued by the Company pursuant to the Indenture without the consent of the Holders of the then-Outstanding Notes of the Fifteenth Series. Any such additional Notes of the Fifteenth Series as may be issued pursuant to the Indenture from time to time shall be part of the same series as the then-Outstanding Notes of the Fifteenth Series.

3. The Notes of the Fifteenth Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date, subject to the right of the Company to shorten the Maturity (as defined in *Exhibit A* hereto) upon a Tax Event as provided in the form set forth as *Exhibit A* hereto. The "**Stated Maturity Date**" means July 2, 2074.

4. The Notes of the Fifteenth Series shall bear interest as provided in the form set forth as *Exhibit A* hereto.

5. Each installment of interest on a Note of the Fifteenth Series shall be payable as provided in the form set forth as *Exhibit A* hereto.

6. Registration of the Notes of the Fifteenth Series, and registration of transfers and exchanges in respect of the Notes of the Fifteenth Series, may be effectuated at the office or agency of the Company in New York City, New York. Notices and demands to or upon the Company in respect of the Notes of the Fifteenth Series may be served at the office or agency of the Company in New York City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands,

and the Company hereby appoints the Trustee as its agent for all such purposes; *provided, however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Trustee will initially be the Security Registrar and the Paying Agent for the Notes of the Fifteenth Series.

7. The Notes of the Fifteenth Series will be redeemable at the option of the Company prior to the Stated Maturity Date as provided in the form set forth as *Exhibit A* hereto.

8. The Notes of the Fifteenth Series shall be repayable at the option of a Holder of the Notes of the Fifteenth Series as provided in the form set forth as *Exhibit A* hereto.

9. So long as all of the Notes of the Fifteenth Series are held by a securities depository in book-entry form, the Regular Record Date for the interest payable on any given Interest Payment Date with respect to the Notes of the Fifteenth Series shall be the close of business on the Business Day immediately preceding such Interest Payment Date; *provided, however*, that if any of the Notes of the Fifteenth Series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date.

10. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Notes of the Fifteenth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Notes of the Fifteenth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Notes of the Fifteenth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided, however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Notes of the Fifteenth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for United States federal income

tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

11. The Notes of the Fifteenth Series will be initially issued in global form registered in the name of Cede & Co. (as nominee for The Depository Trust Company). The Notes of the Fifteenth Series in global form shall bear the depository legend in substantially the form set forth as *Exhibit A* hereto. The Notes of the Fifteenth Series in global form will contain restrictions on transfer, substantially as described in the form set forth as *Exhibit A* hereto.

12. No service charge shall be made for the registration of transfer or exchange of the Notes of the Fifteenth Series; *provided, however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

13. The Eligible Obligations with respect to the Notes of the Fifteenth Series shall be the Government Obligations and the Investment Securities.

14. The Notes of the Fifteenth Series shall have such other terms and provisions as are provided in the form set forth as *Exhibit A* hereto.

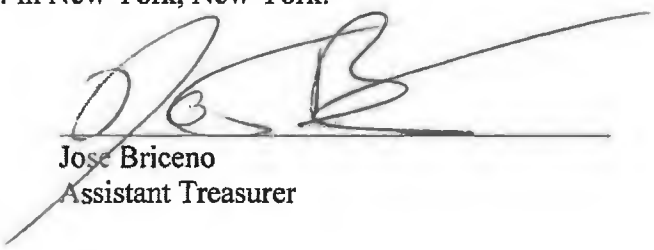
15. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Notes of the Fifteenth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

16. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

17. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

18. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Notes of the Fifteenth Series requested in the accompanying Company Order No. 16 have been complied with.

IN WITNESS WHEREOF, I have executed this Officer's Certificate on behalf of the Company this 1st day of July , 2024 in New York, New York.



Jose Briceno

FLORIDA POWER & LIGHT COMPANY

FLOATING RATE NOTES, SERIES DUE JULY 2, 2074

FLORIDA POWER & LIGHT COMPANY, a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**," which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal amount specified on *Schedule I* hereto, on July 2, 2074 (the "**Stated Maturity Date**"). The Company further promises to pay interest on the principal sum of this Floating Rate Note, Series due July 2, 2074 (this "**Security**") to the registered Holder hereof at the Interest Rate (as defined on the reverse of this Security), in like coin or currency, quarterly on January 2, April 2, July 2, and October 2 of each year (each an "**Interest Payment Date**") until the principal hereof is paid or duly provided for, such interest payments to commence on October 2, 2024. Interest on the Securities of this series will accrue (i) from and including July 1, 2024 to but excluding the first Interest Payment Date and thereafter will accrue from and including the last Interest Payment Date to which interest has either been paid or duly provided for to but excluding the next Interest Payment Date, (ii) in the case of the last such period, from and including the Interest Payment Date immediately preceding the Stated Maturity Date or the New Maturity Date (as defined on the reverse of this Security), as the case may be, to but excluding the Stated Maturity Date or the New Maturity Date, respectively, or (iii) in the case of a redemption or a repayment of the Securities of this series, from and including the Interest Payment Date immediately preceding a Redemption Date or a Repayment Date (each, as defined on the reverse of this Security), as the case may be, to but excluding such Redemption Date or Repayment Date, respectively (each an "**Interest Period**"). No interest will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. The amount of interest payable for any Interest Period will be computed on the basis of a 360-day year and the actual number of days in the Observation Period (as defined on the reverse of this Security). The interest so payable, and punctually paid or duly provided for, on an Interest Payment Date will, as

provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the "**Regular Record Date**" for such interest installment, which shall be the close of business on the Business Day immediately preceding such Interest Payment Date so long as all of the Securities of this series are held by a securities depository in book-entry form; *provided* that if any of the Securities of this series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date; and *provided further* that interest payable on the Stated Maturity Date, the New Maturity Date (as defined on the reverse of this Security), a Redemption Date or a Repayment Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose in New York City, the State of New York in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided, however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate, shall have the meanings specified in the Indenture or in the Officer's Certificate.)

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse of this Security by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

CERTIFICATE OF AUTHENTICATION

Dated:

This is one of the Securities of the series designated therein referred to in the within-mentioned Indenture.

THE BANK OF NEW YORK MELLON,
as Trustee

By:_____
Authorized Signatory

[FORM OF REVERSE OF NOTE]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Debt Securities), dated as of November 1, 2017 (herein called the "**Indenture**," which term shall have the meaning assigned to it in such instrument), between the Company and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on July 1, 2024 creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Interest and Payment.

The Securities of this series shall bear interest at a variable rate per annum (the "**Interest Rate**") equal to Compounded SOFR (as defined below), minus 0.35% (negative 0.35%, the "**Margin**").

If any Interest Payment Date falls on a day that is not a Business Day (as defined below), the Company will make the interest payment on the next succeeding Business Day unless that Business Day is in the next succeeding calendar month, in which case (other than in the case of the Stated Maturity Date, the New Maturity Date, a Redemption Date or a Repayment Date) the Company will make the interest payment on the immediately preceding Business Day. If an interest payment is made on the next succeeding Business Day, no interest will accrue as a result of the delay in payment. If the Stated Maturity Date, the New Maturity Date, a Redemption Date or a Repayment Date of the Securities of this series falls on a day that is not a Business Day, the payment due on such date will be postponed to the next succeeding Business Day, and no further interest will accrue in respect of such postponement.

On each Interest Payment Determination Date (as defined below) relating to the applicable Interest Payment Date, the Calculation Agent (as defined below) will calculate the amount of accrued interest payable on the Securities of this series by multiplying (i) the outstanding principal amount of the Securities of this series by (ii) the product of (a) the Interest Rate for the relevant Interest Period multiplied by (b) the quotient of the actual number of calendar days in such Observation Period divided by 360. In no event will the interest rate on the Securities of this series be less than zero.

"**Calculation Agent**" means a banking institution or trust company appointed by the Company to act as calculation agent, initially The Bank of New York Mellon.

Compounded SOFR. "**Compounded SOFR**" will be determined by the Calculation Agent in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point):

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) x \frac{360}{d_c}$$

where:

"**SOFR Index$_{Start}$**" = For periods other than the initial Interest Period, the SOFR Index value on the preceding Interest Payment Determination Date, and, for the initial Interest Period, the SOFR Index value on June 27, 2024;

"**SOFR Index$_{End}$**" = The SOFR Index value on the Interest Payment Determination Date relating to the applicable Interest Payment Date (or, in the final Interest Period, relating to the Stated Maturity Date or the New Maturity Date, as the case may be, or, in the case of a redemption or repayment of the Securities of this series, as the case may be, relating to the applicable Redemption Date or Repayment Date, respectively); and

"**d_c**" is the number of calendar days in the relevant Observation Period.

For purposes of determining Compounded SOFR,

"**Interest Payment Determination Date**" means the date that is two U.S. Government Securities Business Days before each Interest Payment Date (or, in the final Interest Period, before the Stated Maturity Date or the New Maturity Date, as the case may be, or, in the case of a redemption or repayment of the Securities of this series, as the case may be, before the applicable Redemption Date or Repayment Date, respectively).

"**Observation Period**" means, in respect of each Interest Period, the period from and including the date that is two U.S. Government Securities Business Days preceding the first date in such Interest Period to but excluding the date that is two U.S. Government Securities Business Days preceding the Interest Payment Date for such Interest Period (or, in the final Interest Period, preceding the Stated Maturity Date or the New Maturity Date, as the case may be, or, in the case of a redemption or a repayment of the Securities of this series, as the case may be, preceding the applicable Redemption Date or Repayment Date, respectively).

"**SOFR Index**" means, with respect to any U.S. Government Securities Business Day:

(1) the SOFR Index value as published by the SOFR Administrator (as defined below) as such index appears on the SOFR Administrator's Website at 3:00 p.m. (New York time) on such U.S. Government Securities Business Day (the "**SOFR Index Determination Time**"); *provided* that:

(2) if a SOFR Index value does not so appear as specified in (1) above at the SOFR Index Determination Time, then: (i) if a Benchmark Transition Event and its related Benchmark Replacement Date (each, as defined below) have not occurred with respect to SOFR, then Compounded SOFR shall be the rate determined pursuant to the "SOFR Index Unavailable Provisions" described below, or (ii) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to

SOFR, then Compounded SOFR shall be the rate determined pursuant to the "Effect of Benchmark Transition Event" provisions described below.

"**SOFR**" means the daily secured overnight financing rate as provided by the SOFR Administrator on the SOFR Administrator's Website.

"**SOFR Administrator**" means the Federal Reserve Bank of New York (or a successor administrator of SOFR).

"**SOFR Administrator's Website**" means the website of the Federal Reserve Bank of New York, currently at http://www.newyorkfed.org, or any successor source.

"**U.S. Government Securities Business Day**" means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

Notwithstanding anything to the contrary in the Securities of this series, the Officer's Certificate or the Indenture, if the Company or its designee (which may be an independent financial advisor or any other designee of the Company (any of such entities, a "**Designee**")) determines on or prior to the relevant Reference Time (as defined below) that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to determining Compounded SOFR, then the benchmark replacement provisions set forth below under "Effect of Benchmark Transition Event" will thereafter apply to all determinations of the rate of interest payable on the Securities of this series.

For the avoidance of doubt, in accordance with the benchmark replacement provisions, after a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the Interest Rate for each Interest Period on the Securities of this series will be an annual rate equal to the sum of the Benchmark Replacement and the applicable margin.

SOFR Index Unavailable Provisions. If a SOFR $\text{Index}_{\text{Start}}$ or SOFR $\text{Index}_{\text{End}}$ is not published on the associated Interest Payment Determination Date and a Benchmark Transition Event and its related Benchmark Replacement Date have not occurred with respect to SOFR, "Compounded SOFR" means, for the applicable Interest Period for which such index is not available, the rate of return on a daily compounded interest investment calculated in accordance with the formula for *SOFR Averages*, and definitions required for such formula, published on the SOFR Administrator's Website, currently located at https://www.newyorkfed.org/markets/reference-rates/additional-information-about-reference-rates. For the purposes of this provision, references in the *SOFR Averages* compounding formula and related definitions to "calculation period" shall be replaced with "Observation Period" and the words "that is, 30-, 90-, or 180-calendar days" shall be removed. If SOFR does not so appear for any day "*i*" in the Observation Period, $SOFR_i$ for such day "*i*" shall be SOFR published in respect of the first preceding U.S. Government Securities Business Day for which SOFR was published on the SOFR Administrator's Website.

Absent willful misconduct, bad faith or manifest error, the calculation of the applicable Interest Rate for each Interest Period by the Calculation Agent, or in certain circumstances

described below, by the Company (or its Designee) will be final and binding on the Company, the Trustee, and the Holders of the Securities of this series.

None of the Trustee, Paying Agent, Security Registrar or Calculation Agent shall be under any obligation (i) to monitor, determine or verify the unavailability or cessation of SOFR or the SOFR Index, or whether or when there has occurred, or to give notice to any other transaction party of the occurrence of, any Benchmark Transition Event or related Benchmark Replacement Date, (ii) to select, determine or designate any Benchmark Replacement, or other successor or replacement benchmark index, or whether any conditions to the designation of such a rate or index have been satisfied, (iii) to select, determine or designate any Benchmark Replacement Adjustment (as defined below), or other modifier to any replacement or successor index, or (iv) to determine whether or what Benchmark Replacement Conforming Changes (as defined below) are necessary or advisable, if any, in connection with any of the foregoing. In connection with the foregoing, each of the Trustee, Paying Agent and Registrar and Calculation Agent shall be entitled to conclusively rely on any determinations made by the Company (or its Designee) without independent investigation, and none will have any liability for actions taken at the direction of the Company in connection therewith.

None of the Trustee, Paying Agent, Security Registrar or Calculation Agent shall be liable for any inability, failure or delay on its part to perform any of its duties described in the Securities of this series, the Officer's Certificate or the Indenture as a result of the unavailability of SOFR, the SOFR Index or other applicable Benchmark Replacement, including as a result of any failure, inability, delay, error or inaccuracy on the part of any other transaction party in providing any direction, instruction, notice or information contemplated by the Securities of this series, the Officer's Certificate or the Indenture and reasonably required for the performance of such duties. In connection with any determinations made under the subsection "Effect of Benchmark Transition Event" below, none of the Trustee, Paying Agent, Registrar or Calculation Agent shall be responsible or liable for the actions or omissions of the Company (or its Designee), or for any failure or delay in the performance by the Company (or its Designee), nor shall any of the Trustee, Paying Agent, Registrar or Calculation Agent be under any obligation to oversee or monitor the performance of the Company (or its Designee).

Effect of Benchmark Transition Event.

Benchmark Replacement. If the Company (or its Designee) determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Securities of this series in respect of such determination on such date and all determinations on all subsequent dates.

Benchmark Replacement Conforming Changes. In connection with the implementation of a Benchmark Replacement, the Company (or its Designee) will have the right to make Benchmark Replacement Conforming Changes from time to time.

Decisions and Determinations. Any determination, decision or election that may be made by the Company (or its Designee) pursuant to the benchmark replacement provisions described in

this subsection "Effect of Benchmark Transition Event," including any determination with respect to tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error, will be made in the Company's (or its Designee's) sole discretion, and, notwithstanding anything to the contrary in the Securities of this series, the Officer's Certificate or the Indenture, shall become effective without consent from the holders of the Securities of this series or any other party.

Certain Defined Terms. As used herein, the following terms have the following meanings:

"**Benchmark**" means, initially, Compounded SOFR; *provided* that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published SOFR Index used in the calculation thereof) or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement.

"**Benchmark Replacement**" means the first alternative set forth in the order below that can be determined by the Company (or its Designee) as of the Benchmark Replacement Date:

(1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;

(2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; and

(3) the sum of: (a) the alternate rate of interest that has been selected by the Company (or its Designee) as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

"**Benchmark Replacement Adjustment**" means the first alternative set forth in the order below that can be determined by the Company (or its Designee) as of the Benchmark Replacement Date:

(1) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero), that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

(2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment; and

(3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Company (or its Designee) giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable

Unadjusted Benchmark Replacement for U.S. dollar denominated floating rate notes at such time.

The Benchmark Replacement Adjustment shall not include the Margin specified herein and such Margin shall be applied to the Benchmark Replacement to determine the interest payable on the Securities of this series.

"**Benchmark Replacement Conforming Changes**" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definitions or interpretations of "Interest Period," the timing and frequency of determining rates and making payments of interest, the rounding of amounts or tenors, and other administrative matters) that the Company (or its Designee) decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Company (or its Designee) decides that adoption of any portion of such market practice is not administratively feasible or if the Company (or its Designee) determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Company (or its Designee) determines is reasonably necessary or practicable).

"**Benchmark Replacement Date**" means the earliest to occur of the following events with respect to the then-current Benchmark:

(1) in the case of clause (1) or (2) of the definition of "Benchmark Transition Event," the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or

(2) in the case of clause (3) of the definition of "Benchmark Transition Event," the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

"**Benchmark Transition Event**" means the occurrence of one or more of the following events with respect to the then-current Benchmark:

(1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that such administrator has ceased or will cease to provide the Benchmark, permanently or indefinitely, *provided* that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;

(2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator

for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, *provided* that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or

(3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

"**Business Day**" means any day, other than a Saturday or a Sunday, which is not a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

"**ISDA Definitions**" means the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

"**ISDA Fallback Adjustment**" means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor.

"**ISDA Fallback Rate**" means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

"**Reference Time**" with respect to any determination of the Benchmark means (1) if the Benchmark is Compounded SOFR, the SOFR Index Determination Time, as such time is defined above, and (2) if the Benchmark is not Compounded SOFR, the time determined by the Company (or its Designee) in accordance with the Benchmark Replacement Conforming Changes.

"**Relevant Governmental Body**" means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

"**Unadjusted Benchmark Replacement**" means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

Upon payment of the Redemption Price, on and after the Redemption Date interest will cease to accrue on the Securities of this series or portions thereof called for redemption.

and on July 2 of every second year thereafter, through and including July 2, 2071, at 100% of the principal amount of the Securities of this series being repaid, *plus*, in each case, accrued and unpaid interest, if any, on the Securities of this series being repaid, to but excluding the Repayment Date.

In order for a Security of this series to be repaid at the option of a Holder, the Trustee must receive, at least thirty (30) but not more than sixty (60) days before the Repayment Date,

(1) the Security of this series with the form entitled "Option to Elect Repayment" on the reverse of the Security of this series duly completed or

(2) an electronic transmission or a letter from a member of a national securities exchange or a member of the Financial Industry Regulatory Authority, Inc. or a commercial bank or trust company in the United States which must set forth:

- the name of the Holder of the Security of this series;
- the principal amount of the Security of this series;
- the principal amount of the Security of this series to be repaid;
- the certificate number or a description of the tenor and terms of the Security of this series; and
- a statement that the option to elect repayment is being exercised and a guarantee that the Security of this series to be repaid, together with the duly completed form entitled "Option to Elect Repayment" on the reverse of the

Security of this series, will be received by the Trustee not later than the fifth Business Day after the date of that electronic transmission or letter.

The repayment option may be exercised by the Holder of a Security of this series for less than the entire principal amount of the Security of this series but, in that event, the principal amount of the Security of this series remaining Outstanding after repayment must be in an authorized denomination.

Conditional Right to Shorten Maturity.

If a Tax Event (as defined below) occurs, the Company will have the right to shorten the Maturity (as defined below) of the Securities of this series to a new date (the "**New Maturity Date**"), without the consent of the Holders of the Securities of this series,

- to the minimum extent required, in the opinion of nationally recognized independent tax counsel, so that, after shortening the Maturity, interest paid on the Securities of this series will be deductible for United States federal income tax purposes or

- if that counsel cannot opine definitively as to such a minimum period, the minimum extent so required to maintain the Company's interest deduction,

in each case, to the extent deductible under current law, as determined in good faith by the Board of Directors, after receipt of an opinion of that counsel regarding the applicable legal standards. In that case, the amount payable on the Securities of this series on the New Maturity Date will be equal to 100% of the principal amount of the Securities of this series *plus* accrued and unpaid interest, if any, on the Securities of this series to but excluding the New Maturity Date. If the Company elects to exercise its right to shorten the Maturity of the Securities of this series when a Tax Event occurs, the Company will give notice to each Holder of Securities of this series not more than sixty (60) days after the occurrence of the Tax Event, stating the New Maturity Date of the Securities of this series. As used herein, the term "**Maturity**" means the Stated Maturity Date or the New Maturity Date, as the case may be.

"**Tax Event**" means that the Company shall have received an opinion of nationally recognized independent tax counsel to the effect that, as a result of:

- any amendment to, clarification of, or change (including any announced prospective amendment, clarification or change) in any law, or any regulation thereunder, of the United States;

- any judicial decision, official administrative pronouncement, ruling, regulatory procedure, regulation, notice or announcement, including any notice or announcement of intent to adopt or promulgate any ruling, regulatory procedure or regulation (any of the foregoing, an "**administrative or judicial action**"); or

- any amendment to, clarification of, or change in any official position with respect to, or any interpretation of, an administrative or judicial action or a law or

regulation of the United States that differs from the previously generally accepted position or interpretation,

in each case, occurring on or after June 27, 2024, there is more than an insubstantial increase in the risk that interest paid by the Company on the Securities of this series is not, or will not be, deductible, in whole or in part, by the Company for United States federal income tax purposes.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay

the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

The Securities of this series are issuable only in registered form without coupons in minimum denominations of $1,000 and integral multiples thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

The Daily Interest Rate for a day that is not a Business Day shall be the same as the Daily Interest Rate for the immediately preceding Business Day. If, for any reason, the Daily Interest Rate cannot be determined for any Business Day by the relevant Remarketing Agent as hereinbefore provided, then (1) the Daily Interest Rate for such day shall be the same as the Daily Interest Rate for the immediately preceding day if the Daily Interest Rate for such preceding day was determined by the relevant Remarketing Agent or (2) if no Daily Interest Rate for the immediately preceding day was determined by the relevant Remarketing Agent or if the Daily Interest Rate determined by the relevant Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the interest rate for such day shall be equal to 100% of the SIFMA Index, made available for such day, or if such index is no longer available, or no such index was so made available for such day, 70% of the interest rate on 30-day high grade unsecured commercial paper notes sold through dealers by major corporations as reported in *The Wall Street Journal* or *The Bond Buyer* on the day the Daily Interest Rate would otherwise be determined as provided herein for such Daily Interest Rate Period.

(ii) Adjustment to Daily Interest Rate. Business Day after receipt by the Trustee of such direction, (2) in the case of an adjustment from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which the Bonds would otherwise be subject to optional redemption pursuant to Section 301(c)(ii) hereof if such adjustment did not occur, and (3) in the case of an adjustment from a Commercial Paper Interest Rate Period, either the day immediately following the last day of the Commercial Paper Interest Rate Period or, as to any Bond, the day immediately following the last day of the Commercial Paper Term then in effect (or to be in effect) with respect to that Bond, and (C) the name and Principal Office of the relevant Remarketing Agent while the Bonds bear interest at the Daily Interest Rate. In addition, the direction shall be accompanied by a Favorable Opinion of Bond Counsel unless the then-current Interest Rate Period is a Weekly Interest Rate Period or a Commercial Paper Interest Rate Period. The Weekly Interest Rate shall be the rate of interest per annum determined by the relevant Remarketing Agent (based on the examination of tax-exempt obligations comparable to such Bonds known by the relevant Remarketing Agent to have been priced or traded under then-prevailing market conditions) to be the minimum

interest rate which, if borne by such Bonds, would enable the relevant Remarketing Agent to sell such Bonds on such Business Day at a price (without regard to accrued interest) equal to the principal amount thereof. If, for any reason, the Weekly Interest Rate cannot be determined for any week by the relevant Remarketing Agent as hereinbefore provided, then (A) the Weekly Interest Rate for such week shall be the same as the Weekly Interest Rate for the immediately preceding week if the Weekly Interest Rate for such immediately preceding week was determined by the relevant Remarketing Agent or (B) if no Weekly Interest Rate for the immediately preceding week was determined by the relevant Remarketing Agent or if the Weekly Interest Rate determined by the relevant Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the Weekly Interest Rate for such week shall be equal to 100% of the SIFMA Index, made available for the week preceding the date of determination, or if such index is no longer available, or no such index was made available for the week preceding the date of determination, 70% of the interest rate on 30-day high grade unsecured commercial paper notes sold through dealers by major corporations as reported in *The Wall Street Journal* or *The Bond Buyer* on the day such Weekly Interest Rate would otherwise be determined as provided herein for such Weekly Interest Rate Period.

(ii) Adjustment to Weekly Interest Rate. At any time, the Borrower, by written direction to the Issuer, the Trustee, the Registrar, the Tender Agent and the relevant Remarketing Agent, may elect that any series of the Bonds shall bear interest at a Weekly Interest Rate. Such direction shall specify (A) the particular series of Bonds affected by the adjustment, (B) the effective date of such adjustment to a Weekly Interest Rate, which shall be (1) a Business Day not earlier than the 15th day (or if the then-current Interest Rate Period shall be a Long-Term Interest Rate Period and such Long-Term Interest Rate Period shall end on a day prior to the day originally established as the last day thereof, not earlier than the 30th day) following the second Business Day after receipt by the Trustee of such direction, (2) in the case of an adjustment from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which such Bonds would otherwise be subject to optional redemption pursuant to Section 301(c)(ii) hereof if such adjustment did not occur, and (3) in the case of an adjustment from a Commercial Paper Interest Rate Period, either the day immediately following the last day of the Commercial Paper Interest Rate Period or, as to any Bond, the day immediately following the last day of the Commercial Paper Term then in effect (or to be in effect) with respect to that Bond, and (C) the name and Principal Office of the relevant Remarketing Agent while such Bonds bear interest at the Weekly Interest Rate. In addition, the direction shall be accompanied by a Favorable Opinion of Bond Counsel unless the then-current Interest Rate Period is a Daily Interest Rate Period or a

Commercial Paper Interest Rate Period. During each Weekly Interest Rate Period commencing on a date so specified and ending on the day immediately preceding the effective date of the next succeeding Interest Rate Period, the interest rate borne by such Bonds shall be a Weekly Interest Rate.

The Long-Term Interest Rate shall be the rate of interest per annum determined by the relevant Remarketing Agent (based on the examination of tax-exempt obligations comparable to such Bonds known by the relevant Remarketing Agent to have been priced or traded under then-prevailing market conditions) to be the minimum interest rate which, if borne by such Bonds, would enable the relevant Remarketing Agent to sell such Bonds on such effective date at a price (without regard to accrued interest) equal to the principal amount thereof. (A) At any time, the Borrower, by written direction to the Issuer, the Trustee, the Registrar, the Tender Agent and the then-current relevant Remarketing Agent may elect that the Bonds shall bear interest at a Long-Term Interest Rate or Rates. As a part of such election, the Borrower also may determine that the initial Long-Term Interest Rate Period shall be followed by successive Long-Term Interest Rate Periods. Such direction shall specify (1) the particular series of Bonds affected by the adjustment; (2) the effective date of each such Long-Term Interest Rate Period, which date shall be (a) a Business Day not earlier than the 15th day (or if the then-current Interest Rate Period shall be a Long-Term Interest Rate Period and such Long-Term Interest Rate Period shall end on a day prior to the day originally established as the last day thereof, not earlier than the 30th day) following the second Business Day after receipt by the Trustee of such direction, (b) in the case of an adjustment from a Long-Term Interest Rate Period to another Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which the Bonds would otherwise be subject to optional redemption pursuant to Section 301(c)(ii) hereof if such adjustment did not occur, (c) in the case of the determination of successive Long-Term Interest Rate Periods, the day immediately following the last day of the immediately preceding Long-Term Interest Rate Period and (d) in the case of an adjustment from a Commercial Paper Interest Rate Period, the date or dates determined in accordance with Alternatives (I) or (II) set forth in Section 201(g)(iv) hereof (provided, that if prior to the Borrower's making such election, any Bonds shall have been called for redemption and such redemption shall not have theretofore been effected, the effective date of such Long-Term Interest Rate Period shall not precede such redemption date); (3) the duration of such Long-Term Interest Rate Period or, if successive Long-Term Interest Rate Periods shall have been designated, of each such Long-Term Interest Rate Period, in accordance with Section 201(f)(iii) hereof; (4) a date or dates on or prior to which Owners are required to deliver such Bonds to be purchased (if other than the effective date); (5) with respect to any such Long-Term Interest Rate Period, may specify redemption prices greater or lesser, and after periods longer or shorter, than those set forth in Section 301(c)(ii) hereof; and (6) state the name and Principal Office of the relevant Remarketing Agent while such Bonds bear interest at the Long-Term Interest Rate or Rates; provided, however, that in lieu of including the information to be provided pursuant to clauses (3) and (5) above in such direction, such information may be provided in a supplemental written direction of the Borrower at any time prior to the effective date if accompanied by a Favorable Opinion of Bond Counsel. The foregoing notwithstanding, the Borrower, by written direction to the Issuer, the Trustee, the Registrar, the Tender Agent and the relevant Remarketing

Agent may rescind its decision that such Bonds shall bear interest at a Long-Term Interest Rate or Rates provided that notice of such rescission is sent to the Trustee and the relevant Remarketing Agent not less than one day prior to the effective date of such Long-Term Interest Rate Period in which case such Bonds will remain in the then-current Interest Rate Period; provided, however, that notwithstanding such rescission such Bonds shall still be subject to mandatory purchase as described in Section 202(d) hereof.

(B) Unless the Long-Term Interest Rate Period or Periods so determined are part of a series of successive Long-Term Interest Rate Periods which, together with the then-current Long-Term Interest Rate Period, shall be equal in length, as nearly as possible taking into account the requirements of this Section 201(f)(ii), such notice shall be accompanied by a Favorable Opinion of Bond Counsel. In any event, a Favorable Opinion of Bond Counsel shall be required prior to adjustment from a Long-Term Interest Rate Period of a duration in excess of one year to a Long-Term Interest Rate Period of a duration of exactly one year. If the Borrower shall designate successive Long-Term Interest Rate Periods, but shall not, with respect to the second or any subsequent Long-Term Interest Rate Period, specify any of the information described in clauses (4), (5) or (6) of Section 201(f)(ii)(A) above, the Borrower, by written direction to the Issuer, the Trustee, the Tender Agent and the relevant Remarketing Agent, given not later than the third Business Day preceding the 15th day prior to the first day of such Long-Term Interest Rate Period, may specify any of such information not previously specified with respect to such Long-Term Interest Rate Period, accompanied by a Favorable Opinion of Bond Counsel if such opinion was required pursuant to the provisions above at the time of the determination of the initial Long-Term Interest Rate Period. During the Long-Term Interest Rate Period commencing and ending on the dates so determined and during each successive Long-Term Interest Rate Period, if any, so determined, the interest rate borne by the Bonds shall be a Long-Term Interest Rate.

(C) If, in connection with the expiration of any Long-Term Interest Rate Period (other than one of a succession of Long-Term Interest Rate Periods of equal duration, determined as aforesaid), by the Business Day preceding the date on which the Registrar must mail notice to the Owners of an adjustment of Interest Rate Period pursuant to Section 201(f)(iv) hereof, the Trustee shall not have received notice of the Borrower's election that, during the next succeeding Interest Rate Period, the relevant Bonds shall bear interest at a Daily Interest Rate, a Weekly Interest Rate or a Long-Term Interest Rate, or at Commercial Paper Term Rates, the next succeeding Interest Rate Period shall be (1) if the Long-Term Interest Rate Period to expire is longer than one year in duration, a Weekly Interest Rate Period, in which case no Favorable Opinion of Bond Counsel need be delivered or (2) if the Long-Term Interest Rate Period to expire is one year in duration, a Daily Interest Rate Period, in which case no Favorable Opinion of Bond Counsel need be delivered.

(iii) Selection of Long-Term Interest Rate Period. The Long-Term Interest Rate Period shall be established by the Borrower in the notice given pursuant to Section 201(f)(ii) hereof (the first such Long-Term Interest Rate Period commencing on the date of adjustment of the Bonds to the Long-Term Interest Rate) and thereafter each successive Long-Term Interest Rate Period shall be the same as that so established by the Borrower until a different Long-Term Interest Rate Period is specified by the Borrower in accordance with this Section or until the adjustment of the relevant Bonds to a Daily, Weekly or Commercial Paper Interest Rate Period or the Maturity Date. Each Long-Term Interest Rate Period shall be at least one year in duration and shall end on the day next preceding an Interest Payment Date (which must be a Business Day).

(iv) Notice of Adjustment to Long-Term Interest Rate. The Registrar shall give notice by first-class mail of an adjustment to a Long-Term Interest Rate Period to the Owners of the applicable series of Bonds not less than 15 days (unless the then-current Interest Rate Period shall be a Long-Term Interest Rate Period and such Long-Term Interest Rate Period shall end on a day prior to the day originally established as the last day thereof, in which case not less than 30 days) prior to the effective date (or each effective date in the case of an adjustment from a Commercial Paper Interest Rate Period in accordance with Alternative (II) set forth in Section 201(g)(iv) hereof) of such Long-Term Interest Rate Period. The Borrower shall cause the form of such notice to be provided to the Registrar. Such notice shall state: (A) that the interest rate on the relevant Bonds shall be adjusted to a Long-Term Interest Rate, (B) the effective date or dates and the last day of such Long-Term Interest Rate Period, (C) that the relevant Bonds are subject to mandatory tender for purchase on such effective date, (D) the procedures of such purchase, and (E) that, although the adjustment to a Long-Term Interest Rate is subject to rescission by the Borrower, the relevant Bonds remain subject to purchase.

(v) Adjustment from Long-Term Interest Rate Period. In addition to an adjustment from a Long-Term Interest Rate Period on the day immediately following the last day of the Long-Term Interest Rate Period, at any time during a Long-Term Interest Rate Period (subject to the provisions set forth in this paragraph (v)) the Borrower may elect that any series of the Bonds no longer shall bear interest at a Long-Term Interest Rate and shall instead bear interest at a Daily Interest Rate, a Weekly Interest Rate, Commercial Paper Term Rates or a new Long-Term Interest Rate, as specified in such election. In the notice of such election, the Borrower shall also specify (A) the particular series of Bonds affected by such adjustment, (B) the effective date of the new Interest Rate Period, which date shall be no

earlier than the first date, not less than thirty-five days following the date of receipt by the Trustee of the notice of election from the Borrower, on which the Bonds shall be subject to optional redemption in accordance with Section 301(c)(ii) hereof, and (C) the name and Principal Office of the relevant Remarketing Agent while such Bonds bear interest based on such new interest rate determination method. Bonds shall be subject to mandatory tender for purchase on the effective date of the new Interest Rate Period thereof, in accordance with Section 202(d) hereof, at a purchase price equal to the optional redemption price set forth in Section 301(c)(ii) hereof which would be applicable on that date. Notwithstanding any other provision of this Indenture, in the event that the Borrower elects to adjust from a Long-Term Interest Rate Period prior to the day following the last day thereof, the Registrar shall give the notice of adjustment to the new Interest Rate Period required by Sections 201(d)(iii), (e)(iii), (f)(iv) and (g)(iii), as applicable, not less than 30 days prior to the effective date of the new Interest Rate Period.

(g) (i) Determination of Commercial Paper Terms and Commercial Paper Term Rates. (A) During each Commercial Paper Interest Rate Period, the relevant series of the Bonds shall bear interest during each Commercial Paper Term for such Bond at the Commercial Paper Term Rate for such Bond. Each of such Commercial Paper Terms and Commercial Paper Term Rates for the relevant Bond shall be determined by the relevant Remarketing Agent no later than the first day of each Commercial Paper Term. Each Commercial Paper Term for the Bond shall be a period of not less than one nor more than 270 days, determined by the relevant Remarketing Agent to be the period which, together with all other Commercial Paper Terms for all Bonds then Outstanding, will result in the lowest overall interest expense on such Bonds over such period. Further, each Commercial Paper Term shall end on either a day which immediately precedes a Business Day or on the day immediately preceding the Maturity Date. If, for any reason, a Commercial Paper Term for any Bond cannot be so determined by the relevant Remarketing Agent, it will extend by one Business Day (or until the earlier stated maturity of the Bonds) automatically until the relevant Remarketing Agent is able to set the rate and, if in that instance the relevant Remarketing Agent fails for whatever reason to determine the interest rate for such Bond, then the interest rate for such Bond for that Commercial Paper Interest Rate Period shall be the interest rate in effect for the preceding Commercial Paper Interest Rate Period. In determining the number of days in each Commercial Paper Term, the relevant Remarketing Agent shall take into account the following factors: (1) existing short-term tax-exempt market rates and indices of such short-term rates, (2) the existing market supply and demand for short-term tax-exempt securities, (3) existing yield curves for short-term and long-term tax-exempt securities for obligations of credit quality comparable to such Bonds, (4) general economic conditions, (5) industry economic and financial

conditions that may affect or be relevant to such Bonds, and (6) such other facts, circumstances and conditions as the relevant Remarketing Agent, in its sole discretion, shall determine to be relevant. Not later than 12:30 p.m., New York City time, on the first day of each Commercial Paper Term the relevant Remarketing Agent shall notify the Tender Agent of each Commercial Paper Term and Commercial Paper Term Rate established on such day.

(B) The Commercial Paper Term Rate for each Commercial Paper Term for each Bond shall be the rate of interest per annum determined by the relevant Remarketing Agent (based on the examination of tax-exempt obligations comparable to the Bonds known by the relevant Remarketing Agent to have been priced or traded under then-prevailing market conditions) to be the minimum interest rate which, if borne by such Bond, would enable the relevant Remarketing Agent to sell such Bond on the date and at the time of such determination at a price (without regard to accrued interest) equal to the principal amount thereof.

(ii) Adjustment to Commercial Paper Term Rates. At any time, the Borrower, by written direction to the Issuer, the Trustee, the Registrar, the Tender Agent and the relevant Remarketing Agent, may elect that any series of the Bonds shall bear interest at Commercial Paper Term Rates. Such direction shall specify (A) the particular series of Bonds affected by the adjustment; (B) the effective date of the Commercial Paper Interest Rate Period (during which such Bonds shall bear interest at Commercial Paper Term Rates), which shall be (1) a Business Day not earlier than the 15th day (or if the then-current Interest Rate Period shall be a Long-Term Interest Rate Period and such Long-Term Interest Rate Period shall end on a day prior to the day originally established as the last day thereof, not earlier than the 30th day) following the second Business Day after receipt by the Trustee of such direction, and (2) in the case of an adjustment from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which such Bonds would otherwise be subject to optional redemption pursuant to Section 301(c)(ii) hereof if such adjustment did not occur; provided that, if prior to the Borrower's making such election any Bonds shall have been called for redemption and such redemption shall not have theretofore been effected, the effective date of such Commercial Paper Interest Rate Period shall not precede such redemption date; and (C) the name and Principal Office of the relevant Remarketing Agent while the Bonds bear interest at the Commercial Paper Term Rates. In addition, the direction shall be accompanied by a Favorable Opinion of Bond Counsel unless the then-current Interest Rate Period is a Daily Interest Rate Period or a Weekly Interest Rate Period. During each Commercial Paper Interest Rate Period commencing on the date so specified and ending, with respect to each applicable Bond, on the day

immediately preceding the effective date of the next succeeding Interest Rate Period with respect to such Bond, each such Bond shall bear interest at a Commercial Paper Term Rate during each Commercial Paper Term for such Bond.

(iii) Notice of Adjustment to Commercial Paper Term Rates. The Registrar shall give notice by first-class mail of an adjustment to a Commercial Paper Interest Rate Period to Owners of the applicable series of Bonds not less than 15 days (unless the then-current Interest Rate Period shall be a Long-Term Interest Rate Period and such Long-Term Interest Rate Period shall end on a day prior to the day originally established as the last day thereof, in which case not less than 30 days) prior to the effective date of such Commercial Paper Interest Rate Period. The Borrower shall cause the form of such notice to be provided to the Registrar. Such notice shall state (A) that during such Commercial Paper Interest Rate Period, the relevant Bond will have one or more consecutive Commercial Paper Terms during each of which such Bond will bear a Commercial Paper Term Rate, (B) the effective date of such Commercial Paper Interest Rate Period, (C) that the Bonds are subject to mandatory tender for purchase on the effective date of such Commercial Paper Interest Rate Period, setting forth the applicable purchase price, and (D) the procedures for such purchase.

(iv) Adjustment from Commercial Paper Interest Rate Period. At any time during a Commercial Paper Interest Rate Period, the Borrower may elect, pursuant to Section 201(d)(ii), (e)(ii) or (f)(ii) hereof, that any series of the Bonds no longer shall bear interest at Commercial Paper Term Rates and shall instead bear interest at a Daily Interest Rate, a Weekly Interest Rate or a Long-Term Interest Rate, as specified in such election. Such election also shall specify (A) the particular series of Bonds affected by such adjustment and (B) an alternative from the immediately succeeding Alternatives (I) and (II) and, in accordance with such election, the relevant Remarketing Agent shall effect one of such alternatives:

Alternative (I): determine Commercial Paper Terms of such duration that, as soon as possible, all Commercial Paper Terms shall end on the same date; or Alternative (II): determine Commercial Paper Terms of such duration that will, in the judgment of the relevant Remarketing Agent, best promote an orderly transition to the next succeeding Interest Rate Period.

If Alternative (I) above shall be selected, the date on which all Commercial Paper Terms so determined shall end shall be the last day of the then-current Commercial Paper Interest Rate Period and the day next succeeding such date shall be the effective date of the Daily Interest Rate Period, Weekly Interest Rate Period or Long-Term Interest Rate Period elected by the Borrower. If Alternative (II)

above shall be selected, beginning on the 14th day following the second Business Day after the receipt by the Trustee of the direction of the Borrower effecting such election, the day next succeeding the last day of the Commercial Paper Term determined in accordance with Alternative (II) with respect to each Bond shall be, with respect to such Bond, the effective date of the Daily Interest Rate Period, Weekly Interest Rate Period or Long-Term Interest Rate Period elected by the Borrower. The applicable Remarketing Agent, promptly upon the determination thereof, shall give written notice of each such last date and each such effective date with respect to each Bond to the Issuer, the Borrower, the Trustee and the Tender Agent.

(v) During any transition period from a Commercial Paper Interest Rate Period to the next succeeding Interest Rate Period in accordance with Alternative (II) of Section 201(g)(iv) hereof, Bonds bearing interest at a Commercial Paper Term Rate shall be governed by the provisions of this Indenture applicable to a Commercial Paper Interest Rate Period and Bonds bearing interest at a Daily Interest Rate, Weekly Interest Rate or Long-Term Interest Rate, as applicable, shall be governed by the provisions of this Indenture applicable to such Interest Rate Period.

(h) The determination of the Alternate Long-Term Interest Rate Index and the determination of each Daily Interest Rate, Weekly Interest Rate and Long-Term Interest Rate and each Commercial Paper Term and Commercial Paper Term Rate by the relevant Remarketing Agent shall be conclusive and binding upon the relevant Remarketing Agent, the Trustee, the Tender Agent, the Issuer, the Borrower, and the Owners of the Bonds.

(i) The Series 2024A Bonds shall be numbered from AR-1 consecutively upwards in order of authentication. The Series 2024B Bonds shall be numbered from BR-1 consecutively upwards in order of authentication.

(j) Notwithstanding anything to the contrary contained in this Indenture, the Borrower may at any time, by written direction of an Authorized Borrower Representative to the Issuer, the Trustee, the Registrar, the Tender Agent and the relevant Remarketing Agent, elect that the Bonds shall bear interest based on an alternate interest rate determination method not included under the provisions of this Indenture. Such direction shall set forth in full the particular series of Bonds affected by such election, the details of such interest rate determination method, including (without limitation) the manner of determining interest rates, the effective date of adjustment, the term of the interest rate period, the interest payment dates, the provisions for tender for purchase and redemption, if any, and the name and Principal Office of the relevant Remarketing Agent while such Bonds bear interest based on such interest rate determination method, and shall include the form of Bonds incorporating such details; provided, however, that the effective date of such

adjustment shall be (i) a Business Day not earlier than the 15th day (or if the then-current Interest Rate Period shall be a Long-Term Interest Rate Period and such Long-Term Interest Rate Period shall end on a day prior to the day originally established as the last day thereof, not earlier than the 30th day) following the second Business Day after receipt by the Trustee of such direction, (ii) in the case of an adjustment from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which the Bonds would otherwise be subject to optional redemption pursuant to Section 301(c)(ii) hereof if such adjustment did not occur, and (iii) in the case of an adjustment from a Commercial Paper Interest Rate Period, either the day immediately following the last day of the Commercial Paper Interest Rate Period or, as to any Bond, the day immediately following the last day of the Commercial Paper Interest Term then in effect (or to be in effect) with respect to that Bond. In addition, the direction shall be accompanied by a Favorable Opinion of Bond Counsel. The Issuer, the Trustee, the Registrar, the Tender Agent, the relevant Remarketing Agent and the Borrower shall take such actions and enter into such documents, and the Borrower shall appoint such additional parties, as may be necessary to effectuate such direction.

SECTION 202 PURCHASE OF BONDS.

(a) During Daily Interest Rate Period. During any Daily Interest Rate Period, any Bond or portion thereof in an Authorized Denomination shall be purchased from its Owner at the option of the Owner on any Business Day at a purchase price equal to the principal amount thereof plus accrued interest from the Interest Accrual Date immediately preceding the date of purchase through the day immediately preceding the date of purchase, unless the date of purchase shall be an Interest Accrual Date, in which case at a purchase price equal to the principal amount thereof, payable in immediately available funds, upon delivery to the Tender Agent at its Principal Office, by no later than 11:00 a.m., New York City time, on such Business Day, of an irrevocable written notice or an irrevocable telephonic notice, promptly confirmed by telecopy or other writing, which states the particular series of Bonds to be tendered, the principal amount of such Bond or such portion thereof and the date of purchase. For payment of such purchase price on the date specified in such notice, such Bond must be delivered, at or prior to 12:00 noon, New York City time, on such Business Day, to the Tender Agent at its Principal Office, accompanied by an instrument of transfer thereof, in form satisfactory to the Tender Agent, executed in blank by the Owner thereof or his duly-authorized attorney, with such signature guaranteed by an "eligible guarantor institution" as defined in Rule 17Ad-15 under the Securities Exchange Act of 1934 (an "Eligible Guarantor Institution"). Notwithstanding the foregoing, during any period when the Bonds are registered in the name of Cede & Co. or such other nominee of DTC as DTC shall designate and held by DTC in its book-entry system, the optional tender

of Bonds shall be accomplished in accordance with the Letter of Representations with DTC with respect to the Bonds and a tender of such Bonds must be initiated by the delivery of a notice to the Tender Agent in the form set forth as EXHIBIT B hereto.

(b) During Weekly Interest Rate Period. During any Weekly Interest Rate Period, any Bond or portion thereof in an Authorized Denomination shall be purchased from its Owner at the option of the Owner on any Business Day at a purchase price equal to the principal amount thereof plus accrued interest, if any, from the Interest Accrual Date immediately preceding the date of purchase through the day immediately preceding the date of purchase, unless the date of purchase shall be an Interest Accrual Date in which case at a purchase price equal to the principal amount thereof, payable in immediately available funds, upon delivery to the Tender Agent at its Principal Office of an irrevocable written notice or an irrevocable telephonic notice, promptly confirmed by telecopy or other writing, which states the particular series of Bonds to be tendered, the principal amount of such Bond or such portion thereof and the date on which the same shall be purchased, which date shall be a Business Day not prior to the seventh day next succeeding the date of the delivery of such notice to the Tender Agent. For payment of such purchase price on the date specified in such notice, such Bond must be delivered, at or prior to 12:00 noon, New York City time, on the date specified in such notice, to the Tender Agent at its Principal Office, accompanied by an instrument of transfer thereof, in form satisfactory to the Tender Agent, executed in blank by the Owner thereof or his duly-authorized attorney, with such signature guaranteed by an Eligible Guarantor Institution. Notwithstanding the foregoing, during any period when the Bonds are registered in the name of Cede & Co. or such other nominee of DTC as DTC shall designate and held by DTC in its book-entry system, the optional tender of Bonds shall be accomplished in accordance with the Letter of Representations with DTC with respect to the Bonds and a tender of such Bonds must be initiated by the delivery of a notice to the Tender Agent in the form set forth as EXHIBIT B hereto.

(c) Mandatory Tender for Purchase On Business Day Next Succeeding the Last Day of Each Commercial Paper Term. On the Business Day next succeeding the last day of each Commercial Paper Term for a Bond, unless such day is the first day of a new Interest Rate Period (in which event Section 202(d) hereof shall be applicable), such Bond shall be purchased from its Owner at a purchase price equal to the principal amount thereof, payable in immediately available funds. For payment of such purchase price on such day, such Bond must be delivered, at or prior to 12:30 p.m., New York City time, on such day, to the Tender Agent at its Principal Office, accompanied by an instrument of transfer thereof, in form satisfactory to the Tender Agent, executed in blank by the Owner thereof or his duly-authorized attorney, with such signature guaranteed by an

Eligible Guarantor Institution. Notwithstanding the foregoing, during any period when the Bonds are registered in the name of Cede & Co. or such other nominee of DTC as DTC shall designate and held by DTC in its book-entry system, the optional tender of Bonds shall be accomplished in accordance with the Letter of Representations with DTC with respect to the Bonds and a tender of such Bonds must be initiated by the delivery of a notice to the Tender Agent in the form set forth as EXHIBIT B hereto.

(d) Mandatory Tender for Purchase on First Day of Each Interest Rate Period. The Bonds shall be subject to mandatory tender for purchase on the first day of each Interest Rate Period, at a purchase price, payable in immediately available funds, equal to 100% of the principal amount of the Bonds or, in the case of a purchase on the first day of an Interest Rate Period which shall be preceded by a Long-Term Interest Rate Period and which shall commence prior to the day originally established as the last day of such preceding Long-Term Interest Rate Period, at a purchase price equal to the optional redemption price set forth in Section 301(c)(ii) which would have been applicable to the Bonds on such mandatory purchase date if such preceding Long-Term Interest Rate Period had continued to the day originally established as its last day.

(e) Notice of Mandatory Tender for Purchase. In connection with any mandatory tender for purchase of Bonds in accordance with Section 202(d) hereof, the Registrar shall give notice as a part of the notice given pursuant to Sections 201(d)(iii), (e)(iii), (f)(iv) or (g)(iii) hereof. Such notice shall state (i) the particular series of Bonds to be tendered, (ii) the type of Interest Rate Period to commence on such mandatory purchase date; (iii) that the purchase price of any Bond so subject to mandatory purchase shall be payable only upon surrender of such Bond to the Tender Agent at its Principal Office, accompanied by an instrument of transfer thereof, in form satisfactory to the Tender Agent, executed in blank by the Owner thereof or his duly-authorized attorney, with such signature guaranteed by an Eligible Guarantor Institution; and (iv) that all Bonds so subject to mandatory tender for purchase shall be purchased on the mandatory purchase date.

(f) Irrevocable Notice Deemed to be Tender of Bond; Undelivered Bonds. (i) The giving of notice by an Owner of a Bond as provided in Sections 202(a) or (b) hereof shall constitute the irrevocable tender for purchase of each Bond with respect to which such notice shall have been given irrespective of whether such Bond shall be delivered as provided in such Section, except that Bonds held at DTC and for which an optional tender has been made by delivery of the notice set forth as EXHIBIT B hereto shall not be purchased unless such Bonds are transferred to the name of the Tender Agent in DTC's book-entry-only system on the tender date as provided in such notice. Further, each Bond shall be deemed irrevocably tendered for purchase on the first day of each Commercial Paper Term or Interest

Rate Period as provided in Sections 202(c) or (d) hereof, in each case irrespective of whether such Bond shall be delivered as provided in this Section.

(ii) The Tender Agent may refuse to accept delivery of any Bonds for which a proper instrument of transfer has not been provided. In the event that any Owner of a Bond who shall have given notice of tender for purchase pursuant to Sections 202(a) or (b) hereof, or the Owner of any Bond subject to mandatory tender for purchase pursuant to Section 202(c) or (d) hereof, shall fail to deliver such Bond to the Tender Agent at the place and on the applicable date and time specified, or shall fail to deliver such Bond properly endorsed, such Bond shall constitute an Undelivered Bond. If funds in the amount of the purchase price of the Undelivered Bond are available for payment to the Owner thereof on the date and at the time specified, from and after the date and time of that required delivery, (A) the Undelivered Bond shall no longer be deemed to be Outstanding under this Indenture; (B) interest shall no longer accrue thereon; and (C) funds in the amount of the purchase price of the Undelivered Bond shall be held by the Tender Agent for the benefit of the Owner thereof (provided that the Owner shall have no right to any investment proceeds derived from such funds), to be paid on delivery (or proper endorsement) of the Undelivered Bond to the Tender Agent. Any funds held by the Tender Agent as described in clause (C) of the preceding sentence shall be held uninvested.

SECTION 203 EXECUTION AND PAYMENT. The Bonds shall be executed on behalf of the Issuer with the manual or facsimile signatures of the Chairman and attested by the Secretary, and the official seal of the Issuer shall be impressed or a facsimile thereof imprinted thereon.

In case any officer whose signature or facsimile signature shall appear on any Bonds shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until such delivery, and also any Bond may be signed by or bear the facsimile signature of such persons as at the actual time of the execution of such Bond shall be the proper officers to sign such Bond although at the date of such Bond such persons may not have been such officers.

Principal or redemption price of and interest on the Bonds shall be payable, without deduction for the services of any paying agent, in any coin or currency of the United States of America which, at the time of payment, is legal tender for the payment of public and private debts, subject to the further provisions of this Section, (a) in the case of principal or redemption price of such Bond, when due, upon presentation and surrender of such Bond at the Principal Office of the Trustee or at the office, designated by the Trustee, of any other paying agent and (b) in the case of interest on such Bond, on each Interest Payment Date by check mailed on that date to the address of the person entitled thereto, as of the

applicable Record Date, as such address appears on the registration books of the Issuer hereinafter provided or, except for interest in respect of a Long-Term Interest Rate Period, upon the request of each Owner of Bonds who has provided deposit or transfer instructions to the Paying Agent at least two Business Days prior to such Record Date, deposited in immediately available funds to the account of such Owner maintained with the Paying Agent or transmitted by wire transfer to the account of such Owner maintained with a commercial bank located within the United States of America, but, in the case of interest payable in respect of a Commercial Paper Term, only upon delivery of such Bond to the Tender Agent. Notwithstanding the foregoing, payment of principal or redemption price of and interest on the Bonds held under the book-entry system maintained by DTC shall be made in accordance with DTC's procedures.

If and to the extent, however, that payment or provision for payment of interest on any Bond on any Interest Payment Date is not made, that interest shall cease to be payable to the Owner of that Bond as of the applicable Record Date. When moneys become available for payment of the interest, (a) the Trustee shall establish a Special Record Date for the payment of that interest which shall be not more than 15 nor fewer than 10 days prior to the date of the proposed payment, and (b) the Trustee shall give notice by first-class mail of the proposed payment and of the Special Record Date to each Owner not fewer than 10 days prior to the Special Record Date and, thereafter, the interest shall be payable to the Owners of the Bonds as of the Special Record Date at the close of business on the Special Record Date.

Notwithstanding any provision of this Indenture or of any Bond, the Trustee or the Paying Agent may enter into an agreement with any holder of 100% in aggregate principal amount of the Bonds of a series providing for making any or all payments to that holder of principal or redemption price of and interest on that Bond or any part thereof (other than any payment of the entire unpaid principal amount thereof) at a place and in a manner other than as provided in this Indenture and in the Bond, without presentation or surrender of the Bond, and for giving any notice required hereunder, upon any conditions that shall be satisfactory to the Trustee, the Paying Agent and the Borrower; provided that no such agreement with such a holder shall provide for less notice than is otherwise provided for herein.

The Trustee or the Paying Agent, as the case may be, will furnish a copy of each of those agreements, certified to be correct by an officer of the Trustee, to the Borrower. Any payment of principal, redemption price or interest pursuant to such an agreement shall constitute payment thereof pursuant to, and for all purposes of, this Indenture.

SECTION 204 AUTHENTICATION OF BONDS. Only such of the Bonds having endorsed thereon a certificate of authentication substantially in the form set forth in EXHIBIT A hereto, duly executed by the Registrar, shall be entitled to any benefit or security under this Indenture. No Bond shall be valid or obligatory for any purpose unless and until such certificate of authentication shall have been duly executed by the Registrar,

and such certificate of the Registrar upon any such Bond shall be conclusive evidence that such Bond has been duly issued and delivered under this Indenture. The Registrar's certificate of authentication on any Bond shall be deemed to have been duly executed if signed by an authorized signatory of the Registrar, but it shall not be necessary that the same signatory sign the certificate of authentication on all of the Bonds that may be issued hereunder at any one time.

SECTION 205 EXCHANGE OF BONDS. Upon surrender thereof at the Principal Office of the Registrar, Bonds may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds of any denomination or denominations authorized by this Indenture, and bearing interest at the same rate as the Bonds surrendered for exchange.

SECTION 206 TRANSFER OF BONDS. The Tender Agent is hereby appointed as Registrar and as such shall keep books for the registration and for the registration of transfer of Bonds as provided in this Indenture, provided that during a Long-Term Interest Rate Period, the Trustee shall be and is hereby appointed as Registrar, with responsibility for the duties of the Registrar hereunder.

At reasonable times and under reasonable regulations established by the Registrar, the books for the registration and registration of transfer of Bonds may be inspected and copied by the Issuer, the Trustee, the Borrower, or by Owners (or a designated representative thereof) of a majority in principal amount of the Bonds then Outstanding, the authority of any such designated representative to be evidenced to the satisfaction of the Registrar.

The Issuer, the Trustee, the Tender Agent, the Paying Agent and the relevant Remarketing Agent may deem and treat the Owner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest and any premium on, or the purchase price of, such Bond and for all other purposes, and neither the Issuer, the Trustee, the Tender Agent, the Paying Agent nor any Remarketing Agent shall be affected by any notice to the contrary. All such payments so made to any such Owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

The transfer of any Bond may be registered only upon the books kept for the registration and registration of transfer of Bonds upon surrender thereof to the Registrar, together with an assignment duly executed by the registered owner or his attorney or legal representative in such form as shall be satisfactory to the Registrar. Upon any such registration of transfer the Issuer shall execute and the Registrar shall authenticate and deliver in exchange for such Bond a new Bond or Bonds, registered in the name of the transferee, of any denomination or denominations authorized by this Indenture, in an

aggregate principal amount equal to the principal amount of such Bonds and bearing interest at the same rate.

In all cases in which Bonds shall be exchanged or the transfer of Bonds shall be registered hereunder, the Issuer shall execute and the Registrar shall authenticate and deliver at the earliest practicable time Bonds in accordance with the provisions of this Indenture. All Bonds surrendered in any such exchange or registration of transfer shall forthwith be canceled by the Registrar. The Issuer or the Registrar may make a charge for every such exchange or registration of transfer of Bonds sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or registration of transfer, and such charge shall be paid before any such new Bond shall be delivered. Except in connection with the remarketing of Bonds, neither the Issuer nor the Registrar shall be required to make any such exchange or registration of transfer of Bonds, in the case of any proposed redemption of Bonds, during the 15 days immediately preceding the selection of Bonds for such redemption or after any such Bond or any portion thereof has been called for redemption.

In connection with any proposed transfer of Bonds outside the book-entry system maintained by DTC, the Issuer, the Borrower or DTC shall be required to provide or cause to be provided to the Registrar all information that is (i) available to the Issuer, the Borrower or DTC, as applicable, (ii) necessary to allow the Registrar to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code, and (iii) specifically and timely requested in writing by the Registrar. Any transferor shall also provide or cause to be provided to the Registrar all information that is (i) available to such transferor, (ii) necessary to allow the Registrar to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code, and (iii) specifically and timely requested by the Registrar. The Registrar may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

SECTION 207 OWNERSHIP OF BONDS. Except as provided in Section 203 hereof, the person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of and premium, if any, and interest on any such Bond shall be made only to or upon the order of the registered owner thereof or his registered assigns on the applicable Record Date. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond, including the interest thereon, to the extent of the sum or sums so paid.

Any owner of any Bond is hereby granted power to transfer absolute title thereto by assignment thereof to a bona fide purchaser for value (present or antecedent) without notice of prior defenses or equities or claims of ownership enforceable against his assignor or any person in the chain of title and before the maturity of such Bond. Every prior owner of any

Bond shall be deemed to have waived and renounced all of his equities or rights therein in favor of every such bona fide purchaser, and every such bona fide purchaser shall acquire absolute title thereto and to all rights represented thereby.

SECTION 208 PREREQUISITE TO EXECUTION OF BONDS. The Bonds shall be executed substantially in the form and manner herein set forth and shall be deposited with the Registrar for authentication, but prior to or simultaneously with the authentication and delivery of the Bonds by the Registrar there shall be delivered to the Trustee the following:

(a) copies, certified by the Secretary, of the resolutions adopted by the Issuer authorizing the issuance, sale and delivery of the Bonds and the execution and delivery of the Loan Agreement and this Indenture;

(b) executed counterparts or certified copies of the Loan Agreement and this Indenture;

(c) opinions of counsel for the Issuer or Bond Counsel, addressed to the Trustee, to the effect that the execution and delivery of the Loan Agreement have been duly authorized by the Issuer, that the Loan Agreement is in substantially the form so authorized and has been duly executed and delivered by the Issuer and that, assuming proper authorization and the execution and delivery of the Loan Agreement by the Borrower, the Loan Agreement is valid and binding on the Issuer and enforceable against the Issuer in accordance with its terms;

(d) an opinion of counsel for the Borrower, addressed to the Trustee, to the effect that (i) the execution and delivery of the Loan Agreement have been duly authorized by the Borrower, that the Loan Agreement is in substantially the form so authorized and has been duly executed and delivered by the Borrower and that, assuming proper authorization, execution and delivery of the Loan Agreement by the Issuer, the Loan Agreement is valid and binding on the Borrower and enforceable against the Borrower in accordance with its respective terms, and (ii) all approvals of the provisions of this Indenture and the terms and price of the Bonds have been given on behalf of the Borrower by a duly authorized representative of the Borrower;

(e) an opinion of Bond Counsel to the effect that the interest on the Bonds is excluded from gross income of the holders thereof for purposes of federal income taxes under the then existing laws of the United States of America and a reliance letter addressed to the Trustee with respect to such opinion;

(f) an opinion of Bond Counsel, addressed to the Trustee, to the effect that the issuance of the Bonds and the execution of this Indenture have been duly and validly authorized by the Issuer and that all conditions precedent to the delivery

of the Bonds have been fulfilled, and that the Bonds and this Indenture are valid and binding obligations of the Issuer in accordance with their terms;

(g) a request and authorization of the Issuer, signed by the Secretary, to the Registrar to authenticate and deliver the Bonds to such person or persons named therein upon payment to the Trustee for the account of the Issuer of a sum specified therein; and

(h) delivery of tax compliance certificates of the Issuer and the Borrower in form and substance acceptable to Bond Counsel.

When the documents mentioned above in this Section shall have been filed with the Trustee and when the Bonds shall have been executed as required by this Indenture, the Registrar shall authenticate the Bonds and deliver them to or upon the order of the purchasers named in the resolution mentioned in clause (a) of this Section, but only upon payment to the Trustee for the account of the Issuer of the purchase price of the Bonds. The Trustee shall be entitled to rely upon such resolution, or any certificate of award authorized by such resolution, as to the names of the purchasers, the interest rate or rates and periods of the Bonds and the amount of such purchase price.

The balance of the proceeds received from the sale of the Bonds, net underwriters' discount and certain out of pocket expenses of the underwriters for the Bonds, shall be deposited by the Trustee to the credit of the Construction Fund simultaneously with the delivery of the Bonds.

SECTION 209 TEMPORARY BONDS. Until definitive Bonds are ready for delivery, there may be executed, and upon request of the Issuer the Registrar shall authenticate and deliver, in lieu of definitive Bonds and subject to the same limitations and conditions, temporary Bonds, in the form of registered Bonds without coupons in Authorized Denominations, substantially of the tenor set forth in EXHIBIT A hereto and with such appropriate omissions, insertions and variations as may be required. Until definitive Bonds are ready for delivery, any temporary Bond may, if so provided by the Issuer by resolution, be exchanged at the Principal Office of the Registrar, without charge to the holder thereof, for an equal aggregate principal amount of temporary registered Bonds without coupons, of like tenor and bearing interest at the same rate.

If temporary Bonds shall be issued, the Issuer shall cause the definitive Bonds to be prepared and to be executed and delivered to the Registrar, and the Registrar, upon presentation to it at its Principal Office of any temporary Bond shall cancel the same and authenticate and deliver in exchange therefor at the Principal Office of the Registrar, without charge to the holder thereof, a definitive Bond or Bonds of an equal aggregate principal amount and bearing interest at the same rate as the temporary Bond surrendered. Until so exchanged the temporary Bonds shall in all respects be entitled to the same benefit

and security of this Indenture as the definitive Bonds to be issued and authenticated hereunder.

SECTION 210 MUTILATED, DESTROYED, STOLEN OR LOST BONDS. In case any Bond secured hereby shall become mutilated or be destroyed, stolen, or lost, the Issuer shall cause to be executed, and the Registrar shall authenticate and deliver, a new Bond of like date and tenor in exchange and substitution for and upon the cancellation of such mutilated Bond, or in lieu of and in substitution for such Bond destroyed, stolen, or lost, upon the holder's paying the reasonable expenses and charges of the Issuer and the Registrar in connection therewith and, in the case of a Bond destroyed, stolen, or lost, such holder's filing with the Registrar of evidence satisfactory to it, the Issuer and the Borrower that such Bond was destroyed, stolen, or lost, and of such holder's ownership thereof and furnishing the Issuer, the Registrar, the Trustee and the Borrower indemnity satisfactory to each of them.

In case any such mutilated, destroyed, stolen or lost Bond has become or is about to become due and payable, the Issuer, at the direction of the Borrower, may, instead of issuing a new Bond, direct the Trustee to pay such Bond.

ARTICLE III
REDEMPTION OF BONDS

SECTION 301 REDEMPTION. Dates and Prices.

(a) The Bonds issued under the provisions of this Indenture shall not be subject to prior redemption except as provided or permitted in this Article III.

(b) During any Long-Term Interest Rate Period, in the event of a prepayment by the Borrower of Loan Repayments with respect to the Bonds pursuant to subsection (a) of Section 10.1 of the Loan Agreement, the Bonds shall be redeemed in whole on the date selected by the Borrower at a redemption price of 100% of the principal amount thereof plus accrued interest to the date fixed for redemption, if:

(i) the Borrower shall have determined that the continued operation of any portion of the Project is impracticable, uneconomical or undesirable; or (ii) all, or substantially all of, or any portion of, the Project shall have been condemned or taken by eminent domain; or (iii) the operation by the Borrower of any portion of the Project shall have been enjoined for a period of at least six consecutive months; or (iv) as a result of any change in the Constitution of the State of Florida or the Constitution of the United States of America, or as a result of any legislative or administrative action

(whether state or federal) or by final decree, judgment or order of any court or administrative body (whether state or federal) after any contest thereof by the Borrower in good faith, the Indenture, the Loan Agreement or the Bonds shall become void or unenforceable or impossible of performance in accordance with the intent and purposes of the parties as expressed in the Loan Agreement.

(c) In the event of a prepayment by the Borrower of all or a portion of the Loan Repayments, together with interest thereon, pursuant to subsection (b) of Section 10.1 of the Loan Agreement, the Bonds to which such Loan Repayments are applicable shall be subject to redemption prior to maturity as follows:

(i) (A) On any Business Day during a Daily Interest Rate Period or a Weekly Interest Rate Period, the Bonds shall be subject to optional redemption by the Issuer, at the direction of the Borrower, in whole or in part, at a redemption price of 100% of the principal amount thereof plus accrued interest, if any, to the redemption date.

(B) On the day succeeding the last day of any Commercial Paper Term with respect to any Bond, such Bond shall be subject to optional redemption by the Issuer, at the direction of the Borrower, in whole or in part, at a redemption price of 100% of its principal amount.

(ii) During any Long-Term Interest Rate Period, the Bonds are subject to optional redemption by the Issuer, at the direction of the Borrower (i) on the final Interest Payment Date for such Long-Term Interest Rate Period, at a redemption price equal to 100% of the principal amount thereof plus interest accrued, if any, to the redemption date, and (ii) prior to the end of the then current Long-Term Interest Rate Period, at any time during the redemption periods and at the redemption prices set forth below, plus interest accrued, if any, to the redemption date:

Original Length of Current Term Rate Period (Years)	Commencement of Redemption Period	Redemption Price as Percentage of Principal
More than 10 years	Tenth anniversary of commencement of Long-Term Interest Rate Period	100%
Equal to or less than 10 years	Non-callable	Non-callable

If the Borrower has given notice of a change in the Long-Term Interest Rate Period or notice of an adjustment of the Interest Rate Period for the Bonds to the Long-Term Interest Rate Period and, at least one day prior to such change in the Long-Term Interest

Rate Period or such adjustment the Borrower has provided (i) a certification of the relevant Remarketing Agent to the Trustee and the Issuer that the foregoing schedule is not consistent with prevailing market conditions and (ii) a Favorable Opinion of Bond Counsel addressed to the Trustee and the Issuer that a change in the redemption provisions of the Bonds will not adversely affect the exclusion from gross income of interest on the Bonds for federal income tax purposes, the foregoing redemption periods and redemption prices may be revised, effective as of the date of such adjustment in the Long-Term Interest Rate Period or an adjustment to the Long-Term Interest Rate Period, as determined by the relevant Remarketing Agent in its judgment, taking into account the then prevailing market conditions as set forth in such certification. Any such revision of the redemption periods and redemption prices will not be considered an amendment of or a supplement to the Indenture and will not require the consent of any Bondholder or any other Person or entity.

(iii) In addition, during any No Call Period, the Bonds will be nonetheless subject to optional redemption by the Issuer, at the direction of the Borrower, in whole or in part, at any time, if the Borrower delivers to the Trustee a written certificate (i) to the effect that by reason of a change in use of the Project or any portion thereof, the Borrower has been unable, after reasonable effort, to obtain an opinion of Bond Counsel to the effect that a court, in a properly presented case, should decide that (a) Section 150 of the Code (or successor provision of similar import) does not prevent that portion of the Loan Repayments payable under the Loan Agreement and attributable to interest on the Bonds from being deductible by the Borrower for federal income tax purposes and (b) Treasury Regulations Section 1.142-2 (or a successor provision of similar import) does not prevent interest on the Bonds from being excluded for federal income tax purposes from the gross income of the Bondholders thereof (other than a Bondholder who is a "substantial user" of the Project or a "related person" within the meaning of Section 147(a) of the Code), (ii) specifying that as a result of its inability to obtain such opinion of Bond Counsel, the Borrower has elected to prepay amounts due under the Loan Agreement equal to the redemption price of the Bonds to be so redeemed and (iii) specifying the principal amount of the Bonds which the Borrower has determined to be the minimum necessary to be so redeemed in order for the Borrower to retain its rights to such interest deductions and for interest on the Bonds to retain such exclusion from gross income for federal income tax purposes (which principal amount of the Bonds will be so redeemed). The redemption price for the Bonds shall be equal to the outstanding principal amount thereof plus accrued interest, if any, to the redemption date.

(d) The Bonds shall be subject to mandatory redemption by the Issuer, at the principal amount thereof plus accrued interest to the redemption date, on the 180th day (or such earlier date as may be designated by the Borrower) after a final

determination by a court of competent jurisdiction or an administrative agency, or receipt by the Issuer and the Borrower of an opinion of Bond Counsel obtained by the Borrower and rendered at the request of the Borrower, to the effect that (x) as a result of a failure by the Borrower to perform or observe any covenant or agreement in the Loan Agreement, or the inaccuracy of any representation, the interest on the Bonds is included for federal income tax purposes in the gross income of the Bondholders thereof, or would be so included absent such redemption, or (y) such redemption is required under the terms of a closing agreement or other similar agreement with the Internal Revenue Service settling an issue raised in connection with an audit of the Bonds or in connection with a submission to the Internal Revenue Service Voluntary Closing Agreement Program or similar program. No determination by any court or administrative agency shall be considered final for the purposes of this paragraph unless the Borrower shall have had the opportunity to participate in the proceeding which resulted in such determination, either directly or through a Bondholder, to a degree it deems sufficient and until the conclusion of any court proceeding initiated after a final agency determination, and of any appellate review sought by any party to such agency or court proceeding or the expiration of the time for seeking such review. The Bonds shall be redeemed either in whole or in part in such principal amount that the interest payable on the Bonds remaining outstanding after such redemption would not be included in the gross income of any Bondholder thereof, other than a Bondholder who is a "substantial user" of the Project or a "related person" within the meaning of Section 147(a) of the Code.

(e) If less than all of the Bonds shall be called for redemption, the particular Bonds or portions of Bonds to be redeemed shall be selected by the Borrower among the series of Bonds and by the Trustee by lot within a series of Bonds, in the principal amounts designated by the Borrower or otherwise as required by this Indenture; provided, however, that in connection with any redemption of Bonds, the Trustee shall first select for redemption any Bonds held by the Tender Agent for the account of the Borrower (or any nominees thereof) pursuant to Section 1407(c) hereof, and that if, as indicated in a certificate of an Authorized Borrower Representative delivered to the Trustee, the Borrower shall have offered to purchase all Bonds then Outstanding and less than all of such Bonds shall have been tendered to the Borrower for such purchase, the Trustee, at the direction of an Authorized Borrower Representative, shall select for redemption all such Bonds which have not been so tendered; and provided, further, that the portion of any Bond to be redeemed shall be in the principal amount constituting an Authorized Denomination, and that, in selecting Bonds for redemption, the Trustee shall treat each Bond as representing that number of Bonds which is obtained by dividing the principal amount of such Bond by the minimum Authorized Denomination.

SECTION 302 NOTICE OF REDEMPTION. At least 30 days before the redemption date of any Bonds (15 days in the case of Bonds in the Daily or Weekly Rate Interest Period), the Registrar shall cause a notice of any such redemption, in the name of the Issuer, to be mailed by first class mail (except as otherwise provided below), postage prepaid, to all registered owners of Bonds to be redeemed as a whole or in part at their addresses as they appear on the registration books hereinabove provided for. The notice provided pursuant to this Section shall be sent by certified mail, return receipt requested, to any owner of the Bonds that is a depository institution and those entities described in the immediately preceding sentence. Any such notice shall be given in the name of the Issuer, shall identify (i) the complete official name of the issue, (ii) the Bonds or portions thereof to be redeemed by designation, letters, CUSIP numbers, numbers or other distinguishing marks, dated date, interest rate, maturity date and principal amount, (iii) the redemption price to be paid, (iv) the date of mailing and the date fixed for redemption, (v) the place or places, by name and address, where the amounts due upon redemption are payable and (vi) the name, address and telephone number of the person to whom inquiries regarding the redemption may be directed, and shall state that on the redemption date the Bonds called for redemption will be payable and that from that date interest will cease to accrue. A second notice shall be sent in the same manner described above not more than 60 days after the redemption date to the owner of any called Bond which was not presented for payment on the redemption date. Failure so to mail any such notice to the registered owner of any Bond shall not affect the validity of the proceedings for redemption of any other Bond and failure to mail any such notice to any other entity as required by this Section shall not affect the validity of the proceedings for redemption of any Bond. The Registrar shall not be subject to any liability to any Bondholder by reason of its failure to mail any such notice provided in this Section. In case any Bond is to be redeemed in part only, the notice of redemption which relates to such Bond shall state also that on or after the redemption date, upon surrender of such Bond, a new Bond in principal amount equal to the unredeemed portion of such Bond will be issued.

Any notice of redemption, except a notice of mandatory redemption pursuant to Section 301(d) hereof or any similar provision contained in any indenture supplemental hereto, shall, unless at the time such notice is given the Bonds to be redeemed are deemed to have been paid in accordance with Article XIII hereof, state that the redemption to be effected is conditioned upon the receipt by the Trustee on or prior to the redemption date of moneys sufficient to pay the principal of and premium, if any, and interest on the Bonds to be redeemed and that if such moneys are not so received such notice shall be of no force or effect and such Bonds shall not be required to be redeemed. In the event that such notice contains such a condition and moneys sufficient to pay the principal of and premium, if any, and interest on such Bonds are not received by the Trustee on or prior to the redemption date, the redemption shall not be made and the Trustee shall within a reasonable time thereafter give notice, in the manner in which the notice of redemption was given, that such moneys were not so received.

If a notice of redemption shall be unconditional, or if the conditions of a conditional notice of redemption shall have been satisfied, the Bonds so called for redemption shall become and be due and payable on the date fixed for redemption, and upon the presentation and surrender of such Bonds at the place or places specified such Bonds shall be redeemed.

SECTION 303 EFFECT OF REDEMPTION. All Bonds and portions of Bonds which have been duly selected for redemption under the provisions of this Article and which are deemed to have been paid in accordance with Article XIII hereof shall cease to bear interest on the date fixed for redemption.

SECTION 304 PARTIAL REDEMPTION. Except during any period when the Bonds are registered in the name of Cede & Co. or such other nominee of DTC as DTC shall designate and held by DTC in its book entry system, in case part but not all of an outstanding Bond shall be selected for redemption, the owner thereof or his attorney or legal representative shall present and surrender such Bond to the Trustee for payment of the principal amount thereof so called for redemption, and the Issuer shall execute and the Registrar shall authenticate and deliver to or upon the order of such owner or his attorney or legal representative, without charge therefor, for the unredeemed portion of the principal amount of the Bond so surrendered, a Bond bearing interest at the same rate.

ARTICLE IV
CONSTRUCTION FUND

SECTION 401 CREATION OF CONSTRUCTION FUND. (a) A special fund is hereby created and designated the Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024 Construction Fund (herein called the "Construction Fund"), to the credit of which such deposits shall be made as are required by the provisions of Section 208 of this Indenture. Any moneys received by the Trustee from any other source for the payment of the Cost of the Project shall be deposited to the credit of the Construction Fund.

(b) The monies in the Construction Fund shall be held by the Trustee in trust, and subject to the provisions of Section 404, 406 and 602 of this Indenture, shall be applied to the payment of the Cost of the Project (as described in Section 403 hereof), and, pending such application, shall be subject to a lien and charge in favor of the holders of the Bonds issued and outstanding under this Indenture and for the further security of such holders until paid out or transferred as herein provided.

SECTION 402 PAYMENTS FROM CONSTRUCTION FUND. Payment of the Cost of the Project shall be made from the Construction Fund. All payments from the Construction Fund shall be subject to the provisions and restrictions set forth in this Article, and the Issuer covenants that it will not cause to be paid from the Construction Fund any sums except in accordance with such provisions and restrictions.

SECTION 403 ITEMS OF COST. For purposes of this Indenture, the Cost of the Project shall embrace all the costs paid or incurred by the Borrower, but only the costs permitted by the Act of acquiring, constructing and installing the Project and, without intending thereby to limit or restrict any proper definition of such Cost under the Act, shall include:

(a) To the extent permitted under the Code and applicable United States Treasury Regulations, payment to the Borrower and the Issuer of such amounts, if any, as shall be necessary to reimburse the Borrower and the Issuer in full for advances and payments made by them or either of them or for their accounts before or after the delivery of the Bonds for expenditures in connection with the acquisition of any property required for the Project including payment of any short-term, temporary or other borrowings, bonds, notes or other evidences of indebtedness (including any unpaid fees, charges or costs in connection therewith), the proceeds of which have been applied to the payment of items of the Cost of the Project, the preparation of plans and specifications for the Project (including any preliminary study or planning of the Project or any aspect thereof and any reports of analyses concerning the Project), the acquisition, construction and installation of the Project including reimbursement to the Borrower for allowance for funds used during construction before the date of the Bonds, interest on the Bonds during construction (which shall mean the period beginning with the date of delivery of the Bonds and ending on the date upon which the acquisition, construction and installation of the Project shall have been completed, except if the Project consists of facilities which will be placed in service at different times, the date to which interest may be paid from Bond proceeds will be the date upon which all such portions of the Project shall have been placed in service) and all real or personal property, deemed necessary in connection with the Project, or any one or more of said expenditures (including architectural, engineering and supervisory services). The foregoing notwithstanding, the expenditures to be reimbursed pursuant to this Section shall have been incurred within 60 days prior to April 27, 2022 or shall constitute preliminary expenditures within the meaning and to the extent permitted by Section 1.150-2(f)(2) of the United States Treasury Regulations or will be incurred after such date in connection with the Project.

(b) To the extent permitted under the Code and applicable United States Treasury Regulations, payment of the initial or acceptance fee of the Trustee, legal, accounting and financial advisory fees and expenses (including, without limitation, fees for preparation of any "blue sky" or legal investment surveys), underwriting fees, filing and rating agencies' fees and printing and engraving costs incurred in connection with the authorization, sale and issuance of the Bonds, the execution and filing of this Indenture, the Loan Agreement, Tender Agreement, any Pledge Agreement and any financing statements and all other documents in connection therewith, and payment of all fees, costs and expenses for the preparation of this

Indenture, the Loan Agreement, Tender Agreement, any Pledge Agreement and the Bonds, including recording fees and documentary stamp taxes, if any, and any other fees and expenses necessary or incident to the issuance and sale of the Bonds or the acquisition, installation and construction of the Project.

(c) Payment for labor, services, materials and supplies used or furnished in site improvement and in the acquisition, construction and installation of the Project, all as provided in the plans and specifications therefor, payment for the cost of the acquisition, construction and installation of utility services or other facilities, and all real and personal property deemed necessary in connection with the Project and payment for the miscellaneous expenses incidental to any of the foregoing items.

(d) To the extent permitted under the Code and applicable United States Treasury Regulations, payment, as they become due, of the fees and expenses of the Trustee (as Trustee and Bond Registrar), properly incurred under this Indenture that may become due until the completion date of the Project.

(e) To the extent permitted under the Code and applicable United States Treasury Regulations, payment of any other costs and expenses relating to the acquisition, construction and installation of the Project (including testing) or the authorization, issuance and sale of the Bonds.

SECTION 404 DISBURSEMENTS. Payments from the Construction Fund shall be made by the Trustee upon the written order of the Borrower in accordance with the provisions of this Section, but no such payment shall be made unless and until the Trustee shall receive a requisition in the form attached hereto as Exhibit C signed by the Authorized Borrower Representative, which requisition or communication shall state:

(a) the item number of each such payment,

(b) the name of the person, firm or corporation to whom each such payment is due,

(c) the respective amounts to be paid,

(d) the purpose by general classification for which each obligation to be paid was incurred,

(e) that obligations in the stated amounts have been incurred and have been paid or are presently due and payable or have been paid by the Borrower and that each item thereof is a proper charge against the Construction Fund and has not been the subject of a previous withdrawal from the Construction Fund,

(f) that there has not occurred and is not continuing any event of default under the Loan Agreement and to the best of his knowledge there has not been filed

with or served upon the Issuer or the Borrower notice of any lien, right or attachment upon, or claim affecting the right of any such persons, firms or corporations to receive payment of, the respective amounts stated in such requisition which has not been released or will not be released simultaneously with the payment of such obligation, and

(g) that, after giving effect to such requisition, (i) not less than 95% of the proceeds of the applicable series of Bonds withdrawn from the Construction Fund will have been used to provide "sewage facilities" within the meaning of Section 142(a)(5) of the Code, as the case may be and (ii) no more than 2% of the proceeds (within the meaning of Section 147(g) of the Code) of the Bonds will have been used to pay costs of issuance of any of the Bonds.

Upon receipt of any such order and accompanying requisition, the Trustee shall pay such obligation from the Construction Fund. If prior to payment of any item in a requisition the Borrower should for any reason desire not to pay such item, the Borrower shall give written notice of such decision to the Trustee. In making any disbursement the Trustee shall pay each such obligation directly to the Borrower or to any payee designated by the Authorized Borrower Representative, as set forth in such requisition.

SECTION 405 RELIANCE ON REQUISITIONS. The Trustee may rely fully on any requisition delivered pursuant to this Article and shall not be required to make any investigation in connection therewith. The Trustee shall be under no duty or obligation to analyze or verify the payments or reimbursements by the Borrower (including, without limitation, any duty or obligation to determine whether any such payment or reimbursement is permitted under the Code and applicable United States Treasury Regulations), but shall hold such requisitions solely as a repository, subject at all reasonable times (following delivery to the Trustee of reasonable prior written notice of such party's desire to inspect such requisition) to examination by the Borrower, the Issuer and the agents and representatives thereof.

SECTION 406 COMPLETION OF THE PROJECT. (a) Upon the receipt by the Trustee of the certificate required by Section 4.5 of the Loan Agreement, any balance remaining in the Construction Fund attributable to the Bonds of any series (other than amounts retained by the Trustee to pay costs not then due and payable or for which the liability for payment is in dispute and amounts directed by the Borrower to be retained therein in furtherance of the Borrower's covenants set forth in Section 4.7 of the Loan Agreement) shall (i) be applied in whole or in part to the redemption of Bonds of such series on the earliest date upon which such Bonds may called for redemption without premium pursuant to Sections 301(b) or (c) hereof or any similar provisions contained in any indenture supplemental hereto, to the purchase of Bonds of such series in such amounts, at such prices, at such times and otherwise as directed by the Borrower or in any other manner directed by the Borrower which in all such cases, as indicated in an opinion of Bond Counsel furnished by the Borrower to the Issuer and the Trustee, will not impair the

validity under the Act of the Bonds of such series or the exclusion from gross income for purposes of federal income taxes of the interest thereon, or (ii) in the absence of any such redemption, purchase or direction within sixty (60) days of the receipt by the Trustee of such certificate, be deposited by the Trustee into the Bond Fund. From time to time as the proper disposition of the amounts retained by the Trustee in the Construction Fund as aforesaid shall be determined, to the extent that such amounts are not paid out in full by the Trustee pursuant to Section 404 hereof, the Borrower shall so notify the Trustee and the Issuer by one or more certificates as aforesaid and any amounts from time to time no longer to be so retained by the Trustee shall be applied as aforesaid.

(b) In the event that the Borrower exercises an option under the Loan Agreement to effect the redemption of all the Bonds then outstanding, the Trustee shall, upon the direction of the Borrower, deposit in the Bond Fund, on the date the prepayment is made, any balance remaining in the Construction Fund.

(c) If the principal of all outstanding Bonds shall have become due and payable in accordance with Section 802 of this Indenture, the Trustee shall, upon the obtaining or entering of a judgment or decree for the payment of moneys due as provided in Article VIII of this Indenture, or at the direction of the Borrower, deposit in the Bond Fund any balance remaining in the Construction Fund.

(d) In the event that the Issuer shall be required to redeem Bonds of any series pursuant to Section 301(d) hereof or pursuant to any similar provision contained in any indenture supplemental hereto, the Trustee shall, at the written direction of the Borrower, withdraw from the Construction Fund and deposit into the Bond Fund an amount not exceeding the aggregate principal amount of, and accrued interest on, the Bonds so to be redeemed.

ARTICLE V
BOND FUND

SECTION 501 CREATION OF BOND FUND. A special fund is hereby created and designated the "Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024 Bond Fund" (the "Bond Fund"). The moneys in the Bond Fund shall be held by the Trustee in trust and applied as hereinafter provided and, pending such application, shall be subject to a lien and charge in favor of the holders of the Bonds issued and outstanding under this Indenture and for the further security of such holders until paid out or transferred as herein provided.

SECTION 502 PAYMENTS INTO BOND FUND. There shall be deposited to the credit of the Bond Fund (a) all Loan Repayments and (b) all other moneys received by the Trustee under and pursuant to any of the provisions of the Loan Agreement or otherwise which are required, or are accompanied by written directions from the Borrower or the Issuer that such moneys are, to be paid into the Bond Fund. The Trustee is authorized to receive at any time payments from the Borrower pursuant to the Loan Agreement or otherwise for deposit in the Bond Fund.

SECTION 503 USE OF MONEYS IN BOND FUND. Except as otherwise provided in this Indenture, moneys in the Bond Fund shall be used solely for the payment of the principal of and premium, if any, and interest on the Bonds. Upon receipt of a written notice from the Borrower pursuant to Article X of the Loan Agreement, and, in the case of a directed purchase of Bonds, upon the deposit of cash or Investment Obligations in the Bond Fund sufficient, together with other amounts available therefor in the Bond Fund, to make the directed purchase of Bonds, the Issuer and the Trustee covenant and agree to take and cause to be taken the necessary steps to redeem or purchase such principal amount of Bonds as specified by the Borrower in such written notice; provided, however, that any moneys in the Bond Fund may be used on the written direction of the Borrower to redeem a part of the Bonds outstanding and then redeemable or to purchase Bonds for cancellation only so long as the Borrower is not in default with respect to any payments required pursuant to Section 5.1 of the Loan Agreement and to the extent said moneys are in excess of the amount required for payment of the Bonds theretofore matured or called for redemption and interest accrued and payable in respect of outstanding Bonds.

SECTION 504 CUSTODY OF BOND FUND. The Bond Fund shall be in the custody of the Trustee but in the name of the Issuer, and the Issuer hereby authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay the principal of and premium, if any, and interest on the Bonds as the same become due and payable, for the purpose of paying said principal and premium, if any, and interest, which authorization and direction the Trustee hereby accepts.

SECTION 505 NON-PRESENTMENT OF BONDS. All moneys which the Trustee shall have withdrawn from the Bond Fund or shall have received from any other

source and set aside for the purpose of paying any of the Bonds hereby secured, either at the maturity thereof or upon call for redemption, shall be held in trust for the respective holders of such Bonds, but any moneys which shall be so set aside by the Trustee and which shall remain unclaimed by the holders of such Bonds for a period of one year after the date on which such Bonds shall have become due and payable shall upon request in writing be paid to the Borrower; provided, however, that the Trustee, before being required to make any such payment, may at the expense of the Borrower cause a notice to be published as required by applicable unclaimed property laws, rules or regulations that said moneys have not been claimed and that after a date named therein any unclaimed balance of said moneys then remaining will be returned to the Borrower and thereafter the holders of such Bonds shall look only to the Borrower for payment and then only to the extent of the amount so received without any interest thereon, and the Issuer and the Trustee shall have no responsibility with respect to such moneys. In the absence of any such written request from the Borrower, the Trustee shall from time to time deliver such unclaimed funds to or as directed by pertinent escheat authority, as identified by the Trustee in its sole discretion, pursuant to and in accordance with applicable unclaimed property laws, rules or regulations. Any such delivery shall be in accordance with the customary practices and procedures of the Trustee and the escheat authority. Any money held by Trustee pursuant to this paragraph shall be held uninvested and without any liability for interest.

SECTION 506 CANCELLATION AND DESTRUCTION OF BONDS. All Bonds paid, redeemed or purchased, either at or before maturity, and all Bonds acquired by or delivered to the Trustee for cancellation shall be canceled upon the payment, redemption or purchase, or upon such acquisition or delivery, of such Bonds. All Bonds canceled under any of the provisions of this Indenture shall be disposed of by the Trustee in accordance with its procedures for the disposition of canceled securities. The Trustee shall execute a certificate in triplicate describing the Bonds so disposed of, and one executed certificate shall be filed with the Issuer, one executed certificate shall be filed with the Borrower and the other executed certificate shall be retained by the Trustee.

ARTICLE VI

DEPOSITARIES OF MONEYS, SECURITY FOR DEPOSITS AND INVESTMENT OF FUNDS

SECTION 601 DEPOSITS CONSTITUTE TRUST FUNDS. All moneys deposited with the Trustee under the provisions of this Indenture or the Loan Agreement shall be held in trust and applied only in accordance with the provisions of this Indenture and the Loan Agreement and shall not be subject to lien or attachment by any creditor of the Issuer or the Borrower.

All moneys deposited with the Trustee under this Indenture and the Loan Agreement shall be continuously secured for the benefit of the Issuer and the holders of the Bonds either (a) by lodging with a bank or trust company approved by the Issuer and by the Trustee, as custodian, as collateral security, obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America, or other marketable securities eligible as security for the deposit of trust funds under regulations of the Comptroller of the Currency of the United States of America, having a market value (exclusive of accrued interest) not less than the amount of such deposit, or (b) in such other manner as may then be required or permitted by applicable state or federal laws and regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Trustee to give security for any moneys which shall be represented by the investments mentioned in the first paragraph of Section 602 of this Article VI purchased under the provisions of this Article VI as an investment of such moneys.

SECTION 602 INVESTMENT OF MONEYS. The Trustee shall, except as provided in Article XIII hereof, invest and reinvest moneys held for the credit of the Bond Fund or Construction Fund in Investment Obligations upon the receipt of, and in accordance with, written instructions of an Authorized Borrower Representative (such written instructions to specify the particular investment to be made) in Investment Obligations. Any request by an Authorized Borrower Representative shall specify the issuer or obligor, type, principal amount, interest rate and maturity of each such requested investment of moneys. The Trustee may conclusively rely upon the Borrower's written instructions as to both the suitability and legality of the directed investments.

Investment Obligations so purchased as an investment of moneys in the Bond Fund or Construction Fund shall be deemed at all times to be part of such Fund and any interest accruing on and any profit realized from the investment of moneys in such Fund shall be credited to such Fund and any loss, fee, tax or other charge resulting from such investment shall be charged to such Fund. Neither the Trustee nor the Issuer shall be liable or responsible for any loss resulting from any such investment or from any reinvestment or liquidation of an investment hereunder.

The Issuer hereby authorizes and directs the Trustee to comply with any written instructions of the Borrower given from time to time with respect to income from the investment of moneys in the Bond Fund or the Construction Fund or any other fund created under the Indenture to pay all or a portion of such income to the United States in furtherance of the covenants set forth in Section 4.4 of the Loan Agreement, which authorization and direction the Trustee hereby accepts. Amounts held by the Tender Agent in the Purchase Fund shall not be invested.

The Trustee may make any and all such investments through its own investment department or that of its affiliates or subsidiaries, and may charge its ordinary and customary fees for such trades, including cash sweep account fees. In the absence of written investment instructions from the Borrower, the Trustee shall not be responsible or liable for keeping the moneys held by it hereunder fully invested in Investment Obligations.

Although the Issuer and the Borrower each recognizes that it may obtain a broker confirmation or written statement containing comparable information at no additional cost, the Issuer and the Borrower hereby agree that confirmations of permitted investments are not required to be issued by the Trustee for each month in which a monthly statement is rendered. No statement need be rendered for any fund or account if no activity occurred in such fund or account during such month.

ARTICLE VII
PARTICULAR COVENANTS AND PROVISIONS

SECTION 701 COVENANT OF ISSUER AS TO PERFORMANCE OF OBLIGATIONS. The Issuer covenants that it will cause to be paid promptly the principal of and premium, if any, and interest on every Bond issued under the provisions of this Indenture at the places, on the dates and in the manner provided herein and in said Bond, according to the true intent and meaning thereof; provided, however, that any amount in the Bond Fund available for any payment of the principal of or premium, if any, or interest on said Bond shall be credited against any amount required to be caused by the Issuer so to be paid. Such principal, premium and interest are payable solely from the Loan Repayments, any other income derived from the sale, leasing or operation of the Project and other moneys to the extent provided in this Indenture and any payments under any credit enhancement provided by the Borrower in accordance with the provisions of the Loan Agreement and this Indenture, which Loan Repayments and any other income and other moneys to the extent provided in this Indenture are hereby pledged to the payment thereof in the manner and to the extent hereinabove particularly specified.

The Bonds issued under the provisions of this Indenture and the premium, if any, and interest thereon and the payment of any purchase price thereof, shall not be deemed to constitute a debt, liability or obligation of the Issuer or of the State of Florida or any political subdivision thereof, but shall be payable solely from the revenues and proceeds pledged therefor and the Issuer is not obligated to pay the Bonds or the premium, if any, or interest thereon except from the Loan Repayments and other revenues and proceeds derived from the sale, operation or leasing of the Project and payments made under any credit enhancement provided by the Borrower in accordance with the provisions of the Loan Agreement and this Indenture, and the Issuer is not obligated to pay the purchase price of the Bonds except from any moneys available therefor as provided in this Indenture, and neither the faith and credit nor the taxing power of the Issuer or of the State of Florida or any political subdivision thereof is pledged to the payment of the principal of or premium, if any, or interest on, or purchase price of, the Bonds.

SECTION 702 COVENANT TO PERFORM OBLIGATIONS. The Issuer covenants and agrees that it will not knowingly consent to or take any action or fail to take any action upon request by the Trustee or the Borrower or fail to do anything upon request by the Trustee or the Borrower which would result in the termination of the Loan Agreement so long as any Bonds are outstanding; that it will not terminate the Loan Agreement or cause it to be terminated except in strict accordance with the terms of the Loan Agreement; that it will promptly notify the Trustee, when known to the Issuer, of any actual or alleged event of default under or breach of the Loan Agreement, whether by the Borrower or the Issuer; that it will not execute or agree to any change, amendment or modification of or supplement to the Loan Agreement except by a supplement or an amendment duly executed by the Borrower and the Issuer with the approval of the Trustee

and upon the further terms and conditions set forth in Article XII of this Indenture; and that it will not agree to any abatement, reduction, abrogation, waiver, diminution or other modification in any manner or to any extent whatsoever of the obligation of the Borrower under the Loan Agreement to pay the Loan Repayments without the consent of the holder of each Bond adversely affected thereby. The Issuer covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Indenture, in any and every Bond executed, authenticated and delivered hereunder and in all proceedings of the Issuer pertaining thereto. The Issuer represents that it is duly authorized under the Constitution and laws of the State of Florida, including particularly and without limitation the Act, to issue the Bonds authorized hereby and to enter into this Indenture, to pledge and assign the Loan Repayments and any other income and other moneys in the manner and to the extent herein set forth; that all action on its part for the issuance of the Bonds initially issued hereunder and the execution and delivery of this Indenture has been duly and effectively taken; and that such Bonds in the hands of the owners thereof are and will be valid and binding obligations of the Issuer according to the tenor and import thereof.

SECTION 703 COVENANT TO PERFORM FURTHER ACTS. The Issuer covenants that it will do, execute, acknowledge and deliver, or cause to be done, executed, acknowledged and delivered, such supplements and amendments to this Indenture and such further acts, instruments and transfers as the Trustee may reasonably require for the better pledging and assigning unto the Trustee of each and all of the Loan Repayments and any other income and other moneys pledged and assigned hereby to the payment of the principal of and premium, if any, and interest on the Bonds.

SECTION 704 BONDS NOT TO BECOME ARBITRAGE BONDS. The Issuer covenants with the holders of the Bonds that, notwithstanding any other provision of this Indenture or any other instrument, to the best of its knowledge, information and belief, it will not take or consent to be taken on its behalf any actions and will make no investment or other use of the proceeds of the Bonds which would cause the Bonds to be arbitrage bonds under Section 148 of the Code and it further covenants that it will, to the extent within its control, comply with the requirements of such Section at the expense of the Borrower. The foregoing covenants shall extend, throughout the term of the Bonds, to all funds created under this Indenture and all moneys on deposit to the credit of any such fund, and to any other amounts which are proceeds of the Bonds for purposes of Section 148 of the Code and the regulations thereunder. In taking any action pursuant to this Section 704, the Issuer is entitled to obtain and may rely on a Favorable Opinion of Bond Counsel.

ARTICLE VIII
DEFAULTS AND REMEDIES

SECTION 801 EVENTS OF DEFAULT. Each of the following events is hereby declared an "event of default":

(a) Failure to pay the principal of or premium, if any, on any of the Bonds when the same shall become due and payable, whether at maturity, through unconditional proceedings for redemption or otherwise; or

(b) Failure to pay interest on any of the Bonds when the same shall become due and payable and the continuation of such failure for one Business Day; or

(c) Failure to pay an amount due pursuant to Section 202 hereof after such payment has become due and payable and the continuation of such failure for one Business Day; or

(d) Failure to perform any other covenant, condition, agreement or provision contained in the Bonds or in this Indenture on the part of the Issuer to be performed which failure shall continue for 90 days after written notice specifying such failure and requiring same to be remedied shall have been given to the Issuer by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the holders of not less than a majority in aggregate principal amount of the Bonds then outstanding, unless the Trustee, or the Trustee and the holders of a principal amount of Bonds not less than the principal amount of Bonds the holders of which requested such notice, as the case may be, agree in writing to an extension of such period prior to its expiration; provided, however, that the Trustee, or the Trustee and the holders of such principal amount of Bonds, as the case may be, shall be deemed to have agreed to an extension of such period if corrective action is instituted by the Issuer or the Borrower within the applicable period and is being diligently pursued; or

(e) An "event of default" as defined in Section 9.1 of the Loan Agreement.

SECTION 802 ACCELERATION OF MATURITIES.

(a) Upon the occurrence and continuance of an event of default specified in clause (a), (b) or (c) of Section 801 of this Article or an event of default specified in clauses (c) or (d) of Section 9.1 of the Loan Agreement, the Trustee may, and upon the written request of the holders of not less than a majority in aggregate principal amount of Bonds then outstanding shall, by a notice in writing to the Issuer and the Borrower, declare the principal of all the Bonds then outstanding (if not then due and payable) to be immediately due and payable, and upon such declaration the

same shall become and be immediately due and payable, anything in this Indenture or in the Bonds to the contrary notwithstanding; and the Trustee shall give notice thereof in writing to the Issuer, the Borrower, the Tender Agent and the Remarketing Agents, and notice to the holders of the Bonds in the same manner as a notice of redemption under Section 302 of this Indenture.

(b) The provisions of the preceding paragraph (a), however, are subject to the condition that, if, after the principal of the Bonds shall have been so declared to be due and payable, and before any judgment or decree for the payment of the moneys due shall have been obtained or entered as hereinafter provided, the Borrower, pursuant to the Loan Agreement, shall deposit with the Trustee a sum sufficient to pay all matured installments of interest upon all Bonds and the principal of any and all Bonds which shall have become due otherwise than by reason of such declaration (with interest upon such principal and, to the extent permissible by law, on overdue installments of interest, at the rate per annum borne by the Bonds on the date of such declaration) and such amounts as shall be sufficient to cover reasonable compensation and reimbursement of expenses payable to the Trustee, and all events of default hereunder other than nonpayment of the principal of Bonds which shall have become due by said declaration shall have been remedied, then, in every such case, such event of default shall be deemed waived and such declaration and its consequences rescinded and annulled, and the Trustee shall promptly give written notice of such waiver, rescission and annulment to the Issuer, the Borrower, the Tender Agent, the Remarketing Agents, and, if notice of the acceleration of the Bonds shall have been given to the Owners, shall give notice thereof to the Owners; but no such waiver, rescission and annulment shall extend to or affect any subsequent event of default or impair any right or remedy consequent thereon.

SECTION 803 OTHER REMEDIES.

(a) Upon the occurrence and continuance of any event of default specified in Section 801 of this Indenture, then and in every such case the Trustee may proceed, and upon the written request of the holders of not less than a majority in aggregate principal amount of the Bonds then outstanding hereunder shall proceed, subject to the provisions of Section 902 of this Indenture, to protect and enforce its rights and the rights of the Bondholders under the laws of the State of Florida and under this Indenture and the Loan Agreement by such suits, actions or special proceedings in the office of any board or officer having jurisdiction, either for the specific performance of any covenant or agreement contained herein or therein or in aid or execution of any power herein or therein granted or for the enforcement of any proper legal or equitable remedy, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

(b) In the enforcement of any remedy under this Indenture the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then

or during any default becoming, and at any time remaining, due for principal, interest or otherwise under any of the provisions of this Indenture or of the Bonds or in respect of Loan Repayments under the Loan Agreement and unpaid, with interest on overdue payments of principal and interest or Loan Repayments (if and to the extent permitted by law) at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and all proceedings hereunder, and under such Bonds and the Loan Agreement, without prejudice to any other right or remedy of the Trustee or of the Bondholders, but solely subject to the limitations provided herein and in such Bonds and the Loan Agreement, for any portion of such amounts remaining unpaid and interest, costs and expenses as above provided, and to collect in any manner provided by law any moneys adjudged or decreed to be payable; provided that any amounts due from the Issuer and not payable by the Borrower under the Loan Agreement shall be payable solely from moneys in the Bond Fund and available therefor.

SECTION 804 APPLICATION OF MONEYS. Anything in this Indenture to the contrary notwithstanding, if at any time the moneys in the Bond Fund shall not be sufficient to pay the principal of or premium, if any, or interest on the Bonds as the same shall become due and payable (either by their terms or by acceleration of maturities under the provisions of Section 802 of this Article), such moneys, together with any moneys then available or thereafter becoming available for such purpose, whether through the exercise of the remedies provided for in this Article or otherwise, shall be applied, following the satisfaction of any payments due to the Trustee under the provisions of Sections 902 and 905 of this Indenture, as follows:

(a) If the principal of all the Bonds shall not have become due and payable either in accordance with their terms or by acceleration, all such moneys shall be applied First: to the payment to the persons entitled thereto of all installments of interest then due and payable in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds;

Second: to the payment to the persons entitled thereto of the unpaid principal of and premium, if any, on any of such Bonds which shall have become due and payable (other than Bonds deemed to have been paid in accordance with Article XIII hereof), in the order of their due dates, with interest on the principal amount of such Bonds at the respective rates specified therein from the respective dates upon which such Bonds became due and payable to the payment date, and, if the amount available shall not be sufficient to pay in full the principal of and premium, if any, on such Bonds due and payable on any particular date, together with such interest,

then to the payment first of such interest, ratably, according to the amount of such interest due on such payment date, and then to the payment of such principal and premium, if any, ratably, according to the amount of such principal and premium, if any, due on such date, to the persons entitled thereto without any discrimination or preference; and Third: to the payment of the interest and premium, if any, on and the principal of such Bonds, to the purchase and retirement of such Bonds and to the redemption of such Bonds, all in accordance with the provisions of this Indenture.

(b) If the principal of all the Bonds has become due and payable either in accordance with their terms or by acceleration, all such moneys shall be applied to the payment of the principal, premium, if any, and interest then due on the Bonds, without preference or priority of principal and premium, if any, over interest or of interest over principal and premium, if any, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal, premium, if any, and interest, to the persons entitled thereto, without discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds.

(c) If the principal of all the Bonds shall have become immediately due and payable under the provisions of Section 802 of this Article and if such acceleration shall thereafter have been rescinded and annulled, then, subject to the provisions of subparagraph (b) of this Section in the event that the principal of all such Bonds shall later become due and payable, the moneys remaining in and thereafter accruing to the Bond Fund for such Bonds shall be applied in accordance with the provisions of subparagraph (a) of this Section.

Whenever moneys are to be applied by the Trustee pursuant to the provisions of this Section, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for such application and the likelihood of additional moneys becoming available for such application in the future; setting aside such moneys in trust for the proper purpose shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever to the Issuer, to any Bondholder or to any other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of this Indenture as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the fixing of any such date, and shall not be required to make payment to the holder of any Bond until

such Bond shall be surrendered to the Trustee for appropriate endorsement, or for cancellation if fully paid.

SECTION 805 EFFECT OF DISCONTINUANCE OF PROCEEDINGS. In case any proceeding taken by the Trustee on account of any default shall have been discontinued or abandoned for any reason, then and in every such case the Issuer, the Borrower, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no proceeding had been taken.

SECTION 806 RIGHT OF BONDHOLDERS TO DIRECT PROCEEDINGS. Anything in this Indenture to the contrary notwithstanding, the holders of a majority in principal amount of the Bonds then outstanding hereunder shall have the right, subject to the provisions of Section 902 of this Indenture, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all remedial proceedings to be taken by the Trustee hereunder or the exercise of any trust or power conferred upon the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law and the provisions of this Indenture.

SECTION 807 RIGHTS AND REMEDIES OF BONDHOLDERS. No holder of any of the Bonds shall have any right to institute any suit, action or proceeding in equity or at law on any Bond or for the execution of any trust hereunder or for any other remedy hereunder unless such holder previously shall have given to the Trustee and to the Borrower written notice of the event of default on account of which such suit, action or proceeding is to be instituted, and unless also the holders of not less than a majority in aggregate principal amount of the Bonds then outstanding shall have made written request of the Trustee, after the right to exercise such powers or right of action, as the case may be, shall have accrued, to institute such action, suit or proceeding in its or their name and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers hereinabove granted or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee security and indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such written request within a reasonable time; and such notification, request and offer to indemnify are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of this Indenture or to any other remedy hereunder. It is understood and intended that, except as otherwise above provided, no one or more holders of the Bonds hereby secured shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Indenture, or to enforce any right hereunder except in the manner herein provided, that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all holders of such outstanding Bonds, and that any individual rights of action or

any other right given to one or more of such holders by law are restricted by this Indenture to the rights and remedies herein provided.

Nothing in this Section shall affect or impair the right of any Bondholder to enforce the payment of the principal of and premium, if any, and interest on his Bond or Bonds, at the time and place in said Bond expressed.

SECTION 808 APPOINTMENT OF RECEIVER BY TRUSTEE. Upon the occurrence of an event of default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Bondholders under this Indenture, the Trustee shall be entitled, as a matter or right, to the appointment of a receiver or receivers of the Loan Repayments and other amounts payable under the Loan Agreement pending such proceedings, with such powers as the court making such appointment shall confer, whether or not said Loan Repayments and other amount and income shall be deemed sufficient ultimately to satisfy the Bonds outstanding hereunder.

SECTION 809 ACTION BY TRUSTEE WITHOUT POSSESSION OF BONDS. All rights of action under this Indenture or under any of the Bonds secured hereby, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the production thereof in the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the holders of such Bonds, subject to the provisions of this Indenture.

SECTION 810 NO REMEDY EXCLUSIVE. No remedy herein conferred upon or reserved to the Trustee or to the holders of the Bonds is intended to be exclusive of any other remedy or remedies herein provided, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or by law.

SECTION 811 WAIVER OF DEFAULT. No delay or omission of the Trustee or of any holder of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or any acquiescence therein and every power and remedy given by this Indenture to the Trustee and to the holders of the Bonds, respectively, may be exercised from time to time and as often as may be deemed expedient.

Before the entry of final judgment or decree in any suit, action or proceeding instituted by it under the provisions of this Indenture or before the completion of the enforcement of any other remedy under this Indenture, the Trustee shall be permitted to discontinue such suit, action, proceeding or enforcement of any remedy if in its opinion any default forming the basis of such suit, action, proceeding or enforcement of any remedy shall have been remedied.

Notwithstanding anything contained herein to the contrary, the Trustee, upon the written request of the holders of not less than a majority in aggregate principal amount of

the Bonds then outstanding, shall waive any event of default hereunder and its consequences; provided, however, that, except under the circumstances set forth in clause (b) of Section 802 hereof, an event of default under clauses (a), (b) or (c) of Section 801 hereof with respect to any Bonds may not be waived without the written consent of the holders of all such Bonds.

SECTION 812 NOTICE OF DEFAULT. The Trustee shall mail, by first-class mail, postage prepaid, to all owners of the Bonds at their addresses as they appear on the registration books written notice of the occurrence of any event of default set forth in Section 801 of this Article within 30 days (i) after the occurrence of an event of default under clause (a) or (b) of Section 801 hereof or (ii) after the Trustee shall have notice, pursuant to the provisions of Section 908 of this Indenture, that any other such event of default shall have occurred; provided, however, that, except in the case of a default under clause (a) or (b) of Section 801 hereof, the Trustee shall be protected in withholding such notice if so long as the Board of Directors, the Executive Committee or a Trust Committee of Directors and/or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the best interest of the Bondholders. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail any such notice.

SECTION 813 REMEDIES IN ARTICLE VIII IN ADDITION TO REMEDIES IN LOAN AGREEMENT AND PLEDGE AGREEMENT. The remedies conferred in this Article shall be in addition to any remedies available to the Trustee under the Loan Agreement or any other instruments now or hereafter securing the Loan Repayments, which remedies are hereby incorporated herein by reference.

ARTICLE IX
TRUSTEE; PAYING AGENT

SECTION 901 ACCEPTANCE OF TRUSTS AND PERFORMANCE OF DUTIES. The Trustee accepts and agrees to execute the trusts imposed upon it by this Indenture, but only upon and subject to the terms and conditions set forth in this Article and subject to the provisions of this Indenture, to all of which the parties hereto and the respective holders of the Bonds agree:

(a) The Trustee may execute any of the trusts or powers hereof and perform any of its duties by or through attorneys, agents or receivers, and shall be entitled to advice of counsel concerning all matters of trusts hereof and duties hereunder.

(b) The Trustee may consult with counsel of its selection, and the advice of such counsel or any opinion of counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by the Trustee hereunder in good faith and in reliance thereon.

(c) The Trustee shall not be accountable for the use or application by the Borrower of any of the Bonds or the proceeds thereof or for the use or application of any money paid over by the Trustee in accordance with the provisions of this Indenture or for the use and application of money received by any paying agent.

(d) The Trustee shall be protected in acting and relying upon any notice, order, requisition, request, consent, certificate, order, opinion (including an opinion of independent counsel), affidavit, letter or other paper or document in good faith deemed by it to be genuine and correct and to have been signed or sent by the proper person or persons.

(e) The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty and the Trustee shall not be answerable for other than its negligence or willful misconduct.

(f) Before taking any action under this Indenture relating to an event of default or in connection with its duties under this Indenture other than making payments of principal and interest on the Bonds as they become due or causing an acceleration of the Bonds whenever required by the Indenture, the Trustee may require that a satisfactory indemnity bond be furnished for the reimbursement of all expenses to which it may be put and to protect it against all liability, including, but not limited to, any liability arising directly or indirectly under any federal, state or local statute, rule, law or ordinance related to the protection of the environment or hazardous substances and except liability which is adjudicated to have resulted from its gross negligence or willful misconduct in connection with any action so taken.

(g) The Trustee shall have no responsibility with respect to any information, statement or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Bonds, except for any information provided by the Trustee, and shall have no responsibility for compliance with any state or federal securities laws in connection with the Bonds.

(h) None of the provisions of this Indenture shall require the Trustee to expend or risk its own funds or otherwise to incur any liability, financial or otherwise, in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers if it shall have reasonable grounds for believing that repayment of such funds or indemnity satisfactory to it against such risk or liability is not assured to it.

(i) The Trustee shall have only such duties and obligations as are expressly specified in this Indenture and no duties or obligations shall be implied to the Trustee.

(j) The Trustee, prior to the occurrence of an event of default within the purview of Section 801 hereof and after the curing of all events of default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations should be read into this Indenture against the Trustee. If any event of default under this Indenture shall have occurred and be continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture and shall use the same degree of care as a prudent person would exercise or use in the circumstances in the conduct of such prudent person's own affairs.

(k) The Trustee also accepts and agrees to do and perform the duties and obligations imposed upon it by and under the Loan Agreement and any Pledge Agreement, but only upon the terms and conditions set forth in the Loan Agreement, any Pledge Agreement (if the Trustee has executed such Pledge Agreement) and this Indenture.

(l) The Trustee shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture or the Loan Agreement.

(m) In no event shall the Trustee be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(n) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each agent, custodian and other person employed to act hereunder.

(o) The Trustee may request that the Issuer and the Borrower deliver a certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture and the Loan Agreement or any Pledge Agreement.

(p) In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, epidemics or pandemics, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

SECTION 902 INDEMNIFICATION OF TRUSTEE. The Trustee shall be under no obligation to institute any suit, or to take any remedial proceeding under this Indenture or under the Loan Agreement or any Pledge Agreement, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder or under the Loan Agreement or any Pledge Agreement, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees (including counsel fees on appeal, if any) and other reasonable disbursements, and against all liability; the Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without indemnity, and in such case, subject in all respects to Section 701 hereof, the Issuer shall reimburse the Trustee, but solely from funds available therefor under the Loan Agreement, for all costs and expenses, outlays and counsel fees and other reasonable disbursements properly incurred in connection therewith to the extent not previously reimbursed by the Borrower pursuant to Section 7.3(a) of the Loan Agreement. If the Borrower shall fail to make such reimbursement pursuant to Section 7.3(a) of the Loan Agreement and the Issuer shall fail to make such reimbursement from the funds available therefor under the Loan Agreement, the Trustee may reimburse itself from any moneys in its possession under the provisions of this Indenture and it shall be entitled to a preference over any of the Bonds Outstanding hereunder.

SECTION 903 LIMITATION ON OBLIGATIONS AND RESPONSIBILITIES OF THE TRUSTEE.

(a) Trustee shall not be under any obligation to effect or maintain insurance or to renew any policies of insurance or to inquire as to the sufficiency of any policies or insurance carried by the Issuer or the Borrower, or to report, or make or file claims or proof of loss for, any loss or damage insured against or which may occur, or to keep itself informed or advised as to the payment of any taxes or assessments, or to require any such payment to be made.

(b) The Trustee shall not have any responsibility in respect to the validity, sufficiency, due execution or acknowledgment of this Indenture by the Issuer or the validity or sufficiency of the security provided hereunder or in respect of the title or value of the Project or, except as to the authentication thereof by the Trustee, in respect of the validity of the Bonds or the due execution or issuance thereof.

(c) The Trustee shall not be under any obligation to see that any duties herein imposed upon any party other than itself, or any covenants herein contained on the part of any party other than itself to be performed, shall be done or performed, and the Trustee shall not be under any obligation for failure to see that any such duties or covenants are so done or performed.

SECTION 904 TRUSTEE NOT LIABLE FOR FAILURE OF ISSUER TO ACT. The Trustee shall not be liable or responsible because of the failure of the Issuer or of any of its employees or agents to make any collections or deposits or to perform any act herein required of the Issuer or because of the loss of any moneys arising through the insolvency or the act or default or omission of any other depositary in which such moneys shall have been deposited under the provisions of this Indenture. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, withdrawn or transferred thereunder if such application, payment, withdrawal or transfer shall be made in accordance with the provisions of this Indenture. The immunities and exemptions from liability of the Trustee hereunder shall extend to its directors, officers, employees and agents.

None of the provisions of this Indenture or any Pledge Agreement shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(a) the Trustee shall not be liable for any error or judgment made in good faith by any one of its officers, unless it shall be established that the Trustee was negligent in ascertaining the pertinent facts; and

(b) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of not less than a majority in principal amount of the Bonds then outstanding relating to the time, method and place of conducting any proceeding for any remedy

available to the Trustee or exercising any trust or power conferred upon the Trustee under the provisions of this Indenture.

SECTION 905 COMPENSATION OF TRUSTEE. The Trustee, the Paying Agent, the Registrar, the Tender Agent and the relevant Remarketing Agent under this Indenture shall be entitled to reasonable compensation for their services rendered hereunder (not limited by any provision of law in regard to the compensation of the trustee of an express trust) and to reimbursement for their actual out-of-pocket expenses (including counsel fees) reasonably incurred in connection therewith except as a result of their gross negligence or willful misconduct. If the Issuer shall fail to perform any of the covenants or agreements contained in this Indenture, other than the covenants or agreements in respect of the payment of the principal of and interest on the Bonds, the Trustee may, in its discretion and without notice to the Owners of the Bonds, at any time and from time to time, make advances to effect performance of the same on behalf of the Issuer, but the Trustee shall be under no obligation to do so; but no such advance shall operate to relieve the Issuer from any default hereunder. In Section 5.1 of the Loan Agreement, the Borrower has agreed that it will pay the Trustee, the Paying Agent, the Registrar, the Tender Agent and the relevant Remarketing Agent such compensation and reimbursement of expenses and advances, but the Borrower may, without creating a default hereunder, contest in good faith the reasonableness of any such services, expenses and advances. In Section 7.3 of the Loan Agreement, the Borrower has agreed to indemnify the Trustee to the extent stated therein. If the Borrower shall have failed to make any payment to the Trustee under Section 5.1 of the Loan Agreement and such failure shall have resulted in an event of default under the Loan Agreement, the Trustee shall have, in addition to any other rights hereunder, a first lien with right of payment prior to payment on account of principal of and premium, if any, and interest on any Bond, upon the trust estate for the foregoing fees, charges and expenses incurred by it, except for moneys or obligations deposited with or paid to the Trustee for the redemption or payment of Bonds which are deemed to have been paid in accordance with Article XIII hereof and funds held pursuant to Article XIV hereof. When the Trustee incurs expenses or renders services after the occurrence of an event of default hereunder or under the Loan Agreement, such expenses and the compensation for such services are intended to constitute expenses of administration under any federal or state bankruptcy, insolvency, arrangement, moratorium, reorganization or other debtor relief law.

SECTION 906 RECORDS OPEN TO INSPECTION. All records and files pertaining to the Project in the custody of the Trustee shall be open at all reasonable times (following delivery to the Trustee of reasonable prior written notice of such party's desire to inspect such records or files) to the inspection of the Issuer, the Borrower and the agents and representatives of either of them. The Trustee shall have no duty to review or analyze such records or files and shall hold such records or files solely as a repository for the benefit of the Bondholders; the Trustee shall not be deemed to have notice of any information contained therein or event of default which may be disclosed therein in any manner.

SECTION 907 TRUSTEE MAY RELY ON CERTIFICATES. In case at any time it shall be necessary or desirable for the Trustee to make any investigation respecting any fact preparatory to taking or not taking any action or doing or not doing anything as such Trustee, and in any case in which this Indenture provides for permitting or taking any action, the Trustee may rely upon any certificate required or permitted to be filed with it under the provisions of this Indenture, and any such certificate shall be evidence of such fact to protect the Trustee in any action that it may or may not take or in respect of anything it may or may not do, in good faith, by reason of the supposed existence of such fact. Except as otherwise provided in this Indenture, any request, notice, certificate or other instrument from the Issuer or the Borrower to the Trustee shall be deemed to have been signed by the proper party or parties if signed by the Authorized Issuer Representative or by the Authorized Borrower Representative, as the case may be, and the Trustee may accept and rely upon a request, notice, certificate or other instrument so signed as to any action taken by the Issuer or the Borrower.

SECTION 908 TRUSTEE NOT DEEMED TO HAVE NOTICE OF DEFAULT. Except upon the happening of any event of default specified in clause (a) or (b) of Section 801 of this Indenture, the Trustee shall not be obliged to take notice or be deemed to have notice of any event of default hereunder or under the Loan Agreement, unless written notice of any event which is in fact such a default by the holders of not less than a majority in aggregate principal amount of the Bonds hereby secured and then outstanding is received by a Responsible Officer of the Trustee at the Principal Office of the Trustee, and such notice references the Bonds and the Indenture.

SECTION 909 TRUSTEE MAY DEAL IN BONDS AND TAKE ACTION AS BONDHOLDER. Any bank or trust company acting as Trustee under this Indenture, and its directors, officers, employees or agents, may in good faith buy, sell, own, hold and deal in any of the Bonds issued under and secured by this Indenture, and may join in the capacity of a Bondholder in any action which any bondholder may be entitled to take with like effect as if such bank or trust company were not the Trustee under this Indenture.

SECTION 910 TRUSTEE NOT RESPONSIBLE FOR RECITALS, ETC. The recitals, statements and representations contained herein and in the Bonds (excluding the Trustee's certificate of authentication on the Bonds) shall be taken and construed as made by and on the part of the Issuer and not by the Trustee, and the Trustee does not assume and shall not be under any responsibility for the correctness of the same.

SECTION 911 TRUSTEE PROTECTED IN RELYING ON CERTAIN DOCUMENTS. The Trustee shall be protected and shall incur no liability in acting or proceeding, or in not acting or not proceeding, in good faith, reasonably and in accordance with the terms of this Indenture, upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith reasonably believe to be genuine and to have adopted or signed by the purported proper board or person or to have been prepared and furnished pursuant to any

of the provisions of this Indenture, or upon the written opinion of any attorney, engineer, accountant or other expert reasonably believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument. Neither the Trustee nor the Issuer shall be under any obligation to see or cause the recording or filing of the Indenture, the Loan Agreement, any financing or continuation statement or any other document or instrument in any public office at any time or times or otherwise perfecting or maintaining the perfection of any security interest or otherwise to the giving to any person of notice of the provisions hereof or thereof.

SECTION 912 QUALIFICATIONS OF TRUSTEE. There shall at all times be a trustee hereunder which shall be a corporation organized and doing business under the laws of the United States of America or of any state or territory thereof, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least $25,000,000 and subject to supervision or examination by federal or state authority. If such corporation published reports of condition at least annually, pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purposes of this Section 912, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 912, it shall resign immediately in the manner and with the effect specified in Section 913 hereof.

SECTION 913 RESIGNATION BY AND REMOVAL OF TRUSTEE.

(a) No resignation by or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee under Section 914 hereof.

(b) The Trustee may resign at any time by giving written notice thereof to the Issuer and the Borrower. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed upon 30 day's prior written notice by demand of the holders of a majority in principal amount of the Bonds then outstanding, signed in person by such holders or by their attorneys, legal representatives or agents and delivered to the Trustee, the Issuer and the Borrower.

(d) If at any time:

(1) the Trustee shall cease to be eligible under Section 912 hereof and shall fail to resign after written request therefor by the Issuer, by the Borrower or by

any Bondholder who shall have been a bona fide Bondholder for at least six months. or

(2) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, then, in any such case, (A) the Issuer or the Borrower may remove the Trustee, or (B) any Bondholder who has been a Bondholder for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor.

(e) If the Trustee shall resign, be removed, be dissolved or otherwise become incapable of action or the bank or trust company acting as Trustee shall be taken over by any governmental official, agency, department or board, or if a vacancy shall occur in the office of the Trustee for any reason, the Issuer at the direction of the Borrower shall promptly appoint a successor. If, within thirty (30) days after such resignation, removal, incapability or taking over, or the occurrence of such vacancy, a successor Trustee shall be appointed by an instrument or concurrent instruments in writing executed by the holders of a majority in principal amount of the Bonds then outstanding and delivered to the Issuer, the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede the successor Trustee appointed by the Issuer and approved by the Borrower. Photographic copies of each such instrument shall be delivered promptly by the Issuer to the Borrower, to the successor Trustee appointed by the Issuer and to the successor Trustee so appointed by the Bondholders. If no successor Trustee shall have been so appointed and accepted appointment within thirty (30) days of such resignation, removal, dissolution, incapability or the occurrence of a vacancy in the office of Trustee, in the manner herein provided, the Trustee or holder of any Bond may petition any court of competent jurisdiction for the appointment of a successor Trustee, until a successor shall have been appointed as above provided.

(f) The resigning Trustee or Trustee being removed shall give notice, on behalf of the Issuer, of any resignation or removal, as applicable, of the Trustee and each appointment of a successor Trustee by mailing written notice of such event by first class mail, postage prepaid, to all registered owners of Bonds at their addresses as they may appear on the registration books. Each notice shall include the name of the successor Trustee and the address of its principal office. The Issuer and such resigning Trustee or Trustee being removed shall not, however, be subject to any liability to any Bondholder by reason of the failure to mail any such notice.

(g) The resigning Trustee or Trustee being removed shall be entitled to be paid in full for any amount owing to it under Section 905 of this Indenture prior to signing any agreements transferring the transaction to a successor Trustee.

SECTION 914 APPOINTMENT OF SUCCESSOR TRUSTEE. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor, and also to the Issuer, an instrument in writing accepting such appointment hereunder, and thereupon such successor Trustee, without any further act, shall become fully vested with all the rights, immunities, powers and trusts, and subject to all the duties and obligations, of its predecessor; but such predecessor shall, nevertheless, on the written request of its successors or of the Issuer, and upon payment of the expenses, charges and other disbursements of such predecessor which are payable pursuant to the provisions of Section 905 of this Article, execute and deliver an instrument transferring to such successor Trustee all the rights, immunities, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all property and moneys held by it hereunder to its successor. Should any instrument in writing from the Issuer be required by any successor Trustee for more fully and certainly vesting in such Trustee the rights, immunities, powers and trusts hereby vested or intended to be vested in the predecessor Trustee, any such instrument in writing shall and will, on request, be executed, acknowledged and delivered by the Issuer.

Notwithstanding any of the foregoing provisions of this Article, any bank, corporation or association into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any bank, corporation or association succeeding to all or substantially all of the corporate trust business of the Trustee, having power to perform the duties and execute the trusts of this Indenture and otherwise qualified to act as Trustee hereunder, shall be the successor of the Trustee hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto except on the part of any of the parties hereto where an instrument of transfer or assignment is required by law to effect such succession, anything herein to the contrary notwithstanding; provided however, that such successor shall provide prior written notice to the Issuer and the Borrower, including evidence of eligibility of the successor, and shall be responsible for all notifications required under applicable law or any contractual undertaking entered into by the Borrower for continuing disclosure entered into pursuant to Securities and Exchange Commission Rule 15c2-12.

SECTION 915 SEPARATE TRUSTEE OR CO-TRUSTEE. It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction (including particularly the law of Florida) denying or restricting the right of banking corporations or associations to transact business as trustees in such jurisdiction. Therefore, in the event of the incapacity or lack of authority of the Trustee, as determined by the Trustee, by reason of any present or future law of any jurisdiction, to exercise any of the

powers, rights or remedies herein granted to the Trustee or to hold title to the property in trust as herein granted or to take other action which may be necessary or desirable in connection therewith in such jurisdiction, the Trustee may appoint an additional individual or institution as a separate Trustee or Co-Trustee, and each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate Trustee or Co-Trustee to exercise such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate Trustee or Co-Trustee shall run to and be enforceable by either of them.

Should any conveyance or instrument in writing from the Issuer be required by the separate Trustee or Co-Trustee so appointed by the Trustee for more fully and certainly vesting in and confirming to him or it such properties, rights, powers, trusts, duties and obligations, any and all such conveyances and instruments in writing shall, on request, be executed, acknowledged and delivered by the Issuer. In case any separate Trustee or Co-Trustee, or a successor to either, shall die, become incapable of acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such separate Trustee or Co-Trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new Trustee or successor to such separate Trustee or Co-Trustee.

SECTION 916 [RESERVED].

SECTION 917 PAYING AGENT. The Tender Agent is hereby appointed as the initial Paying Agent. The Borrower shall appoint any successor Paying Agent for the Bonds, subject to the conditions set forth in Section 918 hereof. Each Paying Agent (if not also the Trustee) shall designate to the Trustee its Principal Office and signify its acceptance of the duties and obligations imposed upon it hereunder by a written instrument of acceptance delivered to the Issuer, the Borrower and the Trustee under which such Paying Agent will agree, particularly:

(a) to hold all sums held by it for the payment of the principal of and interest and any premium on Bonds in trust for the benefit of the Owners until such sums shall be paid to the Owners or otherwise disposed of as herein provided; and

(b) to keep such books and records as shall be consistent with prudent industry practice and to make such books and records available for inspection by the Issuer, the Trustee and the Borrower at all reasonable times.

The Issuer shall cooperate with the Trustee and the Borrower to cause the necessary arrangements to be made and to be thereafter continued whereby funds will be made available for the payment when due of the Bonds as presented at the Principal Office of the Paying Agent.

SECTION 918 QUALIFICATIONS OF PAYING AGENT; RESIGNATION; REMOVAL. The Paying Agent shall be a bank, a trust company or another corporation duly organized under the laws of the United States of America or any state or territory thereof, and, in each case, having a combined capital and surplus of at least $25,000,000 and authorized by law to perform all the duties imposed upon it by this Indenture. The Paying Agent may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 60 days' notice to the Issuer, the Borrower and the Trustee. The Paying Agent may be removed at any time by an instrument, signed by the Borrower, filed with the Issuer, the Paying Agent and the Trustee.

Notwithstanding any of the foregoing provisions of this Article, any bank, corporation or association into which the Paying Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Paying Agent shall be a party, or any bank, corporation or association succeeding to all or substantially all of the corporate trust business of the Paying Agent, having power to perform the duties and execute the trusts of this Indenture and otherwise qualified to act as the Paying Agent hereunder, shall be the successor of the Paying Agent hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto except on the part of any of the parties hereto where an instrument of transfer or assignment is required by law to effect such succession, anything herein to the contrary notwithstanding; provided however, that such successor shall provide prior written notice to the Issuer and the Borrower, including evidence of eligibility of the successor.

In the event of the resignation or removal of the Paying Agent, the Paying Agent shall pay over, assign and deliver any moneys held by it in such capacity to its successor or, if there be no successor, to the Trustee.

If an instrument of acceptance by a successor Paying Agent shall not have been delivered to the Paying Agent within sixty (60) days after the giving of such notice of resignation, the resigning Paying Agent may petition any court of competent jurisdiction for the appointment of a successor Paying Agent. If no successor Paying Agent shall have been so appointed and accepted appointment within sixty (60) days of such resignation, removal, incapability or the occurrence of a vacancy in the office of Paying Agent, in the manner herein provided, the Paying Agent or any Bondowner may petition any court of competent jurisdiction for the appointment of a successor Paying Agent, until a successor shall have been appointed as above provided.

In the event that the Paying Agent shall resign, be removed or be dissolved, or if the property or affairs of the Paying Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy, insolvency or any other reason, and the Borrower shall not have appointed its successor as Paying Agent, the Paying Agent or any Bondholder may petition any court of competent jurisdiction for the appointment of a successor Paying Agent, until a successor shall have been appointed as above provided

and the Trustee shall ipso facto be deemed to be the Paying Agent for all purposes of this Indenture until the appointment of the Paying Agent or successor Paying Agent, as the case may be.

The resigning Paying Agent or Paying Agent being removed shall be entitled to be paid in full for any amount owing to it under Section 905 of this Indenture prior to signing any agreements transferring the transaction to a successor Paying Agent.

SECTION 919 REGISTRAR. The Tender Agent is hereby appointed as the initial Registrar. The Borrower shall appoint any successor Registrar for the Bonds, subject to the conditions set forth in Section 920 and Section 206 hereof. Each Registrar (if not also the Trustee) shall designate to the Trustee its Principal Office and signify its acceptance of the duties imposed upon it hereunder by a written instrument of acceptance delivered to the Issuer, the Borrower and the Trustee under which such Registrar will agree, particularly, to keep such books and records as shall be consistent with prudent industry practice and to make such books and records available for inspection by the Issuer, the Trustee and the Borrower at all reasonable times.

The Issuer shall cooperate with the Trustee and the Borrower to cause the necessary arrangements to be made and to be thereafter continued whereby Bonds, executed by the Issuer and authenticated by the Registrar, shall be made available for exchange and registration of transfer at the Principal Office of the Registrar. The Issuer shall cooperate with the Trustee, the Registrar and the Borrower to cause the necessary arrangements to be made and thereafter continued whereby the Paying Agent and each Remarketing Agent shall be furnished such records and other information, at such times, as shall be required to enable the Paying Agent and each Remarketing Agent to perform the duties and obligations imposed upon them hereunder.

SECTION 920 QUALIFICATIONS OF REGISTRAR; RESIGNATION; REMOVAL. The Registrar shall be a corporation duly organized under the laws of the United States of America or any state or territory thereof, having a combined capital and surplus of at least $25,000,000 and authorized by law to perform all the duties imposed upon it by this Indenture. The Registrar may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 60 days' notice to the Issuer, the Trustee and the Borrower. The Registrar may be removed at any time by an instrument, signed by the Borrower, filed with the Issuer, the Registrar and the Trustee.

Notwithstanding any of the foregoing provisions of this Article, any bank, corporation or association into which the Registrar may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Registrar shall be a party, or any bank, corporation or association succeeding to all or substantially all of the corporate trust business of the Registrar, having power to perform the duties and execute the trusts of this Indenture and otherwise qualified to act as the Registrar hereunder, shall be the successor of the Registrar

hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto except on the part of any of the parties hereto where an instrument of transfer or assignment is required by law to effect such succession, anything herein to the contrary notwithstanding; provided however, that such successor shall provide prior written notice to the Issuer and the Borrower, including evidence of eligibility of the successor.

In the event of the resignation or removal of the Registrar, the Registrar shall deliver any Bonds held by it in such capacity to its successor or, if there be no successor, to the Trustee.

If an instrument of acceptance by a successor Registrar shall not have been delivered to the Registrar within sixty (60) days after the giving of such notice of resignation, the resigning Registrar may petition any court of competent jurisdiction for the appointment of a successor Registrar. If no successor Registrar shall have been so appointed and accepted appointment within sixty (60) days of such resignation, removal, incapability or the occurrence of a vacancy in the office of Registrar, in the manner herein provided, the Registrar or any Bondowner may petition any court of competent jurisdiction for the appointment of a successor Registrar, until a successor shall have been appointed as above provided.

In the event that the Registrar shall resign, be removed or be dissolved, or if the property or affairs of the Registrar shall be taken under the control of any state or federal court or administrative body because of bankruptcy, insolvency or any other reason, and the Borrower shall not have appointed its successor as Registrar, The Registrar or any Bondholder may petition any court of competent jurisdiction for the appointment of a successor Registrar, until a successor shall have been appointed as above provided and the Trustee shall ipso facto be deemed to be the Registrar for all purposes of this Indenture until the appointment by the Borrower of the Registrar or successor Registrar, as the case may be.

The resigning Registrar or Registrar being removed shall be entitled to be paid in full for any amount owing to it under Section 905 of this Indenture prior to signing any agreements transferring the transaction to a successor Registrar.

SECTION 921 PROCEDURES WITH DTC. During any period when the Bonds are held under the book-entry system maintained by DTC, the Trustee is hereby directed to comply with the provisions of the Letter of Representations and the other applicable procedures of DTC and, to the extent such provisions conflict with the provisions of this Indenture, the provisions of the Letter of Representations and such procedures shall control with respect to Bonds to which such Letter of Representations and such procedures apply. Notwithstanding any other provisions of this Indenture to the contrary, the Issuer and the Remarketing Agent agree to give the Trustee such notices and to make payment at such time or times as shall be necessary in order to enable the Trustee

to comply with the provisions of the Letter of Representations and DTC's applicable procedures. Neither the Issuer nor the Trustee shall have any responsibility or obligation to DTC participants or the persons for whom they act as nominees with respect to the Bonds regarding accuracy of any records maintained by DTC or DTC participants, the payments by DTC or DTC participants of any amount in respect of principal, redemption price or interest on the Bonds, any notice which is permitted or required to be given to or by Owners hereunder (except such notice as is required to be given by the Issuer to the Trustee or to DTC), or any consent given or other action taken by DTC as Bondowner.

In the event that Bonds are no longer held under the book-entry system maintained by DTC and are issued to the owners thereof in bond (physical) form, the Registrar will authenticate and deliver to the owners of the Bonds a new Bond or Bonds in the principal amount equal to the aggregate principal amount of Bonds then Outstanding (less the principal amount of the Bonds not held by means of a book-entry system), registered in the name of the owners, in exchange for the Bond or bonds then held by DTC and DTC shall surrender such Bond or Bonds then held by it to the Trustee for cancellation and destruction in accordance with the terms of Section 506 hereof.

In connection with any proposed transfer of Bonds outside the book-entry system maintained by DTC, the Issuer, the Borrower or DTC shall be required to provide or cause to be provided to the Registrar all information that is (i) available to the Issuer, the Borrower or DTC, as applicable, (ii) necessary to allow the Registrar to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code, and (iii) specifically and timely requested in writing by the Registrar. Any transferor shall also provide or cause to be provided to the Registrar all information that is (i) available to such transferor, (ii) necessary to allow the Registrar to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code, and (iii) specifically and timely requested by the Registrar. The Registrar may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

ARTICLE X
EXECUTION OF INSTRUMENTS BY BONDHOLDERS AND PROOF OF OWNERSHIP OF BONDS

SECTION 1001 CONSENTS, ETC., OF BONDHOLDERS. Any request, direction, consent or other instrument in writing required or permitted by this Indenture to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor and may be signed or executed by such Bondholders or their attorneys or legal representatives. Proof of the execution of any such instrument and of the ownership of Bonds shall be sufficient for any purpose of this Indenture and shall be conclusive in favor

of the Trustee with regard to any action taken by it under such instrument if made in the following manner:

(a) The fact and date of the execution by any person of any such instrument may be proved in accordance with such reasonable rules as the Trustee may adopt.

(b) The ownership of Bonds shall be proved by the registration books kept under the provisions of Section 206 of this Indenture.

But nothing contained in this Article shall be construed as limiting the Trustee to such proof, it being intended that the Trustee may accept any other evidence of the matters herein stated which it may deem sufficient. (a) to cure any ambiguity or defect or omission in this Indenture or in any supplemental trust indenture;

(b) to grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Bondholders or the Trustee;

(c) to confirm the lien of this Indenture or to subject to this Indenture additional revenues, properties or collateral;

(d) to correct any description of, or to reflect changes in, any properties comprising the Project;

(e) in connection with any other change which, as determined in good faith by the Borrower, upon which determination the Trustee shall be permitted to conclusively rely, will not restrict, limit or reduce the obligation of the Issuer to pay the principal of and premium, if any, and interest on the Bonds or otherwise impair the security of the Bondholders under this Indenture;

(f) to modify, amend or supplement this Indenture or any supplemental trust indenture hereto in such manner as to permit the qualification hereof and thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the states of the United States;

(g) to make amendments to the provisions hereof relating to matters under Section 148(f) of the Code, provided that an opinion of Bond Counsel, to the effect that such amendments will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds, is delivered to the Trustee;

(h) to authorize different Authorized Denominations of the Bonds and to make correlative amendments and modifications to this Indenture regarding exchangeability of Bonds of different Authorized Denominations, redemptions of portions of Bonds of particular Authorized Denominations and similar amendments and modifications of a technical nature;

(i) to increase or decrease the number of days specified in Sections 201(d)(ii) and (iii), 201(e)(ii) and (iii), 201(f)(i), (ii), (iii) and (iv) and 201(g)(i), (ii) and (iii) hereof; provided that no decreases in any such number of days shall become effective except during a Daily Interest Rate Period or a Weekly Interest Rate Period and until 30 days after the Trustee shall have given notice to the holders of the Bonds affected thereby;

(j) to make any amendments appropriate or necessary to provide for the delivery of additional collateral or any insurance policy, irrevocable transferable letter of credit, guaranty, surety bond, line of credit, revolving credit agreement or other agreement or security device delivered to the Trustee and providing for (i) payment of the principal, interest and redemption premium on either series of the Bonds or a portion thereof, or (ii) payment of the purchase price of either series of the Bonds, or (iii) both (i) and (ii); or

(k) on any date on which all of the Bonds are subject to mandatory purchase to modify the Indenture in any respect (even if to the adverse interest of Owners) provided that such supplement will not be effective until after such mandatory purchase and the payment of the purchase price in connection therewith,

SECTION 1102 SUPPLEMENTAL INDENTURES REQUIRING CONSENT OF BONDHOLDERS. Subject to the terms and provisions contained in this Section, and not otherwise, the holders of not less than a majority in aggregate principal amount of the Bonds then outstanding and the Borrower shall have the right, from time to time, anything contained in this Indenture to the contrary notwithstanding, to consent to and approve the execution by the Issuer and the Trustee of such trust indenture or trust indentures supplemental hereto as shall be deemed necessary or desirable by the Issuer for the purpose of modifying, altering, amending, adding to or rescinding, in any particular way, any of the terms or provisions contained in this Indenture or in any supplemental trust indenture; provided, however, that, unless approved in writing by the holders of all Bonds then Outstanding and the Borrower, nothing herein contained shall permit, or be construed as permitting, (a) an extension of the maturity of the principal of or the interest on any Bond issued hereunder, (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, (c) the creation of a lien upon or a pledge of the Loan Repayments or any other income derived from the sale, leasing or operation of the Project other than the lien and pledge created by this Indenture, (d) a preference or priority of any Bond or Bonds over any other Bond or Bonds, or (e) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental trust indenture. Nothing herein contained, however, shall be construed as making necessary the approval by Bondholders of the execution of any supplemental trust indenture as authorized in Section 1101 of this Article.

If at any time the Issuer shall request the Trustee to enter into any supplement or amendment for any of the purposes of this Section, the Trustee shall, at the expense of the

Borrower, cause notice of the proposed execution of such supplement or amendment to be mailed by first class mail, postage prepaid, to all owners of Bonds at their addresses as they appear on the registration books. Such notice shall briefly set forth the nature of the proposed supplement or amendment and shall state that copies thereof are on file at the Principal Office of the Trustee for inspection by any Bondholder. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail any such notice, and any such failure shall not affect the validity of such supplement or amendment when consented to and approved as provided in this Section.

Whenever, at any time within one year after the date of the mailing of such notice, the Issuer shall deliver to the Trustee an instrument or instruments in writing purporting to be executed by the holders of not less than the required aggregate principal amount of the Bonds then Outstanding and the Borrower, which instrument or instruments shall refer to the proposed supplemental trust indenture described in such notice and shall specifically consent to and approve the execution thereof in substantially the form of the copy thereof referred to in such notice, thereupon, but not otherwise, the Trustee may execute such supplemental trust indenture in substantially such form, without liability or responsibility to any holder of any Bond, whether or not such holder shall have consented thereto.

If the holders of not less than the percentage of Bonds required by this Section 1102 shall have consented to and approved the execution thereof as herein provided, no holder of any Bond shall have any right to object to the execution of such supplement or amendment, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Issuer from executing the same or from taking any action pursuant to the provisions thereof.

Upon the execution of any supplement or amendment pursuant to the provisions of this Section, this Indenture shall be and be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Indenture of the Issuer, the Trustee and all holders of Bonds then Outstanding shall thereafter be determined, exercised and enforced hereunder, subject in all respects to such modifications and amendments.

SECTION 1103 ANY SUPPLEMENTAL INDENTURE SHALL BE DEEMED A PART OF INDENTURE. The Trustee is authorized to join with the Issuer in the execution of any supplemental trust indenture hereto and to make the further agreements and stipulations which may be contained therein. Any supplemental trust indenture executed in accordance with the provisions of this Article shall thereafter form a part of this Indenture, and all of the terms and conditions contained in any such supplemental trust indenture as to any provision authorized to be contained therein shall be and shall be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

SECTION 1104 DISCRETION OF TRUSTEE; RELIANCE ON COUNSEL. In each and every case provided for in this Article, the Trustee shall be entitled to exercise its discretion in determining whether or not to execute any proposed supplemental trust indenture, if the rights. obligations and interests of the Trustee would be affected, and the Trustee shall not be under any responsibility or liability to the Issuer or to any Bondholder or to anyone whomsoever for its refusal in good faith to enter into any such supplemental trust indenture if such supplemental trust indenture is deemed by it to be contrary to the provisions of this Article. The Trustee shall be entitled to receive, and shall be fully protected in relying upon, the opinion of any counsel approved by it, who may be Bond Counsel or counsel for the Borrower, as conclusive evidence that any such proposed supplemental trust indenture does or does not comply with the provisions of this Indenture, and that it is or is not proper for it, under the provisions of this Article, to join in the execution of such supplemental trust indenture.

SECTION 1201 SUPPLEMENTAL LOAN AGREEMENTS AND SUPPLEMENTAL PLEDGE AGREEMENTS NOT REQUIRING CONSENT OF BONDHOLDERS. Without the consent of any Bondholder, the Issuer and the Borrower may enter into, and the Trustee may consent to, from time to time and at any time, such agreements supplemental to the Loan Agreement as shall not be inconsistent with the terms and provisions thereof and, if a Pledge Agreement shall then be in effect, the Trustee may enter into any agreement supplemental to the Pledge Agreement as shall not be inconsistent with the terms thereof, which in the opinion of Bond Counsel shall not be detrimental to the interests of the Bondholders (except with respect to (d) below), which supplemental agreements shall thereafter form a part of the Loan Agreement and Pledge Agreement, respectively,

(a) to cure any ambiguity or defect or omission in the Loan Agreement or in any supplemental agreement, or in any Pledge Agreement or in any supplemental pledge agreement then in effect, or

(b) to grant to or confer upon the Issuer or the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Issuer or the Bondholders or the Trustee, or

(c) to correct any description of, or to reflect changes in, any properties comprising the Project, or

(d) on any date on which all of the Bonds are subject to mandatory purchase to modify the Loan Agreement and/or Pledge Agreement in any respect (even if to the adverse interest of Owners) provided that such supplement will not be effective until after such mandatory purchase and the payment of the purchase price in connection therewith; or

(e) in connection with any other change which, as determined in good faith by the Borrower, upon which determination the Trustee shall be permitted to conclusively rely, will not restrict, limit or reduce the obligation of the Borrower to pay the Loan Repayments or otherwise materially impair the security of the Bondholders under this Indenture.

SECTION 1202 SUPPLEMENTAL LOAN AGREEMENTS AND SUPPLEMENTAL PLEDGE AGREEMENTS REQUIRING CONSENT OF BONDHOLDERS. Except for supplemental agreements or supplemental pledge agreements provided for in Section 1201 of this Article or amendments to the Loan

Agreement and any Pledge Agreement as therein provided for, the Issuer shall not enter into and the Trustee shall not consent to any supplemental agreement or amendment to the Loan Agreement or enter into any supplemental pledge agreement or amendment to any Pledge Agreement unless notice of the proposed execution of such supplemental agreement, supplemental pledge agreement or amendment shall have been given and the holders of not less than a majority in aggregate principal amount of the Bonds then outstanding shall have consented to and approved the execution thereof all as provided for in Section 1102 of this Indenture in the case of supplemental trust indentures; provided that the Trustee shall be entitled to receive, and shall be fully protected in relying upon, the opinion of counsel for the Borrower or Bond Counsel, as conclusive evidence that any such proposed supplemental agreement, supplemental pledge agreement or amendment does or does not comply with the provisions of this Indenture, the Loan Agreement and any Pledge Agreement, as the case may be, and that it is or is not proper for it, under the provisions of this Articles, to join in the execution of such supplemental agreement, supplemental pledge agreement or amendment and that the execution of such supplemental agreement, supplemental pledge agreement or amendment is authorized or permitted hereunder and under the Loan Agreement and any Pledge Agreement, as the case may be.

If payment of less than all of the Bonds is to be provided for in the manner and with the effect expressed in this Section, the Trustee shall select such Bonds, or portions thereof, in the manner specified in Section 301 hereof for selection for redemption of less than all Bonds in the principal amounts designated to the Trustee by the Borrower.

PNC Capital Markets LLC shall be the initial Remarketing Agent for the Series 2024B Bonds. The Borrower shall appoint any successor Remarketing Agent for the Bonds, subject to the conditions set forth in Section 1402(a) hereof. The term of appointment of any Remarketing Agent shall expire, and the Borrower shall appoint a successor Remarketing Agent, upon the adjustment of the interest rate determination method for the Bonds in accordance with Section 201 hereof; provided, however, that the Borrower may elect to appoint the then-current Remarketing Agent as the successor Remarketing Agent, in which event any remarketing agreement between the Borrower and the then-current Remarketing Agent may, at the option of the Borrower, remain in effect during such new term of appointment. Each Remarketing Agent shall designate its Principal Office and signify its acceptance of the duties and obligations imposed upon it hereunder by a written instrument of acceptance delivered to the Issuer, the Trustee, the Tender Agent and the Borrower under which each Remarketing Agent will agree, particularly, to keep such books and records as shall be consistent with prudent industry practice and to make such books and records available for inspection by the Issuer, the Trustee, the Tender Agent and the Borrower at all reasonable times.

(b) The initial Tender Agent shall be Regions Bank. The Borrower shall appoint any successor Tender Agent for the Bonds, subject to the conditions set forth in Section 1402(b) hereof. By acceptance of its appointment hereunder, the Tender Agent agrees:

(i) to hold all Bonds delivered to it pursuant to Section 202 hereof, as agent and bailee of, and in escrow for the benefit of, the respective Owners which shall have so delivered such Bonds until moneys representing the purchase price of such Bonds shall have been delivered to or for the account of or to the order of such Owners;

(ii) to establish and maintain, and there is hereby established with the Tender Agent, a separate segregated trust fund designated as the "Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024 Purchase Fund" (the "Purchase Fund"), including any subaccounts within the Purchase Fund, as

directed in writing by the Borrower, until such time as it has been discharged from its duties as Tender Agent hereunder:

(iii) to hold all moneys (without investment thereof) delivered to it hereunder for the purchase of Bonds pursuant to Section 202 hereof in the Purchase Fund for the purchase of Bonds pursuant to Section 202 hereof, as agent and bailee of, and in escrow for the benefit of, the person or entity which shall have so delivered such moneys until the Bonds purchased with such moneys shall have been delivered to or for the account of such person or entity;

(iv) to hold all Bonds registered in the name of the new Owners thereof and make such Bonds available for delivery to the relevant Remarketing Agent in accordance with the Tender Agreement; and

(v) to keep such books and records as shall be consistent with prudent industry practice and to make such books and records available for inspection by the Issuer, the Trustee, the Borrower and the relevant Remarketing Agent at all reasonable times (following reasonable prior written notice of such party's desire to inspect such books and records).

The Issuer shall cooperate with the Borrower and the Trustee to cause the necessary arrangements to be made and to be thereafter continued to enable the Tender Agent to perform its duties and obligations described above.

SECTION 1402 QUALIFICATIONS OF REMARKETING AGENT AND TENDER AGENT; RESIGNATION; REMOVAL.

(a) Each Remarketing Agent shall be a member of the Financial Industry Regulatory Authority, having a combined capital stock, surplus and undivided profits of at least $25,000,000 and authorized by law to perform all the duties imposed upon it by this Indenture. Each Remarketing Agent may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 45 days' notice to the Issuer, the Trustee, the Tender Agent and the Borrower. Such resignation shall take effect on the earlier of the day a successor Remarketing Agent shall have been appointed by the Borrower and shall have accepted such appointment or 45 days from the date each Remarketing Agent submits such resignation. The Borrower may from time to time remove each Remarketing Agent upon five Business Days' notice and appoint a different Remarketing Agent by an instrument signed by the Borrower and filed with the Issuer, each Remarketing Agent, the Trustee and the Tender Agent.

(b) The Tender Agent shall be a corporation or a national or state banking association or trust company duly organized under the laws of the United States of

America or any state or territory thereof, and, if not a bank or trust company, and in any case having a combined capital stock, surplus and undivided profits of at least $25,000,000 and authorized by law to perform all the duties imposed upon it by this Indenture and the Tender Agreement. The Tender Agent may at any time resign and be discharged of the duties and obligations created by this Indenture by giving at least 60 days' notice to the Issuer, the Trustee, the Borrower and each Remarketing Agent. Such resignation shall take effect on the day a successor Tender Agent shall have been appointed by the Borrower and shall have accepted such appointment. The Tender Agent may be removed by the Borrower, upon 30 days' prior notice by an instrument signed by the Borrower, filed with the Tender Agent, the Issuer, the Trustee, and the relevant Remarketing Agents.

Notwithstanding any of the foregoing provisions of this Article, any bank, corporation or association into which the Tender Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Tender Agent shall be a party, or any bank, corporation or association succeeding to all or substantially all of the corporate trust business of the Tender Agent, having power to perform the duties and execute the trusts of this Indenture and otherwise qualified to act as the Tender Agent hereunder, shall be the successor of the Tender Agent hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto except on the part of any of the parties hereto where an instrument of transfer or assignment is required by law to effect such succession, anything herein to the contrary notwithstanding; provided however, that such successor shall provide prior written notice to the Issuer and the Borrower, including evidence of eligibility of the successor.

In the event of the resignation or removal of the Tender Agent, the Tender Agent shall deliver any Bonds and moneys held by it in such capacity to its successor or, if there is no successor, to the Trustee.

If an instrument of acceptance by a successor Tender Agent shall not have been delivered to the Tender Agent within sixty (60) days after the giving of such notice of resignation, the resigning Tender Agent may petition any court of competent jurisdiction for the appointment of a successor Tender Agent. If no successor Tender Agent shall have been so appointed and accepted appointment within sixty (60) days of such resignation, removal, incapability or the occurrence of a vacancy in the office of Tender Agent, in the manner herein provided, the Tender Agent or any Bondowner may petition any court of competent jurisdiction for the appointment of a successor Tender Agent, until a successor shall have been appointed as above provided.

In the event that the Tender Agent shall resign, be removed or be dissolved, or if the property or affairs of the Tender Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy, insolvency or any other reason, and the Borrower shall not have appointed its successor as Tender Agent, the Tender Agent

or any Bondholder may petition any court of competent jurisdiction for the appointment of a successor Tender Agent, until a successor shall have been appointed as above provided and the Trustee shall ipso facto be deemed to be the Tender Agent for all purposes of this Indenture until the appointment of the Tender Agent or successor Tender Agent, as the case may be.

The resigning Tender Agent or Tender Agent being removed shall be entitled to be paid in full for any amount owing to it under Section 905 of this Indenture prior to signing any agreements transferring the transaction to a successor Tender Agent.

SECTION 1403 NOTICE OF BONDS DELIVERED FOR PURCHASE; PURCHASE OF BONDS.

(a) The Tender Agent shall determine timely and proper delivery of Bonds pursuant to this Indenture and the proper endorsement of such Bonds. Such determination shall be binding on the Owners of such Bonds, the Issuer, the Borrower, each Remarketing Agent and the Trustee absent manifest error. As promptly as practicable, in accordance with the provisions of the Tender Agreement, the Tender Agent shall give telephonic notice, promptly confirmed by a written notice, to the Trustee, each Remarketing Agent and the Borrower specifying the principal amount of Bonds, if any, as to which it shall receive notice of tender for purchase in accordance with Sections 202(a) or (b).

(b) Bonds required to be purchased in accordance with Section 202 hereof shall be purchased from the Owners thereof, on the date and at the purchase price at which such Bonds are required to be purchased. Funds for the payment of such purchase price shall be derived from the following sources in the order of priority indicated:

(c) (i) The Registrar shall authenticate a new Bond or Bonds in an aggregate principal amount equal to the principal amount of Bonds purchased in accordance with Section 1403(b), whether or not the Bonds so purchased are

presented by the Owners thereof, bearing a number or numbers not contemporaneously outstanding. Every Bond authenticated and delivered as provided in this Section 1403(c) shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Bonds duly issued hereunder. The Registrar shall maintain a record of the Bonds purchased as provided in this Section 1403, together with the names and addresses of the former Owners thereof.

(ii) In the event any Bonds purchased as provided in this Section 1403 shall not be presented to the Tender Agent, the Tender Agent shall segregate and hold the moneys for the purchase price of such Bonds in trust for the benefit of the former Owners of such Bonds, who shall, except as provided in the following sentence, thereafter be restricted exclusively to such moneys for the satisfaction of any claim for the purchase price of such Bonds. Any moneys which the Tender Agent shall segregate and hold in trust for the payment of the purchase price of any Bond and remaining unclaimed for one year after the date of purchase shall, upon the Borrower's written request to the Tender Agent, be paid to the Borrower. After the payment of such unclaimed moneys to the Borrower, the former Owner of such Bond shall look only to the Borrower for the payment thereof. In the absence of any such written request from the Borrower, the Tender Agent shall from time to time deliver such unclaimed funds to or as directed by pertinent escheat authority, as identified by the Tender Agent in its sole discretion, pursuant to and in accordance with applicable unclaimed property laws, rules or regulations. Any such delivery shall be in accordance with the customary practices and procedures of the Tender Agent and the escheat authority. Any money held by the Tender Agent pursuant to this paragraph shall be held uninvested and without any liability for interest.

The Issuer, the Trustee, the Borrower, the Tender Agent, and each Remarketing Agent may, by notice given hereunder, designate any further or different addresses to which subsequent communications under this Indenture may be sent.

Furthermore, the Trustee shall have the right to accept and act upon any notice, demand, direction, request or other instructions, including funds transfer instructions ("Instructions"), given pursuant to this Indenture or any other document reasonably relating to the Bonds and delivered using Electronic Means (as defined below); provided, however, that the Borrower, the Issuer or and such other party giving such Instruction (the "Sender") shall provide to the Trustee an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing telephone numbers and specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the Sender whenever a person is to be added or deleted from the listing. If the Sender elects to give the Trustee Instructions using Electronic Means and the Trustee in its discretion elects to act upon such Instructions, the Trustee's understanding of such Instructions shall be deemed controlling. The Borrower, the Issuer and any other Sender understand and agree that the Trustee cannot determine the identity of the actual sender of such Instructions and that the Trustee shall conclusively presume that Instructions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Officer. Each Sender shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Trustee and that the Sender and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the Sender. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written Instructions. The Borrower agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee,

including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Borrower for use by the Borrower, the Issuer and the other parties who may give instructions to the Trustee under this Indenture; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures. "Electronic Means" shall mean the following communications methods: S.W.I.F.T., e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Trustee, or another method or system specified by the Trustee as available for use in connection with its services hereunder.

All documents received by the Trustee under the provisions of this Indenture, or photographic copies thereof, shall be retained in its possession until this Indenture shall be released under the provisions of this Indenture, subject at all reasonable times to the inspection of the Issuer, the Borrower, any Bondholder and any agent or representative thereof. A copy of any notice, certificate or other communication given pursuant to this Indenture shall also be given to the Borrower at the address set forth in Section 12.1 of the Loan Agreement.

SECTION 1503 MANNER OF NOTICE. If, because of the temporary or permanent suspension of publication of any newspaper or financial journal or for any other reason, the Trustee shall be unable to publish in a newspaper or financial journal any notice required to be published by the provisions of this Indenture, the Trustee shall give such notice in such other manner as directed by the Issuer in writing, and the giving of such notice in such manner shall for all purposes of this Indenture be deemed to be in compliance with the requirement for the publication thereof.

SECTION 1504 ISSUER, TRUSTEE, THE BORROWER AND BONDHOLDERS ALONE HAVE RIGHTS UNDER INDENTURE. Except as herein otherwise expressly provided, nothing in this Indenture express or implied is intended or shall be construed to confer upon any person, other than the parties hereto, the Borrower and the holders from time to time of the Bonds issued under and secured by this Indenture, any right, remedy or claim, legal or equitable, under or by reason of this Indenture or any provision thereof, this Indenture and all its provisions being intended to be and being for the sole and exclusive benefit of the parties hereto, the Borrower and the holders from time to time of the Bonds issued hereunder.

SECTION 1505 SEVERABILITY AND EFFECT OF INVALIDITY. In case any one or more of the provisions of this Indenture or of the Bonds issued hereunder

shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Indenture or of said Bonds.

SECTION 1506 RELEASE OF OFFICERS, EMPLOYEES AND AGENTS OF ISSUER. All covenants, stipulations, obligations and agreements of the Issuer contained in this Indenture shall be deemed to be covenants, stipulations, obligations and agreements of the Issuer to the full extent permitted by the Constitution and laws of the State of Florida. No covenant, stipulation, obligation or agreement contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future member of the Issuer, the Chairman, or other officer, agent or employee of the Issuer in his individual capacity, and neither the members of the Issuer, nor the Chairman or any other officer of the Issuer executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof. No member of the Issuer, the Chairman, and no other officer, agent or employee of the Issuer shall incur any personal liability in acting or proceeding or in not acting or not proceeding, in good faith, reasonably and in accordance with the terms of this Indenture.

SECTION 1507 IF PAYMENT OR PERFORMANCE DATE NOT A BUSINESS DAY. If the date for making any payment of principal or premium, if any, or interest or the last date for performance of any act or the exercising of any right, as provided in this Indenture, shall be a legal holiday or a day on which banking institutions in the city in which the Trustee or the Paying Agent shall be located are authorized by law to remain closed, such payment may be made or act performed or right exercised on the next succeeding day not a legal holiday or not a day on which such banking institutions are authorized by law to remain closed, with the same force and effect as if done on the nominal date provided in this Indenture, and no interest shall accrue for the period after such nominal date.

This Bond is one of a duly authorized series of revenue bonds of the Issuer in the aggregate principal amount of $172,000,000 known as "Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024A[B]" (the "Bonds") issued to finance or refinance (i) a portion of the cost of acquisition, construction, installation and equipping of certain wastewater/sewage facilities of Florida Power & Light Company (the "Borrower") at Unit 5 of the Borrower's Turkey Point Clean Energy Center located at 9700 SW 344th Street, Homestead, Florida 33035 in Miami-Dade County used for the collection, transfer, treatment, recycling and disposal of municipal sewage from the Miami-Dade South District Waste Water Treatment Plant, and functionally related and subordinate facilities (collectively, the "Project").

The Bonds are issued under and pursuant to a Trust Indenture (said Trust Indenture, together with all trust indentures supplemental thereto as therein permitted, being herein called the "Indenture"), dated as of May 1, 2024, by and between the Issuer and Regions Bank, an Alabama banking corporation having a corporate trust office in Jacksonville, Florida (said Alabama banking corporation and any bank or trust company becoming successor trustee under the Indenture being herein called the "Trustee"). Copies of the Indenture are on file at the designated office of the Trustee. Reference is hereby made to the Indenture for the provisions, among others, with respect to the custody and application of the proceeds of Bonds issued under the Indenture, the collection and disposition of revenues, a description of the funds charged with and pledged to the payment of the principal of and premium, if any, and interest on, or purchase price of, the Bonds, the nature and extent of the security, the terms and conditions under which the Bonds are or may be issued, the rights, duties and obligations of the Issuer and of the Trustee and the rights of the holders of the Bonds.

This Bond is issued, and the Indenture was made and entered into, under and pursuant to and in full compliance with the Constitution of the State of Florida, Chapter 159, Parts II and III, Florida Statutes, as amended (collectively, the "Act"), and under and pursuant to a resolution duly adopted by the Issuer.

The Issuer has entered into a Loan Agreement, dated as of May 1, 2024 (the "Loan Agreement"), with the Borrower, under the provisions of which the Issuer will loan the proceeds of the Bonds to the Borrower and the Borrower has agreed to apply such proceeds to finance or refinance the Cost of Project. The Loan Agreement, in accordance with and as required by the Act, provides for the payment by the Borrower of amounts ("Loan Repayments") sufficient to pay the principal of and premium, if any, and interest on the Bonds as the same shall become due and payable and the Loan Agreement further obligates the Borrower to pay the cost of maintaining, repairing and operating the Project. The Loan Agreement provides that the Loan Repayments shall be paid directly to the Trustee for the account of the Issuer. Such Loan Repayments shall be deposited to the credit of a special

fund created by the Indenture and designated "Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024 Bond Fund" (the "Bond Fund"), which special fund is pledged to and charged with the payment of the principal of and premium, if any, and interest on all Bonds issued under the Indenture. The Loan Agreement further obligates the Borrower to pay the purchase price of Bonds tendered for purchase by the Registered Owners thereof pursuant to the provisions thereof, to the extent that funds are not otherwise available under the Indenture. The Loan Agreement provides that the Borrower is unconditionally obligated to meet its obligations to pay the Loan Repayments and to perform and observe the other agreements on its part contained therein.

In the manner hereinafter provided in, and subject to the provisions of, the Indenture, the term of the Bonds will be divided into consecutive Interest Rate Periods during each of which the Bonds shall bear interest at a Daily Interest Rate (the "Daily Interest Rate Period"), a Weekly Interest Rate (the "Weekly Interest Rate Period"), or a Long-Term Interest Rate or Rates (the "Long-Term Interest Rate Period"), or each Bond may bear interest at a Commercial Paper Term Rate during one or more consecutive Commercial Paper Terms (the "Commercial Paper Interest Rate Period") or by an alternative interest rate determination method. The Bonds will be subject to optional and mandatory redemption prior to maturity, and to optional and mandatory tender for purchase and remarketing in certain circumstances, all as described in the Indenture.

If any Bonds are not presented for payment on their redemption date or at maturity, the Registered Owners thereof shall look only to the moneys set aside for such purpose by the Trustee. After one year, such moneys may be paid to the Borrower, and the Registered Owners of such Bonds shall thereafter look only to the Borrower for payment thereof.

At the designated corporate trust office of the Registrar, in the manner and subject to the limitations, conditions and charges provided in the Indenture, Bonds may be exchanged for an equal aggregate principal amount of Bonds of Authorized Denominations and bearing interest at the same rate.

The Registered Owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action to enforce the covenants therein, or to take any action with respect to any event of default under the Indenture, or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Indenture.

The transfer of this Bond may be registered by the Registered Owner hereof in person or by his attorney or legal representative at the corporate trust office of the Registrar, but only in the manner and subject to the limitations and conditions provided in the Indenture and upon surrender and cancellation of this Bond. Upon any such registration of transfer the Issuer shall execute and the Registrar shall authenticate and deliver in exchange for this Bond a new Bond or Bonds, registered in the name of the transferee, of Authorized Denominations, in aggregate principal amount equal to the principal amount of this Bond and bearing interest at the same rate.

The Trustee shall have the rights to employ separate counsel in any such proceeding and to participate in the defense thereof, but the fees and expenses of such counsel shall be borne by the Trustee unless (a) the Borrower agrees in writing to pay such fees and expenses, (b) the Trustee shall have reasonably and in good faith concluded that there is a conflict of interest between the Borrower and the Trustee in the conduct of the defense of such action, (c) the Borrower fails, within ten (10) days prior to the date the first response or appearance is required to be made in such proceeding, to assume the defense of such proceeding with counsel reasonably satisfactory to the Trustee or (d) there are legal defenses available to the Trustee that are different from or are in addition to those available to the Borrower. The indemnifications set forth herein shall survive the termination of the Indenture and this Loan Agreement and the resignation or removal of the Trustee.

(b) The Borrower agrees to indemnify the Issuer, its members, officers, employees and agents (the "Issuer Indemnified Parties") against all claims arising out of the Indenture, this Loan Agreement, any Pledge Agreement or operation of the Project and to pay or bond or discharge and indemnify and hold harmless the Issuer Indemnified Parties from and against (a) any lien or charge upon payments by the Borrower, to or for the account of the Issuer hereunder, and (b) any taxes, assessments, impositions and other charges of any federal, state or municipal government or political body in respect of the Project; provided, however, the Borrower shall not indemnify the Issuer Indemnified Parties against claims resulting from any willfully wrongful act of the Issuer. If any such claim is asserted, or any such lien or charge upon payments or any such taxes, assessments, impositions or other charges are sought to be imposed, the Issuer will give prompt notice to the Borrower, and the Borrower shall pay the same or bond and assume the defense thereof, with full power to contest, litigate, compromise or settle the same in its sole discretion.

(c) The Borrower shall at all times protect and hold the Issuer Indemnified Parties harmless against any claims or liability resulting from any loss or damage to property or any injury to or death of any person that may be occasioned by any cause whatsoever pertaining to the Project or the use thereof, including without limitation any assignment of its interest in this Loan Agreement, such indemnification to include reasonable expenses and attorneys' fees incurred by the Issuer Indemnified Parties in connection therewith, provided that such indemnity shall be effective only to the extent of any loss that may be sustained by the Issuer Indemnified Parties in excess of the net proceeds received by it or them from any insurance carried by the Borrower with respect to such loss and provided further that the benefits of this Section 7.3(c) shall not inure to any person other than the Issuer Indemnified Parties and provided that the Borrower shall not indemnify the Issuer Indemnified Parties against any claim or liability resulting from the willfully wrongful act of the Issuer.

(d) The Borrower further agrees to indemnify and hold harmless the Issuer Indemnified Parties against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in any disclosure or offering document prepared in connection with the initial sale of the Bonds or any remarketing of the Bonds, including any documents incorporated into such disclosure or offering document, or the omission or alleged omission to state therein a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. The Issuer agrees promptly to notify the Borrower of the commencement of any litigation or proceedings against it, any of its aforesaid officials or employees in connection with the issuance and sale or remarketing of the Bonds. The omission so to notify the Borrower of any such action shall not relieve the Borrower from any liability which it may have to the Issuer otherwise than on account of the foregoing indemnity. In case such notice of any such action shall be so given, the Borrower shall be entitled to participate at its own expense in the defense of such action, in which event such defense shall be conducted by counsel chosen by the Borrower satisfactory to the Issuer and the Issuer shall bear the fees and expenses of any additional counsel retained by it; but if the Borrower shall elect not to assume the defense of such action, the Borrower will reimburse the Issuer Indemnified Parties for the reasonable fees and expenses of any counsel retained by them; provided, however, if the Issuer Indemnified Parties in any such action include both the Borrower and the Issuer Indemnified Parties and counsel for the Borrower shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the Borrower and the Issuer Indemnified Party, the Issuer Indemnified Party or Parties shall have the right to select separate counsel, satisfactory to the Borrower, to participate in the defense of such action on behalf of such Issuer Indemnified Party or Parties (it being understood, however, that the Borrower shall not be liable for the expenses of more than one separate counsel representing the Issuer Indemnified Parties who are parties to such action).

SECTION 7.4. LIMITATION OF LIABILITY OF THE ISSUER. In the event of any default by the Issuer hereunder, the liability of the Issuer to the Borrower shall be enforceable only out of its interest under this Loan Agreement and there shall be no other recourse by the Borrower against the Issuer, its members, officers, agents and employees, past, present or future, or any of the property now or hereafter owned by it or them. No obligation of the Issuer hereunder or under the Bonds shall be deemed to constitute a debt, liability or obligation of the Issuer or of the State or any other political subdivision thereof.

ARTICLE VIII
ASSIGNMENT, LEASING AND SALE

SECTION 8.1. ASSIGNMENT, LEASING AND SALE BY THE BORROWER. This Loan Agreement may be assigned, and the Project may be leased or sold as a whole or in part, by the Borrower without the necessity of obtaining the consent of either the Issuer or the Trustee, subject, however, except as provided in Section 7.2 hereof, to each of the following conditions:

(a) no assignment, lease or sale shall relieve the Borrower from liability for any of its obligations hereunder, and in the event of any such assignment, lease or sale (unless the Issuer and the Trustee, acting at the written direction of the holders of a majority in aggregate principal amount of the Bonds then outstanding, otherwise consent) the Borrower shall continue to remain primarily liable for the payments required to be made pursuant to Sections 5.1 and 5.3 hereof and for the performance and observance of the other agreements on its part contained herein;

(b) the assignee, lessee or buyer shall assume the obligations of the Borrower hereunder to the extent of the interest assigned, leased or sold, except, at the option of the Borrower, the Borrower may retain its obligations under Sections 5.1 and 5.3 hereof, including without limitation, its obligations with respect to Loan Repayments hereunder; and

(c) the Borrower shall, not later than 10 days prior to the delivery thereof, furnish or cause to be furnished to the Issuer and to the Trustee a true and complete copy of the form of each such proposed assignment, lease or conveyance, as the case may be, and a Favorable Opinion of Bond Counsel.

SECTION 8.2. ASSIGNMENT OF RIGHTS BY THE ISSUER. The Borrower hereby consents to the pledge and assignment by the Issuer of all of the Issuer's rights under this Loan Agreement (except its rights under Sections 5.1(c) and 9.4 hereof relating to payment of certain costs and expenses and under Section 7.3 hereof relating to indemnification) to the Trustee under the Indenture for the benefit of the holders from time to time of the Bonds, and the Borrower hereby agrees that by virtue of such assignment the Trustee may enjoy and enforce all such rights of the Issuer hereunder.

The Issuer agrees that, except for such pledge and assignment, it will not pledge, assign, mortgage, encumber, convey or otherwise transfer any of its interests or rights under this Loan Agreement; provided, however, that if the laws of the State at the time shall so permit, nothing contained in this Section shall prevent the consolidation of the Issuer with, or merger of the Issuer into, any public entity the property and income of which are not subject to, or are exempt from, taxation; and provided, further, that upon any such consolidation, merger or transfer, the due and punctual payment of the principal of, premium, if any, and interest on the Bonds according to their tenor, and the due and

punctual performance and observance of all the agreements and conditions of this Loan Agreement to be kept and performed by the Issuer, shall be expressly assumed in writing by the entity resulting from such consolidation or surviving such merger.

ARTICLE IX
EVENTS OF DEFAULT AND REMEDIES

SECTION 9.1. EVENTS OF DEFAULT DEFINED. The following shall be "events of default" under this Loan Agreement, and the terms "event of default" and "default" shall mean, whenever they are used in this Loan Agreement, any one or more of the following events:

(a) Failure by the Borrower to pay or cause to be paid when due the Loan Repayments in the amounts and at the times specified in Section 5.1(a) hereof or the amounts payable under Section 5.1(d) hereof necessary to enable the Tender Agent to pay the purchase price of Bonds delivered to it for purchase, which failure shall have resulted in an event of default under subsection (a), (b) or (c) of Section 801 of the Indenture.

(b) Failure by the Borrower to observe or to perform any covenant, condition, representation or agreement in this Loan Agreement on its part to be observed or performed, other than as referred to in clause (a) of this Section, for a period of 90 days after written notice, specifying such failure and requesting that it be remedied, has been given to the Borrower by the Issuer or the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the holders of not less than a majority in principal amount of the Bonds then outstanding, unless the Issuer and the Trustee, or the Issuer, the Trustee and the holders of a principal amount of Bonds not less than the principal amount of Bonds the holders of which requested such notice, as the case may be, agree in writing to an extension of such period prior to its expiration; provided, however, that the Issuer and the Trustee, or the Issuer, the Trustee and the holders of such principal amount of Bonds, as the case may be, shall be deemed to have agreed to an extension of such period if corrective action has been instituted by the Borrower within the applicable period and is being diligently pursued.

(c) The expiration of a period of ninety (90) days following:

(1) the adjudication of the Borrower as a bankrupt by any court of competent jurisdiction;

(2) the entry of an order approving a petition seeking reorganization or arrangement of the Borrower under the federal bankruptcy laws or any other applicable law or statute of the United States of America, or of any state thereof; or

(3) the appointment of a trustee or a receiver of all or substantially all of the property of the Borrower;

unless during such period such adjudication, order or appointment of a trustee or receiver shall be vacated or shall be stayed on appeal or otherwise or shall have otherwise ceased to continue in effect.

(d) The filing by the Borrower of a voluntary petition in bankruptcy or the making of an assignment for the benefit of creditors; the consenting by the Borrower to the appointment of a receiver or trustee of all or any part of its property; the filing by the Borrower of a petition or answer seeking reorganization or arrangement under the federal bankruptcy laws, or any other applicable law or statute of the United States of America, or any state thereof; or the filing by the Borrower of a petition to take advantage of any insolvency act.

The provisions of clause (b) of this Section are subject to the following limitations: If by reason of Force Majeure the Borrower is unable as a whole or in part to carry out its agreements herein contained, other than the obligations on the part of the Borrower contained in Article V and Sections 7.3, 7.4 and 9.4 hereof, the Borrower shall not be deemed in default during the continuance of such inability. The Borrower agrees, however, to use its best efforts to remedy with all reasonable dispatch the cause or causes preventing the Borrower from carrying out its agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Borrower, and the Borrower shall not be required to make settlement of strikes, lockouts and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Borrower unfavorable to the Borrower.

SECTION 9.2. REMEDIES ON DEFAULT. Upon the occurrence and continuance of an event of default specified in clause (a), (c) or (d) of Section 9.1 hereof, and further upon the condition that all Bonds outstanding under the Indenture shall have become immediately due and payable, all Loan Repayments hereunder shall, without further action, become immediately due and payable.

Any waiver of an event of default under the Indenture and a rescission and annulment of its consequences shall constitute a waiver of the corresponding event of default under this Loan Agreement and a rescission and annulment of the consequences thereof.

Upon the occurrence and continuance of any event of default, the Issuer may take whatever action at law or in equity may appear necessary or desirable to collect the Loan Repayments then due and thereafter to become due or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this Loan Agreement.

Any amounts collected pursuant to action taken under this Section 9.2 shall, after deducting the costs of collection, be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the Bonds have been fully paid (or deemed to have been paid in accordance with the provisions of Article XIII of the Indenture), to the Borrower.

In the enforcement of the remedies provided in this Section, the Issuer may treat, and the Borrower agrees to pay, all expenses of enforcement, including, without limitation, reasonable legal, accounting and advertising expenses and Trustee's fees and expenses, as amounts then due and owing under Section 5.1(b) or (c) hereof.

SECTION 9.3. NO REMEDY EXCLUSIVE. No remedy herein conferred upon or reserved to the Issuer is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Loan Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

SECTION 9.4. AGREEMENT TO PAY ATTORNEYS' FEES AND EXPENSES. In the event the Borrower should default under any of the provisions of this Loan Agreement or any Pledge Agreement and the Issuer or the Trustee should employ attorneys or incur other expenses for the collection of the Loan Repayments hereunder or the enforcement of performance or observance of any obligation or agreement of the Borrower herein or therein contained, the Borrower agrees that it will on demand therefor pay to the Issuer or the Trustee, as the case may be, the reasonable fees of such attorneys and such other reasonable expenses so incurred by the Issuer, to the extent permitted by law or the Trustee, as the case may be.

SECTION 9.5. NO ADDITIONAL WAIVER IMPLIED BY ONE WAIVER. In the event any agreement contained in this Loan Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE X
PREPAYMENT

SECTION 10.1. RIGHT TO PREPAY LOAN REPAYMENTS. (a) During any Long-Term Interest Rate Period, the Borrower shall have, and is hereby granted, the option to prepay Loan Repayments due hereunder with respect to the Bonds at any time by taking, or causing the Issuer to take, the actions required by the Indenture for the redemption, or provision therefor, of all Bonds then outstanding, if:

(i) the Borrower shall have determined that the continued operation of any portion of the Project is impracticable, uneconomical or undesirable; or

(ii) all or substantially all of the Project shall have been condemned or taken by eminent domain; or

(iii) the operation by the Borrower of any portion of the Project shall have been enjoined for a period of at least six consecutive months; or

(iv) as a result of any change in the Constitution of the State or the Constitution of the United States of America, or as a result of any legislative or administrative action (whether state or federal) or by final decree, judgment or order of any court or administrative body (whether state or federal) after any contest thereof by the Borrower in good faith, the Indenture, the Agreement or the Bonds shall become void or unenforceable or impossible of performance in accordance with the intent and purposes of the parties as expressed in the Agreement.

(b) The Borrower shall have, and is hereby granted, the option to prepay all or any portion of the unpaid Loan Repayments hereunder, together with interest thereon, at any time by taking, or causing the Issuer to take, the actions required by the Indenture (i) to discharge the lien thereof through the redemption, or provision for payment or redemption, of all Bonds then outstanding or (ii) to effect the redemption, or provision for payment or redemption, of less than all Bonds then outstanding.

SECTION 10.2. PROCEDURE FOR PREPAYMENTS. To exercise an option granted in Section 10.1 hereof, the Borrower shall give written notice to the Issuer and the Trustee which shall designate therein the principal amount and maturities of the Bonds to be redeemed, or for the payment or redemption of which provision is to be made, and, in the case of a redemption of Bonds, shall specify (a) the date of redemption, which shall not be less than 45 days from the date the notice is mailed and (b) the applicable redemption provision of the Indenture. The exercise of an option granted in Section 10.1 hereof is revocable by the Borrower at any time prior to the time at which the Bonds to be redeemed, or for the payment or redemption of which provision is to be made, are first deemed to have been paid in accordance with Article XIII of the Indenture.

Upon receipt of a notice pursuant to this Section, the Issuer shall forthwith take or cause to be taken all actions required under the Indenture to effect the redemption, or provision for payment or redemption, of Bonds in accordance with such notice and, in the case of a prepayment of the entire unpaid balance of the Loan Repayments, together with interest thereon, to discharge the lien of the Indenture.

SECTION 10.3. RELATIVE POSITION OF AGREEMENT AND INDENTURE. The rights granted to the Borrower in this Article shall be and remain prior and superior to the Indenture and may be exercised whether or not the Borrower is in default hereunder, provided that such default will not result in nonfulfillment of any condition to the exercise of any such right.

SECTION 10.4. COMPLIANCE WITH INDENTURE. Anything in this Loan Agreement to the contrary notwithstanding, the Issuer and the Borrower shall take all actions required by this Loan Agreement and the Indenture in order to comply with the provisions of Section 301(d) of the Indenture or any similar provision contained in any indenture supplemental thereto.

ARTICLE XI

In furtherance of the foregoing covenant of the Borrower, the Issuer, at the direction of the Borrower, has set forth in Section 202 of the Indenture the terms and conditions relating to such purchases and has set forth in Article XIV of the Indenture the duties and responsibilities of the Tender Agent with respect to the purchase of Bonds and of the Remarketing Agent with respect to the remarketing of Bonds. The Borrower appoints (i) U.S. Bancorp Investments, Inc. and U.S. Bank Municipal Products Group, a division of U.S. Bank National Association, as the initial Remarketing Agent with respect to the Series 2024A Bonds, (ii) PNC Capital Markets LLC, as the initial Remarketing Agent with respect to the Series 2024B Bonds,, and (iii) Regions Bank, an Alabama banking corporation, as the initial Tender Agent and hereby authorizes and directs the Tender Agent and the Remarketing Agents to purchase, offer, sell and deliver Bonds in accordance with the provisions of Section 202 and Article XIV of the Indenture. The Issuer acknowledges that the Remarketing Agents, in undertaking their respective duties set forth in the Indenture with respect to the determination of the interest rates borne by the Bonds, will be acting as agent for and on behalf of the Issuer.

Without limiting the generality of the foregoing covenant of the Borrower, and in consideration of the Issuer's having set forth in the Indenture the aforesaid provisions of Section 202 and Article XIV thereof, the Borrower has covenanted and agreed in Section 5.1(d) hereof, for the benefit of the holders of the Bonds, to pay, or cause to be paid, to the Tender Agent such amounts as shall be necessary to enable the Tender Agent to pay the purchase price of Bonds, all as more particularly described in Section 202 and Article XIV of the Indenture.

(b) The Issuer shall have no obligation or responsibility, financial or otherwise, with respect to the purchase or remarketing of Bonds or the making or continuation of arrangements therefor, except that the Issuer shall generally cooperate with the Borrower, the Trustee, the Tender Agent and the Remarketing Agents as contemplated in Article XIV of the Indenture.

SECTION 11.2. OPTIONAL PURCHASE OF BONDS. Except after the occurrence of an event of default, the Borrower, at any time and from time to time, may furnish moneys to the Tender Agent accompanied by a notice directing that such moneys be applied to the purchase of Bonds to be purchased pursuant to Section 202 and Article

XIV of the Indenture. Bonds so purchased shall be delivered to the Borrower in accordance with Section 1407(a) of the Indenture.

SECTION 11.3. DETERMINATION OF INTEREST RATE PERIODS. The Borrower may determine the duration and type of the Interest Rate Periods and certain redemption and other provisions relating to Long-Term Interest Rate Periods as, and to the extent, set forth in Section 201 of the Indenture.

NEW ISSUES **BOOK-ENTRY ONLY**

In the opinion of Locke Lord LLP and The Law Offices of Carol D. Ellis, P.A., Bond Counsel, based upon an analysis of existing law and assuming, among other matters, compliance with certain covenants, interest on the Series 2024 Bonds (as herein defined) is excluded from gross income for federal income tax purposes under the Internal Revenue Code of 1986 (the "Code"), except that no opinion is expressed as to the status of interest on any such Series 2024 Bond for any period that such Series 2024 Bond is held by a "substantial user" of the facilities financed or refinanced by the Series 2024 Bonds or by a "related person" within the meaning of Section 147(a) of the Code. Interest on the Series 2024 Bonds will be a specific preference item for purposes of computing the alternative minimum taxable income of individuals. However, interest on the Series 2024 Bonds will be included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Bond Counsel is also of the opinion that the Series 2024 Bonds and the interest thereon are exempt from taxation under the existing laws of the State of Florida, except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined therein. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2024 Bonds. See "TAX MATTERS" herein.

Book-Entry System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Series 2024 Bonds. The Series 2024 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each series of the Series 2024 Bonds, in the aggregate principal amount of such Bonds, and will be deposited with the Trustee as custodian for DTC.

DTC is a limited purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A

of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com. The information contained on this Internet site is not incorporated herein by reference.

Purchases of the Series 2024 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2024 Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2024 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2024 Bonds, except in the event that use of the book-entry system for the Series 2024 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2024 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2024 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2024 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts the Series 2024 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2024 Bonds may wish to take certain steps to augment transmission to them of notices of significant

events with respect to the Series 2024 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Series 2024 Bond documents. For example, Beneficial Owners of Series 2024 Bonds may wish to ascertain that the nominee holding the Series 2024 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of notices be provided directly to them. The Issuer, the Company, the Remarketing Agents, the Underwriters and the Trustee will not have any responsibility or obligation to such Direct and Indirect Participants or the persons for whom they act as nominees with respect to the Series 2024 Bonds.

Redemption notices will be sent to DTC. If less than all of the Series 2024 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2024 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2024 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2024 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the Trustee, on payable dates in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner will give notice to elect to have its Series 2024 Bonds purchased or tendered, through its Participant, to the Tender Agent, and will effect delivery of the Series 2024 Bonds by causing the Direct Participant to transfer the Participant's interest in the Series 2024 Bonds, on DTC's records, to the Tender Agent. The requirement for physical delivery of Series 2024 Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Series 2024 Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Series 2024 Bonds to the Tender Agent's DTC account.

DTC may discontinue providing its services as securities depository with respect to the Series 2024 Bonds at any time by giving reasonable notice to the Issuer or the Trustee. In addition, FPL may decide to discontinue use of the system of book-entry transfers through DTC (or a

successor securities depository). Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The Issuer, the Trustee, the Company, the Remarketing Agents and the Underwriters shall not have any responsibility or obligation to any Direct or Indirect Participant, any Beneficial Owner or any other person claiming a beneficial ownership interest in the Series 2024 Bonds under or through DTC or any DTC Participant, or any other person which is not shown on the registration books of the Trustee as being a holder, with respect to the accuracy of any records maintained by DTC or any Direct or Indirect Participant; the payment by DTC or any Direct or Indirect Participant of any amount in respect of the principal of, purchase price, premium, if any, or interest on the Series 2024 Bonds; any notice which is permitted or required to be given to owners under the Indenture; the selection by DTC or any Direct or Indirect Participant of any person to receive payment in the event of a partial redemption of the Series 2024 Bonds; any consent given or other action taken by DTC as an owner; or any other procedures or obligations of DTC under the book-entry system.

So long as Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the registered owner of the Series 2024 Bonds, as nominee of DTC, references herein to the holders or owners or registered holders or registered owners of the Series 2024 Bonds means Cede & Co., as aforesaid, and does not mean the beneficial owners of the Series 2024 Bonds.

The foregoing description of the procedures and record keeping with respect to beneficial ownership interests in the Series 2024 Bonds, payment of principal, interest and other payments on the Series 2024 Bonds to Direct and Indirect Participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in such Series 2024 Bonds and other related transactions by and between DTC, the Direct and Indirect Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters, and neither the Direct nor Indirect Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC.

None of the Issuer, FPL, the Underwriters or the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in any Series 2024 Bond or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Security for the Series 2024 Bonds

The Series 2024 Bonds are payable from the payments required to be made by FPL pursuant to the Agreement. All rights of the Issuer under the Agreement have been pledged and assigned by the Issuer to the Trustee, except certain rights to indemnification and reimbursement of expenses.

Any Series 2024 Bonds that bear interest at a Long-Term Interest Rate may, at the Company's discretion, also be secured by additional collateral or other credit enhancement as provided in the Agreement and the Indenture.

The Series 2024 Bonds will not constitute a debt, liability or obligation of the Issuer, the State of Florida or any political subdivision thereof. Neither the faith and credit nor the taxing power of the State of Florida or any political subdivision thereof is pledged to the payment thereof. The Issuer has no taxing power.

Interest Rate Periods

The term of the Series 2024 Bonds will be divided into consecutive Interest Rate Periods at the direction of FPL. Each series of Series 2024 Bonds may have different Interest Rate Periods from one another during the term. Each Interest Rate Period will be a Daily Interest Rate Period, Weekly Interest Rate Period, Commercial Paper Interest Rate Period or Long-Term Interest Rate Period.

The initial Interest Rate Period for each of the Series 2024 Bonds will be a Weekly Interest Rate Period. The interest rate or rates applicable during each subsequent Interest Rate Period will be determined as described below.

Determination of Interest Rates

General. During or with respect to each Interest Rate Period, the Remarketing Agent will determine the interest rate or rates applicable to the Series 2024 Bonds, which will be the minimum interest rate or rates which, if borne by the Series 2024 Bonds, would enable the Remarketing Agent to sell the Series 2024 Bonds on the applicable date at a price (without regard to accrued interest) equal to the principal amount thereof. The Remarketing Agent will base that determination on its examination of tax-exempt obligations comparable to the Series 2024 Bonds known by the Remarketing Agent to have been priced or traded under then-prevailing market conditions. The Indenture sets forth certain fall-back rates if, for any reason, an interest rate or rates for the Series 2024 Bonds during any Interest Rate Period is not so determined by the Remarketing Agent. Except during a Long-Term Interest Rate Period ending on the day immediately preceding the Maturity Date, the Daily Interest Rate, the Weekly Interest Rate, the Commercial Paper Term Rate or Long-Term Interest Rate shall not exceed 12% per annum.

Commencing on the first day of each Interest Rate Period and ending on the day preceding the effective date of the next Interest Rate Period, the Series 2024 Bonds will bear interest at a Daily Interest Rate, a Weekly Interest Rate, a Commercial Paper Term Rate or a Long-Term Interest Rate, all determined as set forth below:

Weekly Interest Rate. The Weekly Interest Rate will be determined by the Remarketing Agent no later than the Business Day preceding the first day of each Weekly Interest Rate Period and thereafter no later than the Business Day preceding Thursday of each week during the Weekly Interest Rate Period. If, for any reason, the Weekly Interest Rate cannot be determined for any week by the Remarketing Agent, then the Weekly Interest Rate for such week shall be the same as the Weekly Interest Rate for the immediately preceding week.

Daily Interest Rate. The Daily Interest Rate will be determined by the Remarketing Agent on each Business Day for that Business Day. The Daily Interest Rate for any day

that is not a Business Day will be the same as the Daily Interest Rate in effect for the preceding Business Day.

Commercial Paper Terms and Commercial Paper Term Rates. During a Commercial Paper Interest Rate Period, the Series 2024 Bonds will bear interest at the Commercial Paper Term Rate for that Series 2024 Bond through either a day which immediately precedes a Business Day or on the day immediately preceding the Maturity Date. Each Commercial Paper Term and Commercial Paper Term Rate for the Series 2024 Bonds will be determined by the Remarketing Agent no later than the first day of the Commercial Paper Term.

Each Commercial Paper Term will be a period of not less than one nor more than 270 days determined by the Remarketing Agent (taking into account certain factors set forth in the Indenture) to be the period which, together with all other Commercial Paper Terms for Series 2024 Bonds then outstanding, will result in the lowest overall interest expense on the Series 2024 Bonds over such period. However, the Commercial Paper Term must end on either a day which precedes a Business Day or the day preceding the Maturity Date of the Series 2024 Bonds. If for any reason a Commercial Paper Term for any Series 2024 Bond cannot be so determined by the Remarketing Agent, it will extend by one Business Day (or until the earlier stated maturity of the Series 2024 Bonds) automatically until the Remarketing Agent is able to set the rate.

Long-Term Interest Rate. During each Long-Term Interest Rate Period, commencing and ending on the date or dates specified or determined as described below, and during each successive Long-Term Interest Rate Period, if any, so determined, the Long-Term Interest Rate will be determined by the Remarketing Agent on the effective date of the Long-Term Interest Rate Period or on a Business Day selected by the Remarketing Agent not more than 30 days prior to such effective date. In the event of an adjustment from a Commercial Paper Interest Rate Period which results in the commencement of the Long-Term Interest Rate Period on two or more dates, a separate Long-Term Interest Rate will be determined by the Remarketing Agent effective as of each such date with respect to the particular Series 2024 Bonds adjusting to the Long-Term Interest Rate Period on such date.

Payment of Principal and Interest. The principal of and premium, if any, on the Series 2024 Bonds shall be payable to the Owners of the Series 2024 Bonds upon presentation and surrender thereof at the Principal Office of the Trustee. Interest shall be payable by the Paying Agent by checks mailed to the Owners as of the Record Date in respect thereof or (except for interest in respect of a Long-Term Interest Rate Period) in immediately available funds by deposit to an account with the Paying Agent or by wire transfer to the accounts with commercial banks located within the United States of the Owners which shall have provided deposit or wire transfer instructions to the Paying Agent at least two Business Days prior to such Record Date, but, in the case of interest payable in respect of a Commercial Paper Term, only upon delivery of the Series 2024 Bond to the Tender Agent. So long as the Series 2024 Bonds are registered in the name of Cede & Co., payments of principal, premium, if any, and interest will be made as described above under "THE SERIES 2024 BONDS – Book-Entry System."

Interest will be computed, in the case of a Long-Term Interest Rate Period, on the basis of a 360-day year consisting of twelve 30-day months and, in the case of any other Interest Rate Period, on the basis of a 365-or 366-day year, as appropriate, and the actual number of days elapsed.

Each Series 2024 Bond will bear interest from and including the Interest Accrual Date preceding the date of authentication thereof or, if that date of authentication is an Interest Accrual Date to which interest on the Series 2024 Bonds has been paid in full or duly provided for or the date of initial authentication of the Series 2024 Bonds, from that date of authentication. During each Interest Rate Period, interest on the Series 2024 Bonds will accrue and be payable as follows:

Weekly Interest Rate Period. Interest on the Series 2024 Bonds will accrue on a monthly basis and will be payable on the first Thursday of each month, provided the initial Interest Payment date will be June 6, 2024.

Daily Interest Rate Period. Interest on the Series 2024 Bonds will accrue on a monthly basis and will be payable on the fifth Business Day of each month.

Commercial Paper Term. Interest on each Series 2024 Bond will accrue from the first day of each Commercial Paper Term for such Series 2024 Bond through and including the last day of the Commercial Paper Term for such Series 2024 Bond and will be payable on the day after the last day of such Commercial Paper Term.

Long-Term Interest Rate Period. Interest on the Series 2024 Bonds will accrue from the Interest Payment Date through and including the day preceding the next Interest Payment Date and will be payable semiannually on the fifth day of the calendar month that is six months after the calendar month in which the adjustment to any Long-Term Interest Rate Period occurs and the fifth day of the calendar month every six months after each such payment date thereafter until the end of such Long-Term Interest Rate Period.

Adjustment of Interest Rate Period

General. At any time, FPL, by written direction to the Issuer, the Trustee, the Registrar, the Tender Agent and the Remarketing Agent, may elect to adjust the method of determining the interest rate with respect to either series of the Series 2024 Bonds by adjusting to a different Interest Rate Period. That direction must specify the effective date of the new Interest Rate Period, which effective date must be a Business Day and may not be less than 15 days (unless the then current Interest Rate Period is a Long-Term Interest Rate Period and such Long-Term Interest Rate Period ends on a day prior to the day originally established as the last day thereof, in which case not less than 30 days) following the second Business Day after the receipt by the Trustee of the direction. Except in connection with adjustments from a Daily Interest Rate Period to a Weekly Interest Rate Period or Commercial Paper Interest Rate Period, from a Weekly Interest Rate Period to a Daily Interest Rate Period or Commercial Paper Interest Rate Period or from a Commercial Paper Interest Rate Period to a Daily Interest Rate Period or Weekly Interest Rate Period, that direction must be accompanied by a Favorable Opinion. Commencing on the effective date of an adjustment to another Interest Rate Period, the Series 2024 Bonds will bear interest at the applicable interest rate as described above.

Adjustment to Long-Term Interest Rate Period. In connection with its election to adjust to a Long-Term Interest Rate Period, FPL must specify, among other things:

(1) the particular series of Series 2024 Bonds affected by the adjustment;

(2) the effective date of the Long-Term Interest Rate Period;

(3) the duration of the Long-Term Interest Rate Period or, if successive Long-Term Interest Rate Periods shall have been designated, of each such Long-Term Interest Rate Period, in accordance with the Indenture;

(4) a date or dates on or prior to which Owners are required to deliver Series 2024 Bonds to be purchased (if other than the effective date); and

(5) the name and Principal Office of the relevant Remarketing Agent while such Series 2024 Bonds bear interest at the Long-Term Interest Rate or Rates.

The direction by FPL to adjust to a Long-Term Interest Rate Period also may specify:

(1) that the initial Long-Term Interest Rate Period will be followed by one or more successive Long-Term Interest Rate Periods and the durations thereof; and

(2) redemption prices greater or lesser, and after periods longer or shorter, than those set forth in the Indenture.

If FPL designates successive Long-Term Interest Rate Periods, but does not, with respect to the second or any subsequent Long-Term Interest Rate Period, specify a date or dates on or prior to which Owners are required to deliver Series 2024 Bonds or any modified redemption provisions, all as contemplated above, FPL may later specify any of such information not previously specified with respect to such Long-Term Interest Rate Period.

Adjustment From Long-Term Interest Rate Period. At any time during a Long-Term Interest Rate Period, FPL may elect that the Series 2024 Bonds no longer will bear interest at the Long-Term Interest Rate and instead will bear interest at a Daily Interest Rate, a Weekly Interest Rate, Commercial Paper Term Rates or a new Long-Term Interest Rate, as specified in such election. The effective date of an adjustment from a Long-Term Interest Rate Period must be the day after the last day of the Long-Term Interest Rate Period or a day on which the Series 2024 Bonds may be redeemed at the option of the Issuer, at the direction of FPL. The notice of such election must be given to the Trustee not later than 35 days before the effective date of the new Interest Rate Period. Series 2024 Bonds will be subject to mandatory tender for purchase on such effective date at a purchase price equal to the optional redemption price which would have been applicable on that date.

Adjustment From Commercial Paper Interest Rate Period. At any time during a Commercial Paper Interest Rate Period, FPL may elect that Series 2024 Bonds no longer will bear interest at Commercial Paper Term Rates and will instead bear interest at a Daily Interest Rate, a Weekly Interest Rate or a Long-Term Interest Rate, as specified in the election. Such election also shall specify an alternative from the immediately succeeding Alternatives (I) and (II) and, in

accordance with such election, the Remarketing Agent shall effect one of such alternatives: Alternative (I): determine Commercial Paper Terms of such duration that, as soon as possible, all Commercial Paper Terms shall end on the same date; or Alternative (II): determine Commercial Paper Terms of such duration that will, in the judgment of the Remarketing Agent, best promote an orderly transition to the next succeeding Interest Rate Period.

Notice to Owners of Adjustment of Interest Rate Period. The Registrar will be required to give notice by first-class mail of an adjustment of the Interest Rate Period to the Owners of the Series 2024 Bonds not less than 15 days (unless the then current Interest Rate Period is a Long-Term Interest Rate Period and such Long-Term Interest Rate Period ends on a day prior to the day originally established as the last day thereof, in which case not less than 30 days) prior to the effective date of the adjustment of the Interest Rate Period. That notice must state the following:

(1) the effective date of the new Interest Rate Period; and

(2) that the Series 2024 Bonds are subject to mandatory tender for purchase on the effective date, setting forth the applicable purchase price and the procedures of such purchase.

Determinations Binding

The determination of the various interest rates and the bases therefor shall be conclusive and binding upon the Remarketing Agent, the Trustee, the Tender Agent, the Issuer, FPL and the Owners of the Series 2024 Bonds.

Purchase of Series 2024 Bonds

The Series 2024 Bonds during any Daily or Weekly Interest Rate Period will be purchased on the demand of the Owners thereof, and will be subject to mandatory tender for purchase, at the times and subject to the conditions described below. Payment for Series 2024 Bonds purchased will be made by the close of business on the date specified for purchase, if the conditions for that purchase described below have been strictly complied with by the Owners thereof.

During any Daily or Weekly Interest Rate Period when the Series 2024 Bonds are registered in the name of Cede & Co., tenders of the Series 2024 Bonds will be effected by means of DTC's Delivery Order Procedures. See "THE SERIES 2024 BONDS — Book-Entry System." Notice of any such tender must be given to the Tender Agent in the form set forth in Appendix D to this Official Statement. If a beneficial owner of a Series 2024 Bond fails to cause its beneficial ownership of such Series 2024 Bond to be transferred to the DTC account of the Tender Agent by the deadlines specified below, such Series 2024 Bond shall not be purchased and the beneficial owner may be subject to damages as specified in such notice.

If the book-entry system is discontinued, tendered Series 2024 Bonds must be accompanied by an instrument of transfer satisfactory to the Tender Agent, executed in blank by the Owner thereof or his duly authorized attorney, with such signature guaranteed by an "eligible guarantor institution" as defined by Rule 17Ad-15 promulgated under the Exchange Act. The Tender Agent may refuse to accept delivery of any Series 2024 Bond for which a proper instrument of transfer has not been provided. Notice of tender for purchase of Series 2024 Bonds by the Owners thereof

will be irrevocable, once given to the Tender Agent as described below. In the event that any Owner of a Series 2024 Bond giving notice of tender for purchase fails to deliver its Series 2024 Bond to the Tender Agent at the place and on the applicable date and the time specified below, or fails to deliver the Series 2024 Bond properly endorsed and provided that funds in the amount of the purchase price thereof are available for payment to such Owner at the date and the time specified below, from and after the date and time of that required delivery, (i) such Series 2024 Bond shall no longer be deemed to be outstanding under the Indenture, (ii) interest will no longer accrue thereon to such former Owner and (iii) funds in the amount of the purchase price of Series 2024 Bond, without interest, will be held by the Tender Agent for the benefit of such former Owner, to be paid on delivery (or proper endorsement) thereof to the Tender Agent

During Daily Interest Rate Period. During any Daily Interest Rate Period, any Series 2024 Bond or portion thereof in an authorized denomination will be purchased at the option of its Owner on any Business Day at a purchase price equal to the principal amount thereof, plus accrued interest from the Interest Accrual Date immediately preceding the date of purchase through the day immediately preceding the date of purchase, or, if the date of purchase is an Interest Accrual Date, at a purchase price equal to the principal amount thereof, payable in immediately available funds, upon delivery to the Tender Agent at its Principal Office, not later than 11:00 a.m., New York City time, on that Business Day, of an irrevocable written notice, or an irrevocable telephonic notice, promptly confirmed by telecopy or other writing, which states the principal amount of the Series 2024 Bond or such portion thereof and the date of purchase. For payment of such purchase price on the date specified in such notice, the Series 2024 Bond must be delivered, not later than 12:00 noon, New York City time, on such Business Day (together with necessary endorsements) to the Tender Agent at its Principal Office.

During Weekly Interest Rate Period. During any Weekly Interest Rate Period, any Series 2024 Bond or portion thereof in an authorized denomination will be purchased at the option of its Owner on any Business Day at a purchase price equal to the principal amount thereof plus accrued interest, if any, from the Interest Accrual Date immediately preceding the date of purchase through the day immediately preceding the date of purchase, or, if the date of purchase is an Interest Accrual Date, at a purchase price equal to the principal amount thereof, payable in immediately available funds, upon the delivery to the Tender Agent at its Principal Office of an irrevocable written notice, or an irrevocable telephonic notice, promptly confirmed by telecopy or other writing, which states the principal amount of the Series 2024 Bond or such portion thereof and the date on which the Series 2024 Bond is to be purchased, which date must be a Business Day not prior to the seventh day after the date of the delivery of the notice to the Tender Agent. For payment of such purchase price on the date specified in such notice, the Series 2024 Bond must be delivered, not later than 12:00 noon, New York City time, on the date specified in the notice (together with necessary endorsements) to the Tender Agent as its Principal Office.

Mandatory Tender for Purchase on Business Day After the Last Day of Each Commercial Paper Term. On the Business Day after the last day of each Commercial Paper Term for a Series 2024 Bond, unless such day is the first day of a new Interest Rate Period (in which event such Series 2024 Bond will be subject to mandatory tender for purchase as described under "Mandatory Tender for Purchase on First Day of Each Interest Rate Period"), such Series 2024 Bond will be purchased from its Owner at a purchase price equal to the principal amount thereof, payable in immediately available funds. For payment of such purchase price on such day, such Series 2024

Bond must be delivered (together with necessary endorsements) at or prior to 12:30 P.M., New York City time, on such day, to the Tender Agent at its Principal Office. During any Commercial Paper Term, with respect to a Series 2024 Bond, the Owner of that Series 2024 Bond will not have the right to demand the purchase thereof.

Mandatory Tender for Purchase on First Day of Each Interest Rate Period. The Series 2024 Bonds will be subject to mandatory tender for purchase on the first day of each Interest Rate Period, at a purchase price, payable in immediately available funds, equal to 100% of the principal amount thereof (or, if applicable, upon adjustment from a Long-Term Interest Rate Period prior to the expiration of such Long-Term Interest Rate Period, at a purchase price equal to the applicable optional redemption price).

Purchase and Remarketing of Series 2024 Bonds

On the date on which Series 2024 Bonds are required to be purchased, the Tender Agent shall purchase the Series 2024 Bonds with funds provided from the remarketing of the Series 2024 Bonds or by FPL pursuant to the Agreement. The Issuer has no obligation to provide any moneys whatsoever for the payment of the purchase price for the Series 2024 Bonds.

On the day of purchase of Series 2024 Bonds by the Tender Agent, the Remarketing Agent shall use its best efforts to sell the Series 2024 Bonds in accordance with the Indenture.

Redemption

Optional Redemption During Daily or Weekly Interest Rate Period. On any Business Day during a Daily Interest Rate Period or a Weekly Interest Rate Period, the Series 2024 Bonds shall be subject to optional redemption by the Issuer, at the direction of FPL, in whole or in part, at a redemption price equal to 100% of the principal amount thereof, plus accrued interest, if any, to the redemption date.

Optional Redemption During Commercial Paper Terms. During any Commercial Paper Term, each Series 2024 Bond will be subject to optional redemption by the Issuer, at the direction of FPL, on the day after the last day of each Commercial Paper Term for that Series 2024 Bond, in whole or in part, at a redemption price equal to the principal amount thereof.

Optional Redemption During Long-Term Interest Rate Period. During any Long-Term Interest Rate Period, the Series 2024 Bonds are subject to optional redemption by the Issuer, at the direction of FPL (i) on the final Interest Payment Date for such Long-Term Interest Rate Period, at a redemption price equal to 100% of the principal amount thereof plus interest accrued, if any, to the redemption date, and (ii) prior to the end of the then current Long-Term Interest Rate Period, at any time during the redemption periods and at the redemption prices set forth below, plus interest accrued, if any, to the redemption date:

Original Length of Current Term Rate Period (Years)	Commencement of Redemption Period	Redemption Price as Percentage of Principal
More than 10 years	Tenth anniversary of commencement of Long-Term Interest Rate Period	100%
Equal to or less than 10 years	Non-callable	Non-callable

If FPL has given notice of a change in the Long-Term Interest Rate Period or notice of an adjustment of the Interest Rate Period for the Series 2024 Bonds to the Long-Term Interest Rate Period and, at least one day prior to such change in the Long-Term Interest Rate Period or such adjustment FPL has provided (i) a certification of the Remarketing Agent to the Trustee and the Issuer that the foregoing schedule is not consistent with prevailing market conditions and (ii) a Favorable Opinion of Bond Counsel addressed to the Trustee and the Issuer that a change in the redemption provisions of the Series 2024 Bonds will not adversely affect the exclusion from gross income of interest on the Series 2024 Bonds for federal income tax purposes, the foregoing redemption periods and redemption prices may be revised, effective as of the date of such adjustment in the Long-Term Interest Rate Period or an adjustment to the Long-Term Interest Rate Period, as determined by the Remarketing Agent in its judgment, taking into account the then prevailing market conditions as set forth in such certification. Any such revision of the redemption periods and redemption prices will not be considered an amendment of or a supplement to the Indenture and will not require the consent of any Owner or any other Person or entity.

Extraordinary Optional Redemption

During any Long-Term Interest Rate Period, the Series 2024 Bonds will be subject to redemption in whole, upon the optional prepayment by FPL of all the Loan Repayments (as defined below), at a redemption price of 100% of the principal amount thereof plus accrued interest to the date fixed for redemption, if:

(a) FPL shall have determined that the continued operation of any portion of the Project is impracticable, uneconomical or undesirable; or

(b) all or substantially all of or any portion of the Project shall have been condemned or taken by eminent domain; or

(c) the operation by FPL of any portion of the Project shall have been enjoined for a period of at least six consecutive months; or

(d) as a result of any change in the Constitution of the State of Florida or the Constitution of the United States of America, or as a result of any legislative or administrative action (whether state or federal) or by final decree, judgment or order of any court or administrative body (whether state or federal) after any contest thereof by FPL in good faith, the Indenture, the Agreement or the Series 2024

Bonds shall become void or unenforceable or impossible of performance in accordance with the intent and purposes of the parties as expressed in the Agreement.

In addition, during any period during a Long-Term Interest Rate Period during which the Series 2024 Bonds are not subject to optional redemption by the Issuer at the direction of FPL as described under "REDEMPTION – Optional Redemption During Long-Term Interest Rate Period" above, the Series 2024 Bonds will be nonetheless subject to optional redemption by the Issuer, at the direction of FPL, in whole or in part, at any time, if FPL delivers to the Trustee a written certificate (i) to the effect that by reason of a change in use of the Project or any portion thereof, FPL has been unable, after reasonable effort, to obtain an opinion of nationally recognized bond counsel to the effect that a court, in a properly presented case, should decide that (a) Section 150 of the Internal Revenue Code of 1986, as amended (the "Code") (or successor provision of similar import), does not prevent that portion of the Loan Repayments payable under the Agreement and attributable to interest on the Series 2024 Bonds from being deductible by FPL for federal income tax purposes and (b) Treasury Regulations Section 1.142-2 (or a successor provision of similar import) does not prevent interest on the Series 2024 Bonds from being excluded for federal income tax purposes from the gross income of the owners thereof (other than in the hands of an owner of a Series 2024 Bond who is a "substantial user" of the Project or a "related person" within the meaning of Section 147(a) of the Code), (ii) specifying that as a result of its inability to obtain such opinion of nationally recognized bond counsel, FPL has elected to prepay amounts due under the Agreement equal to the redemption price of the Series 2024 Bonds to be so redeemed and (iii) specifying the principal amount of the Series 2024 Bonds which FPL has determined to be the minimum necessary to be so redeemed in order for FPL to retain its rights to such interest deductions and for interest on the Series 2024 Bonds to retain such exclusion from gross income for federal income tax purposes (which principal amount of the Series 2024 Bonds will be so redeemed). The redemption price for the Series 2024 Bonds shall be equal to the outstanding principal amount thereof, plus accrued interest, if any, to the redemption date.

Mandatory Redemption

The Series 2024 Bonds are subject to mandatory redemption by the Issuer, at the principal amount thereof plus accrued interest to the redemption date, on the 180th day (or such earlier date as may be designated by FPL) after a final determination by a court of competent jurisdiction or an administrative agency, or receipt by the Issuer and FPL of an opinion of a nationally recognized bond counsel obtained by FPL and rendered at the request of FPL, to the effect that (a) as a result of a failure by FPL to perform or observe any covenant or agreement in the Agreement, or the inaccuracy of any representation, the interest on the Series 2024 Bonds is included for federal income tax purposes in the gross income of the Owners thereof, or would be so included absent such redemption, or (b) such redemption is required under the terms of a closing agreement or other similar agreement with the Internal Revenue Service settling an issue raised in connection with an audit of the Series 2024 Bonds or in connection with a submission to the Internal Revenue Service Voluntary Closing Agreement Program or similar program. No determination by any court or administrative agency will be considered final for such purpose unless FPL has had an opportunity to participate in the proceeding which resulted in such determination, either directly or through an owner of a Series 2024 Bond, to a degree it deems sufficient and until the conclusion of any court proceeding initiated after a final agency determination, and of any appellate review

sought by any party to such agency or court proceeding or the expiration of the time for seeking such review. The Series 2024 Bonds will be redeemed either in whole or in part in such principal amount that the interest payable on the Series 2024 Bonds remaining outstanding after such redemption would not be included in the gross income of any owner thereof, other than an owner of a Series 2024 Bond who is a "substantial user" of the Project or a "related person" within the meaning of Section 147(a) of the Code.

Selection of Series 2024 Bonds to be Redeemed

In the case of the redemption of less than all of the outstanding Series 2024 Bonds, the Series 2024 Bonds to be redeemed shall be selected by FPL among the series and by the Trustee by lot within a series in the principal amounts designated by FPL or otherwise as required by the Indenture; provided, however, that in connection with any redemption of Series 2024 Bonds, the Trustee shall first select for redemption any Series 2024 Bond held by the Tender Agent for the account of FPL, and that if FPL shall have offered to purchase all Series 2024 Bonds then outstanding and less than all of the Series 2024 Bonds have been tendered to FPL for such purchase, the Trustee, at the direction of FPL, shall select for redemption all the Series 2024 Bonds which have not been so tendered; and provided further that the portion of any Series 2024 Bond to be redeemed shall be in a principal amount constituting an authorized denomination of such Series 2024 Bond and that, in selecting Series 2024 Bonds for redemption, the Trustee shall treat each Series 2024 Bond as representing that number of Series 2024 Bonds which is obtained by dividing the principal amount of such Series 2024 Bond by the minimum authorized denomination of such Series 2024 Bond. See "THE SERIES 2024 BONDS – Book-Entry System."

Notice and Effect of Redemption

A notice of redemption will be given in accordance with DTC's procedures, with respect to the Series 2024 Bonds in the book-entry system, and will otherwise be mailed, by first class mail, postage prepaid, at least 30 days before the redemption date of any Series 2024 Bonds (15 days in the case of Bonds in the Daily or Weekly Interest Rate Period), to all registered owners of Series 2024 Bonds to be redeemed as a whole or in part, but failure to give any such notice to the registered owner of any Series 2024 Bond shall not affect the validity of the proceedings for the redemption of any other Series 2024 Bonds.

Any notice of redemption, except a notice of mandatory redemption as described under "Mandatory Redemption" above or any similar provision contained in any indenture supplemental hereto, shall, unless at the time such notice is given the Series 2024 Bonds to be redeemed are deemed to have been paid under the terms of the Indenture (see "THE INDENTURE – Defeasance"), state that the redemption to be effected is conditioned upon the receipt by the Trustee on or prior to the redemption date of moneys sufficient to pay the principal of and premium, if any, and interest on the Series 2024 Bonds to be redeemed and if such moneys are not so received such notice shall be of no force or effect and such Series 2024 Bonds shall not be required to be redeemed.

All Series 2024 Bonds and portions of Series 2024 Bonds which have been duly selected for redemption under the terms of the Indenture and which are deemed to have been paid under the terms of the Indenture will cease to bear interest on the date fixed for redemption.

SPECIAL CONSIDERATIONS RELATING TO THE SERIES 2024 BONDS

Each Remarketing Agent is Paid by FPL

Each Remarketing Agent's responsibilities include determining the interest rate from time to time and remarketing the Series 2024 Bonds that are optionally or mandatorily tendered by the owners thereof (subject, in each case, to the terms of the Indenture and the Remarketing Agreement), all as further described in this Official Statement. Each Remarketing Agent is appointed by FPL and is paid by FPL for its services. As a result, the interests of each Remarketing Agent may differ from those of existing holders and potential purchasers of the Series 2024 Bonds.

Each Remarketing Agent Routinely Purchases Bonds for its Own Account

Each Remarketing Agent acts as remarketing agent for a variety of variable rate demand obligations and, in its sole discretion, routinely purchases such obligations for its own account. Each Remarketing Agent is permitted, but not obligated, to purchase tendered Series 2024 Bonds for its own account and, in its sole discretion, may routinely acquire such tendered Series 2024 Bonds in order to achieve a successful remarketing of the Series 2024 Bonds (i.e., because there otherwise are not enough buyers to purchase the Series 2024 Bonds) or for other reasons. However, each Remarketing Agent is not obligated to purchase the Series 2024 Bonds, and may cease doing so at any time without notice. Each Remarketing Agent also may make a market in the Series 2024 Bonds by routinely purchasing and selling Series 2024 Bonds other than in connection with an optional or mandatory tender and remarketing. Such purchases and sales may be at or below par. However, each Remarketing Agent is not required to make a market in the Series 2024 Bonds. Each Remarketing Agent also may sell any Series 2024 Bonds it has purchased to one or more affiliated investment vehicles for collective ownership or enter into derivative arrangements with affiliates or others in order to reduce its exposure to the Series 2024 Bonds. The purchase of Series 2024 Bonds by each Remarketing Agent may create the appearance that there is greater third party demand for the Series 2024 Bonds in the market than is actually the case. The practices described above also may result in fewer Series 2024 Bonds being tendered in a remarketing.

Bonds May be Offered at Different Prices on Any Date Including an Interest Rate Determination Date

Pursuant to the Indenture and the Remarketing Agreement, each Remarketing Agent is required to determine the applicable rate of interest that, in its judgment, is the lowest rate that would permit the sale of the Series 2024 Bonds bearing interest at the applicable interest rate at par plus accrued interest, if any, on and as of the applicable interest rate determination date. The interest rate will reflect, among other factors, the level of market demand for the Series 2024 Bonds (including whether each Remarketing Agent is willing to purchase Series 2024 Bonds for its own account). There may or may not be Series 2024 Bonds tendered and remarketed on an interest rate determination date, each Remarketing Agent may or may not be able to remarket any Series 2024 Bonds tendered for purchase on such date at par and each Remarketing Agent may sell Series 2024 Bonds at varying prices to different investors on such date or any other date. Each Remarketing Agent is not obligated to advise purchasers in a remarketing if it does not have third party buyers for all of the Series 2024 Bonds at the remarketing price. In the event a Remarketing Agent owns

any Series 2024 Bonds for its own account, it may, in its sole discretion in a secondary market transaction outside the tender process, offer the Series 2024 Bonds on any date, including the interest rate determination date, at a discount to par to some investors.

The Ability to Sell the Series 2024 Bonds Other Than Through the Tender Process May Be Limited

Each Remarketing Agent may buy and sell Series 2024 Bonds other than through the tender process. However, it is not obligated to do so and may cease doing so at any time without notice and may require holders that wish to tender their Series 2024 Bonds to do so through the Tender Agent with appropriate notice. Thus, investors who purchase the Series 2024 Bonds, whether in a remarketing or otherwise, should not assume that they will be able to sell their Series 2024 Bonds other than by tendering the Series 2024 Bonds in accordance with the tender process.

Under Certain Circumstances, a Remarketing Agent May Be Removed, Resign or Cease Remarketing the Series 2024 Bonds, Without a Successor Being Named

Under certain circumstances, a Remarketing Agent may be removed or have the ability to resign or cease its remarketing efforts, without a successor having been named, subject to the terms of the Indenture and the Remarketing Agreement.

THE AGREEMENT

Loan of Proceeds; Loan Repayments

The proceeds of the Series 2024 Bonds will be loaned by the Issuer to FPL pursuant to the terms of the Agreement. FPL has agreed to pay to the Trustee for the account of the Issuer an amount equal to the principal amount of the Series 2024 Bonds and an amount equal to the aggregate of the premium, if any, and interest on the Series 2024 Bonds (the "Loan Repayments") at such times and in such amounts and in the manner provided in the Indenture for the Issuer to cause payments to be made to the Owners of the Series 2024 Bonds of the principal of and premium, if any, and interest on the Series 2024 Bonds.

Agreement to Acquire and Construct the Project

FPL is obligated in the Agreement to use commercially reasonable efforts to cause the acquisition, construction and installation of the Project to be performed with reasonable dispatch in accordance with the plans and specifications therefor, delays by reason of "force majeure" beyond the reasonable control of FPL excepted, but if for any reason such acquisition, construction and installation is not completed there shall be no diminution in the Loan Repayments and other amounts required to be paid by FPL under the Agreement.

FPL Obligations Unconditional

Until such time as the principal of and premium, if any, and interest on the Series 2024 Bonds shall have been fully paid or deemed to have been paid in accordance with the Indenture, FPL's obligations under the Agreement are absolute and unconditional and FPL has agreed that it (a) will not suspend or discontinue payment of any amounts required to be paid by it under the

Agreement, (b) will perform and observe all of its other agreements contained in the Agreement, and (c) except as permitted by the Agreement, will not terminate the Agreement for any cause.

Payments for Series 2024 Bonds Delivered for Purchase

FPL will agree to deposit, on or prior to the purchase date of the Series 2024 Bonds to be purchased from the Owners thereof as described under the heading "THE SERIES 2024 BONDS – Purchase of Series 2024 Bonds," an amount of money which, together with other moneys available for such purpose, will be sufficient to effect the purchase of the Series 2024 Bonds.

Merger, Sale or Consolidation

FPL has agreed that, so long as any Series 2024 Bonds are outstanding, it will maintain its legal existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into one or more other entities or permit one or more other entities to consolidate with or merge into it; provided, that FPL may consolidate with or merge into one or more other entities, or permit one or more other entities to consolidate with or merge into it, or sell or otherwise transfer to one or more other entities all or substantially all of its assets as an entirety and thereafter dissolve, provided the surviving, resulting or transferee entity or entities, as the case may be (if other than FPL), assumes or assume in writing all of the obligations of FPL in the Agreement, and, if not organized under the laws of the State of Florida, is or are qualified to do business in the State of Florida.

Events of Default

The occurrence of any one or more of the following is an event of default under the Agreement: (a) failure by FPL to pay or cause to be paid when due the Loan Repayments in the amounts and at the times specified in the Agreement or the amounts necessary to enable the Tender Agent to pay the Purchase Price of Series 2024 Bonds delivered to it for purchase, which failure shall have resulted in an event of default described in clause (a), (b) or (c) under "THE INDENTURE – Events of Default;" (b) failure by FPL to observe or to perform any covenant, condition, representation or agreement in the Agreement on its part to be observed or performed for a period of 90 days after written notice thereof to FPL by the Issuer or the Trustee, which may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2024 Bonds shall, give such notice, unless such period is extended by the Issuer and the Trustee or the Issuer, the Trustee and the Owners of Series 2024 Bonds, as provided in the Agreement (provided, however, that the Issuer and the Trustee or the Issuer, the Trustee and the Owners of the Series 2024 Bonds, as provided in the Agreement, as the case may be, will be deemed to have agreed to an extension of such period if corrective action is initiated by FPL within such period and is being diligently pursued), or unless such obligations are suspended by reason of force majeure, as defined in the Agreement; (c) 90 days after certain events of bankruptcy, liquidation or reorganization or (d) certain events of bankruptcy, dissolution, liquidation or reorganization by FPL.

Remedies

Acceleration and Limitations Thereon

Upon the occurrence and continuance of an event of default described in clause (a), (c) or (d) in "Events of Default," and further upon the condition that all Series 2024 Bonds outstanding under the Indenture shall have become immediately due and payable, the Loan Repayments shall, without further action, become immediately due and payable.

Any waiver of an event of default under the Indenture and a rescission and annulment of its consequences shall constitute a waiver of the corresponding event of default under the Agreement and a rescission and annulment of the consequences thereof.

Other Remedies

Upon the occurrence and continuance of any event of default, the Trustee as the Issuer's assignee may take whatever action at law or in equity may appear necessary or desirable to collect the Loan Repayments then due and thereafter to become due or to enforce performance and observance of any obligation, agreement or covenant of FPL under the Agreement.

Amendment

As provided in the Indenture, the Issuer and FPL may enter into, and the Trustee may consent to, without the consent of any Owner of the Series 2024 Bonds, such agreements supplemental to the Agreement as shall not be inconsistent with the terms and provisions of the Agreement, and shall not be, in the opinion of Bond Counsel, detrimental to the interests of the Owners of the Series 2024 Bonds: (a) to cure any ambiguity or defect or omission in the Agreement or in any supplemental agreement, (b) to grant to or confer upon the Issuer or the Trustee for the benefit of the Owners of the Series 2024 Bonds any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Issuer or the Owners of the Series 2024 Bonds or the Trustee, (c) to correct any description of, or to reflect changes in, any properties comprising the Project, (d) on any date on which all of the Series 2024 Bonds are subject to mandatory purchase to modify the Agreement and/or Pledge Agreement in any respect (even if to the adverse interest of Owners) provided that such supplement will not be effective until after such mandatory purchase and the payment of the purchase price in connection therewith or (e) in connection with any other changes which, as determined in good faith by FPL, upon which determination the Trustee will be permitted to conclusively rely, will not restrict, limit or reduce the obligation of FPL to pay the Loan Repayments or otherwise materially impair the security of the Owners of the Series 2024 Bonds under the Indenture. Any other amendment of the Agreement requires the consent of the Owners of a majority in aggregate principal amount of all Series 2024 Bonds then outstanding.

THE INDENTURE

Assignment of Issuer's Interest

Under the Indenture, the Issuer has pledged and assigned to the Trustee the Issuer's rights under the Agreement, including the Loan Repayments, except for certain rights to indemnification and reimbursement of expenses.

Creation of Construction Fund

The Indenture creates a Construction Fund. The Trustee will deposit the proceeds of the sale of the Series 2024 Bonds, minus each Underwriter's discount and expenses, into the Construction Fund. The moneys in the Construction Fund shall be held by the Trustee in trust and, subject to the terms of the Indenture, will be applied to the payment of the Cost of the Project (as described in the Indenture) and, pending such application, shall be subject to a lien and charge in favor of the holders of the Series 2024 Bonds issued and outstanding under the Indenture and for the further security of such holders until paid out or transferred as provided in the Indenture.

Creation of Bond Fund

The Indenture creates a Bond Fund. Moneys deposited in the Bond Fund are to be held in trust by the Trustee and, pending application in accordance with the Indenture, are subject to a lien and charge in favor of the Owners of the Series 2024 Bonds outstanding under the Indenture and to the prior lien of the Trustee for payment of its fees and expenses.

There shall be deposited to the credit of the Bond Fund (a) all Loan Repayments and (b) all other moneys received by the Trustee under and pursuant to any of the provisions of the Agreement or otherwise which are required or are accompanied by directions from FPL or the Issuer that such moneys are to be paid into the Bond Fund.

Moneys in the Bond Fund shall be used for the payment of the principal of and premium, if any, and interest on the Series 2024 Bonds or for the redemption or purchase of Series 2024 Bonds in accordance with the terms of the Indenture.

Creation of a Purchase Fund

The Indenture creates a Purchase Fund. Moneys deposited in the Purchase Fund are to be held by the Tender Agent for the purchase of Series 2024 Bonds pursuant to the Indenture and are not pledged to pay principal of or interest or any premium on the Series 2024 Bonds.

Investment of Funds

The Trustee shall, at the written instructions of an Authorized Borrower Representative, invest moneys held in the Bond Fund or the Construction Fund in the investments or securities specified in the Indenture. Gains or losses resulting from the investment of moneys in the Bond Fund or the Construction Fund will be credited or charged to such Fund.

Defeasance

If there is paid to the Owners of all of the Series 2024 Bonds the principal of and premium, if any, and interest on the Series 2024 Bonds due and thereafter to become due, together with all other sums payable under the Indenture, then the rights, title and interest of the Trustee in and to the estate pledged and assigned to it under the Indenture shall cease, terminate and become void, and the Series 2024 Bonds shall cease to be entitled to any lien, benefit or security under the Indenture. In such event, the Trustee shall transfer and assign to FPL all property then held by the Trustee, shall execute such documents as may be reasonably required by the Issuer or FPL to evidence such transfer and assignment and shall turn over to FPL any surplus in the Bond Fund and any other fund created under the Indenture. If the principal of and premium, if any, and interest due and thereafter to become due is paid on less than all the Series 2024 Bonds then outstanding, the Series 2024 Bonds shall cease to be entitled to the lien, benefit or security under the Indenture.

Any or all of the outstanding Series 2024 Bonds then bearing interest at a Long-Term Interest Rate during a Long-Term Interest Rate Period ending on or after the redemption date or on the day immediately preceding the Maturity Date, as the case may be, or at Commercial Paper Term Rates for Commercial Paper Terms which end on the redemption date or the day immediately preceding the Maturity Date, as the case may be, shall be deemed to have been paid when (a) in the case of Series 2024 Bonds to be redeemed prior to their maturity, FPL shall have given to the Trustee irrevocable instructions to mail the notice of redemption therefor, (b) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or Defeasance Obligations, which shall not contain provisions permitting the redemption thereof at the option of the issuer thereof, the principal of and the interest on which when due, and without any reinvestment thereof, will provide moneys which, together with the moneys, if any, deposited with or held by the Trustee available therefor, shall be sufficient to pay when due the principal of and premium, if any, and interest due and to become due on the Series 2024 Bonds, or portions thereof, on or prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event the Series 2024 Bonds do not mature and are not to be redeemed within the next succeeding 60 days, FPL (i) shall have given the Trustee irrevocable instructions to mail, as soon as practicable and as permitted by the Indenture, a notice to the Owners of the Series 2024 Bonds, or portions thereof, stating that the deposit of moneys or Defeasance Obligations required by clause (b) of this paragraph has been made with the Trustee and that the Series 2024 Bonds are deemed to have been paid and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal of and premium, if any, and interest on the Series 2024 Bonds, or portions thereof and (ii) shall cause to be delivered to the Trustee or escrow agent, as the case may be, a verification report of any independent, nationally recognized, certified public accountant showing the sufficiency of such deposit. The provisions of the Indenture relating to the rights of the Owners of the Series 2024 Bonds to payment, registration, transfer and exchange shall remain in full force and effect with respect to all Series 2024 Bonds until the maturity date of the Series 2024 Bonds or the last date fixed for redemption of all Series 2024 Bonds prior to maturity notwithstanding that the Series 2024 Bonds are deemed to be paid as described above. If less than all Series 2024 Bonds are to be defeased, the Trustee shall select the Series 2024 Bonds in the manner described under "THE SERIES 2024 BONDS – Selection of Series 2024 Bonds to be Redeemed."

Events of Default

The occurrence of any one or more of the following shall be an event of default under the Indenture: (a) failure to pay the principal of or premium, if any, on the Series 2024 Bonds when the same shall become due and payable, whether at maturity, through unconditional proceedings for redemption or otherwise; (b) failure to pay interest on any of the Series 2024 Bonds when the same shall become due and payable and the continuation of such failure for one Business Day; (c) a failure to pay amounts due to Owners of the Series 2024 Bonds for purchase thereof after such payment has become due and payable and the continuation of such failure for one Business Day; (d) failure to perform any other covenant, condition, agreement or provision contained in the Series 2024 Bonds or in the Indenture on the part of the Issuer to be performed which failure shall continue for a period of 90 days after written notice specifying such failure and requiring same to be remedied shall have been given to the Issuer by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2024 Bonds then outstanding, unless the Trustee, or the Trustee and the Owners of a principal amount of the Series 2024 Bonds not less than the principal amount of Series 2024 Bonds the Owners of which requested such notice, as the case may be, agree in writing to an extension of such period prior to its expiration; provided, however, that the Trustee, or the Trustee and the Owners of such principal amount of Series 2024 Bonds, as the case may be, shall be deemed to have agreed to an extension of such period if corrective action is instituted by the Issuer or FPL within the applicable period and is being diligently pursued; or (e) an event of default as defined in the Agreement.

Remedies

Acceleration and Limitations Thereon

Upon the occurrence and continuance of an event of default described in clause (a), (b), or (c) above in "Events of Default," or an event of default described in clauses (c) or (d) above under "THE AGREEMENT – Events of Default," the Trustee may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2024 Bonds then outstanding shall, by notice in writing to the Issuer and FPL, declare the principal of the Series 2024 Bonds then outstanding (if not then due and payable) to be immediately due and payable, and upon such declaration the same shall become and be immediately due and payable, anything in the Indenture or in the Series 2024 Bonds to the contrary notwithstanding; and the Trustee shall give notice thereof in writing to the Issuer, FPL, the Tender Agent and the Remarketing Agents, and notice to the holders of the Series 2024 Bonds in the same manner as a notice of redemption as permitted by the Indenture.

The provisions of the preceding paragraph, however, are subject to the condition that, if, after the principal of the Series 2024 Bonds has been declared to be due and payable, and before any judgment or decree for the payment of the moneys due has been obtained or entered, FPL, pursuant to the Agreement, shall deposit with the Trustee an amount sufficient to pay all matured installments of interest upon the Series 2024 Bonds and the principal of the Series 2024 Bonds which have become due otherwise than by reason of such declaration (with interest upon such principal and, to the extent permissible by law, on overdue installments of interest, at the rate per annum borne by the Series 2024 Bonds on the date of such declaration) and such amounts as are

sufficient to cover reasonable compensation and reimbursement of expenses payable to the Trustee, and all events of default under the Indenture other than nonpayment of the principal of Series 2024 Bonds which shall have become due by such declaration have been remedied, then, such event of default will be deemed waived and such declaration and its consequences rescinded and annulled. The Trustee will promptly give written notice of such waiver, rescission and annulment to the Issuer, FPL, the Tender Agent, the Remarketing Agents, and, if notice of the acceleration of the Series 2024 Bonds has been given to the Owners, notice shall be given to the Owners. No such waiver, rescission and annulment shall extend to or affect any subsequent event of default or impair any right or remedy consequent thereon.

Notwithstanding anything contained in the Indenture to the contrary, the Trustee, upon the written request of the holders of not less than a majority in aggregate principal amount of the Series 2024 Bonds then outstanding, shall waive any event of default under the Indenture and its consequences; provided, however, that, except under certain circumstances described in the Indenture, an event of default under clauses (a), (b) or (c) above in "Events of Default" with respect to any Series 2024 Bonds may not be waived without the written consent of the holders of all the Series 2024 Bonds.

Other Remedies

Upon the occurrence and continuance of any event of default, the Trustee may, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Series 2024 Bonds then outstanding shall, upon receipt of indemnity to its satisfaction, proceed to protect and enforce its rights and the rights of the Owners of the Series 2024 Bonds under the laws of the State of Florida, the Indenture and the Agreement by the exercise of any proper legal or equitable remedy as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

Owners' Right to Direct Proceedings

The Owners of a majority in principal amount of the Series 2024 Bonds then outstanding shall have the right, upon receipt by the Trustee of indemnity to its satisfaction, to direct the method and place of conducting all remedial proceedings to be taken by the Trustee. No Owner of any of the Series 2024 Bonds shall have any right to institute any suit, action or proceeding in equity or at law on any Series 2024 Bond or for the execution of any trust under the Indenture or for any other remedy thereunder except as provided in the Indenture, but nothing in the Indenture shall affect or impair the right of any Owner of a Series 2024 Bond to enforce the payment of the principal of and premium, if any, and interest on such Series 2024 Bond to the Owner thereof at the time and place stated in such Series 2024 Bond.

Amendment

The Issuer and the Trustee may, with the consent of FPL but without the consent of the Owners of the Series 2024 Bonds, enter into such supplemental indentures as shall not be inconsistent with the terms and provisions of the Indenture and shall not be, in the opinion of Bond Counsel, detrimental to the interests of the Owners of the Series 2024 Bonds (except to the extent permitted under (k) below): (a) to cure any ambiguity or defect or omission in the Indenture or in

any supplemental indenture; (b) to grant to or confer upon the Trustee for the benefit of the Owners of the Series 2024 Bonds any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Owners of the Series 2024 Bonds or the Trustee; (c) to confirm the lien of the Indenture or to subject to the Indenture additional revenues, properties or collateral; (d) to correct any description of, or to reflect changes in, any properties comprising the Project; (e) in connection with any other change, which as determined in good faith by FPL, upon which determination the Trustee shall be permitted to conclusively rely, will not restrict, limit or reduce the obligation of the Issuer to pay the principal of and premium, if any, and interest on the Series 2024 Bonds or otherwise impair the security of the Owners of the Series 2024 Bonds under the Indenture; (f) to modify, amend or supplement the Indenture or any supplemental indenture in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939, as amended, or any similar federal statute or to permit the qualification of the Series 2024 Bonds for sale under the securities laws of any of the states of the United States of America; (g) to make amendments to the provisions of the Indenture relating to matters under Section 148(f) of the Code, provided that an opinion of Bond Counsel, to the effect that such amendments will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Series 2024 Bonds, is delivered to the Trustee; (h) to authorize different Authorized Denominations of the Series 2024 Bonds and to make correlative amendments and modifications to the Indenture regarding exchangeability of Series 2024 Bonds of different Authorized Denominations, redemptions of portions of Series 2024 Bonds of particular Authorized Denominations and similar amendments and modifications of a technical nature; (i) to increase or decrease the number of days prior to an adjustment of the interest rate that notice need be given by FPL to the Trustee and by the Trustee to the Owners of the Series 2024 Bonds, provided that no decrease in any such number of days shall become effective except during a Daily or a Weekly Interest Rate Period and until 30 days after the Trustee shall have given notice thereof to the Owners of the Series 2024 Bonds affected thereby; (j) to make any amendments appropriate or necessary to provide for the delivery of additional collateral or any insurance policy, irrevocable transferable letter of credit, guaranty, surety bond, line of credit, revolving credit agreement or other agreement or security device delivered to the Trustee and providing for (i) payment of the principal, interest and redemption premium on either series of the Series 2024 Bonds or a portion thereof, of (ii) payment of the purchase price of either series of the Series 2024 Bonds, or (iii) both (i) and (ii); or (k) on any date on which all Series 2024 Bonds are subject to mandatory purchase to modify the Indenture in any respect (even if to the adverse interest of Owners) provided that such supplement will not be effective until after such mandatory purchase and the payment of the purchase price in connection therewith.

FPL and the Owners of not less than a majority in aggregate principal amount of the Series 2024 Bonds then outstanding shall have the right to consent to the execution by the Issuer and the Trustee of such other supplemental indentures as shall be deemed necessary or desirable by the Issuer for the purpose of modifying, altering, amending, adding to or rescinding, in any particular way, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that, unless approved by all of the Owners of the Series 2024 Bonds then outstanding and FPL, nothing contained in the Indenture shall permit, or be construed as permitting, (a) an extension of the maturity of the principal of or the interest on the Series 2024 Bonds, or (b) a reduction in the principal amount of the Series 2024 Bonds or the redemption premium or the rate of interest thereon, or (c) the creation of a lien upon or a pledge of the Loan Repayments other than the lien and pledge created by the Indenture, or (d) a preference or priority

of any Series 2024 Bond over any other Series 2024 Bond, or (e) a reduction in the aggregate principal amount of the Series 2024 Bonds required for consent to such supplemental indenture.

Any supplemental indenture that affects any right, power, obligation or authority of FPL under the Agreement or requires a revision of the Agreement shall not become effective without the consent of FPL.

TAX MATTERS

In the opinion of Locke Lord LLP and The Law Offices of Carol D. Ellis, P.A., Bond Counsel to the Issuer ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, compliance with certain covenants, interest on the Series 2024 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), except that no opinion is expressed as to the status of interest on any such Series 2024 Bond for any period that such Series 2024 Bond is held by a "substantial user" of the facilities financed or refinanced by the Series 2024 Bonds or by a "related person" within the meaning of Section 147(a) of the Code. Bond Counsel is of the further opinion that interest on the Series 2024 Bonds will be included as a specific preference item for purposes of computing the alternative minimum taxable income of Bondholders who are individuals. However, interest on the Series 2024 Bonds will be included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Bond Counsel expresses no opinion regarding any other federal tax consequences arising with respect to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2024 Bonds.

The Code imposes various requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Series 2024 Bonds. Failure to comply with these requirements may result in interest on the Series 2024 Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Series 2024 Bonds. The Issuer and the FPL have covenanted to comply with such requirements to ensure that interest on the Series 2024 Bonds will not be included in federal gross income. The opinion of Bond Counsel assumes compliance with these covenants.

Bond Counsel is also of the opinion that the Series 2024 Bonds and the interest thereon are exempt from taxation under the existing laws of the State of Florida, except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined therein. Bond Counsel has not opined as to the taxability of the Series 2024 Bonds or the income therefrom under the laws of any state other than Florida.

Prospective Bondholders should be aware that certain requirements and procedures contained or referred to in the Indenture, the Agreement, and other relevant documents may be changed and certain actions (including, without limitation, defeasance of the Series 2024 Bonds) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Series 2024 Bonds may adversely affect the value of, or the tax status of interest on, the Series 2024 Bonds.

Risk of Further Legislative Changes and/or Court Decisions

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the Florida legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment of obligations such as the Series 2024 Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Series 2024 Bonds will not have an adverse effect on the tax status of interest on the Series 2024 Bonds or the market value or marketability of the Series 2024 Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Series 2024 Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

Additionally, Bondholders should be aware that future legislative actions (including federal income tax reform) may retroactively change the treatment of all or a portion of the interest on the Series 2024 Bonds for federal income tax purposes for all or certain taxpayers. In all such events, the market value of the Series 2024 Bonds may be affected and the ability of Bondholders to sell their Series 2024 Bonds in the secondary market may be reduced. The Series 2024 Bonds are not subject to special mandatory redemption, and the interest rates on the Series 2024 Bonds are not subject to adjustment, in the event of any such change in the tax treatment of interest on the Series 2024 Bonds. Prospective Bondholders are urged to consult their own tax advisors with respect to any such legislation, interpretation or development.

Although Bond Counsel is of the opinion that interest on the Series 2024 Bonds is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of interest on, the Series 2024 Bonds may otherwise affect a Bondholder's federal or state tax liability. The nature and extent of these other tax consequences will depend upon the particular tax status of the Bondholder or the Bondholder's other items of income, deduction or exclusion. Bond Counsel expresses no opinion regarding any such other tax consequences, and Bondholders should consult with their own tax advisors with respect to such consequences.

CONTINUING DISCLOSURE

In order to assist each Underwriter in complying with certain provisions of Rule 15c2-12 (the "Rule") adopted by the Securities and Exchange Commission ("SEC") under the Exchange Act, FPL has agreed in separate, but substantially identical, Continuing Disclosure Undertakings to provide certain annual financial information and operating data and notices of certain events. The proposed form of the Continuing Disclosure Undertaking is included as Appendix E to this Official Statement.

Each Continuing Disclosure Undertaking may be enforced by any Beneficial Owner of the corresponding Series 2024 Bonds, but FPL's failure to comply will not be a default under the Indenture or the Agreement. A failure by FPL to comply with a Continuing Disclosure Undertaking must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the corresponding Series 2024 Bonds in the secondary market. Consequently, such failure may

adversely affect the transferability and liquidity of the corresponding Series 2024 Bonds and their market price.

FPL is currently a party to numerous continuing disclosure undertakings ("Existing Undertakings") with respect to revenue bonds issued (i) through various municipal authorities on behalf of FPL and (ii) through and on behalf of JEA, an independent agency of the City of Jacksonville, Florida, in connection with numerous issues of JEA's revenue bonds related to the St. Johns River Power Park, a two unit electric generating station formerly owned jointly by JEA and FPL (the "JEA Bonds"). FPL has established internal procedures and controls, which are designed to provide reasonable assurance that all such actions required to be accomplished by FPL under the Existing Undertakings and the Continuing Disclosure Undertaking is completed in a timely manner. FPL reviews those procedures and controls on an on-going basis. The audited financial statements for Gulf Power Company (which merged into FPL on January 1, 2021) for the fiscal year ended December 31, 2019 were filed late, with respect to numerous continuing disclosure undertakings Gulf Power Company (now FPL) is a party to. FPL, through Gulf Power Company, posted a "failure to file" notice, with respect to such undertakings. In November 2021, FPL incurred a financial obligation through the issuance of its First Mortgage Bonds and filed a late notice regarding such issuance with respect to one continuing disclosure undertaking in which FPL is a party. The audited financial statements for FPL for the fiscal year ended December 31, 2021 were filed one day late, with respect to two continuing disclosure undertakings Gulf Power Company was a party to. The audit due date was Sunday, April 10, 2022, and the filing was posted on the next business day, Monday, April 11, 2022. FPL has posted a "failure to file" notice with respect to such undertakings.

UNDERWRITING

Each of U.S. Bank Municipal Products Group, a division of U.S. Bank National Association (the "Series 2024A Underwriter") and PNC Capital Markets LLC (the "Series 2024B Underwriter" and collectively with the Series 2024A Underwriter, the "Underwriters"), pursuant to separate Underwriting Agreements, will agree to purchase from the Issuer the Series 2024A Bonds and the Series 2024B Bonds, respectively. Each of the Underwriters is purchasing the respective series at the price equal to the par amount of such Series 2024 Bonds minus such Underwriter's discount of $107,500 and certain out-of-pocket expenses. FPL will agree to indemnify each Underwriter against certain liabilities, including certain liabilities under the federal securities laws.

Each Underwriter's obligation to purchase the respective Series 2024 Bonds will be subject to certain conditions precedent. Each Underwriter will not have the right to purchase less than all of the respective Series 2024 Bonds if any of such Series 2024 Bonds are purchased. The offering price of the Series 2024 Bonds may be changed from that set forth on the cover page hereof from time to time by the respective Underwriter. The Underwriters may offer and sell the Series 2024 Bonds to certain dealers (including dealers depositing Series 2024 Bonds into investment trusts, accounts or funds) and others at prices lower than the public offering prices set forth on the cover page hereof.

"US Bancorp" is the marketing name of U.S. Bancorp and its subsidiaries, including U.S. Bank Municipal Products Group, a division of U.S. Bank National Association, which in addition

to serving as the Series 2024A Underwriter, is serving with its affiliate, U.S. Bancorp Investments, Inc., as remarketing agent, for the Series 2024A Bonds and will be compensated separately for serving in each capacity.

PNC Capital Markets LLC and PNC Bank, National Association are both wholly-owned subsidiaries of the PNC Financial Services Group, Inc. PNC Capital Markets LLC is not a bank, and is a distinct legal entity from PNC Bank, National Association. PNC Bank, National Association may presently or in the future have other banking and financial relationships with the Issuer and/or FPL. PNC Capital Markets LLC is serving as both underwriter and remarketing agent for the Series 2024B Bonds and will be compensated separately for serving in each capacity.

LEGALITY

Florida legal matters incident to the issuance of the Series 2024 Bonds are subject to the legal opinion of Locke Lord LLP and The Law Offices of Carol D. Ellis, P.A., West Palm Beach, Florida, as Bond Counsel. The signed legal opinion for the Series 2024 Bonds, dated and premised on law in effect as of the date of original delivery of the Series 2024 Bonds, will be delivered to the Underwriters at the time of original delivery of the Series 2024 Bonds. The proposed text of such legal opinion is set forth in Appendix C to the Official Statement.

Squire Patton Boggs (US) LLP, counsel for FPL, will also render opinions relating to certain matters pertaining to FPL and its obligations under the Agreement. The Office of the County Attorney of Miami-Dade, Florida will pass upon certain legal matters for the Issuer. Certain legal matters will be passed upon for the Underwriters by Ballard Spahr LLP, Philadelphia, Pennsylvania, counsel to the Underwriters.

DISCLOSURE REQUIRED BY FLORIDA BLUE SKY REGULATIONS

Florida law requires the Issuer to make a full and fair disclosure of any bonds or other debt obligations that it has issued or guaranteed and that are or have been in default as to principal or interest at any time after December 31, 1975 (including bonds or other debt obligations for which it has served as a conduit issuer). Pursuant to Rule 69W-400.003, Florida Administrative Code, the Florida Office of Financial Regulation has required the disclosure of the amounts and types of defaults, any legal proceedings resulting from such defaults, whether a trustee or receiver has been appointed over the assets of the Issuer, and certain additional financial information, unless the Issuer believes in good faith that such information would not be considered material by a reasonable investor. The Issuer is strictly a conduit issuer. The obligations of the Issuer under such conduit bond issues is limited solely to funds received from the party borrowing the proceeds of the bonds. Therefore, whether any such conduit bonds or other debt obligations are in default as to the payment of principal and interest, would not be material to purchasers of the Series 2024 Bonds unless the conduit borrower under the bonds was FPL. The Issuer is not aware of any payment default by FPL on any conduit bonds issued by the Issuer for the benefit of FPL.

Form of Approving Opinion of Bond Counsel

THIS PAGE HAS BEEN INTENTIONALLY LEFT BLANK

On the date of issuance of the Series 2024 Bonds in definitive form, Locke Lord LLP and the Law Offices of Carol D. Ellis, P.A., Bond Counsel, propose to render their opinion in substantially the following form:

, 2024

Miami-Dade County Industrial
Development Authority
Miami, Florida

Re: $172,000,000 Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024A and

$172,000,000 Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project), Series 2024B

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by the Miami-Dade County Industrial Development Authority (the "Authority") of $172,000,000 Revenue Bonds (Florida Power & Light Company Project), Series 2024A (the "Series 2024A Bonds") and $172,000,000 Revenue Bonds (Florida Power & Light Company Project), Series 2024B (the "Series 2024B Bonds," and, together with the Series 2024A Bonds, the "Series 2024 Bonds") on behalf of Florida Power & Light Company, a Florida corporation (the "Borrower"), pursuant to and under the authority of the Constitution of the State of Florida, Chapter 159, Parts II and III, Florida Statutes, and other applicable provisions of law (collectively, the "Act"), resolutions of the Authority adopted on April 27, 2022 and May 8, 2024 (collectively, the "Authority Resolution"), Resolution No. R-884-23 adopted by the Board of County Commissioners of Miami-Dade County, Florida on October 3, 2023, evidencing public approval of the Series 2024 Bonds and consenting to the issuance of the Series 2024 Bonds by the Authority (the "County Resolution") and pursuant to a Trust Indenture dated as of May 1, 2024 (the "Indenture"), between the Authority and Regions Bank, as trustee (the "Trustee"). The proceeds of the Series 2024 Bonds are being loaned to the Borrower pursuant to a Loan Agreement dated as of May 1, 2024 (the "Loan Agreement"), between the Authority and the Borrower. In such capacity, we have examined such law and certified proceedings, certifications as we have deemed necessary to render this opinion. Any capitalized terms not defined herein shall have the meanings assigned to such terms in the Indenture.

Under the Loan Agreement, the Borrower has agreed to make payments sufficient to pay when due the principal of, premium, if any, and interest on the Series 2024 Bonds, in the manner provided in the Indenture.

The Series 2024 Bonds are payable solely from the funds pledged for their benefit pursuant to the Indenture, including amounts payable by the Borrower under the Loan Agreement, other revenues or under any credit enhancement provided by the Borrower in accordance with the provisions of the Indenture and the Agreement.

The principal or premium, if any, and interest on the Series 2024 Bonds do not constitute a debt, liability or obligation of the Authority, Miami-Dade County, Florida (the "County"), the State of Florida (the "State"), or any subdivision or instrumentality thereof, other than a revenue obligation of the Authority within the meaning of the Act, or a pledge of the faith and credit of the Authority, the County, the State or any subdivision or instrumentality thereof, but shall be payable solely from the funds pledged thereof in accordance with the provisions of the Act, does not, directly indirectly or contingently, obligate the County, the State or any agency or political subdivision thereof to levy any form of taxation for the payment thereof or to make any appropriation for their payment and the Series 2024 Bonds and the interest payable thereon do not now and shall never constitute a debt of the Authority, the County, the State or any agency or political subdivision thereof within the meaning of the Constitution or the statutes of the State and do not now and shall never constitute a charge against the credit or taxing power of the County, the State or any agency or political subdivision thereof. The Authority has no taxing power.

As to questions of fact material to our opinion, we have relied upon (a) representations and covenants made on behalf of the Authority and the Borrower in the Indenture, the Loan Agreement, the Letter of Representation by and among the Borrower, the Authority and U.S. Bank Municipal Products Group, a division of U.S. Bank National Association, as underwriter of the Series 2024A Bonds dated May 22, 2024, the Letter of Representation by and among the Borrower, the Authority and PNC Capital Markets LLC, as underwriter of the Series 2024B Bonds dated May 22, 2024 and the Tax Certificate and Agreement (the "Tax Certificate") by and between the Borrower and the Authority dated May 23, 2024, (b) certified proceedings and other certifications of public officials furnished to us, and (c) certifications furnished to us by or on behalf of the Borrower (including certifications as to the use of the proceeds of the Series 2024 Bonds and the operation and use of the property financed thereby made in the Tax Certificate, which are material to certain of our opinions expressed below), without undertaking to verify the same by independent investigation. Specifically, we advise you that we are not experts in determining the reasonably expected economic lives of assets, asset valuation, financial analysis, financial projections or similar disciplines and we have conducted no independent investigation concerning such analysis.

In rendering this opinion, we are relying upon (a) the opinions of the Office of Miami-Dade County Attorney, counsel to the Authority, of even date herewith, with respect to the (i) creation and existence of the Authority, (ii) the due adoption of the Authority Resolution and the County Resolution, (iii) the due authorization, execution and delivery by the Authority of the Series 2024 Bonds, the Indenture and the Loan Agreement and (iv) the compliance by the Authority with all conditions contained in the resolutions of the Authority precedent to the issuance of the Series 2024 Bonds, and (b) the opinions of Squire Patton Boggs (US) LLP, counsel to the

Borrower, with respect to (i) the corporate existence of the Borrower, (ii) the power of the Borrower to enter into and perform the Loan Agreement, (iii) the authorization, execution and delivery of such document by the Borrower and (iv) the validity, binding effect and enforceability of such document against the Borrower.

We have not passed upon any matters relating to the business, affairs or condition (financial or otherwise) of the Borrower and no inference should be drawn that we have expressed any opinion on matters relating to the ability of the Authority, the Borrower or the Trustee to perform their respective obligations under the contracts described herein.

The description of the Series 2024 Bonds in this opinion and other statements concerning the terms and conditions of the issuance of the Series 2024 Bonds do not purport to set forth all of the terms and conditions of the Series 2024 Bonds nor of any other document relating to the issuance of the Series 2024 Bonds, but are intended only to identify the Series 2024 Bonds and to describe briefly certain features thereof. This opinion shall not be deemed or treated as an offering memorandum, prospectus or official statement, and is not intended in any way to be a disclosure document used in connection with the sale or delivery of the Series 2024 Bonds.

Based upon the foregoing and subject to the qualifications hereinafter set forth, we are of the opinion that, under existing law:

1. The Authority is validly existing as a public body corporate and politic of the State and has the power to issue the Series 2024 Bonds and to enter into and perform the Indenture and the Loan Agreement.

2. The Indenture and the Loan Agreement have been duly authorized, executed and delivered by the Authority and are valid, binding and enforceable obligations of the Authority. The Indenture creates a valid lien upon the funds pledged for the benefit of the Series 2024 Bonds, all in the manner and to the extent provided in the Indenture.

3. The Series 2024 Bonds were duly authorized, executed and delivered by the Authority and are valid, binding revenue obligations of the Authority, enforceable in accordance with their terms and the terms of the Indenture. The Series 2024 Bonds and the interest thereon are revenue obligations of the Authority payable solely from the funds pledged thereto, to the extent and in the manner provided in the Indenture. In no event shall the Series 2024 Bonds constitute an indebtedness for which the faith and credit, or any of the revenues, of the Authority, the County, the State or any political subdivision thereof, within the meaning of any provision of the Constitution or laws of the State, are pledged.

4. The Internal Revenue Code of 1986 (the "Code") imposes certain requirements that must be met subsequent to the issuance and delivery of the Series 2024 Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause the interest on the Series 2024 Bonds to be included in gross

income of the owners thereof retroactive to the date of issue of the Series 2024 Bonds. The Authority and the Borrower have covenanted in the Loan Agreement and the Tax Certificate, respectively, to comply with each applicable requirement of the Code in order to maintain the exclusion of the interest on the Series 2024 Bonds from gross income for federal income tax purposes.

In our opinion, under existing law, and assuming compliance with the aforementioned covenants, interest on the Series 2024 Bonds is excludible from the gross income of the owners thereof for federal income tax purposes, except that no opinion is expressed as to the status of interest on the Series 2024 Bonds for any period that such Series 2024 Bonds are held by a "substantial user" of the facilities financed by the Series 2024 Bonds or by a "related person" within the meaning of Section 147(a) of the Code. Interest on the Series 2024 Bonds will be a specific preference item for purposes of computing the alternative minimum taxable income of individuals. However, interest on the Series 2024 Bonds will be included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. We express no opinion regarding other federal tax consequences arising with respect to the Series 2024 Bonds.

5. The Series 2024 Bonds and the interest thereon are exempt from taxation under the laws of the State, except as to estate taxes and taxes imposed by Chapter 220, Florida Statutes, on interest, income or profits on debt obligations owned by corporations, as defined therein.

This opinion is expressed as of the date hereof, and we neither assume nor undertake any obligation to update, revise, supplement or restate this opinion to reflect any action taken or omitted, or any facts or circumstances or changes in law or in the interpretation thereof, that may hereafter arise or occur, or for any other reason.

The rights of the holders of the Series 2024 Bonds and the enforceability of the Series 2024 Bonds, the Indenture and the Loan Agreement may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,

Continuing Disclosure Undertaking

This Continuing Disclosure Undertaking (this "Disclosure Undertaking") is dated May [__], 2024 by FLORIDA POWER & LIGHT COMPANY (the "Company") and REGIONS BANK, as trustee (the "Trustee"), in connection with the sale of $172,000,000 aggregate principal amount of Miami-Dade County Industrial Development Authority Revenue Bonds (Florida Power & Light Company Project) Series 2024[A/B] (the "Bonds"). The Bonds are issued pursuant to a Trust Indenture dated as of May 1, 2024 (the "Indenture") between Miami-Dade County Industrial Development Authority (the "Issuer") and the Trustee. The proceeds of the Bonds are provided by the Issuer to the Company pursuant to a Loan Agreement dated as of May 1, 2024 (the "Loan Agreement") between Company and the Issuer.

In consideration of the mutual promises and agreements made herein, the receipt and sufficiency of which consideration is hereby mutually acknowledged, the parties hereto agree as follows:

Section 1. Purpose of the Disclosure Undertaking. This Disclosure Undertaking is being executed and delivered by the Company and the Trustee for the benefit of the Beneficial Owners (defined below) and in order to assist the Participating Underwriter (defined below) in complying with the Rule (defined below). The Company acknowledges that the Issuer, the Trustee and the Participating Underwriter have undertaken no responsibility with respect to any reports, notices or disclosures provided or required under this Disclosure Undertaking, and the Issuer, the Trustee and the Participating Underwriter have no liability to any person, including any Beneficial Owner, with respect to any such reports, notices or disclosures.

"Annual Report" shall mean the Form 10-K (as defined in Section 3(a) hereof) or, collectively, the filings described in Section 3(b) hereof.

"Beneficial Owner" shall mean, while the Bonds are held in a book-entry only system, the actual purchaser of each Bond, the ownership interest of which is to be recorded on the records of the direct and indirect participants of DTC, and otherwise shall mean the holder of Bonds.

"Commission" shall mean the Securities and Exchange Commission, or any successor body thereto.

"EMMA" shall mean the Electronic Municipal Market Access system and the EMMA Continuing Disclosure Service of MSRB, or any successor thereto approved by the Commission, as a repository for municipal continuing disclosure information pursuant to the Rule.

"Listed Events" shall mean any of the events listed in Section 4 of this Disclosure Undertaking.

"MSRB" means the Municipal Securities Rulemaking Board, or any successor thereto. On July 1, 2009, the MSRB became the sole repository to which the Company must electronically submit Annual Reports pursuant to Section 3 hereof and material event notices pursuant to Section 4 hereof. Reference is made to Commission Release No. 34-59062, December 15, 2008 (the "Release") relating to EMMA, which became effective on July 1, 2009. To the extent applicable to this Disclosure Undertaking, the Company shall comply with the provisions described in the Release and with the requirements of EMMA, as amended or supplemented from time to time.

"Participating Underwriter" shall mean the original underwriter of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Commission under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(b) In the event the Company no longer files annual reports under Sections 13 or 15(d) of the Exchange Act, the Company's Annual Report shall consist of annual financial information of the type set forth or incorporated by reference in the Official Statement dated May 14, 2024 delivered with respect to the sale of the Bonds, including audited financial statements prepared in accordance with generally accepted accounting principles (GAAP), in each case not later than one hundred twenty (120) days after the end of the Company's fiscal year.

(c) The Company shall, in a timely manner, provide to the MSRB and the Trustee notice of failure by the Company to file any Annual Report by the date due.

(d) The Trustee shall have no duty to review any Annual Report or to verify or analyze any financial statements set forth therein and shall hold such Annual Reports and financial statements solely as a repository for the benefit of the Holders; the Trustee shall not be deemed to have notice of any information contained therein, default or event of default which may be disclosed therein in any manner.

Section 5. Termination of Reporting Obligation. The Company's obligations under this Disclosure Undertaking shall terminate upon the defeasance, prior redemption or payment in full of all of the Bonds. If the Company's obligations under the Loan Agreement and this Disclosure Undertaking are assumed in full by some other entity, such entity shall be responsible for compliance with this Disclosure Undertaking in the same manner as if it were the Company and the Company shall have no further responsibility hereunder. The Company shall provide timely notice to the MSRB of the termination of the Company's obligations under this Disclosure Undertaking pursuant to an assumption of its obligations hereunder.

Section 6. Amendment: Waiver. Notwithstanding any other provision of this Disclosure Undertaking, the Company and the Trustee may amend this Disclosure Undertaking (and the Trustee shall agree to any amendment so requested by the Company that does not change the duties of the Trustee hereunder, provided the Trustee receives indemnity satisfactory to it) or waive any provision hereof, but only in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of the obligor with respect to the Bonds or the type of business conducted by said obligor; provided that (1) this Disclosure Undertaking, as amended or following such waiver, would have complied with the requirements of the Rule on the date of an adjustment of the then-current Interest Rate Period, after taking into account any amendments to the Rule as well as any change in circumstances, and (2) the amendment or waiver does not materially impair the interests of the holders of Bonds, in the opinion of counsel expert in federal securities laws selected by the Company, or is approved by the Beneficial Owners of not less than a majority in aggregate principal amount of the outstanding Bonds.

In the event of any amendment to the type of financial or operating data provided in an Annual Report provided pursuant to Section 3(b) hereof, or any change in accounting principles reflected in such Annual Report, the Company agrees that the Annual Report will explain, in narrative form, the reasons for the amendment or change and the effect of such change, including comparative information, where appropriate. To the extent not otherwise included in such Annual Report, the Company will also provide timely notice of any change in accounting principles to the MSRB and the Trustee.

Section 7. Additional Information. Nothing in this Disclosure Undertaking shall be deemed to prevent the Company from disseminating any other information using the means of dissemination set forth in this Disclosure Undertaking or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Undertaking. If the Company chooses to

A default under this Disclosure Undertaking shall not be deemed an Event of Default under the Indenture or the Loan Agreement, and the sole remedy under this Disclosure Undertaking in the event of any failure of the Company to comply with this Disclosure Undertaking shall be an action to compel performance. The Trustee shall be entitled to rely conclusively upon any written evidence provided by the Company regarding the provision of information to the MSRB.

Section 9. Duties, Immunities and Liabilities of Trustee; Assignment by Trustee. Solely for the purpose of (a) defining the standards of care and performance applicable to the Trustee in the performance of its obligations under this Disclosure Undertaking, (b) the manner of execution by the Trustee of those obligations, (c) defining the manner in which, and the conditions under which, the Trustee may be required to take action at the direction of Beneficial Owners, including the condition that indemnification be provided, and (d) matters of removal, resignation and succession of the Trustee under this Disclosure Undertaking, Article IX of the Indenture is hereby made applicable to this Disclosure Undertaking as if this Disclosure Undertaking were (solely for this purpose) contained in the Indenture; provided the Trustee shall have only such duties under this Disclosure Undertaking as are specifically set forth in this Disclosure Undertaking. Anything herein to the contrary notwithstanding, the Trustee shall have no duty to investigate or monitor compliance by the Company with the terms of this Disclosure Undertaking, including without limitation, reviewing the accuracy or completeness of any information or notices filed by the Company hereunder. Anything herein to the contrary notwithstanding, the Trustee shall not be construed as having any duty to the Participating Underwriter, except to the extent that such Participating Underwriter is a Beneficial Owner. The Trustee shall assign this Disclosure Undertaking to any successor Trustee appointed pursuant to the terms of the Indenture.

The Company agrees to pay the Trustee from time to time reasonable compensation for services provided by the Trustee under this Disclosure Undertaking and to pay or reimburse the Trustee upon request for all reasonable fees, expenses, disbursements and advances incurred or made in accordance with this Disclosure Undertaking (including reasonable compensation and the expenses and disbursements of its counsel and of all agents and other persons regularly in its employ) or as a result of the Trustee's duties and obligations hereunder, or as a result of the

Company's failure to perform its obligations hereunder, except to the extent that any such fees, expenses, disbursement or advance is due to the gross negligence or willful misconduct of the Trustee.

The Trustee is a party to this Disclosure Undertaking solely for and on behalf of the holders and Beneficial Owners of the Bonds and shall not be considered to be the agent of the Company when performing any actions required to be taken by the Trustee under this Disclosure Undertaking. Nothing in this Disclosure Undertaking shall prevent the Company from designating the Trustee as its agent in performing the Company's obligations under this Disclosure Undertaking; provided, however, such designation shall be made in writing under mutually agreeable terms.

Upon the basis of the foregoing and at the request of the Company, we advise you that:

1. The Company is a validly organized and existing corporation and is in active status under the laws of the State of Florida, and is doing business in that State, and has valid franchises, licenses and permits adequate for the conduct of its business.

2. The Company is a corporation duly authorized by its Restated Articles of Incorporation, as amended (the "Charter"), to conduct the business which it is now conducting as set forth in the Official Statement; the Company is subject, as to retail rates and services, issuance of securities, accounting and certain other matters, to the jurisdiction of the Florida Public Service Commission; and the Company is subject, as to wholesale rates, accounting and certain other matters, to the jurisdiction of the Federal Energy Regulatory Commission.

3. Except as stated or referred to in the Official Statement, as amended or supplemented to date (including amendments or supplements to date resulting from the filing of documents incorporated therein by reference), to our knowledge after due inquiry, there are no material pending legal proceedings to which the Company is a party or of which property of the Company is the subject which if determined adversely would have a material adverse effect on the Company and its subsidiaries taken as a whole and, to the best of our knowledge, no such proceeding is known by us to be contemplated by governmental authorities. We know of no litigation or proceedings, pending or threatened, challenging the validity of the Loan Agreement or the Letter of Representation or seeking to enjoin the performance of the Company's obligations thereunder.

4. The Loan Agreement has been duly and validly authorized by all necessary corporate action, has been duly and validly executed and delivered, and is a valid and binding agreement of the Company enforceable in accordance with its terms, subject to the effect of bankruptcy, insolvency, reorganization, fraudulent conveyance, receivership, moratorium or other laws affecting creditors' rights and remedies generally and general equity principles and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the court before which any matter is brought, and subject to any principles of public policy limiting the right to enforce the indemnification provisions contained in Section 7.3 therein.

5. The Letter of Representation has been duly and validly authorized by all necessary corporate action, has been duly and validly executed and delivered, and is a valid and binding agreement of the Company enforceable in accordance with its terms, subject to the effect of bankruptcy, insolvency, reorganization, fraudulent conveyance, receivership, moratorium or other laws affecting the rights and remedies of creditors generally and of general principles of equity and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the

court before which any matter is brought and the effect of applicable public policy on the enforceability of provisions relating to indemnification contained in Section 6 therein.

6. The Remarketing Agreement has been duly and validly authorized by all necessary corporate action, has been duly and validly executed and delivered, and is a valid and binding agreement of the Company enforceable in accordance with its terms, subject to the effect of bankruptcy, insolvency, reorganization, fraudulent conveyance, receivership, moratorium or other laws affecting the rights and remedies of creditors generally and of general principles of equity and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the court before which any matter is brought and the effect of applicable public policy on the enforceability of provisions relating to indemnification contained in Section 4 therein.

7. The Continuing Disclosure Undertaking has been duly and validly authorized by all necessary corporate action, has been duly and validly executed and delivered, and is a valid and binding agreement of the Company enforceable in accordance with its terms, subject to the effect of bankruptcy, insolvency, reorganization, fraudulent conveyance, receivership, moratorium and other laws affecting the rights and remedies of creditors generally and of general principles of equity and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the court before which any matter is brought.

8. The Tender Agreement has been duly and validly authorized by all necessary corporate action, has been duly and validly executed and delivered, and is a valid and binding agreement of the Company enforceable in accordance with its terms, subject to the effect of bankruptcy, insolvency, reorganization, fraudulent conveyance, receivership, moratorium or other laws affecting the rights and remedies of creditors generally and of general principles of equity and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the court before which any matter is brought and the effect of applicable public policy on the enforceability of provisions relating to indemnification contained in Section 11(a) therein.

9. The consummation by the Company of the transactions contemplated in the Letter of Representation, and the fulfillment by the Company of the terms of the Loan Agreement and the Letter of Representation, will not result in a breach of any of the terms or provisions of, or constitute a default under, the Charter or the Amended and Restated Bylaws of the Company, or any indenture, mortgage, deed of trust or other agreement or instrument, the terms of which are known to us, to which the Company is now a party, except where such breach or default would not have a material adverse effect on the business, properties or financial condition of the Company.

10. The Loan Agreement is being executed and delivered pursuant to the authority contained in an order of the Florida Public Service Commission, which authority is adequate to permit such action. To the best of our knowledge, said authorization is still in full force and effect, and no further approval, authorization, consent or order of any public board or body is legally required for the performance of the Company's obligations under the Loan Agreement.

11. The offer and sale of the Bonds do not require registration of the Bonds under the Securities Act of 1933, as amended, and, in connection therewith, the Indenture is not required to be qualified under the Trust Indenture Act of 1939, as amended; provided that, in giving this opinion, we have, with your consent, relied on the opinions of even date herewith rendered to you by Locke Lord LLP and The Law Offices of Carol D. 3. Except as stated or referred to in the Official Statement, as amended or supplemented to date (including amendments or supplements to date resulting from the filing of documents incorporated therein by reference), to our knowledge after due inquiry, there are no material pending legal proceedings to which the Company is a party or of which property of the Company is the subject which if determined adversely would have a material adverse effect on the Company and its subsidiaries taken as a whole and, to the best of our knowledge, no such proceeding is known by us to be contemplated by governmental authorities. We know of no litigation or proceedings, pending or threatened, challenging the validity of the Loan Agreement or the Letter of Representation or seeking to enjoin the performance of the Company's obligations thereunder.

4. 9. The consummation by the Company of the transactions contemplated in the Letter of Representation, and the fulfillment by the Company of the terms of the Loan Agreement and the Letter of Representation, will not result in a breach of any of the terms or provisions of, or constitute a default under, the Charter or the Amended and Restated Bylaws of the Company, or any indenture, mortgage, deed of trust or other agreement or instrument, the terms of which are known to us, to which the Company is now a party, except where such breach or default would not have a material adverse effect on the business, properties or financial condition of the Company.

10. The Loan Agreement is being executed and delivered pursuant to the authority contained in an order of the Florida Public Service Commission, which authority is adequate to permit such action. To the best of our knowledge, said authorization is still in full force and effect, and no further approval, authorization, consent or order of any public board or body is legally required for the performance of the Company's obligations under the Loan Agreement.

Juno Beach, Florida 33408

Ladies and Gentlemen:

We have acted as counsel to Florida Power & Light Company, a Florida corporation (the "Company"), in connection with the issuance and sale by the Company of $350,000,000 aggregate principal amount of its First Mortgage Bonds, 5.00% Series due August 1, 2034 (the "Bonds"), issued under the Mortgage and Deed of Trust dated as of January 1, 1944, as the same is supplemented by one hundred and thirty-eight indentures supplemental thereto, the latest of which is dated as of July 1, 2024 (such Mortgage as so supplemented being hereinafter called the "Mortgage") from the Company to Deutsche Bank Trust Company Americas, as Trustee (the "Mortgage Trustee").

We have participated in the preparation of or reviewed (1) Registration Statement Nos. 333-278184, 333-278184-01 and 333-278184-02 (the "Registration Statement"), which Registration Statement was filed jointly by the Company, NextEra Energy, Inc. and NextEra Energy Capital Holdings, Inc. with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"); (2) the prospectus dated March 22, 2024 (the "Base Prospectus") forming a part of the Registration Statement, as supplemented by a prospectus supplement dated July 25, 2024 (the "Prospectus Supplement") relating to the Bonds, both such Base Prospectus and Prospectus Supplement filed with the Commission pursuant to Rule 424 under the Securities Act; (3) the Mortgage; (4) the corporate proceedings of the Company with respect to the Registration Statement and with respect to the authorization, issuance and sale of the Bonds; and (5) such other corporate records, certificates and other documents (including a receipt executed on behalf of the Company acknowledging receipt of the purchase price for the Bonds) and such questions of law as we have considered necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Bonds are legally issued, valid, and binding obligations of the Company, except as limited or affected by bankruptcy, insolvency, reorganization, receivership, moratorium, fraudulent conveyance or other laws affecting mortgagees' and other creditors' rights and remedies generally and general principles of equity and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the court before which any matter is brought.

In rendering the foregoing opinion, we have assumed that the certificates representing the Bonds conform to a specimen examined by us and that the Bonds have been duly authenticated, in accordance with the Mortgage, by the Mortgage Trustee under the Mortgage, and that the signatures on all documents examined by us are genuine, assumptions which we have not independently verified.

We hereby consent to the references to us in the Base Prospectus under the caption "Legal Opinions," to the references to us in the Registration Statement and to the filing of this opinion as an exhibit to a Current Report on Form 8-K to be filed with the Commission by the Company on or about July 30, 2024, which will be incorporated by reference in the Registration Statement. In giving the foregoing consents, we do not thereby admit that we come within the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission thereunder.

This opinion is limited to the laws of the States of Florida and New York and the federal laws of the United States insofar as they bear on matters covered hereby. As to all matters of New York law, we have relied, with your consent, upon an opinion of even date herewith addressed to you by Morgan, Lewis & Bockius LLP, New York, New York. As to all matters of Florida law, Morgan, Lewis & Bockius LLP is hereby authorized to rely upon this opinion as though it were rendered to Morgan, Lewis & Bockius LLP.

Very truly yours,

Squire Patton Boggs (US) LLP

NEE Capital uses its general funds for corporate purposes, including to repay short-term borrowings and to repay, redeem or repurchase outstanding debt. NEE and NEE Capital may each temporarily invest any proceeds that it does not need to use immediately in short-term instruments.

WHERE YOU CAN FIND MORE INFORMATION

NEE files annual, quarterly and other reports and other information with the SEC. You can read and copy any information filed by NEE with the SEC. The SEC maintains an internet website (www.sec.gov) that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC, including NEE. NEE also maintains an internet website (www.nexteraenergy.com). Information on NEE's internet website or any of its subsidiaries' internet websites is not a part of this prospectus.

NEE Capital does not file and does not intend to file reports or other information with the SEC under Sections 13 or 15(d) of the Securities Exchange Act of 1934. NEE includes summarized financial information relating to NEE Capital in some of its reports filed with the SEC.

INCORPORATION BY REFERENCE

The SEC allows NEE and NEE Capital to "incorporate by reference" information that NEE files with the SEC, which means that NEE and NEE Capital may, in this prospectus, disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this prospectus. NEE and NEE Capital are incorporating by reference the documents listed below and any future filings NEE makes with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 after the date of this prospectus (other than any documents, or portions of documents, not deemed to be filed) until NEE and/or NEE Capital sell all of the securities covered by the registration statement:

FORWARD-LOOKING STATEMENTS

In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, NEE and NEE Capital are herein filing cautionary statements identifying important factors that could cause NEE's and NEE Capital's actual results to differ materially from those projected in forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, made by or on behalf of NEE and NEE Capital in this prospectus or any prospectus supplement, in presentations, in response to questions or otherwise. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions, strategies, future events or performance (often, but not always, through the use of words or phrases such as "may result," "are expected to," "will continue," "is anticipated," "believe," "will," "could," "should," "would," "estimated," "may," "plan," "potential," "future," "projection," "goals," "target," "outlook," "predict," and "intend" or words of similar meaning) are not statements of historical facts and may be forward-looking. Forward-looking statements involve estimates, assumptions and uncertainties. Accordingly, any such statements are qualified in their entirety by reference to, and are accompanied by, important factors discussed in NEE's reports that are incorporated herein by reference (in addition to any assumptions and other factors referred to specifically in connection with such forward-looking statements) that could have a significant impact on NEE's and NEE Capital's operations and financial results, and could cause NEE's and/or NEE Capital's actual results to differ materially from those contained or implied in forward-looking statements made by or on behalf of NEE or NEE Capital.

Any forward-looking statement speaks only as of the date on which such statement is made, and NEE and NEE Capital undertake no obligation to update any forward-looking statement to reflect events or circumstances, including, but not limited to, unanticipated events, after the date on which such statement is made, unless otherwise required by law. New factors emerge from time to time and it is not possible for management to predict all of such factors, nor can it assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained or implied in any forward-looking statement.

The issues and associated risks and uncertainties discussed in the reports that are incorporated herein by reference are not the only ones NEE or NEE Capital may face. Additional issues may arise or become material as the energy industry evolves. The risks and uncertainties associated with those additional issues could impair NEE's and NEE Capital's businesses in the future.

DESCRIPTION OF NEE COMMON STOCK

The following summary description of the terms of the common stock of NEE is not intended to be complete. The description is qualified in its entirety by reference to the provisions of NEE's Restated Articles of Incorporation, as currently in effect ("NEE's Charter"), and Amended and Restated Bylaws, as currently in effect ("NEE's Bylaws"), and the other documents described below. Each of NEE's Charter and NEE's Bylaws and the other documents described below has previously been filed with the SEC and they are exhibits to the registration statement filed with the SEC of which this prospectus is a part. Reference is also made to the Florida Business Corporation Act, or "Florida Act," and other applicable laws.

Authorized and Outstanding Capital Stock

NEE's Charter authorizes it to issue 3,300,000,000 shares of capital stock, each with a par value of $.01, consisting of:

- 3,200,000,000 shares of common stock, and
- 100,000,000 shares of preferred stock.

As of January 31, 2024, there were 2,052,429,154 shares of common stock and no shares of preferred stock outstanding.

Common Stock Terms

Voting Rights. In general, each holder of common stock is entitled to one vote for each share held by such holder on all matters submitted to a vote of holders of common stock, including the election of directors. Each holder of common stock is entitled to attend all special and annual meetings of NEE's shareholders. The holders of common stock do not have cumulative voting rights.

In general, if a quorum exists at a meeting of NEE's shareholders, unless a greater or different vote is required by the Florida Act, NEE's Charter or NEE's Bylaws, or by action of the board of directors, (1) on all matters other than the election of directors, action on such matters will be approved if the votes cast favoring the action exceed the votes cast opposing the action, (2) in an uncontested director election, a nominee for director will be elected if the votes cast for the nominee's election exceed the votes cast against the nominee's election, and (3) in a contested director election, which is an election in which the number of persons considered for election to the board of directors exceeds the total number of directors to be elected, a nominee for director will be elected by a plurality of the votes cast. Other voting rights of shareholders are described below under "—Anti-Takeover Effects of Provisions in NEE's Charter and NEE's Bylaws."

Dividend Rights. The holders of common stock are entitled to participate on an equal per share basis in any dividends declared on the common stock by NEE's board of directors out of funds legally available for dividend payments.

The declaration and payment of dividends on the common stock is within the sole discretion of NEE's board of directors. NEE's Charter does not limit the dividends that may be paid on the common stock.

The ability of NEE to pay dividends on the common stock is currently subject to, and in the future may be limited by:

- various risks which affect the businesses of FPL and NEE's other subsidiaries that may in certain instances limit the ability of such subsidiaries to pay dividends to NEE, and
- various contractual restrictions applicable to NEE and some of its subsidiaries, including those described below.

FPL is subject to the terms of its Mortgage and Deed of Trust dated as of January 1, 1944, with Deutsche Bank Trust Company Americas, as mortgage trustee, as amended and supplemented from time to time (the "FPL Mortgage"), that secures its obligations under outstanding first mortgage bonds issued by it from time to time. In specified circumstances, the terms of the FPL Mortgage could restrict the amount of retained earnings that FPL can use to pay cash dividends on its common stock. As of December 31, 2023, no retained earnings were restricted by these provisions of the FPL Mortgage.

Other contractual restrictions on the dividend-paying ability of NEE and its subsidiaries are contained in outstanding financing arrangements, and similar or other restrictions may be included in future financing arrangements. As of the date of this prospectus, NEE has equity units outstanding. In accordance with the terms of the equity units, NEE has the right, from time to time, to defer the payment of contract adjustment payments on the purchase contracts that form a part of the equity units to a date no later than the purchase contract settlement date. As of the date of this prospectus, NEE Capital has junior subordinated debentures outstanding. In accordance with the terms of the junior subordinated debentures NEE Capital has the right, from time to time, to defer the payment of interest on its outstanding junior subordinated debentures on one or more occasions for up to ten consecutive years. NEE, NEE Capital and FPL may issue, from time to time, additional equity units, junior subordinated debentures or other securities that (i) provide them with rights to defer the payment of interest or other payments and (ii) contain dividend restrictions in the event of the exercise of such rights. In the event that NEE or NEE Capital were to exercise any right to defer interest or other payments on currently outstanding or future series of equity units, junior subordinated debentures or other securities, or if there were to occur certain payment defaults on those securities, NEE would not be able, with limited exceptions, to pay dividends on the common stock during the periods in which such payments were deferred or such payment defaults continued. In the event that FPL was to issue equity units, junior subordinated debentures or other securities having similar provisions and was to exercise any such right to defer the payment of interest or other payments on such securities, or if there was to occur certain payment defaults on those securities, FPL would not be able, with limited exceptions, to pay dividends to NEE or any other holder of its common stock or preferred stock during the periods in which such payments were deferred or such payment defaults continued. In addition, NEE, NEE Capital and FPL might issue other securities in the future containing similar or other restrictions on, or that affect, NEE's ability to pay dividends on its common stock or preferred stock and on the ability of NEE's subsidiaries, including NEE Capital and FPL, to pay dividends to any holder of their respective common stock or preferred stock, including NEE.

In addition, the right of the holders of NEE's common stock to receive dividends might become subject to the preferential dividend, redemption, sinking fund or other rights of the holders of any series of NEE preferred stock that may be issued in the future, and the right of the holders (including NEE) of FPL or NEE Capital, as the case may be, common stock or preferred stock, as the case may be, to receive dividends might become subject to the preferential dividend, redemption, sinking fund or other rights of the holders of any series of FPL or NEE Capital, as the case may be, preferred stock that may be issued in the future.

Liquidation Rights. If there is a liquidation, dissolution or winding up of NEE, the holders of common stock are entitled to share equally and ratably in any assets remaining after NEE has paid, or provided for the payment of, all of its debts and other liabilities, and after NEE has paid, or provided for the payment of, any preferential amounts payable to the holders of any outstanding preferred stock.

Other Rights. The holders of common stock do not have any preemptive, subscription, conversion or sinking fund rights. The common stock is not subject to redemption.

Anti-Takeover Effects of Provisions in NEE's Charter and NEE's Bylaws

NEE's Charter and NEE's Bylaws contain provisions that may make it difficult and expensive for a third party to pursue a takeover attempt that NEE's board of directors and management oppose even if a change in control of NEE might be beneficial to the interests of holders of common stock.

NEE's Charter Provisions. Among NEE's Charter provisions that could have an anti-takeover effect are those that:

- provide that a vacancy on the board of directors may be filled only by a majority vote of the remaining directors,
- prohibit the shareholders from taking action by written consent in lieu of a meeting of shareholders,
- limit the persons who may call a special meeting of shareholders to the chairman of the NEE board of directors, the president or the secretary, a majority of the board of directors or the holders of 20% of the outstanding shares of stock entitled to vote on the matter or matters to be presented at the meeting,
- require any action by shareholders to amend or repeal NEE's Bylaws, or to adopt new bylaws, to receive the affirmative vote of holders of at least a majority of the voting power of the outstanding shares of voting stock, voting together as a single class, and
- require the affirmative vote of holders of at least a majority of the voting power of the outstanding shares of voting stock, voting together as a single class, to alter, amend or repeal specified provisions of NEE's Charter, including the foregoing provisions.

NEE's Bylaw Provisions. NEE's Bylaws contain some of the foregoing provisions contained in NEE's Charter. NEE's Bylaws also contain a provision limiting to 16 directors the maximum number of authorized directors of NEE. In addition, NEE's Bylaws contain provisions that establish advance notice requirements for shareholders to nominate candidates for election as directors at any annual or special meeting of shareholders or to present any other business for consideration at any annual meeting of shareholders. These provisions generally require a shareholder to submit in writing to NEE's secretary any nomination of a candidate for election to the board of directors or any other proposal for consideration at any annual meeting not earlier than 120 days or later than 90 days before the first anniversary of the preceding year's annual meeting. NEE's Bylaws also require a shareholder to submit in writing to NEE's secretary any nomination of a candidate for election to the board of directors for consideration at any special meeting not earlier than 120 days before such special meeting and not after the later of 90 days before such special meeting or the tenth day following the day of the first public announcement of the date of the special meeting and of the fact that directors are to be elected at the meeting. For the shareholder's notice to be in proper form, it must include all of the information specified in NEE's Bylaws.

Preferred Stock. The rights and privileges of holders of common stock may be adversely affected by the rights, privileges and preferences of holders of shares of any series of preferred stock which NEE's board of directors may authorize for issuance from time to time. NEE's board of directors has broad discretion with respect to the creation and issuance of any series of preferred stock without shareholder approval, subject to any applicable rights of holders of any shares of preferred stock outstanding at any time. In that regard, NEE's Charter authorizes NEE's board of directors from time to time and without shareholder action to provide for the issuance of up to 100,000,000 shares of preferred stock in one or more series, and to determine the designations, preferences, limitations and relative or other rights of any such series, including voting rights, dividend rights, liquidation preferences, sinking fund provisions, conversion privileges and redemption rights. Among other things, by authorizing the issuance of shares of preferred stock with particular voting, conversion or other rights, the board of directors could adversely affect the voting power of the holders of common stock and could discourage any attempt to effect a change in control of NEE, even if such a transaction would be beneficial to the interests of holders of common stock. See the description of NEE's Preferred Stock in "Description of NEE Preferred Stock."

Restrictions on Affiliated and Control Share Transactions under Florida Act

Affiliated Transactions. As a Florida corporation, NEE is subject to the Florida Act, which provides that a Florida corporation generally may not engage in an "affiliated transaction" with an "interested shareholder," as

those terms are defined in the statute, for three years following the date a shareholder becomes an "interested shareholder," unless:

- prior to the time that such shareholder became an interested shareholder, the board of directors approved either the affiliated transaction or the transaction which resulted in the shareholder becoming an interested shareholder,
- upon consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85 percent of the voting shares of the corporation outstanding at the time the transaction commenced, subject to certain exclusions, or
- at or subsequent to the time that such shareholder became an interested shareholder, the affiliated transaction is approved by the board of directors and authorized by the affirmative vote of at least two-thirds of the outstanding voting shares which are not owned by the interested shareholder.

The Florida Act generally defines an "interested shareholder" as any person who is the beneficial owner of more than 15% of the outstanding voting shares of the corporation. The affiliated transactions covered by the Florida Act include, with specified exceptions:

- mergers and consolidations to which the corporation and the interested shareholder are parties,
- sales or certain other dispositions of assets representing 10% or more of the aggregate fair market value of the corporation's assets, outstanding shares, earning power or net income to the interested shareholder,
- generally, issuances by the corporation of 10% or more of the aggregate fair market value of its outstanding shares to the interested shareholder,
- the adoption of any plan for the liquidation or dissolution of the corporation proposed by or pursuant to an arrangement with the interested shareholder,
- any reclassification of the corporation's securities, recapitalization of the corporation, merger or consolidation, or other transaction which has the effect of increasing by more than 10% the percentage of the outstanding voting shares of the corporation beneficially owned by the interested shareholder, and
- the receipt by the interested shareholder of certain loans or other financial assistance from the corporation.

The foregoing transactions generally also include transactions involving any affiliate of the interested shareholder and involving or affecting any direct or indirect majority-owned subsidiary of the corporation.

The voting requirements above will not apply if, among other things, subject to specified qualifications:

- the transaction has been approved by a majority of the corporation's disinterested directors,
- the interested shareholder has been the beneficial owner of at least 80% of the corporation's outstanding voting shares for at least three years preceding the transaction,
- the interested shareholder is the beneficial owner of at least 90% of the outstanding voting shares, or
- specified fair price and procedural requirements are satisfied.

Control-Share Acquisitions. The Florida Act also contains a control-share acquisition statute which provides that a person who acquires shares in an "issuing public corporation," as defined in the statute, in excess of certain specified thresholds generally will not have any voting rights with respect to such shares unless such voting rights are approved by the holders of a majority of the votes of each class of securities entitled to vote

separately, excluding shares held or controlled by the acquiring person. The thresholds specified in the Florida Act are the acquisition of a number of shares representing:

- one-fifth or more, but less than one-third, of all voting power of the corporation,
- one-third or more, but less than a majority, of all voting power of the corporation, or
- a majority or more of all voting power of the corporation.

The statute does not apply if, among other things, the acquisition:

- is approved by the corporation's board of directors before the acquisition, or
- is effected pursuant to a statutory merger or share exchange to which the corporation is a party.

The statute also does not apply to an acquisition of shares of a corporation in excess of a specified threshold if, before the acquisition, the corporation's articles of incorporation or bylaws provide that the corporation will not be governed by the statute. The statute also permits a corporation to adopt a provision in its articles of incorporation or bylaws providing for the redemption of the acquired shares by the corporation in specified circumstances. NEE's Charter and NEE's Bylaws do not contain such provisions.

Indemnification

Florida law generally provides that a Florida corporation, such as NEE, may indemnify its directors and officers against liabilities and expenses they may incur. Florida law also limits the liability of directors to NEE and other persons. NEE's Bylaws contain provisions requiring NEE to indemnify its directors, officers, employees and agents under specified conditions. In addition, NEE carries insurance permitted by the laws of Florida on behalf of its directors, officers, employees and agents.

Shareholder Access

NEE's Bylaws permit a shareholder, or a group of up to 20 shareholders, owning continuously for at least three years 3% or more of NEE's outstanding common stock (an "eligible shareholder") to nominate and include in NEE's annual meeting proxy materials director candidates to occupy (together with any nominees of other eligible shareholders) up to two or 20% of the number of directors in office (whichever is greater), provided that such eligible shareholder satisfies the requirements set forth in NEE's Bylaws. Those requirements generally include receipt by NEE's secretary of written notice from an eligible shareholder of the nomination not earlier than 150 days or later than 120 days before the first anniversary of the mailing of NEE's proxy materials for the most recent annual meeting. For the eligible shareholder's notice to be in proper form, it must include all of the information specified in NEE's Bylaws.

DESCRIPTION OF NEE PREFERRED STOCK

General. The following statements describing NEE's preferred stock are not intended to be a complete description. For additional information, please see NEE's Charter and NEE's Bylaws. You should read this summary together with the articles of amendment to NEE's Charter, which will describe the terms of any preferred stock to be offered hereby, for a complete understanding of all the provisions. Please also see the FPL Mortgage, which contains restrictions which may in certain instances restrict the amount of retained earnings that FPL can use to pay cash dividends on its common stock. Each of these documents has previously been filed, or will be filed, with the SEC and each is or will be an exhibit to the registration statement filed with the SEC of which this prospectus is a part. Reference is also made to the Florida Act and other applicable laws.

NEE Preferred Stock. NEE may issue one or more series of its preferred stock, $.01 par value, without the approval of its shareholders. No shares of preferred stock are presently outstanding.

Some terms of a series of preferred stock may differ from those of another series. The terms of any preferred stock being offered will be described in a prospectus supplement. These terms will also be described in articles of amendment to NEE's Charter, which will establish the terms of the preferred stock being offered. These terms will include any of the following that apply to that series:

(1) the title of that series of preferred stock,

(2) the number of shares in the series,

(3) the dividend rate, or how such rate will be determined, and the dividend payment dates for the series, if any,

(4) whether the series will be listed on a securities exchange,

(5) the date or dates on which the series of preferred stock may be redeemed at the option of NEE and any restrictions on such redemptions,

(6) any sinking fund or other provisions that would obligate NEE to repurchase, redeem or retire the series of preferred stock,

(7) the amount payable on the series of preferred stock in case of the liquidation, dissolution or winding up of NEE and any additional amount, or method of determining such amount, payable in case any such event is voluntary,

(8) any rights to convert the shares of the series of preferred stock into shares of another series or into shares of any other class of capital stock,

(9) the voting rights, if any, and

(10) any other terms that are not inconsistent with the provisions of NEE's Charter.

In some cases, the issuance of preferred stock could make it difficult for another company to acquire NEE and make it harder to remove current management. See also "Description of NEE Common Stock."

There are contractual restrictions on the dividend-paying ability of NEE and its subsidiaries contained in outstanding financing arrangements, and similar or other restrictions may be included in future financing arrangements. As of the date of this prospectus, NEE has equity units outstanding. In accordance with the terms of the equity units, NEE has the right, from time to time, to defer the payment of contract adjustment payments on the purchase contracts that form a part of the equity units to a date no later than the purchase contract settlement date. As of the date of this prospectus, NEE Capital has junior subordinated debentures outstanding. In accordance with the terms of the junior subordinated debentures, NEE Capital has the right, from time to time, to defer the payment of interest on its outstanding junior subordinated debentures on one or more occasions for up to ten consecutive years. NEE, NEE Capital and FPL may issue, from time to time, additional equity units, junior subordinated debentures or other securities that (i) provide them with rights to defer the payment of interest or

other payments and (ii) contain dividend restrictions in the event of the exercise of such rights. In the event that NEE or NEE Capital were to exercise any right to defer interest or other payments on currently outstanding or future series of equity units, junior subordinated debentures or other securities, or if there were to occur certain payment defaults on those securities, NEE would not be able, with limited exceptions, to pay dividends on the preferred stock (and NEE Capital would not be able to pay dividends to NEE or any other holder of its common stock if it defers interest on its junior subordinated debentures) during the periods in which such payments were deferred or such payment defaults continued. In the event that FPL was to issue equity units, junior subordinated debentures or other securities having similar provisions and was to exercise any such right to defer the payment of interest or other payments on such securities, or if there was to occur certain payment defaults on those securities, FPL would not be able, with limited exceptions, to pay dividends to NEE or any other holder of its common stock or preferred stock during the periods in which such payments were deferred or such payment defaults continued. In addition, NEE, NEE Capital and FPL might issue other securities in the future containing similar or other restrictions on, or that affect, NEE's ability to pay dividends on its common stock or preferred stock and on the ability of NEE's subsidiaries, including NEE Capital and FPL, to pay dividends to any holder of their respective common stock or preferred stock, including NEE.

DESCRIPTION OF NEE DEPOSITARY SHARES

NEE may issue depositary shares representing fractional interests in shares of NEE preferred stock of any series. In connection with the issuance of any depositary shares, NEE will enter into a deposit agreement with a bank or trust company, as depositary, which will be named in the applicable prospectus supplement. Depositary shares will be evidenced by depositary receipts issued pursuant to the related deposit agreement. Following the issuance of the security related to the depositary shares, NEE will deposit the shares of its preferred stock with the relevant depositary and will cause the depositary to issue, on its behalf, the related depositary receipts. Subject to the terms of the deposit agreement, each owner of a depositary receipt will be entitled, in proportion to the fractional interest in the share of preferred stock represented by the related depositary share, to all the rights, preferences and privileges of, and will be subject to all of the limitations and restrictions on, the preferred stock represented by the depositary receipt (including, if applicable, dividend, voting, conversion, exchange, redemption, sinking fund, subscription and liquidation rights).

The terms of any depositary shares being offered will be described in a prospectus supplement.

DESCRIPTION OF NEE STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

NEE may issue stock purchase contracts, including contracts that obligate holders to purchase from NEE, and NEE to sell to these holders, a specified number of shares of common stock or preferred stock or depositary shares at a future date or dates. The consideration per share of common stock or preferred stock or per depositary share may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as a part of stock purchase units consisting of a stock purchase contract and either debt securities of NEE Capital, debt securities of NEE, or debt securities of third parties including, but not limited to, U.S. Treasury securities, that would secure the holders' obligations to purchase common stock, preferred stock or depositary shares under the stock purchase contracts. The stock purchase contracts may require NEE to make periodic payments to the holders of some or all of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations under these stock purchase contracts in a specified manner.

The terms of any stock purchase contracts or stock purchase units being offered will be described in a prospectus supplement.

NEE may issue warrants to purchase common stock, preferred stock or depositary shares. The terms of any such warrants being offered and any related warrant agreement between NEE and a warrant agent will be described in a prospectus supplement.

DESCRIPTION OF NEE SENIOR DEBT SECURITIES

The terms of any offered subordinated debt securities and the applicable indenture will be described in a prospectus supplement.

The terms of any offered junior subordinated debentures and the applicable indenture will be described in a prospectus supplement.

DESCRIPTION OF NEE CAPITAL PREFERRED STOCK

General. The following statements describing NEE Capital's preferred stock are not intended to be a complete description. For additional information, please see NEE Capital's Articles of Incorporation, as currently in effect ("NEE Capital's Charter"), and NEE Capital's bylaws, as currently in effect. You should read this summary together with the articles of amendment to NEE Capital's Charter, which will describe the terms of any preferred stock to be offered hereby, for a complete understanding of all the provisions. Each of these documents has previously been filed, or will be filed, with the SEC and each is or will be an exhibit to the registration statement filed with the SEC of which this prospectus is a part. Reference is also made to the Florida Act and other applicable laws.

NEE Capital Preferred Stock. NEE Capital may issue one or more series of its preferred stock, $.01 par value, without the approval of its shareholders. The NEE Capital preferred stock will be guaranteed by NEE as described under "Description of NEE Guarantee of NEE Capital Preferred Stock." No shares of preferred stock are presently outstanding.

Some terms of a series of preferred stock may differ from those of another series. The terms of any preferred stock being offered will be described in a prospectus supplement. These terms will also be described in articles of amendment to NEE Capital's Charter, which will establish the terms of the preferred stock being offered. These terms will include any of the following that apply to that series:

(1) the title of that series of preferred stock,

(2) the number of shares in the series,

(3) the dividend rate, or how such rate will be determined, and the dividend payment dates for the series,

(4) whether the series will be listed on a securities exchange,

(5) the date or dates on which the series of preferred stock may be redeemed at the option of NEE Capital and any restrictions on such redemptions,

(6) any sinking fund or other provisions that would obligate NEE Capital to repurchase, redeem or retire the series of preferred stock,

(7) the amount payable on the series of preferred stock in case of the liquidation, dissolution or winding up of NEE Capital and any additional amount, or method of determining such amount, payable in case any such event is voluntary,

(8) any rights to convert the shares of the series of preferred stock into shares of another series or into shares of any other class of capital stock,

(9) the voting rights, if any, and

(10) any other terms that are not inconsistent with the provisions of NEE Capital's Charter.

There are contractual restrictions on the dividend-paying ability of NEE Capital contained in outstanding financing arrangements, and similar or other restrictions may be included in future financing arrangements. As of the date of this prospectus, NEE Capital has outstanding junior subordinated debentures giving NEE Capital the right, from time to time, to defer the payment of interest on its outstanding junior subordinated debentures on one or more occasions for up to ten consecutive years. NEE Capital may issue, from time to time, additional junior subordinated debentures or other securities that (i) provide it with rights to defer the payment of interest or other payments and (ii) contain dividend restrictions in the event of the exercise of such rights. In the event that NEE Capital were to exercise any right to defer interest or other payments on currently outstanding or future series of junior subordinated debentures or such other securities, or if there were to occur certain payment defaults on those securities, NEE Capital would not be able, with limited exceptions, to pay dividends on the preferred stock during the periods in which such payments were deferred or such payment defaults continued. In addition, NEE Capital might issue other securities in the future containing similar or other restrictions on NEE Capital's ability to pay dividends to any holder of its preferred stock.

DESCRIPTION OF NEE GUARANTEE OF NEE CAPITAL PREFERRED STOCK

The following statements describing NEE's guarantee of NEE Capital's preferred stock are not intended to be a complete description. For additional information, please see NEE's guarantee agreement relating to NEE Capital's preferred stock. You should read this summary together with the guarantee agreement for a complete understanding of all the provisions. Please also see the FPL Mortgage, which contains restrictions which may in certain instances limit the ability of FPL to pay dividends to NEE. Each of these documents has previously been filed with the SEC and each is an exhibit to the registration statement filed with the SEC of which this prospectus is a part.

NEE will absolutely, irrevocably and unconditionally guarantee the payment of accumulated and unpaid dividends, and payments due on liquidation or redemption, as and when due, regardless of any defense, right of set-off or counterclaim that NEE Capital may have or assert. NEE's guarantee of NEE Capital's preferred stock will be an unsecured obligation of NEE and will rank (1) subordinate and junior in right of payment to all other liabilities of NEE (except those made pari passu or subordinate by their terms), (2) equal in right of payment with the most senior preferred or preference stock that may be issued by NEE and with any other guarantee that may be entered into by NEE in respect of any preferred or preference stock of any affiliate of NEE, and (3) senior to NEE's common stock. The terms of NEE's guarantee of NEE Capital's preferred stock will be described in a prospectus supplement.

While NEE is a holding company that derives substantially all of its income from its operating subsidiaries, NEE's subsidiaries are separate and distinct legal entities and have no obligation to make any payments under the NEE guarantee of NEE Capital preferred stock or to make any funds available for such payment. Therefore, the NEE guarantee of NEE Capital preferred stock will effectively be subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by NEE's subsidiaries. In addition to trade liabilities, many of NEE's operating subsidiaries incur debt in order to finance their business activities. All of this indebtedness will effectively be senior to the NEE guarantee of NEE Capital preferred stock. NEE's guarantee of NEE Capital preferred stock does not place any limit on the amount of liabilities, including debt or preferred stock, that NEE's subsidiaries may issue, guarantee or incur. See "Description of NEE Common Stock—Common Stock Terms—Dividend Rights" for a description of contractual restrictions on the dividend-paying ability of some of NEE's subsidiaries.

DESCRIPTION OF NEE CAPITAL DEPOSITARY SHARES

NEE Capital may issue depositary shares representing fractional interests in shares of NEE Capital preferred stock of any series. In connection with the issuance of any depositary shares, NEE Capital will enter into a deposit agreement with a bank or trust company, as depositary, which will be named in the applicable prospectus supplement. Depositary shares will be evidenced by depositary receipts issued pursuant to the related deposit agreement. Following the issuance of the security related to the depositary shares, NEE Capital will deposit the shares of its preferred stock with the relevant depositary and will cause the depositary to issue, on its behalf, the related depositary receipts. Subject to the terms of the deposit agreement, each owner of a depositary receipt will be entitled, in proportion to the fractional interest in the share of preferred stock represented by the related depositary share, to all the rights, preferences and privileges of, and will be subject to all of the limitations and restrictions on, the preferred stock represented by the depositary receipt (including, if applicable, dividend, voting, exchange, redemption, sinking fund, subscription and liquidation rights).

The terms of any depositary shares being offered will be described in a prospectus supplement.

DESCRIPTION OF NEE GUARANTEE OF NEE CAPITAL DEPOSITARY SHARES

NEE may guarantee any NEE Capital depositary shares. The terms of any such guarantee and the guarantee agreement would be described in a prospectus supplement.

DESCRIPTION OF NEE CAPITAL SENIOR DEBT SECURITIES

General. NEE Capital may issue its senior debt securities, in one or more series, under an Indenture, dated as of June 1, 1999, between NEE Capital and The Bank of New York Mellon, as trustee. This Indenture, as it may be amended and supplemented from time to time, is referred to in this prospectus as the "Indenture." The Bank of New York Mellon, as trustee under the Indenture, is referred to in this prospectus as the "Indenture Trustee." The senior debt securities of NEE Capital offered pursuant to this prospectus and any applicable prospectus supplement are referred to as the "Offered Senior Debt Securities."

The Indenture provides for the issuance from time to time of debentures, notes or other senior debt by NEE Capital in an unlimited amount. The Offered Senior Debt Securities and all other debentures, notes or other debt of NEE Capital issued previously or hereafter under the Indenture are collectively referred to in this prospectus as the "Senior Debt Securities."

This section briefly summarizes some of the terms of the Offered Senior Debt Securities and some of the provisions of the Indenture. This summary does not contain a complete description of the Offered Senior Debt Securities or the Indenture. You should read this summary together with the Indenture and the officer's certificates or other documents creating the Offered Senior Debt Securities for a complete understanding of all the provisions and for the definitions of some terms used in this summary. The Indenture, the form of officer's certificate that may be used to create a series of Offered Senior Debt Securities and a form of Offered Senior Debt Securities have previously been filed with the SEC, and are exhibits to the registration statement filed with the SEC of which this prospectus is a part. In addition, the Indenture is qualified under the Trust Indenture Act of 1939 and therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

All Offered Senior Debt Securities of one series need not be issued at the same time, and a series may be re-opened for issuances of additional Offered Senior Debt Securities of such series. This means that NEE Capital may from time to time, without notice to, or the consent of any existing holders of the previously-issued Offered Senior Debt Securities of a particular series, create and issue additional Offered Senior Debt Securities of such series. Such additional Offered Senior Debt Securities will have the same terms as the previously-issued Offered Senior Debt Securities of such series in all respects except for the issue date and, if applicable, the initial interest payment date. The additional Offered Senior Debt Securities will be consolidated and form a single series with the previously-issued Offered Senior Debt Securities of such series.

Each series of Offered Senior Debt Securities may have different terms. NEE Capital will include some or all of the following information about a specific series of Offered Senior Debt Securities in a prospectus supplement relating to that specific series of Offered Senior Debt Securities:

(1) the title of those Offered Senior Debt Securities,

(2) any limit upon the aggregate principal amount of those Offered Senior Debt Securities,

(3) the date(s) on which the principal of those Offered Senior Debt Securities will be paid,

(4) the rate(s) of interest on those Offered Senior Debt Securities, or how the rate(s) of interest will be determined, the date(s) from which interest will accrue, the dates on which interest will be paid and the record date for any interest payable on any interest payment date,

(5) the person to whom interest will be paid on those Offered Senior Debt Securities on any interest payment date, if other than the person in whose name those Offered Senior Debt Securities are registered at the close of business on the record date for that interest payment,

(6) the place(s) at which or methods by which payments will be made on those Offered Senior Debt Securities and the place(s) at which or methods by which the registered owners of those Offered Senior Debt Securities may transfer or exchange those Offered Senior Debt Securities and serve notices and demands to or upon NEE Capital,

(7) the security registrar and any paying agent or agents for those Offered Senior Debt Securities,

(8) any date(s) on which, the price(s) at which and the terms and conditions upon which those Offered Senior Debt Securities may be redeemed at the option of NEE Capital, in whole or in part, and any restrictions on those redemptions,

(9) any sinking fund or other provisions, including any options held by the registered owners of those Offered Senior Debt Securities, that would obligate NEE Capital to repurchase or redeem those Offered Senior Debt Securities,

(10) the denominations in which those Offered Senior Debt Securities may be issued, if other than denominations of $1,000 and any integral multiple of $1,000,

(11) the currency or currencies in which the principal of or premium, if any, or interest on those Offered Senior Debt Securities may be paid (if other than in U.S. dollars),

(12) if NEE Capital or a registered owner may elect to pay, or receive, principal of or premium, if any, or interest on those Offered Senior Debt Securities in a currency other than that in which those Offered Senior Debt Securities are stated to be payable, the terms and conditions upon which that election may be made,

(13) if the principal of or premium, if any, or interest on those Offered Senior Debt Securities are payable in securities or other property, the type and amount of those securities or other property and the terms and conditions upon which NEE Capital or a registered owner may elect to pay or receive those payments,

(14) if the amount payable in respect of principal of or premium, if any, or interest on those Offered Senior Debt Securities may be determined by reference to an index or other fact or event ascertainable outside of the Indenture, the manner in which those amounts will be determined,

(15) the portion of the principal amount of those Offered Senior Debt Securities that will be paid upon declaration of acceleration of the maturity of those Offered Senior Debt Securities, if other than the entire principal amount of those Offered Senior Debt Securities,

(16) events of default, if any, with respect to those Offered Senior Debt Securities and covenants of NEE Capital, if any, for the benefit of the registered owners of those Offered Senior Debt Securities, other than those specified in the Indenture,

(17) the terms, if any, pursuant to which those Offered Senior Debt Securities may be converted into or exchanged for shares of capital stock or other securities of any other entity,

(18) a definition of "Eligible Obligations" under the Indenture with respect to those Offered Senior Debt Securities denominated in a currency other than U.S. dollars,

(19) any provisions for the reinstatement of NEE Capital's indebtedness in respect of those Offered Senior Debt Securities after their satisfaction and discharge,

(20) if those Offered Senior Debt Securities will be issued in global form, necessary information relating to the issuance of those Offered Senior Debt Securities in global form,

(21) if those Offered Senior Debt Securities will be issued as bearer securities, necessary information relating to the issuance of those Offered Senior Debt Securities as bearer securities,

(22) any limits on the rights of the registered owners of those Offered Senior Debt Securities to transfer or exchange those Offered Senior Debt Securities or to register their transfer, and any related service charges,

(23) any exceptions to the provisions governing payments due on legal holidays or any variations in the definition of business day with respect to those Offered Senior Debt Securities,

(24) other than the Guarantee described under "Description of NEE Guarantee of NEE Capital Senior Debt Securities" below, any collateral security, assurance, or guarantee for those Offered Senior Debt Securities, and

(25) any other terms of those Offered Senior Debt Securities that are not inconsistent with the provisions of the Indenture. (Indenture, Section 301).

NEE Capital may sell Offered Senior Debt Securities at a discount below their principal amount. Some of the important United States federal income tax considerations applicable to Offered Senior Debt Securities sold at a discount below their principal amount may be discussed in the related prospectus supplement. In addition, some of the important United States federal income tax or other considerations applicable to any Offered Senior Debt Securities that are denominated in a currency other than U.S. dollars may be discussed in the related prospectus supplement.

Except as otherwise stated in the related prospectus supplement, the covenants in the Indenture would not give registered owners of Offered Senior Debt Securities protection in the event of a highly-leveraged transaction involving NEE Capital or NEE.

Security and Ranking. The Offered Senior Debt Securities will be unsecured obligations of NEE Capital. The Indenture does not limit NEE Capital's ability to provide security with respect to other Senior Debt Securities. All Senior Debt Securities issued under the Indenture will rank equally and ratably with all other Senior Debt Securities issued under the Indenture, except to the extent that NEE Capital elects to provide security with respect to any Senior Debt Security (other than the Offered Senior Debt Securities) without providing that security to all outstanding Senior Debt Securities in accordance with the Indenture. The Offered Senior Debt Securities will rank senior to NEE Capital's Subordinated Debt Securities and NEE Capital's Junior Subordinated Debentures. The Indenture does not limit NEE Capital's ability to issue other unsecured debt.

While NEE Capital is a holding company that derives substantially all of its income from its operating subsidiaries, NEE Capital's subsidiaries are separate and distinct legal entities and have no obligation to make any payments on the Senior Debt Securities or to make any funds available for such payment. Therefore, the Senior Debt Securities will effectively be subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by NEE Capital's subsidiaries. In addition to trade liabilities, many of NEE Capital's operating subsidiaries incur debt in order to finance their business activities. All of this indebtedness will effectively be senior to the Senior Debt Securities. The Indenture does not place any limit on the amount of liabilities, including debt or preferred stock, that NEE Capital's subsidiaries may issue, guarantee or incur. See "Description of NEE Common Stock—Common Stock Terms—Dividend Rights" for a description of contractual restrictions on the dividend-paying ability of NEE Capital.

Payment and Paying Agents. Except as stated in the related prospectus supplement, on each interest payment date NEE Capital will pay interest on each Offered Senior Debt Security to the person in whose name that Offered Senior Debt Security is registered as of the close of business on the record date relating to that interest payment date. However, on the date that the Offered Senior Debt Securities mature, NEE Capital will pay the interest to the person to whom it pays the principal. Also, if NEE Capital has defaulted in the payment of interest on any Offered Senior Debt Security, it may pay that defaulted interest to the registered owner of that Offered Senior Debt Security:

(1) as of the close of business on a date that the Indenture Trustee selects, which may not be more than 15 days or less than 10 days before the date that NEE Capital proposes to pay the defaulted interest, or

(2) in any other lawful manner that does not violate the requirements of any securities exchange on which that Offered Senior Debt Security is listed and that the Indenture Trustee believes is practicable. (Indenture, Section 307).

Unless otherwise stated in the related prospectus supplement, the principal, premium, if any, and interest on the Offered Senior Debt Securities at maturity will be payable when such Offered Senior Debt Securities are presented at the main corporate trust office of The Bank of New York Mellon, as paying agent, in New York City. NEE Capital may change the place of payment on the Offered Senior Debt Securities, appoint one or more additional paying agents, including NEE Capital, and remove any paying agent. (Indenture, Section 602).

Transfer and Exchange. Unless otherwise stated in the related prospectus supplement, Offered Senior Debt Securities may be transferred or exchanged at the main corporate trust office of The Bank of New York Mellon, as security registrar, in New York City. NEE Capital may change the place for transfer and exchange of the Offered Senior Debt Securities and may designate one or more additional places for that transfer and exchange.

Except as otherwise stated in the related prospectus supplement, there will be no service charge for any transfer or exchange of the Offered Senior Debt Securities. However, NEE Capital may require payment of any tax or other governmental charge in connection with any transfer or exchange of the Offered Senior Debt Securities.

NEE Capital will not be required to transfer or exchange any Offered Senior Debt Security selected for redemption. Also, NEE Capital will not be required to transfer or exchange any Offered Senior Debt Security during a period of 15 days before notice is to be given identifying the Offered Senior Debt Securities selected to be redeemed. (Indenture, Section 305).

Defeasance. NEE Capital may, at any time, elect to have all of its obligations discharged with respect to all or a portion of any Senior Debt Securities. To do so, NEE Capital must irrevocably deposit with the Indenture Trustee or any paying agent, in trust:

(1) money in an amount that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity, or

(2) in the case of a deposit made prior to the maturity of that series of Senior Debt Securities,

  (a) direct obligations of, or obligations unconditionally guaranteed by, the United States and entitled to the benefit of its full faith and credit that do not contain provisions permitting their redemption or other prepayment at the option of their issuer, and

  (b) certificates, depositary receipts or other instruments that evidence a direct ownership interest in those obligations or in any specific interest or principal payments due in respect of those obligations that do not contain provisions permitting their redemption or other prepayment at the option of their issuer,

  the principal of and the interest on which, when due, without any regard to reinvestment of that principal or interest, will provide money that, together with any money deposited with or held by the Indenture Trustee, will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity, or

(3) a combination of (1) and (2) that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity. (Indenture, Section 701).

Limitation on Liens. So long as any Senior Debt Securities remain outstanding, NEE Capital will not secure any indebtedness with a lien on any shares of the capital stock of any of its majority-owned subsidiaries, which shares of capital stock NEE Capital now or hereafter directly owns, unless NEE Capital equally secures all Senior Debt Securities. However, this restriction does not apply to or prevent:

(1) any lien on capital stock created at the time NEE Capital acquires that capital stock, or within 270 days after that time, to secure all or a portion of the purchase price for that capital stock,

(2) any lien on capital stock existing at the time NEE Capital acquires that capital stock (whether or not NEE Capital assumes the obligations secured by the lien and whether or not the lien was created in contemplation of the acquisition),

(3) any extensions, renewals or replacements of the liens described in (1) and (2) above, or of any indebtedness secured by those liens; provided, that,

(a) the principal amount of indebtedness secured by those liens immediately after the extension, renewal or replacement may not exceed the principal amount of indebtedness secured by those liens immediately before the extension, renewal or replacement, and

(b) the extension, renewal or replacement lien is limited to no more than the same proportion of all shares of capital stock as were covered by the lien that was extended, renewed or replaced, or

(4) any lien arising in connection with court proceedings; provided that, either

(a) the execution or enforcement of that lien is effectively stayed within 30 days after entry of the corresponding judgment (or the corresponding judgment has been discharged within that 30 day period) and the claims secured by that lien are being contested in good faith by appropriate proceedings,

(b) the payment of that lien is covered in full by insurance and the insurance company has not denied or contested coverage, or

(c) so long as that lien is adequately bonded, any appropriate legal proceedings that have been duly initiated for the review of the corresponding judgment, decree or order have not been fully terminated or the periods within which those proceedings may be initiated have not expired.

Liens on any shares of the capital stock of any of NEE Capital's majority-owned subsidiaries, which shares of capital stock NEE Capital now or hereafter directly owns, other than liens described in (1) through (4) above, are referred to in this prospectus as "Restricted Liens." The foregoing limitation does not apply to the extent that NEE Capital creates any Restricted Liens to secure indebtedness that, together with all other indebtedness of NEE Capital secured by Restricted Liens, does not at the time exceed 5% of NEE Capital's Consolidated Capitalization. (Indenture, Section 608).

For this purpose, "Consolidated Capitalization" means the sum of:

(1) Consolidated Shareholders' Equity,

(2) Consolidated Indebtedness for borrowed money (exclusive of any amounts which are due and payable within one year), and, without duplication,

(3) any preference or preferred stock of NEE Capital or any Consolidated Subsidiary which is subject to mandatory redemption or sinking fund provisions.

The term "Consolidated Shareholders' Equity" as used above means the total assets of NEE Capital and its Consolidated Subsidiaries less all liabilities of NEE Capital and its Consolidated Subsidiaries. As used in this definition, the term "liabilities" means all obligations which would, in accordance with generally accepted accounting principles, be classified on a balance sheet as liabilities, including without limitation:

(1) indebtedness secured by property of NEE Capital or any of its Consolidated Subsidiaries whether or not NEE Capital or such Consolidated Subsidiary is liable for the payment thereof unless, in the case that NEE Capital or such Consolidated Subsidiary is not so liable, such property has not been included among the assets of NEE Capital or such Consolidated Subsidiary on such balance sheet,

(2) deferred liabilities, and

(3) indebtedness of NEE Capital or any of its Consolidated Subsidiaries that is expressly subordinated in right and priority of payment to other liabilities of NEE Capital or such Consolidated Subsidiary.

As used in this definition, "liabilities" includes preference or preferred stock of NEE Capital or any Consolidated Subsidiary only to the extent of any such preference or preferred stock that is subject to mandatory redemption or sinking fund provisions.

The term "Consolidated Indebtedness" means total indebtedness as shown on the consolidated balance sheet of NEE Capital and its Consolidated Subsidiaries.

The term "Consolidated Subsidiary," means at any date any direct or indirect majority-owned subsidiary whose financial statements would be consolidated with those of NEE Capital in NEE Capital's consolidated financial statements as of such date in accordance with generally accepted accounting principles. (Indenture, Section 608).

The foregoing limitation does not limit in any manner the ability of:

(1) NEE Capital to place liens on any of its assets other than the capital stock of directly held, majority-owned subsidiaries,

(2) NEE Capital or NEE to cause the transfer of its assets or those of its subsidiaries, including the capital stock covered by the foregoing restrictions,

(3) NEE to place liens on any of its assets, or

(4) any of the direct or indirect subsidiaries of NEE Capital or NEE (other than NEE Capital) to place liens on any of their assets.

Redemption. The redemption terms of the Offered Senior Debt Securities, if any, will be set forth in a prospectus supplement. Unless otherwise provided in the related prospectus supplement, and except with respect to Offered Senior Debt Securities redeemable at the option of the holder, Offered Senior Debt Securities will be redeemable upon notice between 30 and 60 days prior to the redemption date. NEE Capital has reserved the right to amend the Indenture without any consent, vote or other action of the holders of any Senior Debt Securities issued under the Indenture after December 1, 2021, including the Offered Senior Debt Securities, to provide that notice of any redemption shall be given in the manner provided in the Indenture to the holders of the Senior Debt Securities to be redeemed not less than 10 nor more than 60 days prior to the redemption date. If less than all of the Offered Senior Debt Securities of any series or any tranche thereof are to be redeemed, the Security Registrar will select the Offered Senior Debt Securities to be redeemed. In the absence of any provision for selection, the Security Registrar will choose such method of selection as it deems fair and appropriate. (Indenture, Sections 403 and 404).

Offered Senior Debt Securities selected for redemption will cease to bear interest on the redemption date. The paying agent will pay the redemption price and any accrued interest once the Offered Senior Debt Securities are surrendered for redemption. (Indenture, Section 405). Except as stated in the related prospectus supplement, on the redemption date NEE Capital will pay interest on the Offered Senior Debt Securities being redeemed to the person to whom it pays the redemption price. If only part of an Offered Senior Debt Security is redeemed, the Indenture Trustee will deliver a new Offered Senior Debt Security of the same series for the remaining portion without charge. (Indenture, Section 406).

Any redemption at the option of NEE Capital may be conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If at the time notice of redemption is given, the redemption moneys are not on deposit with the paying agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before the Redemption Date and such notice of redemption shall be of no force or effect unless such moneys are received. (Indenture, Section 404).

Purchase of the Offered Senior Debt Securities. NEE Capital or its affiliates, may at any time and from time to time, purchase all or some of the Offered Senior Debt Securities at any price or prices, whether by tender, in the open market or by private agreement or otherwise, subject to applicable law.

Consolidation, Merger, and Sale of Assets. Under the Indenture, NEE Capital may not consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity, unless:

(1) the entity formed by that consolidation, or the entity into which NEE Capital is merged, or the entity that acquires or leases NEE Capital's properties and assets, is an entity organized and existing under

the laws of the United States, any state or the District of Columbia and that entity expressly assumes NEE Capital's obligations on all Senior Debt Securities and under the Indenture,

(2) immediately after giving effect to the transaction, no event of default under the Indenture and no event that, after notice or lapse of time or both, would become an event of default under the Indenture exists, and

(3) NEE Capital delivers an officer's certificate and an opinion of counsel to the Indenture Trustee, as provided in the Indenture. (Indenture, Section 1101).

The Indenture does not restrict NEE Capital in a merger in which NEE Capital is the surviving entity.

Events of Default. Each of the following is an event of default under the Indenture with respect to the Senior Debt Securities of any series:

(1) failure to pay interest on the Senior Debt Securities of that series within 30 days after it is due,

(2) failure to pay principal or premium, if any, on the Senior Debt Securities of that series when it is due,

(3) failure to perform, or breach of, any other covenant or warranty in the Indenture, other than a covenant or warranty that does not relate to that series of Senior Debt Securities, that continues for 90 days after (i) NEE Capital receives written notice of such failure to comply from the Indenture Trustee or (ii) NEE Capital and the Indenture Trustee receive written notice of such failure to comply from the registered owners of at least 33% in principal amount of the Senior Debt Securities of that series,

(4) certain events of bankruptcy, insolvency or reorganization of NEE Capital, or

(5) any other event of default specified with respect to the Senior Debt Securities of that series. (Indenture, Section 801).

In the case of an event of default listed in item (3) above, the Indenture Trustee may extend the grace period. In addition, if registered owners of a particular series have given a notice of default, then registered owners of at least the same percentage of Senior Debt Securities of that series, together with the Indenture Trustee, may also extend the grace period. The grace period will be automatically extended if NEE Capital has initiated and is diligently pursuing corrective action. (Indenture, Section 801). An event of default with respect to the Senior Debt Securities of a particular series will not necessarily constitute an event of default with respect to Senior Debt Securities of any other series issued under the Indenture.

Remedies. If an event of default applicable to the Senior Debt Securities of one or more series, but not applicable to all outstanding Senior Debt Securities, exists, then either (i) the Indenture Trustee or (ii) the registered owners of at least 33% in aggregate principal amount of the Senior Debt Securities of each of the affected series may declare the principal of and accrued but unpaid interest on all the Senior Debt Securities of that series to be due and payable immediately. (Indenture, Section 802). However, under the Indenture, some Senior Debt Securities may provide for a specified amount less than their entire principal amount to be due and payable upon that declaration. Such a Senior Debt Security is defined as a "Discount Security" in the Indenture.

If an event of default is applicable to all outstanding Senior Debt Securities, then either (i) the Indenture Trustee or (ii) the registered owners of at least 33% in aggregate principal amount of all outstanding Senior Debt Securities of all series, voting as one class, and not the registered owners of any one series, may make a declaration of acceleration. However, the event of default giving rise to the declaration relating to any series of Senior Debt Securities will be automatically waived, and that declaration and its consequences will be automatically rescinded and annulled, if, at any time after that declaration and before a judgment or decree for payment of the money due has been obtained:

(1) NEE Capital pays or deposits with the Indenture Trustee a sum sufficient to pay:

(a) all overdue interest on all Senior Debt Securities of that series,

(b) the principal of and any premium on any Senior Debt Securities of that series that have become due for reasons other than that declaration, and interest that is then due,

(c) interest on overdue interest for that series, and

(d) all amounts then due to the Indenture Trustee under the Indenture, and

(2) any other event of default with respect to the Senior Debt Securities of that series has been cured or waived as provided in the Indenture. (Indenture, Section 802).

Other than its obligations and duties in case of an event of default under the Indenture, the Indenture Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request or direction of any of the registered owners of the Senior Debt Securities, unless those registered owners offer reasonable indemnity to the Indenture Trustee. (Indenture, Section 903). If they provide this reasonable indemnity, the registered owners of a majority in principal amount of any series of Senior Debt Securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Indenture Trustee, or exercising any trust or power conferred on the Indenture Trustee, with respect to the Senior Debt Securities of that series. However, if an event of default under the Indenture relates to more than one series of Senior Debt Securities, only the registered owners of a majority in aggregate principal amount of all affected series of Senior Debt Securities, considered as one class, will have the right to make that direction. Also, the direction must not violate any law or the Indenture, and may not expose the Indenture Trustee to personal liability in circumstances where the indemnity would not, in the Indenture Trustee's sole discretion, be adequate, and the Indenture Trustee may take any other action that it deems proper and not inconsistent with such direction. (Indenture, Section 812).

A registered owner of a Senior Debt Security has the right to institute a suit for the enforcement of payment of the principal of or premium, if any, or interest on that Senior Debt Security on or after the applicable due date specified in that Senior Debt Security. (Indenture, Section 808). No registered owner of Senior Debt Securities of any series will have any other right to institute any proceeding under the Indenture, or any other remedy under the Indenture, unless:

(1) that registered owner has previously given to the Indenture Trustee written notice of a continuing event of default with respect to the Senior Debt Securities of that series,

(2) the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all series in respect of which an event of default under the Indenture exists, considered as one class, have made written request to the Indenture Trustee to institute that proceeding in its own name as trustee, and have offered reasonable indemnity to the Indenture Trustee against related costs, expenses and liabilities,

(3) the Indenture Trustee for 60 days after its receipt of that notice, request and offer of indemnity has failed to institute any such proceeding, and

(4) no direction inconsistent with that request was given to the Indenture Trustee during this 60 day period by the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all series in respect of which an event of default under the Indenture exists, considered as one class. (Indenture, Section 807).

NEE Capital is required to deliver to the Indenture Trustee an annual statement as to its compliance with all conditions and covenants under the Indenture. (Indenture, Section 606).

Modification and Waiver. Without the consent of any registered owner of Senior Debt Securities, NEE Capital and the Indenture Trustee may amend or supplement the Indenture for any of the following purposes:

(1) to provide for the assumption by any permitted successor to NEE Capital of NEE Capital's obligations under the Indenture and the Senior Debt Securities in the case of a merger or consolidation or a conveyance, transfer or lease of NEE Capital's properties and assets substantially as an entirety,

(2) to add covenants of NEE Capital or to surrender any right or power conferred upon NEE Capital by the Indenture,

(3) to add any additional events of default,

(4) to change, eliminate or add any provision of the Indenture, provided that if that change, elimination or addition will materially adversely affect the interests of the registered owners of Senior Debt Securities of any series or tranche, that change, elimination or addition will become effective with respect to that particular series or tranche only

  (a) when the required consent of the registered owners of Senior Debt Securities of that particular series or tranche has been obtained, or

  (b) when no Senior Debt Securities of that particular series or tranche remain outstanding under the Indenture,

(5) to provide collateral security for all but not a part of the Senior Debt Securities,

(6) to create the form or terms of Senior Debt Securities of any other series or tranche,

(7) to provide for the authentication and delivery of bearer securities and the related coupons and for other matters relating to those bearer securities,

(8) to accept the appointment of a successor Indenture Trustee with respect to the Senior Debt Securities of one or more series and to change any of the provisions of the Indenture as necessary to provide for the administration of the trusts under the Indenture by more than one trustee,

(9) to add procedures to permit the use of a non-certificated system of registration for all, or any series or tranche of, the Senior Debt Securities,

(10) to change any place where

  (a) the principal of and premium, if any, and interest on all, or any series or tranche of, Senior Debt Securities are payable,

  (b) all, or any series or tranche of, Senior Debt Securities may be surrendered for registration, transfer, or exchange, and

  (c) notices and demands to or upon NEE Capital in respect of Senior Debt Securities and the Indenture may be served, or

(11) to cure any ambiguity or inconsistency or to add or change any other provisions with respect to matters and questions arising under the Indenture, provided those changes or additions may not materially adversely affect the interests of the registered owners of Senior Debt Securities of any series or tranche. (Indenture, Section 1201).

The registered owners of a majority in aggregate principal amount of the Senior Debt Securities of all series then outstanding may waive compliance by NEE Capital with certain restrictive provisions of the Indenture. (Indenture, Section 607). The registered owners of a majority in principal amount of the outstanding Senior Debt Securities of any series may waive any past default under the Indenture with respect to that series, except a default in the payment of principal, premium, if any, or interest and a default with respect to certain restrictive covenants or provisions of the Indenture that cannot be modified or amended without the consent of the registered owner of each outstanding Senior Debt Security of that series affected. (Indenture, Section 813).

In addition to any amendments described above, if the Trust Indenture Act of 1939 is amended after the date of the Indenture in a way that requires changes to the Indenture or in a way that permits changes to, or the elimination of, provisions that were previously required by the Trust Indenture Act of 1939, the Indenture will be deemed to be amended to conform to that amendment of the Trust Indenture Act of 1939 or to make those changes, additions or eliminations. NEE Capital and the Indenture Trustee may, without the consent of any registered owners, enter into supplemental indentures to make that amendment. (Indenture, Section 1201).

Except for any amendments described above, the consent of the registered owners of a majority in aggregate principal amount of the Senior Debt Securities of all series then outstanding, considered as one class, is required for all other modifications to the Indenture. However, if less than all of the series of Senior Debt Securities outstanding are directly affected by a proposed supplemental indenture, then the consent only of the registered owners of a majority in aggregate principal amount of outstanding Senior Debt Securities of all directly affected series, considered as one class, is required. But, if NEE Capital issues any series of Senior Debt Securities in more than one tranche and if the proposed supplemental indenture directly affects the rights of the registered owners of Senior Debt Securities of less than all of those tranches, then the consent only of the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all directly affected tranches, considered as one class, will be required. However, none of those amendments or modifications may:

(1) change the dates on which the principal of or interest on a Senior Debt Security is due without the consent of the registered owner of that Senior Debt Security,

(2) reduce any Senior Debt Security's principal amount or rate of interest (or the amount of any installment of that interest) or change the method of calculating that rate without the consent of the registered owner of that Senior Debt Security,

(3) reduce any premium payable upon the redemption of a Senior Debt Security without the consent of the registered owner of that Senior Debt Security,

(4) change the currency (or other property) in which a Senior Debt Security is payable without the consent of the registered owner of that Senior Debt Security,

(5) impair the right to sue to enforce payments on any Senior Debt Security on or after the date that it states that the payment is due (or, in the case of redemption, on or after the redemption date) without the consent of the registered owner of that Senior Debt Security,

(6) reduce the percentage in principal amount of the outstanding Senior Debt Securities of any series or tranche whose owners must consent to an amendment, supplement or waiver without the consent of the registered owner of each outstanding Senior Debt Security of that particular series or tranche,

(7) reduce the requirements for quorum or voting of any series or tranche without the consent of the registered owner of each outstanding Senior Debt Security of that particular series or tranche, or

(8) modify certain of the provisions of the Indenture relating to supplemental indentures, waivers of certain covenants and waivers of past defaults with respect to the Senior Debt Securities of any series or tranche, without the consent of the registered owner of each outstanding Senior Debt Security affected by the modification.

A supplemental indenture that changes or eliminates any provision of the Indenture that has expressly been included only for the benefit of one or more particular series or tranches of Senior Debt Securities, or that modifies the rights of the registered owners of Senior Debt Securities of that particular series or tranche with respect to that provision, will not affect the rights under the Indenture of the registered owners of the Senior Debt Securities of any other series or tranche. (Indenture, Section 1202).

The Indenture provides that, in order to determine whether the registered owners of the required principal amount of the outstanding Senior Debt Securities have given any request, demand, authorization, direction, notice, consent or waiver under the Indenture, or whether a quorum is present at the meeting of the registered owners of Senior Debt Securities, Senior Debt Securities owned by NEE Capital or any other obligor upon the Senior Debt Securities or any affiliate of NEE Capital or of that other obligor (unless NEE Capital, that affiliate or that obligor owns all Senior Debt Securities outstanding under the Indenture, determined without regard to this provision) will be disregarded and deemed not to be outstanding. (Indenture, Section 101).

If NEE Capital solicits any action under the Indenture from registered owners of Senior Debt Securities, NEE Capital may, at its option, fix in advance a record date for determining the registered owners of Senior Debt

Securities entitled to take that action, but NEE Capital will not be obligated to do so. If NEE Capital fixes such a record date, that action may be taken before or after that record date, but only the registered owners of record at the close of business on that record date will be deemed to be registered owners of Senior Debt Securities for the purposes of determining whether registered owners of the required proportion of the outstanding Senior Debt Securities have authorized that action. For these purposes, the outstanding Senior Debt Securities will be computed as of the record date. Any action of a registered owner of any Senior Debt Security under the Indenture will bind every future registered owner of that Senior Debt Security, or any Senior Debt Security replacing that Senior Debt Security, with respect to anything that the Indenture Trustee or NEE Capital do, fail to do, or allow to be done in reliance on that action, whether or not that action is noted upon that Senior Debt Security. (Indenture, Section 104).

Resignation and Removal of Indenture Trustee. The Indenture Trustee may resign at any time with respect to any series of Senior Debt Securities by giving written notice of its resignation to NEE Capital. Also, the registered owners of a majority in principal amount of the outstanding Senior Debt Securities of one or more series of Senior Debt Securities may remove the Indenture Trustee at any time with respect to the Senior Debt Securities of that series, by delivering an instrument evidencing this action to the Indenture Trustee and NEE Capital. The resignation or removal of the Indenture Trustee and the appointment of a successor trustee will not become effective until a successor trustee accepts its appointment.

Except with respect to a trustee under the Indenture appointed by the registered owners of Senior Debt Securities, the Indenture Trustee will be deemed to have resigned and the successor will be deemed to have been appointed as trustee in accordance with the Indenture if:

(1) no event of default under the Indenture or event that, after notice or lapse of time, or both, would become an event of default under the Indenture exists, and

(2) NEE Capital has delivered to the Indenture Trustee a resolution of its Board of Directors appointing a successor trustee and that successor trustee has accepted that appointment in accordance with the terms of the Indenture. (Indenture, Section 910).

Notices. Notices to registered owners of Senior Debt Securities will be sent by mail to the addresses of those registered owners as they appear in the security register for those Senior Debt Securities. (Indenture, Section 106).

Title. NEE Capital, the Indenture Trustee, and any agent of NEE Capital or the Indenture Trustee, may treat the person in whose name a Senior Debt Security is registered as the absolute owner of that Senior Debt Security, whether or not that Senior Debt Security is overdue, for the purpose of making payments and for all other purposes, regardless of any notice to the contrary. (Indenture, Section 308).

Governing Law. The Indenture and the Senior Debt Securities will be governed by, and construed in accordance with, the laws of the State of New York, without regard to conflict of laws principles thereunder, except to the extent that the law of any other jurisdiction is mandatorily applicable. (Indenture, Section 112).

DESCRIPTION OF NEE GUARANTEE OF NEE CAPITAL SENIOR DEBT SECURITIES

General. This section briefly summarizes some of the provisions of the Guarantee Agreement, dated as of June 1, 1999, between NEE, as guarantor, and The Bank of New York Mellon, as guarantee trustee, referred to in this prospectus as the "Guarantee Trustee." The Guarantee Agreement, referred to in this prospectus as the "Guarantee Agreement," was executed for the benefit of the Indenture Trustee, which holds the Guarantee Agreement for the benefit of registered owners of the Senior Debt Securities covered by the Guarantee Agreement. This summary does not contain a complete description of the Guarantee Agreement. You should read this summary together with the Guarantee Agreement for a complete understanding of all the provisions. The Guarantee Agreement has previously been filed with the SEC and is an exhibit to the registration statement filed with the SEC of which this prospectus is a part. In addition, the Guarantee Agreement is qualified as an indenture under the Trust Indenture Act of 1939 and therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

Under the Guarantee Agreement, NEE absolutely, irrevocably and unconditionally guarantees the prompt and full payment, when due and payable (including upon acceleration, redemption or stated maturity), of the principal, interest and premium, if any, on the Senior Debt Securities that are covered by the Guarantee Agreement to the registered owners of those Senior Debt Securities, according to the terms of those Senior Debt Securities and the Indenture. Pursuant to the Guarantee Agreement, all of the Senior Debt Securities are covered by the Guarantee Agreement except Senior Debt Securities that by their terms are expressly not entitled to the benefit of the Guarantee Agreement. All of the Offered Senior Debt Securities will be covered by the Guarantee Agreement. This guarantee is referred to in this prospectus as the "Guarantee." NEE is only required to make these payments if NEE Capital fails to pay or provide for punctual payment of any of those amounts on or before the expiration of any applicable grace periods. (Guarantee Agreement, Section 5.01). In the Guarantee Agreement, NEE has waived its right to require the Guarantee Trustee, the Indenture Trustee or the registered owners of Senior Debt Securities covered by the Guarantee Agreement to exhaust their remedies against NEE Capital prior to bringing suit against NEE. (Guarantee Agreement, Section 5.06).

The Guarantee is a guarantee of payment when due (i.e., the guaranteed party may institute a legal proceeding directly against NEE to enforce its rights under the Guarantee Agreement without first instituting a legal proceeding against any other person or entity). The Guarantee is not a guarantee of collection. (Guarantee Agreement, Section 5.01).

Except as otherwise stated in the related prospectus supplement, the covenants in the Guarantee Agreement would not give registered owners of the Senior Debt Securities covered by the Guarantee Agreement protection in the event of a highly-leveraged transaction involving NEE.

Security and Ranking. The Guarantee is an unsecured obligation of NEE and will rank equally and ratably with all other unsecured and unsubordinated indebtedness of NEE. There is no limit on the amount of other indebtedness, including guarantees, that NEE may incur or issue.

While NEE is a holding company that derives substantially all of its income from its operating subsidiaries, NEE's subsidiaries are separate and distinct legal entities and have no obligation to make any payments under the Guarantee Agreement or to make any funds available for such payment. Therefore, the Guarantee effectively is subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by NEE's subsidiaries. In addition to trade liabilities, many of NEE's operating subsidiaries incur debt in order to finance their business activities. All of this indebtedness will effectively be senior to the Guarantee. Neither the Indenture nor the Guarantee Agreement places any limit on the amount of liabilities, including debt or preferred stock, that NEE's subsidiaries may issue, guarantee or incur.

Events of Default. An event of default under the Guarantee Agreement will occur upon the failure of NEE to perform any of its payment obligations under the Guarantee Agreement. (Guarantee Agreement, Section 1.01).

The registered owners of a majority of the aggregate principal amount of the outstanding Senior Debt Securities covered by the Guarantee Agreement have the right to:

(1) direct the time, method and place of conducting any proceeding for any remedy available to the Guarantee Trustee under the Guarantee Agreement, or

(2) direct the exercise of any trust or power conferred upon the Guarantee Trustee under the Guarantee Agreement. (Guarantee Agreement, Section 3.01).

The Guarantee Trustee must give notice of any event of default under the Guarantee Agreement known to the Guarantee Trustee to the registered owners of Senior Debt Securities covered by the Guarantee Agreement within 90 days after the occurrence of that event of default, in the manner and to the extent provided in subsection (c) of Section 313 of the Trust Indenture Act of 1939, unless such event of default has been cured or waived prior to the giving of such notice. (Guarantee Agreement, Section 2.07). The registered owners of all outstanding Senior Debt Securities may waive any past event of default and its consequences. (Guarantee Agreement, Section 2.06).

The Guarantee Trustee, the Indenture Trustee and the registered owners of Senior Debt Securities covered by the Guarantee Agreement have all of the rights and remedies available under applicable law and may sue to enforce the terms of the Guarantee Agreement and to recover damages for the breach of the Guarantee Agreement. The remedies of each of the Guarantee Trustee, the Indenture Trustee and the registered owners of Senior Debt Securities covered by the Guarantee Agreement, to the extent permitted by law, are cumulative and in addition to any other remedy now or hereafter existing at law or in equity. At the option of any of the Guarantee Trustee, the Indenture Trustee or the registered owners of Senior Debt Securities covered by the Guarantee Agreement, that person or entity may join NEE in any lawsuit commenced by that person or entity against NEE Capital with respect to any obligations under the Guarantee Agreement. Also, that person or entity may recover against NEE in that lawsuit, or in any independent lawsuit against NEE, without first asserting, prosecuting or exhausting any remedy or claim against NEE Capital. (Guarantee Agreement, Section 5.06).

NEE is required to deliver to the Guarantee Trustee an annual statement as to its compliance with all conditions under the Guarantee Agreement. (Guarantee Agreement, Section 2.04).

Modification. NEE and the Guarantee Trustee may, without the consent of any registered owner of Senior Debt Securities covered by the Guarantee Agreement, agree to any changes to the Guarantee Agreement that do not materially adversely affect the rights of registered owners. The Guarantee Agreement also may be amended with the prior approval of the registered owners of a majority in aggregate principal amount of all outstanding Senior Debt Securities covered by the Guarantee Agreement. However, the right of any registered owner of Senior Debt Securities covered by the Guarantee Agreement to receive payment under the Guarantee Agreement on the due date of the Senior Debt Securities held by that registered owner, or to institute suit for the enforcement of that payment on or after that due date, may not be impaired or affected without the consent of that registered owner. (Guarantee Agreement, Section 6.01).

Termination of the Guarantee Agreement. The Guarantee Agreement will terminate and be of no further force and effect upon full payment of all Senior Debt Securities covered by the Guarantee Agreement. (Guarantee Agreement, Section 5.05).

Governing Law. The Guarantee Agreement will be governed by and construed in accordance with the laws of the State of New York, without regard to conflict of laws principles thereunder, except to the extent that the law of any other jurisdiction is mandatorily applicable. (Guarantee Agreement, Section 5.07).

DESCRIPTION OF NEE CAPITAL SUBORDINATED DEBT SECURITIES AND NEE SUBORDINATED GUARANTEE

NEE Capital may issue its subordinated debt securities (other than the NEE Capital Junior Subordinated Debentures (as defined above under "Description of NEE Capital Junior Subordinated Debentures and NEE Junior Subordinated Guarantee")), in one or more series, under one or more indentures between NEE Capital and The Bank of New York Mellon, as trustee. The terms of any offered subordinated debt securities, including NEE's guarantee of NEE Capital's payment obligations under such subordinated debt securities, and the applicable indenture will be described in a prospectus supplement.

DESCRIPTION OF NEE CAPITAL JUNIOR SUBORDINATED DEBENTURES AND NEE JUNIOR SUBORDINATED GUARANTEE

General. NEE Capital may issue its junior subordinated debentures in one or more series, under an Indenture, dated as of September 1, 2006, among NEE Capital, NEE and The Bank of New York Mellon, as trustee, or another subordinated indenture among NEE Capital, NEE and The Bank of New York Mellon as specified in the related prospectus supplement. The indenture or indentures pursuant to which NEE Capital Junior Subordinated Debentures may be issued, as they may be amended and supplemented from time to time, are referred to in this prospectus as the "NEE Capital Junior Subordinated Indenture." The Bank of New York Mellon, as trustee under the NEE Capital Junior Subordinated Indenture, is referred to in this prospectus as the "Junior Subordinated Indenture Trustee." The junior subordinated debentures of NEE Capital offered pursuant to this prospectus and any applicable prospectus supplement are referred to as the "NEE Capital Junior Subordinated Debentures."

The NEE Capital Junior Subordinated Indenture provides for the issuance from time to time of subordinated debt in an unlimited amount. The NEE Capital Junior Subordinated Debentures and all other subordinated debt issued previously or hereafter under the NEE Capital Junior Subordinated Indenture are collectively referred to in this prospectus as the "NEE Capital Junior Subordinated Indenture Securities."

This section briefly summarizes some of the terms of the NEE Capital Junior Subordinated Debentures, NEE's junior subordinated guarantee of the NEE Capital Junior Subordinated Debentures (the "Junior Subordinated Guarantee"), and some of the provisions of the NEE Capital Junior Subordinated Indenture. This summary does not contain a complete description of the NEE Capital Junior Subordinated Debentures, the Junior Subordinated Guarantee or the NEE Capital Junior Subordinated Indenture. You should read this summary together with the NEE Capital Junior Subordinated Indenture and the officer's certificates or other documents creating the NEE Capital Junior Subordinated Debentures and the Junior Subordinated Guarantee for a complete understanding of all the provisions and for the definitions of some terms used in this summary. The NEE Capital Junior Subordinated Indenture which includes the Junior Subordinated Guarantee, the form of officer's certificate that may be used to create a series of NEE Capital Junior Subordinated Debentures and a form of the NEE Capital Junior Subordinated Debentures have previously been filed with the SEC, and are exhibits to the registration statement filed with the SEC of which this prospectus is a part. In addition, each NEE Capital Junior Subordinated Indenture is or will be qualified under the Trust Indenture Act of 1939 and therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

All NEE Capital Junior Subordinated Debentures of one series need not be issued at the same time, and a series may be re-opened for issuances of additional NEE Capital Junior Subordinated Debentures of such series. This means that NEE Capital may from time to time, without notice to, or the consent of any existing holders of the previously-issued NEE Capital Junior Subordinated Debentures of a particular series, create and issue additional NEE Capital Junior Subordinated Debentures of such series. Such additional NEE Capital Junior Subordinated Debentures will have the same terms as the previously-issued NEE Capital Junior Subordinated Debentures of such series in all respects except for the issue date and, if applicable, the initial interest payment date. The additional NEE Capital Junior Subordinated Debentures will be consolidated and form a single series with the previously-issued NEE Capital Junior Subordinated Debentures of such series.

The NEE Capital Junior Subordinated Debentures will be unsecured, subordinated obligations of NEE Capital which rank junior to all of NEE Capital's Senior Indebtedness. The term "Senior Indebtedness" with respect to NEE Capital will be defined in the related prospectus supplement. All NEE Capital Junior Subordinated Debentures issued under a particular NEE Capital Junior Subordinated Indenture will rank equally and ratably with all other NEE Capital Junior Subordinated Debentures issued under that NEE Capital Junior Subordinated Indenture, except to the extent that NEE Capital elects to provide security with respect to any series

of NEE Capital Junior Subordinated Debentures without providing that security to all outstanding NEE Capital Junior Subordinated Debentures in accordance with the respective NEE Capital Junior Subordinated Indenture. NEE Capital Junior Subordinated Debentures issued under a particular NEE Capital Junior Subordinated Indenture may rank senior to, pari passu with, or junior to, NEE Capital Junior Subordinated Debentures issued by NEE Capital under another NEE Capital Junior Subordinated Indenture. The NEE Capital Junior Subordinated Debentures will be absolutely, unconditionally and irrevocably guaranteed by NEE as to payment of principal, and any interest and premium, pursuant to the Junior Subordinated Guarantee included in the NEE Capital Junior Subordinated Indenture for such NEE Capital Junior Subordinated Debentures, which Junior Subordinated Guarantee ranks junior to all of NEE's Senior Indebtedness, and may rank senior to, pari passu with, or junior to, NEE's obligations under a separate junior subordinated guarantee. See "—Junior Subordinated Guarantee of NEE Capital Junior Subordinated Debentures" below.

Each series of NEE Capital Junior Subordinated Debentures that may be issued under each NEE Capital Junior Subordinated Indenture may have different terms. NEE Capital will include some or all of the following information about a specific series of NEE Capital Junior Subordinated Debentures in a prospectus supplement relating to that specific series of NEE Capital Junior Subordinated Debentures:

NEE Capital may sell NEE Capital Junior Subordinated Debentures at a discount below their principal amount. Some of the important United States federal income tax considerations applicable to NEE Capital Junior Subordinated Debentures sold at a discount below their principal amount may be discussed in the related prospectus supplement. In addition, some of the important United States federal income tax or other considerations applicable to any NEE Capital Junior Subordinated Debentures that are denominated in a currency other than U.S. dollars may be discussed in the related prospectus supplement.

Except as otherwise stated in the related prospectus supplement, the covenants in the NEE Capital Junior Subordinated Indenture would not give registered owners of NEE Capital Junior Subordinated Debentures protection in the event of a highly-leveraged transaction involving NEE Capital or NEE.

Subordination. The NEE Capital Junior Subordinated Debentures will be subordinate and junior in right of payment to all Senior Indebtedness of NEE Capital. (NEE Capital Junior Subordinated Indenture, Article Fifteen). No payment of the principal (including redemption and sinking fund payments) of, or interest, or premium, if any, on the NEE Capital Junior Subordinated Debentures may be made by NEE Capital, until all holders of Senior Indebtedness of NEE Capital have been paid in full (or provision has been made for such payment), if any of the following occurs:

(1) certain events of bankruptcy, insolvency or reorganization of NEE Capital,

(2) any Senior Indebtedness of NEE Capital is not paid when due (after the expiration of any applicable grace period) and that default continues without waiver, or

(3) any other default has occurred and continues without waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of NEE Capital are permitted to accelerate the maturity of such Senior Indebtedness. (NEE Capital Junior Subordinated Indenture, Section 1502).

Upon any distribution of assets of NEE Capital to creditors in connection with any insolvency, bankruptcy or similar proceeding, all principal of, and premium, if any, and interest due or to become due on all Senior Indebtedness of NEE Capital must be paid in full before the holders of the NEE Capital Junior Subordinated Debentures are entitled to receive or retain any payment from such distribution. (NEE Capital Junior Subordinated Indenture, Section 1502).

While NEE Capital is a holding company that derives substantially all of its income from its operating subsidiaries, NEE Capital's subsidiaries are separate and distinct legal entities and have no obligation to make any payments on the NEE Capital Junior Subordinated Indenture Securities or to make any funds available for such payment. Therefore, NEE Capital Junior Subordinated Indenture Securities will effectively be subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by NEE Capital's subsidiaries. In addition to trade liabilities, many of NEE Capital's operating subsidiaries incur debt in order to finance their business activities. All of this indebtedness will effectively be senior to the NEE Capital Junior Subordinated Indenture Securities. The NEE Capital Junior Subordinated Indenture does not place any limit on the amount of liabilities, including debt or preferred stock, that NEE Capital's subsidiaries may issue, guarantee or incur. See "Description of NEE Common Stock—Common Stock Terms—Dividend Rights" for a description of contractual restrictions on the dividend-paying ability of NEE Capital.

Junior Subordinated Guarantee of NEE Capital Junior Subordinated Debentures. Pursuant to the Junior Subordinated Guarantee, NEE will absolutely, irrevocably and unconditionally guarantee the payment of principal of and any interest and premium, if any, on the NEE Capital Junior Subordinated Debentures, when due and payable, whether at the stated maturity date, by declaration of acceleration, call for redemption or otherwise, in accordance with the terms of such NEE Capital Junior Subordinated Debentures and the NEE Capital Junior Subordinated Indenture. The Junior Subordinated Guarantee will remain in effect until the entire principal of and any premium, if any, and interest on the NEE Capital Junior Subordinated Debentures has been paid in full or otherwise discharged in accordance with the provisions of the NEE Capital Junior Subordinated Indenture. (NEE Capital Junior Subordinated Indenture, Article Fourteen).

The Junior Subordinated Guarantee will be subordinate and junior in right of payment to all Senior Indebtedness of NEE. (NEE Capital Junior Subordinated Indenture, Section 1402). The term "Senior Indebtedness" with respect to NEE will be defined in the related prospectus supplement. No payment of the principal (including redemption and sinking fund payments) of, or interest, or premium, if any, on, the NEE

Capital Junior Subordinated Debentures may be made by NEE under the Junior Subordinated Guarantee until all holders of Senior Indebtedness of NEE have been paid in full (or provision has been made for such payment), if any of the following occurs:

(1) certain events of bankruptcy, insolvency or reorganization of NEE,

(2) any Senior Indebtedness of NEE is not paid when due (after the expiration of any applicable grace period) and that default continues without waiver, or

(3) any other default has occurred and continues without waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of NEE are permitted to accelerate the maturity of such Senior Indebtedness. (NEE Capital Junior Subordinated Indenture, Section 1403).

Upon any distribution of assets of NEE to creditors in connection with any insolvency, bankruptcy or similar proceeding, all principal of, and premium, if any, and interest due or to become due on all Senior Indebtedness of NEE must be paid in full before the holders of the NEE Capital Junior Subordinated Debentures are entitled to receive or retain any payment from such distribution. (NEE Capital Junior Subordinated Indenture, Section 1403).

While NEE is a holding company that derives substantially all of its income from its operating subsidiaries, NEE's subsidiaries are separate and distinct legal entities and have no obligation to make any payments under the Junior Subordinated Guarantee or to make any funds available for such payment. Therefore, the Junior Subordinated Guarantee will effectively be subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by NEE's subsidiaries. In addition to trade liabilities, many of NEE's operating subsidiaries incur debt in order to finance their business activities. All of this indebtedness will effectively be senior to the Junior Subordinated Guarantee. The NEE Capital Junior Subordinated Indenture does not place any limit on the amount of liabilities, including debt or preferred stock, that NEE's subsidiaries may issue, guarantee or incur. See "Description of NEE Common Stock—Common Stock Terms—Dividend Rights" for a description of contractual restrictions on the dividend-paying ability of some of NEE's subsidiaries.

Payment and Paying Agents. Except as stated in the related prospectus supplement, on each interest payment date NEE Capital will pay interest on each NEE Capital Junior Subordinated Debenture to the person in whose name that NEE Capital Junior Subordinated Debenture is registered as of the close of business on the record date relating to that interest payment date. However, on the date that the NEE Capital Junior Subordinated Debentures mature, NEE Capital will pay the interest to the person to whom it pays the principal. Also, if NEE Capital has defaulted in the payment of interest on any NEE Capital Junior Subordinated Debenture, it may pay that defaulted interest to the registered owner of that NEE Capital Junior Subordinated Debenture:

(1) as of the close of business on a date that the Junior Subordinated Indenture Trustee selects, which may not be more than 15 days or less than 10 days before the date that NEE Capital, or NEE, as the case may be, proposes to pay the defaulted interest, or

(2) in any other lawful manner that does not violate the requirements of any securities exchange on which that NEE Capital Junior Subordinated Debenture is listed and that the Junior Subordinated Indenture Trustee believes is practicable. (NEE Capital Junior Subordinated Indenture, Section 307).

Unless otherwise stated in the related prospectus supplement, the principal, premium, if any, and interest on the NEE Capital Junior Subordinated Debentures at maturity will be payable when such NEE Capital Junior Subordinated Debentures are presented at the main corporate trust office of The Bank of New York Mellon, as paying agent, in New York City. NEE Capital and NEE may change the place of payment on the NEE Capital Junior Subordinated Debentures, appoint one or more additional paying agents, including NEE Capital, and remove any paying agent. (NEE Capital Junior Subordinated Indenture, Section 602).

Transfer and Exchange. Unless otherwise stated in the related prospectus supplement, NEE Capital Junior Subordinated Debentures may be transferred or exchanged at the main corporate trust office of The Bank of New

York Mellon, as security registrar, in New York City. NEE Capital may change the place for transfer and exchange of the NEE Capital Junior Subordinated Debentures and may designate one or more additional places for that transfer and exchange.

Except as otherwise stated in the related prospectus supplement, there will be no service charge for any transfer or exchange of the NEE Capital Junior Subordinated Debentures. However, NEE Capital may require payment of any tax or other governmental charge in connection with any transfer or exchange of the NEE Capital Junior Subordinated Debentures.

NEE Capital will not be required to transfer or exchange any NEE Capital Junior Subordinated Debenture selected for redemption. Also, NEE Capital will not be required to transfer or exchange any NEE Capital Junior Subordinated Debenture during a period of 15 days before notice is to be given identifying the NEE Capital Junior Subordinated Debentures selected to be redeemed. (NEE Capital Junior Subordinated Indenture, Section 305).

Defeasance. NEE Capital and NEE may, at any time, elect to have all of their obligations discharged with respect to all or a portion of any NEE Capital Junior Subordinated Indenture Securities. To do so, NEE Capital or NEE must irrevocably deposit with the Junior Subordinated Indenture Trustee or any paying agent, in trust:

(1) money in an amount that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those NEE Capital Junior Subordinated Indenture Securities, on or prior to their maturity, or

(2) in the case of a deposit made prior to the maturity of that series of NEE Capital Junior Subordinated Indenture Securities,

  (a) direct obligations of, or obligations unconditionally guaranteed by, the United States and entitled to the benefit of its full faith and credit that do not contain provisions permitting their redemption or other prepayment at the option of their issuer, and

  (b) certificates, depositary receipts or other instruments that evidence a direct ownership interest in those obligations or in any specific interest or principal payments due in respect of those obligations that do not contain provisions permitting their redemption or other prepayment at the option of their issuer,

  the principal of and the interest on which, when due, without any regard to reinvestment of that principal or interest, will provide money that, together with any money deposited with or held by the Junior Subordinated Indenture Trustee, will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those NEE Capital Junior Subordinated Indenture Securities, on or prior to their maturity, or

(3) a combination of (1) and (2) that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those NEE Capital Junior Subordinated Indenture Securities, on or prior to their maturity. (NEE Capital Junior Subordinated Indenture, Section 701).

Option to Defer Interest Payments. If so specified in the related prospectus supplement, NEE Capital will have the option to defer the payment of interest from time to time on the NEE Capital Junior Subordinated Debentures for one or more periods. Interest would, however, continue to accrue on the NEE Capital Junior Subordinated Debentures. Unless otherwise provided in the related prospectus supplement, during any optional deferral period neither NEE nor NEE Capital may:

(1) declare or pay any dividend or distribution on its capital stock,

(2) redeem, purchase, acquire or make a liquidation payment with respect to any of its capital stock,

(3) pay any principal, interest or premium on, or repay, repurchase or redeem any debt securities that are equal or junior in right of payment with the NEE Capital Junior Subordinated Debentures, or with the Junior Subordinated Guarantee, or

(4) make any payments with respect to any guarantee of debt securities if such guarantee is equal or junior in right of payment to the NEE Capital Junior Subordinated Debentures or the Junior Subordinated Guarantee,

other than

(a) purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock,

(b) any payment, repayment, redemption, purchase, acquisition or declaration of dividend listed as restricted payments in clauses (1) and (2) above as a result of a reclassification of its capital stock or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock,

(c) the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts,

(d) dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts,

(e) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future,

(f) payments under any preferred trust securities guarantee or guarantee of subordinated debentures executed and delivered by NEE concurrently with the issuance by a trust of any preferred trust securities, so long as the amount of payments made with respect to any preferred trust securities or subordinated debentures (as the case may be) is paid on all preferred trust securities or subordinated debentures (as the case may be) then outstanding on a pro rata basis in proportion to the full distributions to which each series of preferred trust securities or subordinated debentures (as the case may be) is then entitled if paid in full,

(g) payments under any guarantee of junior subordinated debentures executed and delivered by NEE (including the Junior Subordinated Guarantee), so long as the amount of payments made on any junior subordinated debentures is paid on all junior subordinated debentures then outstanding on a pro rata basis in proportion to the full payment to which each series of junior subordinated debentures is then entitled if paid in full,

(h) dividends or distributions by NEE Capital on its capital stock to the extent owned by NEE, or

(i) redemptions, purchases, acquisitions or liquidation payments by NEE Capital with respect to its capital stock to the extent owned by NEE. (NEE Capital Junior Subordinated Indenture, Section 608).

NEE and NEE Capital have reserved the right to amend the NEE Capital Junior Subordinated Indenture, dated as of September 1, 2006, without the consent or action of the holders of any NEE Capital Junior Subordinated Indenture Securities issued after October 1, 2006, including the NEE Capital Junior Subordinated Debentures, to modify the exceptions to the restrictions described in clause (f) above to allow payments with respect to any preferred trust securities or debt securities, or any guarantee thereof (including the Junior Subordinated Guarantee), executed and delivered by NEE, NEE Capital or any of their subsidiaries, in each case that rank equal in right of payment to such junior subordinated debentures or the related guarantee, as the case may be, so long as the amount of payments made on account of such securities or guarantees is paid on all such

securities or guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities or guarantees is then entitled if paid in full.

Unless otherwise provided in the related prospectus supplement, (i) before an optional deferral period ends, NEE Capital may further defer the payment of interest and (ii) after any optional deferral period and the payment of all amounts then due, NEE Capital may select a new optional deferral period. Unless otherwise provided in the related prospectus supplement, no optional deferral period may exceed the period of time specified in that prospectus supplement. No interest period may be deferred beyond the maturity of the NEE Capital Junior Subordinated Debentures.

Redemption. The redemption terms of the NEE Capital Junior Subordinated Debentures, if any, will be set forth in a prospectus supplement. Unless otherwise provided in the related prospectus supplement, and except with respect to NEE Capital Junior Subordinated Debentures redeemable at the option of the holder, NEE Capital Junior Subordinated Debentures will be redeemable upon notice between 30 and 60 days prior to the redemption date. NEE Capital has reserved the right to amend the NEE Capital Junior Subordinated Indenture without any consent, vote or other action of the holders of any junior subordinated debentures issued under the NEE Capital Junior Subordinated Indenture after December 1, 2021, including the NEE Capital Junior Subordinated Debentures, to provide that notice of any redemption shall be given in the manner provided in the NEE Capital Junior Subordinated Indenture to the holders of the junior subordinated debentures to be redeemed not less than 10 nor more than 60 days prior to the redemption date. If less than all of the NEE Capital Junior Subordinated Debentures of any series or any tranche thereof are to be redeemed, the Junior Subordinated Indenture Trustee will select the NEE Capital Junior Subordinated Debentures to be redeemed. In the absence of any provision for selection, the Junior Subordinated Indenture Trustee will choose such method of selection as it deems fair and appropriate. (NEE Capital Junior Subordinated Indenture, Sections 403 and 404).

NEE Capital Junior Subordinated Debentures selected for redemption will cease to bear interest on the redemption date. The paying agent will pay the redemption price and any accrued interest once the NEE Capital Junior Subordinated Debentures are surrendered for redemption. (NEE Capital Junior Subordinated Indenture, Section 405). Except as stated in the related prospectus supplement, on the redemption date NEE Capital will pay interest on the NEE Capital Junior Subordinated Debentures being redeemed to the person to whom it pays the redemption price. If only part of a NEE Capital Junior Subordinated Debenture is redeemed, the Junior Subordinated Indenture Trustee will deliver a new NEE Capital Junior Subordinated Debenture of the same series for the remaining portion without charge. (NEE Capital Junior Subordinated Indenture, Section 406).

Any redemption at the option of NEE Capital may be conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If at the time notice of redemption is given, the redemption moneys are not on deposit with the paying agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before the Redemption Date and such notice of redemption shall be of no force or effect unless such moneys are received. (Indenture, Section 404).

Purchase of the NEE Capital Junior Subordinated Debentures. NEE or its affiliates, including NEE Capital, may at any time and from time to time, purchase all or some of the NEE Capital Junior Subordinated Debentures at any price or prices, whether by tender, in the open market or by private agreement or otherwise, subject to applicable law.

Consolidation, Merger, and Sale of Assets. Under the NEE Capital Junior Subordinated Indenture, neither NEE Capital nor NEE may consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity, unless:

(1) the entity formed by that consolidation, or the entity into which NEE Capital or NEE, as the case may be, is merged, or the entity that acquires or leases the properties and assets of NEE Capital or NEE, as

the case may be, is an entity organized and existing under the laws of the United States, any state or the District of Columbia and that entity expressly assumes NEE Capital's or NEE's, as the case may be, obligations on all NEE Capital Junior Subordinated Indenture Securities and under the NEE Capital Junior Subordinated Indenture,

(2) immediately after giving effect to the transaction, no event of default under the NEE Capital Junior Subordinated Indenture and no event that, after notice or lapse of time or both, would become an event of default under the NEE Capital Junior Subordinated Indenture exists, and

(3) NEE Capital or NEE, as the case may be, delivers an officer's certificate and an opinion of counsel to the Junior Subordinated Indenture Trustee, as provided in the NEE Capital Junior Subordinated Indenture. (NEE Capital Junior Subordinated Indenture, Section 1101).

The NEE Capital Junior Subordinated Indenture does not prevent or restrict:

(a) any consolidation or merger after the consummation of which NEE Capital or NEE, as the case may be, would be the surviving or resulting entity,

(b) any consolidation of NEE Capital with NEE or any other entity all of the outstanding voting securities of which are owned, directly or indirectly, by NEE, or any merger of any such entity into any other of such entities, or any conveyance or other transfer, or lease, of properties or assets by any thereof to any other thereof,

(c) any conveyance or other transfer, or lease, of any part of the properties or assets of NEE Capital or NEE which does not constitute the entirety, or substantially the entirety, thereof,

(d) the approval by NEE Capital or NEE of or the consent by NEE Capital or NEE to any consolidation or merger to which any direct or indirect subsidiary or affiliate of NEE Capital or NEE, as the case requires, may be a party, or any conveyance, transfer or lease by any such subsidiary or affiliate of any or all of its properties or assets, or

(e) any other transaction not contemplated by (1), (2) or (3) in the preceding paragraph. (NEE Capital Junior Subordinated Indenture, Section 1103).

Events of Default. Each of the following is an event of default under the NEE Capital Junior Subordinated Indenture with respect to the NEE Capital Junior Subordinated Indenture Securities of any series:

(1) failure to pay interest on the NEE Capital Junior Subordinated Indenture Securities of that series within 30 days after it is due (provided, however, that a failure to pay interest during a valid optional deferral period will not constitute an event of default),

(2) failure to pay principal or premium, if any, on the NEE Capital Junior Subordinated Indenture Securities of that series when it is due,

(3) failure to perform, or breach of, any other covenant or warranty in the NEE Capital Junior Subordinated Indenture, other than a covenant or warranty that does not relate to that series of NEE Capital Junior Subordinated Indenture Securities, that continues for 90 days after (i) NEE Capital and NEE receive written notice of such failure to comply from the Junior Subordinated Indenture Trustee or (ii) NEE Capital, NEE and the Junior Subordinated Indenture Trustee receive written notice of such failure to comply from the registered owners of at least 33% in principal amount of the NEE Capital Junior Subordinated Indenture Securities of that series,

(4) certain events of bankruptcy, insolvency or reorganization of NEE Capital or NEE,

(5) with certain exceptions, the Junior Subordinated Guarantee ceases to be effective, is found by a judicial proceeding to be unenforceable or invalid or is denied or disaffirmed by NEE, or

(6) any other event of default specified with respect to the NEE Capital Junior Subordinated Indenture Securities of that series. (NEE Capital Junior Subordinated Indenture, Section 801).

In the case of an event of default listed in item (3) above, the Junior Subordinated Indenture Trustee may extend the grace period. In addition, if registered owners of a particular series have given a notice of default, then registered owners of at least the same percentage of NEE Capital Junior Subordinated Debentures of that series, together with the Junior Subordinated Indenture Trustee, may also extend the grace period. The grace period will be automatically extended if NEE Capital or NEE has initiated and is diligently pursuing corrective action in good faith. (NEE Capital Junior Subordinated Indenture, Section 801). An event of default with respect to the NEE Capital Junior Subordinated Indenture Securities of a particular series will not necessarily constitute an event of default with respect to NEE Capital Junior Subordinated Indenture Securities of any other series issued under the NEE Capital Junior Subordinated Indenture.

Remedies. If an event of default applicable to the NEE Capital Junior Subordinated Indenture Securities of one or more series, but not applicable to all outstanding NEE Capital Junior Subordinated Indenture Securities, exists, then either (i) the Junior Subordinated Indenture Trustee or (ii) the registered owners of at least 33% in aggregate principal amount of the NEE Capital Junior Subordinated Indenture Securities of each of the affected series may declare the principal of and accrued but unpaid interest on all the NEE Capital Junior Subordinated Indenture Securities of that series to be due and payable immediately. (NEE Capital Junior Subordinated Indenture, Section 802). However, under the Indenture, some NEE Capital Junior Subordinated Indenture Securities may provide for a specified amount less than their entire principal amount to be due and payable upon that declaration. Such a NEE Capital Junior Subordinated Indenture Security is defined as a "Discount Security" in the Indenture.

A majority of the currently outstanding series of NEE Capital Junior Subordinated Indenture Securities contain an exception to the right to accelerate payment of the principal of and accrued but unpaid interest on NEE Capital Junior Subordinated Indenture Securities of those series for an event of default listed in item (3) under "Events of Default" above. With respect to such NEE Capital Junior Subordinated Indenture Securities, if an event of default listed in item (3) under "Events of Default" above exists, the registered owners of the NEE Capital Junior Subordinated Indenture Securities of such series will not be entitled to vote to make a declaration of acceleration (and these NEE Capital Junior Subordinated Indenture Securities will not be considered outstanding for the purpose of determining whether the required vote, described above, has been obtained), and the Junior Subordinated Indenture Trustee will not have a right to make such declaration with respect to these NEE Capital Junior Subordinated Indenture Securities. Unless otherwise provided in the related prospectus supplement, the terms of the NEE Capital Junior Subordinated Indenture Securities issued in the future will contain this exception.

If an event of default is applicable to all outstanding NEE Capital Junior Subordinated Indenture Securities, then either (i) the Junior Subordinated Indenture Trustee or (ii) the registered owners of at least 33% in aggregate principal amount of all outstanding NEE Capital Junior Subordinated Indenture Securities of all series, voting as one class, and not the registered owners of any one series, may make a declaration of acceleration. However, the event of default giving rise to the declaration relating to any series of NEE Capital Junior Subordinated Indenture Securities will be automatically waived, and that declaration and its consequences will be automatically rescinded and annulled, if, at any time after that declaration and before a judgment or decree for payment of the money due has been obtained:

(1) NEE Capital or NEE pays or deposits with the Junior Subordinated Indenture Trustee a sum sufficient to pay:

  (a) all overdue interest, if any, on all NEE Capital Junior Subordinated Indenture Securities of that series then outstanding,

  (b) the principal of and any premium on any NEE Capital Junior Subordinated Indenture Securities of that series that have become due for reasons other than that declaration, and interest that is then due,

  (c) interest on overdue interest for that series, and

(d) all amounts then due to the Junior Subordinated Indenture Trustee under the NEE Capital Junior Subordinated Indenture, and

(2) if, after application of money paid or deposited as described in item (1) above, NEE Capital Junior Subordinated Indenture Securities of that series would remain outstanding, any other event of default with respect to the NEE Capital Junior Subordinated Indenture Securities of that series has been cured or waived as provided in the NEE Capital Junior Subordinated Indenture. (NEE Capital Junior Subordinated Indenture, Section 802).

Other than its obligations and duties in case of an event of default under the NEE Capital Junior Subordinated Indenture, the Junior Subordinated Indenture Trustee is not obligated to exercise any of its rights or powers under the NEE Capital Junior Subordinated Indenture at the request or direction of any of the registered owners of the NEE Capital Junior Subordinated Indenture Securities, unless those registered owners offer reasonable indemnity to the Junior Subordinated Indenture Trustee. (NEE Capital Junior Subordinated Indenture, Section 903). If they provide this reasonable indemnity, the registered owners of a majority in principal amount of any series of NEE Capital Junior Subordinated Indenture Securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Junior Subordinated Indenture Trustee, or exercising any trust or power conferred on the Junior Subordinated Indenture Trustee, with respect to the NEE Capital Junior Subordinated Indenture Securities of that series. However, if an event of default under the NEE Capital Junior Subordinated Indenture relates to more than one series of NEE Capital Junior Subordinated Indenture Securities, only the registered owners of a majority in aggregate principal amount of all affected series of NEE Capital Junior Subordinated Indenture Securities, considered as one class, will have the right to make that direction. Also, the direction must not violate any law or the NEE Capital Junior Subordinated Indenture, and may not expose the Junior Subordinated Indenture Trustee to personal liability in circumstances where the indemnity would not, in the Junior Subordinated Indenture Trustee's sole discretion, be adequate, and the Junior Subordinated Indenture Trustee may take any other action that it deems proper and not inconsistent with such direction. (NEE Capital Junior Subordinated Indenture, Section 812).

A registered owner of a NEE Capital Junior Subordinated Indenture Security has the right to institute a suit for the enforcement of payment of the principal of or premium, if any, or interest on that NEE Capital Junior Subordinated Indenture Security on or after the applicable due date specified in that NEE Capital Junior Subordinated Indenture Security. (NEE Capital Junior Subordinated Indenture, Section 808). No registered owner of NEE Capital Junior Subordinated Indenture Securities of any series will have any other right to institute any proceeding under the NEE Capital Junior Subordinated Indenture, or any other remedy under the NEE Capital Junior Subordinated Indenture, unless:

(1) that registered owner has previously given to the Junior Subordinated Indenture Trustee written notice of a continuing event of default with respect to the NEE Capital Junior Subordinated Indenture Securities of that series,

(2) the registered owners of a majority in aggregate principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities of all series in respect of which an event of default under the NEE Capital Junior Subordinated Indenture exists, considered as one class, have made written request to the Junior Subordinated Indenture Trustee to institute that proceeding in its own name as trustee, and have offered reasonable indemnity to the Junior Subordinated Indenture Trustee against related costs, expenses and liabilities,

(3) the Junior Subordinated Indenture Trustee for 60 days after its receipt of that notice, request and offer of indemnity has failed to institute any such proceeding, and

(4) no direction inconsistent with that request was given to the Junior Subordinated Indenture Trustee during this 60 day period by the registered owners of a majority in aggregate principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities of all series in respect of which an event of default under the NEE Capital Junior Subordinated Indenture exists, considered as one class. (NEE Capital Junior Subordinated Indenture, Section 807).

Each of NEE Capital and NEE is required to deliver to the Junior Subordinated Indenture Trustee an annual statement as to its compliance with all conditions and covenants applicable to it under the NEE Capital Junior Subordinated Indenture. (NEE Capital Junior Subordinated Indenture, Section 606).

Modification and Waiver. Without the consent of any registered owner of NEE Capital Junior Subordinated Indenture Securities, NEE Capital, NEE and the Junior Subordinated Indenture Trustee may amend or supplement the NEE Capital Junior Subordinated Indenture for any of the following purposes:

(1) to provide for the assumption by any permitted successor to NEE Capital or NEE of NEE Capital's or NEE's obligations under the NEE Capital Junior Subordinated Indenture and the NEE Capital Junior Subordinated Indenture Securities in the case of a merger or consolidation or a conveyance, transfer or lease of NEE Capital or NEE's properties and assets substantially as an entirety,

(2) to add covenants of NEE Capital or NEE or to surrender any right or power conferred upon NEE Capital or NEE by the NEE Capital Junior Subordinated Indenture,

(3) to add any additional events of default,

(4) to change, eliminate or add any provision of the NEE Capital Junior Subordinated Indenture, provided that if that change, elimination or addition will materially adversely affect the interests of the registered owners of NEE Capital Junior Subordinated Indenture Securities of any series or tranche, that change, elimination or addition will become effective with respect to that particular series or tranche only

  (a) when the required consent of the registered owners of NEE Capital Junior Subordinated Indenture Securities of that particular series or tranche has been obtained, or

  (b) when no NEE Capital Junior Subordinated Indenture Securities of that particular series or tranche remain outstanding under the NEE Capital Junior Subordinated Indenture,

(5) to provide collateral security for all but not a part of the NEE Capital Junior Subordinated Indenture Securities,

(6) to create the form or terms of NEE Capital Junior Subordinated Indenture Securities of any other series or tranche or any Junior Subordinated Guarantees,

(7) to provide for the authentication and delivery of bearer securities and the related coupons and for other matters relating to those bearer securities,

(8) to accept the appointment of a successor Junior Subordinated Indenture Trustee or co-trustee with respect to the NEE Capital Junior Subordinated Indenture Securities of one or more series and to change any of the provisions of the NEE Capital Junior Subordinated Indenture as necessary to provide for the administration of the trusts under the NEE Capital Junior Subordinated Indenture by more than one trustee,

(9) to add procedures to permit the use of a non-certificated system of registration for all, or any series or tranche of, the NEE Capital Junior Subordinated Indenture Securities,

(10) to change any place where

  (a) the principal of and premium, if any, and interest on all, or any series or tranche of, NEE Capital Junior Subordinated Indenture Securities are payable,

  (b) all, or any series or tranche of, NEE Capital Junior Subordinated Indenture Securities may be surrendered for registration, transfer or exchange, and

  (c) notices and demands to or upon NEE Capital or NEE in respect of NEE Capital Junior Subordinated Indenture Securities and the NEE Capital Junior Subordinated Indenture may be served, or

(11) to cure any ambiguity or inconsistency or to add or change any other provisions with respect to matters and questions arising under the NEE Capital Junior Subordinated Indenture, provided those changes or

additions may not materially adversely affect the interests of the registered owners of NEE Capital Junior Subordinated Indenture Securities of any series or tranche. (NEE Capital Junior Subordinated Indenture, Section 1201).

The registered owners of a majority in aggregate principal amount of the NEE Capital Junior Subordinated Indenture Securities of all series then outstanding may waive compliance by NEE Capital or NEE with certain restrictive provisions of the NEE Capital Junior Subordinated Indenture. (NEE Capital Junior Subordinated Indenture, Section 607). The registered owners of a majority in principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities of any series may waive any past default under the NEE Capital Junior Subordinated Indenture with respect to that series, except a default in the payment of principal, premium, if any, or interest and a default with respect to certain restrictive covenants or provisions of the NEE Capital Junior Subordinated Indenture that cannot be modified or amended without the consent of the registered owner of each outstanding NEE Capital Junior Subordinated Indenture Security of that series affected. (NEE Capital Junior Subordinated Indenture, Section 813).

In addition to any amendments described above, if the Trust Indenture Act of 1939 is amended after the date of the NEE Capital Junior Subordinated Indenture in a way that requires changes to the NEE Capital Junior Subordinated Indenture or in a way that permits changes to, or the elimination of, provisions that were previously required by the Trust Indenture Act of 1939, the NEE Capital Junior Subordinated Indenture will be deemed to be amended to conform to that amendment of the Trust Indenture Act of 1939 or to make those changes, additions or eliminations. NEE Capital, NEE and the Junior Subordinated Indenture Trustee may, without the consent of any registered owners, enter into supplemental indentures to make that amendment. (NEE Capital Junior Subordinated Indenture, Section 1201).

Except for any amendments described above, the consent of the registered owners of a majority in aggregate principal amount of the NEE Capital Junior Subordinated Indenture Securities of all series then outstanding, considered as one class, is required for all other modifications to the NEE Capital Junior Subordinated Indenture. However, if less than all of the series of NEE Capital Junior Subordinated Indenture Securities outstanding are directly affected by a proposed supplemental indenture, then the consent only of the registered owners of a majority in aggregate principal amount of outstanding NEE Capital Junior Subordinated Indenture Securities of all directly affected series, considered as one class, is required. But, if NEE Capital issues any series of NEE Capital Junior Subordinated Indenture Securities in more than one tranche and if the proposed supplemental indenture directly affects the rights of the registered owners of NEE Capital Junior Subordinated Indenture Securities of less than all of those tranches, then the consent only of the registered owners of a majority in aggregate principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities of all directly affected tranches, considered as one class, will be required. However, none of those amendments or modifications may:

(1) change the dates on which the principal of or interest (except as described above under "—Option to Defer Interest Payments") on a NEE Capital Junior Subordinated Indenture Security is due without the consent of the registered owner of that NEE Capital Junior Subordinated Indenture Security,

(2) reduce any NEE Capital Junior Subordinated Indenture Security's principal amount or rate of interest (or the amount of any installment of that interest) or change the method of calculating that rate without the consent of the registered owner of that NEE Capital Junior Subordinated Indenture Security,

(3) reduce any premium payable upon the redemption of a NEE Capital Junior Subordinated Indenture Security without the consent of the registered owner of that NEE Capital Junior Subordinated Indenture Security,

(4) change the currency (or other property) in which a NEE Capital Junior Subordinated Indenture Security is payable without the consent of the registered owner of that NEE Capital Junior Subordinated Indenture Security,

(5) impair the right to sue to enforce payments on any NEE Capital Junior Subordinated Indenture Security on or after the date that it states that the payment is due (or, in the case of redemption, on or after the redemption date) without the consent of the registered owner of that NEE Capital Junior Subordinated Indenture Security,

(6) impair the right to receive payments under the Junior Subordinated Guarantee or to institute suit for enforcement of any such payment under the Junior Subordinated Guarantee,

(7) reduce the percentage in principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities of any series or tranche whose owners must consent to an amendment, supplement or waiver without the consent of the registered owner of each outstanding NEE Capital Junior Subordinated Indenture Security of that particular series or tranche,

(8) reduce the requirements for quorum or voting of any series or tranche without the consent of the registered owner of each outstanding NEE Capital Junior Subordinated Indenture Security of that particular series or tranche, or

(9) modify certain of the provisions of the NEE Capital Junior Subordinated Indenture relating to supplemental indentures, waivers of certain covenants and waivers of past defaults with respect to the NEE Capital Junior Subordinated Indenture Securities of any series or tranche, without the consent of the registered owner of each outstanding NEE Capital Junior Subordinated Indenture Security affected by the modification.

A supplemental indenture that changes or eliminates any provision of the NEE Capital Junior Subordinated Indenture that has expressly been included only for the benefit of one or more particular series or tranches of NEE Capital Junior Subordinated Indenture Securities, or that modifies the rights of the registered owners of NEE Capital Junior Subordinated Indenture Securities of that particular series or tranche with respect to that provision, will not affect the rights under the NEE Capital Junior Subordinated Indenture of the registered owners of the NEE Capital Junior Subordinated Indenture Securities of any other series or tranche. (NEE Capital Junior Subordinated Indenture, Section 1202).

The NEE Capital Junior Subordinated Indenture provides that, in order to determine whether the registered owners of the required principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities have given any request, demand, authorization, direction, notice, consent or waiver under the NEE Capital Junior Subordinated Indenture, or whether a quorum is present at the meeting of the registered owners of NEE Capital Junior Subordinated Indenture Securities, NEE Capital Junior Subordinated Indenture Securities owned by NEE Capital, NEE or any other obligor upon the NEE Capital Junior Subordinated Indenture Securities or any affiliate of NEE Capital, NEE or of that other obligor (unless NEE Capital, NEE, that affiliate or that obligor owns all NEE Capital Junior Subordinated Indenture Securities outstanding under the NEE Capital Junior Subordinated Indenture, determined without regard to this provision), will be disregarded and deemed not to be outstanding. (NEE Capital Junior Subordinated Indenture, Section 101).

If NEE Capital or NEE solicits any action under the NEE Capital Junior Subordinated Indenture from registered owners of NEE Capital Junior Subordinated Indenture Securities, each of NEE Capital or NEE may, at its option, fix in advance a record date for determining the registered owners of NEE Capital Junior Subordinated Indenture Securities entitled to take that action, but neither NEE Capital nor NEE will be obligated to do so. If NEE Capital or NEE fixes such a record date, that action may be taken before or after that record date, but only the registered owners of record at the close of business on that record date will be deemed to be registered owners of NEE Capital Junior Subordinated Indenture Securities for the purposes of determining whether registered owners of the required proportion of the outstanding NEE Capital Junior Subordinated Indenture Securities have authorized that action. For these purposes, the outstanding NEE Capital Junior Subordinated Indenture Securities will be computed as of the record date. Any action of a registered owner of any NEE Capital Junior Subordinated Indenture Security under the NEE Capital Junior Subordinated Indenture will bind every future registered owner of that NEE Capital Junior Subordinated Indenture Security, or any NEE Capital Junior

Subordinated Indenture Security replacing that NEE Capital Junior Subordinated Indenture Security, with respect to anything that the Junior Subordinated Indenture Trustee, NEE Capital or NEE do, fail to do, or allow to be done in reliance on that action, whether or not that action is noted upon that NEE Capital Junior Subordinated Indenture Security. (NEE Capital Junior Subordinated Indenture, Section 104).

Resignation and Removal of Junior Subordinated Indenture Trustee. The Junior Subordinated Indenture Trustee may resign at any time with respect to any series of NEE Capital Junior Subordinated Indenture Securities by giving written notice of its resignation to NEE Capital and NEE. Also, the registered owners of a majority in principal amount of the outstanding NEE Capital Junior Subordinated Indenture Securities of one or more series of NEE Capital Junior Subordinated Indenture Securities may remove the Junior Subordinated Indenture Trustee at any time with respect to the NEE Capital Junior Subordinated Indenture Securities of that series, by delivering an instrument evidencing this action to the Junior Subordinated Indenture Trustee, NEE Capital and NEE. The resignation or removal of the Junior Subordinated Indenture Trustee and the appointment of a successor trustee will not become effective until a successor trustee accepts its appointment.

Except with respect to a trustee under the NEE Capital Junior Subordinated Indenture appointed by the registered owners of NEE Capital Junior Subordinated Indenture Securities, the Junior Subordinated Indenture Trustee will be deemed to have resigned and the successor will be deemed to have been appointed as trustee in accordance with the NEE Capital Junior Subordinated Indenture if:

(1) no event of default under the NEE Capital Junior Subordinated Indenture or event that, after notice or lapse of time, or both, would become an event of default under the NEE Capital Junior Subordinated Indenture exists, and

(2) NEE Capital and NEE have delivered to the Junior Subordinated Indenture Trustee resolutions of their Boards of Directors appointing a successor trustee and that successor trustee has accepted that appointment in accordance with the terms of the NEE Capital Junior Subordinated Indenture. (NEE Capital Junior Subordinated Indenture, Section 910).

Notices. Notices to registered owners of NEE Capital Junior Subordinated Indenture Securities will be sent by mail to the addresses of those registered owners as they appear in the security register for those NEE Capital Junior Subordinated Indenture Securities. (NEE Capital Junior Subordinated Indenture, Section 106).

Title. NEE Capital, NEE, the Junior Subordinated Indenture Trustee, and any agent of NEE Capital, NEE or the Junior Subordinated Indenture Trustee, may treat the person in whose name a NEE Capital Junior Subordinated Indenture Security is registered as the absolute owner of that NEE Capital Junior Subordinated Indenture Security, whether or not that NEE Capital Junior Subordinated Indenture Security is overdue, for the purpose of making payments and for all other purposes, regardless of any notice to the contrary. (NEE Capital Junior Subordinated Indenture, Section 308).

Governing Law. The NEE Capital Junior Subordinated Indenture and the NEE Capital Junior Subordinated Indenture Securities will be governed by, and construed in accordance with, the laws of the State of New York, without regard to conflict of laws principles thereunder, except to the extent that the law of any other jurisdiction is mandatorily applicable. (NEE Capital Junior Subordinated Indenture, Section 112).

INFORMATION CONCERNING THE TRUSTEES

NEE and its subsidiaries, including NEE Capital, and various of their affiliates maintain various banking and trust relationships with The Bank of New York Mellon and its affiliates. The Bank of New York Mellon acts, or would act, as (i) Indenture Trustee, security registrar and paying agent under the Indenture described under "Description of NEE Capital Senior Debt Securities" above, (ii) Guarantee Trustee under the Guarantee Agreement described under "Description of NEE Guarantee of NEE Capital Senior Debt Securities" above, (iii) purchase contract agent under a purchase contract agreement with respect to stock purchase units and (iv) Junior Subordinated Indenture Trustee, security registrar and paying agent under the NEE Capital Junior Subordinated Indenture described under "Description of NEE Capital Junior Subordinated Debentures and NEE Junior Subordinated Guarantee" above. In addition, The Bank of New York Mellon acts, or would act, as trustee under indentures for debt securities of NEE and FPL.

PLAN OF DISTRIBUTION

NEE and NEE Capital may sell the securities offered pursuant to this prospectus ("Offered Securities"):

(1) through underwriters or dealers,

(2) through agents, or

(3) directly to one or more purchasers.

This prospectus may be used in connection with any offering of securities through any of these methods or other methods described in the applicable prospectus supplement.

Through Underwriters or Dealers. If NEE and/or NEE Capital uses underwriters in the sale of the Offered Securities, the underwriters will acquire the Offered Securities for their own account. The underwriters may resell the Offered Securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters may sell the Offered Securities directly or through underwriting syndicates represented by managing underwriters. Unless otherwise stated in the prospectus supplement relating to the Offered Securities, the obligations of the underwriters to purchase those Offered Securities will be subject to certain conditions, and the underwriters will be obligated to purchase all of those Offered Securities if they purchase any of them. If NEE and/or NEE Capital uses a dealer in the sale, NEE and/or NEE Capital will sell the Offered Securities to the dealer as principal. The dealer may then resell those Offered Securities at varying prices determined at the time of resale.

Any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers may be changed from time to time.

Through Agents. NEE and/or NEE Capital may designate one or more agents to sell the Offered Securities. Unless otherwise stated in a prospectus supplement, the agents will agree to use their best efforts to solicit purchases for the period of their appointment.

Directly. NEE and/or NEE Capital may sell the Offered Securities directly to one or more purchasers. In this case, no underwriters, dealers or agents would be involved.

General Information. A prospectus supplement will state the name of any underwriter, dealer or agent and the amount of any compensation, underwriting discounts or concessions paid, allowed or reallowed to them. A prospectus supplement will also state the proceeds to NEE and/or NEE Capital from the sale of the Offered Securities, any initial public offering price and other terms of the offering of those Offered Securities.

NEE and/or NEE Capital may authorize underwriters, dealers or agents to solicit offers by certain institutions to purchase the Offered Securities from NEE and/or NEE Capital at the public offering price and on the terms described in the related prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future.

The Offered Securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms, which are referred to herein as the "remarketing firms," acting as principals for their own accounts or as agent for NEE and/or NEE Capital, as applicable. Any remarketing firm will be identified and the terms of its agreement, if any, with NEE and/or NEE Capital, and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act of 1933, in connection with the securities remarketed thereby.

NEE and/or NEE Capital may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by NEE and/or NEE Capital or borrowed from any of them or others to settle those sales or to close out any related open borrowings of securities, and may use securities received from NEE and/or NEE Capital in settlement of those derivatives to close out any related open borrowings of securities. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement.

NEE and/or NEE Capital may have agreements to indemnify underwriters, dealers and agents against, or to contribute to payments which the underwriters, dealers and agents may be required to make in respect of, certain civil liabilities, including liabilities under the Securities Act of 1933.

FPL

FPL is a rate-regulated electric utility engaged primarily in the generation, transmission, distribution and sale of electric energy in Florida. FPL supplies electric service throughout most of the east and lower west coasts of Florida and eight counties throughout northwest Florida. FPL, which was incorporated under the laws of Florida in 1925, is a wholly-owned subsidiary of NextEra Energy, Inc.

USE OF PROCEEDS

Unless otherwise stated in a prospectus supplement, FPL will add the net proceeds from the sale of its securities to its general funds. FPL uses its general funds for corporate purposes, including to repay short-term borrowings, to repay, redeem or repurchase outstanding debt and to finance the acquisition or construction of additional electric facilities and capital improvements to and maintenance of existing facilities. FPL may temporarily invest any proceeds that it does not need to use immediately in short-term instruments.

INCORPORATION BY REFERENCE

The SEC allows FPL to "incorporate by reference" information that FPL files with the SEC, which means that FPL may, in this prospectus, disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus. Any statement contained in this prospectus or in a document incorporated or deemed to be incorporated by reference in this prospectus will be deemed to be modified or superseded for purposes of this prospectus to the extent that a statement in any subsequently filed document which also is or is deemed to be incorporated in this prospectus modifies or supersedes that statement. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this prospectus. FPL is incorporating by reference the document listed below and any future filings FPL makes with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 after the date of this prospectus (other than any documents, or portions of documents, not deemed to be filed) until FPL sells all of the securities covered by the registration statement:

FORWARD-LOOKING STATEMENTS

In connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, FPL is herein filing cautionary statements identifying important factors that could cause FPL's actual results to differ materially from those projected in forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, made by or on behalf of FPL in this prospectus or any prospectus supplement, in presentations, in response to questions or otherwise. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions, strategies, future events or performance (often, but not always, through the use of words or phrases such as "may result," "are expected to," "will continue," "is anticipated," "believe," "will," "could," "should," "would," "estimated," "may," "plan," "potential," "future," "projection," "goals," "target," "outlook," "predict," and "intend" or words of similar meaning) are not statements of historical facts and may be forward-looking. Forward-looking statements involve estimates, assumptions and uncertainties. Accordingly, any such statements are qualified in their entirety by reference to, and are accompanied by, important factors discussed in FPL's reports that are incorporated herein by reference (in addition to any assumptions and other factors referred to specifically in connection with such forward-looking statements) that could have a significant impact on FPL's operations and financial results, and could cause FPL's actual results to differ materially from those contained or implied in forward-looking statements made by or on behalf of FPL.

Any forward-looking statement speaks only as of the date on which such statement is made, and FPL undertakes no obligation to update any forward-looking statement to reflect events or circumstances, including, but not limited to, unanticipated events, after the date on which such statement is made, unless otherwise required by law. New factors emerge from time to time and it is not possible for management to predict all of such factors, nor can it assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained or implied in any forward-looking statement.

The issues and associated risks and uncertainties discussed in the reports that are incorporated herein by reference are not the only ones FPL may face. Additional issues may arise or become material as the energy industry evolves. The risks and uncertainties associated with those additional issues could impair FPL's business in the future.

DESCRIPTION OF PREFERRED STOCK

General. The following statements describing FPL's preferred stock are not intended to be a complete description. For additional information, please see FPL's Restated Articles of Incorporation, as currently in effect ("Charter"), and its Amended and Restated Bylaws, as currently in effect. You should read this summary together with the articles of amendment to the Charter, which will describe the terms of any preferred stock to be offered hereby, for a complete understanding of all the provisions. Each of these documents has previously been filed, or will be filed, with the SEC and each is or will be an exhibit to the registration statement filed with the SEC of which this prospectus is a part. Reference is also made to the Florida Business Corporation Act and other applicable laws.

The Charter currently authorizes three classes of preferred stock. No shares of preferred stock are presently outstanding. Unless the Charter is amended prior to the offering of the preferred stock offered hereunder to change the class or classes of preferred stock authorized to be issued, the preferred stock offered hereunder will be one or more series of FPL's Preferred Stock, $100 par value per share ("Serial Preferred Stock") and/or one or more series of FPL's Preferred Stock, without par value ("No Par Preferred Stock"). Under the Charter, 10,414,100 shares of Serial Preferred Stock and 5,000,000 shares of No Par Preferred Stock are available for issuance. The Charter also authorizes the issuance of 5,000,000 shares of Subordinated Preferred Stock, without par value ("Subordinated Preferred Stock"). References in this "Description of Preferred Stock" section of this prospectus to preferred stock do not include the Subordinated Preferred Stock.

In the event that the Charter is amended to change its authorized preferred stock, the authorized preferred stock will be described in a prospectus supplement.

Some terms of a series of preferred stock may differ from those of another series. The terms of any preferred stock being offered will be described in a prospectus supplement. These terms will also be described in articles of amendment to the Charter, which will establish the terms of the preferred stock being offered. These terms will include any of the following that apply to that series:

(1) the class of preferred stock, the number of shares in the series and the title of that series of preferred stock,

(2) the annual rate or rates of dividends payable and the date from which such dividends shall commence to accrue,

(3) the terms and conditions, including the redemption price and the date or dates, on which the shares of the series of preferred stock may be redeemed or converted into another class of security, the manner of effecting such redemption and any restrictions on such redemptions,

(4) any sinking fund or other provisions that would obligate FPL to redeem or repurchase shares of the series of preferred stock, and

(5) with respect to the No Par Preferred Stock only, variations with respect to whole or fractional voting rights and involuntary liquidation values.

Voting Rights. NEE, as the owner of all of FPL's common stock, has sole voting power with respect to FPL, except as provided in the Charter or as otherwise required by law. The voting rights provided in the Charter relating to the Serial Preferred Stock and the No Par Preferred Stock will be described in the applicable prospectus supplement relating to any particular preferred stock being offered.

Liquidation Rights. In the event of any voluntary liquidation, dissolution or winding up of FPL, unless otherwise described in a related prospectus supplement, the Serial Preferred Stock and No Par Preferred Stock will rank pari passu with all classes of preferred stock then outstanding and shall have a preference over each series of the Subordinated Preferred Stock (none of which has been issued or is currently outstanding) and the common stock until an amount equal to the then current redemption price shall have been paid. In the event of any involuntary liquidation, dissolution or winding up of FPL,

(1) the Serial Preferred Stock will rank pari passu with all classes of preferred stock then outstanding and shall also have a preference over each series of the Subordinated Preferred Stock and the common stock until $100 per share shall have been paid, and

(2) the No Par Preferred Stock will rank pari passu with all classes of FPL's preferred stock then outstanding and shall also have a preference over each series of Subordinated Preferred Stock and the common stock until the full involuntary liquidation value thereof, as established upon issuance of the applicable series of No Par Preferred Stock, shall have been paid,

plus, in each case, all accumulated and unpaid dividends thereon, if any. Any changes to the liquidation rights of the Serial Preferred Stock and the No Par Preferred Stock will be described in a prospectus supplement relating to any preferred stock being offered.

DESCRIPTION OF WARRANTS

FPL may issue warrants to purchase preferred stock. The terms of any such warrants being offered and any related warrant agreement between FPL and a warrant agent will be described in a prospectus supplement.

DESCRIPTION OF BONDS

General. FPL will issue first mortgage bonds, in one or more series, under its Mortgage and Deed of Trust dated as of January 1, 1944, with Deutsche Bank Trust Company Americas, as mortgage trustee, which has been amended and supplemented in the past, which may be supplemented prior to the issuance of these first mortgage bonds, and which will be supplemented again by one or more supplemental indentures relating to these first mortgage bonds. The Mortgage and Deed of Trust, as amended and supplemented, is referred to in this prospectus as the "Mortgage." Deutsche Bank Trust Company Americas, as trustee under the Mortgage, is referred to in this prospectus as the "Mortgage Trustee." The first mortgage bonds offered pursuant to this prospectus and any applicable prospectus supplement are referred to as the "Bonds."

FPL may issue an unlimited amount of First Mortgage Bonds under the Mortgage so long as it meets the issuance tests set forth in the Mortgage, which are generally described below under "—Issuance of Additional Bonds." The Bonds and all other first mortgage bonds issued previously or hereafter under the Mortgage are collectively referred to in this prospectus as the "First Mortgage Bonds."

This section briefly summarizes some of the terms of the Bonds and some of the provisions of the Mortgage and uses some terms that are not defined in this prospectus but that are defined in the Mortgage. This summary is not complete. You should read this summary together with the Mortgage and the supplemental indenture creating the Bonds for a complete understanding of all the provisions. The Mortgage and the form of supplemental indenture have previously been filed with the SEC, and are exhibits to the registration statement filed with the SEC of which this prospectus is a part. In addition, the Mortgage is qualified as an indenture under the Trust Indenture Act of 1939 and therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

All Bonds of one series need not be issued at the same time, and a series may be re-opened for issuances of additional Bonds of such series. This means that FPL may from time to time, without notice to, or the consent of any existing holders of the previously-issued Bonds of a particular series, create and issue additional Bonds of such series. Such additional Bonds will have the same terms as the previously-issued Bonds of such series in all respects except for the issue date and, if applicable, the initial interest payment date. The additional Bonds will be consolidated and form a single series with the previously-issued Bonds of such series.

Each series of Bonds may have different terms. FPL will include some or all of the following information about a specific series of Bonds in a prospectus supplement relating to that specific series of Bonds:

(1) the designation and series of those Bonds,

(2) the aggregate principal amount of those Bonds,

(3) the offering price of those Bonds,

(4) the date(s) on which those Bonds will mature,

(5) the interest rate(s) for those Bonds, or how the interest rate(s) will be determined,

(6) the dates on which FPL will pay the interest on those Bonds,

(7) the denominations in which FPL may issue those Bonds, if other than denominations of $1,000 or multiples of $1,000,

(8) the place where the principal of and interest on those Bonds will be payable, if other than at Deutsche Bank Trust Company Americas in New York City,

(9) the currency or currencies in which payment of the principal of and interest on those Bonds may be made, if other than U.S. dollars,

(10) the terms pursuant to which FPL may redeem any of those Bonds,

(11) whether all or a portion of those Bonds will be in global form, and

(12) any other terms or provisions relating to those Bonds that are not inconsistent with the provisions of the Mortgage.

FPL will issue the Bonds in fully registered form without coupons, unless otherwise stated in a prospectus supplement. A holder of Bonds may exchange those Bonds, without charge, for an equal aggregate principal amount of Bonds of the same series, having the same issue date and with identical terms and provisions, unless otherwise stated in a prospectus supplement. A holder of Bonds may transfer those Bonds without cost to the holder, other than for applicable stamp taxes or other governmental charges, unless otherwise stated in a prospectus supplement.

Reserved Amendment Rights and Consents. FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, to make changes to the Mortgage, including those described in this "Description of Bonds." In addition, each initial and future Holder of the Bonds that FPL may offer pursuant to this prospectus, by its acquisition of an interest in such Bonds, will irrevocably (a) consent to the amendments to the Mortgage described herein and set forth in the One Hundred Twenty-Eighth Supplemental Indenture referred to below, and (b) designate the Mortgage Trustee, and its successors, as its proxy with irrevocable instructions to vote and deliver written consents on behalf of such Holder in favor of such amendments at any meeting of bondholders, in lieu of any meeting of bondholders, in any consent solicitation or otherwise. As of December 31, 2023, the holders of First Mortgage Bonds in the principal amount of $9.7 billion, representing approximately 49% of the aggregate principal amount of the First Mortgage Bonds then outstanding have consented to such amendments. This section briefly summarizes the reserved amendment rights that relate to the provisions of the Mortgage described herein. This summary is not complete. You should read this summary together with the One Hundred Twenty-Eighth Supplemental Indenture, dated as of June 15, 2018, which has been filed with the SEC and is an exhibit to the registration statement filed with the SEC of which this prospectus is a part, together with the Mortgage for a complete understanding of the reserved amendment rights.

Special Provisions for Retirement of Bonds. If, during any 12 month period, any governmental body orders FPL to dispose of mortgaged property, or buys mortgaged property from FPL, and FPL receives $10 million or more from the sale or disposition, then, in most cases, FPL must use that money to redeem First Mortgage Bonds. If this occurs, FPL may redeem First Mortgage Bonds of any series that are redeemable for such reason at the redemption prices applicable to those First Mortgage Bonds. If any Bonds are so redeemable, the redemption prices applicable to those Bonds will be set forth in a prospectus supplement.

Security. The Mortgage secures the Bonds as well as all other First Mortgage Bonds already issued under the Mortgage and still outstanding. FPL may issue more First Mortgage Bonds in the future and those First Mortgage Bonds will also be secured by the Mortgage. The Mortgage constitutes a first mortgage lien on all of the properties and franchises that FPL owns, except as discussed below.

The lien of the Mortgage is or may be subject to the following:

(1) leases of minor portions of FPL's property to others for uses that do not interfere with FPL's business,

(2) leases of certain property that is not used in FPL's electric business,

(3) Excepted Encumbrances, which include certain tax and real estate liens, and specified rights, easements, restrictions and other obligations, and

(4) vendors' liens, purchase money mortgages and liens on property that already exist at the time FPL acquires that property.

FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, to revise the definition of "Excepted Encumbrances" to mean the following:

(1) tax liens, assessments and other governmental charges or requirements which are not delinquent or which are being contested in good faith and by appropriate proceedings or of which at least ten business days' notice has not been given to FPL's general counsel or to such other person designated by FPL to receive such notices,

(2) mechanics', workmen's, repairmen's, materialmen's, warehousemen's and carriers' liens, other liens incident to construction, liens or privileges of any of FPL's employees for salary or wages earned, but not yet payable, and other liens, including without limitation liens for worker's compensation awards, arising in the ordinary course of business for charges or requirements which are not delinquent or which are being contested in good faith and by appropriate proceedings or of which at least ten business days' notice has not been given to FPL's general counsel or to such other person designated by FPL to receive such notices,

(3) specified judgment liens and prepaid liens,

(4) easements, leases, reservations or other rights of others (including governmental entities) in, and defects of title in, FPL's property,

(5) liens securing indebtedness or other obligations relating to real property FPL acquired for specified transmission or distribution purposes or for the purpose of obtaining rights-of-way,

(6) specified leases and leasehold, license, franchise and permit interests,

(7) liens resulting from law, rules, regulations, orders or rights of governmental authorities and specified liens required by law or governmental regulations,

(8) liens to secure public obligations; rights of others to take minerals, timber, electric energy or capacity, gas, water, steam or other products produced by FPL or by others on FPL's property,

(9) rights and interests of persons other than FPL arising out of agreements relating to the common ownership or joint use of property, and liens on the interests of those persons in the property,

(10) restrictions on assignment and/or requirements of any assignee to qualify as a permitted assignee and/or public utility or public services corporation,

(11) liens which have been bonded for the full amount in dispute or for the payment of which other adequate security arrangements have been made, and

(12) easements, ground leases or rights-of-way for the purpose of roads, pipe lines, transmission lines, distribution lines, communication lines, railways, removal or transportation of coal, lignite, gas, oil or other minerals or timber, and other like purposes, or for the joint or common use of real property, rights-of-way, facilities and/or equipment.

The Mortgage does not create a lien on the following "excepted property":

(1) cash and securities,

(2) certain equipment, materials or supplies and fuel (including nuclear fuel unless it is expressly subjected to the lien of the Mortgage),

(3) automobiles and other vehicles,

(4) receivables, contracts, leases and operating agreements,

(5) materials or products, including electric energy, that FPL generates, produces or purchases for sale or use by FPL, and

(6) timber, minerals, mineral rights and royalties.

The Mortgage will generally also create a lien on property that FPL acquires after the date of this prospectus, other than "excepted property." However, if FPL consolidates with or merges into, or transfers substantially all of the mortgaged property to, another company, the lien created by the Mortgage will generally not cover the property of the successor company, other than the mortgaged property that it acquires from FPL and improvements, replacements and additions to the mortgaged property.

The Mortgage provides that the Mortgage Trustee has a lien on the mortgaged property for the payment of its reasonable compensation and expenses and for indemnity against certain liabilities. This lien takes priority over the lien securing the Bonds.

Issuance of Additional Bonds. FPL may issue an unlimited amount of First Mortgage Bonds under the Mortgage so long as it meets the issuance tests set forth in the Mortgage, which are generally described below. FPL may issue Bonds from time to time in an amount equal to:

(1) 60% of unfunded Property Additions after adjustments to offset retirements,

(2) the amount of retired First Mortgage Bonds or Qualified Lien Bonds (as such term is defined in the Mortgage), and

(3) the amount of cash that FPL deposits with the Mortgage Trustee.

"Property Additions" generally include the following:

(a) plants, lines, pipes, mains, cables, machinery, boilers, transmission lines, pipe lines, distribution systems, service systems and supply systems,

(b) nuclear fuel that has been expressly subjected to the lien of the Mortgage,

(c) railroad cars, barges and other transportation equipment (other than trucks) for the transportation of fuel, and

(d) other property, real or personal, and improvements, extensions, additions, renewals or replacements located within the United States of America or its coastal waters.

FPL may use any mortgaged property of the type described in (a) through (d) immediately above as Property Additions whether or not that property is in operation and prior to obtaining permits or licenses relating to that property. Securities, fuel (including nuclear fuel unless expressly subjected to the lien of the Mortgage), automobiles or other vehicles, or property used principally for the production or gathering of natural gas do not qualify as Property Additions. The Mortgage contains restrictions on the issuance of First Mortgage Bonds based on Property Additions that are subject to other liens and upon the increase of the amount of those liens.

FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, to revise the definition of Property Additions to include any fuel, vehicles or natural gas production or gathering property that become mortgaged property.

In most cases, FPL may not issue Bonds unless it meets the "net earnings" test set forth in the Mortgage, which requires, generally, that FPL's adjusted net earnings (before income taxes) for 12 consecutive months out of the 15 months preceding the issuance must have been either:

(1) at least twice the annual interest requirements on all First Mortgage Bonds at the time outstanding, including the Bonds that FPL proposes to issue at the pertinent time, and all indebtedness of FPL that ranks prior or equal to the First Mortgage Bonds, or

(2) at least 10% of the principal amount of all First Mortgage Bonds at the time outstanding, including the Bonds that FPL proposes to issue at the pertinent time, and all indebtedness of FPL that ranks prior or equal to the First Mortgage Bonds.

The Mortgage requires FPL to replace obsolete or worn out mortgaged property and specifies certain deductions to FPL's adjusted net earnings for property repairs, retirement, additions and maintenance. With certain exceptions, FPL does not need to meet the "net earnings" test to issue Bonds if the issuance is based on retired First Mortgage Bonds or Qualified Lien Bonds.

As of December 31, 2023, FPL could have issued under the Mortgage in excess of $27 billion of additional First Mortgage Bonds based on unfunded Property Additions and in excess of $7 billion of additional First Mortgage Bonds based on retired First Mortgage Bonds.

Recalibration of Funded Property. FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, to change the definition of Funded Property (as defined in the Mortgage), as long as FPL has delivered to the Mortgage Trustee an independent engineer's certificate referred to as a "funded property certificate." This funded property certificate would describe all or a portion of mortgaged property which has a fair value not less than 10/6ths of the sum of the principal amount of the First Mortgage Bonds outstanding and the principal amount of the First Mortgage Bonds that FPL is entitled to have authenticated on the basis of retired First Mortgage Bonds. Once this funded property certificate is delivered to the Mortgage Trustee, the definition of Funded Property will mean any mortgaged property described in the funded property certificate. Property Additions will become Funded Property when used under the Mortgage for the issuance of First Mortgage Bonds, the release or retirement of Funded Property, or the withdrawal of cash deposited with the Mortgage Trustee for the issuance of First Mortgage Bonds or the release of Funded Property.

Release and Substitution of Property. FPL may release property from the lien of the Mortgage if it does any of the following in an aggregate amount equal to the fair value of the property to be released:

(1) deposits with the Mortgage Trustee, cash or, to a limited extent, purchase money mortgages,

(2) uses unfunded Property Additions acquired by FPL in the last five years, or

(3) waives its right to issue First Mortgage Bonds,

in each case without satisfying any net earnings requirement.

FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, as follows:

(1) to permit releases of property without the sale or disposition of such property;

(2) to eliminate the five-year limit referred to in clause (2) above; and,

(3) to specify that releases of property can be made on the basis of (i) the aggregate principal amount of First Mortgage Bonds that FPL would be entitled to issue on the basis of retired Qualified Lien Bonds; or (ii) 10/6ths of the aggregate principal amount of First Mortgage Bonds that FPL would be entitled to issue on the basis of retired First Mortgage Bonds, in each case with the entitlement being waived by operation of the release, and in each case without satisfying any net earnings requirement.

In addition, FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, to permit FPL to release unfunded property if after such release at least one dollar in unfunded Property Additions remains subject to the lien of the Mortgage.

If FPL deposits cash so that it may release property from the lien of the Mortgage or so that it may issue additional First Mortgage Bonds, it may withdraw that cash if it uses unfunded Property Additions or waives its right to issue First Mortgage Bonds without satisfying any net earnings requirement in an amount equal to the cash that FPL seeks to withdraw.

When property released from the lien of the Mortgage is not Funded Property, then, if FPL acquires new Property Additions and files the necessary certificates and opinions with the Mortgage Trustee within two years after such release:

(1) Property Additions used for the release of that property will not (subject to some exceptions) be considered Funded Property, and

(2) any waiver by FPL of its right to issue First Mortgage Bonds, which waiver is used for the release of that property, will cease to be an effective waiver and FPL will regain the right to issue those First Mortgage Bonds.

The Mortgage contains provisions relating to the withdrawal or application of cash proceeds of mortgaged property that is not Funded Property that are deposited with the Mortgage Trustee, which provisions are similar to the provisions relating to release of that property. The Mortgage contains special provisions relating to pledged Qualified Lien Bonds and the disposition of money received on those Qualified Lien Bonds.

FPL does not need a release from the Mortgage in order to use its nuclear fuel even if that nuclear fuel has been expressly subjected to the lien and operation of the Mortgage.

Dividend Restrictions. FPL will not enter into a dividend covenant with respect to the Bonds; however, so long as First Mortgage Bonds issued prior to June 15, 2018 are outstanding, the Mortgage will restrict the amount of retained earnings that FPL can use to pay cash dividends on its common stock. The restricted amount may change depending on factors set out in the Mortgage. Other than this restriction on the payment of common stock dividends, the Mortgage does not restrict FPL's use of retained earnings. As of December 31, 2023, no retained earnings were restricted by these provisions of the Mortgage.

Modification of the Mortgage. Generally the rights of the holders of First Mortgage Bonds may be modified with the consent of the holders of a majority of the principal amount of all of the outstanding First Mortgage Bonds. However, if less than all series of First Mortgage Bonds are affected by a modification, that modification instead requires the consent of the holders of a majority of the principal amount of the outstanding First Mortgage Bonds of all series that are so affected.

Notwithstanding the right to modify of the Mortgage described above, in most cases, the following modifications will not be effective against any holder of First Mortgage Bonds affected by the modification unless that holder consents to:

(1) modification of the terms of payment of principal and interest payable to that holder,

(2) modification creating an equal or prior lien on the mortgaged property or depriving that holder of the benefit of the lien of the Mortgage, and

(3) modification reducing the percentage vote required for modification.

Generally FPL has the right to amend the Mortgage, without the consent of the holders of any First Mortgage Bonds, for any of the following purposes:

(1) to waive, surrender or restrict any power, privilege or right conferred on FPL under the Mortgage,

(2) to enter into any further covenants, limitations and restrictions for the benefit of any one or more series of bonds,

(3) to cure any ambiguity in the Mortgage or any supplemental indenture, or

(4) to establish the terms and provisions of any new series of First Mortgage Bonds.

FPL has reserved the right to amend the Mortgage without the consent or other action by the holders of any First Mortgage Bonds created on or after June 15, 2018, to permit FPL to amend the Mortgage without the consent of any holders of First Mortgage Bonds for any of the following additional purposes:

(1) to evidence the assumption by any permitted successor of FPL's covenants in the Mortgage and in the First Mortgage Bonds,

(2) to correct or amplify the description of any property at any time subject to the lien of the Mortgage, or better to assure, convey and confirm unto the Mortgage Trustee any property subject or required to be subjected to the lien of the Mortgage, or to subject to the lien of the Mortgage additional property,

(3) to change, eliminate or add any provision to the Mortgage; provided that no such change, elimination or addition will adversely affect the interests of the holders of First Mortgage Bonds of any series in any material respect,

(4) to provide for the procedures required for use of a non-certificated system of registration for the First Mortgage Bonds of all or any series,

(5) to change any place where principal, premium, if any, and interest shall be payable, First Mortgage Bonds may be surrendered for registration of transfer or exchange, and notices and demands to FPL may be served, or

(6) to cure any ambiguity or to make any other changes or additions to the provisions of the Mortgage if such changes or additions will not adversely affect the interests of First Mortgage Bonds of any series in any material respect.

Default and Notice Thereof. The following are defaults under the Mortgage:

(1) failure to pay the principal of any First Mortgage Bond when due,

(2) failure to pay interest on any First Mortgage Bond for 60 days after that interest is due,

(3) failure to pay principal of or interest on any Qualified Lien Bond beyond any applicable grace period for the payment of that principal or interest,

(4) failure to pay any installments of funds for retirement of First Mortgage Bonds for 60 days after that installment is due,

(5) certain events in bankruptcy, insolvency or reorganization pertaining to FPL, and

(6) the expiration of 90 days following notice by the Mortgage Trustee or the holders of 15% of the First Mortgage Bonds relating to any failure by FPL to perform its other covenants under the Mortgage.

Except in the case of failure to pay principal, interest or any installment for retirement of First Mortgage Bonds, the Mortgage Trustee may withhold notice of default if it believes that withholding the notice is in the interests of the holders of First Mortgage Bonds.

Upon a default, the Mortgage Trustee or holders of 25% of the First Mortgage Bonds may declare the principal and the interest due. The holders of a majority of the First Mortgage Bonds may annul that declaration if the default has been cured. No holder of First Mortgage Bonds may enforce the lien of the Mortgage unless the following things have occurred:

(1) the holder has given the Mortgage Trustee written notice of a default,

(2) the holders of 25% of the First Mortgage Bonds have requested the Mortgage Trustee to act and offered it reasonable opportunity to act and indemnity satisfactory to the Mortgage Trustee for the costs, expenses and liabilities that the Mortgage Trustee may incur by acting, and

(3) the Mortgage Trustee has failed to act.

Notwithstanding the foregoing, a holder of First Mortgage Bonds has the right to sue FPL if FPL fails to pay, when due, interest or principal on those First Mortgage Bonds, unless that holder gives up that right.

The Mortgage Trustee is not required to risk its funds or incur personal liability if there is reasonable ground for believing that the repayment is not reasonably assured. The holders of a majority of the First Mortgage Bonds may direct the time, method, and place of conducting any proceedings for any remedy available to the Mortgage Trustee, or exercising any of the Mortgage Trustee's powers.

Redemption. The redemption terms of the Bonds, if any, will be set forth in a prospectus supplement. Unless otherwise provided in the related prospectus supplement, and except with respect to Bonds redeemable at the option of the holder, Bonds will be redeemable upon notice at least 30 days prior to the redemption date. FPL has reserved the right to amend the Mortgage without any consent, vote or other action of the holders of any First Mortgage Bonds issued after January 1, 2022, including the Bonds, to provide that the Bonds will be redeemable upon notice at least 10 days prior to the redemption date. If less than all of the Bonds of any series are to be redeemed, the Mortgage Trustee will select the First Mortgage Bonds to be redeemed by proration.

Bonds selected for redemption will cease to bear interest on the redemption date. The Mortgage Trustee will pay the redemption price and any accrued interest once the Bonds are surrendered for redemption. If only part of a Bond is redeemed, the Mortgage Trustee will deliver a new Bond of the same series for the remaining portion without charge.

Any redemption at the option of FPL may be conditional upon the receipt by the Mortgage Trustee, prior to the date fixed for redemption, of money sufficient to pay the redemption price. If at the time notice of redemption is given, the redemption moneys are not on deposit with the Mortgage Trustee, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys before the redemption date and such notice of redemption shall be of no force or effect unless such moneys are received.

Purchase of the Bonds. FPL or its affiliates, may at any time and from time to time, purchase all or some of the Bonds at any price or prices, whether by tender, in the open market or by private agreement or otherwise, subject to applicable law.

Satisfaction and Discharge of Mortgage. The Mortgage may be satisfied and discharged if and when FPL provides for the payment of all of the First Mortgage Bonds and all other sums due under the Mortgage.

Evidence to be Furnished to the Mortgage Trustee. FPL furnishes written statements of FPL's officers, or persons selected or paid by FPL, annually (and when certain events occur) to the Mortgage Trustee to show that FPL is in compliance with Mortgage provisions and that there are no defaults under the Mortgage. In some cases, these written statements must be provided by counsel or by an independent accountant, appraiser or engineer.

DESCRIPTION OF SENIOR DEBT SECURITIES

General. FPL may issue its senior debt securities (other than the Bonds), in one or more series, under an Indenture, dated as of November 1, 2017 between FPL and The Bank of New York Mellon, as indenture trustee or another indenture among FPL and The Bank of New York Mellon as specified in the related prospectus supplement. The indenture or indentures pursuant to which FPL Senior Debt Securities may be issued, as they may be amended and supplemented from time to time, are referred to in this prospectus as the "Indenture." The Bank of New York Mellon, as trustee under the Indenture, is referred to in this prospectus as the "Indenture Trustee." These senior debt securities offered pursuant to this prospectus and any applicable prospectus supplement are referred to as the "Offered Senior Debt Securities."

The Indenture provides for the issuance from time to time of debentures, notes or other senior debt by FPL in an unlimited amount. The Offered Senior Debt Securities and all other debentures, notes or other debt of FPL issued previously or hereafter under the Indenture are collectively referred to in this prospectus as the "Senior Debt Securities."

This section briefly summarizes some of the terms of the Offered Senior Debt Securities and some of the provisions of the Indenture. This summary does not contain a complete description of the Offered Senior Debt Securities or the Indenture. You should read this summary together with the Indenture and the officer's certificates or other documents creating the Offered Senior Debt Securities for a complete understanding of all the provisions and for the definitions of some terms used in this summary. The Indenture, the form of officer's certificate that may be used to create a series of Offered Senior Debt Securities and a form of Offered Senior Debt Securities have previously been filed with the SEC, and are exhibits to the registration statement filed with the SEC of which this prospectus is a part. In addition, the Indenture is or will be qualified under the Trust Indenture Act of 1939 and therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

All Offered Senior Debt Securities of one series need not be issued at the same time, and a series may be re-opened for issuances of additional Offered Senior Debt Securities of such series. This means that FPL may from time to time, without notice to, or the consent of any existing holders of the previously-issued Offered Senior Debt Securities of a particular series, create and issue additional Offered Senior Debt Securities of such series. Such additional Offered Senior Debt Securities will have the same terms as the previously-issued Offered Senior Debt Securities of such series in all respects except for the issue date and, if applicable, the initial interest payment date. The additional Offered Senior Debt Securities will be consolidated and form a single series with the previously-issued Offered Senior Debt Securities of such series.

Each series of Offered Senior Debt Securities may have different terms. FPL will include some or all of the following information about a specific series of Offered Senior Debt Securities in a prospectus supplement relating to that specific series of Offered Senior Debt Securities:

(2) any limit upon the aggregate principal amount of those Offered Senior Debt Securities,

(13) if the principal of or premium, if any, or interest on those Offered Senior Debt Securities may be paid in securities or other property, the type and amount of those securities or other property and the terms and conditions upon which FPL or a registered owner may elect to pay or receive those payments,

(24) any collateral security, assurance, or guarantee for those Offered Senior Debt Securities, and

(25) any other terms of those Offered Senior Debt Securities that are not inconsistent with the provisions of the Indenture. (Indenture, Section 301).

FPL may sell Offered Senior Debt Securities at a discount below their principal amount. Some of the important United States federal income tax considerations applicable to Offered Senior Debt Securities sold at a discount below their principal amount may be discussed in the related prospectus supplement. In addition, some of the important United States federal income tax or other considerations applicable to any Offered Senior Debt Securities that are denominated in a currency other than U.S. dollars may be discussed in the related prospectus supplement.

Except as otherwise stated in the related prospectus supplement, the covenants in the Indenture would not give registered owners of Offered Senior Debt Securities protection in the event of a highly-leveraged transaction involving FPL.

Security and Ranking. The Offered Senior Debt Securities will be unsecured obligations of FPL. The Indenture does not limit FPL's ability to provide security with respect to other Senior Debt Securities. All Senior Debt Securities issued under the Indenture will rank equally and ratably with all other Senior Debt Securities issued under the Indenture, except to the extent that FPL elects to provide security with respect to any Senior Debt Security (other than the Offered Senior Debt Securities) without providing that security to all outstanding Senior Debt Securities in accordance with the Indenture. The Offered Senior Debt Securities will rank senior to any debt securities of FPL that are expressly subordinated by their terms. The Senior Debt Securities will effectively rank junior to FPL's First Mortgage Bonds, which are secured by a lien on substantially all of the properties and franchises that FPL owns. The Indenture does not limit the aggregate amount of indebtedness that FPL may issue, guarantee or otherwise incur.

Payment and Paying Agents. Except as stated in the related prospectus supplement, on each interest payment date FPL will pay interest on each Offered Senior Debt Security to the person in whose name that Offered Senior Debt Security is registered as of the close of business on the record date relating to that interest payment date. However, on the date that the Offered Senior Debt Securities mature, FPL will pay the interest to the person to whom it pays the principal. Also, if FPL has defaulted in the payment of interest on any Offered Senior Debt Security, it may pay that defaulted interest to the registered owner of that Offered Senior Debt Security:

(1) as of the close of business on a date that the Indenture Trustee selects, which may not be more than 15 days or less than 10 days before the date that FPL proposes to pay the defaulted interest, or

(2) in any other lawful manner that does not violate the requirements of any securities exchange on which that Offered Senior Debt Security is listed and that the Indenture Trustee believes is practicable. (Indenture, Section 307).

Unless otherwise stated in the related prospectus supplement, the principal, premium, if any, and interest on the Offered Senior Debt Securities at maturity will be payable when such Offered Senior Debt Securities are presented at the main corporate trust office of The Bank of New York Mellon, as paying agent, in New York City. FPL may change the place of payment on the Offered Senior Debt Securities, appoint one or more additional paying agents, including FPL, and remove any paying agent. (Indenture, Section 602).

Transfer and Exchange. Unless otherwise stated in the related prospectus supplement, Offered Senior Debt Securities may be transferred or exchanged at the main corporate trust office of The Bank of New York Mellon, as security registrar, in New York City. FPL may change the place for transfer and exchange of the Offered Senior Debt Securities and may designate one or more additional places for that transfer and exchange.

Except as otherwise stated in the related prospectus supplement, there will be no service charge for any transfer or exchange of the Offered Senior Debt Securities. However, FPL may require payment of any tax or other governmental charge in connection with any transfer or exchange of the Offered Senior Debt Securities.

FPL will not be required to transfer or exchange any Offered Senior Debt Security selected for redemption. Also, FPL will not be required to transfer or exchange any Offered Senior Debt Security during a period of 15 days before (i) notice is to be given identifying the Offered Senior Debt Securities selected to be redeemed, and (ii) an Interest Payment Date. (Indenture, Section 305).

Defeasance. FPL may, at any time, elect to have all of its obligations discharged with respect to all or a portion of any Senior Debt Securities. To do so, FPL must irrevocably deposit with the Indenture Trustee or any paying agent, in trust:

(1) money in an amount that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity, or

(2) in the case of a deposit made prior to the maturity of that series of Senior Debt Securities,

  (a) direct obligations of, or obligations unconditionally guaranteed by, the United States and entitled to the benefit of its full faith and credit that do not contain provisions permitting their redemption or other prepayment at the option of their issuer,

  (b) certificates, depositary receipts or other instruments that evidence a direct ownership interest in those obligations or in any specific interest or principal payments due in respect of those obligations that do not contain provisions permitting their redemption or other prepayment at the option of their issuer, and

  (c) certain other investment-grade securities specified in the Indenture,

  the principal of and the interest on which, when due, without any regard to reinvestment of that principal or interest, will provide money that, together with any money deposited with or held by the Indenture Trustee, will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity, or

(3) a combination of (1) and (2) that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity. (Indenture, Section 701).

Redemption. The redemption terms of the Offered Senior Debt Securities, if any, will be set forth in a prospectus supplement. Unless otherwise provided in the related prospectus supplement, and except with respect to Offered Senior Debt Securities redeemable at the option of the holder, Offered Senior Debt Securities will be redeemable upon notice between 10 and 60 days prior to the redemption date. If less than all of the Offered Senior Debt Securities of any series or any tranche thereof are to be redeemed and are held in certificated form, the Indenture Trustee will select the Offered Senior Debt Securities to be redeemed by lot. However, if the Offered Senior Debt Securities are held in book-entry form, the Offered Senior Debt Securities to be redeemed shall be selected in accordance with the procedures of the applicable depositary. (Indenture, Sections 403 and 404).

Offered Senior Debt Securities selected for redemption will cease to bear interest on the redemption date. The paying agent will pay the redemption price and any accrued interest once the Offered Senior Debt Securities are surrendered for redemption. (Indenture, Section 405). Except as stated in the related prospectus supplement, on the redemption date FPL will pay interest on the Offered Senior Debt Securities being redeemed to the person to whom it pays the redemption price. If only part of an Offered Senior Debt Security is redeemed, the Indenture Trustee may deliver a new Offered Senior Debt Security of the same series for the remaining portion without charge. (Indenture, Section 406).

Any redemption at the option of FPL may be conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If at the time notice of redemption is given, the redemption moneys are not on deposit with the paying agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before the Redemption Date and such notice of redemption shall be of no force or effect unless such moneys are received. (Indenture, Section 404).

Purchase of the Offered Senior Debt Securities. FPL or its affiliates, may at any time and from time to time, purchase all or some of the Offered Senior Debt Securities at any price or prices, whether by tender, in the open market or by private agreement or otherwise, subject to applicable law.

Consolidation, Merger, and Sale of Assets. Under the Indenture, FPL may not consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity, unless:

(1) the entity formed by that consolidation, or the entity into which FPL is merged, or the entity that acquires or leases FPL's properties and assets, is an entity organized and existing under the laws of the United States, any state or the District of Columbia and that entity expressly assumes FPL's obligations on all Senior Debt Securities and under the Indenture,

(2) immediately after giving effect to the transaction, no event of default under the Indenture and no event that, after notice or lapse of time or both, would become an event of default under the Indenture exists, and

(3) FPL delivers an officer's certificate and an opinion of counsel to the Indenture Trustee, as provided in the Indenture. (Indenture, Section 1101).

The Indenture does not prevent or restrict:

(a) any consolidation or merger after the consummation of which FPL would be the surviving or resulting entity,

(b) any consolidation of FPL with any other entity all of the outstanding voting securities of which are owned, directly or indirectly, by FPL, or any merger of any such entity into any other of such entities, or any conveyance or other transfer, or lease, of properties or assets by any thereof to any other thereof,

(c) any conveyance or other transfer, or lease, of any part of the properties or assets of FPL which does not constitute the entirety, or substantially the entirety, thereof,

(d) the approval by FPL of or the consent by FPL to any consolidation or merger to which any direct or indirect subsidiary or affiliate of FPL may be a party, or any conveyance, transfer or lease by any such subsidiary or affiliate of any or all of its properties or assets, or

(e) any other transaction not contemplated by (1), (2) or (3) in the preceding paragraph. (Indenture, Section 1103).

Events of Default. Each of the following is an event of default under the Indenture with respect to the Senior Debt Securities of any series:

(1) failure to pay interest on the Senior Debt Securities of that series within 30 days after it is due,

(2) failure to pay principal or premium, if any, on the Senior Debt Securities of that series when it is due,

(3) failure to perform, or breach of, any other covenant or warranty in the Indenture, other than a covenant or warranty that does not relate to that series of Senior Debt Securities, that continues for 90 days after (i) FPL receives written notice of such failure to comply from the Indenture Trustee or (ii) FPL and the Indenture Trustee receive written notice of such failure to comply from the registered owners of at least 33% in principal amount of the Senior Debt Securities of that series,

(4) certain events of bankruptcy, insolvency or reorganization of FPL, or

(5) any other event of default specified with respect to the Senior Debt Securities of that series. (Indenture, Section 801).

In the case of an event of default listed in item (3) above, the Indenture Trustee may extend the grace period. In addition, if registered owners of a particular series have given a notice of default, then registered owners of at least the same percentage of Senior Debt Securities of that series, together with the Indenture Trustee, may also extend the grace period. The grace period will be automatically extended if FPL has initiated and is diligently pursuing corrective action in good faith. (Indenture, Section 801). An event of default with respect to the Senior Debt Securities of a particular series will not necessarily constitute an event of default with respect to Senior Debt Securities of any other series issued under the Indenture.

Remedies. If an event of default applicable to the Senior Debt Securities of one or more series, but not applicable to all outstanding Senior Debt Securities, exists, then either (i) the Indenture Trustee or (ii) the registered owners of at least 33% in aggregate principal amount of the Senior Debt Securities of each of the affected series may declare the principal of and accrued but unpaid interest on all the Senior Debt Securities of that series to be due and payable immediately. (Indenture, Section 802). However, under the Indenture, some Senior Debt Securities may provide for a specified amount less than their entire principal amount to be due and payable upon that declaration. Such a Senior Debt Security is defined as a "Discount Security" in the Indenture.

If an event of default is applicable to all outstanding Senior Debt Securities, then either (i) the Indenture Trustee or (ii) the registered owners of at least 33% in aggregate principal amount of all outstanding Senior Debt Securities of all series, voting as one class, and not the registered owners of any one series, may make a declaration of acceleration. However, the event of default giving rise to the declaration relating to any series of Senior Debt Securities will be automatically waived, and that declaration and its consequences will be automatically rescinded and annulled, if, at any time after that declaration and before a judgment or decree for payment of the money due has been obtained:

(1) FPL pays or deposits with the Indenture Trustee a sum sufficient to pay:

  (a) all overdue interest, if any, on all Senior Debt Securities of that series then outstanding,

  (b) the principal of and any premium on any Senior Debt Securities of that series that have become due for reasons other than that declaration, and interest that is then due,

  (c) interest on overdue interest for that series, and

  (d) all amounts then due to the Indenture Trustee under the Indenture, and

(2) if, after application of money paid or deposited as described in item (1) above, Senior Debt Securities of that series would remain outstanding, any other event of default with respect to the Senior Debt Securities of that series has been cured or waived as provided in the Indenture. (Indenture, Section 802).

Other than its obligations and duties in case of an event of default under the Indenture, the Indenture Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request or direction of any of the registered owners of the Senior Debt Securities, unless those registered owners offer reasonable indemnity to the Indenture Trustee. (Indenture, Section 903). If they provide this reasonable indemnity, the registered owners of a majority in principal amount of any series of Senior Debt Securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Indenture Trustee, or exercising any trust or power conferred on the Indenture Trustee, with respect to the Senior Debt Securities of that series. However, if an event of default under the Indenture relates to more than one series of Senior Debt Securities, only the registered owners of a majority in aggregate principal amount of all affected series of Senior Debt Securities, considered as one class, will have the right to make that direction. Also, the direction must not violate any law or

the Indenture, and may not expose the Indenture Trustee to personal liability in circumstances where the indemnity would not, in the Indenture Trustee's sole discretion, be adequate, and the Indenture Trustee may take any other action that it deems proper and not inconsistent with such direction. (Indenture, Section 812).

A registered owner of a Senior Debt Security has the right to institute a suit for the enforcement of payment of the principal of or premium, if any, or interest on that Senior Debt Security on or after the applicable due date specified in that Senior Debt Security. (Indenture, Section 808). No registered owner of Senior Debt Securities of any series will have any other right to institute any proceeding under the Indenture, or any other remedy under the Indenture, unless:

(1) that registered owner has previously given to the Indenture Trustee written notice of a continuing event of default with respect to the Senior Debt Securities of that series,

(2) the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all series in respect of which an event of default under the Indenture exists, considered as one class, have made written request to the Indenture Trustee to institute that proceeding in its own name as trustee, and have offered reasonable indemnity to the Indenture Trustee against related costs, expenses and liabilities,

(3) the Indenture Trustee for 60 days after its receipt of that notice, request and offer of indemnity has failed to institute any such proceeding, and

(4) no direction inconsistent with that request was given to the Indenture Trustee during this 60 day period by the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all series in respect of which an event of default under the Indenture exists, considered as one class. (Indenture, Section 807).

FPL is required to deliver to the Indenture Trustee an annual statement as to its compliance with all conditions and covenants under the Indenture. (Indenture, Section 606).

Modification and Waiver. Without the consent of any registered owner of Senior Debt Securities, FPL and the Indenture Trustee may amend or supplement the Indenture for any of the following purposes:

(1) to provide for the assumption by any permitted successor to FPL of FPL's obligations under the Indenture and the Senior Debt Securities in the case of a merger or consolidation or a conveyance, transfer or lease of FPL's properties and assets substantially as an entirety,

(2) to add covenants of FPL or to surrender any right or power conferred upon FPL by the Indenture,

(3) to add any additional events of default,

(4) to change, eliminate or add any provision of the Indenture, provided that if that change, elimination or addition will materially adversely affect the interests of the registered owners of Senior Debt Securities of any series or tranche, that change, elimination or addition will become effective with respect to that particular series or tranche only

  (a) when the required consent of the registered owners of Senior Debt Securities of that particular series or tranche has been obtained, or

  (b) when no Senior Debt Securities of that particular series or tranche remain outstanding under the Indenture,

(5) to provide collateral security for all but not a part of the Senior Debt Securities,

(6) to create the form or terms of Senior Debt Securities of any other series or tranche,

(7) to provide for the authentication and delivery of bearer securities and the related coupons and for other matters relating to those bearer securities,

(8) to accept the appointment of a successor Indenture Trustee or co-trustee with respect to the Senior Debt Securities of one or more series and to change any of the provisions of the Indenture as necessary to provide for the administration of the trusts under the Indenture by more than one trustee,

(9) to add procedures to permit the use of a non-certificated system of registration for all, or any series or tranche of, the Senior Debt Securities,

(10) to change any place where

(a) the principal of and premium, if any, and interest on all, or any series or tranche of, Senior Debt Securities are payable,

(b) all, or any series or tranche of, Senior Debt Securities may be surrendered for registration, transfer or exchange, and

(c) notices and demands to or upon FPL in respect of Senior Debt Securities and the Indenture may be served,

(11) to cure any ambiguity or inconsistency or to add or change any other provisions with respect to matters and questions arising under the Indenture, provided those changes or additions may not materially adversely affect the interests of the registered owners of Senior Debt Securities of any series or tranche, or

(12) to amend and restate the Indenture in its entirety, but with such additions, deletions and other changes as shall not adversely affect the interests of the holders of Senior Debt Securities of any series or tranche in any material respect. (Indenture, Section 1201).

The registered owners of a majority in aggregate principal amount of the Senior Debt Securities of all series then outstanding may waive compliance by FPL with certain restrictive provisions of the Indenture. (Indenture, Section 607). The registered owners of a majority in principal amount of the outstanding Senior Debt Securities of any series may waive any past default under the Indenture with respect to that series, except a default in the payment of principal, premium, if any, or interest and a default with respect to certain restrictive covenants or provisions of the Indenture that cannot be modified or amended without the consent of the registered owner of each outstanding Senior Debt Security of that series affected. (Indenture, Section 813).

In addition to any amendments described above, if the Trust Indenture Act of 1939 is amended after the date of the Indenture in a way that requires changes to the Indenture or in a way that permits changes to, or the elimination of, provisions that were previously required by the Trust Indenture Act of 1939, the Indenture will be deemed to be amended to conform to that amendment of the Trust Indenture Act of 1939 or to make those changes, additions or eliminations. FPL and the Indenture Trustee may, without the consent of any registered owners, enter into supplemental indentures to make that amendment. (Indenture, Section 1201).

Except for any amendments described above, the consent of the registered owners of a majority in aggregate principal amount of the Senior Debt Securities of all series then outstanding, considered as one class, is required for all other modifications to the Indenture. However, if less than all of the series of Senior Debt Securities outstanding are directly affected by a proposed supplemental indenture, then the consent only of the registered owners of a majority in aggregate principal amount of outstanding Senior Debt Securities of all directly affected series, considered as one class, is required. But, if FPL issues any series of Senior Debt Securities in more than one tranche and if the proposed supplemental indenture directly affects the rights of the registered owners of Senior Debt Securities of less than all of those tranches, then the consent only of the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all directly affected tranches, considered as one class, will be required. However, none of those amendments or modifications may:

(1) change the dates on which the principal of or interest on a Senior Debt Security is due without the consent of the registered owner of that Senior Debt Security,

(2) reduce any Senior Debt Security's principal amount or rate of interest (or the amount of any installment of that interest) or change the method of calculating that rate without the consent of the registered owner of that Senior Debt Security,

(3) reduce any premium payable upon the redemption of a Senior Debt Security without the consent of the registered owner of that Senior Debt Security,

(4) change the currency (or other property) in which a Senior Debt Security is payable without the consent of the registered owner of that Senior Debt Security,

(5) impair the right to sue to enforce payments on any Senior Debt Security on or after the date that it states that the payment is due (or, in the case of redemption, on or after the redemption date) without the consent of the registered owner of that Senior Debt Security,

(6) reduce the percentage in principal amount of the outstanding Senior Debt Securities of any series or tranche whose owners must consent to an amendment, supplement or waiver without the consent of the registered owner of each outstanding Senior Debt Security of that particular series or tranche,

(7) reduce the requirements for quorum or voting of any series or tranche without the consent of the registered owner of each outstanding Senior Debt Security of that particular series or tranche, or

(8) modify certain of the provisions of the Indenture relating to supplemental indentures, waivers of certain covenants and waivers of past defaults with respect to the Senior Debt Securities of any series or tranche, without the consent of the registered owner of each outstanding Senior Debt Security affected by the modification.

A supplemental indenture that changes or eliminates any provision of the Indenture that has expressly been included only for the benefit of one or more particular series or tranches of Senior Debt Securities, or that modifies the rights of the registered owners of Senior Debt Securities of that particular series or tranche with respect to that provision, will not affect the rights under the Indenture of the registered owners of the Senior Debt Securities of any other series or tranche. (Indenture, Section 1202).

The Indenture provides that, in order to determine whether the registered owners of the required principal amount of the outstanding Senior Debt Securities have given any request, demand, authorization, direction, notice, consent or waiver under the Indenture, or whether a quorum is present at the meeting of the registered owners of Senior Debt Securities, Senior Debt Securities owned by FPL or any other obligor upon the Senior Debt Securities or any affiliate of FPL or of that other obligor (unless FPL, that affiliate or that obligor owns all Senior Debt Securities outstanding under the Indenture, determined without regard to this provision), will be disregarded and deemed not to be outstanding. (Indenture, Section 101).

If FPL solicits any action under the Indenture from registered owners of Senior Debt Securities, FPL may, at its option, fix in advance a record date for determining the registered owners of Senior Debt Securities entitled to take that action, but FPL will not be obligated to do so. If FPL fixes such a record date, that action may be taken before or after that record date, but only the registered owners of record at the close of business on that record date will be deemed to be registered owners of Senior Debt Securities for the purposes of determining whether registered owners of the required proportion of the outstanding Senior Debt Securities have authorized that action. For these purposes, the outstanding Senior Debt Securities will be computed as of the record date. Any action of a registered owner of any Senior Debt Security under the Indenture will bind every future registered owner of that Senior Debt Security, or any Senior Debt Security replacing that Senior Debt Security, with respect to anything that the Indenture Trustee or FPL do, fail to do, or allow to be done in reliance on that action, whether or not that action is noted upon that Senior Debt Security. (Indenture, Section 104).

Resignation and Removal of Indenture Trustee. The Indenture Trustee may resign at any time with respect to any series of Senior Debt Securities by giving written notice of its resignation to FPL. Also, the registered owners of a majority in principal amount of the outstanding Senior Debt Securities of one or more

series of Senior Debt Securities may remove the Indenture Trustee at any time with respect to the Senior Debt Securities of that series, by delivering an instrument evidencing this action to the Indenture Trustee and FPL. The resignation or removal of the Indenture Trustee and the appointment of a successor trustee will not become effective until a successor trustee accepts its appointment.

Except with respect to a trustee under the Indenture appointed by the registered owners of Senior Debt Securities, the Indenture Trustee will be deemed to have resigned and the successor will be deemed to have been appointed as trustee in accordance with the Indenture if:

(1) no event of default under the Indenture or event that, after notice or lapse of time, or both, would become an event of default under the Indenture exists, and

(2) FPL has delivered to the Indenture Trustee a resolution of its Board of Directors appointing a successor trustee and that successor trustee has accepted that appointment in accordance with the terms of the Indenture. (Indenture, Section 910).

Notices. Notices to registered owners of Senior Debt Securities will be sent by mail to the addresses of those registered owners as they appear in the security register for those Senior Debt Securities. (Indenture, Section 106).

Title. FPL, the Indenture Trustee, and any agent of FPL or the Indenture Trustee, may treat the person in whose name a Senior Debt Security is registered as the absolute owner of that Senior Debt Security, whether or not that Senior Debt Security is overdue, for the purpose of making payments and for all other purposes, regardless of any notice to the contrary. (Indenture, Section 308).

Governing Law. The Indenture and the Senior Debt Securities will be governed by, and construed in accordance with, the laws of the State of New York, without regard to conflict of laws principles thereunder. (Indenture, Section 112).

DESCRIPTION OF SUBORDINATED DEBT SECURITIES

FPL may issue its subordinated debt securities, in one or more series, under one or more indentures between FPL and The Bank of New York Mellon, as trustee. The terms of any offered subordinated debt securities and the applicable indenture will be described in a prospectus supplement.

INFORMATION CONCERNING THE TRUSTEES

FPL and its affiliates, including NEE and NextEra Energy Capital Holdings, Inc., maintain various banking and trust relationships with Deutsche Bank Trust Company Americas. In addition, FPL, NEE and its subsidiaries, including NextEra Energy Capital Holdings, Inc., and various of their affiliates maintain various banking and trust relationships with The Bank of New York Mellon and its affiliates. The Bank of New York Mellon acts, or would act, as (i) Indenture Trustee, security registrar and paying agent under the Indenture described under "Description of Senior Debt Securities" above, (ii) as trustee under indentures for debt securities of NextEra Energy Capital Holdings, Inc. and NextEra Energy, Inc., (iii) as trustee under a guarantee agreement for NextEra Energy Capital Holdings, Inc. debt securities by NextEra Energy, Inc. and (iv) as purchase contract agent under a NextEra Energy, Inc. purchase contract agreement.

PLAN OF DISTRIBUTION

FPL may sell the securities offered pursuant to this prospectus ("Offered Securities"):

(1) through underwriters or dealers,

(2) through agents, or

(3) directly to one or more purchasers.

This prospectus may be used in connection with any offering of securities through any of these methods or other methods described in the applicable prospectus supplement.

Through Underwriters or Dealers. If FPL uses underwriters in the sale of the Offered Securities, the underwriters will acquire the Offered Securities for their own account. The underwriters may resell the Offered Securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters may sell the Offered Securities directly or through underwriting syndicates represented by managing underwriters. Unless otherwise stated in the prospectus supplement relating to the Offered Securities, the obligations of the underwriters to purchase those Offered Securities will be subject to certain conditions, and the underwriters will be obligated to purchase all of those Offered Securities if they purchase any of them. If FPL uses a dealer in the sale, FPL will sell the Offered Securities to the dealer as principal. The dealer may then resell those Offered Securities at varying prices determined at the time of resale.

Any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers may be changed from time to time.

Through Agents. FPL may designate one or more agents to sell the Offered Securities. Unless otherwise stated in a prospectus supplement, the agents will agree to use their best efforts to solicit purchases for the period of their appointment.

Directly. FPL may sell the Offered Securities directly to one or more purchasers. In this case, no underwriters, dealers or agents would be involved.

General Information. A prospectus supplement will state the name of any underwriter, dealer or agent and the amount of any compensation, underwriting discounts or concessions paid, allowed or reallowed to them. A prospectus supplement will also state the proceeds to FPL from the sale of the Offered Securities, any initial public offering price and other terms of the offering of those Offered Securities.

FPL may authorize underwriters, dealers or agents to solicit offers by certain institutions to purchase the Offered Securities from FPL at the public offering price and on the terms described in the related prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future.

The Offered Securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms, which are referred to herein as the "remarketing firms," acting as principals for their own accounts or as agent for FPL, as applicable. Any remarketing firm will be identified and the terms of its agreement, if any, with FPL, and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act of 1933, in connection with the securities remarketed thereby.

FPL may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates,

in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by FPL or borrowed from any of them or others to settle those sales or to close out any related open borrowings of securities, and may use securities received from FPL in settlement of those derivatives to close out any related open borrowings of securities. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement.

FPL may have agreements to indemnify underwriters, dealers and agents against, or to contribute to payments which the underwriters, dealers and agents may be required to make in respect of, certain civil liabilities, including liabilities under the Securities Act of 1933.

Item 15. Indemnification of Directors and Officers.

Florida Statutes Section 607.0851 generally permits each of NextEra Energy, Inc., NextEra Energy Capital Holdings, Inc. and Florida Power & Light Company (each, a "Corporation") to indemnify its directors and officers who are subject to any third-party actions because of their service to the Corporation if such persons acted in good faith and in a manner they reasonably believed to be in, or not opposed to, the best interests of the Corporation. If the proceeding is a criminal one, such person must also have had no reasonable cause to believe his or her conduct was unlawful. In addition, each Corporation may indemnify its directors and officers who are subject to derivative actions against expenses and amounts paid in settlement which do not exceed, in the judgment of the board of directors, the estimated expense of litigating the proceeding to conclusion, including any appeal thereof, actually and reasonably incurred in connection with the defense or settlement of such proceeding, if such person acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the Corporation. Florida Statutes Section 607.0852 provides that to the extent that a director or officer is wholly successful, on the merits or otherwise, in the defense of any proceeding to which the individual was a party because he or she is or was a director or officer of the corporation, such person will be indemnified against expenses actually and reasonably incurred in connection therewith. Florida Statutes Sections 607.0858 and 607.0859 also permit each Corporation to further indemnify such persons by other means unless a judgment or other final adjudication establishes that such person's actions or omissions were material to the cause of action and constitute (1) a crime (unless such person had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe it unlawful), (2) a transaction from which such person derived an improper personal benefit, (3), in the case of a director, an action in violation of Florida Statutes Section 607.0834 (liability for unlawful distributions) or (4) willful or intentional misconduct or a conscious disregard for the best interests of the Corporation in a proceeding by or in the right of such Corporation to procure a judgment in its favor or in a proceeding by or in the right of a shareholder.

Furthermore, Florida Statutes Section 607.0831 provides, in general, that no director shall be personally liable for monetary damages to a corporation or any other person for any statement, vote, decision, or failure to

act, as a director, unless (a) the director breached or failed to perform his or her duties as a director and (b) the director's breach of, or failure to perform, those duties constitutes (i) a violation of criminal law, unless the director had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful, (ii) a transaction from which the director derived an improper personal benefit, either directly or indirectly, (iii) a circumstance under which the liability provisions of Florida Statutes Section 607.0834 are applicable, (iv) in a proceeding by or in the right of the corporation to procure a judgment in its favor or by or in the right of a shareholder, conscious disregard for the best interest of the corporation, or willful or intentional misconduct or (v) in a proceeding by or in the right of someone other than the corporation or a shareholder, recklessness or an act or omission which was committed in bad faith or with malicious purpose or in a manner exhibiting wanton and willful disregard of human rights, safety, or property. The term "recklessness," as used above, means the action, or omission to act, in conscious disregard of a risk (a) known, or so obvious that it should have been known, to the director and (b) known to the director, or so obvious that it should have been known, to be so great as to make it highly probable that harm would follow from such action or omission.

Each Corporation's bylaws provide generally that such Corporation shall, to the fullest extent permitted by law, indemnify all directors and officers of such Corporation, directors, officers, or other employees serving as a fiduciary of an employee benefit plan of such Corporation, as well as any employees or agents of such Corporation or other persons serving at the request of such Corporation in any capacity with any entity or enterprise other than such Corporation to whom such Corporation has agreed to grant indemnification (each, an "Indemnified Person") to the extent that any such person is made a party or threatened to be made a party or called as a witness or is otherwise involved in any action, suit, or proceeding in connection with his status as an Indemnified Person. Such indemnification covers all expenses incurred by any Indemnified Person (including attorneys' fees) and all liabilities and losses (including judgments, fines and amounts to be paid in settlement) incurred thereby in connection with any such action, suit or proceeding.

In addition, NextEra Energy, Inc., on behalf of each Corporation, carries insurance permitted by the laws of Florida on behalf of directors or officers which may cover, among other things, liabilities under the Securities Act of 1933.

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i),

(vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof,

provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, each of the undersigned registrants undertakes that in a primary offering of securities of such undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424,

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant,

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant, and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of each registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) To file, if applicable, an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act of 1939.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the provisions described under Item 15 of this registration statement, or otherwise, the registrants have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by any registrant of expenses incurred or paid by a director, officer or controlling person of such registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant against which the claim is asserted will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate

jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

The Debentures shall be delivered to the Representatives for the respective accounts of the Underwriters against payment by the several Underwriters through the Representatives of the purchase price therefor. Delivery of the Debentures shall be made through the facilities of DTC unless [[1]NEE Capital] [[2]NEE] and the Representatives shall otherwise agree. For the purpose of expediting the checking of the Debentures by the Representatives on behalf of the Underwriters, [[1]NEE Capital] [[2]NEE] (if delivery of the Debentures shall be made otherwise than through the facilities of DTC) agrees to make such Debentures available to the Representatives for such purpose at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, not later than 2:00 P.M., New York City time, on the business day preceding the Closing Date, or at such other time, date or place as may be agreed upon by [[1]NEE Capital] [[2]NEE] and the Representatives.

(a) NEE [[1]and NEE Capital] will timely file the Prospectus and any preliminary prospectus supplement used in connection with the offering of the Debentures with the Commission pursuant to Rule 424. As soon as practicable after the date hereof, [[1]NEE Capital] [[2]NEE] will deliver or cause to be delivered to the Underwriters through the Representatives as many copies of the Prospectus and any Issuer Free Writing Prospectus as the Representatives may reasonably request for the purposes contemplated by the Securities Act.

[[1]NEE Capital] [[2]NEE] will pay or cause to be paid all taxes, if any (but not including any transfer taxes), on the issuance of the Debentures. [[1]NEE Capital] [[2]NEE] shall not, however, be required to pay any amount for any expenses of the Representatives or any of the Underwriters (other than in accordance with the provisions of *Section [10]* hereof), except that if this agreement shall be terminated in accordance with the provisions of [*Section 8*], [*Section 9*] or [*Section 11*] hereof, [[1]NEE Capital] [[2]NEE] will pay or cause to be paid the fees and disbursements of Counsel for the Underwriters, whose fees and disbursements the Underwriters agree to pay in any other event, and [[1]NEE Capital] [[2]NEE] shall reimburse or cause to be reimbursed the Underwriters for out-of-pocket expenses reasonably incurred by them in connection with the transactions contemplated by this agreement, not in excess, however, of an aggregate of $5,000 for such out-of-pocket expenses. [[1]Neither] NEE [[1]nor NEE Capital] shall [[2]not] in any event be liable to any of the several Underwriters for damages on account of loss of anticipated profits.

(e) During a period of nine months after the date hereof, if any event relating to or affecting NEE [1or NEE Capital] shall occur which, in the opinion of NEE [1or NEE Capital], should be set forth in a supplement to or an amendment to the Prospectus (including an Issuer Free Writing Prospectus) in order to make the Prospectus, in the light of the circumstances pertaining when it is delivered to a purchaser, not misleading, [1NEE Capital] [2NEE] will forthwith at its expense prepare, file with the Commission, if required, and furnish to the Representatives a reasonable number of copies of such supplement or supplements or amendment or amendments to the Prospectus (including an Issuer Free Writing Prospectus) which will supplement or amend the Prospectus so that as supplemented or amended it will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances pertaining when the Prospectus is delivered to a purchaser, not misleading; *provided* that should such event relate solely to activities of any of the Underwriters, then the Underwriters shall assume the expense of preparing and furnishing copies of any such amendment or supplement. In case any Underwriter is required to deliver a Prospectus after the expiration of nine months after the date hereof, [1NEE Capital] [2NEE] upon the request of the Representatives will furnish to the Representatives, at the expense of such Underwriter, a reasonable quantity of a supplemented or amended Prospectus or supplements or amendments to the Prospectus complying with Section 10 of the Securities Act.

(f) NEE and [1NEE Capital] will furnish such proper information as may be lawfully required and otherwise cooperate in qualifying the Debentures for offer and sale under the blue sky laws of such United States jurisdictions as the Representatives may designate and will pay or cause to be paid filing fees and expenses (including fees of counsel not to exceed $5,000 and reasonable disbursements of counsel), provided that [1neither] NEE [1nor NEE Capital] shall [2not] be required to qualify as a foreign corporation or dealer in securities, or to file any consents to service of process under the laws of any jurisdiction, or to meet other requirements deemed by NEE [1or NEE Capital] to be unduly burdensome.

(g) NEE will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders (including holders of the Debentures) as soon as practicable an earnings statement (which need not be audited, unless required so to be under Section 11(a) of the Securities Act) for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the Securities Act.

(h) Prior to the termination of the offering of the Debentures, [[1]neither] NEE [[1]nor NEE Capital] will [[2]not] file any amendment to the Registration Statement or any amendment or supplement to the Prospectus or any amendment or supplement to the Pricing Disclosure Package without prior notice to the Representatives and to Hunton Andrews Kurth LLP, who are acting as counsel for the several Underwriters (**"Counsel for the Underwriters"**), or any such amendment or supplement to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters. [[1]Neither] NEE [[1]nor NEE Capital have] [[2]has not] made any offer relating to the Debentures that would constitute an Issuer Free Writing Prospectus or that would otherwise constitute a Free Writing Prospectus required to be filed by NEE [[1]or NEE Capital] with the Commission or retained by NEE [[1]or NEE Capital] pursuant to Rule 433, other than a pricing term sheet substantially in the form as set forth on *Schedule I*, and [[1]neither] NEE [[1]nor NEE Capital] will [[2]not] make any such offer without prior notice to the Representatives and to Counsel for the Underwriters, or any such offer to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters.

(i) NEE [[1]and NEE Capital] will advise the Representatives promptly of the filing of the Prospectus pursuant to Rule 424, of the filing of any material pursuant to Rule 433 and of any amendment or supplement to the Pricing Disclosure Package or the Registration Statement or, prior to the termination of the offering of the Debentures, of official notice of the institution of proceedings for, or the entry of, a stop order suspending the effectiveness of the Registration Statement, of receipt from the Commission of any notice of objection to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act, and, if such a stop order should be entered, or notice of objection should be received, use every commercially reasonable effort to obtain the prompt removal thereof.

(j) If there occurs an event or development as a result of which the Pricing Disclosure Package would include an untrue statement of a material fact or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances then pertaining, not misleading, NEE [[1]or NEE Capital] promptly will notify the Representatives so that any use of the Pricing Disclosure Package may cease until it is amended or supplemented.

(d) On the date hereof and on the Closing Date, the Representatives shall have received from Deloitte & Touche LLP a letter or letters (which may refer to letters previously delivered to the Representatives) (with copies thereof for each of the Underwriters) dated the respective dates of delivery thereof to the effect that (i) they are an independent registered public accounting firm with respect to NEE within the meaning of the Securities Act and the Exchange Act and the applicable published rules and regulations thereunder; (ii) in their opinion, the consolidated financial statements of NEE audited by them and incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder; (iii) on the basis of performing a review of interim financial information as described in the Public Company Accounting Oversight Board (United States) ("**PCAOB**") AS 4105, Reviews of Interim Financial Information, on the unaudited [condensed] consolidated financial statements of NEE, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, a reading of the latest available interim unaudited [condensed] consolidated financial statements of NEE, if any, since the close of NEE's most recent audited fiscal year, a reading of the minutes and consents of the Board of Directors, the Audit Committee of the Board of Directors and the Finance & Investment Committee of the Board of Directors and of the shareholders of NEE [[1]and the minutes and consents of the Board of Directors and of the shareholder of NEE Capital] since the end of the most

recent audited fiscal year, and inquiries of officials of NEE who have responsibility for financial and accounting matters (it being understood that the foregoing procedures do not constitute an audit made in accordance with standards of the PCAOB and they would not necessarily reveal matters of significance with respect to the comments made in such letter, and accordingly that Deloitte & Touche LLP makes no representation as to the sufficiency of such procedures for the several Underwriters' purposes), nothing has come to their attention which caused them to believe that (a) the unaudited [condensed] consolidated financial statements of NEE, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, (1) do not comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder and (2) except as disclosed in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, are not in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements of NEE incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable; (b) at the date of the latest available interim balance sheet read by them and at a specified date not more than five days prior to the date of such letter, there was any change in the capital stock or increase in long-term debt including current maturities and excluding fair value swaps, if any, and unamortized premium and discount on long-term debt of NEE and its subsidiaries, or decrease in common shareholders' equity of NEE and its subsidiaries, in each case as compared with amounts shown in the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, except in all instances for changes, increases or decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or as occasioned by the declaration, provision for, or payment of dividends, or as occasioned by the issuance, forfeiture or acquisition of common stock pursuant to or in connection with any employee or director benefit or compensation plan or the dividend reinvestment and direct stock purchase plan or which are described in such letter; or (c) for the period from the date of the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, to the latest available interim balance sheet read by them and for the period from the date of the latest available interim balance sheet read by them to a specified date not more than five days prior to the date of such letter, there were any decreases, as compared with the corresponding period in the preceding year, in total consolidated operating revenues or in net income, except in all instances for decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or which are described in such letter; and (iv) they have carried out certain procedures and made certain findings, as specified in such letter, with respect to certain amounts included in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, and such other items as the Representatives may reasonably request.

(e) Since the respective most recent times as of which information is given in the Pricing Disclosure Package, and up to the Closing Date, (i) there shall have been no material adverse change in the business, properties or financial condition of [[1](a) NEE Capital and its subsidiaries taken as a whole or (b)] NEE and its subsidiaries taken as a whole, except [[1]in each case] as disclosed in or contemplated by the Pricing Disclosure Package, and (ii) there shall have been no transaction entered into by [[1](a) NEE Capital or any of its subsidiaries that is material to NEE Capital and its subsidiaries taken as a whole or (b)] NEE or any of its subsidiaries that is material to NEE and its subsidiaries taken as a whole, [[1]in each case] other than transactions disclosed in or contemplated by the Pricing Disclosure Package, and transactions in the ordinary course of business; and at the Closing Date, the Representatives shall have received a certificate to such effect from [[1]each of NEE Capital and] NEE signed by an officer of [[2]NEE Capital or] NEE[[1], as the case may be].

(f) All legal proceedings to be taken in connection with the issuance and sale of the Debentures shall have been satisfactory in form and substance to Counsel for the Underwriters.

In case any of the conditions specified above in this *Section [8]* shall not have been fulfilled, this agreement may be terminated by the Representatives upon mailing or delivering written notice thereof to NEE [[1]and NEE Capital]. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 7[(d)]* and *Section [7(f)]* hereof.

9. Condition of NEE's [[1]and NEE Capital's] Obligations. The obligation of [[1]NEE Capital] [[2]NEE] to deliver the Debentures [[1]and the obligation of NEE to deliver the Guarantee] shall be subject to the following condition:

(a) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by NEE [[1]or NEE Capital] and not removed by the Closing Date.

In case the condition specified above in this *Section [9]* shall not have been fulfilled, this agreement may be terminated by NEE [[1]and NEE Capital] upon mailing or delivering written notice thereof to the Representatives. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section [7(d)]* and *Section [7(f)]* hereof.

10. Indemnification.

(a) NEE [[1]and NEE Capital, jointly and severally, agree] [[2]agrees] to indemnify and hold harmless each Underwriter, each officer and director of each Underwriter and each person (a **"Controlling Person")** who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law, and to

reimburse each such Underwriter, officer, director and Controlling Person for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, including all Incorporated Documents, or in the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the indemnity agreement contained in this *Section [10(a)]* shall not apply to any such losses, claims, damages, liabilities, expenses or actions arising out of, or based upon, any such untrue statement or alleged untrue statement, or any such omission or alleged omission, if such statement or omission was made in reliance upon and in conformity with information furnished in writing, to NEE [[1]or NEE Capital] by or on behalf of any Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof, or arising out of, or based upon, statements in or omissions from the Statements of Eligibility; and *provided, further*, that the indemnity agreement contained in this *Section [10(a)]* in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus shall not inure to the benefit of any Underwriter (or of any officer or director or Controlling Person of such Underwriter) on account of any such losses, claims, damages, liabilities, expenses or actions arising from the sale of the Debentures [of any series] to any person in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, each as may be then supplemented or amended, furnished by such Underwriter to a person to whom any of the Debentures were sold (excluding in all cases, however, any document then incorporated by reference therein), insofar as such indemnity relates to any untrue or misleading statement made in or omission from such preliminary prospectus supplement, Pricing Prospectus, Issuer Free Writing Prospectus or Prospectus, if a copy of a supplement or amendment to such preliminary prospectus supplement, Pricing Prospectus, Prospectus, or Issuer Free Writing Prospectus (excluding in all cases, however, any document then incorporated by reference therein) (i) is furnished on a timely basis by NEE [[1]or NEE Capital] to the Underwriter, (ii) is required by law or regulation to have been conveyed to such person by or on behalf of such Underwriter, at or prior to the entry into the contract of sale of the Debentures with such person, but was not so conveyed (which conveyance may be oral or written) by or on behalf of such Underwriter and (iii) would have cured the defect giving rise to such loss, claim, damage or liability. The indemnity agreement of NEE [[1]and NEE Capital] contained in this *Section [10(a)]* and the representations and warranties of NEE [[1]and NEE Capital] contained in [[1]*Section 3* and *Section 4*] [[2]*Section 3*] hereof, [[1]respectively,] shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or any of its officers, directors or Controlling Persons and shall survive the delivery of the Debentures [of each series]. Each Underwriter agrees promptly to notify [[1]each of] NEE [[1]and NEE Capital], and each other Underwriter, of the commencement of any litigation or proceedings against the notifying Underwriter, or any of its officers, directors or Controlling Persons in connection with the issuance and sale of the Debentures [of any series].

(b) Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless [[1]each of] NEE [[1]and NEE Capital], [[1]their respective] [[2]its] officers and directors, and each person who controls NEE [[1]or NEE Capital, as the case may be,] within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading if such statement or omission was made in reliance upon and in conformity with information furnished in writing to NEE [[1]or NEE Capital] by or on behalf of such Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus, or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof. The Underwriters hereby furnish to NEE [[1]and NEE Capital] in writing, expressly for use in the preliminary prospectus supplement, dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus and any Issuer Free Writing Prospectus, the following: [insert information provided by the Underwriters]. NEE [[1]and NEE Capital each acknowledge] [[2]acknowledges] that the statements identified in the preceding [____] sentence[s] constitute the only information furnished in writing by or on behalf of the several Underwriters expressly for inclusion in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus. The respective indemnity agreement of each Underwriter contained in this *Section [10(b)]* shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of NEE [[1]or NEE Capital] or any of [[1]their respective] [[2]its] officers or directors or any person who controls NEE [[1]or NEE Capital] within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, or by or on behalf of any other Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Debentures [of each series]. NEE [[1]and NEE Capital agree] [[2]agrees] promptly to notify the Representatives of the commencement of any litigation or proceedings against NEE [[1], NEE Capital] (or any of their respective controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of [[1]their respective] [[2]its] officers or directors in connection with the issuance and sale of the Debentures [of any series].

(c) NEE [1, NEE Capital] and each of the several Underwriters each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section [10]*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided*, *however*, if the defendants in any such action include both the indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). NEE [1, NEE Capital] and each of the several Underwriters each agree that without the prior written consent of the other parties to such action who are parties to this agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section [10]*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section [10(a)]* or *Section [10(b)]* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section [10(a)]* or *Section [10(b)]* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of NEE [1and NEE Capital] on the one hand and the Underwriters on the other hand in connection with the statements or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by NEE [1and NEE

Capital] on the one hand and the Underwriters on the other hand from the offering of the Debentures pursuant to this agreement, and (iii) any other relevant equitable considerations; *provided*, *however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by NEE [[1]and NEE Capital] or the Underwriters and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. NEE [[1], NEE Capital] and each of the Underwriters each agree that it would not be just and equitable if contribution pursuant to this *Section [10(d)]* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section [10(d)]*, no Underwriter shall be required to contribute in excess of the amount equal to the excess of (i) the total price at which the Debentures underwritten by it were offered to the public, over (ii) the amount of any damages which such Underwriter has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Underwriter to contribute pursuant to this *Section [10(d)]* are several and not joint and shall be in the same proportion as such Underwriter's obligation to underwrite the Debentures [of the series with respect to which contribution is sought] is to the total principal amount of the Debentures [of such series] set forth in *Schedule II* hereto.

11. Termination. This agreement may be terminated by the Representatives by delivering written notice thereof to NEE [[1]and NEE Capital], at any time prior to the Closing Date, if after the date hereof and at or prior to the Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on The New York Stock Exchange LLC (the "**NYSE**") or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of NEE [[1]or NEE Capital] shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Debentures [of any series] as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Debentures [of any series]; or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Debentures [of any series] or any securities of [[1]NEE Capital] [[2]NEE] which are of the same class as the Debentures by either [Moody's Investors Service, Inc. ("**Moody's**")] or [S&P Global Ratings, a division of S&P Global Inc. ("**S&P**")], or (ii) either [Moody's] or [S&P] shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Debentures [of any series] or any securities of [[1]NEE Capital] [[2]NEE] which are of the same class as the Debentures [of any series], the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Debentures [of any series] as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Debentures [of any series].

This agreement may also be terminated at any time prior to the Closing Date if in the judgment of the Representatives the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by NEE [[1]and NEE Capital] after the date hereof reflects a material adverse change in the business, properties or financial condition of NEE and its subsidiaries taken as a whole [[1]or NEE Capital and its subsidiaries taken as a whole] which renders it either inadvisable to proceed with such offering, if any, or inadvisable to proceed with the delivery of the Debentures [of any series] to be purchased hereunder. Any termination of this agreement pursuant to this *Section [11]* shall be without liability of any party to any other party except as otherwise provided in *Section [7(d)]* and *Section [7(f)]* hereof.

12. Miscellaneous.

(a) The validity and interpretation of this agreement shall be governed by the laws of the State of New York without regard to conflicts of law principles thereunder. This agreement shall inure to the benefit of, and be binding upon, NEE [[1], NEE Capital], the several Underwriters and, with respect to the provisions of *Section [10]* hereof, each officer, director or controlling person referred to in said *Section [10]*, and their respective successors. Nothing in this agreement is intended or shall be construed to give to any other person or entity any legal or equitable right, remedy or claim under or in respect of this agreement or any provision herein contained. The term "successors" as used in this agreement shall not include any purchaser, as such purchaser, of any Debentures from any of the several Underwriters.

(b) NEE [[1]and NEE Capital each acknowledge and agree] [[2]acknowledges and agrees] that the Underwriters are acting solely in the capacity of arm's length contractual counterparties to NEE [[1]and NEE Capital] with respect to the offering of the Debentures as contemplated by this agreement and not as financial advisors or fiduciaries to NEE [[1]or NEE Capital] in connection herewith. Additionally, none of the Underwriters is advising NEE [[1]or NEE Capital] as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction in connection with the offering of the Debentures as contemplated by this agreement. Any review by the Underwriters of NEE [[1]and NEE Capital] in connection with the offering of the Debentures contemplated by this agreement and the transactions contemplated by this agreement will not be performed on behalf of NEE [[1]and NEE Capital].

13. Notices. All communications hereunder shall be in writing and, if to the Underwriters, shall be mailed or delivered to the Representatives at the address set forth in *Schedule II* hereto, or, if to NEE [[1]or NEE Capital], shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer.

14. Counterparts. This agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument. Electronic signatures complying with the New York Electronic Signatures and Records Act (N.Y. State Tech. §§ 301-309), as amended from time to time, or other applicable law will be deemed original signatures for purposes of this agreement. Transmission by telecopy, electronic mail or other transmission method of an executed counterpart of this agreement will constitute due and sufficient delivery of such counterpart.

15. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this agreement, and any interest and obligation in or under this agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this agreement were governed by the laws of the United States or a state of the United States.

(c) For purpose of this *Section [15]*, (A) the term "**BHC Act Affiliate**" has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (B) the term "**Covered Entity**" means any of the following: (1) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (2) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (3) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (C) the term "**Default Rights**" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (D) the term "**U.S. Special Resolution Regime**" means each of (1) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (2) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

If the foregoing correctly sets forth our understanding, please indicate your acceptance on behalf of the Underwriters in the space provided below for that purpose, whereupon this letter and your acceptance on behalf of the Underwriters shall constitute a binding agreement between [NEE][, NEE Capital] and the Underwriters.

Very truly yours,

Subject to the terms and conditions in this agreement (including the representations and warranties herein contained), NEE [2and NEE Capital agree] [1agrees] to sell to the respective Underwriters named in *Schedule II* hereto, severally and not jointly, and the respective Underwriters agree, severally and not jointly, to purchase from NEE [2and NEE Capital] for an aggregate purchase price of $_____, the respective number of the Securities set forth opposite their respective names in *Schedule II* hereto.

The Underwriters agree to make a bona fide public offering of the Securities, as set forth in the Pricing Disclosure Package, such public offering to be made as soon after the execution of this agreement as practicable, subject, however, to the terms and conditions of this agreement. The Underwriters have advised NEE that the Securities will initially be offered to the public at the Price per [1share] [2Corporate Unit] set forth in the Pricing Term Sheet as the Price to Public and to certain dealers selected by the Representatives at a price which represents a concession. Such dealers' concession may not be in excess of $____ per [1share] [2Corporate Unit].

[2The Debentures constituting a part of the Corporate Units will be pledged, together with other collateral, to the Collateral Agent to secure the holders' obligations to purchase Common Stock under the Purchase Contracts. Such pledge shall be effected by delivery to the Collateral Agent of the Debentures to be pledged in certificated form endorsed in blank, at the Closing Date in accordance with the Pledge Agreement.]

Each Underwriter agrees that (i) no information that is presented by it to investors has been or will be inconsistent with the information contained in the Pricing Disclosure Package as it may then be amended or supplemented and (ii) it will make no offer that would constitute a Free Writing Prospectus that is required to be filed by NEE [2or NEE Capital] pursuant to Rule 433 other than an Issuer Free Writing Prospectus in accordance with *Section [7(h)]* hereof. References to the term **"Free Writing Prospectus"** means a free writing prospectus as defined in Rule 405.

6. Time, Date and Place of Closing, Default of the Underwriters. Delivery of the Securities and payment therefor by wire transfer in federal funds [2, against delivery to the Collateral Agent of the Debentures constituting a part of the Corporate Units,] shall be made at 9:00 A.M., New York City time, on the settlement date set forth on *Schedule I*, at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, or at such other time, date or place as may be agreed upon in writing by NEE[2, NEE Capital] and the Representatives. The time and date of such delivery and payment are herein called the **"Closing Date."**

[The Securities will be issued in the form of one or more global certificates in fully registered form.] The Securities shall be delivered to the Representatives for the respective accounts of the Underwriters against payment by the several Underwriters through the Representatives of the purchase price therefor. Delivery of the Securities shall be made through the facilities of DTC unless NEE [2NEE Capital] and the Representatives shall otherwise agree. For the purpose of expediting the checking of the Securities [2and the related Debentures] by the Representatives on behalf of the Underwriters, NEE [2and NEE Capital] (if delivery of the Securities [and the related Debentures] shall be made otherwise than through the facilities of DTC) [1agrees] [2agree] to make such Securities [2and the related Debentures] available to the Representatives for such purpose at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, not later than 2:00 P.M., New York City time, on the business day preceding the Closing Date, or at such other time, date or place as may be agreed upon by NEE [2, NEE Capital]and the Representatives.

If any Underwriter shall fail to purchase and pay for the number of the Securities which such Underwriter has agreed to purchase and pay for hereunder (otherwise than by reason of any failure on the part of NEE [2or NEE Capital] to comply with any of the provisions contained herein), the non-defaulting Underwriters shall be obligated to purchase and pay for (in addition to the respective number of the Securities set forth opposite their respective names in *Schedule II* hereto) the number of the Securities which such defaulting Underwriter or Underwriters failed to purchase and pay for, up to a number thereof equal to, in the case of each such remaining Underwriter, ten percent (10%) of the aggregate number of the Securities set forth opposite the name of each such remaining Underwriter in said *Schedule II* and such remaining Underwriters shall have the right, within 24 hours of receipt of such notice, either to (i) purchase and pay for (in such proportion as may be agreed upon among them) the remaining number of the Securities which the defaulting Underwriter or Underwriters agreed but failed to purchase, or (ii) substitute another Underwriter or Underwriters, satisfactory to NEE, to purchase and pay for the remaining number of the Securities which the defaulting Underwriter or Underwriters agreed but failed to purchase. If any of the Securities would still remain unpurchased, then NEE shall be entitled to a further period of 24 hours within which to procure another party or other parties that (i) are members of the Financial Industry Regulatory Authority, Inc. or else are not eligible for membership in said Authority but who agree (A) to make no sales within the United States, its territories or its possessions or to persons who are citizens thereof or residents therein and (B) in making sales to comply with said Authority's Conduct Rules, and (ii) are satisfactory to the Representatives to purchase such Securities on the terms herein set forth. In the event that, within the respective prescribed periods, (i) the non-defaulting Underwriters notify NEE that they have arranged for the purchase of such Securities or (ii) NEE notifies the non-defaulting Underwriters that it has arranged for the purchase of such Securities, the non-defaulting Underwriters or NEE shall have the right to postpone the Closing Date for a period of not more than three full business days beyond the expiration of the respective prescribed periods in order to effect whatever changes may thus be made necessary in the Registration Statement, the Prospectus or in any other documents or arrangements. In the event that neither the non-defaulting Underwriters nor NEE has arranged for the purchase of such Securities by another party or parties as above provided, then this agreement shall terminate without any liability on the part of NEE [2or NEE Capital] or any Underwriter (other than an Underwriter which shall have failed or refused, otherwise than for some reason sufficient to justify, in accordance with the terms hereof, the cancellation or termination of its obligations hereunder, to purchase and pay for the Securities which such Underwriter has agreed to purchase as provided in *Section [5]* hereof), except as otherwise provided in *Section [7(d)]*, *Section [7(f)]* and *Section [10]* hereof.

7. Covenants of NEE [2and NEE Capital]. NEE [2and NEE Capital agree] [1agrees] with the several Underwriters that:

(a) NEE [2and NEE Capital] will timely file the Prospectus and any preliminary prospectus supplement used in connection with the offering of the Securities with the Commission pursuant to Rule 424. NEE [2and NEE Capital] have complied and will comply with Rule 433 in connection with the offering and sale of the Securities, including applicable provisions in respect of timely filing with the Commission, legending and record-keeping.

(b) NEE [2and NEE Capital] will prepare a final term sheet, containing a description of the pricing terms of the Securities, substantially in the form of *Schedule I* hereto and approved by the Representatives and will timely file such term sheet with the Commission pursuant to Rule 433.

(c) NEE will, upon request, deliver to the Representatives and to Counsel for the Underwriters (as defined below) one signed copy of the Registration Statement or, if a signed copy is not available, one conformed copy of the Registration Statement certified by an officer of NEE to be in the form as originally filed, including all Incorporated Documents and exhibits, except those incorporated by reference, which relate to the Securities, including a signed or conformed copy of each consent and certificate included therein or filed as an exhibit thereto. As soon as practicable after the date hereof, NEE will deliver or cause to be delivered to the Underwriters through the Representatives as many copies of the Prospectus and any Issuer Free Writing Prospectus as the Representatives may reasonably request for the purposes contemplated by the Securities Act.

(d) NEE has paid or caused to be paid or will pay or cause to be paid all expenses in connection with the (i) preparation and filing of the Registration Statement, any preliminary prospectus supplement, the Prospectus and any Issuer Free Writing Prospectus, (ii) issuance and delivery of the Securities as provided in *Section [6]* hereof, and (iii) printing and delivery to the Representatives for the account of the Underwriters, in reasonable quantities, of copies of the Registration Statement, any preliminary prospectus supplement, the Prospectus [1and] [2,] any Issuer Free Writing Prospectus [2, the Indenture, the Guarantee Agreement, and the Purchase Contract Agreement]. NEE will pay or cause to be paid all taxes, if any (but not including any transfer taxes), on the issuance of the Securities. NEE shall not, however, be required to pay any amount for any expenses of the Representatives or any of the Underwriters (other than in accordance with the provisions of *Section [10]* hereof), except that if this agreement shall be terminated in accordance with the provisions of *Section [8]*, *Section [9]* [or] *Section [11]* hereof, NEE will pay or cause to be paid the fees and disbursements of Counsel for the Underwriters, whose fees and disbursements the Underwriters agree to pay in any other event, and NEE shall reimburse or cause to be reimbursed the Underwriters for out-of-pocket expenses reasonably incurred by them in connection with the transactions contemplated by this agreement, not in excess, however, of an aggregate of $5,000 for such out-of-pocket expenses. [2Neither] NEE [2nor NEE Capital] shall [1not] in any event be liable to any of the several Underwriters for damages on account of loss of anticipated profits.

(e) During a period of nine months after the date hereof, if any event relating to or affecting NEE [2or NEE Capital] shall occur which, in the opinion of NEE [2or NEE Capital], should be set forth in a supplement to or an amendment to the Prospectus (including an Issuer Free Writing Prospectus) in order to make the Prospectus, in the light of the circumstances pertaining when it is delivered to a purchaser, not misleading.

[1NEE] [2NEE Capital] will forthwith at its expense prepare, file with the Commission, if required, and furnish to the Representatives a reasonable number of copies of such supplement or supplements or amendment or amendments to the Prospectus (including an Issuer Free Writing Prospectus) which will supplement or amend the Prospectus so that as supplemented or amended it will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances pertaining when the Prospectus is delivered to a purchaser, not misleading; *provided* that should such event relate solely to activities of any of the Underwriters, then the Underwriters shall assume the expense of preparing and furnishing copies of any such amendment or supplement. In case any Underwriter is required to deliver a Prospectus after the expiration of nine months after the date hereof, NEE upon the request of the Representatives will furnish to the Representatives, at the expense of such Underwriter, a reasonable quantity of a supplemented or amended Prospectus or supplements or amendments to the Prospectus complying with Section 10 of the Securities Act.

(f) NEE [2and NEE Capital] will furnish such proper information as may be lawfully required and otherwise cooperate in qualifying the Securities for offer and sale under the blue sky laws of such United States jurisdictions as the Representatives may designate and will pay or cause to be paid filing fees and expenses (including fees of counsel not to exceed $5,000 and reasonable disbursements of counsel), *provided* that [2neither] NEE [2nor NEE Capital] shall [1not] be required to qualify as a foreign corporation or dealer in securities, or to file any consents to service of process under the laws of any jurisdiction, or to meet other requirements deemed by NEE [2or NEE Capital] to be unduly burdensome.

(g) NEE will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders (including holders of the Securities) as soon as practicable an earnings statement (which need not be audited, unless required so to be under Section 11(a) of the Securities Act) for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the Securities Act.

(h) Prior to the termination of the offering of the Securities, [2neither] NEE [2nor NEE Capital] will [1not] file any amendment to the Registration Statement or any amendment or supplement to the Prospectus or any amendment or supplement to the Pricing Disclosure Package without prior notice to the Representatives and to Hunton Andrews Kurth LLP, who are acting as counsel for the several Underwriters ("**Counsel for the Underwriters**"), or any such amendment or supplement to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters. [2Neither] NEE [1has not] [2nor NEE Capital have] made any offer relating to the Securities that would constitute an Issuer Free Writing Prospectus or that would otherwise constitute a Free Writing Prospectus required to be filed by NEE [2or NEE Capital] with the Commission or retained by NEE [2or NEE Capital] pursuant to Rule 433, other than a pricing term sheet substantially in the form as set forth on *Schedule I*, and [2neither] NEE [2nor NEE Capital] will [1not] make any such offer without prior notice to the Representatives and to Counsel for the Underwriters, or any such offer to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters.

(i) NEE [[2]and NEE Capital] will advise the Representatives promptly of the filing of the Prospectus pursuant to Rule 424, of the filing of any material pursuant to Rule 433 and of any amendment or supplement to the Pricing Disclosure Package or the Registration Statement or, prior to the termination of the offering of the Securities, of official notice of the institution of proceedings for, or the entry of, a stop order suspending the effectiveness of the Registration Statement, of receipt from the Commission of any notice of objection to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act, and, if such a stop order should be entered, or notice of objection should be received, use every commercially reasonable effort to obtain the prompt removal thereof.

(j) If there occurs an event or development as a result of which the Pricing Disclosure Package would include an untrue statement of a material fact or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances then pertaining, not misleading, NEE [or NEE Capital] promptly will notify the Representatives so that any use of the Pricing Disclosure Package may cease until it is amended or supplemented.

(k) [Insert lockup provision, if applicable]

NEE [2and NEE Capital agree] [1agrees] promptly to notify the Representatives of the commencement of any litigation or proceedings against NEE [2, NEE Capital] (or any of [1its][2their respective] controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of [1its] [2their respective] officers or directors in connection with the issuance and sale of the Securities.

(c) NEE [2, NEE Capital] and each of the several Underwriters each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section [10]*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided, however*, if the defendants in any such action include both the indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). NEE [2, NEE Capital] and each of the several Underwriters each agree that without the prior written consent of the other parties to such action who are parties to this agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section [10]*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section [10(a)]* or *Section [10(b)]* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section [10(a)]* or *Section [10(b)]* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of NEE [2and NEE Capital] on the one hand and the Underwriters on the other hand in connection with the statements or omissions which have resulted in such losses, claims,

damages, liabilities and expenses, (ii) the relative benefits received by NEE [[2]and NEE Capital] on the one hand and the Underwriters on the other hand from the offering of the Securities pursuant to this agreement, and (iii) any other relevant equitable considerations; *provided*, *however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by NEE [[2]and NEE Capital] or the Underwriters and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. NEE [[2], NEE Capital] and each of the Underwriters each agree that it would not be just and equitable if contribution pursuant to this *Section [10(d)]* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section [10(d)]*, no Underwriter shall be required to contribute in excess of the amount equal to the excess of (i) the total price at which the Securities underwritten by it were offered to the public, over (ii) the amount of any damages which such Underwriter has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Underwriter to contribute pursuant to this *Section [10(d)]* are several and not joint and shall be in the same proportion as such Underwriter's obligation to underwrite the Securities is to the total number of the Securities set forth in *Schedule II* hereto.

11. Termination. This agreement may be terminated by the Representatives by delivering written notice thereof to NEE [[2]and NEE Capital], at any time prior to the Closing Date, if after the date hereof and at or prior to the Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on the NYSE or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of NEE [[2]or NEE Capital] shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Securities as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Securities [[2]; or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Debentures or any securities of NEE [Capital] which are of the same class as the Debentures by either [Moody's Investors Service, Inc. ("**Moody's**")] or [S&P Global Ratings, a division of S&P Global Inc. ("**S&P**")], or (ii) either [Moody's] or [S&P] shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Debentures or any securities of NEE [Capital] which are of the same class as the Debentures, the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Securities as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Securities].

This agreement may also be terminated at any time prior to the Closing Date if in the judgment of the Representatives the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by NEE [[2]and NEE Capital] after the date hereof reflects a material adverse change in the business, properties or financial condition of NEE and its subsidiaries taken as a whole [[2]or NEE Capital and its subsidiaries taken as a whole] which renders it either inadvisable to proceed with such offering, if any, or inadvisable to proceed with the delivery of the Securities to be purchased hereunder. Any termination of this agreement pursuant to this *Section [11]* shall be without liability of any party to any other party except as otherwise provided in *Section [7(d)]* and *Section [7(f)]* hereof.

12. Miscellaneous.

(a) The validity and interpretation of this agreement shall be governed by the laws of the State of New York without regard to conflicts of law principles thereunder. This agreement shall inure to the benefit of, and be binding upon, NEE [[2], NEE Capital], the several Underwriters and, with respect to the provisions of *Section [10]* hereof, each officer, director or controlling person referred to in said *Section [10]*, and their respective successors. (b) NEE [[2]and NEE Capital each acknowledge and agree] [[1]acknowledges and agrees] that the Underwriters are acting solely in the capacity of arm's length contractual counterparties to NEE [[2]and NEE Capital] with respect to the offering of the Securities as contemplated by this agreement and not as financial advisors or fiduciaries to NEE [[2]or NEE Capital] in connection herewith. Additionally, none of the Underwriters is advising NEE [[2]or NEE Capital] as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction in connection with the offering of the Securities as contemplated by this agreement. 13. Notices. All communications hereunder shall be in writing and, if to the Underwriters, shall be mailed or delivered to the Representatives at the address set forth in *Schedule II* hereto, or, if to NEE [[2]or NEE Capital], shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer.

14. Counterparts. This agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument.

(e) During a period of nine months after the date hereof, if any event relating to or affecting NEE [2or NEE Capital] shall occur which, in the opinion of NEE [2or NEE Capital], should be set forth in a supplement to or an amendment to the Prospectus (including an Issuer Free Writing Prospectus) in order to make the Prospectus, in the light of the circumstances pertaining when it is delivered to a purchaser, not misleading. [1NEE] [2NEE Capital] will forthwith at its expense prepare, file with the Commission, if required, and furnish to the Representatives a reasonable number of copies of such supplement or supplements or amendment or amendments to the Prospectus (including an Issuer Free Writing Prospectus) which will supplement or amend the Prospectus so that as supplemented or amended it will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances pertaining when the Prospectus is delivered to a purchaser, not misleading; *provided* that should such event relate solely to activities of any of the Underwriters, then the Underwriters shall assume the expense of preparing and furnishing copies of any such amendment or supplement. (c) On the Closing Date, the Representatives shall have received from Squire Patton Boggs (US) LLP, counsel to NEE [2and NEE Capital], Morgan, Lewis & Bockius LLP, counsel to NEE [2and NEE Capital], and Hunton Andrews Kurth LLP, Counsel for the Underwriters, opinions (with a copy for each of the Underwriters) in substantially the form and substance prescribed in *Schedule IV*, *Schedule V*, and *Schedule VI* hereto (i) with such changes therein as may be agreed upon by NEE [2, NEE Capital] and the Representatives, with the approval of Counsel for the Underwriters, and (ii) if the Prospectus relating to the Shares shall be supplemented or amended after the Prospectus shall have been filed with the Commission pursuant to Rule 424, with any changes therein necessary to reflect such supplementation or amendment.

(d) On the date hereof and on the Closing Date, the Representatives shall have received from Deloitte & Touche LLP a letter or letters (which may refer to letters previously delivered to the Representatives) (with copies thereof for each of the Underwriters) dated the respective dates of delivery thereof to the effect that (i) they are an independent registered public accounting firm with respect to NEE within the meaning of the Securities Act and the Exchange Act and the applicable published rules and regulations thereunder; (ii) in their opinion, the consolidated financial statements of NEE audited by them and incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder; (iii) on the basis of performing a review of interim financial information as described in the Public Company Accounting Oversight Board (United States) ("**PCAOB**") AS 4105, Reviews of Interim Financial Information, on the unaudited [condensed] consolidated financial statements of NEE, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, a reading of the latest available interim unaudited [condensed] consolidated financial statements of NEE, if any, since the close of NEE's most recent audited fiscal year, a reading of the minutes and consents of the Board of Directors, the Audit Committee of the Board of Directors and the Finance & Investment Committee of the Board of Directors and of the shareholders of NEE [2and the minutes and consents of the Board of Directors and of the shareholder of NEE Capital] since the end of the most recent audited fiscal year, and inquiries of officials of NEE who have responsibility for financial and accounting matters (it being understood that the foregoing procedures do

not constitute an audit made in accordance with standards of the PCAOB and they would not necessarily reveal matters of significance with respect to the comments made in such letter, and accordingly that Deloitte & Touche LLP makes no representation as to the sufficiency of such procedures for the several Underwriters' purposes), nothing has come to their attention which caused them to believe that (a) the unaudited [condensed] consolidated financial statements of NEE, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, (1) do not comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder and (2) except as disclosed in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, are not in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements of NEE incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable; (b) at the date of the latest available interim balance sheet read by them and at a specified date not more than five days prior to the date of such letter, there was any change in the capital stock or increase in long-term debt including current maturities and excluding fair value swaps, if any, and unamortized premium and discount on long-term debt of NEE and its subsidiaries, or decrease in common shareholders' equity of NEE and its subsidiaries, in each case as compared with amounts shown in the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, except in all instances for changes, increases or decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or as occasioned by the declaration, provision for, or payment of dividends, or as occasioned by the issuance, forfeiture or acquisition of common stock pursuant to or in connection with any employee or director benefit or compensation plan or the dividend reinvestment and direct stock purchase plan or which are described in such letter; or (c) for the period from the date of the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, to the latest available interim balance sheet read by them and for the period from the date of the latest available interim balance sheet read by them to a specified date not more than five days prior to the date of such letter, there were any decreases, as compared with the corresponding period in the preceding year, in total consolidated operating revenues or in net income, except in all instances for decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or which are described in such letter; and (iv) they have carried out certain procedures and made certain findings, as specified in such letter, with respect to certain amounts included in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, and such other items as the Representatives may reasonably request.

(e) Since the respective most recent times as of which information is given in the Pricing Disclosure Package, and up to the Closing Date, (i) there shall have been no material adverse change in the business, properties or financial condition of [[2](a) NEE Capital and its subsidiaries taken as a whole or (b)] NEE and its subsidiaries taken as a whole, except [[2]in each case] as disclosed in or contemplated by the Pricing Disclosure

Package, and (ii) there shall have been no transaction entered into by [[2](a) NEE Capital or any of its subsidiaries that is material to NEE Capital and its subsidiaries taken as a whole or (b)] NEE or any of its subsidiaries that is material to NEE and its subsidiaries taken as a whole, [[2]in each case] other than transactions disclosed in or contemplated by the Pricing Disclosure Package, and transactions in the ordinary course of business; and at the Closing Date, the Representatives shall have received a certificate to such effect from [[2]each of NEE Capital and] NEE signed by an officer of [[2]NEE Capital or] NEE[[2], as the case may be].

(f) All legal proceedings to be taken in connection with the issuance and sale of the Shares [[2](including the guarantee pursuant to the Guarantee Agreement)] shall have been satisfactory in form and substance to Counsel for the Underwriters.

(g) [The Shares shall have been approved for listing on The New York Stock Exchange LLC ("**NYSE**") upon official notice of issuance.]

In case any of the conditions specified above in this *Section [7]* shall not have been fulfilled, this agreement may be terminated by the Representatives upon mailing or delivering written notice thereof to NEE [[2]and NEE Capital]. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section [6](d)* and *Section [6](f)* hereof.

8. Condition of NEE's [[2]and NEE Capital's] Obligations. The [[1]obligation] [[2]obligations] of NEE [[2] Capital and NEE] to deliver the Shares [[2]and the Guarantee Agreement, respectively] shall be subject to the following condition:

(a) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by NEE [[2]or NEE Capital] and not removed by the Closing Date.

In case the condition specified above in this *Section [8]* shall not have been fulfilled, this agreement may be terminated by NEE [[2]and NEE Capital] upon mailing or delivering written notice thereof to the Representatives. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section [6](d)* and *Section [6](f)* hereof.

9. Indemnification.

(a) NEE [[2]and NEE Capital, jointly and severally, agree] [[1]agrees] to indemnify and hold harmless each Underwriter, each officer and director of each Underwriter and each person (a "**Controlling Person**") who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law, and to

reimburse each such Underwriter, officer, director and Controlling Person for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, including all Incorporated Documents, or in the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the indemnity agreement contained in this *Section [9](a)* shall not apply to any such losses, claims, damages, liabilities, expenses or actions arising out of, or based upon, any such untrue statement or alleged untrue statement, or any such omission or alleged omission, if such statement or omission was made in reliance upon and in conformity with information furnished in writing, to NEE [[2]or NEE Capital] by or on behalf of any Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof, or arising out of, or based upon, statements in or omissions from the Statements of Eligibility; and *provided, further*, that the indemnity agreement contained in this *Section [9](a)* in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus shall not inure to the benefit of any Underwriter (or of any officer or director or Controlling Person of such Underwriter) on account of any such losses, claims, damages, liabilities, expenses or actions arising from the sale of the Shares to any person in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, each as may be then supplemented or amended, furnished by such Underwriter to a person to whom any of the Shares were sold (excluding in all cases, however, any document then incorporated by reference therein), insofar as such indemnity relates to any untrue or misleading statement made in or omission from such preliminary prospectus supplement, Pricing Prospectus, Issuer Free Writing Prospectus or Prospectus, if a copy of a supplement or amendment to such preliminary prospectus supplement, Pricing Prospectus, Prospectus or Issuer Free Writing Prospectus (excluding in all cases, however, any document then incorporated by reference therein) (i) is furnished on a timely basis by [[2]NEE Capital or] NEE to the Underwriter, (ii) is required by law or regulation to have been conveyed to such person by or on behalf of such Underwriter, at or prior to the entry into the contract of sale of the Shares with such person, but was not so conveyed (which conveyance may be oral or written) by or on behalf of such Underwriter and (iii) would have cured the defect giving rise to such loss, claim, damage or liability. The indemnity agreement of NEE [[2]and NEE Capital] contained in this *Section [9](a)* and the representations and warranties of NEE [[2]and NEE Capital] contained in [[1]*Section 2*] [[2]*Section 2* and *Section 3*] hereof, [[2]respectively,] shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Shares. Each Underwriter agrees promptly to notify [[2]each of] NEE [[2]and NEE Capital], and each other Underwriter, of the commencement of any litigation or proceedings against the notifying Underwriter, or any of its officers, directors or Controlling Persons in connection with the issuance and sale of the Shares.

(b) Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless [2each of] NEE [2and NEE Capital], [2their respective] [1its] officers and directors, and each person who controls NEE [2or NEE Capital, as the case may be] within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law, and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading if such statement or omission was made in reliance upon and in conformity with information furnished in writing to NEE [2or NEE Capital] by or on behalf of such Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof. The Underwriters hereby furnish to NEE [2and NEE Capital] in writing expressly for use in the preliminary prospectus supplement, dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus and any Issuer Free Writing Prospectus, the following: [insert information provided by the Underwriters]. NEE [2and NEE Capital each acknowledge] [1acknowledges] that the statements identified in the preceding [____] sentence[s] constitute the only information furnished in writing by or on behalf of the several Underwriters expressly for inclusion in the preliminary prospectus supplement, dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus. The respective indemnity agreement of each Underwriter contained in this *Section [9](b)* shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of NEE [2or NEE Capital] or any of [2their respective] [1its] officers or directors or any person who controls NEE [2or NEE Capital] within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, or by or on behalf of any other Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Shares. NEE [2and NEE Capital agree] [1agrees] promptly to notify the Representatives of the commencement of any litigation or proceedings against NEE [2, NEE Capital] (or any of [1its] [2their respective] controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of [1its] [2their respective] officers or directors in connection with the issuance and sale of the Shares.

(c) NEE [2, NEE Capital] and each of the several Underwriters each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section [9]*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided, however*, if the defendants in any such action include both the indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). NEE [2, NEE Capital] and each of the several Underwriters each agree that without the prior written consent of the other parties to such action who are parties to this agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section [9]*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section [9](a)* or *Section[9](b)* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section [9](a)* or *Section [9](b)* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of NEE [2and NEE Capital] on the one hand and the Underwriters on the other hand in connection with the statements or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by NEE [2and NEE

Capital] on the one hand and the Underwriters on the other hand from the offering of the Shares pursuant to this agreement, and (iii) any other relevant equitable considerations; *provided, however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by NEE [[2]and NEE Capital] or the Underwriters and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. NEE [[2], NEE Capital] and each of the Underwriters each agree that it would not be just and equitable if contribution pursuant to this *Section [9](d)* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section [9](d)*, no Underwriter shall be required to contribute in excess of the amount equal to the excess of (i) the total price at which the Shares underwritten by it were offered to the public, over (ii) the amount of any damages which such Underwriter has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Underwriter to contribute pursuant to this *Section [9](d)* are several and not joint and shall be in the same proportion as such Underwriter's obligation to underwrite the Shares is to the total number of the Shares set forth in *Schedule II* hereto.

10. Termination. This agreement may be terminated by the Representatives by delivering written notice thereof to [[1]NEE] [[2]and NEE Capital], at any time prior to the Closing Date, if after the date hereof and at or prior to the Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on [The New York Stock Exchange LLC (the "**NYSE**")] [the NYSE] or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of NEE [[2]or NEE Capital] shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Shares as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Shares[; or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Shares or any preferred stock of NEE [[2]Capital] which are of the same class as the Shares by either [Moody's Investors Service, Inc. ("**Moody's**")] or [S&P Global Ratings, a division of S&P Global Inc. ("**S&P**")], or (ii) either [Moody's] or [S&P] shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Shares or any preferred stock of NEE [[2]Capital] which are of the same class as the Shares, the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Shares as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Shares].

This agreement may also be terminated at any time prior to the Closing Date if in the judgment of the Representatives the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by NEE [[2]and NEE Capital] after the date hereof reflects a material adverse change in the business, properties or financial condition of NEE and its subsidiaries taken as a whole [[2]or NEE Capital and its subsidiaries taken as a whole] which renders it either inadvisable to proceed with such offering, if any, or inadvisable to proceed with the delivery of the Shares to be purchased hereunder. Any termination of this agreement pursuant to this *Section [10]* shall be without liability of any party to any other party except as otherwise provided in *Section [6](d)* and *Section [6](f)* hereof.

11. Miscellaneous.

(a) The validity and interpretation of this agreement shall be governed by the laws of the State of New York without regard to conflicts of law principles thereunder. This agreement shall inure to the benefit of, and be binding upon, NEE [[2], NEE Capital], the several Underwriters and, with respect to the provisions of *Section [9]* hereof, each officer, director or controlling person referred to in said *Section [9]*, and their respective successors. Nothing in this agreement is intended or shall be construed to give to any other person or entity any legal or equitable right, remedy or claim under or in respect of this agreement or any provision herein contained. The term "successors" as used in this agreement shall not include any purchaser, as such purchaser, of any Shares from any of the several Underwriters.

(b) NEE [[2]and NEE Capital each acknowledge and agree] [[1]acknowledges and agrees] that the Underwriters are acting solely in the capacity of arm's length contractual counterparties to NEE [[2]and NEE Capital] with respect to the offering of the Shares as contemplated by this agreement and not as financial advisors or fiduciaries to NEE [[2]or NEE Capital] in connection herewith. Additionally, none of the Underwriters is advising NEE [[2]or NEE Capital] as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction in connection with the offering of the Shares as contemplated by this agreement. Any review by the Underwriters of NEE [[2]and NEE Capital] in connection with the offering of the Preferred Stock contemplated by this agreement and the transactions contemplated by this agreement will not be performed on behalf of NEE [[2]and NEE Capital].

12. Notices. All communications hereunder shall be in writing and, if to the Underwriters, shall be mailed or delivered to the Representatives at the address set forth in *Schedule II* hereto, or, if to NEE [[2]or NEE Capital], shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer.

13. Counterparts. This agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument. Electronic signatures complying with the New York Electronic Signatures and Records Act (N.Y. State Tech. §§ 301-309), as amended from time to time, or other applicable law will be deemed original signatures for purposes of this agreement. Transmission by telecopy, electronic mail or other transmission method of an executed counterpart of this agreement will constitute due and sufficient delivery of such counterpart.

14. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this agreement, and any interest and obligation in or under this agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this agreement were governed by the laws of the United States or a state of the United States.

(c) For purpose of this *Section [14]*, (A) the term "**BHC Act Affiliate**" has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (B) the term "**Covered Entity**" means any of the following: (1) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (2) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (3) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (C) the term "**Default Rights**" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (D) the term "**U.S. Special Resolution Regime**" means each of (1) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (2) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

If the foregoing correctly sets forth our understanding, please indicate your acceptance on behalf of the Underwriters in the space provided below for that purpose, whereupon this letter and your acceptance, on behalf of the Underwriters, shall constitute a binding agreement between [NEE][, NEE Capital] and the Underwriters.

Florida Power & Light Company

First Mortgage Bonds

UNDERWRITING AGREEMENT

[Date]

To the Representatives named in Schedule II
hereto, on behalf of the Underwriters
named in Schedule II hereto

Ladies and Gentlemen:

1. Introductory. Florida Power & Light Company, a Florida corporation ("**FPL**"), proposes to issue and sell its first mortgage bonds ("**First Mortgage Bonds**") of the series designation[s], with the terms and in the principal amount[s] specified in *Schedule I* hereto (the "**Bonds**"). FPL hereby confirms its agreement with the several Underwriters (as defined below) as set forth herein.

The term "**Underwriters**" as used herein shall be deemed to mean the entity or several entities named in *Schedule II* hereto and any underwriter substituted as provided in *Section 5* hereof, and the term "Underwriter" shall be deemed to mean one of such Underwriters. If the entity or entities listed as a Representative in *Schedule II* hereto (the "**Representatives**") are the same as the entity or entities listed as Underwriters in *Schedule II* hereto, then the terms "**Underwriters**" and "**Representatives**," as used herein, shall each be deemed to refer to such entity or entities. The Representatives represent that they have been authorized by each Underwriter to enter into this agreement on behalf of such Underwriter and to act for it in the manner herein provided. All obligations of the Underwriters hereunder are several and not joint. If more than one entity is named as a Representative in *Schedule II* hereto, any action under or in respect of this agreement may be taken by such entities jointly as the Representatives or by one of the entities acting on behalf of the Representatives and such action will be binding upon all the Underwriters.

2. Description of Bonds. The Bonds [of each series] will be a series of First Mortgage Bonds issued by FPL under its Mortgage and Deed of Trust, dated as of January 1, 1944, to Deutsche Bank Trust Company Americas (formerly known as Bankers Trust Company), as Trustee (the "**Mortgage Trustee**"), and The Florida National Bank of Jacksonville (now resigned), as heretofore supplemented and as it will be further supplemented by a supplemental indenture relating to the Bonds (the "**Supplemental Indenture**") in substantially the form heretofore delivered to the Representatives. Such Mortgage and Deed of Trust as it has been and will be so supplemented is hereinafter called the "**Mortgage**."

3. Representations and Warranties of FPL. FPL represents and warrants to the several Underwriters that:

(a) FPL has filed with the Securities and Exchange Commission (the "**Commission**") a joint registration statement with NextEra Energy, Inc., a Florida corporation ("**NEE**"), and NextEra Energy Capital Holdings, Inc., a Florida corporation ("**NEE Capital**"), on Form S-3 (Registration Statement Nos. 333-_____, 333-_____-01 and 333-_____-02) ("**Registration Statement No. 333-_____**") for the registration under the Securities Act of 1933, as amended (the "**Securities Act**"), of an unspecified aggregate amount of [insert description of securities registered]. Such registration statement has become effective and no stop order suspending such effectiveness has been issued under the Securities Act and no proceedings for that purpose have been instituted or are pending or, to the knowledge of FPL, threatened by the Commission. (i) The execution and delivery of this agreement and the consummation of the transactions herein contemplated by FPL, the fulfillment of the terms hereof on the part of FPL to be fulfilled, and the compliance by FPL with all the terms and provisions of the Mortgage will not result in a breach of any of the terms or provisions of, or constitute a default under, FPL's Restated Articles of Incorporation, its Amended and Restated Bylaws or any indenture, mortgage, deed of trust or other agreement or instrument to which FPL or any of its subsidiaries is now a party, or violate any law or any order, rule, decree or regulation applicable to FPL or any of its subsidiaries of any federal or state court, regulatory board or body or administrative agency having jurisdiction over FPL or any of its subsidiaries or any of their respective property, except where such breach, default or violation would not have a material adverse effect on the business, properties or financial condition of FPL and its subsidiaries taken as a whole.

4. Purchase and Sale. Subject to the terms and conditions in this agreement (including the representations and warranties herein contained), FPL agrees to sell to the respective Underwriters named in *Schedule II* hereto, severally and not jointly, and the respective Underwriters agree, severally and not jointly, to purchase from FPL for an aggregate purchase price of $_____, the respective principal amount of the Bonds [of each series] set forth opposite their respective names in *Schedule II* hereto.

The Underwriters agree to make a *bona fide* public offering of the Bonds as set forth in the Pricing Disclosure Package, such public offering to be made as soon after the execution of this agreement as practicable, subject, however, to the terms and conditions of this agreement. The Underwriters have advised FPL that the Bonds will be offered to the public at the amount per Bond [of each series] as set forth in *Schedule I* hereto as the Price to Public with respect to the Bonds [of each series] and to certain dealers selected by the Representatives at a price which represents a concession. Such dealers' concession may not be in excess of _____% of the principal amount per Bond [of each series].

Each Underwriter agrees that (i) no information that is presented by it to investors has been or will be inconsistent with the information contained in the Pricing Disclosure Package as it may then be amended or supplemented and (ii) it will make no offer that would constitute a Free Writing Prospectus that is required to be filed by FPL pursuant to Rule 433 other than an Issuer Free Writing Prospectus in accordance with *Section 6(h)* hereof. References to the term "**Free Writing Prospectus**" means a free writing prospectus as defined in Rule 405.

5. Time, Date and Place of Closing, Default of the Underwriters. Delivery of the Bonds [of each series] and payment therefor by wire transfer in federal funds shall be made at 9:00 A.M., New York City time, on the settlement date set forth on *Schedule I*, at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, or at such other time, date or place as may be agreed upon in writing by FPL and the Representatives. The time and date of such delivery and payment are herein called the "**Closing Date**."

The Bonds will be issued in the form of one or more global certificates in fully registered form. The Bonds shall be delivered to the Representatives for the respective accounts of the Underwriters against payment by the several Underwriters through the Representatives of the purchase price therefor. Delivery of the Bonds shall be made through the facilities of DTC unless FPL and the Representatives shall otherwise agree. For the purpose of expediting the checking of the Bonds by the Representatives on behalf of the Underwriters, FPL (if delivery of the Bonds shall be made otherwise than through the facilities of DTC) agrees to make such Bonds available to the Representatives for such purpose at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, not later than 2:00 P.M., New York City time, on the business day preceding the Closing Date, or at such other time, date or place as may be agreed upon by FPL and the Representatives.

If any Underwriter shall fail to purchase and pay for the principal amount of the Bonds [of each series] which such Underwriter has agreed to purchase and pay for hereunder (otherwise than by reason of any failure on the part of FPL to comply with any of the provisions contained herein), the non-defaulting Underwriters shall be obligated to purchase and pay for (in addition to the respective principal amount of the Bonds [of each series] set forth opposite their respective names in *Schedule II* hereto) the principal amount of the Bonds [of each series] which such defaulting Underwriter or Underwriters failed to purchase and pay for, up to a principal amount thereof equal to, in the case of each such remaining Underwriter, ten percent (10%) of the aggregate principal amount of the Bonds [of the series as to which there is a default and which are] set forth opposite the name of each such remaining Underwriter in said *Schedule II*, and such remaining Underwriters shall have the right, within 24 hours of receipt of such notice, either to (i) purchase and pay for (in such proportion as may be agreed upon among them) the remaining principal amount of the Bonds [of each series] which the defaulting Underwriter or Underwriters agreed but failed to purchase, or (ii) substitute another Underwriter or Underwriters, satisfactory to FPL, to purchase and pay for the remaining principal amount of the Bonds [of each series] which the defaulting Underwriter or Underwriters agreed but failed to purchase. If any of the Bonds would still remain unpurchased, then FPL shall be entitled to a further period of 24 hours within which to procure another party or other parties that (i) are members of the Financial Industry Regulatory Authority, Inc. or else are not eligible for membership in said Authority but who agree (A) to make no sales within the United States, its territories or its possessions or to persons who are citizens thereof or residents therein and (B) in making sales to comply with said Authority's Conduct Rules, and (ii) are satisfactory to the Representatives to purchase such Bonds on the terms herein set forth. In the event that, within the respective prescribed periods, (i) the non-defaulting Underwriters notify FPL that they have arranged for the purchase of such Bonds or (ii) FPL notifies the non-defaulting Underwriters that it has arranged for the purchase of such Bonds, the non-defaulting Underwriters or FPL shall have the right to postpone the Closing Date for a period of not more than three full business days beyond the expiration of the respective prescribed periods in order to effect whatever changes may thus be made necessary in the Registration Statement, the Prospectus or in any other documents or arrangements. In the event that neither the non-defaulting Underwriters nor FPL has arranged for the purchase of such Bonds by another party or parties as above provided, then

this agreement shall terminate without any liability on the part of FPL or any Underwriter (other than an Underwriter which shall have failed or refused, otherwise than for some reason sufficient to justify, in accordance with the terms hereof, the cancellation or termination of its obligations hereunder, to purchase and pay for the Bonds which such Underwriter has agreed to purchase as provided in *Section 4* hereof), except as otherwise provided in *Section 6(d)*, *Section 6(f)* and *Section 9* hereof.

6. Covenants of FPL. FPL agrees with the several Underwriters that:

(a) FPL will timely file the Prospectus and any preliminary prospectus supplement used in connection with the offering of the Bonds with the Commission pursuant to Rule 424. FPL has complied and will comply with Rule 433 in connection with the offering and sale of the Bonds, including applicable provisions in respect of timely filing with the Commission, legending and record-keeping.

(b) FPL will prepare a final term sheet, containing a description of the pricing terms of the Bonds, substantially in the form of *Schedule I* hereto and approved by the Representatives and will timely file such term sheet with the Commission pursuant to Rule 433.

(c) FPL will, upon request, deliver to the Representatives and to Counsel for the Underwriters (as defined below) one signed copy of the Registration Statement or, if a signed copy is not available, one conformed copy of the Registration Statement certified by an officer of FPL to be in the form as originally filed, including all Incorporated Documents and exhibits, except those incorporated by reference, which relate to the Bonds, including a signed or conformed copy of each consent and certificate included therein or filed as an exhibit thereto. As soon as practicable after the date hereof, FPL will deliver or cause to be delivered to the Underwriters through the Representatives as many copies of the Prospectus and any Issuer Free Writing Prospectus as the Representatives may reasonably request for the purposes contemplated by the Securities Act.

(d) FPL has paid or caused to be paid or will pay or cause to be paid all expenses in connection with the (i) preparation and filing of the Registration Statement, any preliminary prospectus supplement, the Prospectus and any Issuer Free Writing Prospectus, (ii) issuance and delivery of the Bonds as provided in *Section 5* hereof, (iii) preparation, execution, filing and recording of the Supplemental Indenture and (iv) printing and delivery to the Representatives for the account of the Underwriters, in reasonable quantities, of copies of the Registration Statement, any preliminary prospectus supplement, the Prospectus, any Issuer Free Writing Prospectus and the Supplemental Indenture. FPL will pay or cause to be paid all taxes, if any (but not including any transfer taxes), on the issuance of the Bonds and recordation of the Supplemental Indenture. FPL shall not, however, be required to pay any amount for any expenses of the Representatives or any of the Underwriters (other than in accordance with the provisions of *Section 9* hereof), except that if this agreement shall be terminated in accordance with the provisions of *Section 7*, *Section 8*, or *Section 10* hereof, FPL will pay or cause to be paid the fees and disbursements of Counsel for the Underwriters, whose

fees and disbursements the Underwriters agree to pay in any other event, and FPL shall reimburse or cause to be reimbursed the Underwriters for out-of-pocket expenses reasonably incurred by them in connection with the transactions contemplated by this agreement, not in excess, however, of an aggregate of $5,000 for such out-of-pocket expenses. FPL shall not in any event be liable to any of the several Underwriters for damages on account of loss of anticipated profits.

(e) During a period of nine months after the date hereof, if any event relating to or affecting FPL shall occur which, in the opinion of FPL, should be set forth in a supplement to or an amendment to the Prospectus (including an Issuer Free Writing Prospectus) in order to make the Prospectus, in the light of the circumstances pertaining when it is delivered to a purchaser, not misleading, FPL will forthwith at its expense prepare, file with the Commission, if required, and furnish to the Representatives a reasonable number of copies of such supplement or supplements or amendment or amendments to the Prospectus (including an Issuer Free Writing Prospectus) which will supplement or amend the Prospectus so that as supplemented or amended it will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances pertaining when the Prospectus is delivered to a purchaser, not misleading; provided that should such event relate solely to activities of any of the Underwriters, then the Underwriters shall assume the expense of preparing and furnishing copies of any such amendment or supplement. In case any Underwriter is required to deliver a Prospectus after the expiration of nine months after the date hereof, FPL upon the request of the Representatives will furnish to the Representatives, at the expense of such Underwriter, a reasonable quantity of a supplemented or amended Prospectus or supplements or amendments to the Prospectus complying with Section 10 of the Securities Act.

(f) FPL will furnish such proper information as may be lawfully required and otherwise cooperate in qualifying the Bonds for offer and sale under the blue sky laws of such United States jurisdictions as the Representatives may designate and will pay or cause to be paid filing fees and expenses (including fees of counsel not to exceed $5,000 and reasonable disbursements of counsel), provided that FPL shall not be required to qualify as a foreign corporation or dealer in securities, or to file any consents to service of process under the laws of any jurisdiction, or to meet other requirements deemed by FPL to be unduly burdensome.

(g) FPL will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders (including holders of the Bonds) as soon as practicable an earnings statement (which need not be audited, unless required so to be under Section 11(a) of the Securities Act) for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the Securities Act.

(h) Prior to the termination of the offering of the Bonds, FPL will not file any amendment to the Registration Statement or any amendment or supplement to the Prospectus or any amendment or supplement to the Pricing Disclosure Package without prior notice to the Representatives and to Hunton Andrews Kurth LLP, who are acting as

counsel for the several Underwriters ("**Counsel for the Underwriters**"), or any such amendment or supplement to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters. FPL has not made any offer relating to the Bonds that would constitute an Issuer Free Writing Prospectus or that would otherwise constitute a Free Writing Prospectus required to be filed by FPL with the Commission or retained by FPL pursuant to Rule 433, other than a pricing term sheet substantially in the form as set forth on *Schedule I*, and FPL will not make any such offer without prior notice to the Representatives and to Counsel for the Underwriters, or any such offer to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters.

(i) FPL will advise the Representatives promptly of the filing of the Prospectus pursuant to Rule 424, of the filing of any material pursuant to Rule 433 and of any amendment or supplement to the Pricing Disclosure Package or the Registration Statement or, prior to the termination of the offering of the Bonds, of official notice of the institution of proceedings for, or the entry of, a stop order suspending the effectiveness of the Registration Statement, of receipt from the Commission of any notice of objection to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act, and, if such a stop order should be entered, or notice of objection should be received, use every commercially reasonable effort to obtain the prompt removal thereof.

(j) If there occurs an event or development as a result of which the Pricing Disclosure Package would include an untrue statement of a material fact or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances then pertaining, not misleading, FPL promptly will notify the Representatives so that any use of the Pricing Disclosure Package may cease until it is amended or supplemented.

(k) On or before the Closing Date, FPL will, if applicable, cause (i) at least one counterpart of the Supplemental Indenture to be duly recorded in the States of Florida, Georgia and Mississippi and (ii) all intangible and documentary stamp taxes due in connection with the issuance of the Bonds and the recording of the Supplemental Indenture to be paid. Within 30 days following the Closing Date, FPL will, if applicable, cause the Supplemental Indenture to be duly recorded in all other counties in which property of FPL which is subject to the lien of the Mortgage is located.

(l) All the property to be subjected to the lien of the Mortgage will be adequately described therein.

7. Conditions of Underwriters' Obligations to Purchase and Pay for the Bonds. The several obligations of the Underwriters to purchase and pay for the Bonds shall be subject to the performance by FPL of its obligations to be performed hereunder on or prior to the Closing Date and to the following conditions:

(a) The representations and warranties made by FPL herein and qualified by materiality shall be true and correct in all respects and the representations and warranties made by FPL herein that are not qualified by materiality shall be true and correct in all material respects as of the Closing Date, in each case, as if made on and as of such date and the Representatives shall have received, prior to payment for the Bonds, a certificate from FPL dated the Closing Date and signed by an officer of FPL to that effect.

(b) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by FPL and not removed by the Closing Date; and the Representatives shall have received, prior to payment for the Bonds, a certificate from FPL dated the Closing Date and signed by an officer of FPL to the effect that, to the best of his or her knowledge, no such orders are in effect, no proceedings for either such purpose are pending before, or to the knowledge of FPL threatened by, the Commission, and no such notice of objection has been received and not removed.

(c) On the Closing Date, there shall be in full force and effect an authorization of the Florida Public Service Commission with respect to the issuance and sale of the Bonds on the terms herein stated or contemplated, and containing no provision unacceptable to the Representatives by reason of the fact that it is materially adverse to FPL, it being understood that no authorization provided to Counsel for the Underwriters and in effect at the date hereof contains any such unacceptable provision.

(d) On the Closing Date, the Representatives shall have received from Squire Patton Boggs (US) LLP, counsel to FPL, Morgan, Lewis & Bockius LLP, counsel to FPL, and Hunton Andrews Kurth LLP, Counsel for the Underwriters, opinions (with a copy for each of the Underwriters) in substantially the form and substance prescribed in *Schedule IV*, *Schedule V*, and *Schedule VI* hereto (i) with such changes therein as may be agreed upon by FPL and the Representatives, with the approval of Counsel for the Underwriters, and (ii) if the Prospectus relating to the Bonds shall be supplemented or amended after the Prospectus shall have been filed with the Commission pursuant to Rule 424, with any changes therein necessary to reflect such supplementation or amendment.

(e) On the date hereof and on the Closing Date, the Representatives shall have received from Deloitte & Touche LLP a letter or letters (which may refer to letters previously delivered to the Representatives) (with copies thereof for each of the Underwriters) dated the respective dates of delivery thereof to the effect that (i) they are an independent registered public accounting firm with respect to FPL within the meaning of the Securities Act and the Exchange Act and the applicable published rules and regulations thereunder; (ii) in their opinion, the consolidated financial statements of FPL audited by them and incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act

and the published rules and regulations thereunder; (iii) on the basis of performing a review of interim financial information as described in the Public Company Accounting Oversight Board (United States) ("**PCAOB**") AS 4105, Reviews of Interim Financial Information, on the unaudited [condensed] consolidated financial statements of FPL, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, a reading of the latest available interim unaudited [condensed] consolidated financial statements of FPL, if any, since the close of FPL's most recent audited fiscal year, a reading of the minutes and consents of the Board of Directors, the Finance Committee of the Board of Directors and the Stock Issuance Committee of the Board of Directors and of the sole common shareholder of FPL since the end of the most recent audited fiscal year, and inquiries of officials of FPL who have responsibility for financial and accounting matters (it being understood that the foregoing procedures do not constitute an audit made in accordance with standards of the PCAOB and they would not necessarily reveal matters of significance with respect to the comments made in such letter, and accordingly that Deloitte & Touche LLP makes no representation as to the sufficiency of such procedures for the several Underwriters' purposes), nothing has come to their attention which caused them to believe that (a) the unaudited [condensed] consolidated financial statements of FPL, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, (1) do not comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder and (2) except as disclosed in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, are not in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements of FPL incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable; (b) at the date of the latest available interim balance sheet read by them and at a specified date not more than five days prior to the date of such letter, there was any change in the common stock or additional paid-in capital or increase in the preferred stock or long-term debt including current maturities and excluding fair value swaps, if any, and unamortized premium and discount on long-term debt of FPL and its subsidiaries, or decrease in common shareholder's equity of FPL and its subsidiaries, in each case as compared with amounts shown in the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, except in all instances for changes, increases or decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or as occasioned by the declaration, provision for, or payment of dividends, or which are described in such letter; or (c) for the period from the date of the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, to the latest available interim balance sheet read by them and for the period from the date of the latest available interim balance sheet read by them to a specified date not more than five days prior to the date of such letter, there were any decreases, as compared with the corresponding period in the preceding year, in total consolidated operating revenues or in net income, except in all instances for decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may

occur, or which are described in such letter; and (iv) they have carried out certain procedures and made certain findings, as specified in such letter, with respect to certain amounts included in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, and such other items as the Representatives may reasonably request.

(f) Since the respective most recent times as of which information is given in the Pricing Disclosure Package, and up to the Closing Date, (i) there shall have been no material adverse change in the business, properties or financial condition of FPL and its subsidiaries taken as a whole, except as disclosed in or contemplated by the Pricing Disclosure Package, and (ii) there shall have been no transaction entered into by FPL or any of its subsidiaries that is material to FPL and its subsidiaries taken as a whole, other than transactions disclosed in or contemplated by the Pricing Disclosure Package, and transactions in the ordinary course of business; and at the Closing Date the Representatives shall have received a certificate to such effect from FPL signed by an officer of FPL.

(g) All legal proceedings to be taken in connection with the issuance and sale of the Bonds shall have been satisfactory in form and substance to Counsel for the Underwriters.

In case any of the conditions specified above in this *Section 7* shall not have been fulfilled, this agreement may be terminated by the Representatives upon mailing or delivering written notice thereof to FPL. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 6(d)* and *Section 6(f)* hereof.

8. Conditions of FPL's Obligations. The obligation of FPL to deliver the Bonds shall be subject to the following conditions:

(a) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by FPL and not removed by the Closing Date.

(b) On the Closing Date, there shall be in full force and effect an authorization of the Florida Public Service Commission with respect to the issuance and sale of the Bonds on the terms herein stated or contemplated, and containing no provision unacceptable to FPL by reason of the fact that it is materially adverse to FPL, it being understood that no authorization in effect at the date hereof contains any such unacceptable provision.

In case the conditions specified above in this *Section 8* shall not have been fulfilled, this agreement may be terminated by FPL upon mailing or delivering written notice thereof to the Representatives. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 6(d)* and *Section 6(f)* hereof.

9. Indemnification.

(a) FPL agrees to indemnify and hold harmless each Underwriter, each officer and director of each Underwriter and each person (a "**Controlling Person**") who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law and to reimburse each such Underwriter, officer, director and Controlling Person for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, including all Incorporated Documents, or in the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the indemnity agreement contained in this *Section 9(a)* shall not apply to any such losses, claims, damages, liabilities, expenses or actions arising out of, or based upon, any such untrue statement or alleged untrue statement, or any such omission or alleged omission, if such statement or omission was made in reliance upon and in conformity with information furnished in writing, to FPL by or on behalf of any Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof, or arising out of, or based upon, statements in or omissions from the Statements of Eligibility; and *provided, further*, that the indemnity agreement contained in this *Section 9(a)* in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus shall not inure to the benefit of any Underwriter (or of any officer or director or Controlling Person of such Underwriter) on account of any such losses, claims, damages, liabilities, expenses or actions arising from the sale of the Bonds [of any series] to any person in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, each as may be then supplemented or amended, furnished by such Underwriter to a person to whom any of the Bonds were sold (excluding in all cases, however, any document then incorporated by reference therein), insofar as such indemnity relates to any untrue or misleading statement made in or omission from such preliminary prospectus supplement, Pricing Prospectus, Issuer Free Writing Prospectus or Prospectus, if a copy of a supplement or amendment to such preliminary prospectus supplement, Pricing Prospectus, Prospectus or Issuer Free Writing Prospectus (excluding in all cases, however, any document then incorporated by reference therein) (i) is furnished on a timely basis by FPL to the Underwriter, (ii) is required by law or regulation to have been conveyed to such person by or on behalf of such Underwriter, at

or prior to the entry into the contract of sale of the Bonds with such person, but was not so conveyed (which conveyance may be oral or written) by or on behalf of such Underwriter and (iii) would have cured the defect giving rise to such loss, claim, damage or liability. The indemnity agreement of FPL contained in this *Section 9(a)* and the representations and warranties of FPL contained in *Section 3* hereof shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Bonds [of any series]. Each Underwriter agrees promptly to notify FPL, and each other Underwriter, of the commencement of any litigation or proceedings against the notifying Underwriter, or any of its officers, directors or Controlling Persons, in connection with the issuance and sale of the Bonds [of any series].

(b) Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless FPL, its officers and directors, and each person who controls FPL within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading if such statement or omission was made in reliance upon and in conformity with information furnished in writing to FPL by or on behalf of such Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof. The Underwriters hereby furnish to FPL in writing, expressly for use in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus and any Issuer Free Writing Prospectus, the following: [insert information provided by the Underwriters]. FPL acknowledges that the statements identified in the preceding [___] sentence[s] constitute the only information furnished in writing by or on behalf of the several Underwriters expressly for inclusion in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus. The respective indemnity agreement of each Underwriter contained in this *Section 9(b)* shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of FPL or any of its officers or directors or any person who controls FPL within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, or by or on behalf of any other Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Bonds [of each series]. FPL agrees promptly to notify the Representatives of the commencement of any litigation or proceedings against FPL (or any of its controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of its officers or directors in connection with the issuance and sale of the Bonds [of any series].

(c) FPL and each of the several Underwriters each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section 9*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided*, *however*, if the defendants in any such action include both the indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). FPL and each of the several Underwriters each agree that without the prior written consent of the other parties to such action who are parties to this agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section 9*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section 9(a)* or *Section 9(b)* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section 9(a)* or *Section 9(b)* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of

FPL on the one hand and the Underwriters on the other hand in connection with the statements or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by FPL on the one hand and the Underwriters on the other hand from the offering of the Bonds pursuant to this agreement, and (iii) any other relevant equitable considerations; *provided*, *however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by FPL or the Underwriters and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. FPL and each of the Underwriters each agree that it would not be just and equitable if contribution pursuant to this *Section 9(d)* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section 9(d)*, no Underwriter shall be required to contribute in excess of the amount equal to the excess of (i) the total price at which the Bonds underwritten by it were offered to the public, over (ii) the amount of any damages which such Underwriter has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Underwriter to contribute pursuant to this *Section 9(d)* are several and not joint and shall be in the same proportion as such Underwriter's obligation to underwrite the Bonds [of the series with respect to which contribution is sought] is to the total principal amount of the Bonds [of such series] set forth in *Schedule II* hereto.

10. Termination. This agreement may be terminated by the Representatives by delivering written notice thereof to FPL, at any time prior to the Closing Date, if after the date hereof and at or prior to the Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on The New York Stock Exchange LLC (the "**NYSE**") or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of FPL shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Bonds [of any series] as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Bonds [of any series]; or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Bonds [of any series] or any securities of FPL which are of the same class as the Bonds by either [Moody's Investors Service, Inc. ("**Moody's**")] or [S&P Global Ratings, a division of S&P Global Inc. ("**S&P**")], or (ii) either [Moody's] or [S&P] shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Bonds [of any series] or any securities of FPL which are of the same class as the Bonds [of any series], the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Bonds [of any series] as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Bonds [of any series].

This agreement may also be terminated at any time prior to the Closing Date if in the judgment of the Representatives the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by FPL after the date hereof reflects a material adverse change in the business, properties or financial condition of FPL and its subsidiaries taken as a whole which renders it either inadvisable to proceed with such offering, if any, or inadvisable to proceed with the delivery of the Bonds [of any series] to be purchased hereunder. Any termination of this agreement pursuant to this *Section 10* shall be without liability of any party to any other party except as otherwise provided in *Section 6(d)* and *Section 6(f)* hereof.

11. Miscellaneous.

(a) The validity and interpretation of this agreement shall be governed by the laws of the State of New York without regard to conflicts of law principles thereunder. This agreement shall inure to the benefit of, and be binding upon, FPL, the several Underwriters and, with respect to the provisions of *Section 9* hereof, each officer, director or controlling person referred to in said *Section 9*, and their respective successors. Nothing in this agreement is intended or shall be construed to give to any other person or entity any legal or equitable right, remedy or claim under or in respect of this agreement or any provision herein contained. The term "successors" as used in this agreement shall not include any purchaser, as such purchaser, of any Bonds from any of the several Underwriters.

(b) FPL acknowledges and agrees that the Underwriters are acting solely in the capacity of arm's length contractual counterparties to FPL with respect to the offering of the Bonds as contemplated by this agreement and not as financial advisors or fiduciaries to FPL in connection herewith. Additionally, none of the Underwriters is advising FPL as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction in connection with the offering of the Bonds as contemplated by this agreement. Any review by the Underwriters of FPL in connection with the offering of the Bonds contemplated by this agreement and the transactions contemplated by this agreement will not be performed on behalf of FPL.

12. Notices. All communications hereunder shall be in writing and, if to the Underwriters, shall be mailed or delivered to the Representatives at the address set forth in *Schedule II* hereto, or, if to FPL, shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer.

13. Counterparts. This agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument. Electronic signatures complying with the New York Electronic Signatures and Records Act (N.Y. State Tech. §§ 301-309), as amended from time to time, or other applicable law will be deemed original signatures for purposes of this agreement. Transmission by telecopy, electronic mail or other transmission method of an executed counterpart of this agreement will constitute due and sufficient delivery of such counterpart.

14. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this agreement, and any interest and obligation in or under this agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this agreement were governed by the laws of the United States or a state of the United States.

(c) For purpose of this *Section 14*, (A) the term **"BHC Act Affiliate"** has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (B) the term **"Covered Entity"** means any of the following: (1) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (2) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (3) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (C) the term **"Default Rights"** has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (D) the term **"U.S. Special Resolution Regime"** means each of (1) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (2) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

If the foregoing correctly sets forth our understanding, please indicate your acceptance on behalf of the Underwriters in the space provided below for that purpose, whereupon this letter and your acceptance on behalf of the Underwriters shall constitute a binding agreement between FPL and the Underwriters.

Very truly yours,

To the Representatives named in Schedule II
hereto, on behalf of the Underwriters
named in Schedule II hereto

Ladies and Gentlemen:

1. Introductory. Florida Power & Light Company, a Florida corporation ("**FPL**"), proposes to issue and sell its debt securities of the series designation[s], with the terms and in the principal amount[s] specified in *Schedule I* hereto (the "**Notes**"). FPL hereby confirms its agreement with the several Underwriters (as defined below) as set forth herein.

The term "**Underwriters**" as used herein shall be deemed to mean the entity or several entities named in *Schedule II* hereto and any underwriter substituted as provided in *Section 5* hereof, and the term "**Underwriter**" shall be deemed to mean one of such Underwriters. If the entity or entities listed as a Representative in *Schedule II* hereto (the "**Representatives**") are the same as the entity or entities listed as Underwriters in *Schedule II* hereto, then the terms "**Underwriters**" and "**Representatives**," as used herein, shall each be deemed to refer to such entity or entities. The Representatives represent that they have been authorized by each Underwriter to enter into this agreement on behalf of such Underwriter and to act for it in the manner herein provided. All obligations of the Underwriters hereunder are several and not joint. If more than one entity is named as a Representative in *Schedule II* hereto, any action under or in respect of this agreement may be taken by such entities jointly as the Representatives or by one of the entities acting on behalf of the Representatives and such action will be binding upon all the Underwriters.

2. Description of Notes. The Notes [of each series] will be a series of notes issued by FPL pursuant to the Indenture [(For Unsecured Debt Securities)] [_____], dated as of [November 1, 2017] [_____], between FPL and The Bank of New York Mellon, as trustee ("**Trustee**"), a copy of which Indenture [has been heretofore] [will be] delivered to the Representatives (together with any amendments or supplements thereto, the "**Indenture**").

1 Securities to be designated as debentures if debt securities are subordinated.

3. Representations and Warranties of FPL. FPL represents and warrants to the several Underwriters that:

(a) FPL has filed with the Securities and Exchange Commission (the "**Commission**") a joint registration statement with NextEra Energy, Inc., a Florida corporation ("**NEE**"), and NextEra Energy Capital Holdings, Inc., a Florida corporation ("**NEE Capital**"), on Form S-3 (Registration Statement Nos. 333-_____, 333-_____-01 and 333-_____-02) ("**Registration Statement No. 333-_____**") for the registration under the Securities Act of 1933, as amended (the "**Securities Act**"), of an unspecified aggregate amount of [insert description of securities registered]. Such registration statement has become effective and no stop order suspending such effectiveness has been issued under the Securities Act and no proceedings for that purpose have been instituted or are pending or, to the knowledge of FPL, threatened by the Commission. References herein to the term "**Registration Statement**" (i) as of any given time means Registration Statement No. 333-_____, as amended or supplemented to such time, including all documents incorporated by reference therein as of such time pursuant to Item 12 of Form S-3 ("**Incorporated Documents**") and any prospectus, preliminary prospectus supplement or prospectus supplement relating to the Notes (any reference to any preliminary prospectus supplement or any prospectus supplement shall be understood to include the Base Prospectus (as defined below)) deemed to be a part thereof as of such time pursuant to Rule 430B under the Securities Act ("**Rule 430B**") that has not been superseded or modified as of such time and (ii) without reference to any given time means the Registration Statement as of ____ [A.M./P.M.], New York City time, on [_____] [the date hereof] (which date and time is the earlier of the date and time of (A) the first use of the preliminary prospectus supplement relating to the Notes and (B) the first contract of sale of the Notes), which time shall be considered the "Effective Date" of the Registration Statement. For purposes of the definition of Registration Statement in the preceding sentence, information contained in any prospectus, preliminary prospectus supplement or prospectus supplement that is deemed retroactively to be a part of the Registration Statement pursuant to Rule 430B shall be considered to be included in the Registration Statement as of the time specified in Rule 430B. References herein to the term "**Pricing Prospectus**" means (i) the prospectus relating to FPL forming a part of Registration Statement No. 333-_____, including all Incorporated Documents (the "**Base Prospectus**"), and (ii) any prospectus, preliminary prospectus supplement or prospectus supplement relating to the Notes deemed to be a part of the Registration Statement that has not been superseded or modified (for purposes of the definition of Pricing Prospectus with respect to a particular offering of the Notes, information contained in a prospectus, preliminary prospectus supplement or prospectus supplement relating to the Notes that is deemed retroactively to be a part of the Registration Statement pursuant to Rule 430B shall be considered to be included in the Pricing Prospectus as of the time that prospectus, preliminary prospectus supplement or prospectus supplement is filed with the Commission pursuant to Rule 424 under the Securities Act ("**Rule 424**")). References herein to the term "Prospectus" means the Pricing Prospectus that discloses the public offering price and other final terms of the Notes and otherwise satisfies Section 10(a) of the Securities Act.

The prospectus supplement relating to the Notes proposed to be filed pursuant to Rule 424 shall be substantially in the form delivered to the Representatives prior to the execution of this agreement. Each of the Underwriters acknowledges that on or subsequent to the Closing Date (as defined in *Section 5* hereof), FPL may file a post-effective amendment to the Registration Statement pursuant to Rule 462(d) under the Securities Act or a Current Report on Form 8-K in order to file one or more unqualified opinions of counsel and any documents executed in connection with the offering of the Notes.

(b) The Registration Statement constitutes an "automatic shelf registration statement" (as defined in Rule 405 under the Securities Act ("**Rule 405**")) filed within three years of the date hereof; the Registration Statement became effective upon filing; no notice of objection of the Commission with respect to the use of the Registration Statement pursuant to Rule 401(g)(2) under the Securities Act has been received by FPL and not removed; and, with respect to the Notes, FPL is a "well-known seasoned issuer" within the meaning of subparagraph (1)(ii) of the definition of "well-known seasoned issuer" in Rule 405 and is not an "ineligible issuer" (as defined in Rule 405).

(i) The execution and delivery of this agreement and the consummation of the transactions herein contemplated by FPL, the fulfillment of the terms hereof on the part of FPL to be fulfilled, and the compliance by FPL with all the terms and provisions of the Indenture will not result in a breach of any of the terms or provisions of, or constitute a default under, FPL's Restated Articles of Incorporation, its Amended and Restated Bylaws or any indenture, mortgage, deed of trust or other agreement or instrument to which FPL or any of its subsidiaries is now a party, or violate any law or any order, rule, decree or regulation applicable to FPL or any of its subsidiaries of any federal or state court, regulatory board or body or administrative agency having jurisdiction over FPL or any of its subsidiaries or any of their respective property, except where such breach, default or violation would not have a material adverse effect on the business, properties or financial condition of FPL and its subsidiaries taken as a whole.

4. Purchase and Sale. Subject to the terms and conditions in this agreement (including the representations and warranties herein contained), FPL agrees to sell to the respective Underwriters named in *Schedule II* hereto, severally and not jointly, and the respective Underwriters agree, severally and not jointly, to purchase from FPL for an aggregate purchase price of $_____, the respective principal amount of the Notes [of each series] set forth opposite their respective names in *Schedule II* hereto.

The Underwriters agree to make a *bona fide* public offering of the Notes, as set forth in the Pricing Disclosure Package, such public offering to be made as soon after the execution of this agreement as practicable, subject, however, to the terms and conditions of this agreement. The Underwriters have advised FPL that the Notes will be offered to the public at the amount per Note [of each series] as set forth in *Schedule I* hereto as the Price to Public with respect to the Notes [of each series] and to certain dealers selected by the Representatives at a price which represents a concession. Such dealers' concession may not be in excess of _____% of the principal amount per Note [of each series].

Each Underwriter agrees that (i) no information that is presented by it to investors has been or will be inconsistent with the information contained in the Pricing Disclosure Package as it may then be amended or supplemented and (ii) it will make no offer that would constitute a Free Writing Prospectus that is required to be filed by FPL pursuant to Rule 433 other than an Issuer Free Writing Prospectus in accordance with *Section 6(h)* hereof. References to the term "**Free Writing Prospectus**" means a free writing prospectus as defined in Rule 405.

5. Time, Date and Place of Closing, Default of the Underwriters. Delivery of the Notes [of each series] and payment therefor by wire transfer in federal funds shall be made at 9:00 A.M., New York City time, on the settlement date set forth on *Schedule I*, at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, or at such other time, date or place as may be agreed upon in writing by FPL and the Representatives. The time and date of such delivery and payment are herein called the "**Closing Date**."

The Notes will be issued in the form of one or more global certificates in fully registered form. The Notes shall be delivered to the Representatives for the respective accounts of the Underwriters against payment by the several Underwriters through the Representatives of the purchase price therefor. Delivery of the Notes shall be made through the facilities of DTC unless FPL and the Representatives shall otherwise agree. For the purpose of expediting the checking of the Notes by the Representatives on behalf of the Underwriters, FPL (if delivery of the Notes shall be made otherwise than through the facilities of DTC) agrees to make such Notes available to the Representatives for such purpose at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, not later than 2:00 P.M., New York City time, on the business day preceding the Closing Date, or at such other time, date or place as may be agreed upon by FPL and the Representatives.

If any Underwriter shall fail to purchase and pay for the principal amount of the Notes [of each series] which such Underwriter has agreed to purchase and pay for hereunder (otherwise than by reason of any failure on the part of FPL to comply with any of the provisions contained herein), the non-defaulting Underwriters shall be obligated to purchase and pay for (in addition to the respective principal amount of the Notes [of each series] set forth opposite their respective names in *Schedule II* hereto) the principal amount of the Notes [of each series] which such defaulting Underwriter or Underwriters failed to purchase and pay for, up to a principal amount thereof equal to, in the case of each such remaining Underwriter, ten percent (10%) of the aggregate principal amount of the Notes [of the series as to which there is a default and which are] set forth opposite the name of each such remaining Underwriter in said *Schedule II*, and such remaining Underwriters shall have the right, within 24 hours of receipt of such notice, either to (i) purchase and pay for (in such proportion as may be agreed upon among them) the remaining principal amount of the Notes [of each series] which the defaulting Underwriter or Underwriters agreed but failed to purchase, or (ii) substitute another Underwriter or Underwriters, satisfactory to FPL, to purchase and pay for the remaining principal amount of the Notes [of each series] which the defaulting Underwriter or Underwriters agreed but failed to purchase. If any of the Notes would still remain unpurchased, then FPL shall be entitled to a further period of 24 hours within which to procure another party or other parties that (i) are members of the Financial Industry Regulatory Authority, Inc. or else are not eligible for membership in said Authority but who agree (A) to make no sales within the United States, its territories or its possessions or to persons who are citizens thereof or residents therein and (B) in making sales to comply with said Authority's Conduct Rules, and (ii) are satisfactory to the Representatives to purchase such Notes on the terms herein set forth. In the event that, within the respective prescribed periods, (i) the non-defaulting Underwriters notify FPL that they have arranged for the purchase of such Notes or (ii) FPL notifies the non-defaulting Underwriters that it has arranged for the purchase of such Notes, the non-defaulting Underwriters or FPL shall have the right to postpone the Closing Date for a period of not more than three full business days beyond the expiration of the respective prescribed periods in order to effect whatever changes may thus be made necessary in the Registration Statement, the Prospectus or in any other documents or arrangements. In the event that neither the non-defaulting Underwriters nor FPL has arranged for the purchase of such Notes by another party or parties as above provided, then

this agreement shall terminate without any liability on the part of FPL or any Underwriter (other than an Underwriter which shall have failed or refused, otherwise than for some reason sufficient to justify, in accordance with the terms hereof, the cancellation or termination of its obligations hereunder, to purchase and pay for the Notes which such Underwriter has agreed to purchase as provided in *Section 4* hereof), except as otherwise provided in *Section 6(d)*, *Section 6(f)* and *Section 9* hereof.

6. Covenants of FPL. FPL agrees with the several Underwriters that:

(a) FPL will timely file the Prospectus and any preliminary prospectus supplement used in connection with the offering of the Notes with the Commission pursuant to Rule 424. FPL has complied and will comply with Rule 433 in connection with the offering and sale of the Notes, including applicable provisions in respect of timely filing with the Commission, legending and record-keeping.

(b) FPL will prepare a final term sheet, containing a description of the pricing terms of the Notes, substantially in the form of *Schedule I* hereto and approved by the Representatives and will timely file such term sheet with the Commission pursuant to Rule 433.

(c) FPL will, upon request, deliver to the Representatives and to Counsel for the Underwriters (as defined below) one signed copy of the Registration Statement or, if a signed copy is not available, one conformed copy of the Registration Statement certified by an officer of FPL to be in the form as originally filed, including all Incorporated Documents and exhibits, except those incorporated by reference, which relate to the Notes, including a signed or conformed copy of each consent and certificate included therein or filed as an exhibit thereto. As soon as practicable after the date hereof, FPL will deliver or cause to be delivered to the Underwriters through the Representatives as many copies of the Prospectus and any Issuer Free Writing Prospectus as the Representatives may reasonably request for the purposes contemplated by the Securities Act.

(d) FPL has paid or caused to be paid or will pay or cause to be paid all expenses in connection with the (i) preparation and filing of the Registration Statement, any preliminary prospectus supplement, the Prospectus and any Issuer Free Writing Prospectus, (ii) issuance and delivery of the Notes as provided in *Section 5* hereof, and (iii) printing and delivery to the Representatives for the account of the Underwriters, in reasonable quantities, of copies of the Registration Statement, any preliminary prospectus supplement, the Prospectus, any Issuer Free Writing Prospectus and the Indenture. FPL will pay or cause to be paid all taxes, if any (but not including any transfer taxes), on the issuance of the Notes. FPL shall not, however, be required to pay any amount for any expenses of the Representatives or any of the Underwriters (other than in accordance with the provisions of *Section 9* hereof), except that if this agreement shall be terminated in accordance with the provisions of *Section 7*, *Section 8*, or *Section 10* hereof, FPL will pay or cause to be paid the fees and disbursements of Counsel for the Underwriters, whose fees and disbursements the Underwriters agree to pay in any other event, and FPL shall reimburse or cause to be reimbursed the Underwriters for out-of-pocket expenses reasonably incurred by them in connection with the transactions contemplated by this agreement, not in excess, however, of an aggregate of $5,000 for such out-of-pocket expenses. FPL shall not in any event be liable to any of the several Underwriters for damages on account of loss of anticipated profits.

(e) During a period of nine months after the date hereof, if any event relating to or affecting FPL shall occur which, in the opinion of FPL, should be set forth in a supplement to or an amendment to the Prospectus (including an Issuer Free Writing Prospectus) in order to make the Prospectus, in the light of the circumstances pertaining when it is delivered to a purchaser, not misleading, FPL will forthwith at its expense prepare, file with the Commission, if required, and furnish to the Representatives a reasonable number of copies of such supplement or supplements or amendment or amendments to the Prospectus (including an Issuer Free Writing Prospectus) which will supplement or amend the Prospectus so that as supplemented or amended it will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances pertaining when the Prospectus is delivered to a purchaser, not misleading; *provided* that should such event relate solely to activities of any of the Underwriters, then the Underwriters shall assume the expense of preparing and furnishing copies of any such amendment or supplement. In case any Underwriter is required to deliver a Prospectus after the expiration of nine months after the date hereof, FPL upon the request of the Representatives will furnish to the Representatives, at the expense of such Underwriter, a reasonable quantity of a supplemented or amended Prospectus or supplements or amendments to the Prospectus complying with Section 10 of the Securities Act.

(f) FPL will furnish such proper information as may be lawfully required and otherwise cooperate in qualifying the Notes for offer and sale under the blue sky laws of such United States jurisdictions as the Representatives may designate and will pay or cause to be paid filing fees and expenses (including fees of counsel not to exceed $5,000 and reasonable disbursements of counsel), *provided* that FPL shall not be required to qualify as a foreign corporation or dealer in securities, or to file any consents to service of process under the laws of any jurisdiction, or to meet other requirements deemed by FPL to be unduly burdensome.

(g) FPL will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders (including holders of the Notes) as soon as practicable an earnings statement (which need not be audited, unless required so to be under Section 11(a) of the Securities Act) for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the Securities Act.

(h) Prior to the termination of the offering of the Notes, FPL will not file any amendment to the Registration Statement or any amendment or supplement to the Prospectus or any amendment or supplement to the Pricing Disclosure Package without prior notice to the Representatives and to Hunton Andrews Kurth LLP, who are acting as counsel for the several Underwriters ("**Counsel for the Underwriters**"), or any such amendment or supplement to which the Representatives shall reasonably object in

writing, or which shall be unsatisfactory to Counsel for the Underwriters. FPL has not made any offer relating to the Notes that would constitute an Issuer Free Writing Prospectus or that would otherwise constitute a Free Writing Prospectus required to be filed by FPL with the Commission or retained by FPL pursuant to Rule 433, other than [(1) a preliminary pricing term sheet dated _____ and (2)] a pricing term sheet substantially in the form as set forth on *Schedule I*, and FPL will not make any such offer without prior notice to the Representatives and to Counsel for the Underwriters, or any such offer to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters.

(i) FPL will advise the Representatives promptly of the filing of the Prospectus pursuant to Rule 424, of the filing of any material pursuant to Rule 433 and of any amendment or supplement to the Pricing Disclosure Package or the Registration Statement or, prior to the termination of the offering of the Notes, of official notice of the institution of proceedings for, or the entry of, a stop order suspending the effectiveness of the Registration Statement, of receipt from the Commission of any notice of objection to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act, and, if such a stop order should be entered, or notice of objection should be received, use every commercially reasonable effort to obtain the prompt removal thereof.

(j) If there occurs an event or development as a result of which the Pricing Disclosure Package would include an untrue statement of a material fact or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances then pertaining, not misleading, FPL promptly will notify the Representatives so that any use of the Pricing Disclosure Package may cease until it is amended or supplemented.

7. Conditions of Underwriters' Obligations to Purchase and Pay for the Notes. The several obligations of the Underwriters to purchase and pay for the Notes shall be subject to the performance by FPL of its obligations to be performed hereunder on or prior to the Closing Date and to the following conditions:

(a) The representations and warranties made by FPL herein and qualified by materiality shall be true and correct in all respects and the representations and warranties made by FPL herein that are not qualified by materiality shall be true and correct in all material respects as of the Closing Date, in each case, as if made on and as of such date and the Representatives shall have received, prior to payment for the Notes, a certificate from FPL dated the Closing Date and signed by an officer of FPL to that effect.

(b) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by FPL and not removed by

the Closing Date; and the Representatives shall have received, prior to payment for the Notes, a certificate from FPL dated the Closing Date and signed by an officer of FPL to the effect that, to the best of his or her knowledge, no such orders are in effect, no proceedings for either such purpose are pending before, or to the knowledge of FPL threatened by, the Commission, and no such notice of objection has been received and not removed.

(c) On the Closing Date, there shall be in full force and effect an authorization of the Florida Public Service Commission with respect to the issuance and sale of the Notes on the terms herein stated or contemplated, and containing no provision unacceptable to the Representatives by reason of the fact that it is materially adverse to FPL, it being understood that no authorization provided to Counsel for the Underwriters and in effect at the date hereof contains any such unacceptable provision.

(d) On the Closing Date, the Representatives shall have received from Squire Patton Boggs (US) LLP, counsel to FPL, Morgan, Lewis & Bockius LLP, counsel to FPL, and Hunton Andrews Kurth LLP, Counsel for the Underwriters, opinions (with a copy for each of the Underwriters) in substantially the form and substance prescribed in *Schedule IV*, *Schedule V*, and *Schedule VI* hereto (i) with such changes therein as may be agreed upon by FPL and the Representatives, with the approval of Counsel for the Underwriters, and (ii) if the Prospectus relating to the Notes shall be supplemented or amended after the Prospectus shall have been filed with the Commission pursuant to Rule 424, with any changes therein necessary to reflect such supplementation or amendment.

(e) On the date hereof and on the Closing Date, the Representatives shall have received from Deloitte & Touche LLP a letter or letters (which may refer to letters previously delivered to the Representatives) (with copies thereof for each of the Underwriters) dated the respective dates of delivery thereof to the effect that (i) they are an independent registered public accounting firm with respect to FPL within the meaning of the Securities Act and the Exchange Act and the applicable published rules and regulations thereunder; (ii) in their opinion, the consolidated financial statements of FPL audited by them and incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder; (iii) on the basis of performing a review of interim financial information as described in the Public Company Accounting Oversight Board (United States) ("**PCAOB**") AS 4105, Reviews of Interim Financial Information, on the unaudited [condensed] consolidated financial statements of FPL, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, a reading of the latest available interim unaudited [condensed] consolidated financial statements of FPL, if any, since the close of FPL's most recent audited fiscal year, a reading of the minutes and consents of the Board of Directors, the Finance Committee of the Board of Directors and the Stock Issuance Committee of the Board of Directors and of the sole common shareholder of FPL since the end of the most recent audited fiscal year, and inquiries of officials of FPL who have responsibility for financial and accounting matters (it being understood that the foregoing procedures do

not constitute an audit made in accordance with standards of the PCAOB and they would not necessarily reveal matters of significance with respect to the comments made in such letter, and accordingly that Deloitte & Touche LLP makes no representation as to the sufficiency of such procedures for the several Underwriters' purposes), nothing has come to their attention which caused them to believe that (a) the unaudited [condensed] consolidated financial statements of FPL, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, (1) do not comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder and (2) except as disclosed in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, are not in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements of FPL incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable; (b) at the date of the latest available interim balance sheet read by them and at a specified date not more than five days prior to the date of such letter, there was any change in the common stock or additional paid-in capital or increase in the preferred stock or long-term debt including current maturities and excluding fair value swaps, if any, and unamortized premium and discount on long-term debt of FPL and its subsidiaries, or decrease in common shareholder's equity of FPL and its subsidiaries, in each case as compared with amounts shown in the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, except in all instances for changes, increases or decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or as occasioned by the declaration, provision for, or payment of dividends, or which are described in such letter; or (c) for the period from the date of the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, to the latest available interim balance sheet read by them and for the period from the date of the latest available interim balance sheet read by them to a specified date not more than five days prior to the date of such letter, there were any decreases, as compared with the corresponding period in the preceding year, in total consolidated operating revenues or in net income, except in all instances for decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or which are described in such letter; and (iv) they have carried out certain procedures and made certain findings, as specified in such letter, with respect to certain amounts included in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, and such other items as the Representatives may reasonably request.

(f) Since the respective most recent times as of which information is given in the Pricing Disclosure Package, and up to the Closing Date, (i) there shall have been no material adverse change in the business, properties or financial condition of FPL and its subsidiaries taken as a whole, except as disclosed in or contemplated by the Pricing Disclosure Package, and (ii) there shall have been no transaction entered into by FPL or any of its subsidiaries that is material to FPL and its subsidiaries taken as a whole, other than transactions disclosed in or contemplated by the Pricing Disclosure Package, and transactions in the ordinary course of business; and at the Closing Date the Representatives shall have received a certificate to such effect from FPL signed by an officer of FPL.

(g) All legal proceedings to be taken in connection with the issuance and sale of the Notes shall have been satisfactory in form and substance to Counsel for the Underwriters.

In case any of the conditions specified above in this *Section 7* shall not have been fulfilled, this agreement may be terminated by the Representatives upon mailing or delivering written notice thereof to FPL. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 6(d)* and *Section 6(f)* hereof.

8. Conditions of FPL's Obligations. The obligation of FPL to deliver the Notes shall be subject to the following conditions:

(a) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by FPL and not removed by the Closing Date.

(b) On the Closing Date, there shall be in full force and effect an authorization of the Florida Public Service Commission with respect to the issuance and sale of the Notes on the terms herein stated or contemplated, and containing no provision unacceptable to FPL by reason of the fact that it is materially adverse to FPL, it being understood that no authorization in effect at the date hereof contains any such unacceptable provision.

In case the conditions specified above in this *Section 8* shall not have been fulfilled, this agreement may be terminated by FPL upon mailing or delivering written notice thereof to the Representatives. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 6(d)* and *Section 6(f)* hereof.

9. Indemnification.

(a) FPL agrees to indemnify and hold harmless each Underwriter, each officer and director of each Underwriter and each person (a "**Controlling Person**") who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law and to reimburse each such Underwriter, officer, director and Controlling Person for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or

alleged untrue statement of a material fact contained in any preliminary prospectus supplement, including all Incorporated Documents, or in the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the indemnity agreement contained in this *Section 9(a)* shall not apply to any such losses, claims, damages, liabilities, expenses or actions arising out of, or based upon, any such untrue statement or alleged untrue statement, or any such omission or alleged omission, if such statement or omission was made in reliance upon and in conformity with information furnished in writing, to FPL by or on behalf of any Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof, or arising out of, or based upon, statements in or omissions from the Statements of Eligibility; and *provided, further*, that the indemnity agreement contained in this *Section 9(a)* in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus shall not inure to the benefit of any Underwriter (or of any officer or director or Controlling Person of such Underwriter) on account of any such losses, claims, damages, liabilities, expenses or actions arising from the sale of the Notes [of any series] to any person in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, each as may be then supplemented or amended, furnished by such Underwriter to a person to whom any of the Notes were sold (excluding in all cases, however, any document then incorporated by reference therein), insofar as such indemnity relates to any untrue or misleading statement made in or omission from such preliminary prospectus supplement, Pricing Prospectus, Issuer Free Writing Prospectus or Prospectus, if a copy of a supplement or amendment to such preliminary prospectus supplement, Pricing Prospectus, Prospectus or Issuer Free Writing Prospectus (excluding in all cases, however, any document then incorporated by reference therein) (i) is furnished on a timely basis by FPL to the Underwriter, (ii) is required by law or regulation to have been conveyed to such person by or on behalf of such Underwriter, at or prior to the entry into the contract of sale of the Notes with such person, but was not so conveyed (which conveyance may be oral or written) by or on behalf of such Underwriter and (iii) would have cured the defect giving rise to such loss, claim, damage or liability. The indemnity agreement of FPL contained in this *Section 9(a)* and the representations and warranties of FPL contained in *Section 3* hereof shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Notes [of each series]. Each Underwriter agrees promptly to notify FPL, and each other Underwriter, of the commencement of any litigation or proceedings against the notifying Underwriter, or any of its officers, directors or Controlling Persons, in connection with the issuance and sale of the Notes [of any series].

(b) Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless FPL, its officers and directors, and each person who controls FPL within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading if such statement or omission was made in reliance upon and in conformity with information furnished in writing to FPL by or on behalf of such Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof. The Underwriters hereby furnish to FPL in writing, expressly for use in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus and any Issuer Free Writing Prospectus, the following: [insert information provided by the Underwriters]. FPL acknowledges that the statements identified in the preceding [___] sentence[s] constitute the only information furnished in writing by or on behalf of the several Underwriters expressly for inclusion in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus. The respective indemnity agreement of each Underwriter contained in this *Section 9(b)* shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of FPL or any of its officers or directors or any person who controls FPL within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, or by or on behalf of any other Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Notes [of each series]. FPL agrees promptly to notify the Representatives of the commencement of any litigation or proceedings against FPL (or any of its controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of its officers or directors in connection with the issuance and sale of the Notes [of any series].

(c) FPL and each of the several Underwriters each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section 9*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the

indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided*, *however*, if the defendants in any such action include both the indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). FPL and each of the several Underwriters each agree that without the prior written consent of the other parties to such action who are parties to this agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section 9*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section 9(a)* or *Section 9(b)* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section 9(a)* or *Section 9(b)* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of FPL on the one hand and the Underwriters on the other hand in connection with the statements or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by FPL on the one hand and the Underwriters on the other hand from the offering of the Notes pursuant to this agreement, and (iii) any other relevant equitable considerations; *provided*, *however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by FPL or the Underwriters and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. FPL and each of the Underwriters each agree that it would not be just and equitable if contribution pursuant to this *Section 9(d)* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section 9(d)*, no Underwriter shall be required to contribute in excess of

the amount equal to the excess of (i) the total price at which the Notes underwritten by it were offered to the public, over (ii) the amount of any damages which such Underwriter has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Underwriter to contribute pursuant to this *Section 9(d)* are several and not joint and shall be in the same proportion as such Underwriter's obligation to underwrite the Notes [of the series with respect to which contribution is sought] is to the total principal amount of the Notes [of such series] set forth in *Schedule II* hereto.

10. Termination. This agreement may be terminated by the Representatives by delivering written notice thereof to FPL, at any time prior to the Closing Date, if after the date hereof and at or prior to the Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on The New York Stock Exchange LLC (the "**NYSE**") or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of FPL shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Notes [of any series] as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Notes [of any series]; or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Notes [of any series] or any securities of FPL which are of the same class as the Notes by either [Moody's Investors Service, Inc. ("**Moody's**")] or [S&P Global Ratings, a division of S&P Global Inc. ("**S&P**")], or (ii) either [Moody's] or [S&P] shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Notes [of any series] or any securities of FPL which are of the same class as the Notes [of any series], the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Notes [of any series] as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Notes [of any series].

This agreement may also be terminated at any time prior to the Closing Date if in the judgment of the Representatives the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by FPL after the date hereof reflects a material adverse change in the business, properties or

financial condition of FPL and its subsidiaries taken as a whole which renders it either inadvisable to proceed with such offering, if any, or inadvisable to proceed with the delivery of the Notes [of any series] to be purchased hereunder. Any termination of this agreement pursuant to this *Section 10* shall be without liability of any party to any other party except as otherwise provided in *Section 6(d)* and *Section 6(f)* hereof.

11. Miscellaneous.

(a) The validity and interpretation of this agreement shall be governed by the laws of the State of New York without regard to conflicts of law principles thereunder. This agreement shall inure to the benefit of, and be binding upon, FPL, the several Underwriters and, with respect to the provisions of *Section 9* hereof, each officer, director or controlling person referred to in said *Section 9*, and their respective successors. Nothing in this agreement is intended or shall be construed to give to any other person or entity any legal or equitable right, remedy or claim under or in respect of this agreement or any provision herein contained. The term "successors" as used in this agreement shall not include any purchaser, as such purchaser, of any Notes from any of the several Underwriters.

(b) FPL acknowledges and agrees that the Underwriters are acting solely in the capacity of arm's length contractual counterparties to FPL with respect to the offering of the Notes as contemplated by this agreement and not as financial advisors or fiduciaries to FPL in connection herewith. Additionally, none of the Underwriters is advising FPL as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction in connection with the offering of the Notes as contemplated by this agreement. Any review by the Underwriters of FPL in connection with the offering of the Notes contemplated by this agreement and the transactions contemplated by this agreement will not be performed on behalf of FPL.

12. Notices. All communications hereunder shall be in writing and, if to the Underwriters, shall be mailed or delivered to the Representatives at the address set forth in *Schedule II* hereto, or, if to FPL, shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer.

13. Counterparts. This agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument. Electronic signatures complying with the New York Electronic Signatures and Records Act (N.Y. State Tech. §§ 301-309), as amended from time to time, or other applicable law will be deemed original signatures for purposes of this agreement. Transmission by telecopy, electronic mail or other transmission method of an executed counterpart of this agreement will constitute due and sufficient delivery of such counterpart.

14. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this agreement, and any interest and obligation in or under this agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this agreement were governed by the laws of the United States or a state of the United States.

(c) For purpose of this *Section 14*, (A) the term "**BHC Act Affiliate**" has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (B) the term "**Covered Entity**" means any of the following: (1) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (2) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (3) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (C) the term "**Default Rights**" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (D) the term "**U.S. Special Resolution Regime**" means each of (1) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (2) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

If the foregoing correctly sets forth our understanding, please indicate your acceptance on behalf of the Underwriters in the space provided below for that purpose, whereupon this letter and your acceptance on behalf of the Underwriters shall constitute a binding agreement between FPL and the Underwriters.

Very truly yours,

The execution and delivery by FPL of this agreement and of a certificate or certificates for the Shares and the performance by FPL of its obligations under this agreement and under the Shares do not require any consent, approval, authorization, registration or qualification of or by any governmental agency or body other than (i) those consents, approvals, authorizations, registrations or qualifications as have already been obtained,

(ii) in connection or in compliance with the provisions of the blue sky laws of any jurisdiction and (iii) the filing of Articles of Amendment to the FPL Charter relating to the Shares (the "**Articles of Amendment**") with the appropriate office of the Department of State, State of Florida which shall be filed by FPL prior to the Closing Date.

(i) The execution and delivery of this agreement and the consummation of the transactions herein contemplated by FPL and the fulfillment of the terms hereof on the part of FPL to be fulfilled will not result in a breach of any of the terms or provisions of, or constitute a default under, the FPL Charter (as amended by the Articles of Amendment), its Amended and Restated Bylaws or any indenture, mortgage, deed of trust or other agreement or instrument to which FPL or any of its subsidiaries is now a party, or violate any law or any order, rule, decree or regulation applicable to FPL or any of its subsidiaries of any federal or state court, regulatory board or body or administrative agency having jurisdiction over FPL or any of its subsidiaries or any of their respective property, except where such breach, default or violation would not have a material adverse effect on the business, properties or financial condition of FPL and its subsidiaries taken as a whole.

(j) FPL has no direct or indirect significant subsidiaries (as defined in Regulation S-X (17 CFR Part 210)).

(k) FPL has been duly organized, is validly existing and is in good standing under the laws of its jurisdiction of organization, and is duly qualified to do business and is in good standing as a foreign corporation in each jurisdiction in which its ownership of properties or the conduct of its businesses requires such qualification, except where the failure so to qualify would not have a material adverse effect on the business, properties or financial condition of FPL and its subsidiaries taken as a whole, and has the power and authority as a corporation necessary to own or hold its properties and to conduct the businesses in which it is engaged.

(l) The Shares will conform in all material respects to the description thereof in the Pricing Disclosure Package and the Prospectus.

(m) The Preferred Stock has been validly authorized and, when issued and delivered by FPL against payment therefor in accordance with the provisions of this agreement, will be fully paid and non-assessable.

(n) FPL is not, and after giving effect to the offering and sale of the Preferred Stock and the application of the proceeds from the sale of the Preferred Stock as described in the Pricing Disclosure Package and the Prospectus will not be, an "investment company" within the meaning of the Investment Company Act of 1940, as amended.

(o) Except as described in the Pricing Disclosure Package and the Prospectus, FPL or its subsidiaries have valid franchises, licenses and permits adequate for the conduct of the business of FPL and its subsidiaries as described in the Pricing Disclosure Package and the Prospectus, except where the failure to have such franchises, licenses and permits would not reasonably be expected to have a material adverse effect on FPL and its subsidiaries taken as a whole.

(p) The interactive data in eXtensible Business Reporting Language filed as exhibits to FPL's Form 10-K for the year ended _____ [and Form 10-Q[s] for the quarter[s] ended _____, _____ and _____] fairly presents the information called for in all material respects and has been prepared in accordance with the Commission's rules and guidelines applicable thereto.

3. Purchase and Sale. Subject to the terms and conditions in this agreement (including the representations and warranties herein contained), FPL agrees to sell to the respective Underwriters named in *Schedule II* hereto, severally and not jointly, and the respective Underwriters agree, severally and not jointly, to purchase from FPL for an aggregate purchase price of $_____ the respective number of Shares set forth opposite their respective names in *Schedule II* hereto.

The Underwriters agree to make a bona fide public offering of the Shares, as set forth in the Pricing Disclosure Package, such public offering to be made as soon after the execution of this agreement as practicable, subject, however, to the terms and conditions of this agreement. The Underwriters have advised FPL that the Shares will be offered to the public at the Price per Share set forth in the Pricing Term Sheet hereto as the Price to Public and to certain dealers selected by the Representatives at a price which represents a concession. Such dealers' concession may not be in excess of $____ per Share.

Each Underwriter agrees that (i) no information that is presented by it to investors has been or will be inconsistent with the information contained in the Pricing Disclosure Package as it may then be amended or supplemented and (ii) it will make no offer that would constitute a Free Writing Prospectus that is required to be filed by FPL pursuant to Rule 433 other than an Issuer Free Writing Prospectus in accordance with *Section 5(h)* hereof. References to the term **"Free Writing Prospectus"** means a free writing prospectus as defined in Rule 405.

4. Time, Date and Place of Closing, Default of the Underwriters. Delivery of the Shares and payment therefor by wire transfer in federal funds shall be made at 9:00 A.M., New York City time, on the settlement date set forth on *Schedule I*, at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, or at such other time, date or place as may be agreed upon in writing by FPL and the Representatives. The time and date of such delivery and payment are herein called the **"Closing Date."**

The Shares shall be delivered to the Representatives for the respective accounts of the Underwriters against payment by the several Underwriters through the Representatives of the purchase price therefor. Delivery of the Shares shall be made through the facilities of DTC unless FPL and the Representatives shall otherwise agree. For the purpose of expediting the checking of the Shares by the Representatives on behalf of the Underwriters, FPL (if delivery of the Shares shall be made otherwise than through the facilities of DTC) agrees to make such Shares available to the Representatives for such purpose at the offices of Morgan, Lewis & Bockius LLP, 101 Park Avenue, New York, New York 10178, not later than 2:00 P.M., New York City time, on the business day preceding the Closing Date, or at such other time, date or place as may be agreed upon by FPL and the Representatives.

If any Underwriter shall fail to purchase and pay for the number of the Shares which such Underwriter has agreed to purchase and pay for hereunder (otherwise than by reason of any failure on the part of FPL to comply with any of the provisions contained herein), the non-defaulting Underwriters shall be obligated to purchase and pay for (in addition to the respective number of the Shares set forth opposite their respective names in *Schedule II* hereto) the number of the Shares which such defaulting Underwriter or Underwriters failed to purchase and pay for, up to a number thereof equal to, in the case of each such remaining Underwriter, ten percent (10%) of the aggregate number of the Shares set forth opposite the name of each such remaining Underwriter in said *Schedule II*, and such remaining Underwriters shall have the right, within 24 hours of receipt of such notice, either to (i) purchase and pay for (in such proportion as may be agreed upon among them) the remaining number of the Shares which the defaulting Underwriter or Underwriters agreed but failed to purchase, or (ii) substitute another Underwriter or Underwriters, satisfactory to FPL, to purchase and pay for the remaining number of the Shares which the defaulting Underwriter or Underwriters agreed but failed to purchase. If any of the Shares would still remain unpurchased, then FPL shall be entitled to a further period of 24 hours within which to procure another party or other parties that (i) are members of the Financial Industry Regulatory Authority, Inc. or else are not eligible for membership in said Authority but who agree (A) to make no sales within the United States, its territories or its possessions or to persons who are citizens thereof or residents therein and (B) in making sales to comply with said Authority's Conduct Rules, and (ii) are satisfactory to the Representatives to purchase such Shares on the terms herein set forth. In the event that, within the respective prescribed periods, (i) the non-defaulting Underwriters notify FPL that they have arranged for the purchase of such Shares or (ii) FPL notifies the non-defaulting Underwriters that it has arranged for the purchase of such Shares, the non-defaulting Underwriters or FPL shall have the right to postpone the Closing Date for a period of not more than three full business days beyond the expiration of the respective prescribed periods in order to effect whatever changes may thus be made necessary in the Registration Statement, the Prospectus or in any other documents or arrangements. In the event that neither the non-defaulting Underwriters nor FPL has arranged for the purchase of such Shares by another party or parties as above provided, then this agreement shall terminate without any liability on the part of FPL or any Underwriter (other than an Underwriter which shall have failed or refused, otherwise than for some reason sufficient to justify, in accordance with the terms hereof, the cancellation or termination of its obligations hereunder, to purchase and pay for the Shares which such Underwriter has agreed to purchase as provided in *Section 3* hereof), except as otherwise provided in *Section 5(d)*, *Section 5(f)* and *Section 8* hereof.

5. Covenants of FPL. FPL agrees with the several Underwriters that:

(a) FPL will timely file the Prospectus and any preliminary prospectus supplement used in connection with the offering of the Shares with the Commission pursuant to Rule 424. FPL has complied and will comply with Rule 433 in connection with the offering and sale of the Shares, including applicable provisions in respect of timely filing with the Commission, legending and record-keeping.

(b) FPL will prepare a final term sheet, containing a description of the pricing terms of the Shares, substantially in the form of *Schedule I* hereto and approved by the Representatives and will timely file such term sheet with the Commission pursuant to Rule 433.

(c) FPL will, upon request, deliver to the Representatives and to Counsel for the Underwriters (as defined below) one signed copy of the Registration Statement or, if a signed copy is not available, one conformed copy of the Registration Statement certified by an officer of FPL to be in the form as originally filed, including all Incorporated Documents and exhibits, except those incorporated by reference, which relate to the Shares, including a signed or conformed copy of each consent and certificate included therein or filed as an exhibit thereto. As soon as practicable after the date hereof, FPL will deliver or cause to be delivered to the Underwriters through the Representatives as many copies of the Prospectus and any Issuer Free Writing Prospectus as the Representatives may reasonably request for the purposes contemplated by the Securities Act.

(d) FPL has paid or caused to be paid or will pay or cause to be paid all expenses in connection with the (i) preparation and filing of the Registration Statement, any preliminary prospectus supplement, the Prospectus and any Issuer Free Writing Prospectus, (ii) issuance and delivery of the Shares as provided in *Section 4* hereof, and (iii) printing and delivery to the Representatives for the account of the Underwriters, in reasonable quantities, of copies of the Registration Statement, any preliminary prospectus supplement, the Prospectus and any Issuer Free Writing Prospectus. FPL will pay or cause to be paid all taxes, if any (but not including any transfer taxes), on the issuance of the Shares. FPL shall not, however, be required to pay any amount for any expenses of the Representatives or any of the Underwriters (other than in accordance with the provisions of *Section 8* hereof, except that if this agreement shall be terminated in accordance with the provisions of *Section 6*, *Section 7* or *Section 9* hereof, FPL will pay or cause to be paid the fees and disbursements of Counsel for the Underwriters, whose fees and disbursements the Underwriters agree to pay in any other event, and FPL shall reimburse or cause to be reimbursed the Underwriters for out-of-pocket expenses reasonably incurred by them in connection with the transactions contemplated by this agreement, not in excess, however, of an aggregate of $5,000 for such out-of-pocket expenses. FPL shall not in any event be liable to any of the several Underwriters for damages on account of loss of anticipated profits.

(e) During a period of nine months after the date hereof, if any event relating to or affecting FPL shall occur which, in the opinion of FPL, should be set forth in a supplement to or an amendment to the Prospectus (including an Issuer Free Writing Prospectus) in order to make the Prospectus, in the light of the circumstances pertaining when it is delivered to a purchaser, not misleading, FPL will forthwith at its expense prepare, file with the Commission, if required, and furnish to the Representatives a reasonable number of copies of such supplement or supplements or amendment or amendments to the Prospectus (including an Issuer Free Writing Prospectus) which will supplement or amend the Prospectus so that as supplemented or amended it will not include an untrue statement of a material fact or omit to state a material fact necessary in

order to make the statements contained therein, in the light of the circumstances pertaining when the Prospectus is delivered to a purchaser, not misleading; *provided* that should such event relate solely to activities of any of the Underwriters, then the Underwriters shall assume the expense of preparing and furnishing copies of any such amendment or supplement. In case any Underwriter is required to deliver a Prospectus after the expiration of nine months after the date hereof, FPL upon the request of the Representatives will furnish to the Representatives, at the expense of such Underwriter, a reasonable quantity of a supplemented or amended Prospectus or supplements or amendments to the Prospectus complying with Section 10 of the Securities Act.

(f) FPL will furnish such proper information as may be lawfully required and otherwise cooperate in qualifying the Shares for offer and sale under the blue sky laws of such United States jurisdictions as the Representatives may designate and will pay or cause to be paid filing fees and expenses (including fees of counsel not to exceed $5,000 and reasonable disbursements of counsel), *provided* that FPL shall not be required to qualify as a foreign corporation or dealer in securities, or to file any consents to service of process under the laws of any jurisdiction, or to meet other requirements deemed by FPL to be unduly burdensome.

(g) FPL will timely file such reports pursuant to the Exchange Act as are necessary in order to make generally available to its security holders (including holders of the Preferred Stock) as soon as practicable an earnings statement (which need not be audited, unless required so to be under Section 11(a) of the Securities Act) for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the Securities Act.

(h) Prior to the termination of the offering of the Shares, FPL will not file any amendment to the Registration Statement or any amendment or supplement to the Prospectus or any amendment or supplement to the Pricing Disclosure Package without prior notice to the Representatives and to Hunton Andrews Kurth LLP, who are acting as counsel for the several Underwriters ("**Counsel for the Underwriters**"), or any such amendment or supplement to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters. FPL has not made any offer relating to the Shares that would constitute an Issuer Free Writing Prospectus or that would otherwise constitute a Free Writing Prospectus required to be filed by FPL with the Commission or retained by FPL pursuant to Rule 433, other than a pricing term sheet substantially in the form as set forth on *Schedule I*, and FPL will not make any such offer without prior notice to the Representatives and to Counsel for the Underwriters, or any such offer to which the Representatives shall reasonably object in writing, or which shall be unsatisfactory to Counsel for the Underwriters.

(i) FPL will advise the Representatives promptly of the filing of the Prospectus pursuant to Rule 424, of the filing of any material pursuant to Rule 433 and of any amendment or supplement to the Pricing Disclosure Package or the Registration Statement or, prior to the termination of the offering of the Shares, of official notice of the institution of proceedings for, or the entry of, a stop order suspending the effectiveness of the Registration Statement, of receipt from the Commission of any notice

of objection to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act, and, if such a stop order should be entered, or notice of objection should be received, use every commercially reasonable effort to obtain the prompt removal thereof.

(j) If there occurs an event or development as a result of which the Pricing Disclosure Package would include an untrue statement of a material fact or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances then pertaining, not misleading, FPL promptly will notify the Representatives so that any use of the Pricing Disclosure Package may cease until it is amended or supplemented.

(k) FPL will use its commercially reasonable best efforts to deliver, in appropriate form for filing, to the Department of State, State of Florida, on or before the Closing Date the articles of amendment required by Section 607.0602, Florida Statues, relating to the Shares, and will use its commercially reasonable best efforts to have such articles of amendment accepted for filing by such Department of State on or before the Closing Date.

6. Conditions of Underwriters' Obligations to Purchase and Pay for the Shares. The several obligations of the Underwriters to purchase and pay for the Shares shall be subject to the performance by FPL of its obligations to be performed hereunder on or prior to the Closing Date and to the following conditions:

(a) The representations and warranties made by FPL herein and qualified by materiality shall be true and correct in all respects and the representations and warranties made by FPL herein that are not qualified by materiality shall be true and correct in all material respects as of the Closing Date, in each case, as if made on and as of such date and the Representatives shall have received, prior to payment for the Shares, a certificate from FPL dated the Closing Date and signed by an officer of FPL to that effect.

(b) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by FPL and not removed by the Closing Date; and the Representatives shall have received, prior to payment for the Shares, a certificate from FPL dated the Closing Date and signed by an officer of FPL to the effect that, to the best of his or her knowledge, no such orders are in effect, no proceedings for either such purpose are pending before, or to the knowledge of FPL threatened by, the Commission, and no such notice of objection has been received and not removed.

(c) On the Closing Date, there shall be in full force and effect an authorization of the Florida Public Service Commission with respect to the issuance and sale of the Shares on the terms herein stated or contemplated, and containing no provision unacceptable to the Representatives by reason of the fact that it is materially adverse to FPL, it being understood that no authorization provided to Counsel for the Underwriters and in effect at the date hereof contains any such unacceptable provision.

(d) On the Closing Date, the Representatives shall have received from Squire Patton Boggs (US) LLP, counsel to FPL, Morgan, Lewis & Bockius LLP, counsel to FPL, and Hunton Andrews Kurth LLP, Counsel for the Underwriters, opinions (with a copy for each of the Underwriters) in substantially the form and substance prescribed in *Schedule IV*, *Schedule V*, and *Schedule VI* hereto (i) with such changes therein as may be agreed upon by FPL and the Representatives, with the approval of Counsel for the Underwriters, and (ii) if the Prospectus relating to the Shares shall be supplemented or amended after the Prospectus shall have been filed with the Commission pursuant to Rule 424, with any changes therein necessary to reflect such supplementation or amendment.

(e) On the date hereof and on the Closing Date, the Representatives shall have received from Deloitte & Touche LLP a letter or letters (which may refer to letters previously delivered to the Representatives) (with copies thereof for each of the Underwriters) dated the respective dates of delivery thereof to the effect that (i) they are an independent registered public accounting firm with respect to FPL within the meaning of the Securities Act and the Exchange Act and the applicable published rules and regulations thereunder; (ii) in their opinion, the consolidated financial statements of FPL audited by them and incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder; (iii) on the basis of performing a review of interim financial information as described in the Public Company Accounting Oversight Board (United States) ("**PCAOB**") AS 4105, Reviews of Interim Financial Information, on the unaudited [condensed] consolidated financial statements of FPL, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, a reading of the latest available interim unaudited [condensed] consolidated financial statements of FPL, if any, since the close of FPL's most recent audited fiscal year, a reading of the minutes and consents of the Board of Directors, the Finance Committee of the Board of Directors and the Stock Issuance Committee of the Board of Directors and of the sole common shareholder of FPL since the end of the most recent audited fiscal year, and inquiries of officials of FPL who have responsibility for financial and accounting matters (it being understood that the foregoing procedures do not constitute an audit made in accordance with standards of the PCAOB and they would not necessarily reveal matters of significance with respect to the comments made in such letter, and accordingly that Deloitte & Touche LLP makes no representation as to the sufficiency of such procedures for the several Underwriters' purposes), nothing has come to their attention which caused them to believe that (a) the unaudited [condensed] consolidated financial statements of FPL, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, (1) do not comply as to form in all material respects with the applicable accounting requirements of the Securities Act and the Exchange Act and the published rules and regulations thereunder

and (2) except as disclosed in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, are not in conformity with generally accepted accounting principles applied on a basis substantially consistent with that of the audited consolidated financial statements of FPL incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable; (b) at the date of the latest available interim balance sheet read by them and at a specified date not more than five days prior to the date of such letter, there was any change in the common stock or additional paid-in capital or increase in the preferred stock or long-term debt including current maturities and excluding fair value swaps, if any, and unamortized premium and discount on long-term debt of FPL and its subsidiaries, or decrease in common shareholder's equity of FPL and its subsidiaries, in each case as compared with amounts shown in the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, except in all instances for changes, increases or decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or as occasioned by the declaration, provision for, or payment of dividends, or which are described in such letter; or (c) for the period from the date of the most recent [condensed] consolidated balance sheet, if any, incorporated by reference in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, to the latest available interim balance sheet read by them and for the period from the date of the latest available interim balance sheet read by them to a specified date not more than five days prior to the date of such letter, there were any decreases, as compared with the corresponding period in the preceding year, in total consolidated operating revenues or in net income, except in all instances for decreases which the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, discloses have occurred or may occur, or which are described in such letter; and (iv) they have carried out certain procedures and made certain findings, as specified in such letter, with respect to certain amounts included in the Pricing Prospectus or the Pricing Prospectus and the Prospectus, as applicable, and such other items as the Representatives may reasonably request.

(f) Since the respective most recent times as of which information is given in the Pricing Disclosure Package, and up to the Closing Date, (i) there shall have been no material adverse change in the business, properties or financial condition of FPL and its subsidiaries taken as a whole, except as disclosed in or contemplated by the Pricing Disclosure Package, and (ii) there shall have been no transaction entered into by FPL or any of its subsidiaries that is material to FPL and its subsidiaries taken as a whole, other than transactions disclosed in or contemplated by the Pricing Disclosure Package, and transactions in the ordinary course of business; and at the Closing Date, the Representatives shall have received a certificate to such effect from FPL signed by an officer of FPL.

(g) All legal proceedings to be taken in connection with the issuance and sale of the Shares shall have been satisfactory in form and substance to Counsel for the Underwriters.

(h) [The Shares shall have been approved for listing on The New York Stock Exchange LLC ("**NYSE**") upon official notice of issuance.]

In case any of the conditions specified above in this *Section 6* shall not have been fulfilled, this agreement may be terminated by the Representatives upon mailing or delivering written notice thereof to FPL. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 5(d)* and *Section 5(f)* hereof.

7. Conditions of FPL's Obligations. The obligation of FPL to deliver the Shares shall be subject to the following conditions:

(a) No stop order suspending the effectiveness of the Registration Statement shall be in effect on the Closing Date; no order of the Commission directed to the adequacy of any Incorporated Document shall be in effect on the Closing Date; no proceedings for either such purpose shall be pending before, or threatened by, the Commission on the Closing Date; and no notice of objection by the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act shall have been received by FPL and not removed by the Closing Date.

(b) On the Closing Date, there shall be in full force and effect an authorization of the Florida Public Service Commission with respect to the issuance and sale of the Shares on the terms herein stated or contemplated, and containing no provision unacceptable to FPL by reason of the fact that it is materially adverse to FPL, it being understood that no authorization in effect at the date hereof contains any such unacceptable provision.

In case the conditions specified above in this *Section 7* shall not have been fulfilled, this agreement may be terminated by FPL upon mailing or delivering written notice thereof to the Representatives. Any such termination shall be without liability of any party to any other party except as otherwise provided in *Section 5(d)* and *Section 5(f)* hereof.

8. Indemnification.

(a) FPL agrees to indemnify and hold harmless each Underwriter, each officer and director of each Underwriter and each person (a "**Controlling Person**") who controls any Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law, and to reimburse each such Underwriter, officer, director and Controlling Person for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, including all Incorporated Documents, or in the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the indemnity agreement contained in this *Section 8(a)* shall not apply to any such losses,

claims, damages, liabilities, expenses or actions arising out of, or based upon, any such untrue statement or alleged untrue statement, or any such omission or alleged omission, if such statement or omission was made in reliance upon and in conformity with information furnished in writing, to FPL by or on behalf of any Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof, or arising out of, or based upon, statements in or omissions from the Statements of Eligibility; and *provided, further*, that the indemnity agreement contained in this *Section 8(a)* in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus shall not inure to the benefit of any Underwriter (or of any officer or director or Controlling Person of such Underwriter) on account of any such losses, claims, damages, liabilities, expenses or actions arising from the sale of the Shares to any person in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, each as may be then supplemented or amended, furnished by such Underwriter to a person to whom any of the Shares were sold (excluding in all cases, however, any document then incorporated by reference therein), insofar as such indemnity relates to any untrue or misleading statement made in or omission from such preliminary prospectus supplement, Pricing Prospectus, Issuer Free Writing Prospectus or Prospectus, if a copy of a supplement or amendment to such preliminary prospectus supplement, Pricing Prospectus, Prospectus or Issuer Free Writing Prospectus (excluding in all cases, however, any document then incorporated by reference therein) (i) is furnished on a timely basis by FPL to the Underwriter, (ii) is required by law or regulation to have been conveyed to such person by or on behalf of such Underwriter, at or prior to the entry into the contract of sale of the Shares with such person, but was not so conveyed (which conveyance may be oral or written) by or on behalf of such Underwriter and (iii) would have cured the defect giving rise to such loss, claim, damage or liability. The indemnity agreement of FPL contained in this *Section 8(a)* and the representations and warranties of FPL contained in *Section 2* hereof shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of any Underwriter, or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Shares. Each Underwriter agrees promptly to notify FPL, and each other Underwriter, of the commencement of any litigation or proceedings against the notifying Underwriter, or any of its officers, directors or Controlling Persons, in connection with the issuance and sale of the Shares.

(b) Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless FPL, its officers and directors, and each person who controls FPL within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law, and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or

alleged untrue statement of a material fact contained in any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading if such statement or omission was made in reliance upon and in conformity with information furnished in writing to FPL by or on behalf of such Underwriter, through the Representatives, expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof. The Underwriters hereby furnish to FPL in writing, expressly for use in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus and any Issuer Free Writing Prospectus, the following: [insert information provided by the Underwriters]. FPL acknowledges that the statements identified in the preceding [___] sentence[s] constitute the only information furnished in writing by or on behalf of the several Underwriters expressly for inclusion in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus. The respective indemnity agreement of each Underwriter contained in this *Section 8(b)* shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of FPL or any of its officers or directors or any person who controls FPL within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, or by or on behalf of any other Underwriter or any of its officers, directors or Controlling Persons, and shall survive the delivery of the Shares. FPL agrees promptly to notify the Representatives of the commencement of any litigation or proceedings against FPL (or any of its controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of its officers or directors in connection with the issuance and sale of the Shares.

(c) FPL and each of the several Underwriters each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section 8*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided*, *however*, if the defendants in any such action include both the

indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). FPL and each of the several Underwriters each agree that without the prior written consent of the other parties to such action who are parties to this agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section 8*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section 8(a)* or *Section 8(b)* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section 8(a)* or *Section 8(b)* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of FPL on the one hand and the Underwriters on the other hand in connection with the statements or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by FPL on the one hand and the Underwriters on the other hand from the offering of the Shares pursuant to this agreement, and (iii) any other relevant equitable considerations; *provided, however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by FPL or the Underwriters and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. FPL and each of the Underwriters each agree that it would not be just and equitable if contribution pursuant to this *Section 8(d)* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section 8(d)*, no Underwriter shall be required to contribute in excess of the amount equal to the excess of (i) the total price at which the Shares underwritten by it were offered to the public, over (ii) the amount of any damages which such Underwriter has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Underwriter to contribute pursuant to this *Section 8(d)* are several and not joint and shall be in the same proportion as such Underwriter's obligation to underwrite Shares is to the total amount of Shares set forth in *Schedule II* hereto.

9. Termination. This agreement may be terminated by the Representatives by delivering written notice thereof to FPL, at any time prior to the Closing Date, if after the date hereof and at or prior to the Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on the NYSE or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of FPL shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Shares as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Shares[, or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Shares or any preferred stock of FPL which are of the same class as the Shares by either [Moody's Investors Service, Inc. (**"Moody's"**)] or [S&P Global Ratings, a division of S&P Global Inc. (**"S&P"**)], or (ii) either [Moody's] or [S&P] shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Shares or any preferred stock of FPL which are of the same class as the Shares, the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Representatives, impracticable or inadvisable to proceed with the offering of the Shares as contemplated in the Pricing Disclosure Package or for the Underwriters to enforce contracts for the sale of the Shares].

This agreement may also be terminated at any time prior to the Closing Date if in the judgment of the Representatives the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by FPL after the date hereof reflects a material adverse change in the business, properties or financial condition of FPL and its subsidiaries taken as a whole which renders it either inadvisable to proceed with such offering, if any, or inadvisable to proceed with the delivery of the Shares to be purchased hereunder. Any termination of this agreement pursuant to this *Section 9* shall be without liability of any party to any other party except as otherwise provided in *Section 5(d)* and *Section 5(f)* hereof.

10. Miscellaneous.

(a) The validity and interpretation of this agreement shall be governed by the laws of the State of New York without regard to conflicts of law principles thereunder. This agreement shall inure to the benefit of, and be binding upon, FPL, the several Underwriters and, with respect to the provisions of *Section 8* hereof, each officer, director or controlling person referred to in said *Section 8*, and their respective successors. Nothing in this agreement is intended or shall be construed to give to any other person or entity any legal or equitable right, remedy or claim under or in respect of this agreement or any provision herein contained. The term "successors" as used in this agreement shall not include any purchaser, as such purchaser, of any Shares from any of the several Underwriters.

(b) FPL acknowledges and agrees that the Underwriters are acting solely in the capacity of arm's length contractual counterparties to FPL with respect to the offering of the Shares as contemplated by this agreement and not as financial advisors or fiduciaries to FPL in connection herewith. Additionally, none of the Underwriters is advising FPL as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction in connection with the offering of the Shares as contemplated by this agreement. Any review by the Underwriters of FPL in connection with the offering of the Preferred Stock contemplated by this agreement and the transactions contemplated by this agreement will not be performed on behalf of FPL.

11. Notices. All communications hereunder shall be in writing and, if to the Underwriters, shall be mailed or delivered to the Representatives at the address set forth in *Schedule II* hereto, or if to FPL, shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer.

12. Counterparts. This agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument. Electronic signatures complying with the New York Electronic Signatures and Records Act (N.Y. State Tech. §§ 301-309), as amended from time to time, or other applicable law will be deemed original signatures for purposes of this agreement. Transmission by telecopy, electronic mail or other transmission method of an executed counterpart of this agreement will constitute due and sufficient delivery of such counterpart.

13. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this agreement, and any interest and obligation in or under this agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this agreement were governed by the laws of the United States or a state of the United States.

(c) For purpose of this *Section 14*, (A) the term "**BHC Act Affiliate**" has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (B) the term "**Covered Entity**" means any of the following: (1) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (2) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (3) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (C) the term "**Default Rights**" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (D) the term "**U.S. Special Resolution Regime**" means each of (1) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (2) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

If the foregoing correctly sets forth our understanding, please indicate your acceptance on behalf of the Underwriters in the space provided below for that purpose, whereupon this letter and your acceptance, on behalf of the Underwriters, shall constitute a binding agreement between FPL and the Underwriters.

Very truly yours,

WHEREAS, upon a Successful Remarketing during the Final Three-Day Remarketing Period, the interest rate on the Debentures will be reset to the Reset Rate on the Reset Effective Date to be determined by the Reset Agents as the rate at which such Debentures should bear interest in order to have a price equal to or greater than 100% of the aggregate principal amount of the Debentures remarketed, plus the applicable Remarketing Fee; *provided* that (i) in the determination of such Reset Rate, NEE and NEE Capital shall, if applicable, limit the Reset Rate to the maximum permitted by law and (ii) in the event that there is no Successful Remarketing on or prior to the final Remarketing Date, the interest rate on the Debentures will not be reset; and

WHEREAS, NEE and NEE Capital have requested _____, _____ and _____ to each act as a Reset Agent and a Remarketing Agent and in such capacities to perform the services described herein; and

WHEREAS, _____, _____ and _____ are each willing to act as Reset Agent and as Remarketing Agent and, in each such capacity, are willing to perform the duties of the Reset Agent and the Remarketing Agent on the terms and conditions expressly set forth herein;

NOW, THEREFORE, for and in consideration of the covenants herein made, and subject to the conditions herein set forth, the parties hereto agree as follows:

Section 1. Definitions. Capitalized terms used and not defined in this Agreement shall have the meanings assigned to them in the Purchase Contract Agreement.

Section 2. Appointment and Obligations of the Reset Agents and the Remarketing Agents. NEE and NEE Capital hereby appoint _____, _____ and _____ and _____, _____ and _____ each hereby accepts such appointment, as the Remarketing Agents to remarket the Debentures (i) of Separate Debenture holders electing to have their Debentures remarketed during a Remarketing Period and (ii) (x) underlying Pledged Applicable Ownership Interests in Debentures of all Corporate Unit holders as to a Remarketing during the Period for Early Remarketing and (y) underlying Pledged Applicable Ownership Interests in Debentures, if there is not a Successful Remarketing during the Period for Early Remarketing, of Corporate Unit holders who have failed to notify the Purchase Contract Agent, on or prior to the seventh Business Day immediately preceding the Purchase Contract Settlement Date, of their intention to settle the related Purchase Contracts through Cash Settlement, for settlement on the Purchase Contract Settlement Date (all such Debentures specified in clauses (i) and (ii) above are hereinafter referred to as the "**Subject Debentures**"), and such Remarketing in each case will be pursuant to the Supplemental Remarketing Agreement attached hereto as *Exhibit A*, between NEE, NEE Capital, the Purchase Contract Agent and the Remarketing Agents (with such changes as NEE, NEE Capital, the Purchase Contract Agent and the Remarketing Agents may agree upon, it being understood that changes may be necessary in the representations, warranties, covenants and other provisions of the Supplemental Remarketing Agreement due to changes in law or facts and circumstances). Pursuant to the Supplemental Remarketing Agreement, the Remarketing Agents will agree, subject to the terms and conditions set forth therein, that the Remarketing Agents will use their commercially reasonable efforts to remarket the Subject Debentures

(i) on each Remarketing Date, if any, occurring during the Period for Early Remarketing, at a price equal to or greater than 100% of the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price, plus the applicable Remarketing Fee; or

(ii) on each Remarketing Date, if any, occurring during the Final Three-Day Remarketing Period, at a price equal to or greater than 100% of the aggregate principal amount of the Subject Debentures, plus the applicable Remarketing Fee.

The Remarketing Agents shall not remarket any Subject Debentures for a price less than (i) 100% of the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price (in the case of a Remarketing during the Period for Early Remarketing) and (ii) 100% of the aggregate principal amount of the Subject Debentures (in the case of a Remarketing during the Final Three-Day Remarketing Period), and shall not be required to purchase any Subject Debentures not successfully remarketed. The proceeds of such Remarketing shall be paid to the Collateral Agent in accordance with Section 6.2(b) of the Pledge Agreement and Section 4.3(b) of the Purchase Contract Agreement (in the case of a Remarketing during the Period for Early Remarketing) and Section 4.6 of the Pledge Agreement and Section 5.4 of the Purchase Contract Agreement (in the case of a Remarketing during the Final Three-Day Remarketing Period) (all of which Sections are incorporated herein by reference). If fewer than all of the Subject Debentures are remarketed in accordance with the terms hereof, or a condition precedent set forth in the Purchase Contract Agreement is not fulfilled, a Remarketing shall be deemed to have failed as to all Subject Debentures.

A holder of Separate Debentures shall have no right to have such Separate Debentures remarketed unless (i) the Remarketing Agents conduct a Remarketing pursuant to the terms of this Agreement, (ii) the Subject Debentures have not been called for Mandatory Redemption or Special Event Redemption, (iii) the Remarketing Agents are able to find a purchaser or purchasers for all Subject Debentures, and (iv) such purchaser or purchasers deliver the purchase price therefor to the Remarketing Agents. The Remarketing Agents are not obligated to purchase any Subject Debentures that would otherwise remain unsold in a Remarketing. The Remarketing Agents shall not be obligated in any case to provide funds to make payment upon tender of Subject Debentures for Remarketing.

Section 3. Fees. With respect to a Successful Remarketing during the Period for Early Remarketing, the Remarketing Agents shall retain as a Remarketing Fee an amount but only to the extent that such amount may be deducted from any portion of the proceeds from the Remarketing that is in excess of the sum of the Remarketing Treasury Portfolio Purchase Price and the Separate Debentures Purchase Price, equal to ___ basis points (___%) of the aggregate of the Remarketing Treasury Portfolio Purchase Price and the Separate Debentures Purchase Price. With respect to a Successful Remarketing during the Final Three-Day Remarketing Period, the Remarketing Agents shall retain as a Remarketing Fee an amount but only to the extent that such amount may be deducted from any portion of the proceeds from the Remarketing that is in excess of the aggregate principal amount of the Subject Debentures, equal to ___ basis points (___%) of the aggregate principal amount of the Subject Debentures. In addition, the Reset Agents shall receive from NEE Capital a reasonable and customary fee for acting as the Reset Agents (the "**Reset Agent Fee**"); *provided, however*, that if a Remarketing Agent shall also act as a Reset Agent, then such Reset Agent shall not be entitled to receive any such Reset Agent Fee. Payment of such Reset Agent Fee, if any, shall be made by NEE Capital on the Reset Effective Date in immediately available funds or, upon the instructions of a Reset Agent, by certified or official bank check or checks or by wire transfer.

Section 4. Replacement and Resignation of Remarketing Agents and Reset Agents. (a) NEE and NEE Capital may in their absolute discretion replace any of _____, _____ and _____ as a Remarketing Agent and/or a Reset Agent hereunder by giving notice prior to 3:00 p.m., New York City time, on the eighth Business Day immediately prior to any Period for Early Remarketing or the Final Three-Day Remarketing Period. Any such replacement shall become effective upon NEE's and NEE Capital's appointment of a successor or successors to perform the services that would otherwise be performed hereunder by a Remarketing Agent and/or a Reset Agent. Upon providing such notice, NEE and NEE Capital shall use all reasonable efforts to appoint such a successor or successors and to enter into a remarketing agreement with such successor or successors as soon as reasonably practicable.

(b) _____, _____ and _____ each may resign at any time and be discharged from its duties and obligations hereunder as a Remarketing Agent and/or a Reset Agent by giving notice prior to 3:00 p.m., New York City time, on the eighth Business Day immediately prior to any Period for Early Remarketing or the Final Three-Day Remarketing Period. Any such resignation shall become effective (1) on the date specified in the notice of resignation, *provided* that there would still be at least one Remarketing Agent or Reset Agent, as the case may be, continuing in such capacity on and after such date, and (2) upon NEE's and NEE Capital's appointment of a successor or successors to perform the services that are to be performed hereunder by a Remarketing Agent and/or a Reset Agent, if there otherwise would not be a Remarketing Agent or Reset Agent, as the case may be, on and after the date specified in the notice of resignation. Upon receiving notice from a Remarketing Agent and/or a Reset Agent that it wishes to resign hereunder, and if there would otherwise not be a Remarketing Agent or Reset Agent, as the case may be, at such time, NEE and NEE Capital shall appoint such a successor or successors and enter into a remarketing agreement with it or them as soon as reasonably practicable.

Section 5. Dealing in Relevant Securities. The Remarketing Agents, when acting hereunder or acting in their individual or any other capacity, may, to the extent permitted by law, buy, sell, hold or deal in any of the Debentures, Corporate Units, Treasury Units or any other securities of NEE or NEE Capital (collectively, the "**Relevant Securities**"). With respect to any Relevant Securities owned by it, each Remarketing Agent may exercise any vote or join in any action with like effect as if it did not act in any capacity hereunder. Each Remarketing Agent, in its individual capacity, either as principal or agent, may also engage in or have an interest in any financial or other transaction with NEE or NEE Capital as freely as if it did not act in any capacity hereunder.

Section 6. Registration Statement and Prospectus. In connection with a Remarketing, if and to the extent required (in the opinion of counsel for the Remarketing Agents or NEE and NEE Capital) by applicable law, regulations or interpretations in effect at the time of such Remarketing, NEE and NEE Capital shall use their commercially reasonable efforts to have a registration statement relating to the Subject Debentures effective under the Securities Act of 1933, as amended (the "**Securities Act**"), by the Business Day immediately preceding the first of the three sequential Remarketing Dates comprising a Three-Day Remarketing Period or the Final Three-Day Remarketing Period, as applicable, and shall furnish a current prospectus and/or prospectus supplement to be used in such Remarketing by the Remarketing Agents under the Supplemental Remarketing Agreement.

Section 7. Conditions to the Remarketing Agents' Obligations. (a) The obligations of the Remarketing Agents to remarket and purchase the Subject Debentures shall be subject to the terms and conditions of the Supplemental Remarketing Agreement.

(b) If at any time during the term of this Agreement, any Event of Default (as defined in the Indenture), or event that with the passage of time or the giving of notice or both would become an Event of Default, has occurred and is continuing, then the obligations and duties of the Remarketing Agents under this Agreement shall be suspended until such Event of Default or event has been cured. NEE and NEE Capital will cause the Indenture Trustee to give the Remarketing Agents notice of all such Events of Default and events of which the Indenture Trustee is aware.

Section 8. Indemnification. (a) NEE and NEE Capital, jointly and severally, agree to indemnify each Remarketing Agent and each Reset Agent, and their respective affiliates, directors and officers and each person who controls a Remarketing Agent or Reset Agent within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act (each such person being an "**Indemnified Party**") from and against any and all losses, claims, damages or liabilities, joint or several, to which such Indemnified Party may become subject under any applicable federal or state statute, regulation or common law, and related to or arising out of any acts or omissions of the Remarketing Agents and Reset Agents in connection with their respective duties and obligations as contemplated by *Section 2* of this Agreement and will reimburse any Indemnified Party for all expenses (including, to the extent hereinafter provided, reasonable attorney fees and expenses) as they are incurred by them in connection with the investigation or defense of any pending or threatened claim or any action or proceeding arising therefrom, whether or not such Indemnified Party is a party. Neither NEE nor NEE Capital will be liable to any Indemnified Party under the foregoing indemnification provision to the extent that any loss, claim, damage, liability or expense is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from a Remarketing Agent's or Reset Agent's bad faith, willful misconduct or negligence. NEE and NEE Capital also agree that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to NEE, NEE Capital or any of their respective security holders or creditors related to or arising out of any acts or omissions of a Remarketing Agent or Reset Agent in connection with its duties and obligations as contemplated by *Section 2* hereof, except to the extent that any loss, claim, damage or liability is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from a Remarketing Agent's or Reset Agent's bad faith, willful misconduct or negligence.

(b) If the indemnification provided for in *Section 8(a)* shall be unenforceable for any reason, NEE and NEE Capital, jointly and severally, agree to contribute to the losses, claims, damages and liabilities for which such indemnification shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of NEE and NEE Capital on the one hand and the Remarketing Agents and/or Reset Agents, as the case may be, on the other in connection with the acts or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by NEE and NEE Capital of the work performed by the Remarketing Agents and Reset Agents as contemplated by the Agreement, on the one hand, and the value of the engagement to the Remarketing Agents and Reset Agents on the other hand, and (iii) any other relevant equitable considerations; *provided, however*, that no Indemnified Party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any party who is not guilty of such fraudulent misrepresentation. NEE, NEE Capital and each Remarketing Agent and Reset Agent agrees that it would not be just and equitable if contribution pursuant to this *Section 8(b)* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above.

(c) Each Indemnified Party shall give written notice as promptly as reasonably practicable to NEE and NEE Capital of any action commenced against it in respect of which indemnification or contribution may be sought hereunder but failure to so notify NEE and NEE Capital hereunder of any such action shall not relieve NEE or NEE Capital of any liability hereunder except to the extent NEE or NEE Capital is materially prejudiced as a result of such failure to notify. NEE and NEE Capital may participate at their own expense in the defense of any such action and may, at their option, jointly assume the defense thereof with counsel selected by NEE and NEE Capital and reasonably acceptable to the Indemnified Party who shall be a defendant in such action, and such Indemnified Party shall bear the fees and expenses of any additional counsel retained by it. If the defendants in any such action include both the Indemnified Party and NEE or NEE Capital or both and counsel for NEE and/or NEE Capital shall have reasonably concluded that there may be a conflict of interest involved in the representation by a single counsel of both the Indemnified Party and NEE and/or NEE Capital, the Indemnified Party shall have the right to select separate counsel, satisfactory to NEE and NEE Capital, *provided* that, in no event shall NEE and NEE Capital be liable for the fees and expenses of more than one counsel separate from their own counsel in addition to local counsel for all Indemnified Parties in connection with any one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances. NEE, NEE Capital, the Remarketing Agents and the Reset Agents each agree that without the prior written consent of the other parties to such action who are parties to this Agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section 8*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

Section 9. Termination of Remarketing Agreement. Unless otherwise terminated in accordance with the provisions hereof and except as otherwise provided herein, this Agreement shall remain in full force and effect from the date hereof until the first day after the date on which no Debentures are outstanding, or, if earlier, the Business Day immediately following the earlier of (i) the Reset Effective Date or (ii) the Purchase Contract Settlement Date. Notwithstanding any such termination, the obligations set forth in *Section 3* and *Section 8* hereof shall survive and remain in full force and effect until all amounts payable under said *Section 3* and *Section 8* shall have been paid in full. In addition, each former Remarketing Agent and Reset Agent shall be entitled to the rights and benefits, and subject to the obligations, under *Section 8* hereof, notwithstanding any such termination or the replacement or resignation of such Remarketing Agent or Reset Agent.

Section 10. Performance; Duty of Care. The duties and obligations of the Remarketing Agents and of the Reset Agents hereunder shall be determined solely by the express provisions of this Agreement and the Supplemental Remarketing Agreement.

Section 11. Governing Law. THE VALIDITY AND INTERPRETATION OF THIS AGREEMENT SHALL BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, INCLUDING SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW, WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES THEREUNDER.

Section 12. Successors and Assigns. The rights and obligations of NEE or NEE Capital hereunder may not be assigned or delegated to any other person without the prior written consent of the Remarketing Agents, the Reset Agents and the Purchase Contract Agent. The rights and obligations of the Remarketing Agents or the Reset Agents hereunder may not be assigned or delegated to any other person without the prior written consent of NEE and NEE Capital. This Agreement shall inure to the benefit of and be binding upon NEE, NEE Capital, the Purchase Contract Agent, the Remarketing Agents and the Reset Agents, and their respective successors and assigns. The terms "successors" and "assigns" shall not include any purchaser of the Debentures merely because of such purchase.

Section 13. Headings. Section headings have been inserted in this Agreement as a matter of convenience of reference only, and it is agreed that such section headings are not a part of this Agreement and will not be used in the interpretation of any provision of this Agreement.

Section 14. Severability. If any provision of this Agreement shall be held or deemed to be or shall, in fact, be invalid, inoperative or unenforceable as applied in any particular case in any or all jurisdictions because it conflicts with any provisions of any constitution, statute, rule or public policy or for any other reason, such circumstances shall not have the effect of rendering the provision in question invalid, inoperative or unenforceable in any other case, circumstances or jurisdiction, or of rendering any other provision or provisions of this Agreement invalid, inoperative or unenforceable to any extent whatsoever.

Section 15. Counterparts. This Agreement may be executed in any number of counterparts by the parties hereto, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument.

Section 16. Amendments. This Agreement may be amended by any instrument in writing signed by the parties hereto.

Section 17. Notices. Unless otherwise specified, any notices, requests, consents or other communications given or made hereunder or pursuant hereto shall be made in writing or transmitted by any standard form of telecommunication, including telephone or facsimile, and confirmed in writing. All written notices and confirmations of notices by telecommunication shall be deemed to have been validly given or made when delivered or mailed, by registered or certified mail, return receipt requested and postage prepaid or transmitted by facsimile. All such notices, requests, consents or other communications shall be addressed as follows: if to NEE or NEE Capital, to NextEra Energy, Inc., 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer; if to the Remarketing Agents or the Reset Agents, to _____, _____, _____, _____, _____, _____ and _____, _____, _____, _____; and if to the Purchase Contract Agent, The Bank of New York Mellon, _____, _____, _____, _____, Attention: _____, or to such other address, or such facsimile number, as any of the above shall specify to the others in writing.

Section 18. Rights of the Purchase Contract Agent. Notwithstanding any other provision of this Agreement, the Purchase Contract Agent shall be entitled to all the rights, protections and privileges granted to the Purchase Contract Agent in the Purchase Contract Agreement. The Purchase Contract Agent assumes no responsibility for correctness of the recitals contained herein. The Purchase Contract Agent makes no representations as to the validity or sufficiency of this Agreement or the validity of the Debentures. The Purchase Contract Agent shall not be accountable for the use or application of the proceeds from the Debentures, including without limitation, the Subject Debentures.

IN WITNESS WHEREOF, each of NEE, NEE Capital, the Remarketing Agents, the Reset Agents and the Purchase Contract Agent has caused this Remarketing Agreement to be executed in its name and on its behalf by one of its duly authorized officers as of the date first above written.

FORM OF SUPPLEMENTAL REMARKETING AGREEMENT

1. Introductory. This Supplemental Remarketing Agreement (this "**Agreement**") supplements the Remarketing Agreement, dated _____ (the "**Remarketing Agreement**"), between the parties hereto, and the terms of this Agreement, taken together with the terms of the Remarketing Agreement, constitute the entire agreement between the parties with respect to the Remarketing of $_____ aggregate principal amount of NextEra Energy Capital Holdings, Inc.'s ("**NEE Capital**") Series __ Debentures due _____ (the "**Subject Debentures**"). All such Subject Debentures have been tendered for Remarketing by the holders thereof who have elected to have their Separate Debentures remarketed during the Period for Early Remarketing or during the Final Three-Day Remarketing Period, or are Debentures underlying the Pledged Applicable Ownership Interests in Debentures of Holders of Corporate Units with respect to a Remarketing during the Period for Early Remarketing, or are Debentures underlying the Pledged Applicable Ownership Interests in Debentures of Holders of Corporate Units who have not given notice that they intend to effect a Cash Settlement of the Purchase Contracts that are a component of their Corporate Units in accordance with the Purchase Contract Agreement with respect to a Remarketing during the Final Three-Day Remarketing Period and have not early settled their Purchase Contracts, and such Subject Debentures have not been called for Mandatory Redemption or Special Event Redemption. Each of _____, _____ and _____ (the "**Remarketing Agents**") hereby agrees, subject to the terms and conditions set forth herein or incorporated herein, to use its commercially reasonable efforts to remarket the Subject Debentures on the terms set forth in *Schedule I* hereto.

2. Definitions. Terms defined or incorporated by reference in the Remarketing Agreement are used herein with the meaning ascribed to them therein or in the definitions incorporated therein by reference.

3. Registration Statement and Prospectus. [If required (in the opinion of counsel to either (i) the Remarketing Agents or (ii) NextEra Energy, Inc. and NEE Capital) by applicable law, regulations or interpretations currently in effect;] NextEra Energy, Inc. ("**NEE**") and NEE Capital have filed with the Securities and Exchange Commission ("**Commission**"), and there has become effective, a registration statement on Form S-3 [(Nos. 333-_____] relating to the Subject Debentures. Such registration statement and the documents incorporated by reference therein, as amended to the date of this Agreement, is hereinafter referred to as the "**Registration Statement**," and the prospectus included in the Registration Statement, as amended or supplemented to the date of this Agreement to relate to the Subject Debentures and to the Remarketing of the Subject Debentures and the documents incorporated by reference therein, is hereinafter referred to as the "**Prospectus**."

4. Provisions Incorporated by Reference.

[incorporate the following text, beginning with paragraph (a), including the specified replacement text for Section 10 of the Underwriting Agreement (as defined below), if the Remarketing Agents have determined, based on advice of counsel, that applicable law, regulations or interpretations of the Commission make it necessary or advisable to deliver a current prospectus or other offering document in connection with this Remarketing:

(a) The entirety of the Underwriting Agreement, dated _____ (the "**Underwriting Agreement**"), between NEE, NEE Capital and the representatives of the underwriters (other than the Schedules thereto and Section __, Section __, Section __ and Section __ thereof and Section __(__), Section __(__), and Section __(__) thereof) shall be incorporated by reference into this Agreement and, to the extent they are relevant to a Remarketing of the Subject Debentures, made applicable hereto, except as explicitly amended hereby; *provided* that (i) the representations and warranties contained in the Underwriting Agreement shall be modified, to the extent necessary and in form and substance reasonably acceptable to the Remarketing Agents, to reflect any changes in the operations and business of NEE and NEE Capital that occurred between the date of the execution of the Remarketing Agreement and the date of the execution of this Agreement, (ii) the following representation shall be added as a representation of both NEE and NEE Capital: "The Remarketing Agreement and this Agreement each constitutes a valid and binding obligation of [NEE] [NEE Capital] enforceable against [NEE] [NEE Capital] in accordance with its terms, except as limited or affected by bankruptcy, insolvency, reorganization, receivership, moratorium, fraudulent conveyance or other laws affecting creditors' rights and remedies generally and general principles of equity and to concepts of materiality, reasonableness, good faith and fair dealing and the discretion of the court before which any matter is brought and subject to any principles of public policy limiting the rights to enforce the indemnification and exculpation provisions contained in the Remarketing Agreement and this Agreement." and (ii) the following *Section 10* shall replace Section 10 of the Underwriting Agreement in its entirety:

"10. Indemnification.

(a) NEE and NEE Capital, jointly and severally, agree to indemnify and hold harmless each Remarketing Agent, each officer and director of each Remarketing Agent, and each person (a **"Controlling Person")** who controls any Remarketing Agent within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law, and to reimburse each such Remarketing Agent, officer, director and Controlling Person for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, including all Incorporated Documents, or in the Registration Statement, the Pricing Prospectus,

the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the indemnity agreement contained in this *Section 10(a)* shall not apply to any such losses, claims, damages, liabilities, expenses or actions arising out of, or based upon, any such untrue statement or alleged untrue statement, or any such omission or alleged omission, if such statement or omission was made in reliance upon and in conformity with information furnished in writing, to NEE or NEE Capital by or on behalf of any Remarketing Agent expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof, or arising out of, or based upon, statements in or omissions from the Statements of Eligibility; and *provided, further*, that the indemnity agreement contained in this *Section 10(a)* in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus shall not inure to the benefit of any Remarketing Agent (or of any officer or director or Controlling Person of such Remarketing Agent) on account of any such losses, claims, damages, liabilities, expenses or actions arising from the Remarketing of the Subject Debentures to any person in respect of any preliminary prospectus supplement, the Pricing Prospectus, any Issuer Free Writing Prospectus or the Prospectus, each as may be then supplemented or amended, furnished by such Remarketing Agent to a person to whom any of the Subject Debentures were remarketed (excluding in all cases, however, any document then incorporated by reference therein), insofar as such indemnity relates to any untrue or misleading statement made in or omission from such preliminary prospectus supplement, Pricing Prospectus, Issuer Free Writing Prospectus or Prospectus, if a copy of a supplement or amendment to such preliminary prospectus supplement, Pricing Prospectus, Prospectus or Issuer Free Writing Prospectus (excluding in all cases, however, any document then incorporated by reference therein) (i) is furnished on a timely basis by NEE Capital or NEE to the Remarketing Agent, (ii) is required by law or regulation to have been conveyed to such person by or on behalf of such Remarketing Agent, at or prior to the entry into the contract of sale of the Subject Debentures with such person, but was not so conveyed (which conveyance may be oral or written) by or on behalf of such Remarketing Agent and (iii) would have cured the defect giving rise to such loss, claim, damage or liability. The indemnity agreement of NEE and NEE Capital contained in this *Section 10(a)* and the representations and warranties of NEE and NEE Capital contained in *Section 3* and *Section 4* hereof, respectively, shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of any Remarketing Agent or any of its officers, directors or Controlling Persons, and shall survive the Remarketing of the Subject Debentures. Each Remarketing Agent agrees promptly to notify each of NEE and NEE Capital, and each other Remarketing Agent, of the commencement of any litigation or proceedings against the notifying Remarketing Agent, or any of its officers, directors or Controlling Persons, in connection with the Remarketing of the Subject Debentures.

(b) Each Remarketing Agent, severally and not jointly, agrees to indemnify and hold harmless each of NEE and NEE Capital, their respective officers and directors, and each person who controls NEE or NEE Capital, as the case may be, within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act or any other statute or common law and to reimburse each of them for any legal or other expenses (including, to the extent hereinafter provided, reasonable counsel fees) when and as incurred by them in connection with investigating any such losses, claims, damages or liabilities or in connection with defending any actions, insofar as such losses, claims, damages, liabilities, expenses or actions arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus, or the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading if such statement or omission was made in reliance upon and in conformity with information furnished in writing to NEE or NEE Capital by or on behalf of such Remarketing Agent expressly for use in connection with the preparation of any preliminary prospectus supplement, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus or any amendment or supplement to any thereof. The Remarketing Agents hereby furnish to NEE and NEE Capital in writing, expressly for use in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus and any Issuer Free Writing Prospectus, the following: [insert information provided by the Remarketing Agents]. NEE and NEE Capital each acknowledge that the statements identified in the preceding [__] sentence[s] constitute the only information furnished in writing by or on behalf of the Remarketing Agents expressly for inclusion in the preliminary prospectus supplement dated _____, the Registration Statement, the Pricing Prospectus, the Prospectus or any Issuer Free Writing Prospectus. The respective indemnity agreement of each Remarketing Agent contained in this *Section 10(b)* shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of NEE or NEE Capital or any of their respective officers or directors or any person who controls NEE or NEE Capital within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, or by or on behalf of any other Remarketing Agent or any of its officers, directors or Controlling Persons, and shall survive the Remarketing of the Subject Debentures. NEE and NEE Capital agree promptly to notify the Remarketing Agents of the commencement of any litigation or proceedings against NEE, NEE Capital (or any of their respective controlling persons within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) or any of their respective officers or directors in connection with the Remarketing of the Subject Debentures.

(c) NEE, NEE Capital and each of the several Remarketing Agents each agree that, upon the receipt of notice of the commencement of any action against it, its officers and directors, or any person controlling it as aforesaid, in respect of which indemnity or contribution may be sought under the provisions of this *Section 10*, it will promptly give written notice of the commencement thereof to the party or parties against whom indemnity or contribution shall be sought thereunder, but the omission so to notify such indemnifying party or parties of any such action shall not relieve such indemnifying party or parties from any liability which it or they may have to the indemnified party otherwise than on account of this indemnity agreement. In case such notice of any such action shall be so given, such indemnifying party or parties shall be entitled to participate at its own expense in the defense or, if it so elects, to assume (in conjunction with any other indemnifying parties) the defense of such action, in which event such defense shall be conducted by counsel chosen by such indemnifying party or parties and reasonably satisfactory to the indemnified party or parties who shall be defendant or defendants in such action, and such defendant or defendants shall bear the fees and expenses of any additional counsel retained by them; but if the indemnifying party or parties shall elect not to assume the defense of such action, such indemnifying party or parties will reimburse such indemnified party or parties for the reasonable fees and expenses of any counsel retained by them; *provided, however*, if the defendants in any such action include both the indemnified party and the indemnifying party and counsel for the indemnifying party shall have reasonably concluded that there may be a conflict of interest involved in the representation by such counsel of both the indemnifying party and the indemnified party, the indemnified party or parties shall have the right to select separate counsel, satisfactory to the indemnifying party or parties, to participate in the defense of such action on behalf of such indemnified party or parties at the expense of the indemnifying party or parties (it being understood, however, that the indemnifying party or parties shall not be liable for the expenses of more than one separate counsel representing the indemnified parties who are parties to such action). NEE, NEE Capital and each of the several Remarketing Agents each agree that without the prior written consent of the other parties to such action who are parties to this Agreement, which consent shall not be unreasonably withheld, it will not settle, compromise or consent to the entry of any judgment in any claim or proceeding in respect of which such party intends to seek indemnity or contribution under the provisions of this *Section 10*, unless such settlement, compromise or consent (i) includes an unconditional release of such other parties from all liability arising out of such claim or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of such other parties.

(d) If, or to the extent, the indemnification provided for in *Section 10(a)* or *Section 10(b)* hereof shall be unenforceable under applicable law by an indemnified party, each indemnifying party agrees to contribute to such indemnified party with respect to any and all losses, claims, damages, liabilities and expenses for which each such indemnification provided for in *Section 10(a)* or *Section 10(b)* hereof shall be unenforceable, in such proportion as shall be appropriate to reflect (i) the relative fault of NEE and NEE Capital on the one hand and the Remarketing Agents on the other hand in connection with the

statements or omissions which have resulted in such losses, claims, damages, liabilities and expenses, (ii) the relative benefits received by NEE and NEE Capital on the one hand and the Remarketing Agents on the other hand from the Remarketing of the Subject Debentures pursuant to this Agreement, and (iii) any other relevant equitable considerations; *provided, however*, that no indemnified party guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution with respect thereto from any indemnifying party not guilty of such fraudulent misrepresentation. Relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by NEE and NEE Capital or the Remarketing Agents and each such party's relative intent, knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. NEE, NEE Capital and each of the Remarketing Agents each agree that it would not be just and equitable if contribution pursuant to this *Section 10(d)* were to be determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this *Section 10(d)*, no Remarketing Agent shall be required to contribute in excess of the amount equal to the excess of (i) the total price at which the Subject Debentures remarketed by it were offered to the public, over (ii) the amount of any damages which such Remarketing Agent has otherwise been required to pay by reason of any such untrue or alleged untrue statement or omission or alleged omission. The obligations of each Remarketing Agent to contribute pursuant to this *Section 10(d)* are several and not joint and shall be in the same proportion as such Remarketing Agent's obligation to remarket the Subject Debentures is to the total principal amount of the Subject Debentures set forth in *Schedule II* hereto."]

[(b)] To the extent the Underwriting Agreement is applicable hereto, references therein to (i) the "Underwriter" or "Underwriters" or the "Representative" or "Representatives", as the case may be, shall be deemed to refer to the Remarketing Agent or Remarketing Agents, as the case may be; (ii) "Securities" shall be deemed to refer to the Subject Debentures; (iii) "this Agreement" shall be deemed to refer to the Remarketing Agreement as supplemented by this Agreement, (iv) "the date hereof" shall be deemed to refer to the date of a Successful Remarketing, and (v) "Closing Date" shall be deemed to refer to the Remarketing Closing Date (as defined below). To the extent the provisions of the Underwriting Agreement refer to the "preliminary prospectus supplement," the "Prospectus," the "Pricing Prospectus," the "Registration Statement," the "Pricing Disclosure Package," a "Free Writing Prospectus," and an "Issuer Free Writing Prospectus," such references shall be deemed to (i) refer to any preliminary prospectus supplement, prospectus, pricing prospectus, registration statement, free writing prospectus or issuer free writing prospectus, or other offering document, that NEE and NEE Capital are required to prepare or file with respect to the Subject Debentures, or the documents which constitute the pricing disclosure package with respect to the Subject Debentures, pursuant to applicable law, regulations or interpretations of the Commission in effect at the time of the Remarketing of such Subject Debentures, including all documents incorporated by reference therein and (ii) refer to each such document as amended or supplemented to the date of a Successful Remarketing. The term "Incorporated Documents" in the Underwriting Agreement shall be deemed to include those filed by NEE and incorporated by reference in the Registration Statement. References to issuance and/or sale of Debentures shall be deemed to refer to Remarketing of the Subject Debentures.

5. Purchase and Sale; Remarketing Fee. Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth or incorporated herein, the Remarketing Agents agree to use their commercially reasonable efforts to remarket, and to purchase from the registered holder or holders thereof in the manner specified in *Section 6* hereof, the principal amount of the Subject Debentures set forth in Schedule I hereto at a price equal to or greater than 100% of [the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price][2] [the aggregate principal amount of the Subject Debentures][3] plus the applicable Remarketing Fee. In connection therewith, under the terms of the Debentures the registered holder or holders thereof has/have agreed, in the manner, and from the portion of the proceeds, specified in *Section 6* hereof, to pay to the Remarketing Agents a Remarketing Fee equal to ___ basis points (___%) of [the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price] [the aggregate principal amount of the Subject Debentures]. If fewer than all of the Subject Debentures are remarketed in accordance with the terms hereof, or a condition precedent set forth in the Purchase Contract Agreement is not fulfilled, the Remarketing shall be deemed to have failed as to all Subject Debentures.

6. Time, Date and Place of Closing. Delivery of the Subject Debentures and payment therefor by wire transfer in federal funds shall be made at _____ [A.M./P.M.], New York City time, on the settlement date set forth on *Schedule I*, at the offices of _____, _____, _____, _____. The time and date of such delivery and payment are herein called the "**Remarketing Closing Date**"), which date and time may be postponed by agreement between the Remarketing Agents, NEE, NEE Capital and the registered holder or holders of the Subject Debentures. Delivery of the Subject Debentures to be remarketed shall be made by the Collateral Agent and the Custodial Agent, as applicable, to the Remarketing Agents on the Business Day immediately preceding the first Remarketing Date of the applicable Three-Day Remarketing Period [selected by NEE Capital pursuant to the Officer's Certificate]. Upon a successful Remarketing, the Remarketing Agents may deduct the Remarketing Fee from any amount of such Remarketing proceeds in excess of the [Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price] [aggregate principal amount of the Subject Debentures] or, if the remarketed Debentures are represented by a global certificate, payment of the Remarketing Fee may be made by any method of transfer agreed upon by the Remarketing Agents and the Depositary for the Debentures under the Indenture. Upon a Successful Remarketing, the Remarketing Agents shall deliver the proceeds of such Remarketing (after deducting the Remarketing Fee described in the preceding sentence) to the Collateral Agent in exchange for the Pledged Debentures in accordance with Section 4.3 of the Purchase Contract Agreement.

---

2 With respect to a Successful Remarketing during the Period for Early Remarketing.

3 With respect to a Successful Remarketing during the Final Three-Day Remarketing Period.

If the Debentures are not represented by a global certificate, certificates for the Debentures shall be registered in such names and denominations as the Remarketing Agents may request, and NEE Capital agrees to have such certificates available for inspection, packaging and checking by the Remarketing Agents in New York, New York not later than 1:00 p.m. on the Business Day prior to the Remarketing Closing Date.

7. Notices. All communications hereunder shall be in writing and, if to the Remarketing Agents or the Reset Agents, shall be mailed or delivered to the Remarketing Agents or Reset Agents to _____, _____, _____, _____, _____, _____, _____, _____, _____ and _____, _____, _____, _____, if to NEE or NEE Capital, shall be mailed or delivered to it at 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer, or if to the Purchase Contract Agent, The Bank of New York Mellon, _____, _____, _____, _____, Attention: _____, or to such other address as any of the above shall specify to the other in writing. All written notices and confirmations of notices by telecommunication shall be deemed to have been validly given or made when delivered or mailed, by registered or certified mail, return receipt requested and postage prepaid.

8. Termination. This Agreement may be terminated by the Remarketing Agents by delivering written notice thereof to NEE and NEE Capital, at any time prior to the Remarketing Closing Date, if after the date hereof and at or prior to the Remarketing Closing Date:

(a) (i) there shall have occurred any general suspension of trading in securities on The New York Stock Exchange LLC (the "**NYSE**") or there shall have been established by the NYSE or by the Commission or by any federal or state agency or by the decision of any court any limitation on prices for such trading or any general restrictions on the distribution of securities, or trading in any securities of NEE or NEE Capital shall have been suspended or limited by any exchange located in the United States or on the over-the-counter market located in the United States or a general banking moratorium declared by New York or federal authorities or (ii) there shall have occurred any material adverse change in the financial markets in the United States, any outbreak of hostilities, including, but not limited to, an escalation of hostilities which existed prior to the date hereof, any other national or international calamity or crisis or any material adverse change in financial, political or economic conditions affecting the United States, the effect of any such event specified in this clause (ii) being such as to make it, in the reasonable judgment of the Remarketing Agents, impracticable or inadvisable to proceed with the Remarketing of the Subject Debentures as contemplated in the Pricing Disclosure Package or for the Remarketing Agents to enforce contracts for the sale of the Subject Debentures; or

(b) (i) there shall have been any downgrading or any notice of any intended or potential downgrading in the ratings accorded to the Subject Debentures or any securities of NEE Capital which are of the same class as the Subject Debentures by either Moody's Investors Service, Inc. ("**Moody's**") or S&P Global Ratings, a division of S&P Global Inc. ("**S&P**"), or (ii) either Moody's or S&P shall have publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Subject Debentures or any securities of NEE Capital which are of the same class as the

Subject Debentures, the effect of any such event specified in (i) or (ii) above being such as to make it, in the reasonable judgment of the Remarketing Agents, impracticable or inadvisable to proceed with the Remarketing of the Subject Debentures as contemplated in the Pricing Disclosure Package or for the Remarketing Agents to enforce contracts for the sale of the Subject Debentures.

This Agreement may also be terminated at any time prior to the Remarketing Closing Date if in the judgment of the Remarketing Agents the subject matter of any amendment or supplement to the Registration Statement or the Prospectus or any Issuer Free Writing Prospectus prepared and furnished by NEE and NEE Capital after the date hereof reflects a material adverse change in the business, properties or financial condition of NEE and its subsidiaries taken as a whole or NEE Capital and its subsidiaries taken as a whole which renders it either inadvisable to proceed with such Remarketing or inadvisable to proceed with the delivery of, or to enforce contracts for the sale of, the Subject Debentures. Any termination of this Agreement pursuant to this *Section 8* shall be without liability of any party to any other party except as otherwise provided in *Section ___* and *Section ___* hereof.

9. Counterparts. This Agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument.

10. Recognition of the U.S. Special Resolution Regimes.

(a) In the event that any Remarketing Agent that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Remarketing Agent of this Agreement, and any interest and obligation in or under this Agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this Agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. If any date on which interest, principal or premium, if any, is payable on the bonds of the _____ Series falls on a day that is not a Business Day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a Business Day, and without any interest or other payment in respect of such delay. A "**Business Day**" is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

The record date for payments of interest on any Interest Payment Date shall be the close of business on (1) the business day immediately preceding such Interest Payment Date so long as all bonds of this series are held by a securities depository in book-entry only form or (2) the 15th calendar day immediately preceding such Interest Payment Date if any of the bonds of this series are not held by a securities depository in book-entry only form.

This bond is one of an issue of bonds of the Company issuable in series and is one of a series known as its First Mortgage Bonds, _____% Series due _____, all bonds of all series issued and to be issued under and equally secured (except insofar as any sinking or other fund, established in accordance with the provisions of the Mortgage hereinafter mentioned, may afford additional security for the bonds of any particular series) by a Mortgage and Deed of Trust (herein, together with any indenture supplemental thereto, including the _____ Supplemental Indenture dated as of _____, called the "**Mortgage**"), dated as of January 1, 1944, executed by the Company to Deutsche Bank Trust Company Americas (formerly known as Bankers Trust Company) (hereinafter sometimes called the "**Corporate Trustee**") and The Florida National Bank of Jacksonville (now resigned), as Trustees. Reference is made to the Mortgage for a description of the property mortgaged and pledged, the nature and extent of the security, the rights of the holders of the bonds and of the Corporate Trustee in respect thereof, the duties and immunities of the Corporate Trustee and the terms and conditions upon which the bonds are and are to be secured and the circumstances under which additional bonds may be issued. With the consent of the Company and to the extent permitted by and as provided in the Mortgage, the rights and obligations of the Company and/or the rights of the holders of the bonds and/or coupons and/or the terms and provisions of the Mortgage may be modified or altered by affirmative vote or votes of the holders of bonds then outstanding as specified in the Mortgage.

The principal hereof may be declared or may become due prior to the maturity date hereinbefore named on the conditions, in the manner and at the time set forth in the Mortgage, upon the occurrence of a default as in the Mortgage provided.

This bond is transferable as prescribed in the Mortgage by the registered owner hereof in person, or by his duly authorized attorney, at the office or agency of the Company in the Borough of Manhattan, The City of New York, upon surrender and cancellation of this bond, and, thereupon, a new fully registered bond of the same series and maturity for a like principal amount will be issued to the transferee in exchange herefor as provided in the Mortgage. The Company and the Corporate Trustee may deem and treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and neither the Company nor the Corporate Trustee shall be affected by any notice to the contrary.

In the manner prescribed in the Mortgage, any bonds of this series, upon surrender thereof for exchange, at the office or agency of the Company in the Borough of Manhattan, The City of New York, together with a written instrument of transfer wherever required by the Company duly executed by the registered owner or by his duly authorized attorney, are exchangeable for a like aggregate principal amount of bonds of the same series and maturity of other authorized denominations.

[Redemption provisions, if any, will be inserted here]

As provided in the Mortgage, the Company shall not be required to make transfers or exchanges of bonds of any series for a period of ten days next preceding any interest payment date for bonds of said series, or next preceding any designation of bonds of said series to be redeemed, and the Company shall not be required to make transfers or exchanges of any bonds designated in whole or in part for redemption.

No recourse shall be had for the payment of the principal of or interest on this bond against any incorporator, or any past, present or future subscriber to the capital stock, or any stockholder, officer or director of the Company or of any predecessor or successor corporation, as such, either directly or through the Company or any predecessor or successor corporation, under any rule of law, statute or constitution or by the enforcement of any assessment or otherwise, all such liability of incorporators, subscribers, stockholders, officers and directors being released by the holder or owner hereof by the acceptance of this bond and being likewise waived and released by the terms of the Mortgage.

Each initial and future holder of this bond, by its acquisition of an interest in this bond, irrevocably (a) consents to the amendments set forth in Article II of the One Hundred Twenty-Eighth Supplemental Indenture, dated as of June 15, 2018, without any other or further action by any holder of this bond, and (b) designates the Corporate Trustee, and its successors, as its proxy with irrevocable instructions to vote and deliver written consents on behalf of such holder in favor of such amendments at any bondholder meeting, in lieu of any bondholder meeting, in any consent solicitation or otherwise.

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "4.85% Debentures, Series due April 30, 2031" (referred to herein as the "**Debentures of the Seventy-Eighth Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Debentures of the Seventy-Eighth Series shall be issued by the Company in the initial aggregate principal amount of C$1,000,000,000. Any such additional Debentures of the Seventy-Eighth Series as may be issued pursuant to the Indenture from time to time shall be part of the same series as the then-Outstanding Debentures of the Seventy-Eighth Series.

3. The Debentures of the Seventy-Eighth Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date. The "**Stated Maturity Date**" means April 30, 2031.

4. The Debentures of the Seventy-Eighth Series shall bear interest as provided in the form set forth as *Exhibit A* hereto.

The corporate trust office of BNY Trust Company of Canada located at 1 York Street, 6th Floor, Toronto, Ontario, M5J 0B6 Canada will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands,

and the Company hereby appoints BNY Trust Company of Canada as its agent for all such purposes; *provided*, *however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Company has initially appointed BNY Trust Company of Canada as its Security Registrar and the Paying Agent for the Debentures of the Seventy-Eighth Series.

7. The Debentures of the Seventy-Eighth Series will be redeemable at the option of the Company prior to the Stated Maturity Date as provided in the form set forth as *Exhibit A* hereto. 9. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Seventy-Eighth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Seventy-Eighth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Seventy-Eighth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided*, *however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency accompanied by an opinion of an independent public accountant of nationally recognized standing, selected by the Trustee, showing the calculation thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Seventy-Eighth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for United States federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

10. The Debentures of the Seventy-Eighth Series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, Inc., as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). The following shall constitute "**Guarantor Events**" with respect to the Debentures of the Seventy-Eighth Series:

(A) the failure of the Guarantee Agreement to be in full force and effect;

(B) the entry by a court having jurisdiction with respect to the Guarantor of (i) a decree or order for relief in respect of the Guarantor in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Guarantor bankrupt or insolvent, or approving as properly filed a petition by one or more entities other than the Guarantor seeking reorganization, arrangement, adjustment or composition of or in respect of the Guarantor under any applicable Federal or State bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official for the Guarantor or for any substantial part of its property, or ordering the winding up or liquidation of its affairs, and any such decree or order for relief or any such other decree or order shall have remained unstayed and in effect for a period of ninety (90) consecutive days; or

(C) the commencement by the Guarantor of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or of any other case or proceeding seeking for the Guarantor to be adjudicated bankrupt or insolvent, or the consent by the Guarantor to the entry of a decree or order for relief in respect of itself in a case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against the Guarantor, or the filing by the Guarantor of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State bankruptcy, insolvency or other similar law, or the consent by the Guarantor to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Guarantor or of any substantial part of its property, or the making by the Guarantor of an assignment for the benefit of creditors, or the admission by the Guarantor in writing of its inability to pay its debts generally as they become due, or the authorization of such action by the Board of Directors of the Guarantor.

Notwithstanding anything to the contrary contained in the Debentures of the Seventy-Eighth Series, this certificate or the Indenture, the Company shall, if a Guarantor Event shall occur and be continuing, redeem all of the Outstanding Debentures of the Seventy-Eighth Series within sixty (60) days after the occurrence of such Guarantor Event at a redemption price equal to the principal amount thereof plus accrued and unpaid interest, if any, to but excluding the date of redemption *unless*, within thirty (30) days after the occurrence of such Guarantor Event, S&P Global Ratings, a division of S&P Global Inc., and Moody's Investors Service, Inc. (if the Debentures of the Seventy-Eighth Series are then rated by those rating agencies, or, if the Debentures of the Seventy-Eighth Series are then rated by only one of those rating agencies, then such rating agency, or, if the Debentures of the Seventy-Eighth Series are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the Debentures of the Seventy-Eighth Series shall be investment grade (i.e., in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

11. With respect to the Debentures of the Seventy-Eighth Series, each of the following events shall be an additional Event of Default under the Indenture:

(A) the consolidation of the Guarantor with or merger of the Guarantor into any other Person, or the conveyance or other transfer or lease by the Guarantor of its properties and assets substantially as an entirety to any Person, unless

(i) the Person formed by such consolidation or into which the Guarantor is merged or the Person which acquires by conveyance or other transfer, or which leases, the properties and assets of the Guarantor substantially as an entirety shall be a Person organized and existing under the laws of the United States, any State thereof or the District of Columbia, and shall expressly assume the obligations of the Guarantor under the Guarantee Agreement; and

(ii) immediately after giving effect to such transaction, no Event of Default and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; or

(B) the failure of the Company to redeem the Outstanding Debentures of the Seventy-Eighth Series if and as required by *Paragraph 10* hereof.

12. If a Guarantor Event occurs and the Company is not required to redeem the Debentures of the Seventy-Eighth Series pursuant to *Paragraph 10* hereof, the Company will provide to the Trustee and the Holders of the Debentures of the Seventy-Eighth Series annual and quarterly reports containing the information that the Company would be required to file with the Securities and Exchange Commission under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of either of those Sections; *provided*, that if the Company is, at that time, subject to the reporting requirements of either of those Sections, the filing of annual and quarterly reports with the Securities and Exchange Commission pursuant to either of those

Sections will satisfy the foregoing requirement. The provision of such reports and information to the Trustee shall be for informational purposes only and the Trustee's receipt or deemed receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants under the Indenture.

13. The Debentures of the Seventy-Eighth Series will be initially issued in global form registered in the name of CDS & Co. (as nominee for CDS Clearing and Depository Services Inc.). The Debentures of the Seventy-Eighth Series in global form will contain restrictions on transfer, substantially as described in the form set forth as *Exhibit A* hereto.

14. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Seventy-Eighth Series; *provided, however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

15. The Company has reserved the right, without any consent, vote or other action by Holders of the Debentures of the Seventy-Eighth Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

(A) To amend the second sentence of Section 402 thereof to read as follows:

16. The Debentures of the Seventy-Eighth Series shall have such other terms and provisions as are provided in the form set forth as *Exhibit A* hereto.

17. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Seventy-Eighth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

18. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

4.85% DEBENTURES, SERIES DUE APRIL 30, 2031

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**," which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ Canadian Dollars on April 30, 2031 (the "**Stated Maturity Date**"). The Company further promises to pay interest on the principal sum of this 4.85% Debenture, Series due April 30, 2031 (this "**Security**") to the registered Holder hereof at the rate of 4.85% per annum, in like coin or currency, semi-annually on April 30 and October 30 of each year (each an "**Interest Payment Date**") until the principal hereof is paid or duly provided for, such interest payments to commence on October 30, 2024. Each interest payment shall include interest accrued from the most-recently preceding Interest Payment Date to which interest has either been paid or duly provided for (*except* that (i) the interest payment which is due on October 30, 2024 shall include interest that has accrued from March 7, 2024, and (ii) if this Security is authenticated during the period that (A) follows any particular Regular Record Date (as defined below) but (B) precedes the next occurring Interest Payment Date, then the registered Holder hereof shall not be entitled to receive any interest payment with respect to this Security on such next occurring Interest Payment Date). No interest will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. In the event that an Interest Payment Date is not a Business Day, then payment of interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of such delay) with the same force and effect as if made on the Interest Payment Date. The interest so payable, and punctually paid or duly provided for, on an

Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the "**Regular Record Date**" for such interest installment, which shall be the close of business on April 15 and October 15 (whether or not a Business Day) immediately preceding such Interest Payment Date; *provided* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture. A "**Business Day**" is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City, New York, United States of America or Toronto, Ontario, Canada, or the relevant Place of Payment are generally authorized or required by law or executive order to remain closed.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose at the office of BNY Trust Company of Canada (the "**Paying Agent**") located at 1 York Street, 6th Floor, Toronto, Ontario, M5J 0B6 Canada which will initially be the agency of the Company for such payments. The amount of interest payable on this Security will be computed (1) for a full semiannual period on the basis of a 360-day year consisting of twelve 30-day months and (2) for an interest period that is not a full semiannual period on the basis of a 365-day year and the actual number of days in such interest period.

Currency Conversion. All payments of principal, interest, premium, if any, or any Additional Amounts (as defined below) in respect of the Securities of this series, including payments made upon any redemption pursuant to the terms of the Securities of this series, will be payable in Canadian dollars. If Canadian dollars are unavailable to the Company due to the imposition of exchange controls or other circumstances beyond the Company's control, then all payments in respect of the Securities of this series will be made in Dollars until Canadian dollars are again available to the Company. In such circumstances, the amount payable on any date in Canadian dollars will be converted into Dollars by the Company at the rate mandated by the Board of Governors of the Federal Reserve System as of the close of business on the second Business Day prior to the relevant payment date or, if the Board of Governors of the Federal Reserve System has not announced a rate of conversion, on the basis of the most recent Dollar/Canadian dollar exchange rate published in The Wall Street Journal on or prior to the second Business Day prior to the relevant payment date or, in the event The Wall Street Journal has not published such exchange rate, the rate will be determined in the Company's sole discretion on the basis of the most recently available market exchange rate for Canadian dollars. Any payment in respect of the Securities of this series so made in Dollars will not constitute a default under the Securities of this series or the Indenture. Neither the Trustee nor the Paying Agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations. In the event of an official redenomination of the Canadian dollar, the obligations with respect to payments on the Securities of this series immediately following such redenomination shall be regarded as providing for the payment of that amount of Canadian dollars representing the amount of such obligations immediately before such redenomination.

All determinations referred to in the paragraph above made by the Company will be at its sole discretion and will, in the absence of clear error, be conclusive for all purposes and binding on the holders of the Securities of this series.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate, shall have the meanings specified in the Indenture or in the Officer's Certificate.)

CERTIFICATE OF AUTHENTICATION

This is one of the Securities of the series designated therein referred to in the within-mentioned Indenture.

THE BANK OF NEW YORK MELLON, as Trustee

Authorized Signatory

[FORM OF REVERSE OF DEBENTURE]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Debt Securities), dated as of June 1, 1999 (herein, together with any amendments thereto, called the "**Indenture**," which term shall have the meaning assigned to it in such instrument), between the Company and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on March 7, 2024 creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Redemption. In addition to the option of the Company to redeem the Securities of this series in connection with a Tax Event described below, this Security shall also be redeemable at the option of the Company in whole at any time, or in part from time to time (each a "**Redemption Date**"), upon notice (the "**Redemption Notice**") which is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days prior to the date fixed for redemption, at the applicable price (each a "**Redemption Price**") described below; *provided, however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Securities of this series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that the Redemption Notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption.

Prior to February 28, 2031 (the "**Par Call Date**"), the Company may redeem the Securities of this series at its option, in whole or in part, at any time and from time to time, at a Redemption Price equal to the greater of:

(1) 100% of the aggregate principal amount of the Security of this series to be redeemed, and

(2) the Canada Yield Price,

plus, in either case, accrued and unpaid interest, if any, thereon to but excluding the Redemption Date.

On or after the Par Call Date, the Company may redeem the Securities of this series, in whole or in part, at any time and from time to time, at a Redemption Price equal to 100% of the aggregate principal amount of the Securities of this series to be redeemed plus accrued and unpaid interest, if any, thereon, to but excluding, the Redemption Date. If a Security of this series is redeemed on or after a Regular Record Date but on or prior to the related Interest Payment Date, then any accrued and unpaid interest shall be paid to the Holder of record as of such Regular Record Date.

"**Canada Yield Price**" means, in respect of any Securities of this series being redeemed, the price, in respect of the principal amount of the Securities of this series, calculated by the Company as of the third Business Day prior to the Redemption Date of such Securities of this series, equal to the sum of the present values of the Remaining Scheduled Payments (which, for the avoidance of doubt, shall not include any portion of such payments of interest accrued as of the Redemption Date) using a discount rate equal to the Government of Canada Yield on such Business Day plus 35.5 basis points.

"**Government of Canada Yield**" means, on any date, the bid-side yield to maturity on such date as determined by the arithmetic average (rounded to three decimal places) of the yields quoted at 10:00 a.m. (Toronto time) by any two investment dealers in Canada selected by the Company, assuming semi-annual compounding and calculated in accordance with generally accepted financial practice, which a non-callable Government of Canada bond would carry if issued in Canadian dollars in Canada at 100% of its principal amount on such date with a term to maturity that most closely approximates the remaining term to the Par Call Date.

"**Remaining Scheduled Payments**" means, with respect to each Security of this series to be redeemed, the remaining scheduled payments of principal of and interest on each Security of this series that would be due after the related redemption date if the Security of this series were redeemed on the Par Call Date. If the Redemption Date is not an Interest Payment Date with respect to a Security of this series, the amount of the next succeeding scheduled interest payment on each Security of this series will be reduced by the amount of interest accrued on such Security of this series to, but excluding, the Redemption Date.

The Company's actions and determinations in determining the applicable Redemption Price shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify the Company's calculations of, the applicable Redemption Price.

If at the time a Redemption Notice is given, the redemption moneys are not on deposit with the Paying Agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before the Redemption Date and such Redemption Notice shall be of no force or effect unless such moneys are received.

Upon payment of the applicable Redemption Price as described herein, on and after the applicable Redemption Date interest will cease to accrue on the Securities of this series or portions thereof called for redemption.

If, as a result of any Tax Event (as defined below), the Company becomes or, based upon its receipt of a written opinion of independent counsel selected by the Company, there is a material probability that the Company will become, obligated to pay Additional Amounts with respect to the Securities of this series, then the Company may at its option redeem the Securities of this series, in whole, but not in part, upon a Redemption Notice, at a redemption price (the "**Tax Event Redemption Price**") equal to 100% of their principal amount, together with accrued but unpaid interest, if any, thereon to, but excluding, the date fixed for such redemption (the "**Tax Event Redemption Date**"). Upon payment of the Tax Event Redemption Price, on and after the Tax Event Redemption Date interest will cease to accrue on the Securities of this series called for redemption.

"Tax Event" means:

1. any amendment to, or change, including any announced prospective change, in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under those laws or treaties, that is enacted or effective on or after March 4, 2024;

2. an administrative action, which means any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement including any notice or announcement of intent to issue or adopt any administrative pronouncement, ruling, regulatory procedure or regulation, that is taken on or after March 4, 2024; or

3. any amendment to or change in the official position or the interpretation of any administrative action or judicial decision or any interpretation or pronouncement that provides for a position with respect to an administrative action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which that amendment, clarification or change is introduced or made known, that is enacted or effective on or after March 4, 2024.

The Securities of this series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, Inc., as Guarantor (the **"Guarantor"**), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the **"Guarantee Agreement"**). The following shall constitute **"Guarantor Events"** with respect to the Securities of this series:

(A) the failure of the Guarantee Agreement to be in full force and effect;

(B) the entry by a court having jurisdiction with respect to the Guarantor of (i) a decree or order for relief in respect of the Guarantor in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Guarantor bankrupt or insolvent, or approving as properly filed a petition by one or more entities other than the Guarantor seeking reorganization, arrangement, adjustment or composition of or in respect of the Guarantor under any applicable Federal or State bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official for the Guarantor or for any substantial part of its property, or ordering the winding up or liquidation of its affairs, and any such decree or order for relief or any such other decree or order shall have remained unstayed and in effect for a period of ninety (90) consecutive days; or

(C) the commencement by the Guarantor of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or of any other case or proceeding seeking for the Guarantor to be adjudicated bankrupt or insolvent, or the consent by the Guarantor to the entry of a decree or order for relief in respect of itself in a case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against the Guarantor, or the filing by the Guarantor of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State bankruptcy, insolvency or other similar law, or the consent by the Guarantor to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Guarantor or of any substantial part of its property, or the making by the Guarantor of an assignment for the benefit of creditors, or the admission by the Guarantor in writing of its inability to pay its debts generally as they become due, or the authorization of such action by the Board of Directors of the Guarantor.

Notwithstanding anything to the contrary contained in the Securities of this series, the Officer's Certificate, or the Indenture, the Company shall, if a Guarantor Event shall occur and be continuing, redeem all of the Outstanding Securities of this series within sixty (60) days after the occurrence of such Guarantor Event at a redemption price equal to the principal amount thereof plus accrued and unpaid interest, if any, to but excluding the date of redemption unless, within thirty (30) days after the occurrence of such Guarantor Event, S&P Global Ratings, a division of S&P Global Inc., and Moody's Investors Service, Inc. (if the Securities of this series are then rated by those rating agencies, or, if the Securities of this series are then rated by only one of those rating agencies, then such rating agency, or, if the Securities of this series are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the Securities of this series shall be investment grade (i.e., in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

If a Guarantor Event occurs and the Company is not required to redeem the Securities of this series pursuant to the preceding paragraph, the Company will provide to the Trustee and the Holders of the Securities of this series annual and quarterly reports containing the information that the Company would be required to file with the Securities and Exchange Commission under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of either of those Sections; *provided*, that if the Company is, at that time, subject to the reporting requirements of either of those Sections, the filing of annual and quarterly reports with the Securities and Exchange Commission pursuant to either of those Sections will satisfy the foregoing requirement.

Additional Amounts. All payments of principal, interest, and premium, if any, in respect of the Securities of this series will be made free and clear of, and without deduction or withholding for or on account of any present or future taxes, duties, assessments or other governmental charges imposed, levied, collected, withheld or assessed by the United States or any political subdivision or taxing authority of or in the United States (collectively, "**Taxes**"), unless such withholding or deduction is required by law.

In the event such withholding or deduction of Taxes is required by law, the Company will, subject to the exceptions and limitations described below, pay such additional amounts ("**Additional Amounts**") on the Securities of this series as will result in the receipt by each beneficial owner of a Security of this series that is not a U.S. Person (as defined below) of such amounts (after all such withholding or deduction, including any Tax imposed on any Additional Amounts so paid) as would have been received by such beneficial owner had no such withholding or deduction been required. The Company will not be required, ***however***, to make any payment of Additional Amounts for or on account of:

1. any Taxes that would not have been imposed, withheld or deducted but for:

    a. the existence of any present or former connection (other than a connection arising solely from the ownership of those Securities of this series or the receipt of payments in respect of those Securities of this series) between a holder of a Security of this series (or the beneficial owner for whose benefit such holder holds such Security of this series), or between a fiduciary, settlor, beneficiary, member or shareholder or other equity owner of, or possessor of a power over, such holder or beneficial owner (if that holder or beneficial owner is an estate, trust, a limited liability company, partnership, corporation or similar entity) and the United States, including, without limitation, such holder or beneficial owner, or such fiduciary, settlor, beneficiary, member, shareholder, other equity owner or possessor, (i) being or having been (or being treated as or having been treated as) a citizen or resident or treated as a resident of the United States, (ii) being or having been engaged in trade or business or present in the United States or (iii) having or having had (or being treated as having or being treated as having had) a permanent establishment in the United States or having been incorporated therein;

    b. the presentation of a Security of this series for payment on a date more than 10 days after the later of (i) the date on which such payment became due and payable and (ii) the date on which payment is duly provided for; or

    c. the failure of a beneficial owner or any holder of the Securities of this series to comply with any applicable certification, information, documentation or other reporting requirement requested by the Company or its agents concerning the nationality, residence, identity or connections with the United States of such beneficial owner or holder of the Securities of this series or otherwise to establish entitlement to a partial or complete exemption from such Taxes (including, but not limited to, the requirement to provide an applicable Internal Revenue Service ("**IRS**") Form W-8, or any subsequent versions thereof or successor thereto, and including, without limitation, any documentation requirement under an applicable income tax treaty);

2. any estate, inheritance, gift, sales, transfer, capital gains, excise, personal property, wealth or similar Taxes;

3. any Taxes imposed by reason of the beneficial owner's past or present status as a passive foreign investment company, a controlled foreign corporation, a foreign private foundation or other foreign tax-exempt organization or a personal holding company with respect to the United States or as a corporation that accumulates earnings to avoid U.S. federal income tax;

4. any Taxes which are payable by any method other than by withholding or deducting from payment of principal of or premium, if any, or interest on such Securities of this series;

5. any Taxes required to be withheld by any paying agent from any payment of principal of or premium, if any, or interest on, or the redemption price for, any Security of this series if such payment can be made without withholding by at least one other paying agent;

6. any Taxes imposed, withheld or deducted on interest received by (1) a 10% shareholder (as defined in Section 871(h)(3)(B) of the U.S. Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (collectively, the "**Code**")), (2) a controlled foreign corporation that is related to the Company within the meaning of Section 864(d)(4) of the Code, or (3) a bank receiving interest described in Section 881(c)(3)(A) of the Code;

7. any Taxes that would not have been imposed, withheld or deducted but for a change in any law, treaty, regulation, or administrative or judicial interpretation that becomes effective after the applicable payment becomes due or is duly provided for, whichever occurs later;

8. any Taxes imposed, withheld or deducted under Sections 1471 through 1474 of the Code (or any amended or successor version of such Sections) ("**FATCA**"), any current or future regulations, official interpretations or other guidance thereunder, or any agreement (including any intergovernmental agreement) entered into in connection therewith; or any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA or an intergovernmental agreement in respect of FATCA;

9. any Taxes that are payable by a holder that is not the beneficial owner of the Security of this series, or a portion of the Security of this series, or that is a fiduciary, partnership, limited liability company or other similar entity, to the extent that a beneficial owner, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of an Additional Amount had such beneficial owner, beneficiary, settlor, fiduciary or member received directly its beneficial or distributive share of the payment; or

10. any combination of items (1), (2), (3), (4), (5), (6), (7), (8) and (9) above.

As used with respect to Additional Amounts, the term "**United States**" means the United States of America, the states thereof (including the District of Columbia) and any other political subdivision, territory or possession thereof, or taxing authority thereof or therein affecting taxation; and "**U.S. Person**" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States or any state of the United States (including the District of Columbia) (other than a partnership that is not treated as a United States person under any applicable U.S. Treasury regulations), or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

The Securities of this series are issuable only in registered form without coupons in minimum denominations of C$2,000 and integral multiples of C$1,000 in excess thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

The amount of interest payable on the Debentures of the _____ Series will be computed on the basis of a 360-day year of twelve 30-day months. The amount of interest payable for any period shorter than a full quarterly or semi-annual period for which interest is computed shall be computed on the basis of the number of days in such period using 30-day calendar months. In the event that an Interest Payment Date is not a Business Day, then payment of interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of such delay), *except* that, if such Business Day is in the next succeeding calendar year, then such payment shall be made on the immediately preceding Business Day, in each case, with the same force and effect as if made on such Interest Payment Date.

Pursuant to the Remarketing Agreement to be entered into between the Company, _____, _____ and _____ (collectively referred to as the "**Remarketing Agents**"), and The Bank of New York Mellon, as Purchase Contract Agent (the "**Purchase Contract Agent**"), as amended or supplemented from time to time (the "**Remarketing Agreement**"), and as described below, the Company (i) during the Period for Early Remarketing may, at its option, and in its sole discretion, select one or more Three-Day Remarketing Periods consisting of three successive Remarketing Dates on each of which it shall cause the Remarketing Agents to remarket, in whole (but not in part), (A) the Pledged Debentures of the _____ Series, and (B) any Separate Debentures of the _____ Series of Holders who have elected in the manner set forth in the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement to have such Separate Debentures of the _____ Series so remarketed, for settlement on the third Business Day following the Remarketing Date on which a Successful Remarketing occurs, unless the Successful Remarketing occurs within five Business Days of the next succeeding Quarterly Interest Payment Date, in which case such settlement will occur on such Quarterly Interest Payment Date and (ii) if there has not been a Successful Remarketing during the Period for Early Remarketing, if any, shall cause the Remarketing Agents to remarket, in whole (but not in part), on each Remarketing Date during the Final Three-Day Remarketing Period, (A) the Pledged Debentures of the _____ Series of Corporate Unit holders who have failed to notify the Purchase Contract Agent, on or prior to the seventh Business Day immediately preceding the Purchase Contract Settlement Date, of their intention to settle such Purchase Contracts in cash, and (B) any Separate Debentures of the _____ Series of Holders who have elected in the manner set forth in the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement to have their Debentures of the _____ Series so remarketed, for settlement on the Purchase Contract Settlement Date. If the Company, after consultation with the Remarketing Agents, decides not to proceed with the remarketing on a specific day during the Period for Early Remarketing (a) the Remarketing Agents will be deemed to have used their commercially reasonable efforts to remarket the Debentures of the _____ Series on such day and (b) the Company shall cause the Remarketing Agent to remarket the Debentures of the _____ Series on the next succeeding day during the Period for Early Remarketing.

The Company may select a Three-Day Remarketing Period during the Period for Early Remarketing by designating each of the three sequential Remarketing Dates to comprise such Three-Day Remarketing Period; *provided*, that no Remarketing Date during the Period for Early Remarketing shall occur earlier than the fifth Business Day prior to _____ nor later than the ninth Business Day prior to the Purchase Contract Settlement Date.

The Company will announce any Remarketing on the sixth Business Day immediately preceding the first Remarketing Date of a Three-Day Remarketing Period during the Period for Early Remarketing and, for the Final Three-Day Remarketing Period, the Company will announce the remarketing of the Debentures of the _____ Series on the third Business Day immediately preceding the first Remarketing Date of the Final Three-Day Remarketing Period. Each such announcement (each a "**Remarketing Announcement**") on each such date (each a "**Remarketing Announcement Date**") shall specify the following:

(i) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Debentures of the _____ Series may be remarketed on any and all of the sixth, seventh and eighth Business Days following such Remarketing Announcement Date; or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Three-Day Remarketing Period, that the Debentures of the _____ Series may be remarketed on any and all of the third, fourth and fifth Business Days following such Remarketing Announcement Date; or

(ii) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Reset Effective Date will be the third Business Day following the Successful Remarketing Date, unless the Successful Remarketing Date is within five Business Days of the next succeeding Quarterly Interest Payment Date in which case such Quarterly Interest Payment Date will be the Reset Effective Date; or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Three-Day Remarketing Period, that the Reset Effective Date will be _____ if there is a Successful Remarketing;

(iii) that the Reset Rate and Subsequent Interest Payment Dates for the Debentures of the _____ Series will be established on the Successful Remarketing Date and effective on and after the Reset Effective Date;

(iv) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Reset Rate will equal the interest rate on the Debentures of the _____ Series that will enable the Debentures of the _____ Series included in the Remarketing to be remarketed at a price equal to at least 100% of the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price plus the Remarketing Fee (the "**Remarketing Price**"); or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Three-Day Remarketing Period, that the Reset Rate will equal the interest rate on the Debentures of the _____ Series that will enable the Debentures of the _____ Series included in the Remarketing to be remarketed at a price equal to at least 100% of their aggregate principal amount plus the Remarketing Fee (the "**Contract Settlement Price**"); and

(v) the Remarketing Fee.

On or prior to the Business Day immediately following the Remarketing Announcement Date, the Company will issue a press release through any appropriate news agency, including Bloomberg News and the Dow Jones Newswires, containing the Remarketing Announcement and publish such Remarketing Announcement on the Company's website or through another public medium as the Company may use at the time. In addition, the Company will request, not later than ten (10) Business Days prior to each Remarketing Announcement Date, that the Depositary notify its participants holding Debentures of the _____ Series, Corporate Units and Treasury Units of the Remarketing.

Each Holder of Separate Debentures of the _____ Series may elect to have some or all of the Separate Debentures of the _____ Series held by such Holder remarketed in any Remarketing. A Holder making such an election must, pursuant to the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement, notify the Custodial Agent and deliver such Separate Debentures of the _____ Series to the Custodial Agent on or prior to 5:00 p.m., New York City time, on the second Business Day, but no earlier than the fifth Business Day, immediately preceding the first Remarketing Date of any Three-Day Remarketing Period. Any such notice and delivery may not be conditioned upon the level at which the Reset Rate is established in the Remarketing. Any such notice and delivery may be withdrawn on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first Remarketing Date of the applicable Three-Day Remarketing Period in accordance with the provisions set forth in the Pledge Agreement. Any such notice and delivery not withdrawn by such time will be irrevocable with respect to such Remarketing. Promptly after 11:00 a.m., New York City time, on the Business Day immediately preceding the first Remarketing Date of the applicable Three-Day Remarketing Period, the Custodial Agent, based on the notices and deliveries received by it prior to such time and pursuant to the Pledge Agreement, shall notify the Remarketing Agents of the principal amount of Separate Debentures of the _____ Series to be tendered for Remarketing and shall cause such Separate Debentures of the _____ Series to be presented to the Remarketing Agents. Debentures of the _____ Series that are a component of Corporate Units will be deemed tendered for Remarketing and will be remarketed in accordance with the terms of the Remarketing Agreement.

Unless and until there has been a Successful Remarketing, on each Remarketing Date during a Three-Day Remarketing Period, the Company shall cause the Remarketing Agents to use their commercially reasonable efforts to remarket the Debentures of the _____ Series that the Collateral Agent and the Custodial Agent shall have notified the Remarketing Agents have been tendered for, or otherwise are to be included in, the Remarketing, at a price per $1,000 principal amount of the Debentures of the _____ Series such that the aggregate price for the aggregate principal amount of the Debentures of the _____ Series being remarketed on that date will be approximately (i) if the Reset Effective Date is not the Purchase Contract Settlement Date, the Remarketing Price or (ii) if the Reset Effective Date is the Purchase Contract Settlement Date, the Contract Settlement Price.

In the event of a Successful Remarketing, on the Remarketing Date the Company will request the Depositary to notify its participants holding the Separate Debentures of the _____ Series, no later than the Business Day next succeeding the Successful Remarketing Date, of the Reset Rate, the Subsequent Interest Payment Dates and related Regular Record Dates for the Debentures of the _____ Series. If a Successful Remarketing does not occur during a Three-Day Remarketing Period, the Company will cause a notice of such Failed Remarketing to be published on the Business Day following the last of the three Remarketing Dates comprising

the Three-Day Remarketing Period (which notice, in the event of a Failed Remarketing on the Final Remarketing Date, shall be published not later than 9:00 a.m., New York City time, and shall include the procedures that must be followed if a Holder of Separate Debentures of the _____ Series wishes to exercise its right to put such Separate Debentures of the _____ Series to the Company), in each case, by making a timely release to any appropriate news agency, including Bloomberg News and the Dow Jones Newswires.

In accordance with the Depositary's procedures, on the Reset Effective Date, the transactions described above with respect to each Debenture of the _____ Series tendered for purchase and sold in such Remarketing shall be executed through the Depositary, and the accounts of the respective Depositary participants shall be debited and credited and such Debentures of the _____ Series delivered by book entry as necessary to effect purchases and sales of such Debentures of the _____ Series. The Depositary shall make payment in accordance with its procedures.

In no event shall the aggregate price for the Debentures of the _____ Series in a Remarketing be less than a price (the "**Minimum Price**") equal to (i) in the case of a Remarketing during the Period for Early Remarketing, 100% of the sum of the Remarketing Treasury Portfolio Purchase Price and the Separate Debentures Purchase Price or (ii) in the case of a Remarketing during the Final Three-Day Remarketing Period, 100% of the aggregate principal amount of the Debentures of the _____ Series being remarketed. A remarketing attempt on any Remarketing Date will be deemed unsuccessful if the (i) Remarketing Agents are unable to remarket the Debentures of the _____ Series for an aggregate price that is at least equal to the Minimum Price; or (ii) if a condition precedent to such Remarketing is not fulfilled or, if subject to waiver, waived.

The right of each Holder of Debentures of the _____ Series that are included in Corporate Units to have such Debentures of the _____ Series, and of each Holder of Separate Debentures of the _____ Series to have any Separate Debentures of the _____ Series (together, the "**Remarketed Debentures of the _____ Series**"), remarketed and sold in any Remarketing, and the obligation of the Company to conduct a Remarketing, shall be subject to the following: (i) the Remarketing Agents have conducted a Remarketing pursuant to the terms of the Remarketing Agreement, (ii) a Special Event Redemption or Mandatory Redemption has not occurred and will not occur prior to such Remarketing Date or the Reset Effective Date, (iii) the Remarketing Agents are able to find a purchaser or purchasers for Remarketed Debentures of the _____ Series at the Minimum Price, and (iv) the purchaser or purchasers deliver the purchase price therefor to the Remarketing Agents as and when required.

None of the Trustee, the Company or the Remarketing Agents shall be obligated in any case to provide funds to make payment upon tender of Debentures of the _____ Series for Remarketing.

"**Remarketing Treasury Portfolio**" shall mean

(a) U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to _____ in an aggregate amount at maturity equal to the principal amount of the Debentures of the _____ Series that are a component of the Corporate Units;

(b) if the Reset Effective Date occurs prior to _____, with respect to the Quarterly Interest Payment Dates on the Debentures of the _____ Series that would have occurred on _____ and _____, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to (i) _____ (in connection with the Quarterly Interest Payment Date that would have occurred on _____) and (ii) _____ (in connection with the Quarterly Interest Payment Date that would have occurred on _____), each in an aggregate amount at maturity equal to the aggregate interest payments that would be due on _____ and _____, respectively, on the principal amount of the Debentures of the _____ Series that would have been a component of the Corporate Units assuming no Remarketing and no reset of the Interest Rate on the Debentures of the _____ Series and assuming that interest on the Debentures of the _____ Series accrued from the Reset Effective Date to, but excluding, _____ and from _____ to, but excluding, _____, respectively _____; and

(c) if the Reset Effective Date occurs on or after _____, with respect to the Quarterly Interest Payment Date on the Debentures of the _____ Series that would have occurred on _____, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to _____ in an aggregate amount at maturity equal to the aggregate interest payment that would be due on _____ the principal amount of the Debentures of the _____ Series that would have been a component of the Corporate Units assuming no Remarketing and no reset of the Interest Rate on the Debentures of the _____ Series and assuming that interest on the Debentures of the _____ Series accrued from the Reset Effective Date to, but excluding, _____.

If, on the applicable Remarketing Date during the Period for Early Remarketing, U.S. Treasury securities (or principal or interest strips thereof) that are to be included in the Remarketing Treasury Portfolio have a yield that is less than zero, then instead, at the Company's option, an amount of cash equal to the aggregate principal amount at maturity of the applicable U.S. Treasury securities (or principal or interest strips thereof) described above will be substituted for the Debentures of the _____ Series that are components of the Corporate Units and will be pledged to NextEra Energy through the Collateral Agent to secure the Corporate Unit holders' obligations to purchase common stock, $0.01 par value per share, of NextEra Energy (the "**Common Stock**")[1] under the related Purchase Contracts. In such case, references to "U.S. Treasury securities (or principal or interest strips thereof)" in connection with the Remarketing Treasury Portfolio will, thereafter, be deemed to be references to such amount of cash.

"**Remarketing Treasury Portfolio Purchase Price**" shall mean the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the applicable Remarketing Date during the Period for Early Remarketing for the purchase of the Remarketing Treasury Portfolio for settlement on the Reset Effective Date, *provided*, that if the Remarketing Treasury Portfolio consists of cash, "Remarketing Treasury Portfolio Purchase Price" means an amount of cash equal to the aggregate principal amount at maturity of the U.S. Treasury securities (or principal or interest strips thereof) that would have otherwise been components of the Remarketing Treasury Portfolio. "**Quotation Agent**" means any primary U.S. government securities dealer in New York City selected by the Company.

1 To be revised if preferred stock or depositary shares are to be issued upon settlement of purchase contracts.

4. In connection with each Remarketing, the Remarketing Agents shall determine the reset interest rate (rounded to the nearest one-thousandth (0.001) of one percent per annum) that they believe will, when applied to the Debentures of the _____ Series, enable the aggregate principal amount of the Debentures of the _____ Series being remarketed on such date to be sold at an aggregate price equal to at least (i) if the Reset Effective Date is not the Purchase Contract Settlement Date, the Remarketing Price or (ii) if the Reset Effective Date is the Purchase Contract Settlement Date, the Contract Settlement Price. The reset interest rate established on the Remarketing Date on which a Successful Remarketing occurs shall be the "**Reset Rate**."

Anything herein to the contrary notwithstanding, the Reset Rate shall not exceed the maximum rate permitted by applicable law and the Remarketing Agents shall have no obligation to determine whether there is any limitation under applicable law on the Reset Rate or, if there is any such limitation, the maximum permissible Reset Rate on the Debentures of the _____ Series and it shall rely solely upon written notice from the Company (which the Company agrees to provide prior to the eighth Business Day before the first Remarketing Date of any Three-Day Remarketing Period) as to whether or not there is any such limitation and, if so, the maximum permissible Reset Rate.

In the event of a Failed Remarketing or if no Debentures of the _____ Series are included in Corporate Units and none of the Holders of the Separate Debentures of the _____ Series elect to have their Debentures of the _____ Series remarketed in any Remarketing, the Interest Rate on the Debentures of the _____ Series will not be reset and will continue to be the Interest Rate.

In the event of a Successful Remarketing, the Interest Rate shall be reset at the Reset Rate as determined by the Remarketing Agents under the Remarketing Agreement. The Reset Rate shall be effective from and after the Reset Effective Date.

5. Each installment of interest on a Debenture of the _____ Series shall be payable to the Person in whose name such Debenture is registered at the close of business on the "**Regular Record Date**" for such interest installment, which (a) as long as all of the Debentures of the _____ Series remain in certificated form and are held by the Purchase Contract Agent, or are held in book-entry form, will be one Business Day prior to the corresponding Interest Payment Date, or (b) if the Debentures of the _____ Series remain in certificated form, but all are not held by the Purchase Contract Agent, or are not held in book-entry form, will be at least one Business Day but not more than sixty (60) Business Days prior to such corresponding Interest Payment Date, as selected by the Company; *provided* that, unless the Purchase Contracts described in the Purchase Contract Agreement have been terminated, such Regular Record Date must be the same as the record date for payment of distributions and Contract Adjustment Payments for the Corporate Units described in the Purchase Contract Agreement; and *provided further* that interest payable on the Stated Maturity Date will be paid to the Person to whom principal is paid. The Security Registrar may, but shall not be required to, register the transfer of Debentures of the _____ Series during the ten (10) days immediately preceding an Interest Payment Date. Any installment of interest on the Debentures of the _____ Series not punctually paid or duly provided for will forthwith cease to be payable to the Holders of such Debentures of the _____ Series on such Regular Record Date, and may be paid to the Persons in whose name the Debentures of the _____ Series are registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest. Notice of such Defaulted Interest and Special Record Date shall be given to the Holders of the Debentures of the _____ Series not

less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Debentures of the _____ Series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

6. The principal and each installment of interest on the Debentures of the _____ Series shall be payable at, and registration and registration of transfers and exchanges in respect of the Debentures of the _____ Series may be effectuated at, the office or agency of the Company in New York City, New York; *provided* that payment of interest may be made at the option of the Company by check mailed to the address of the Persons entitled thereto or by wire transfer to an account designated by the Person entitled thereto. Notices and demands to or upon the Company in respect of the Debentures of the _____ Series may be served at the office or agency of the Company in New York City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints the Trustee as its agent for all such purposes; *provided, however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Trustee will initially be the Security Registrar and the Paying Agent for the Debentures of the _____ Series.

7. If a Special Event shall occur and be continuing, the Company may, at its option, redeem the Debentures of the _____ Series in whole (but not in part) at any time ("**Special Event Redemption**") at a Redemption Price equal to, for each Debenture of the _____ Series, the Redemption Amount plus accrued and unpaid interest, if any, thereon to, but excluding, the date of redemption (the "**Special Event Redemption Date**"). If the Special Event Redemption occurs prior to a Successful Remarketing of the Debentures of the _____ Series, or if the Debentures of the _____ Series are not successfully remarketed, in each case prior to the Purchase Contract Settlement Date, the Redemption Price payable with respect to the Debentures of the _____ Series that are a component of the Corporate Units at the time of the Special Event Redemption will be paid to the Collateral Agent under the Pledge Agreement dated as of _____ by and between NextEra Energy, _____, as Collateral Agent (the "**Collateral Agent**"), Custodial Agent (the "**Custodial Agent**") and Securities Intermediary, and The Bank of New York Mellon, as Purchase Contract Agent (the "**Pledge Agreement**"), on the Special Event Redemption Date on or prior to 12:30 p.m., New York City time, by check or wire transfer in immediately available funds at such place and to such account as may be designated by the Collateral Agent and the Collateral Agent will purchase the Special Event Treasury Portfolio on behalf of the holders of Corporate Units and remit the remainder of the Redemption Price, if any, to the Purchase Contract Agent for payment to the holders. Thereafter, the applicable ownership interests in the Special Event Treasury Portfolio will be substituted for the Applicable Ownership Interests in Debentures of the _____ Series and will be pledged to NextEra Energy, through the Collateral Agent, to secure the Corporate Unit holders' obligations to purchase Common Stock under the Purchase Contracts.

"**Special Event**" means either a Tax Event or an Accounting Event.

"**Accounting Event**" means the receipt by the audit committee of NextEra Energy's Board of Directors (or, if there is no such committee, by such Board of Directors) of a written report in accordance with Statement on Auditing Standards ("**SAS**") No. 97, "Amendment to SAS No. 50—Reports on the Application of Accounting Principles," from NextEra Energy's independent auditors, provided at the request of NextEra Energy management, to the effect that, as a result of a change in accounting rules that becomes effective after _____, NextEra Energy must either (a) account for the Purchase Contracts as derivatives or otherwise mark-to-market or measure the fair value of all or any portion of the Purchase Contracts with changes appearing in NextEra Energy's income statement) or (b) account for the Equity Units using the if-converted method, and that such accounting treatment will cease to apply upon redemption of the Debentures of the _____ Series.

"**Tax Event**" means the receipt by the Company of an opinion of nationally recognized independent tax counsel experienced in such matters (which may be Morgan, Lewis & Bockius LLP or Squire Patton Boggs (US) LLP) to the effect that there is more than an insubstantial risk that interest payable by the Company on the Debentures of the _____ Series would not be deductible, in whole or in part, by the Company for U.S. federal income tax purposes as a result of (a) any amendment to, change in, or announced proposed change in, the laws, or any regulations thereunder, of the U.S. or any political subdivision or taxing authority thereof or therein affecting taxation, (b) any amendment to or change in an interpretation or application of any such laws or regulations by any legislative body, court, governmental agency or regulatory authority or (c) any interpretation or pronouncement by any legislative body, court, governmental agency or regulatory authority that provides for a position with respect to any such laws or regulations that differs from the generally accepted position on _____, which amendment, change or proposed change is effective or which interpretation or pronouncement is announced on or after _____.

"**Redemption Amount**" means

(a) in the case of a Special Event Redemption occurring

(i) prior to the earlier of (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the _____ Series, the product of the principal amount of that Debenture of the _____ Series and a fraction, the numerator of which is the Special Event Treasury Portfolio Purchase Price and the denominator of which is the aggregate principal amount of the Debentures of the _____ Series that are a component of the Corporate Units on the Special Event Redemption Date, and

(ii) on or after (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the _____ Series Outstanding on the Special Event Redemption Date, the principal amount of the Debenture of the _____ Series.

(b) in the case of a Mandatory Redemption occurring

(i) prior to the earlier of (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the _____ Series, the product of the principal amount of that Debenture of the _____ Series and a fraction, the numerator of which is the Mandatory Redemption Treasury Portfolio Purchase Price and the denominator of which is the aggregate principal amount of the Debentures of the _____ Series that are a component of the Corporate Units on the date of the Mandatory Redemption (the "**Mandatory Redemption Date**"), and

(ii) on or after (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the _____ Series Outstanding on the Mandatory Redemption Date, the principal amount of the Debenture of the _____ Series.

"Mandatory Redemption Treasury Portfolio Purchase Price" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the third Business Day immediately preceding the Mandatory Redemption Date for the purchase of the Treasury portfolio consisting of the same securities as the Special Event Treasury Portfolio for settlement on the Mandatory Redemption Date.

"Special Event Treasury Portfolio Purchase Price" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the third Business Day immediately preceding the Special Event Redemption Date for the purchase of the Special Event Treasury Portfolio for settlement on the Special Event Redemption Date.

Notice of any redemption is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days before the date fixed for redemption to each registered Holder of Debentures of the _____ Series to be redeemed at its registered address as more fully provided in the Indenture; *provided, however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Debentures of the _____ Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that such notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption, as described in clause (B) of *Paragraph 17* hereof. Unless the Company defaults in payment of the Redemption Price, on and after the Special Event Redemption Date interest shall cease to accrue on such Debentures of the _____ Series.

8. Debentures of the _____ Series are subject to a put right (the **"Put Right"**) in the following circumstances:

(a) Each Holder of Separate Debentures of the _____ Series may exercise its Put Right, in the event of a Failed Remarketing during the Final Three-Day Remarketing Period, by providing written notice at least two Business Days prior to the Purchase Contract Settlement Date. The Put Price will be paid to such Holder on the Purchase Contract Settlement Date.

(b) Each Holder of an Applicable Ownership Interest in Debentures of the _____ Series will be deemed to have automatically exercised its Put Right, in the event of a Failed Remarketing during the Final Three-Day Remarketing Period, unless, on the second Business Day immediately prior to the Purchase Contract Settlement Date, such Holder provides written notice to the Purchase Contract Agent of its intention to settle the related Purchase Contracts with separate cash and, on or prior to the Business Day immediately preceding the Purchase Contract Settlement Date, delivers to the Collateral Agent $50 in cash per each of such Holder's related Purchase Contracts. As provided in Section 5.4 of the Purchase Contract Agreement, each Holder of an Applicable Ownership Interest in Debentures of the _____ Series will be deemed to have elected to apply a portion of the Put Price equal to the principal amount of such Holder's Debentures of the _____ Series underlying the Applicable Ownership Interests in Debentures of the _____ Series against such Holder's obligations to NextEra Energy under the related Purchase Contracts, thereby satisfying such obligations in full, and NextEra Energy will deliver to such Holder the Common Stock issued in accordance with each related Purchase Contract. Any amount of the Put Price remaining following settlement of each such Purchase Contract will be delivered to the Purchase Contract Agent for the benefit of such Holder.

9. Initially (a) the Debentures of the _____ Series will be issued in certificated form registered in the name of The Bank of New York Mellon, as Purchase Contract Agent, under the Purchase Contract Agreement dated as of _____ between NextEra Energy and The Bank of New York Mellon, as Purchase Contract Agent (the "**Purchase Contract Agreement**"), as a component of Corporate Units; and (b) the Separate Debentures of the _____ Series, if any, will be issued in global form in the name of Cede & Co. 11. The Debentures of the _____ Series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). [FORM OF REVERSE OF DEBENTURE]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Debt Securities), dated as of June 1, 1999 (herein, together with any amendments thereto, called the "**Indenture**", which term shall have the meaning assigned to it in such instrument), between the Company and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on _____, creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Unless an earlier Special Event Redemption or Mandatory Redemption has occurred, this Security shall mature and the principal amount thereof shall be due and payable together with all accrued and unpaid interest thereon on the Stated Maturity Date. The "**Stated Maturity Date**" shall mean _____.

If a Special Event shall occur and be continuing, the Company may, at its option, redeem the Securities of this series in whole, but not in part, at any time, at a price per Security equal to the Redemption Price as set forth in the Officer's Certificate.

If this Security is not a component of Corporate Units, the Holder of this Security may, on or prior to the second Business Day, but no earlier than the fifth Business Day, immediately preceding the first Remarketing Date of any Three-Day Remarketing Period, elect to have this Security remarketed, by delivering this Security, along with a notice of such election, to _____, as Collateral Agent and Custodial Agent, for Remarketing in accordance with the Pledge Agreement dated as of _____ between NextEra Energy, The Bank of New York Mellon and _____, as Collateral Agent, Custodial Agent and Securities Intermediary.

The Securities of this series are subject to a put right (the "**Put Right**") in the following circumstances:

(A) If there has not been a Successful Remarketing prior to the Purchase Contract Settlement Date, each Holder of Securities of this series that are not part of a Corporate Unit may exercise its Put Right by providing written notice at least two Business Days prior to the Purchase Contract Settlement Date, all as more fully described in the Officer's Certificate. The Put Price will be paid to such Holder on the Purchase Contract Settlement Date. The "**Put Price**" will be equal to the principal amount of such Securities, plus accrued and unpaid interest, if any, to, but excluding, the Purchase Contract Settlement Date.

(B) If there has not been a Successful Remarketing prior to the Purchase Contract Settlement Date, each Holder of a 5% undivided beneficial ownership interest in $1,000 principal amount of Securities that is a component of a Corporate Unit (the "**Applicable Ownership Interest in Securities**") will be deemed to have automatically exercised its Put Right, upon a Failed Remarketing during the Final Three-Day Remarketing Period, unless, on the second Business Day immediately prior to the Purchase Contract Settlement Date, such Holder provides

written notice to the Purchase Contract Agent of its intention to settle the related Purchase Contracts with separate cash and, on or prior to the Business Day immediately preceding the Purchase Contract Settlement Date, delivers to the Collateral Agent $50 in cash per each of such Holder's related Purchase Contracts. As described in the Purchase Contract Agreement, each Holder of an Applicable Ownership Interest in Securities who has not settled the related Purchase Contracts with separate cash will be deemed to have elected to apply a portion of the Put Price equal to the principal amount of such Holder's Applicable Ownership Interest in Securities against such Holder's obligations to NextEra Energy under the related Purchase Contracts, thereby satisfying such obligations in full, and NextEra Energy will deliver to such Holder its common stock, $0.01 par value, issued in accordance with each related Purchase Contract. Any amount of the Put Price remaining following settlement of each such Purchase Contract will be delivered to the Purchase Contract Agent for the benefit of such Holder.

The Put Right of a Holder of the Securities of this series that are not part of a Corporate Unit shall only be exercisable upon delivery to the Company, on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the Purchase Contract Settlement Date, at the offices of the agency of the Company in New York City, the Securities of this series to be repaid with the form entitled "Option to Elect Repayment" on the reverse of or otherwise accompanying such Securities duly completed. Any such notice received by the Company shall be irrevocable. All questions as to the validity, eligibility (including time of receipt) and acceptance of the Securities of this series for repurchase shall be determined by the Company, whose determination shall be final and binding. The payment of the Put Price in respect of such Securities of this series shall be made, either through the Trustee or the Company acting as Paying Agent on the Purchase Contract Settlement Date.

The Securities of this series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

6. Registration of the Debentures of the Seventeenth Series, and registration of transfers and exchanges in respect of the Debentures of the Seventeenth Series, may be effectuated at the office or agency of the Company in New York City, New York. Notices and demands to or upon the Company in respect of the Debentures of the Seventeenth Series may be served at the office or agency of the Company in New York City, New York.

The Corporate Trust Office of the Trustee will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints the Trustee as its agent for all such purposes; *provided, however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Trustee will initially be the Security Registrar and the Paying Agent for the Debentures of the Seventeenth Series.

7. The Debentures of the Seventeenth Series will be redeemable at the option of the Company prior to the Stated Maturity Date as provided in the form set forth as *Exhibit A* hereto. If less than all the Debentures of the Seventeenth Series are to be redeemed, the particular Debentures of the Seventeenth Series to be redeemed shall be selected by the Trustee from the Outstanding Debentures of the Seventeenth Series by lot.

8. So long as all of the Debentures of the Seventeenth Series are held by a securities depository in book-entry form, the Regular Record Date for the interest payable on any given Interest Payment Date with respect to the Debentures of the Seventeenth Series shall be the close of business on the Business Day immediately preceding such Interest Payment Date; *provided, however*, that if any of the Debentures of the Seventeenth Series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date.

9. So long as any Debentures of the Seventeenth Series are Outstanding, the failure of the Company to pay interest, including Additional Interest (as defined in the form of the Debentures of the Seventeenth Series set forth as *Exhibit A* hereto), if any, on any Debentures of the Seventeenth Series within thirty (30) days after the same becomes due and payable (whether or not payment is prohibited by the subordination provisions of Article Fourteen and Article Fifteen of the Indenture) shall constitute an Event of Default; *provided, however*, that a valid deferral of the interest payments by the Company as contemplated in Section 312 of the Indenture and *paragraph 10* of this certificate shall not constitute a failure to pay interest for this purpose.

10. Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Debentures of the Seventeenth Series, to defer the payment of interest for a period not exceeding ten (10) consecutive years, as provided in the form set forth as *Exhibit A* hereto.

11. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Seventeenth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Seventeenth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Seventeenth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided*, *however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency accompanied by an opinion of an independent public accountant of nationally recognized standing, selected by the Trustee, showing the calculation thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Seventeenth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for United States federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

12. The Debentures of the Seventeenth Series will be initially issued in global form registered in the name of Cede & Co. (as nominee of The Depository Trust Company). The Debentures of the Seventeenth Series in global form shall bear the depository legend in substantially the form set forth as *Exhibit A* hereto. The Debentures of the Seventeenth Series in global form will contain restrictions on transfer, substantially as described in the form set forth as *Exhibit A* hereto.

13. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Seventeenth Series; *provided*, *however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

14. The Company reserves the right to require legends on Debentures of the Seventeenth Series as it may determine are necessary to ensure compliance with the securities laws of the United States and the states therein and any other applicable laws.

15. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Seventeenth Series, or of any other series of Securities issued after October 1, 2006, to amend the Indenture as follows:

To amend clause (6) of the second paragraph of Section 608 of the Indenture to read as follows:

"(6) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the series of Securities with respect to which the Company has elected to defer the payment of interest, or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

16. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Seventeenth Series, or of any other series of Securities issued after October 1, 2006, to amend this Officer's Certificate as follows:

To amend clause (f) on page A-13 of the form of the Debentures of the Seventeenth Series set forth as ***Exhibit A*** hereto to read as follows:

"(f) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the Debentures of the Seventeenth Series or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

17. Notwithstanding the provisions of Section 802 of the Indenture, the principal of and accrued interest on the Debentures of the Seventeenth Series shall not be declared immediately due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Seventeenth Series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Debentures of the Seventeenth Series. The Debentures of the Seventeenth Series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Seventeenth Series.

18. Each of the Company and the Guarantor agrees, and, by acceptance of the Debentures of the Seventeenth Series, each Holder will be deemed to have agreed, to treat the Debentures of the Seventeenth Series as indebtedness for United States federal, state and local tax purposes.

19. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Seventeenth Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

To amend the second sentence of Section 402 thereof to read as follows:

"The Company shall, at least 20 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee, in writing of such Redemption Date and of the principal amount of such Securities to be redeemed."

To amend the first sentence of Section 404 thereof to read as follows:

"Except as otherwise specified as contemplated by Section 301 for Securities of any series, notice of redemption shall be given in the manner provided in Section 106 to the Holders of the Securities to be redeemed not less than 10 nor more than 60 days prior to the Redemption Date."

20. The Debentures of the Seventeenth Series shall have such other terms and provisions as are provided in the form set forth as *Exhibit A* hereto.

21. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Seventeenth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

22. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

23. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

24. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Debentures of the Seventeenth Series requested in the accompanying Company Order No. 17 and Guarantor Order No. 17, have been complied with.

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**", which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ Dollars on September 1, 2054 (the "**Stated Maturity Date**"). The Company further promises (subject to deferral as set forth herein) to pay interest on the principal sum of this Series Q Junior Subordinated Debenture due September 1, 2054 (this "**Security**") to the registered Holder hereof (i) from and including March 1, 2024 to but excluding September 1, 2029 (the "**First Interest Reset Date**") at the rate of 6.70% per annum and (ii) from and including the First Interest Reset Date during each Interest Reset Period (as defined below) at the rate per annum equal to the Five-Year Treasury Rate (as defined below) as of the most recent Reset Interest Determination Date (as defined below), plus 2.364%, in like coin or currency, semi-annually in arrears on March 1 and September 1 of each year (each an "**Interest Payment Date**") until the principal hereof is paid or duly provided for, such interest payments to commence on September 1, 2024. Interest on the Securities of this series will accrue from and including March 1, 2024 to but excluding the first Interest Payment Date and thereafter will accrue from and including the last Interest Payment Date to which interest has either been paid or duly provided for to but excluding the next Interest Payment Date (each an "**Interest Period**") (*except* that (i) the interest payment which is due on September 1, 2024 shall include interest that has accrued from March 1, 2024, and (ii) if this Security is authenticated during the period that (A) follows any particular Regular Record Date (as defined below) but (B) precedes the next occurring Interest Payment Date, then the registered Holder hereof shall not be entitled to receive any interest payment with

respect to this Security on such next occurring Interest Payment Date). The Company also promises to pay Additional Interest (as defined below) with respect to an Optional Deferral Period (as defined below) to the registered Holder of this Security, to the extent payment of such Additional Interest is enforceable under applicable law, on any interest payment that is not made on the applicable Interest Payment Date, as specified on the reverse of this Security. No interest will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. The interest so payable, and punctually paid or duly provided for, on an Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the "**Regular Record Date**" for such interest installment which shall be the close of business on the Business Day immediately preceding such Interest Payment Date so long as all of the Securities of this series are held by a securities depository in book-entry form; *provided* that if any of the Securities of this series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date; and *provided further* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose in New York City, the State of New York in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided*, *however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto.

The amount of interest payable on this Security for any semi-annual period will be computed on the basis of a 360-day year consisting of twelve 30-day months (and for any period shorter than a full semi-annual period, on the basis of the actual number of days elapsed during such period using 30-day calendar months).

If an Interest Payment Date, a Redemption Date or the Stated Maturity Date of the Securities of this series falls on a day that is not a Business Day, then payment of the interest or principal payable on such Interest Payment Date, Redemption Date or the Stated Maturity Date will be made on the next succeeding day which is a Business Day (and no interest will be paid or other payment made in respect of such delay) with the same force and effect as if made on such date, and no interest on such payment will accrue for the period from and after such Interest Payment Date, Redemption Date or the Stated Maturity Date, as applicable.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. [FORM OF GUARANTEE]

NEXTERA ENERGY, INC., a corporation organized under the laws of the State of Florida (the **"Guarantor"**, which term includes any successor under the Indenture (the **"Indenture"**) referred to in the Security upon which this Guarantee is endorsed), for value received, hereby unconditionally and irrevocably guarantees to the Holder of the Security upon which this Guarantee is endorsed, the due and punctual payment of the principal of, and premium, if any, and interest, including Additional Interest, if any, on such Security when and as the same shall become due and payable, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, in accordance with the terms of such Security and of the Indenture regardless of any defense, right of set-off or counterclaim that the Guarantor may have (except the defense of payment). In case of the failure of the Company punctually to make any such payment, the Guarantor hereby agrees to cause such payment to be made punctually when and as the same shall become due and payable, whether on the Stated Maturity Date or by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by the Company. The Guarantor's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Guarantor to the Holder of the Security or to a Paying Agent, or by causing the Company to pay such amount to such Holder or a Paying Agent.

The Guarantor hereby agrees that its payment obligations hereunder shall be absolute and unconditional irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of such Security or the Indenture, any failure to enforce the provisions of such Security or the Indenture, or any waiver, modification or indulgence granted to the Company with respect thereto (except that the Guarantor will have the benefit of any waiver, modification or indulgence granted to the Company in accordance with the Indenture), by the Holder of such Security or the Trustee or any other circumstance which may otherwise constitute a legal or equitable discharge or defense of a surety or guarantor; *provided, however*, that notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of such Security, or increase the interest rate thereon (including Additional Interest, if any), or change any redemption provisions thereof (including any change to increase any premium payable upon redemption thereof) or change the Stated Maturity Date thereof.

The Guarantor hereby waives the benefits of diligence, presentment, demand for payment, any requirement that the Trustee or the Holder of such Security exhaust any right or take any action against the Company or any other Person, the filing of claims with a court in the event of insolvency or bankruptcy of the Company, any right to require a proceeding first against the Company, protest or notice with respect to such Security or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Guarantee will not be discharged in respect of such Security except by complete performance of the payment obligations contained in such Security and in this Guarantee. This Guarantee shall constitute a guaranty of payment and not of collection. The Guarantor hereby agrees that, in the event of a default in payment of principal, or premium, if any, or interest, if any, on such Security, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, legal proceedings may be instituted by the Trustee on behalf of, or by, the Holder of such Security, subject to the terms and conditions set forth in the Indenture, directly against the Guarantor to enforce this Guarantee without first proceeding against the Company.

The obligations of the Guarantor hereunder with respect to such Security shall be continuing and irrevocable until the date upon which the entire principal of, premium, if any, and interest, including Additional Interest, if any, on such Security has been, or has been deemed pursuant to the provisions of Article Seven of the Indenture to have been, paid in full or otherwise discharged.

The obligations evidenced by this Guarantee are, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Guarantor, and this Guarantee is issued subject to the provisions of the Indenture with respect thereto. Each Holder of a Security upon which this Guarantee is endorsed, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such Holder upon said provisions.

The Guarantor shall be subrogated to all rights of the Holder of a Security upon which this Guarantee is endorsed against the Company in respect of any amounts paid by the Guarantor on account of such Security pursuant to the provisions of this Guarantee or the Indenture; *provided*, *however*, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of, or based upon, such right of subrogation until the principal of, and premium, if any, and interest, if any, on all Securities issued under the Indenture which are then due and payable shall have been paid in full.

This Guarantee shall remain in full force and effect and continue notwithstanding any petition filed by or against the Company for liquidation or reorganization, the Company becoming insolvent or making an assignment for the benefit of creditors or a receiver or trustee being appointed for all or any significant part of the Company's property and assets, and shall, to the fullest extent permitted by law, continue to be effective or reinstated, as the case may be, if at any time payment of the Security upon which this Guarantee is endorsed, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by the Holder of such Security, whether as a "voidable preference," "fraudulent transfer," or otherwise, all as though such payment or performance had not been made. In the event that any such payment, or any part thereof, is rescinded, reduced, restored or returned on such Security, such Security shall, to the fullest extent permitted by law, be reinstated and deemed paid only by such amount paid and not so rescinded, reduced, restored or returned.

This Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication of the Security upon which this Guarantee is endorsed shall have been manually executed by or on behalf of the Trustee under the Indenture.

All terms used in this Guarantee which are defined in the Indenture shall have the meanings assigned to them in such Indenture.

This Guarantee shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of law principles thereunder, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

IN WITNESS WHEREOF, the Guarantor has caused this instrument to be duly executed in _____, _____.

[FORM OF REVERSE OF SERIES Q JUNIOR SUBORDINATED DEBENTURE DUE SEPTEMBER 1, 2054]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Subordinated Debt Securities), dated as of September 1, 2006 (herein, together with any amendments thereto, called the "**Indenture,**" which term shall have the meaning assigned to it in such instrument), among the Company, NextEra Energy, Inc. and The Bank of New York Mellon, as Trustee (herein called the "**Trustee,**" which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on March 1, 2024, creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

The Securities of this series shall bear interest (i) from and including March 1, 2024 to but excluding the First Interest Reset Date at the rate of 6.70% per annum and (ii) from and including the First Interest Reset Date during each Interest Reset Period (as defined below) at the rate per annum equal to the Five-Year Treasury Rate (as defined below) as of the most recent Reset Interest Determination Date (as defined below), plus 2.364%.

Unless all of the outstanding Securities on this series have been or will be redeemed as of the First Interest Reset Date, the Company will appoint a calculation agent (the "**Calculation Agent**") with respect to the Securities of this series prior to the Reset Interest Determination Date preceding the First Interest Reset Date. The Company or any of its affiliates may assume the duties of the Calculation Agent. The applicable interest rate for each Interest Reset Period will be determined by the Calculation Agent as of the applicable Reset Interest Determination Date. If the Company or one of its affiliates is not the Calculation Agent, the Calculation Agent will notify the Company of the interest rate for the relevant Interest Reset Period promptly upon such determination. The Company will notify the Trustee of such interest rate, promptly upon making or being notified of such determination. The Calculation Agent's determination of any interest rate and its calculation of the amount of interest for any Interest Reset Period beginning on or after the First Interest Reset Date will be conclusive and binding absent manifest error and, notwithstanding anything to the contrary in the Securities of this series and the Officer's Certificate or the Indenture, will become effective without consent from the Holders of the Securities of this series or any other Person. Such determination of any interest rate and calculation of the amount of interest will be on file at the Company's principal offices and will be made available to any Holder of the Securities of this series upon request.

"**Five-Year Treasury Rate**" means, as of any Reset Interest Determination Date, the average of the yields on actively traded United States Treasury securities adjusted to constant maturity, for five-year maturities, for the five Business Days immediately preceding such Reset Interest Determination Date appearing under the caption "Treasury Constant Maturities" in the most recent H.15.

If the Five-Year Treasury Rate cannot be determined pursuant to the method described above, the Company, after consulting such sources as it deems comparable to any of the foregoing calculations, or any such source as it deems reasonable from which to estimate the Five-Year Treasury Rate, will determine the Five-Year Treasury Rate in its sole discretion, *provided* that if the Company determines there is an industry-accepted successor Five-Year Treasury Rate, then the Company will direct the Calculation Agent to use such successor rate. If the Company has determined a substitute or successor base rate in accordance with the foregoing, the Company in its sole discretion may determine the business day convention, the definition of "Business Day" and the Reset Interest Determination Date to be used and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the Five-Year Treasury Rate, in a manner that is consistent with industry-accepted practices for such substitute or successor base rate.

In no event shall the Calculation Agent be responsible for determining if there is an industry-accepted substitute or successor base rate comparable to the Five-Year Treasury Rate, or for making any adjustments to any such substitute or successor base rate, the business day convention, the definition of "business day" and the Reset Interest Determination Date to be used and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the Five-Year Treasury Rate. In connection with the foregoing, the Calculation Agent will be entitled to conclusively rely on any determinations and adjustments made by the Company with respect thereto and the Calculation Agent will have no liability for using the same at the direction of the Company.

"**H.15**" means the daily statistical release designated as such, or any successor publication as determined by the Company, published by the Federal Reserve Board, and "**most recent H.15**" means the H.15 published closest in time but prior to the close of business on the applicable Reset Interest Determination Date.

"**Interest Reset Date**" means the First Interest Reset Date and each date falling on the five-year anniversary of the preceding Interest Reset Date.

"**Interest Reset Period**" means the period from and including the First Interest Reset Date to but not including the next following Interest Reset Date and thereafter each period from and including each Interest Reset Date to but not including the next following Interest Reset Date.

"**Reset Interest Determination Date**" means, in respect of any Interest Reset Period, the day falling two Business Days prior to the beginning of such Interest Reset Period.

In addition to the option of the Company to redeem the Securities of this series in connection with a Tax Event or a Rating Agency Event described below, this Security shall also be redeemable at the option of the Company, in whole or in part (i) on any day in the period commencing on the date falling 90 days prior to the First Interest Reset Date and ending on and including the First Interest Reset Date and (ii) after the First Interest Reset Date, on any Interest Payment Date, upon notice (a "**Redemption Notice**") which is required by the Indenture to be

mailed at least thirty (30) days but not more than sixty (60) days prior to the date fixed for redemption (a "**Par Redemption Date**") at the price equal to 100% of the principal amount of the Securities of this series being redeemed, plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the Par Redemption Date (the "**Par Redemption Price**"); *provided, however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Securities of this series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that the Redemption Notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption.

If at the time a Redemption Notice is given, the redemption moneys are not on deposit with the Trustee, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before the Par Redemption Date and such Redemption Notice shall be of no force or effect unless such moneys are received.

Upon payment of the Par Redemption Price, on and after the Par Redemption Date interest will cease to accrue on the Securities of this series or portions thereof called for redemption.

If a Tax Event (as defined below) shall occur and be continuing, the Company shall have the right to redeem this Security, in whole but not in part, at any time within ninety (90) days following the occurrence of the Tax Event, upon a Redemption Notice, at the price equal to 100% of the principal amount thereof, plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Tax Event Redemption Date**").

"**Tax Event**" means the receipt by the Guarantor or the Company of an Opinion of Counsel experienced in tax matters to the effect that, as a result of (a) any amendment to, clarification of, or change (including any announced prospective change) in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under such laws or treaties, (b) any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement (including any notice or announcement of intent to issue or adopt any such administrative pronouncement, ruling, regulatory procedure or regulation) (each, an "**Administrative Action**"), (c) any amendment to, clarification of, or change in the official position or the interpretation of any such Administrative Action or judicial decision or any interpretation or pronouncement that provides for a position with respect to such Administrative Action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which such amendment, clarification or change is introduced or made known, or (d) threatened challenge asserted in writing in connection with an audit of the Guarantor or the Company or any of their subsidiaries, or a publicly-known threatened challenge asserted in writing against any other taxpayer that has raised capital through the issuance of securities that are substantially similar to the Securities of this series, which amendment, clarification, or change is effective, or which Administrative Action is taken or which judicial decision, interpretation or pronouncement is issued or threatened challenge is asserted or becomes publicly-known, in each case after February 27, 2024, there is more than an insubstantial risk that interest payable by the Company on this Security is not deductible, or within 90 days would not be deductible, in whole or in part, by the Company for United States federal income tax purposes.

The Company shall have the right to redeem this Security in whole but not in part, upon a Redemption Notice given at any time within ninety (90) days after the conclusion of any review or appeal process instituted by the Company or the Guarantor following the occurrence of a Rating Agency Event (as defined below), at the price equal to 102% of the principal amount thereof, plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Rating Agency Event Redemption Date**").

"**Rating Agency Event**" means a change to the methodology or criteria that were employed by an applicable rating agency (as defined below) for purposes of assigning equity credit to securities such as the Securities of this series on the date of initial issuance of the Securities of this series (the "**current methodology**"), which change reduces the amount of equity credit assigned to the Securities of this series by the applicable rating agency as compared with the amount of equity credit that such rating agency had assigned to the Securities of this series as of the date of initial issuance thereof.

The term "**rating agency**" means any nationally recognized statistical rating organization (within the meaning of Section 3(a)(62) of the Securities Exchange Act of 1934 and sometimes referred to in this Security as a "rating agency"), and the term "**applicable rating agency**" means any rating agency that (i)(a) published a rating for the Company or the Guarantor with respect to the initial issuance of the Securities of this series and (b) publishes a rating for the Company or the Guarantor at such time as a Rating Agency Event occurs, or (ii) any successor to a rating agency described in the preceding clause (i).

If at the time a Redemption Notice is given, the redemption moneys are not on deposit with the Trustee, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before the Tax Event Redemption Date or Rating Agency Event Redemption Date, as the case may be, and such Redemption Notice shall be of no force or effect unless such moneys are received.

Upon payment of the Redemption Price, on and after the Tax Event Redemption Date or Rating Agency Event Redemption Date, as the case may be, interest will cease to accrue on the Securities of this series called for redemption.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

The indebtedness evidenced by this Security is, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Company, and this Security is issued subject to the provisions of the Indenture with respect thereto. Each Holder of this Security, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such holder upon said provisions.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture; *provided however*, that the principal of and interest on the Securities of this series shall not be declared due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Securities of this series. The Securities of this series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and

shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Securities of this series, to defer the payment of interest for a period not exceeding ten (10) consecutive years (each period, commencing on the date that the first such payment would otherwise be made, an "**Optional Deferral Period**"); *provided* that no Optional Deferral Period shall extend beyond the Stated Maturity Date or end on a day other than an Interest Payment Date. During an Optional Deferral Period, interest on the Securities of this series (calculated for each Interest Period in the manner provided for on the face hereof, as if the interest payment had not been so deferred) will continue to accrue compounded semi-annually at the then prevailing rate per annum borne by the Securities of this series. During an Optional Deferral Period, any deferred interest on the Securities of this series will accrue additional interest compounded semi-annually, on any interest payment that is not made on the applicable Interest Payment Date, which shall accrue at the then prevailing rate per annum borne by the Securities of this series, to the extent permitted by applicable law ("**Additional Interest**"). At the end of an Optional Deferral Period, which shall be an Interest Payment Date, the Company shall pay all interest accrued and unpaid hereon, including Additional Interest accrued on the deferred interest, to the Person in whose name the Securities of this series are registered at the close of business on the Regular Record Date for the Interest Payment Date on which such Optional Deferral Period ended; *provided* that any such accrued and unpaid interest payable on the Stated Maturity Date or a Redemption Date will be paid to the Person to whom principal is payable. During any such Optional Deferral Period, neither the Guarantor nor the Company will, and each will cause their majority-owned subsidiaries not to, (i) declare or pay any dividend or distribution on the Guarantor's or the Company's capital stock, (ii) redeem, purchase, acquire or make a liquidation payment with respect to any of the Guarantor's or the Company's capital stock, (iii) pay any principal, interest or premium on, or repay, repurchase or redeem any of the Guarantor's or the Company's debt securities that are equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be), or (iv) make any payments with respect to any Guarantor or Company guarantee of debt securities if such guarantee is equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be).

Subject to the reservation of right to amend *clause (f)* below, as described in *paragraph 16* of the Officer's Certificate, the foregoing provisions shall not prevent or restrict the Guarantor or the Company from making:

(a) purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;

(b) any payment, repayment, redemption, purchase, acquisition or declaration of dividend described in clauses (i) and (ii) above as a result of a reclassification of its capital stock, or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock;

(c) the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts;

(d) dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;

(e) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;

(f) payments under any preferred trust securities guarantee or guarantee of subordinated debentures executed and delivered by the Guarantor concurrently with the issuance by a trust of any preferred trust securities, so long as the amount of payments made on any preferred trust securities or subordinated debentures (as the case may be) is paid on all preferred trust securities or subordinated debentures (as the case may be) then outstanding on a pro rata basis in proportion to the full distributions to which each series of preferred trust securities or subordinated debentures (as the case may be) is then entitled;

(g) payments under any guarantee of junior subordinated debentures, which guarantee is executed and delivered by the Guarantor (including a Guarantee under the Indenture), so long as the amount of payments made on any junior subordinated debentures is paid on all junior subordinated debentures then outstanding on a pro rata basis in proportion to the full payment to which each series of junior subordinated debentures is then entitled;

(h) dividends or distributions by the Company on its capital stock to the extent owned by the Guarantor; or

(i) redemptions, purchases, acquisitions or liquidation payments by the Company with respect to its capital stock to the extent owned by the Guarantor.

Prior to the termination of any such Optional Deferral Period, the Company may further defer the payment of interest, *provided* that such Optional Deferral Period together with all such previous and further deferrals of interest payments shall not exceed ten (10) consecutive years at any one time or extend beyond the Stated Maturity Date. Upon the termination of any such Optional Deferral Period and the payment of all amounts then due, including Additional Interest, if any, the Company may elect to begin a new Optional Deferral Period, subject to the above requirements. No interest shall be due and payable during an Optional Deferral Period, except at the end thereof. The Company will give the Trustee notice of its election of an Optional Deferral Period at least ten (10) days and not more than sixty (60) days before the applicable Interest Payment Date. The Trustee will promptly forward notice of such election to each Holder of the Securities of this series.

The Securities of this series are issuable only in registered form without coupons in minimum denominations of $2,000 and integral multiples of $1,000 in excess thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

Each of the Company and the Guarantor has agreed, and, by acceptance of this Security, the Holder will be deemed to have agreed, to treat this Security as indebtedness for United States federal, state and local tax purposes.

[FORM OF GUARANTEE]

NEXTERA ENERGY, INC., a corporation organized under the laws of the State of Florida (the "**Guarantor**", which term includes any successor under the Indenture (the "**Indenture**") referred to in the Security upon which this Guarantee is endorsed), for value received, hereby unconditionally and irrevocably guarantees to the Holder of the Security upon which this Guarantee is endorsed, the due and punctual payment of the principal of, and premium, if any, and interest, including Additional Interest, if any, on such Security when and as the same shall become due and payable, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, in accordance with the terms of such Security and of the Indenture regardless of any defense, right of set-off or counterclaim that the Guarantor may have (except the defense of payment). In case of the failure of the Company punctually to make any such payment, the Guarantor hereby agrees to cause such payment to be made punctually when and as the same shall become due and payable, whether on the Stated Maturity Date or by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by the Company. The Guarantor's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Guarantor to the Holder of the Security or to a Paying Agent, or by causing the Company to pay such amount to such Holder or a Paying Agent.

The Guarantor hereby agrees that its payment obligations hereunder shall be absolute and unconditional irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of such Security or the Indenture, any failure to enforce the provisions of such Security or the Indenture, or any waiver, modification or indulgence granted to the Company with respect thereto (except that the Guarantor will have the benefit of any waiver, modification or indulgence granted to the Company in accordance with the Indenture), by the Holder of such Security or the Trustee or any other circumstance which may otherwise constitute a legal or equitable discharge or defense of a surety or guarantor; *provided, however*, that notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of such Security, or increase the interest rate thereon (including Additional Interest, if any), or change any redemption provisions thereof (including any change to increase any premium payable upon redemption thereof) or change the Stated Maturity Date thereof.

The Guarantor hereby waives the benefits of diligence, presentment, demand for payment, any requirement that the Trustee or the Holder of such Security exhaust any right or take any action against the Company or any other Person, the filing of claims with a court in the event of insolvency or bankruptcy of the Company, any right to require a proceeding first against the Company, protest or notice with respect to such Security or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Guarantee will not be discharged in respect of such Security except by complete performance of the payment obligations contained in such Security and in this Guarantee. This Guarantee shall constitute a guaranty of payment and not of collection. The Guarantor hereby agrees that, in the event of a default in payment of principal, or premium, if any, or interest, if any, on such Security, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, legal proceedings may be instituted by the Trustee on behalf of, or by, the Holder of such Security, subject to the terms and conditions set forth in the Indenture, directly against the Guarantor to enforce this Guarantee without first proceeding against the Company.

The obligations of the Guarantor hereunder with respect to such Security shall be continuing and irrevocable until the date upon which the entire principal of, premium, if any, and interest, including Additional Interest, if any, on such Security has been, or has been deemed pursuant to the provisions of Article Seven of the Indenture to have been, paid in full or otherwise discharged.

The obligations evidenced by this Guarantee are, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Guarantor, and this Guarantee is issued subject to the provisions of the Indenture with respect thereto. Each Holder of a Security upon which this Guarantee is endorsed, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such Holder upon said provisions.

The Guarantor shall be subrogated to all rights of the Holder of a Security upon which this Guarantee is endorsed against the Company in respect of any amounts paid by the Guarantor on account of such Security pursuant to the provisions of this Guarantee or the Indenture; *provided, however*, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of, or based upon, such right of subrogation until the principal of, and premium, if any, and interest, if any, on all Securities issued under the Indenture which are then due and payable shall have been paid in full.

This Guarantee shall remain in full force and effect and continue notwithstanding any petition filed by or against the Company for liquidation or reorganization, the Company becoming insolvent or making an assignment for the benefit of creditors or a receiver or trustee being appointed for all or any significant part of the Company's property and assets, and shall, to the fullest extent permitted by law, continue to be effective or reinstated, as the case may be, if at any time payment of the Security upon which this Guarantee is endorsed, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by the Holder of such Security, whether as a "voidable preference," "fraudulent transfer," or otherwise, all as though such payment or performance had not been made. In the event that any such payment, or any part thereof, is rescinded, reduced, restored or returned on such Security, such Security shall, to the fullest extent permitted by law, be reinstated and deemed paid only by such amount paid and not so rescinded, reduced, restored or returned.

This Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication of the Security upon which this Guarantee is endorsed shall have been manually executed by or on behalf of the Trustee under the Indenture.

All terms used in this Guarantee which are defined in the Indenture shall have the meanings assigned to them in such Indenture.

This Guarantee shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of law principles thereunder, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

IN WITNESS WHEREOF, the Guarantor has caused this instrument to be duly executed in New York, New York.

[FORM OF REVERSE OF _____ JUNIOR SUBORDINATED DEBENTURE DUE _____]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Subordinated Debt Securities), dated as of [September 1, 2006][_____, ____] (herein, together with any amendments thereto, called the "**Indenture**," which term shall have the meaning assigned to it in such instrument), among the Company, NextEra Energy, Inc. and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on _____ creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

[Redemption provisions, if any, will be inserted here.]

The indebtedness evidenced by this Security is, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Company, and this Security is issued subject to the provisions of the Indenture with respect thereto. Each Holder of this Security, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such Holder upon said provisions.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture; [*provided, however*, that the principal of and interest on the Securities of this series cannot be declared due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture][2] [*provided, however*, that the principal of and interest on the Securities of this series shall not be declared due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Securities of this series. The Securities of this series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series.][1]

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the

Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

[Provisions for deferral of the interest payments, if any, will be inserted here.]
