**PRICE LIST FORMAT**

- A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the Price List. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the FPSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the FPSC follows in their Price List approval process, the most current sheet number on file with the Commission is not always the Price List pages in effect. Consult the check sheet for sheet currently in effect.
- C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
- D. Check Sheets** - When a Price List filing is made with the FPSC, an updated check sheet accompanies the Price List filing. The check sheet lists the sheets contained in the Price List, with a cross-reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages).

**2.1 Applicability of Price List**

This Price List is applicable to local exchange telecommunications services provided by HTT within the state of Florida.

**2.2 Obligation of the Company**

In furnishing facilities and service, the Company does not undertake to transmit messages, but furnishes the use of its facilities to its customers for communications.

The Company's obligation to furnish facilities and, service is dependent upon its ability (a) to secure and retain, without unreasonable expense, suitable facilities; (b) to secure and retain, without unreasonable expense, suitable space for its plant and facilities in the building where service is or will be provided to the customer; or (c) to secure reimbursement of all costs where the owner or operator of a building demands relocation or rearrangement of plant and facilities used in providing service therein.

The Company shall not be required to furnish, or continue to furnish, facilities or service where the circumstances are such that the proposed use of the facilities or service would tend to adversely affect the Company's plant, property or service.

The Company reserves the right to refuse an application for service made by a present or former customer who is indebted to the Company for service previously rendered pursuant to this Price List until the indebtedness is satisfied.

**2.2.1 911 Access**

Access to 911 will be maintained during temporary disconnections for non-payment of a residential subscriber's local service.

**SECTION 2.0 RULES AND REGULATIONS, (CONT'D.)****2.3 Payment and Credit Regulations**

**2.3.1** The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an Authorized User of the Customer by HTT. Payment responsibility includes all local and toll calls originating from the Customers' premises and for all calls charged to the Customer's line where any person answering the Customer's line agrees to accept such charges.

All charges due by the Customer are payable to the Company or to the Company's authorized billing agent. Any objections to billed charges must be reported to the Company or its billing agent within two months after receipt of bill. Adjustments to Customer's bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

**2.3.2** Customer bills for telephone service are due upon receipt, unless otherwise specified by this Price List or by contract.

**2.3.3** In the event that the Company incurs fees or expenses, including attorney's fees, collecting, or attempting to collect, any charges owned to the Company, the Company may charge the Customer all such reasonable fees and expenses incurred by the Company.

**2.3.4** The Company reserves the right to assess a return-check charge of \$25.00 whenever a check or draft presented for payment of service is not accepted by the institution on which it is written. This charge applies each time a check is returned unpaid to HTT by a bank for any reason, including insufficient funds or closed accounts. This charge will be in addition to any charges assessed by any bank. If a customer who has received a notice of discontinuance pays the bill with a check that is subsequently dishonored, the account remains unpaid and the Company is not required to issue any additional notice before disconnecting service.

**SECTION 3.0 - BASIC SERVICE DESCRIPTION & RATES****3.1 General**

HTT is a reseller of local exchange service providing basic local exchange communications services throughout Florida.

HTT's rates and service are based on the rates and services of the large incumbent local exchange carriers. This tariff documents the rates and services for HTT's provision of local exchange service.

Customers are billed based on their use of HTT's network and services. Charges may vary by service offering, class of service, CLASS/custom calling feature(s), class of call, time of day, day of week, and/or duration.

**3.2 Quality of Service Standards**

HTT will offer local exchange services, including dial tone and local calling services, on a twenty-four hours a day, seven days a week basis.

HTT's services will provide service to meet the following standards:

- 3.2.1 At least 95% of all calls will receive dial tone within three (3) seconds;
- 3.2.2 At least 97% of all calls offered to any trunk group will not encounter an all-trunks busy condition;

**SECTION 3.0 - BASIC SERVICE DESCRIPTION & RATES (CONT'D)****3.5 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call.

The airline mileage between Wire Centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the wire centers involved. IDS uses the industry standard wire centers and associated vertical and horizontal.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates. Of the industry standard wire centers, in the following manner:

- Step 1 - Obtain the "V" and "H" coordinates for the Wire Centers serving the Customer and the destination point.
- Step 2 - Obtain the difference between the "V" coordinates of each of the Wire Centers. Obtain the difference between the "H" coordinate.
- Step 3 - Square the difference obtained in Step 2.
- Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the Wire Centers.

Formula: 
$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$
