ORDER GRANTING EXTENSION OF TIME TO FILE PREFILED TESTIMONY

On March 21, 1989, Continental Community Resident Homeowners' Association, Inc. (the Association), filed a Motion for Extension of Time to File Prefiled Testimony. The Association's Petition to Intervene had been granted only five days earlier, on March 16, 1989. The established deadline for intervenors to file prefiled testimony was Monday, March 20, 1989.

The Association's motion states that counsel for the Association was ill and was out of his office on Friday, March 17, 1989, and, therefore, he was unable to complete or file prefiled testimony by the deadline. The Association requests that it be granted an extension to Friday, March 24, 1989, by which to file its testimony. No objections to this request have been filed.

I have been informed that the Association did indeed file testimony on March 24, 1989. Since I find the Association's request to be reasonable, I hereby grant it the requested extension and accept the testimony that it filed on March 24, 1989.

Based on the foregoing, it is therefore

ORDERED that Continental Community Resident Homeowners' Association, Inc.'s Motion for Extension of Time to File Prefiled Testimony is hereby granted.

By ORDER of Commissioner Gerald L. Gunter, as Prehearing Officer, this 10th day of April, 1989.
