ORDER SUSPENDING PROPOSED STANDARD OFFER CONTRACT
AND COG-2 TARIFF OF TAMPA ELECTRIC COMPANY

BY THE COMMISSION:

Order No. 25263 issued on October 28, 1991 required Tampa Electric Company (TECO) to file a new Standard Offer Contract upon resolution of TECO's determination of need for a gasified combined cycle unit in Docket No. 910883-EI. Pursuant to this Order and a December 5, 1991 stipulation between TECO and Florida Industrial Cogeneration Association, TECO filed its proposed Standard Offer Contract on February 14, 1992.

TECO's proposed Standard Offer Contract is based on a 75 megawatt combined cycle unit with an in-service date of 2001. This represents the third phase of a combined cycle unit with an initial in-service date of 1999. Since Staff must properly evaluate TECO's generation expansion plan in addition to the terms and conditions included in the proposed Standard Offer Contract, Staff requires more than the 60-days permitted before the changes become effective. Therefore, we suspend the proposed Standard Offer Contract and COG-2 tariff to allow time for proper evaluation.

It is, therefore,

ORDERED by the Florida Public Service Commission that the proposed Standard Offer Contract and COG-2 tariff submitted by Tampa Electric Company be suspended, pending evaluation, as discussed within the body of this Order.
