The companies assert that interLATA routes are competitive and that disclosure of the traffic figures would aid present and future competitors to the detriment of those carriers presently providing service on the routes. The local exchange companies (LECs) obtain this data through billing and collection services provided to interexchange carriers (IXCs). Contracts between the LECs and IXCs require the LECs to keep this information confidential, thus lending support to the premise that this data is proprietary.

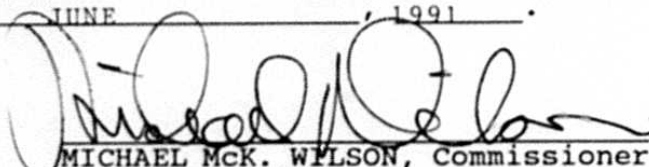

For the above reasons, I find that these requests for specified confidential treatment shall be granted, pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

Based on the foregoing, it is

ORDERED by Commissioner Michael McK. Wilson, as Prehearing Officer, that the portions of Documents Nos. 3883-91, 3884-91, 5529-91, and 5531-91 identified in the body of this Order are hereby granted specified confidential treatment pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.
