Tallahassee, Florida 32399-0850

Re: TX238

Dear Mr. Hinton:

Attached for filing are the following revisions to the Level 3 Communications, LLC Florida P.S.C. Price List No. 2, issued June 13, 2022 with a proposed effective date of June 17, 2022:

<u>Section</u>	<u>Page</u>
Service Marks	19th Revised Page 1
TOC	3rd Revised Page 2
TOC	3rd Revised Page 3
Application	2nd Revised Page 5
14	4th Revised Page 49

This filing adds a "Service Marks, Trademarks and Trade Names" Section on Page 1. (Check sheet content was deleted from that page under a prior filing). This filing also updates several pages to include "Level 3 Communications®" as an example of services for which the Company may use that trademark.

This filing also corrects page number references in the Table of Contents.

If you have any questions regarding this filing, please contact me.

Sincerely, Darlen N. Jerry

Darlene N. Terry

### SWITCHED ACCESS SERVICES

# APPLICATION OF PRICE LIST

This Price list contains the regulations and rates applicable to **Level 3 Communications**® intrastate switched access services provided by Company within the State of Florida. Company's services are furnished subject to the availability of facilities and subject to the terms and conditions of this price list.

(T)

The rates and regulations contained in this price list apply only to the services furnished by Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carrier for use in accessing the services of Company.

The Customer is entitled to limit the use of Company's services by end users at the Customer's facilities, and may use other common carriers in addition to or in lieu of Company.

Issued: June 13, 2022 Effective: June 17, 2022

Issued by: Public Policy and Compliance

#### SWITCHED ACCESS SERVICES

### SECTION 14 – LEVEL 3 COMMUNICATIONS® SWITCHED ACCESS SERVICE

(T)

# 14.1 General

Switched Access Service, which is available to Customers for their use in furnishing their services to End Users, provides a communications path between a Customer's Premises and a service obtained by an End User from the Company or (if the Switched Access Service is provided by more than one local exchange carrier as provided in Section 4.2.9 of this Tariff) from another carrier whose network subtends the Company's facilities. It provides for the use of common terminating, switching and transport facilities. Switched Access Service provides the ability to originate calls from an End User's service to a Customer's Premises, and to terminate calls from a Customer's Premises to an End User's service.

Rates and charges are set forth in Section 15. The application of rates for Switched Access Service is described in Section 15.1.3.4.

As established in the 8YY Access Charge Reform (FCC 20-143), existing tandem switching charges and transport charges for originating 8YY traffic are eliminated and a single joint tandem switched access service rate element for 8YY originating access service is established as 8YY Joint Tandem Switched Transport.

## 14.2 Provision and Description of Switched Access Service Agreements

Switched Access Service is provided in the following service type:

## 14.2.1 Feature Group D (FGD) Access

FGD Access, which is available to all customers, is provisioned at the DSI level and provides trunk-side access to Company switches with an associated uniform 101-XXXX Access Code for Customer's use in originating and terminating communications. FGD service will be provided with SS7 signaling. (Multi-Frequency In-Band signaling may also be available, for a separate charge established under Section 11 of this Tariff.) End Users of Customer's service may also originate calls to certain FGD Access Customers without dialing the 101-XXXX Access Code if End User is presubscribed, as described herein.

The Access Code for FGD switching is a uniform Access Code of the form 10XXX. A single Access Code will be the assigned number of all FGD access provided to the Customer by the Company. No Access Code is required for calls to a customer over FGD Switched Access Service if the End User's telephone exchange service is arranged for Presubscription to that Customer, as set forth herein

Where no Access Code is required, the number dialed by the Customer's End User shall be a seven or ten digit number for calls in the North American Numbering Plan (NANP), except for 00- dialed calls which are routed to the predesignated Customer. For international calls outside the NANP, a seven to twelve digit number maybe dialed. The form of the numbers dialed by the Customer's End User is NXX-XXXX, 0 or 1 + NXX-XXXX, NPA + NXX-XXXX, 0 or 1 + NPA = NXX-XXXX, and when the local Switching Center is equipped for International Direct Distance Dialing (IDDD), O+ CC + NN or 011 + CC + NN.
