ORDER GRANTING DEFERRAL

On September 6, 1989, Florida Power Corporation (FPC) and General Peat Resources L.P. (General Peat) filed a motion requesting that consideration of their cogeneration contract be deferred from the September 19, 1989 Commission agenda until a date after the agenda in which the Commission selects the next statewide avoided unit. Because the Commission has closed subscription to the current avoided unit, a 500 MW 1995 coal unit, it is the next avoided unit against which the General Peat contract will be compared for the purposes of FPC's cost recovery under Rule 25-17.083, Florida Administrative Code.

We find this request to be reasonable and grant it on the condition that FPC file the necessary data demonstrating that the General Peat contracts comply with Rule 25-17.083 within 30 days of the date of the agenda on which a new avoided unit is selected.

By ORDER of Commissioner Thomas M. Beard, Prehearing Officer, this 20th day of SEPTEMBER, 1989.

 THOMAS M. BEARD, Commissioner
 and Prehearing Officer
