NOTICE OF PROPOSED AGENCY ACTION  
GRANTING MOTION TO MODIFY ORDER REGARDING INTERLATA ROUTES

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

On November 2, 1993, GTE Florida Inc. (GTEFL) filed a Motion for Modification of Order No. PSC-93-1521-PCO-TL. The Company seeks relief from filing traffic studies on its interLATA routes from the Lakeland, Winter Haven, and Mulberry exchanges to United's Fort Meade exchange. GTEFL asserts that AT&T has "taken back" certain of the end user billing activities that GTEFL used to perform. This transfer of functions means that GTEFL no longer has access to all of the interLATA data necessary to compile the traffic studies the Commission has requested.

Upon review, we shall grant the Motion for Modification. We are currently conducting a generic EAS investigation which will address traffic study issues. When this investigation is completed, we will address outstanding interLATA traffic studies such as those presented in this docket. The remaining routes in this docket are intraLATA and will not be affected by the modification.
